AmeriVest Properties Inc. (the "Company") was incorporated under the laws of the State of Delaware on August 25, 1993 and was reincorporated in the State of Maryland in 1999. 2. Interim Financial Statements -----

The unaudited consolidated financial statements included herein were prepared from the records of the Company in accordance with accounting principles generally accepted in the United States and reflect all adjustments which are, in the opinion of management, necessary to provide a fair statement of the results of operations and financial position for the interim periods. Such financial statements generally conform to the presentation reflected in the Company's Form 10-KSB filed with the Securities and Exchange Commission for the year ended December 31, 2001. The consolidated results of operations for the three months ended March 31, 2002 are not necessarily indicative of the results that may be expected for the year ending December 31, 2002. These financial statements and notes should be read together with the financial statements and notes included in the Company's Form 10-KSB for the year ended December 31, 2001.

3. New Accounting Pronouncements -----

In June 2001, the Financial Accounting Standards Board ("FASB") authorized the issuance of Statement of Financial Accounting Standards ("SFAS") No. 142, "Goodwill and Other Intangible Assets". Under SFAS No. 142, goodwill will no longer be amortized on a straight-line basis over its estimated useful life, but will be tested for impairment on an annual basis and whenever indicators of impairment arise. The goodwill impairment test, which is based on fair value, is to be performed on a reporting unit level. A reporting unit is defined as a SFAS No. 131, "Disclosure about Segments of an Enterprise and Related Information", operating segment or one level lower. Goodwill will no longer be allocated to other long-lived assets for impairment testing under SFAS No. 121, "Accounting for the Impairment of Long-Lived Assets and for Long-Lived Assets to be Disposed of". Under SFAS No. 142, intangible assets with indefinite lives will not be amortized. Instead they will be carried at the lower of cost or market value and

Edgar Filing: AMERIVEST PROPERTIES INC - Form 10QSB

tested for impairment at least annually. All other recognized intangible assets will continue to be amortized over their estimated useful lives. SFAS No. 142 is effective for fiscal years beginning after December 15, 2001. The Company's adoption of SFAS No. 142 will not have an impact on its financial statements, as it has not recorded any goodwill or intangible assets.

6

In June 2001, the FASB issued SFAS No. 143, "Accounting for Asset Retirement", which is effective for financial statements issued for fiscal years beginning after June 15, 2002. SFAS No. 143 addresses financial accounting and reporting for obligations associated with the retirement of tangible long-lived assets and the associated asset retirement costs. The Company is currently evaluating the potential impact, if any, the adoption of SFAS No. 143 will have on its financial position and results of operations.

In August 2001, the FASB issued SFAS No. 144, "Accounting for the Impairment or Disposal of Long-Lived Assets", which is effective for fiscal periods beginning after December 15, 2001 and interim periods within those fiscal years. SFAS No. 144 establishes an accounting model for impairment or disposal of long-lived assets to be disposed of by sale. The Company's adoption of SFAS No. 144 had no impact on its financial statements.

4. Agreement with Sheridan Realty Advisors, LLC

Effective January 1, 2000 through December 31, 2001, all of the Company's properties were managed under a Property Management and Advisory Agreement (as amended on March 12, 2001, the "Agreement") with Sheridan Realty Advisors, LLC ("SRA"), which also managed the day-to-day operations of the Company and assisted and advised the Board of Directors on real estate acquisitions and investment opportunities. Certain senior members of SRA are members of the Company's management team and of the Company's Board of Directors. In accordance with the Agreement, SRA received an administrative fee, a property management and accounting fee, an advisory fee and a capital project fee for these services. The property management fee was calculated as 5% of gross collected rents, the advisory fee is calculated as 5% of capital deployed for real property acquisitions and the capital project fee is calculated as 3% of the total cost of capital projects in excess of \$100,000.

