**Acquisition of Stake in CEG and CEG-RIO**

---

(Rio de Janeiro, March, 27 2003) - PETRÓLEO BRASILEIRO S.A. PETROBRAS, [BOVESPA: PETR3/PETR4, NYSE: PBR/PBRA, LATIBEX: XPBR/XPBRA], Brazil's biggest oil & gas, petrochemicals and energy company announces that on April 29, 2001, PETROBRAS and ENRON CORP. signed an agreement establishing the terms and conditions for the acquisition by PETROBRAS and other investors of Enron's indirect shareholding stakes in the Rio de Janeiro-based piped gas distribution companies, CEG and CEG-RIO, as published in the newspapers of May 4, 2001.

That agreement stated that in the event of the operation not being concluded by December 31, 2001, any one of the signatories could trigger its termination, exempting the parties to the agreement from any liability. Since the transaction was not concluded, Enron formally communicated the termination of such to Petrobras. For this reason, we wish declare the discontinuance of the contract for acquiring the aforementioned shareholding stakes.

## FORWARD-LOOKING STATEMENTS

This press release may contain forward-looking statements. These statements are statements that are not historical facts, and are based on management's current view and estimates of future economic circumstances, industry conditions, company performance and financial results. The words "anticipates", "believes", "estimates", "expects", "plans" and similar expressions, as they relate to the company, are intended to identify forward-looking statements. Statements regarding the declaration or payment of dividends, the implementation of principal operating and financing strategies and capital expenditure plans, the direction of future operations and the factors or trends affecting financial condition, liquidity or results of operations are examples of forward-looking statements. Such statements reflect the current views of management and are subject to a number of risks and uncertainties. There is no guarantee that the expected events, trends or results will actually occur. The statements are based on many assumptions and factors, including general economic and market conditions, industry conditions, and operating factors. Any changes in such assumptions or factors could cause actual results to differ materially from current expectations.
