OFFER TO EXCHANGE OUR 7 1/8% SENIOR NOTES DUE 2013, WHICH HAVE BEEN REGISTERED UNDER THE SECURITIES ACT OF 1933, FOR ANY AND ALL OF OUR OUTSTANDING 7 1/8% SENIOR NOTES DUE 2013

MATERIAL TERMS OF THE EXCHANGE OFFER

We are jointly and severally offering to exchange, upon the terms and subject to the conditions set forth in this prospectus and the accompanying letter of transmittal (which together constitute the exchange offer), \$500,000,000 in aggregate principal amount of our 7 1/8% senior exchange notes due 2013, or the new notes, for \$500,000,000 in aggregate principal amount of our issued and outstanding 7 1/8% senior notes due 2013, or the private notes, and, collectively with the new notes, the notes.

The terms of the new notes are substantially identical to the private notes, except that the transfer restrictions and registration rights relating to the private notes will not apply to the new notes and the new notes will not provide for the payment of liquidated damages under circumstances related to the timing and completion of the exchange offer.

Expires 5:00 p.m., New York City time, on _____, 200_, unless extended.

Subject to the satisfaction or waiver of specified conditions, we will exchange your validly tendered unregistered private notes that have not been withdrawn prior to the expiration of the exchange offer for an equal principal amount of new notes which have been registered under the Securities Act of 1933, as amended, or the Securities Act. The exchange offer is not subject to any condition other than that the exchange offer not violate applicable law or any applicable interpretation of the staff of the Securities and Exchange Commission, or the SEC, and other customary conditions.

You may withdraw your tender of notes at any time before the exchange offer expires.

The exchange of notes should not be a taxable exchange for U.S. federal income tax purposes.

We will not receive any proceeds from the exchange offer.

The new notes will not be traded on any national securities exchange and, therefore, we do not anticipate that an active public market in the new notes will develop.

Please refer to Risk Factors beginning on page 8 of this document for certain important information.

Neither the Securities and Exchange Commission nor any state securities commission has approved or disapproved of the notes to be issued in the exchange offer or passed upon the adequacy or accuracy of this prospectus. Any representation to the contrary is a criminal offense.

FORWARD-LOOKING STATEMENTS

This prospectus and the information incorporated herein by reference contain forward-looking statements within the meaning of Section 21E of the Securities Exchange Act of 1934, as amended, or the Exchange Act; Section 27A of the Securities Act; and pursuant to the Private Securities Litigation Reform Act. These forward-looking statements are not historical facts, but rather our beliefs and expectations based on our current expectations, estimates, projections, beliefs and assumptions about our company and industry. Words such as anticipates, expects, intends, plans, seeks, estimates and similar expressions are intended to identify forward-looking statements. These statements are not guarantees of future performance and are subject to risks, uncertainties and other factors, some of which are beyond our control, are difficult to predict and could cause actual results to differ materially from those expressed or forecasted in the forward-looking statements. These risks include those set forth in the section of this prospectus called Risk Factors.

Those risks are representative of factors that could affect the outcome of the forward-looking statements. These and the other factors discussed elsewhere in this prospectus and the documents incorporated by reference herein are not necessarily all of the important factors that may cause our results to differ materially from those expressed in our forward-looking statements. We caution you not to place undue reliance on these forward-looking statements, which reflect our view only as of the respective dates of this prospectus and the documents incorporated herein by reference or other dates that are specified in those documents.

SUMMARY

This summary highlights information contained in this prospectus and in the documents incorporated herein by reference. This summary does not contain all of the information that you should consider before making an investment decision. You should read this entire prospectus carefully, including the Risk Factors section in this prospectus; the financial statements and related notes contained in our Annual Report on Form 10-K and Form 10-K/A for the fiscal year ended December 31, 2006, filed with the SEC on March 6, 2007 and March 16, 2007, respectively; our Quarterly Reports on Form 10-Q for the quarters ended March 31, 2007, June 30, 2007 and September 30, 2007 filed with the SEC on May 10, 2007, August 9, 2007 and November 9, 2007, respectively; and our Current Reports on Form 8-K filed with the SEC on October 24, 2007 and December 5, 2007, and any other documents incorporated herein by reference. As used in this prospectus, we, our, ours, us, company and Icahn Enterprises mean Icahn Enterprises L.P. and, unless the context otherwise indicates, include our consolidated subsidiaries.

Our Company

Icahn Enterprises L.P., or Icahn Enterprises, which was formerly known as American Real Estate Partners, L.P., is a master limited partnership formed in Delaware on February 17, 1987. We are a diversified holding company owning subsidiaries engaged in the following operating businesses: Investment Management, Metals, Real Estate and Home Fashion. On April 22, 2007, American Entertainment Properties Corp., or AEP, a wholly owned indirect subsidiary of Icahn Enterprises, entered into a Membership Interest Purchase Agreement with W2007/ACEP Holdings, LLC, an

affiliate of Whitehall Street Real Estate Funds, a series of real estate investment funds affiliated with Goldman, Sachs & Co., or Whitehall Street Real Estate Funds, to sell all of the issued and outstanding membership interests of American Casino & Entertainment Properties, LLC, or ACEP, which comprises our remaining gaming operations. The parties expect to close the transaction by the end of the first quarter of 2008. As a result, our gaming properties are now classified as discontinued operations and thus are not considered a reportable segment of our continuing operations. For the quarter ended September 30, 2007, the three related operating lines of our Real Estate segment were aggregated into one segment, since they were individually immaterial. On August 8, 2007, we acquired general partnership interests in the general partners of certain private investment funds managed and controlled by Carl C. Icahn and the general partnership interests in a newly formed management company. In addition, on November 5, 2007, we acquired 100% of the issued and outstanding capital stock of PSC Metals, Inc., or PSC Metals, a subsidiary of Philip Services Corporation, or Philip. PSC Metals is engaged in transporting, recycling and processing metals. See Business for a further description of these and other transactions.

Our primary business strategy is to continually evaluate our existing operating businesses with a view to maximizing value to our unitholders. We may also seek to acquire additional businesses that are distressed or in out-of-favor industries and will consider the divestiture of businesses. In addition, we invest our available liquidity in debt and equity securities with a view to enhancing returns as we continue to assess further acquisitions of operating businesses.

