Statements in this Current Report on Form 8-K (including the exhibits) that are not purely historical facts, including statements regarding Innofone's beliefs, expectations, intentions or strategies for the future, may be "forward-looking statements" under the Private Securities Litigation Reform Act of 1995. All forward-looking statements involve a number of risks and uncertainties that could cause actual results to differ materially from the plans, intentions and expectations reflected in or suggested by the forward-looking statements. Such risks and uncertainties include, among others, introduction of products in a timely fashion, market acceptance of new products, cost increases, fluctuations in and obsolescence of inventory, price and product competition, availability of labor and materials, development of new third-party products and techniques that render Innofone's products obsolete, delays in obtaining regulatory approvals, potential product recalls and litigation. Risk factors, cautionary statements and other conditions which could cause Innofone's actual results to differ from management's current expectations are contained in Innofone's filings with the Securities and Exchange Commission. Innofone undertakes no obligation to update any forward-looking statement to reflect events or circumstances that may arise after the date of this filing.
