Packaging Corporation of America

Retirement Savings Plan for Salaried Employees

We have audited the accompanying Statements of Assets Available for Benefits of the Packaging Corporation of America Retirement Savings Plan for Salaried Employees (the Plan) as of December 31, 2002 and 2001, and the related Statements of Changes in Assets Available for Benefits for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the assets available for benefits of the Plan at December 31, 2002 and 2001, and the changes in its assets available for benefits for the years then ended, in conformity with accounting principles generally accepted in the United States.

**Packaging Corporation of America  
Retirement Savings Plan for Salaried Employees  
Notes to Financial Statements  
December 31, 2002**

**1. Description of the Plan**

The following description of the Packaging Corporation of America (the Company or PCA) Retirement Savings Plan for Salaried Employees (the Plan) provides only general information. Participants should refer to the Summary Plan Description for a more complete description of the Plan's provisions.

**General**

The Plan is a defined-contribution plan, established February 1, 2000, and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Plan covers salaried employees of the Company and each of its domestic subsidiaries that have adopted the Plan, who have completed six months of service, as defined. Assets of \$106,228,663 were transferred from the Pactiv Corporation Thrift Plan on February 1, 2000. Pactiv Corporation owned the predecessor company to Packaging Corporation of America prior to April 12, 1999.

**Contributions**

Upon enrolling in the Plan, participants may contribute between 1% and 16% of pretax annual compensation, as defined, with such contributions limited to \$11,000 for 2002 and \$10,500 for 2001. Participants may also rollover qualifying distributions from other qualified plans.

The Company matches participant pre-tax contributions on the following basis:

The first 4% of pre-tax contributions are matched at a rate of 80%.

The next 4% of pre-tax contributions are matched at a rate of 50%.

The Company does not match pre-tax contributions in excess of 8% of eligible pay. All Company matching contributions are invested in the PCA Common Stock Fund. Participants may not transfer or withdraw the value of PCA Common Stock purchased with Company matching

contributions until attainment of age 55, or upon termination of employment and subsequent request for final distribution or rollover.

Employees hired by the Company after April 12, 1999, who have completed one year of service, receive an additional retirement savings contribution annually equal to 2% of eligible pay, as defined. The contribution will be made on behalf of the employee regardless of whether or not the employee is contributing to the Plan. The Company retirement savings contribution is invested in the same proportion as the employee pre-tax investment elections.

### **Participant Accounts**

Each participant's account is credited with the participant's contributions, Company contributions, and an allocation of Plan earnings/(loss). Allocations are based on account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

### **Vesting**

Participants are immediately 100% vested in the value of their pre-tax, rollover and matching contributions.

The retirement savings contribution becomes 100% vested upon completion of 5 years of service or upon reaching 65 years of age, permanent disability or death while employed by the Company. Forfeited balances of nonvested terminated participants will be applied to reduce future Company contributions.

### **Investment Options**

Participants may elect to invest their account balances, except for the matching contributions and related earnings, in any of the

available investment options provided by the Plan. The matching contributions and related earnings are invested in the PCA Common Stock Fund.

Participants may change their investment options on any business day.

### **Benefit Payments**

In the event of retirement (as defined), death, permanent disability, or termination of employment, the vested balance in the participant's account will be distributed to the participant or the participant's beneficiary in a single lump-sum cash payment. The portion of the participant's account invested in the PCA Common Stock Fund shall be distributed in kind. In-service withdrawals of rollover contributions and related earnings are available for any reason. In-service withdrawals of certain predecessor plan account balances, as defined, are available for any reason. Participants age 55 or older may withdraw the entire value, or any portion thereof, of their Company matching contributions and related savings at any time. Participants age 59½ or older may withdraw the entire value, or any portion thereof, of their Plan account balance at any time.

### **Administrative Expenses**

Administrative expenses are paid from Plan assets, to the extent not paid by the Company.

### **Participant Loans**

A participant may borrow an amount up to the lesser of \$50,000 or 50% of their vested account balance. The minimum loan amount is \$1,000. Such loans, which are payable over a term specified by the Plan, bear interest at the prime rate as published by the *Wall Street Journal* and are secured by a participant's account balance in the Plan. Loans must be repaid within 54 months with principal and interest payments made through payroll deductions.

### **Plan Termination**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

## **2. Significant Accounting Policies**

**Investment Valuation and Income Recognition**

The Plan's beneficial interest in the PCA Master Trust (Master Trust) represents the Plan's share of the Master Trust's investments stated at fair value. Securities traded on a national securities exchange are valued at the last reported sales price on the last business day of the plan year; investments traded in the over-the-counter market and listed securities for which no sale was reported on that date are valued at the average of the last reported bid and ask prices. The fair value of participation units owned by the Master Trust in the common collective trust and mutual funds and the fair value of the commingled fund were based on quoted redemption value on the last business day of the Plan's fiscal year. Participant loans are stated at their unpaid principal balance, which approximates fair value.

Purchases and sales of securities are recorded on a trade-date plus one basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

**Contributions**

Participant contributions are made through payroll deductions and recorded in the period the deductions are made. Company contributions are deposited as soon as administratively practicable after each pay period.

**Use of Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires the Plan Administrator to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

### 3. Master Trust

The Master Trust includes assets of the Plan and the Packaging Corporation of America Thrift Plan for Hourly Employees. The Plan's investment in the Master Trust is stated at the Plan's equity in the net assets of the Master Trust at December 31, 2002 and 2001.

The following table presents the fair value of investments for the Master Trust:

	December 31,	
	2002	2001
<b>Assets</b>		
Mutual funds	\$ 61,153,513	\$ 78,248,470
Common collective trust fund	60,892,586	52,987,609
Common stock	30,269,524	24,666,212
Commingled fund	10,378,146	13,037,137
Participant loans	4,624,506	3,511,325
	\$ 167,318,275	\$ 172,450,753
Plan's percentage interest in Master Trust at December 31, 2002 and 2001	63.78%	62.92%

In the initial filing, \$13,788,339 of common stock investments was incorrectly classified as participant loans. This amount has now been reclassified in this amendment.

Mutual fund securities are comprised of investments in the following funds: PIMCO Total Return, Washington Mutual, Europacific Growth, Founders Discovery, INVESCO Total Return, and Fidelity Growth Company. The common stock funds are invested in PCA, Pactiv and Tenneco Automotive stock. The common collective trust fund is invested in PRIMCO IRT Stable Fund. The commingled fund is invested in the BGI Equity Index Fund.

The common stock fund included 946,626 and 699,870 shares of PCA, with a market value of \$17,266,458 and \$12,702,541 at December 31, 2002 and 2001, respectively.

Investment income is allocated to each participating plan in the Master Trust at the end of each month. The allocation is based on each plan's individual interest in the Master Trust.

Investment income (loss) for the Master Trust was as follows:

Edgar Filing: PACKAGING CORP OF AMERICA - Form 11-K/A

	Year Ended December 31, 2002	Year Ended December 31, 2001
Interest	\$ 3,208,282	\$ 3,257,774

Net assets at end of period year	\$ 17,044,429	\$ 12,611,818

#### 5. Tax Status

The Plan has received a favorable determination letter dated May 9, 2001 from the Internal Revenue Service stating that the Plan is qualified under Section 401(a) of the Internal Revenue Code (the Code) and, therefore, the related trust is exempt from taxation. Subsequent to this letter, the Plan was amended. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Plan Administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan, as amended, is qualified and the related trust is tax-exempt.
