Except as set forth in our bye-laws, each common share entitles the holder of record to one vote. Any shareholder giving a proxy has the power to revoke it prior to its exercise by notice of revocation to the Company's Secretary in writing, by execution of a subsequent proxy card or by voting in person at the meeting.

DIRECTORS AND EXECUTIVE OFFICERS**Directors**

Our Board of Directors is divided into three classes designated Class I, Class II and Class III. The term of office for each Class I director expires at the annual general meeting in 2006; the term of office for each Class II director expires at the annual general meeting in 2008; and the term of office for each Class III director expires at the annual general meeting in 2007. Independence of Directors

Our Board of Directors currently consists of 10 directors of which 8 are non-management directors. After the 2006 Annual General Meeting, our Board of Directors will consist of 9 directors of which 7 will be non-management directors. The board has determined that all 8 of our non-management directors are independent as defined in the listing standards of the New York Stock Exchange. The board has made this determination based primarily on a review of the responses of the directors to questions regarding employment and compensation history, family relationships and affiliations, and discussions with the directors. With respect to Mr. Charles A. Davis, the board reviewed (1) his past relationship with MMC Capital, Inc., and its parent, Marsh and McLennan Companies, Inc., with which the Company has certain business relationships, (2) his current relationship with Stone Point Capital, LLC and a service agreement between the Company and Stone Point, and (3) the amount of the Company's common shares and warrants owned by entities that are managed by or affiliated with Stone Point. The board determined that none of these transactions nor the amount of common shares and warrants that may be deemed to be beneficially owned by Stone Point or its affiliates constituted a material relationship with the Company as defined in the listing standards of the New York Stock Exchange. With respect to Mr. Robert L. Friedman, the board reviewed his relationship with Blackstone Group, L.P. and various investments held by the Company that are managed by affiliates of Blackstone. The board determined that these transactions did not constitute a material relationship with the Company as defined in the listing standards of the New York Stock Exchange. For more details of these transactions and our share ownership, see Principal Shareholders and Certain Relationships and Related Transactions in this proxy statement. None of our other non-management directors have relationships with the Company that required consideration.

Meetings of the Board of Directors and its Committees

The Company's policy is to encourage directors to attend all meetings of our Board of Directors, all meetings of all committees of the board on which they serve and each annual general meeting of shareholders. Our Board of Directors met four times during the year ended December 31, 2005. No director attended fewer than 75% of the aggregate of the total number of meetings of the board and the total number of meetings of all committees of the board on which the director served, except Mr. Grupe who attended three of the five Compensation Committee meetings held. Eleven of the 13 directors then serving attended the 2005 annual general meeting of shareholders. Our non-management directors meet

quarterly at executive sessions without management. They have selected Mr. Greene as the presiding director.

Our Board of Directors currently maintains Executive, Audit, Compensation, Corporate Governance and Nominating, and Finance Committees. Current copies of the charter for each of these committees, as well as our Corporate Governance Guidelines and Code of Business Conduct, are available on our website at www.axiscapital.com and are available, without charge, in print to any shareholder who requests them by contacting the Company's Secretary at 106 Pitts Bay Road, Pembroke, Bermuda, HM 08.

Executive Committee. The Executive Committee is composed of Messrs. Butt, Charman and Davis and is chaired by Mr. Greene. This committee may exercise the authority of the Board of Directors when the entire Board of Directors is not available to meet, except in cases where the action of the entire Board of Directors is required by our memorandum of association, our bye-laws or applicable law. The Executive Committee did not meet during the year ended December 31, 2005.

Audit Committee. The Audit Committee is composed of Messrs. Keane and Smith and is and will be through the 2006 Annual General Meeting chaired by Mr. Forrester. Thereafter, we expect that this committee will be chaired by Mr. Smith. This committee has general responsibility for the oversight of the integrity of our financial statements, our compliance with legal and regulatory requirements, our independent auditors' qualifications and independence and the performance of our internal audit functions and independent auditors. The committee appoints, retains and determines the compensation for our independent auditors, pre-approves fees and services of the independent auditors and reviews the scope and results of their audit. Each member of the Audit Committee is a non-management director and is independent as defined in the listing standards of the New York Stock Exchange and under the U.S. Securities Exchange Act of 1934 (the Exchange Act). Our Board of Directors has determined that each of Messrs. Forrester, Smith and Keane qualifies as an audit committee financial expert pursuant to the rules and regulations of the Securities and Exchange Commission (the SEC). The Audit Committee met nine times during the year ended December 31, 2005.