Our general partner is Icahn Enterprises G.P. Inc., or IEGP, which was formerly known as American Property Investors, Inc., a Delaware corporation, which is indirectly wholly owned by Carl C. Icahn. We own our businesses and conduct our investment activities through a subsidiary limited partnership, Icahn Enterprises Holdings L.P., or IEH, which was formerly known as American Real Estate Holdings Limited Partnership, in which we own a 99% limited partnership interest, and its subsidiaries. IEGP also acts as the general partner for IEH. IEGP has a 1% general partnership interest in each of us and IEH. As of September 30, 2007, affiliates of Mr. Icahn beneficially owned 64,288,061 units representing Icahn Enterprises limited partner interests, or the depositary units, representing approximately 91.2% of the outstanding depositary units, and 10,304,013 cumulative pay-in-kind redeemable preferred units, representing Icahn Enterprises limited partner interests, or the preferred units, representing approximately 86.5% of the outstanding preferred units.

Our depositary units trade on the New York Stock Exchange under its new symbol IEP.

Our principal executive offices are located at 767 Fifth Avenue, Suite 4700, New York, New York 10153. Our phone number is (212) 702-4300. Our web site address is <http://www.icahnenterprises.com>. Information on our website is not part of this prospectus.

Summary of the Exchange Offer

The Offering of the Private Notes

On January 17, 2007, we issued \$500 million in aggregate principal amount of our private notes in an offering not registered under the Securities Act. At the time we issued the private notes on January 17, 2007, we entered into a registration rights agreement in which we agreed to offer to exchange the private notes for new notes which have been registered under the Securities Act. This exchange offer is intended to satisfy that obligation. The private notes issued January 17, 2007 were additional notes issued under an indenture dated February 7, 2005 as described elsewhere in this prospectus. On February 1, 2005, we issued and sold \$480.0 million of 7 1/8% senior notes due 2013, or the existing notes.

The Exchange Offer

We are offering to exchange the new notes which have been registered under the Securities Act for the private notes. As of this date, there is \$500 million aggregate principal amount of private notes outstanding.

Required Representations

In order to participate in this exchange offer, you will be required to make certain representations to us in a letter of transmittal, including that:

any new notes will be acquired by you in the ordinary course of your business;

you have not engaged in, do not intend to engage in, and do not have an arrangement or understanding with any person to participate in a distribution of the new notes; and

you are not an affiliate of our company.

Resale of New Notes

We believe that, subject to limited exceptions, the new notes may be freely traded by you without compliance with the registration and prospectus delivery provisions of the Securities Act, provided that:

you are acquiring new notes in the ordinary course of your business;

you are not participating, do not intend to participate and have no arrangement or understanding with any person to participate in the distribution of the new notes; and

you are not an affiliate of our company.

If our belief is inaccurate and you transfer any new note issued to you in the exchange offer without delivering a prospectus meeting the requirements of the Securities Act or without an exemption from registration of your new notes from such requirements, you may incur liability under the Securities Act. We do not assume, or indemnify you against, such liability.

Each broker-dealer that is issued new notes for its own account in exchange for private notes which were acquired by such broker-dealer as a result of market-making or other trading activities also must acknowledge that it has not entered into any arrangement or understanding with us or any of our affiliates to distribute the new

notes and will deliver a prospectus meeting the requirements of the Securities Act in connection with any resale of the new notes issued in the exchange offer.

We have agreed in the registration rights agreement that a broker-dealer may use this prospectus for an offer to resell, resale or other transfer of the new notes issued to it in the exchange offer.

Expiration Date

The exchange offer will expire at 5:00 p.m., New York City time, on _____, 200_, unless extended, in which case the term expiration date shall mean the latest date and time to which we extend the exchange offer.

Conditions to the Exchange Offer

The exchange offer is subject to certain customary conditions, which may be waived by us. The exchange offer is not conditioned upon any minimum principal amount of private notes being tendered.

Procedures for Tendering Private Notes

If you wish to tender your private notes for exchange, you must transmit to Wilmington Trust Company, as exchange agent, at the address set forth in this prospectus under the heading The Exchange Offer Exchange Agent, and on the front cover of the letter of transmittal, on or before the expiration date, a properly completed and duly executed letter of transmittal, which accompanies this prospectus, or a facsimile of the letter of transmittal and either:

the private notes and any other required documentation, to the exchange agent; or

a computer generated message transmitted by means of DTC's Automated Tender Offer Program system and received by the exchange agent and forming a part of a confirmation of book entry transfer in which you acknowledge and agree to be bound by the terms of the letter of transmittal.

If either of these procedures cannot be satisfied on a timely basis, then you should comply with the guaranteed delivery procedures described below. By executing the letter of transmittal, each holder of private notes will make certain representations to us described under The Exchange Offer Procedures for Tendering.

Special Procedures for Beneficial Owners

If you are a beneficial owner whose private notes are registered in the name of a broker, dealer, commercial bank, trust company or other nominee and you wish to tender your private notes in the exchange offer, you should contact such registered holder promptly and instruct such registered holder to tender on your behalf. If you wish to tender on your own behalf, you must, prior to completing and executing the letter of transmittal and delivering your private notes, either make appropriate arrangements to register ownership of the private notes in your name or obtain a properly completed bond power from the registered holder. The transfer of registered ownership may take considerable time and may not be able to be completed prior to the expiration date.

4

TABLE OF CONTENTS

Guaranteed Delivery Procedures

If you wish to tender private notes and time will not permit the documents required by the letter of transmittal to reach the exchange agent prior to the expiration date, or the procedure for book-entry transfer cannot be completed on a timely basis, you must tender your private notes according to the guaranteed delivery procedures described under The Exchange Offer Guaranteed Delivery Procedures.

Acceptance of Private Notes and Delivery of New Notes

Subject to the conditions described under The Exchange Offer Conditions, we will accept for exchange any and all private notes which are validly tendered in the exchange offer and not withdrawn, prior to 5:00 p.m., New York City time, on the expiration date.