The Agreement was further amended and restated as of December 31, 2001 to provide for the Company's acquisition of SRA's administrative and property management and accounting services business, along with elimination of those related fees, effective January 1, 2002. As a result, most of SRA's employees, including three of the Company's senior executives, became employees of the Company and manage the day-to-day operations. The three senior executives will also remain employees of SRA. SRA will continue to advise the Company with respect to capital markets activity, real estate acquisitions and dispositions and major capital projects. For these services, SRA will continue to earn the advisory and capital project fees under the amended and restated Agreement.

During 2000, SRA received incentive compensation in the form of five-year warrants to purchase up to 750,000 shares of common stock at \$5.00 per share. Issuance of the warrants was approved by the shareholders at the annual meeting on June 6, 2000. According to the Agreement, 225,000 of these warrants were granted and vested on the approval date. These vested warrants have an estimated fair value of \$73,668, which is being amortized over the life of the Agreement. The remaining 525,000 warrants vest in an amount equal to 2.1% of capital deployed for real property acquisitions. As of March 31, 2002, 436,457 of the remaining 525,000 warrants vested and have an estimated fair value of \$261,691,

Edgar Filing: AMERIVEST PROPERTIES INC - Form 10QSB

which has been capitalized with the related acquisition costs on the accompanying consolidated balance sheets.

5. Mortgage Loans and Notes Payable

The Company has a short-term revolving credit line from a bank in the amount of \$300,000 and a \$1,500,000 short-term unsecured credit line from Sheridan Investments, LLC, a related party. At March 31, 2002, the Company had an outstanding balance of \$300,000 on the bank line with an interest rate of 5.75%, and no outstanding balance on the Sheridan Investments, LLC line.

7

6. Subsequent Events

On April 4, 2002, the Company drew down the remaining available amount of \$1,030,201 on its loan from US Bank for a total outstanding balance of \$10,500,000. The loan is secured by a mortgage on Sheridan Center.

On April 30, 2002, the Company drew down \$1,000,000 on its credit line from Sheridan Investments, LLC, a related party, to be used as working capital.

8

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations.

The following discussion and analysis of the consolidated financial condition and results of operations should be read in conjunction with the consolidated financial statements and notes thereto included in this Form 10-QSB and elsewhere.

	(18,316)	895	(19,211)
Net income	\$ 390,962	\$ 44,570	\$ 346,392

Rental Revenue

The increase in rental revenue is due primarily to the inclusion of the operations of Sheridan Plaza at Inverness, LLC (acquired in April 2001), Arrowhead Fountains (acquired in November 2001) and the Kellogg Building (acquired in December 2001), offset by the exclusion of the operations of the Giltedge building (sold in June 2001) and the Panorama Falls building (80% of which was sold in December 2001).

Property Operating Expenses

Operating expenses and real estate taxes increased as a result of the above-mentioned transactions.

The decrease in management fees is due to the Company's acquisition of Sheridan Realty Advisors, LLC ("SRA") administrative and property management and accounting services business, along with elimination of those related fees, effective January 1, 2002. As a result, most of SRA's employees became employees of the Company and manage the day-to-day operations, and the Company became a self-administered REIT. Subsequent to January 1, 2002, management fees will decrease and general and administrative expenses will increase due to the Company being internally managed versus externally managed in 2000 and 2001.

General and Administrative Expenses

The increase in general and administrative expenses is due to the above-mentioned acquisition of SRA's administrative and property management and accounting services business.

Interest Expense

The increase in interest expense is due to the increase in debt outstanding at March 31, 2002 by approximately 103% from the prior year. The effect of the

Edgar Filing: AMERIVEST PROPERTIES INC - Form 10QSB

increase in debt level is partially offset by a decrease in interest rates, which resulted in lower interest costs on the Company's variable rate debt.

Depreciation and Amortization Expense

The increase in depreciation and amortization expense is due to the overall increase in depreciable assets resulting from the acquisitions discussed above.