Compensation Committee. The Compensation Committee is composed of Messrs. Greene and Grupe and is chaired by Mr. Tasco. This committee establishes our Chief Executive Officer's compensation in light of our established corporate performance goals and makes recommendations to our Board of Directors with respect to employee compensation, incentive compensation plans, equity-based plans and director compensation. This committee also administers and interprets our compensation and benefit policies, including our incentive plans and equity-based plans. Each member of this committee is a non-management director and is independent as defined in the listing standards of the New York Stock Exchange. The Compensation Committee met five times during the year ended December 31, 2005.

Corporate Governance and Nominating Committee. The Corporate Governance and Nominating Committee is composed of Messrs. Davis and Friedman and is chaired by Mr. Greene. This committee takes a leadership role in shaping our corporate governance by identifying and proposing qualified director nominees, overseeing the purpose, structure and composition of the board committees, overseeing the annual evaluation of the Board of Directors and the committees and periodically reviewing our Code of Business Conduct and Corporate Governance Guidelines. Each member of this committee is a non-management director and is independent as defined in the listing standards of the New York Stock Exchange. The Corporate Governance and Nominating Committee met four times during the year ended December 31, 2005.

The Corporate Governance and Nominating Committee will consider candidates recommended by shareholders to be nominated to our Board of Directors for election at the annual general meeting of shareholders. A shareholder who wishes to submit a candidate for consideration must be a shareholder of record at the time that it submits a candidate for nomination and must be entitled to vote for the candidate at the meeting. A shareholder must give written notice of the submission to the Company's Secretary not

less than 90 days nor more than 120 days prior to the anniversary of the annual general meeting of shareholders of the preceding year. The notice must include (1) the name, age and business and residence addresses of the candidate, (2) the principal occupation or employment of the candidate, (3) the number of common shares or other securities of the Company beneficially owned by the candidate, (4) all other information relating to the candidate that is required to be disclosed in solicitations of proxies for election of directors pursuant to Regulation 14A under the Exchange Act and (5) the candidate's written consent to be named in the proxy statement and to serve as a director if elected. The notice must also include information on the shareholder submitting the nomination, including the shareholder's name and address as it appears on the Company books and the number of our common shares beneficially owned by the shareholder.

The Corporate Governance and Nominating Committee believes that directors should be persons who combine the highest standards of integrity and significant accomplishments in their chosen field of endeavor. Directors should bring a diversity of experiences, skills and perspectives to our Board of Directors. The committee considers qualities of intelligence, honesty, perceptiveness, good judgment, high ethics and standards, integrity and fairness to be of paramount importance. It also examines experience, knowledge and skills in business judgment, leadership, strategic planning, general management practices and crisis response. In addition, the committee looks for candidates with financial expertise and a willingness and ability to commit the time required to fully discharge their responsibilities to the board. The committee evaluates candidates on the basis of their qualifications and not on the basis of the manner in which they were submitted for consideration.

Finance Committee. The Finance Committee is composed of Messrs. Butt and Friedman and is chaired by Mr. Davis. This committee generally approves and monitors all finance-related transactions, including investment of funds and financing facilities. It is also responsible for establishing our investment guidelines, approving the selection and terms of investment managers, evaluating the performance of investment managers, monitoring the need for additional financing and ensuring compliance with outstanding debt facility covenants. The Finance Committee met four times during the year ended December 31, 2005.

