Such directors, however, will not take office until at least ten days after this Information Statement is mailed or delivered to all of the shareholders of the Company in compliance with Section 14(f) of the Securities Act of 1934, as amended, and Rule 14(f)-1 thereunder.

THIS INFORMATION STATEMENT IS PROVIDED TO YOU FOR INFORMATION PURPOSES ONLY. THE COMPANY IS NOT SOLICITING PROXIES IN CONNECTION WITH THE ITEMS DESCRIBED IN THIS INFORMATION STATEMENT. YOU ARE URGED TO READ THIS INFORMATION STATEMENT CAREFULLY. YOU ARE NOT, HOWEVER, REQUIRED TO TAKE ANY ACTION.

THE SHARE EXCHANGE AGREEMENT

The Share Exchange Agreement is summarized as follows:

Priveco

Priveco was incorporated under the laws of the Province of Ontario on November 22, 2001. Priveco is developer and manufacturer of civil defence equipment, as described below.

The Share Exchange Agreement

The Share Exchange Agreement contemplates the acquisition by the Company of all of the issued and outstanding shares of Priveco from the shareholders of Priveco. Upon completion of the Share Exchange Agreement, the Company will issue shares of its common stock to the shareholders of Priveco on the basis of one share of the Company's common stock for each 3.8461538 outstanding common shares of Priveco. There are presently 100,000,000 common shares of Priveco issued and outstanding. Provided that all of the shareholders of Priveco agree to exchange their shares pursuant to the terms of the Share Exchange Agreement, the Company will issue 26,000,000 shares of the Company's common stock to the shareholders of Priveco on completion of the Share Exchange Agreement.

The shares of the Company's common stock to be issued to shareholders of Priveco on completion of the Share Exchange Agreement will not be registered under the Securities Act of 1933 (the "1933 Act") or under the securities laws of any state in the United States, and will be issued in reliance upon an exemption from registration under the 1933 Act and an exemption from the registration and prospectus requirements of the Securities Act (Ontario) and the Securities Act (British Columbia).

Conditions Precedent to the Closing of the Share Exchange Agreement

The closing of the Share Exchange Agreement is subject to satisfaction of conditions precedent to closing as set forth in the Share Exchange Agreement including, but not limited to, the following:

1. the Company and Priveco will have received duly executed copies of all third-party consents and approvals contemplated by the Share Exchange Agreement;
2. no material adverse effect will have occurred with the business or assets of the Company or Priveco since the date of the Share Exchange Agreement;
3. no suit, action or proceeding will be pending or threatened which would (i) prevent the consummation of any of the transactions contemplated by the Share Exchange Agreement, or (ii) cause the transaction to be rescinded following consummation;
4. Priveco will have no more than 100,000,000 shares outstanding on the closing date of the Share Exchange Agreement;
5. the Company will have no more than 23,000,000 shares outstanding on the closing date immediately prior to the issuance of the 26,000,000 shares to be issued in connection with the Share Exchange Agreement and immediately prior to the 1,500,000 shares to be issued to Higgs Investment Group Inc. ("Higgs Investment") pursuant to the Subscription Agreement dated April 14, 2005 (the "Private Placement"), between the Company and Higgs Investment;

The Share Exchange Agreement contemplates that it may be terminated at any time prior to the closing date if the Share Exchange Agreement has not been consummated prior to March 31, 2005, unless the parties agree to extend the closing date in writing and in accordance with the notice provisions as set out in the Share Exchange Agreement.

Upon closing of the Share Exchange Agreement, the Company will be reorganized as follows:

-

Upon consummation of the Share Exchange Agreement, the reorganization of the Company will result in a change of control of the Company.

Description of the Business of Priveco

Priveco is a developer and manufacturer of civil defence equipment that is designed as a less lethal alternative to conventional weapons. The products consist of launchers and munitions that are designed to apprehend and subdue as opposed to kill opponents, and at the same time, ensure the safety of the personnel using the equipment. The products are primarily designed for and used by military and police personnel in connection with crowd control and general police-keeping activities.