Withdrawal Rights

You may withdraw your tender of private notes at any time prior to 5:00 p.m., New York City time, on the expiration date, subject to compliance with the procedures for withdrawal described in this prospectus under the

Summary of the Exchange Offer

heading The Exchange Offer Withdrawal of Tenders.

Federal Income Tax Consequences

For a discussion of the material federal income tax considerations relating to the exchange of private notes for the new notes as well as the ownership of the new notes, see Certain U.S. Federal Income Tax Consequences.

Exchange Agent

The Wilmington Trust Company is serving as the exchange agent. The address, telephone number and facsimile number of the exchange agent are set forth in this prospectus under the heading The Exchange Offer Exchange Agent.

Consequences of Failure to Exchange Private Notes

If you do not exchange private notes for new notes, you will continue to be subject to the restrictions on transfer provided in the private notes and in the indenture governing the private notes. In general, the unregistered private notes may not be offered or sold, unless they are registered under the Securities Act, except pursuant to an exemption from, or in a transaction not subject to, the Securities Act and applicable state securities laws.

5

TABLE OF CONTENTS

The New Notes

The terms of the new notes we are issuing in this exchange offer and the private notes that are outstanding are identical in all material respects except:

the new notes will be registered under the Securities Act;

the new notes will not contain transfer restrictions and registration rights that relate to the private notes.

The new notes will evidence the same debt as the private notes and will be governed by the same indenture.

References to the notes include both private notes and new notes.

Issuer

Icahn Enterprises is a holding company. Its operations are conducted through its subsidiaries and substantially all of its assets consist of a 99% limited partnership interest in its subsidiary, IEH, which is a holding company for its operating subsidiaries and investments. The new notes will be guaranteed by IEH.

Co-Issuer

IEF is a wholly owned subsidiary of Icahn Enterprises. It was formed solely for the purpose of serving as a co-issuer of debt securities of Icahn Enterprises in order to facilitate offerings of the debt securities. Other than as a co-issuer of the notes, IEF does not and will not have any operations or assets and will not have any revenues. As a result, holders of the new notes should not expect IEF to participate in servicing any obligations on the new notes.

Notes Offered

\$500 million in aggregate principal amount of 7 1/8% senior notes due 2013.

Maturity

February 15, 2013.

Interest Payment Dates

February 15 and August 15 of each year, commencing February 15, 2007.

Guarantee

If we cannot make payments on the new notes when they are due, IEH must make them instead. Other than IEH, none of our subsidiaries will guarantee payments on the new notes.

Ranking

The new notes and the guarantee will rank equally with all of our and the guarantor's existing and future senior unsecured indebtedness, including our existing notes, and will rank senior to all of our and the guarantor's existing and future subordinated indebtedness. The new notes and the guarantee will be effectively subordinated to all of our and the guarantor's existing and future secured indebtedness, to the extent of the collateral securing such

indebtedness. The new notes and the guarantee also will be effectively subordinated to all indebtedness and other liabilities, including trade payables, of all our subsidiaries other than IEH. As of September 30, 2007, the new notes and the guarantee would have been effectively subordinated to an aggregate of \$371.0 million of IEH's secured debt and our subsidiaries' debt, excluding trade payables.

Optional Redemption

We may, at our option, redeem some or all of the new notes at any time on or after February 15, 2009, at the redemption prices listed under "Description of Notes - Optional Redemption."

In addition, prior to February 15, 2008, we may, at our option, redeem up to 35% of the new notes with the proceeds of certain sales of our equity at the redemption price listed under "Description of Notes - Optional Redemption." We may make the

6

TABLE OF CONTENTS

redemption only if, after the redemption, at least 65% of the aggregate principal amount of the notes issued remains outstanding.

Redemption Based on Gaming Laws

The new notes are subject to mandatory disposition and redemption requirements following certain determinations by applicable gaming authorities. On April 22, 2007, AEP entered into a Membership Interest Purchase Agreement with W2007/ACEP Holdings, LLC, an affiliate of Whitehall Street Real Estate Funds, to sell all of the issued and outstanding membership interests of ACEP which comprises our remaining gaming operations. If the sale is consummated, the new notes will no longer be subject to redemption based on gaming laws.

Certain Covenants

We will issue the new notes under the indenture with IEH and Wilmington Trust Company, as trustee acting on your behalf, dated February 7, 2005, which was established in connection with our existing notes. The indenture, among other things, restricts our and IEH's ability to:

incur additional debt;

pay dividends and make distributions;

repurchase equity securities;

create liens;

enter into transactions with affiliates; and

merge or consolidate.

Our subsidiaries other than IEH will not be restricted in their ability to incur debt, create liens or merge or consolidate.

Absence of Established Market for Notes

The new notes will be new securities for which there is currently no market. We cannot assure you that a liquid market for the new notes will develop or be maintained.

Liquidated Damages

Pursuant to the registration rights agreement entered into in connection with the issuance of the private notes, we agreed to register the new notes under the Securities Act. A preliminary registration statement on Form S-4 with respect thereto was filed on June 21, 2007. Pursuant to the registration rights agreement, the registration statement must be declared effective by the SEC on or before November 13, 2007. Since the registration statement was not declared effective in a timely manner, we are required to pay to the holders of the private notes liquidated damages in an amount equal to \$0.05 per week per \$1,000 in principal amount of the private notes for each week or portion thereof that the registration statement has not been declared effective for the first 90-day period following November 13, 2007, with such liquidated damages increasing by an additional \$0.05 per week per \$1,000 in principal amount of the private notes with respect to each subsequent 90-day period until the registration statement has been declared effective, up to a maximum amount of liquidated damages of \$0.50 per week per \$1,000 in principal amount of the private notes. All such accrued liquidated damages shall be paid by us on each February 15th and August 15th until the registration statement has been declared effective.

7

TABLE OF CONTENTS

RISK FACTORS

You should consider carefully each of the following risks and all other information contained in this prospectus before deciding to invest in the notes.

Risks Relating to the Exchange Offer

Holders who fail to exchange their private notes will continue to be subject to restrictions on transfer.