Director Compensation

Non-employee directors receive an annual retainer of \$35,000 for service on the Board of Directors plus \$3,000 for each board meeting and presentation attended. The chairman of the Audit Committee receives annually a fee of \$10,000 and the chairmen of each other board committee and the presiding director of the non-management directors receive a fee of \$5,000. Non-employee directors also receive \$1,500 for each committee meeting attended. Prior to the commencement of each calendar year, directors are entitled to elect to receive common shares in lieu of the cash compensation that would otherwise be payable to them during such year. In addition to the annual retainer, chairman fees and meeting fees, each non-employee director receives annually a grant of \$35,000 worth of common shares pursuant to a restricted stock grant at the fair market value of the common shares at the time of grant. Prior to the commencement of each calendar year, directors may elect to receive cash in lieu of the equity compensation that would otherwise be payable to them during such year with the approval of the Compensation Committee. The restricted stock vests six months after the date of grant. Directors who are also employees do not receive compensation for their service as directors.

In addition to compensation received for service on the Company's board, Mr. Keane receives an annual retainer of \$35,000 for services as Chairman of the Board of AXIS Specialty Holdings Ireland Limited and a director of AXIS Specialty Europe Limited plus \$1,000 for each meeting attended, and Mr. Grupe receives an annual retainer of \$25,000 for services as a director of AXIS Specialty Europe Limited and AXIS Re Limited. Prior to the commencement of each calendar year, these directors are

entitled to elect to receive common shares in lieu of the cash compensation that would otherwise be payable to them during such year.

Shares issued to our directors in lieu of fees and stock options and restricted stock grants made to our directors are made pursuant to the AXIS Capital Holdings Limited 2003 Directors Long-Term Equity Compensation Plan (the Directors Plan). The Directors Plan has been adopted by our Board of Directors and approved by our shareholders. The maximum number of common shares with respect to which awards may be granted under the Directors Plan is 1,200,000. As of February 28, 2006, non-qualified stock options exercisable for 120,000 common shares and 18,229 restricted shares have been granted under the Directors Plan. The board has broad authority to administer the plan, including the authority to determine when awards will be made, the type and amount of awards, the exercise price of options, any limitations, restrictions or conditions applicable to each award, if any, and the terms of any instrument that evidences an award.

Options awarded under the Directors Plan are generally granted for a ten-year term, but may terminate earlier if the participant's service terminates prior to the end of the term. The exercise price of an option must be at least equal to the fair market value of the shares on the date such option is granted. The exercise price of options may be paid (1) in cash, (2) by delivery of previously-acquired common shares, (3) by any combination of (1) and (2), (4) pursuant to a cashless exercise program or (5) by any other means that our Board of Directors approves in its discretion. Holders of restricted stock may generally exercise full voting rights and may be credited with regular dividends paid with respect to the underlying shares while they are so held. The shares generally become freely transferable after the last day of the applicable period of restriction. Upon a change in control of the Company, all outstanding stock options will become immediately exercisable and remain exercisable throughout their entire term and all restrictions with respect to outstanding restricted stock awards will lapse.

Each non-employee director may elect to participate in an unfunded nonqualified deferred compensation plan (the Directors Deferred Plan), which has also been adopted by our Board of Directors and approved by our shareholders. The Directors Deferred Plan allows participating directors to elect (1) the amount, if any, of cash or stock received as fees for services to be deferred (expressed as a dollar amount, number of shares or percentage) and (2) the form in which payment is to be made (lump sum or three annual installments). Directors who choose to defer fees otherwise payable in shares are credited a number of phantom stock units equal in amount to the number of shares of stock deferred. As of February 28, 2006, 45,668 shares of phantom stock have been issued under the Directors Deferred Plan. When a cash dividend is paid on the stock, the portion of the participant's deferral account denominated in phantom share units is credited with additional phantom share units (or portions thereof). Directors who choose to defer fees otherwise payable in cash are credited with interest on their cash deferral at a rate for the year of deferral that is 100 basis points above the 12-month LIBOR rate for deposits of U.S. dollars. Amounts deferred are 100% vested at all times. Generally, benefits are paid upon termination of service as a director. The plan is administered by our Board of Directors.