The Priveco product line consists of three launchers and five types of munitions used exclusively by the launchers. The launchers include: a hand held model called the Defender 1; a longer version called the Defender 2; and the Military Peace Keeper, or MPK version, that combines lethal and less lethal technologies in one launcher. The launchers fire 5 to 10 shots, depending upon the launcher version.

The five types of proprietary munitions used by the launchers consist of sock rounds, WASP synthetic rounds, distractionary rounds, liquid incapacitant rounds, and training rounds. The sock round fires a pouch or "beanbag" projectile filled with lead pellets. Each sock round contains a proprietary "tail" attached to the end of the round which stabilizes the round and increases accuracy. The distractionary round is an alternative to conventional stun grenades and provides a bright flash combined with a 145 decibel noise, used to disorient and temporarily blind opponents without causing permanent damage. Incapacitant rounds fire either a liquid or powder form of pepper spray designed to temporarily blind opponents. Training rounds are non-lethal munitions used by military and police personnel to carry out training exercises amongst themselves in preparation for hostile or combat situations. The WASP round is Priveco's most technologically advanced product. The round consists of a butyl composite material that does not harden in colder climates, resulting in a safer and more accurate projectile.

Priveco's munitions have been approved by the Joint Less-lethal Weapons program in the United States. The program was established in order to provide certain personnel with a variety of non-lethal weapons products. Such products are primarily designed to incapacitate personnel or material, while minimizing fatalities, permanent injury and damage to property and the environment.

In furtherance of the marketing and sales of Priveco's products, Priveco has been assigned a NATO Commercial and Government Entity Code which enables it to sell military supplies to NATO member countries. In addition, Priveco has been granted a Canadian Business Firearms License, which allows the company to manufacture, repair, store, import, export and sell its proprietary products.

LEGAL PROCEEDINGS INVOLVING DIRECTORS AND EXECUTIVE OFFICERS

Edgar Filing: LAMPERD LESS LETHAL INC - Form SC 14F1

The Company is not aware of any legal proceedings in which any director or officer, any proposed director or officer, or any owner of record or beneficial owner of more than 5% of any class of voting securities of the Company, or any affiliate of any such director or officer, proposed director or officer or security holder, is a party adverse to the Company or has a material interest adverse to the Company.

BOARD AND COMMITTEE MEETINGS

The board of directors of the Company held no formal meetings during the year ended December 31, 2004. All proceedings of the board of directors were conducted by resolutions consented to in writing by all the directors and filed with the minutes of the proceedings of the directors. Such resolutions consented to in writing by the directors entitled to vote on that resolution at a meeting of the directors are, according to the Nevada General Corporate Law and the By-laws of the Company, as valid and effective as if they had been passed at a meeting of the directors duly called and held.

The Company currently does not have nominating, compensation or audit committees or committees performing similar functions nor does the Company have a written nominating, compensation or audit committee charter. The board of directors of the Company does not believe that it is necessary to have such committees because it believes

that the functions of such committees can be adequately performed by the board of directors, solely consisting of Hani Zabaneh.

In its capacity as a nominating and audit committee, the board of directors has determined that it does not have any members that qualify as "independent" as the term is used in Item 7(d)(2)(ii)(D) and Item 7(d)(3)(iv)(B) of Schedule 14A under the Securities Exchange Act of 1934, as amended, and as defined by Rule 4200(a)(14) of the NASD Rules.

The Company does not have any defined policy or procedure requirements for shareholders to submit recommendations or nominations for directors. The board of directors believes that, given the early stages of the Company's development, a specific nominating policy would be premature and of little assistance until the Company's business operations develop to a more advanced level. The Company does not currently have any specific or minimum criteria for the election of nominees to the board of directors and the Company does not have any specific process or procedure for evaluating such nominees. The board of directors assesses all candidates, whether submitted by management or shareholders, and makes recommendations for election or appointment.

A shareholder who wishes to communicate with the Company's board of directors may do so by directing a written request addressed to the president, Hani Zabaneh, at the address appearing on the first page of this Information Statement.