If you do not exchange your private notes for new notes in the exchange offer, you will continue to be subject to the restrictions on transfer of your private notes described in the legend on your private notes. The restrictions on transfer of your private notes arise because we issued the private notes under exemptions from, or in transactions not subject to, the registration requirements of the Securities Act and applicable state securities laws. In general, you may only offer or sell the private notes if they are registered under the Securities Act and applicable state securities laws, or are offered and sold under an exemption from these requirements. We do not plan to register the private notes under the Securities Act.

Broker-dealers or holders of notes may become subject to the registration and prospectus delivery requirements of the Securities Act.

Any broker-dealer that:

exchanges its private notes in the exchange offer for the purpose of participating in a distribution of the new notes or resells new notes that were received by it for its own account in the exchange offer

may be deemed to have received restricted securities and may be required to comply with the registration and prospectus delivery requirements of the Securities Act in connection with any resale transaction by that broker-dealer.

Any profit on the resale of the new notes and any commission or concessions received by a broker-dealer may be deemed to be underwriting compensation under the Securities Act. In addition to broker-dealers, any holder of notes that exchanges its private notes in the exchange offer for the purpose of participating in a distribution of the new notes

may be deemed to have received restricted securities and may be required to comply with the registration and prospectus delivery requirements of the Securities Act in connection with any resale transaction by that holder.

We cannot guarantee that there will be a trading market for the new notes.

The new notes are a new issue of securities and currently there is no market for them. We do not intend to apply to have the new notes listed or quoted on any exchange or quotation system. Accordingly, we cannot assure you that a liquid market will develop for the new notes.

The liquidity of any market for the new notes will depend on a variety of factors, including:

the number of holders of the new notes;
our performance; and
the market for similar securities and the interest of securities dealers in making a market in the new notes.

A liquid trading market may not develop for the new notes.

Historically, the market for non-investment grade debt has been subject to disruptions that have caused substantial volatility in the prices of securities similar to the new notes. The market, if any, for the new notes may experience similar disruptions that may adversely affect the prices at which you may sell your new notes. If an active trading market does not develop or is not maintained, the market price and liquidity of the new notes may be adversely affected.

To the extent private notes are tendered and accepted in the exchange offer, the trading market, if any, for the private notes that are not so tendered would be adversely affected.

8

TABLE OF CONTENTS

Risks Relating to Our Structure and Indebtedness

Our general partner and its control person could exercise their influence over us to your detriment.

Mr. Icahn, through affiliates, currently owns 100% of IEGP, our general partner, and approximately 86.5% of our outstanding preferred units and approximately 91.2% of our depositary units and, as a result, has the ability to influence many aspects of our operations and affairs. IEGP also is the general partner of IEH.

The interests of Mr. Icahn, including his interests in entities in which he and we have invested or may invest in the future, may differ from your interests as a noteholder and, as such, he may take actions that may not be in your interest. For example, if we encounter financial difficulties or are unable to pay our debts as they mature, Mr. Icahn's interests might conflict with your interests as a noteholder.

In addition, if Mr. Icahn were to sell, or otherwise transfer, some or all of his interests in us to an unrelated party or group, a change of control could be deemed to have occurred under the terms of the indenture governing the notes which would require us to offer to repurchase all outstanding notes at 101% of their principal amount plus accrued and unpaid interest and liquidated damages, if any, to the date of repurchase. However, it is possible that we will not have sufficient funds at the time of the change of control to make the required repurchase of notes.

We have engaged, and in the future may engage, in transactions with our affiliates.

We have invested and may in the future invest in entities in which Mr. Icahn also invests. We also have purchased and may in the future purchase entities or investments from him or his affiliates. Although IEGP has never received fees in connection with our investments, our partnership agreement allows for the payment of these fees. Mr. Icahn may pursue other business opportunities in industries in which we compete and there is no requirement that any additional business opportunities be presented to us. We continuously identify, evaluate and engage in discussions concerning potential investments and acquisitions, including potential investments in and acquisitions of affiliates of Mr. Icahn. There cannot be any assurance that any potential transactions that we consider will be completed.

We and IEH are holding companies and will depend on the businesses of our subsidiaries to satisfy our obligations under the notes.

We and IEH are holding companies. In addition to cash and cash equivalents, U.S. government and agency obligations, marketable equity and debt securities and other short-term investments, our assets consist primarily of investments in our subsidiaries. Moreover, if we make significant investments in operating businesses, it is likely that we will reduce the liquid assets at Icahn Enterprises and IEH in order to fund those investments and the ongoing operations of our subsidiaries. Consequently, our cash flow and our ability to meet our debt service obligations may depend on the cash flow of our subsidiaries and the payment of funds to us by our subsidiaries in the form of dividends, distributions, loans or otherwise.

The operating results of our subsidiaries may not be sufficient to make distributions to us. In addition, our subsidiaries are not obligated to make funds available to us for payment on the notes or otherwise, and distributions and intercompany transfers from our subsidiaries to us may be restricted by applicable law or covenants contained in debt agreements and other agreements to which these subsidiaries may be subject or enter into in the future. The terms of any borrowings of our subsidiaries or other entities in which we own equity may restrict dividends, distributions or loans to us. For example, we have credit facilities for WestPoint International, Inc., or WPI, our majority owned subsidiary, and our real estate development properties that also restrict dividends, distributions and other transactions with us. To the degree any distributions and transfers are impaired or prohibited, our ability to make payments on the notes and other debt will be limited.

We, IEH or our subsidiaries may be able to incur substantially more debt.

We, IEH or our subsidiaries may be able to incur substantial additional indebtedness in the future. The terms of the indenture governing the notes described herein, as well as the indentures governing our 8.125% senior notes due 2012 and our variable rate senior convertible notes due 2013, do not prohibit us or our subsidiaries from doing so. We and IEH may incur additional indebtedness if we comply with certain financial tests contained in the indentures that govern these notes, including the indenture governing the notes described

TABLE OF CONTENTS

herein. As of September 30, 2007, based upon these tests, we and IEH could have incurred up to approximately \$1.2 billion of additional indebtedness. However, our subsidiaries, other than IEH are not subject to any of the covenants contained in the indentures (including the indenture governing the notes described herein), including the covenant restricting debt incurrence. If new debt is added to our, IEH's and our subsidiaries' current debt levels, the related risks that we, IEH and they now face could intensify.