Retirement Plans

We provide retirement benefits to eligible employees through various plans sponsored by the Company in Bermuda, Ireland, the United Kingdom, the United States and Switzerland. For 2005, in Bermuda, we contributed 10% of base salary to a registered plan for Bermudians and 10% of base salary to an unregistered plan for non-Bermudians. In Ireland and the United Kingdom, we contributed 15% of base salary to defined contribution plans, subject to certain statutory maximum limits. In the United States, we contributed 10% of eligible compensation to a 401(k) profit sharing plan, subject to certain statutory maximum limits, and, for certain highly compensated employees for which the statutory limits were met, contributed 10% of base salary (less amounts contributed to the 401(k) plan) to a supplemental retirement plan. In Switzerland, we contributed 15% of base salary to a defined contribution plan. Under the plans in Ireland, the United Kingdom, the United States and Switzerland, some employees are entitled to contribute to the plans on a tax-deferred basis. Under the Swiss plan, contributions are invested by an insurance company with a minimum guaranteed return on statutorily mandated amounts. Under all of the other plans, contributions are invested at the discretion of the participants in a variety of investment

options selected by the Company. Benefits under the plans generally vest upon one to four years of service with the Company (other than the Swiss plan, which vest immediately) and generally are distributable upon termination or retirement.

In January 2004, we implemented supplemental retirement plans for Messrs. Charman and Butt. The plan for Mr. Charman requires us to make annual payments to Mr. Charman upon his retirement for a period of 20 years. The benefits vest over a period of two years commencing in 2006. Commencing at age 56, Mr. Charman is entitled to an annual payment of \$750,000 compounded by 3% annually for each year commencing from inception. The plan for Mr. Butt requires us to make annual payments to Mr. Butt upon his retirement for a period of 10 years. The benefits vest over a period of two years commencing in 2006. Commencing at age 66, Mr. Butt is entitled to an annual payment of \$250,000 compounded by 3% annually for each year commencing from inception. If either Mr. Charman or Mr. Butt dies, is permanently disabled or a change of control of the Company occurs, the remaining benefits under his plan are payable by the Company in a lump sum. The benefits received under these plans will be offset by the benefits received by Messrs. Charman and Butt under the Bermuda retirement plan.

2003 Long-Term Equity Compensation Plan

Our Board of Directors has adopted and our shareholders have approved a long-term incentive plan (the Employees Plan). The plan provides for the granting of non-qualified stock options, incentive stock options (within the meaning of Section 422 of the U.S. Internal Revenue Code of 1986 (the Code)), stock appreciation rights (SARs), restricted stock awards, performance share and performance unit awards and share purchase rights to employees, directors and consultants. To date, the Company has issued only non-qualified stock options, restricted stock and share purchase rights under the Employees Plan. The maximum number of common shares with respect to which awards may be granted under the plan is 14,855,192, of which 1,200,000 are available for issuance pursuant to share purchase rights and of which 13,655,192 are available for issuance under all other awards. As of February 28, 2006, 11,947,035 shares have been issued or are subject to issuance upon the exercise or payment of outstanding awards under the Employees Plan. The Compensation Committee has broad authority to administer the plan, including the authority to determine when awards will be made, determine the type and amount of awards, determine the exercise price of options and SARs, determine any limitations, restrictions or conditions applicable to each award, determine the terms of any instrument that evidences an award and select plan participants.

Stock Options. Options awarded under the Employees Plan are generally granted for a ten-year term, but may terminate earlier if the participant's employment or service terminates prior to the end of the term. The exercise price of an option must be at least equal to the fair market value of the shares on the date such option is granted. The exercise price of options may be paid (1) in cash, (2) by delivery of previously-acquired common shares, (3) by any combination of (1) and (2), (4) pursuant to a cashless exercise program or (5) by any other means the Compensation Committee approves, in its discretion. The outstanding stock options generally vest in three equal installments on the first, second and third anniversaries of the date of grant or earlier upon the retirement, death or permanent disability of the participant or a change of control of the Company. As of February 28, 2006, non-qualified stock options exercisable for 6,414,675 common shares had been granted under the Employees Plan.