Interest Income

Interest income decreased due to lower average outstanding cash balances and lower interest rates during the first quarter of 2002.

Equity in Loss of Unconsolidated Affiliates

The equity in loss of unconsolidated affiliate recognized in 2002 represents the Company's share of the net loss of Panorama Falls. The Company sold 80% of its interest in Panorama Falls in December 2001, retaining its current 20% interest.

The amount recognized in 2001 represents the Company's share of the net loss of Sheridan Investments, LLC (which owned Sheridan Plaza at Inverness, LLC). The original 9.639% interest in Sheridan Investments, LLC was acquired in September 2000. This interest was then used as partial consideration for the acquisition of 100% of Sheridan Plaza at Inverness, LLC in April 2001.

Liquidity And Capital Resources

Liquidity

Net cash from operations for the three months ended March 31, 2002 was approximately \$1.3 million and is the primary source of liquidity to fund distributions, debt service and capital expenditures. The Company also has lines of credit available to assist with such cash needs.

Management believes that the cash flow from its existing properties, together with its existing lines of credit, will be sufficient to meet the Company's working capital needs for the next year and beyond.

The Company desires to acquire additional properties. In order to do so, it will need to raise additional debt or equity capital. The Company also intends to obtain credit facilities for short and long-term borrowing with commercial banks or other financial institutions. The issuance of such securities or increase in debt for additional properties, of which there is no assurance, could adversely affect the amount of cash available to pay dividends to stockholders.

Financing

Mortgage loans are collateralized by all properties. The following table details the scheduled maturities of mortgages as of March 31, 2002:

2002	\$ 396,268
2003	22,362,859
2004	9,654,927
2005	488,010
2006	14,579,886
Thereafter	10,834,765

Edgar Filing: AMERIVEST PROPERTIES INC - Form 10QSB

Total	\$58,316,715 =====
-------	-----------------------

Included in the 2003 maturities is the outstanding balance on the mortgage loan on Panorama Falls in the amount of \$3,036,294. Although the Company sold 80% of its interest in the property, the Company has retained 100% of the loan balance on its balance sheet due to its continued obligation. As an offset, the Company has recorded a receivable for 80% of this amount as due from related party, with the remaining 20% included in the investment in unconsolidated affiliate balance.

10

As of March 31, 2002, total mortgage loans (including the Panorama Falls mortgage loan) consisted of approximately \$27.1 million of fixed rate debt with a weighted-average interest rate of approximately 7.9% and approximately \$31.2 million of variable rate debt with a weighted-average interest rate of approximately 4.5%. The Company intends to secure long-term financing at a fixed interest rate to replace certain of its variable rate debt in late 2002.

The Company has a short-term revolving credit line from a bank in the amount of \$300,000 and a \$1,500,000 short-term unsecured credit line from Sheridan Investments, LLC, a related party. At March 31, 2002, the Company had an outstanding balance of \$300,000 on the bank line with an interest rate of 5.75%, and no outstanding balance on the Sheridan Investments, LLC line. On April 30, 2002, the Company drew down \$1,000,000 on the Sheridan Investments, LLC line to be used as working capital.

On April 4, 2002, the Company drew down the remaining available amount of \$1,030,201 on its loan from US Bank for a total outstanding balance of \$10,500,000. The loan is secured by a mortgage on Sheridan Center.

Inflation -----

Management believes that inflation should not have a material adverse effect on the Company. The Company's office leases require the tenants to pay increases in operating expenses should any inflationary pressures materialize.

Forward-Looking Statements -----

This report contains forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, and Section 21E of the Exchange Act of 1934. Although the Company believes that the expectations reflected in the forward-looking statements and the assumptions upon which the forward-looking statements are based are reasonable, it can give no assurance that such expectations and assumptions will prove to have been correct. See the Company's Annual Report on Form 10-KSB for additional statements concerning important factors, including occupancy and rental rates and operating costs that could cause actual results to differ materially from the Company's expectations.