The notes will be effectively subordinated to any secured indebtedness, and all the indebtedness and liabilities of our subsidiaries other than IEH.

The notes will be effectively subordinated to our and IEH's existing and future secured indebtedness to the extent of the collateral securing such indebtedness. We and IEH may be able to incur substantial additional secured indebtedness in the future. The terms of the indenture permit us and IEH to do so. The notes will also be effectively subordinated to all the indebtedness and liabilities, including trade payables, of all of our subsidiaries, other than IEH. In the event of a bankruptcy, liquidation or reorganization of any of our subsidiaries, other than IEH, holders of their indebtedness and their trade creditors will generally be entitled to payment of their claims from the assets of those subsidiaries before any assets are made available for distribution to us.

Our subsidiaries, other than IEH, will not be subject to any of the covenants in the indenture for the notes and only IEH will guarantee the notes. We may not be able to rely on the cash flow or assets of our subsidiaries to pay our indebtedness.

Our subsidiaries, other than IEH, will not be subject to the covenants under the indenture for the notes. We may form additional subsidiaries in the future which will not be subject to the covenants under the indenture for the notes. Of our existing and future subsidiaries, only IEH is required to guarantee the notes. Our existing and future non-guarantor subsidiaries may enter into financing arrangements that limit their ability to make dividends, distributions, loans or other payments to fund payments in respect of the notes. Accordingly, we may not be able to rely on the cash flow or assets of our subsidiaries to pay the notes.

Risks Relating to the Notes

Our failure to comply with the covenants contained in any of our debt instruments, including the indenture governing the notes (including our failure as a result of events beyond our control), could result in an event of default which would materially and adversely affect our financial condition.

If there were an event of default under one of our debt instruments, the holders of the defaulted debt could cause all amounts outstanding with respect to that debt to be due and payable immediately. In addition, any event of default or declaration of acceleration under one debt instrument could result in an event of default under one or more of our other debt instruments, including the notes. It is possible that, if the defaulted debt is accelerated, our assets and cash flow may not be sufficient to fully repay borrowings under our outstanding debt instruments and we cannot assure you that we would be able to refinance or restructure the payments on those debt securities.

To service our indebtedness, we will require a significant amount of cash. Our ability to maintain our current cash position or generate cash depends on many factors beyond our control.

Our ability to make payments on and to refinance our indebtedness, including the notes, and to fund operations will depend on existing cash balances and our ability to generate cash in the future. This, to a certain extent, is subject to general economic, financial, competitive, regulatory and other factors that are beyond our control.

Our current businesses and businesses that we acquire may not generate sufficient cash to service our debt, including

the notes. In addition, we may not generate sufficient cash flow from operations or investments and future borrowings may not be available to us in an amount sufficient to enable us to service our indebtedness, including the notes, or to fund our other liquidity needs. We may need to refinance all or a portion of our indebtedness, including the notes, on or before maturity. We cannot assure you that we will be able to refinance any of our indebtedness, including the notes, on commercially reasonable terms or at all.

TABLE OF CONTENTS

The indenture does not restrict our ability to change our lines of business or invest the proceeds of asset sales and allows for the sale of all or substantially all of our and IEH's assets without the notes being assumed by the acquirers.

The indenture does not restrict in any way the businesses in which we may engage and if we were to change our current lines of business, in whole or in part, you would not be entitled to accelerated repayment of the notes. We also are not required to offer to purchase notes with the proceeds from asset sales, including in the event of the sale of all or substantially all of our assets or IEH's assets, and we may reinvest the proceeds without the approval of noteholders. In addition, we and IEH may sell all or substantially all of our and its assets without the notes being assumed by the acquirers.

We may not have sufficient funds necessary to finance the change of control offer required by the indenture.

Upon the occurrence of certain specific kinds of change of control events, we will be required to offer to repurchase all outstanding notes at 101% of their principal amount plus accrued and unpaid interest and liquidated damages, if any, to the date of repurchase. Mr. Icahn, through affiliates, currently owns 100% of IEGP and approximately 91.2% of our outstanding depositary units and 86.5% of our outstanding preferred units. If Mr. Icahn were to sell or otherwise transfer some or all of his interests in us to unrelated parties, a change of control could be deemed to have occurred under the terms of the indenture governing the notes. However, it is possible that we will not have sufficient funds at the time of the change of control to make the required repurchase of notes.

Federal and state statutes allow courts, under specific circumstances, to void guarantees and require noteholders to return payments received from the guarantor.

Under the federal bankruptcy law and comparable provisions of state fraudulent transfer laws, a guarantee could be voided, or claims in respect of a guarantee could be subordinated to all other debts of that guarantor if, among other things, the guarantor, at the time it incurred the indebtedness evidenced by its guarantee:

received less than reasonably equivalent value or fair consideration for the incurrence of such guarantee; and
was insolvent or rendered insolvent by reason of such incurrence; or
was engaged in a business or transaction for which the guarantor's remaining assets constituted unreasonably small capital; or
intended to incur, or believed that it would incur, debts beyond its ability to pay such debts as they mature.

In addition, any payment by that guarantor pursuant to its guarantee could be voided and required to be returned to the guarantor, or to a fund for the benefit of the creditors of the guarantor.

To service our indebtedness, we will require a significant amount of cash. Our ability to maintain our current cash po

The measures of insolvency for purposes of these fraudulent transfer laws will vary depending upon the law applied in any proceeding to determine whether a fraudulent transfer has occurred. Generally, however, a guarantor would be considered insolvent if:

the sum of its debts, including contingent liabilities, was greater than the fair saleable value of all of its assets; or the present fair saleable value of its assets was less than the amount that would be required to pay its probable liability on its existing debts, including contingent liabilities, as they become absolute and mature; or
it could not pay its debts as they become due.