Restricted Stock. Holders of restricted stock may generally exercise full voting rights and may be credited with regular dividends paid with respect to the underlying shares while they are so held. The shares generally become freely transferable after the last day of the applicable period of restriction. The period of restriction with respect to outstanding stock awards generally expires on the third anniversary of the date of grant or earlier upon the retirement, death or permanent disability of the participant or a change of control of the Company. As of February 28, 2006, 4,610,800 restricted shares have been granted under the Employees Plan.

Share Purchase Rights. Share purchase rights may only be granted to employees according to terms determined by the Compensation Committee. To assist employees in purchasing shares pursuant to a grant of share purchase rights, we may offer employees who are not executive officers of the Company full recourse loans secured by the shares purchased with the loan proceeds. As of February 28, 2006, share purchase rights exercisable for 921,560 common shares had been granted and exercised under the Employees Plan.

Mr. Fischer may terminate his employment upon at least six months notice to the Company.

In the event of termination of employment for any reason, Mr. Fischer will be entitled to any accrued base salary through the date of termination and all employee benefits to which he is entitled under all employee benefit plans in which he participates. If we terminate Mr. Fischer's employment without cause, he is entitled to continuation of his base salary and employee benefits for a period of 12 months after the date of termination. If Mr. Fischer terminates his employment with good reason as defined in the agreement within the 12-month period following a change in control as defined in the agreement, Mr. Fischer is entitled to continuation of his base salary and employee benefits for a period of 12 months after the date of termination and the bonus to which he would have been entitled as if all performance targets were met. If Mr. Fischer's employment is terminated for any reason, other than for cause or by Mr. Fischer without the required notice, the Company will pay the costs of repatriating him and his family to the United States.

Compensation Committee Report on Executive Compensation

The following report is not deemed to be soliciting material or to be filed with the Securities and Exchange Commission or subject to the liabilities of Section 18 of the Exchange Act, and the report shall not be deemed to be incorporated by reference into any prior or subsequent filing by the Company under the U.S. Securities Act of 1933 (the Securities Act) or the Exchange Act.

The Compensation Committee's objectives in determining executive compensation are to ensure that (1) the Company's executive officers are compensated according to the terms of the respective

employment agreements, (2) the Company's compensation policies are designed to maximize shareholder value over the long-term and (3) the Company has compensation and benefit programs that will attract and retain superior talent globally. The Compensation Committee believes that the Company's policies provide all employees, and particularly management, with incentives to strive for excellence and link the financial interests of management with those of the Company's shareholders.

Executive compensation is a combination of base salary, an annual cash bonus made under the Company's annual incentive plan and incentive awards made under the Employees Plan. The Compensation Committee determines the level of compensation and incentive awards based on a number of factors, including achievement of performance objectives established by the Company and the Board of Directors. The Compensation Committee has utilized the services of an outside executive compensation consultant to provide objective and competitive guidance to maintain the integrity of the programs and corresponding goals.

Salary Administration Program. The Company's salary administration program was designed to balance internal parity with external market practice. In order to remain competitive with the market, the Compensation Committee reviews executive salaries as needed. Executive officer salary adjustments are determined by objective and subjective evaluation of individual performance, internal parity comparisons and a global review of the external market for comparable positions.

Annual Incentive Plan. The Company contributes to an annual bonus pool that is distributed to all eligible employees. In 2005, the bonus pool was determined by the Compensation Committee based on the Company's net income for each fiscal year and goals established by the Company's management and approved by the Compensation Committee. Awards made to executive officers under the annual incentive plan were based upon recommendations made by the Chief Executive Officer and President and were approved by the Compensation Committee. Awards made to other employees under the annual incentive plan generally are determined by department heads based on target percentages and individual performance.

In addition, in September 2003, the Compensation Committee determined to award to eligible employees \$2.8 million of accrued bonus funds that were not allocated in 2002. These funds were allocated to employees who were employed by the Company as of December 31, 2002 and who received an incentive award for 2002 under the annual incentive plan, other than the Chairman of the Board, the Chief Executive Officer and the Chairman of the Executive Committee. The awards made under this additional bonus plan vested on October 1, 2005 and were subsequently distributed as a cash payment to all eligible employees who were still employed by the Company at that date. Any amounts forfeited by employees who left the Company were reallocated to the remaining participants.

Employees Plan. The Employees Plan was established to optimize the Company's profitability and growth through incentives which are consistent with the Company's goals and which link the interest of select employees with those of the Company's shareholders. The Company believes that the plan also promotes teamwork and provides employees with an incentive to strive for excellence. Equity awards generally are made one time per year as part of the Company's annual compensation review and are made in accordance with guidelines approved by the Compensation Committee. The Compensation Committee also considers equity awards in specific cases based on individual performance or for purposes of attracting and retaining talent. For 2005, restricted stock awards were granted to executive officers based on targets contained in the guidelines and individual performance. For 2005, all awards to executive officers under the Employees Plan were approved by the Compensation Committee.

Section 162(m) Compliance. Many of our executive officers reside outside of the United States and, as a result, Section 162(m) of the Code is not applicable to their compensation. Nonetheless, the policy of the Compensation Committee with respect to Section 162(m) is to establish and maintain a compensation program that will optimize the deductibility of compensation where applicable. The Compensation

Committee may exercise its right to use judgment, where merited by the need to respond to changing business conditions or to an executive officer's individual performance, to authorize compensation that may not, in a specific case, be fully deductible. During 2005, one of our named executive officers received compensation in excess of \$1,000,000, which will not be deductible pursuant to Section 162(m).

Chief Executive Officer Compensation. In determining the compensation of the Chief Executive Officer, the Compensation Committee awarded compensation based on Mr. Charman's employment agreement, which provided for a base salary of \$1,250,000 and a target bonus payable under the annual incentive plan of 150% of base salary. In addition, the Compensation Committee reviewed both quantitative and qualitative measures of Mr. Charman's performance.

Under his leadership, the 2005 financial results of the Company were exceptional, despite the extraordinary global insured loss events that occurred in the third and fourth quarters, as evidenced by the following financial measures:

- gross written premium of \$3.393 billion, up by nearly 13% from \$3.012 billion in 2004;
- net income of \$90.1 million despite net losses of \$1.019 billion from Hurricanes Katrina, Rita and Wilma; and
- total capitalization of \$4.011 billion at December 31, 2005, up from \$3.737 billion in at December 31, 2004 and reflecting capital accreted through profitability for 2005.

During 2005, Mr. Charman led the management team during a period of unprecedented and historic challenges for the global insurance and reinsurance industry. Under his leadership, the Company's strategy and vision as set by Mr. Charman at the Company's inception was put to the test. Despite \$1.019 billion in net losses from Hurricanes Katrina, Rita and Wilma the Company was able to report net income of \$90.1 million dollars for the year. This result demonstrated that the Company's broad underwriting expertise and realistic risk management practices under Mr. Charman's leadership, have created a strongly diversified portfolio able to withstand such extraordinary losses. When considered in the context of relative market performance, this is truly outstanding performance. Mr. Charman communicates effectively with the Board of Directors on all matters relating to the Company's business. Mr. Charman has demonstrated an effective command of the business and is a highly effective leader representing the Company in the broker, client and shareholder communities.

These fees related to the issuance of a covenant compliance report.

Pre-Approval Policy

On September 16, 2003, our Board of Directors adopted a policy regarding the procurement of audit services and non-audit services. The primary purpose of the policy is to ensure that we engage public accountants as external auditors to provide only audit and non-audit services that are compatible with maintaining independence. The policy requires that the audit committee pre-approve all audit and non-audit services for which our auditors are engaged. The Audit Committee may delegate the authority to grant pre-approvals to the Chairman of the Audit Committee or, in the event of his non-availability, to any other Audit Committee member. The Chairman of the Audit Committee or such other Audit Committee

member must present to the Audit Committee at each scheduled meeting any pre-approvals that are granted. For the year ended December 31, 2005, 100% of the audit fees were pre-approved and for the year ended December 31, 2004, 100% of the audit fees were pre-approved. For the year ended December 31, 2005, 100% of the audit related fees, 100% of the tax fees and 100% of the other fees were pre-approved. For the year ended December 31, 2004, 100% of the audit related fees, 100% of the tax fees and 100% of the other fees were pre-approved.