On the basis of historical financial information, recent operating history and other factors, we believe that IEH, after giving effect to its guarantee of these notes, will not be insolvent, will not have unreasonably small capital for the businesses in which it is engaged and will not have incurred debts beyond its ability to pay

such debts as they mature. We cannot assure you, however, as to what standard a court would apply in making these determinations or that a court would agree with our conclusions in this regard.

As a noteholder you may be required to comply with licensing, qualification or other requirements under gaming laws and could be required to dispose of the notes.

Currently, ACEP's casino assets are comprised of the Stratosphere Casino Hotel & Tower, the Arizona Charlie's Decatur, the Arizona Charlie's Boulder and the Aquarius Casino Resort. We may be required to disclose the identities of the holders of the notes to the Nevada gaming authorities upon request. The Nevada Gaming Commission may, in its discretion, require a holder of the notes to file an application, be investigated and be found suitable to hold the notes. In addition, the Nevada Gaming Commission may, in its discretion, require the holder of any debt security of a company registered by the Nevada Gaming Commission as a publicly traded corporation to file an application, be investigated and be found suitable to own such debt security.

If a record or beneficial holder of a note is required by the Nevada Gaming Commission to be found suitable, such owner will be required to apply for a finding of suitability within 30 days after request of such gaming authority or within such earlier time prescribed by such gaming authority. The applicant for a finding of suitability must pay all costs of the application and investigation for such finding of suitability. If the Nevada Gaming Commission determines that a person is unsuitable to own such security, then, pursuant to the Nevada Gaming Control Act, we can be sanctioned, including the loss of our approvals, if, without the prior approval of the Nevada Gaming Commission, we:

pay to the unsuitable person any dividend, interest, or any distribution whatsoever;
recognize any voting right of the unsuitable person with respect to such securities;
pay the unsuitable person remuneration in any form; or

make any payment to the unsuitable person by way of principal, redemption, conversion, exchange, liquidation or similar transaction.

Each holder of the notes will be deemed to have agreed, to the extent permitted by law, that if the Nevada gaming authorities determine that a holder or beneficial owner of the notes must be found suitable, and if that holder or beneficial owner either refuses to file an application or is found unsuitable, that holder shall, upon our request, dispose of its notes within 30 days after receipt of our request, or earlier as may be ordered by the Nevada gaming authorities. We will also have the right to call for the redemption of notes of any holder at any time to prevent the loss or material impairment of a gaming license or an application for a gaming license at a redemption price equal to:

Federal and state statutes allow courts, under specific circumstances, to void guarantees and require noteholders to

the lesser of the cost paid by the holder or the fair market value of the notes, in each case, plus accrued and unpaid interest and liquidated damages, if any, to the earlier of the date of redemption, or earlier as may be required by the Nevada gaming authorities or the finding of unsuitability by the Nevada gaming authorities; or

such other lesser amount as may be ordered by the Nevada gaming authorities.

We will notify the trustee under the indenture in writing of any redemption as soon as practicable. We will not be responsible for any costs or expenses you may incur in connection with your application for a license, qualification or a finding of suitability, or your compliance with any other requirement of a gaming authority. The indenture also provides that as soon as a gaming authority requires you to sell your notes, you will, to the extent required by applicable gaming laws, have no further right:

to exercise, directly or indirectly, any right conferred by the notes or the indenture; or to receive from us any interest, dividends or any other distributions or payments, or any remuneration in any form, relating to the notes, except the redemption price we refer to above.

On April 22, 2007, AEP entered into a Membership Interest Purchase Agreement with W2007/ACEP Holdings, LLC, an affiliate of Whitehall Street Real Estate Funds, to sell all of the issued and outstanding

membership interests of ACEP, which comprise our remaining gaming operations. If the transaction is consummated, the above-referenced gaming requirements will be inapplicable.

Since we are a limited partnership, you may not be able to pursue legal claims against us in U.S. federal courts.

We are a limited partnership organized under the laws of the state of Delaware. Under the rules of federal civil procedure, you may not be able to sue us in federal court on claims other than those based solely on federal law, because of lack of complete diversity. Case law applying diversity jurisdiction deems us to have the citizenship of each of our limited partners. Because we are a publicly traded limited partnership, it may not be possible for you to sue us in a federal court because we have citizenship in all 50 U.S. states and operations in many states. Accordingly, you will be limited to bringing any claims in state court. Furthermore, IEF, our corporate co-issuer for the notes, has only nominal assets and no operations. While you may be able to sue the corporate co-issuer in federal court, you are not likely to be able to realize on any judgment rendered against it.

We may be subject to the pension liabilities of our affiliates.

Mr. Icahn, through certain affiliates, currently owns 100% of IEGP and approximately 91.2% of our outstanding depositary units and 86.5% of our outstanding preferred units. Applicable pension and tax laws make each member of a controlled group of entities, generally defined as entities in which there are at least an 80% common ownership interest, jointly and severally liable for certain pension plan obligations of any member of the controlled group. These pension obligations include ongoing contributions to fund the plan, as well as liability for any unfunded liabilities that may exist at the time the plan is terminated. In addition, the failure to pay these pension obligations when due may result in the creation of liens in favor of the pension plan or the Pension Benefit Guaranty Corporation, or the PBGC, against the assets of each member of the controlled group.

As a result of the more than 80% ownership interest in us by Mr. Icahn's affiliates, we and our subsidiaries are subject to the pension liabilities of all entities in which Mr. Icahn has a direct or indirect ownership interest of at least 80%.

One such entity, ACF Industries LLC, or ACF, is the sponsor of several pension plans which, as of December 31, 2006, were not underfunded on an ongoing actuarial basis but would be underfunded by approximately \$87.2 million

As a noteholder you may be required to comply with licensing, qualification or other requirements under gaming law

if those plans were terminated, as most recently reported by the plans' actuaries. These liabilities could increase or decrease, depending on a number of factors, including future changes in promised benefits, investment returns, and the assumptions used to calculate the liability. As members of the controlled group, we would be liable for any failure of ACF to make ongoing pension contributions or to pay the unfunded liabilities upon a termination of the ACF pension plans. In addition, other entities now or in the future within the controlled group that includes us may have pension plan obligations that are, or may become, underfunded and we would be liable for any failure of such entities to make ongoing pension contributions or to pay the unfunded liabilities upon a termination of such plans.