SHAREHOLDER PROPOSALS FOR 2007 ANNUAL MEETING

If the date of next year's annual general meeting is moved more than 30 days before or after the anniversary date of this year's annual general meeting, the deadline for inclusion of proposals in our proxy materials is instead a reasonable time before we begin to print and mail our proxy materials. In addition, if a holder of our common shares intends to present a proposal at the 2007 Annual General Meeting other than pursuant to Rule 14a-8 under the Exchange Act, and if the proposal is not received by the Company's Secretary by February 3, 2007 or, if the date of next year's annual general meeting is moved more than 30 days before or after the anniversary date of this year's annual general meeting, a reasonable time before we mail our proxy materials for the 2007 Annual General Meeting of Shareholders, then the proxies designated by our Board of Directors for the 2007 Annual General Meeting of Shareholders may vote in their discretion on any such proposal any common shares for which they have been appointed proxies without mention of such matter in the proxy materials for such meeting.

Any shareholder entitled to vote at a meeting may submit candidates to be nominated for election as directors. A shareholder who wishes to submit a candidate for consideration must be a shareholder of record at the time that it submits a candidate for nomination and must be entitled to vote for the candidate at the meeting. A shareholder must give written notice of the submission to the Company's Secretary not less than 90 days nor more than 120 days prior to the anniversary of the Annual General Meeting of Shareholders of the preceding year. The notice must include (1) the name, age and business and residence addresses of the candidate, (2) the principal occupation or employment of the candidate, (3) the number of common shares or other securities of the Company beneficially owned by the candidate, (4) all other information relating to the candidate that is required to be disclosed in solicitations of proxies for election of directors pursuant to Regulation 14A under the Exchange Act and (5) the candidate's written consent to be named in the proxy statement and to serve as a director if elected. The notice must also include information on the shareholder submitting the nomination, including the shareholder's name and address as it appears on the Company books and the number of our common shares beneficially owned by the shareholder.

SHAREHOLDER COMMUNICATIONS WITH THE BOARD OF DIRECTORS

Shareholders may send communications to our Board of Directors by sending written notice to the Company's Secretary. The notice may specify whether the communication is directed to the entire board, to the non-management directors, to the presiding director of the non-management directors or to a particular board committee or other director. The Company's Secretary will handle routine inquiries and requests for information or will otherwise determine whether the communication is made for a valid purpose and is relevant to the Company and its business and, if she so determines, will forward the communication to the Chairman of the Board, to the non-management directors or to the appropriate committee chairman or director. At each meeting of our Board of Directors, the Company's Secretary

presents a summary of all communications received since the last meeting that were not forwarded and makes those communications available to the directors on request.

OTHER MATTERS

We know of no specific matter to be brought before the meeting that is not referred to in this proxy statement. If any other matter properly comes before the meeting, including any shareholder proposal properly made, the proxy holders will vote the proxies in accordance with their best judgment on such matter.

We will bear the cost of this solicitation of proxies. We have engaged Proxy Services Corporation to assist us in the solicitation of proxies and the anticipated cost of such engagement is approximately \$2,000. Proxies also may be solicited by directors, officers and employees of the Company and its subsidiaries without receiving additional compensation. The solicitation may be conducted by mail, telephone, telegram, telecopy, email, Internet and personal solicitation. Upon request, we will also reimburse brokers, banks and others who hold shares in their names, or in the names of nominees, for forwarding proxy materials to the beneficial owners.

THE COMPANY WILL FURNISH, WITHOUT CHARGE TO ANY SHAREHOLDER, A COPY OF ITS ANNUAL REPORT ON FORM 10-K THAT IT FILES WITH THE SECURITIES AND EXCHANGE COMMISSION.