The current underfunded status of the ACF pension plans requires ACF to notify the PBGC of certain reportable events, such as if we cease to be a member of the ACF controlled group, or if we make certain extraordinary dividends or stock redemptions. The obligation to report could cause us to seek to delay or reconsider the occurrence of such reportable events.

Starfire Holding Corporation, or Starfire, which is 100% owned by Mr. Icahn, has undertaken to indemnify us and our subsidiaries from losses resulting from any imposition of certain pension funding or termination liabilities that may be imposed on us and our subsidiaries or our assets as a result of being a member of the Icahn controlled group. The Starfire indemnity (which does not extend to pension liabilities of our subsidiaries that would be imposed on us as a result of our interest in these subsidiaries and not as a result of Mr. Icahn's and his affiliates' more than 80% ownership interest in us) provides, among other things, that so long as such contingent liabilities exist and could be imposed on us, Starfire will not make any distributions to its stockholders that would reduce its net worth to below \$250.0 million. Nonetheless, Starfire may not be able to fund its indemnification obligations to us.

TABLE OF CONTENTS

We are subject to the risk of possibly becoming an investment company.

Because we are a holding company and a significant portion of our assets may, from time to time, consist of investments in companies in which we own less than a 50% interest, we run the risk of inadvertently becoming an investment company that is required to register under the Investment Company Act of 1940, as amended, or the Investment Company Act. Registered investment companies are subject to extensive, restrictive and potentially adverse regulation relating to, among other things, operating methods, management, capital structure, dividends and transactions with affiliates. Registered investment companies are not permitted to operate their business in the manner in which we operate our business, nor are registered investment companies permitted to have many of the relationships that we have with our affiliated companies.

In order not to become an investment company required to register under the Investment Company Act, we monitor the value of our investments and structure transactions with an eye toward the Investment Company Act. As a result, we may structure transactions in a less advantageous manner than if we did not have Investment Company Act concerns, or we may avoid otherwise economically desirable transactions due to those concerns. In addition, events beyond our control, including significant appreciation or depreciation in the market value of certain of our publicly traded holdings, or adverse developments with respect to our ownership of certain of our subsidiaries, such as our potential loss of control of WPI, could result in our inadvertently becoming an investment company.

If it were established that we were an investment company, there would be a risk, among other material adverse consequences, that we could become subject to monetary penalties or injunctive relief, or both, in an action brought by the SEC, that we would be unable to enforce contracts with third parties or that third parties could seek to obtain rescission of transactions with us undertaken during the period it was established that we were an unregistered investment company.

We may be subject to the pension liabilities of our affiliates.

19

We may become taxable as a corporation.

We believe that we have been and are properly treated as a partnership for federal income tax purposes. This allows us to pass through our income and deductions to our partners. However, the Internal Revenue Service, or IRS, could challenge our partnership status and we could fail to qualify as a partnership for past years as well as future years.

Qualification as a partnership involves the application of highly technical and complex provisions of the Internal Revenue Code of 1986, as amended, or the Code. For example, a publicly traded partnership is generally taxable as a corporation unless 90% or more of its gross income is qualifying income, which includes interest, dividends, oil and gas revenues, real property rents, gains from the sale or other disposition of real property, gain from the sale or other disposition of capital assets held for the production of interest or dividends, and certain other items. We believe that in all prior years of our existence at least 90% of our gross income was qualifying income and we intend to structure our business in a manner such that at least 90% of our gross income will constitute qualifying income this year and in the future. However, there can be no assurance that such structuring will be effective in all events to avoid the receipt of more than 10% of non-qualifying income. If less than 90% of our gross income constitutes qualifying income, we may be subject to corporate tax on our net income at a federal rate of up to 35% plus possible state taxes. Further, if less than 90% of our gross income constituted qualifying income for past years, we may be subject to corporate-level tax plus interest and possibly penalties. In addition, if we register under the Investment Company Act, it is likely that we would be treated as a corporation for U.S. federal income tax purposes. The cost of paying federal and possibly state income tax, either for past years or going forward, could be a significant liability and would reduce our funds available to make interest and principal payments on our debt securities, including the notes. To meet the qualifying income test, we may structure transactions in a manner that is less advantageous than if this were not a consideration, or we may avoid otherwise economically desirable transactions.

Legislation has been introduced into Congress which, if enacted, could have a material and adverse effect on us. These proposals include legislation which would tax publicly traded partnerships engaged in the asset management business, such as us, as corporations. Other proposals would treat the income from carried interests, when recognized for tax purposes, as ordinary income and as not qualifying as investment income for purposes of the 90% investment income test that publicly traded partnerships must meet to be classified as partnerships. It is unclear whether such legislation will be enacted. Moreover, it is unclear what specific

14

TABLE OF CONTENTS

provisions may be enacted, including what the effective date will be, and accordingly what any such legislation's impact will be on us. It is possible that if such legislation were enacted we would be treated as an association, taxable as a corporation, which would materially increase our taxes. As an alternative, we might be required to restructure our operations, and possibly dispose of certain businesses, in order to avoid or mitigate the impact of any such legislation.

Certain members of our management team may be involved in other business activities that may involve conflicts of interest.

Certain individual members of our management team may, from time to time, be involved in the management of other businesses, including those owned or controlled by Mr. Icahn and his affiliates. Accordingly, these individuals may focus a portion of their time and attention on managing these other businesses. Conflicts may arise in the future between our interests and the interests of the other entities and business activities in which such individuals are involved.

Risks Relating to Our Business

General

In addition to the following risk factors specific to each of our businesses, all of our businesses are subject to the effects of the following:

the continued threat of terrorism;
economic downturn;
loss of any of our or our subsidiaries' key personnel;
the unavailability, as needed, of additional financing; and
the unavailability of insurance at acceptable rates.

Gaming

Our sale of ACEP may not be successfully completed.

On April 22, 2007, AEP entered into a Membership Interest Purchase Agreement with Whitehall Street Real Estate Funds to sell all of the issued and outstanding membership interests of ACEP, which comprises our remaining gaming operations. The transaction is subject to the approval of the Nevada Gaming Commission and the Nevada State Gaming Control Board, as well as customary conditions. The parties expect to close the transaction by the end of the first quarter in 2008; however, we cannot assure you that we will be able to consummate the transaction.

The following risks relate to our current gaming operations.

The gaming industry is highly regulated. The gaming authorities and state and municipal licensing authorities have significant control over our operations.

Our properties currently conduct licensed gaming operations in Nevada. Various regulatory authorities, including the Nevada State Gaming Control Board and the Nevada Gaming Commission, require our properties to hold various licenses and registrations, findings of suitability, permits and approvals to engage in gaming operations and to meet requirements of suitability. These gaming authorities also control approval of ownership interests in gaming operations. These gaming authorities may deny, limit, condition, suspend or revoke our gaming licenses, registrations, findings of suitability or the approval of any of our ownership interests in any of our licensed gaming operations, any of which could have a significant adverse effect on our business, financial condition and results of operations, for any cause they may deem reasonable. If we violate gaming laws or regulations that are applicable to us, we may have to pay substantial fines or forfeit assets. If, in the future, we operate or have an ownership interest in casino gaming facilities located outside of Nevada, we would also be subject to the gaming laws and regulations of those other jurisdictions.

The sale of alcoholic beverages at our gaming properties is subject to licensing and regulation by local authorities. Any limitation, condition, suspension or revocation of, or disciplinary action with respect to, any

TABLE OF CONTENTS

such license would reduce the number of visitors to our casinos to the extent the availability of alcoholic beverages is important to them. Any reduction in our number of visitors will reduce our revenue and cash flow.

Rising operating costs for our gaming properties could have a negative impact on our profitability.

The operating expenses associated with our gaming properties could increase due to some of the following factors:

our properties use significant amounts of electricity, natural gas and other forms of energy, and energy price increases may reduce our profitability;

our properties use significant amounts of water and a water shortage may adversely affect our operations; some of our employees are covered by collective bargaining agreements and we may incur higher costs or work slow-downs or stoppages due to union activities; and

our reliance on slot machine revenues and the concentration of manufacturing of slot machines in certain companies could impose additional costs on us.

We face substantial competition in the gaming industry.

The gaming industry in general, and the markets in which we compete in particular, are highly competitive:

we compete with many world-class destination resorts with greater name recognition and different attractions, amenities and entertainment options;

we compete with the continued growth of gaming on Native American tribal lands;

the existence of legalized gambling in other jurisdictions may reduce the number of visitors to our properties; certain states have legalized, and others may legalize, casino gaming in specific venues, including race tracks and/or in specific areas, including metropolitan areas from which we traditionally attract customers; and

our properties also compete, and will in the future compete, with all forms of legalized gambling.

Many of our competitors have greater financial, selling and marketing, technical and other resources than we do. We may not be able to compete effectively with our competitors and we may lose market share, which could reduce our revenue and cash flow.

We cannot guarantee that we will be able to recover our investment made in connection with the acquisition of the Aquarius.

On May 19, 2006, our wholly owned subsidiary, AREP Laughlin Corporation, acquired the Aquarius Casino Resort, or the Aquarius, from affiliates of Harrah's Operating Company, Inc., or Harrah's, for approximately \$113.6 million, including working capital. Acquisitions generally involve significant risks, including difficulties in the assimilation of the operations, services and corporate culture of the acquired company.

Pursuant to Membership Interest Purchase Agreement that AEP has entered into with Whitehall Street Real Estate Funds to sell the issued and outstanding membership interests of ACEP, we have agreed to make capital expenditures, including \$10.5 million through 2007 to refurbish rooms, upgrade amenities and acquire new gaming equipment for the Aquarius.

There can be no assurance that this acquisition will be profitable or that we will be able to recover our investments either upon the sale of ACEP or, if the sale is not consummated, in our future gaming operations.

Real Estate Operations

Our investment in property development may be more costly than anticipated.

We have invested and expect to continue to invest in unentitled land, undeveloped land and distressed development properties. These properties involve more risk than properties on which development has been completed. Unentitled land may not be approved for development. These investments do not generate any operating revenue, while costs are incurred to obtain government approvals and develop the properties. Construction may not be completed within budget or as scheduled and projected rental levels or sales prices may not be achieved and other unpredictable contingencies beyond our control could occur. We will not be able to recoup any of such costs until such time as these properties, or parcels thereof, are either disposed of or developed into income-producing assets.

We may be subject to environmental liability as an owner or operator of development and rental real estate.

Under various federal, state and local laws, ordinances and regulations, an owner or operator of real property may become liable for the costs of removal or remediation of certain hazardous substances, pollutants and contaminants released on, under, in or from its property. These laws often impose liability without regard to whether the owner or operator knew of, or was responsible for, the release of such substances. To the extent any such substances are found in or on any property invested in by us, we could be exposed to liability and be required to incur substantial remediation costs. The presence of such substances or the failure to undertake proper remediation may adversely affect the ability to finance, refinance or dispose of such property. We generally conduct a Phase I environmental site assessment on properties in which we are considering investing. A Phase I environmental site assessment involves record review, visual site assessment and personnel interviews, but does not typically include invasive testing procedures such as air, soil or groundwater sampling or other tests performed as part of a Phase II environmental site assessment. Accordingly, there can be no assurance that these assessments will disclose all potential liabilities or that future property uses or conditions or changes in applicable environmental laws and regulations or activities at nearby properties will not result in the creation of environmental liabilities with respect to a property.

Home Fashion Operations

Pending legal proceedings may result in our ownership of WPI's common stock being reduced to less than 50%. A legal action in Delaware challenges the issuance to us of the preferred stock of WPI. Uncertainties arising from these proceedings may adversely affect WPI's operations and prospects and the value of our investment in it.

As of September 30, 2007, we owned approximately 67.7% of the outstanding shares of common stock and 100% of the preferred stock of WPI. As a result of a decision of the U.S. District Court for the Southern District of New York reversing certain provisions of the Bankruptcy Court order pursuant to which we acquired our ownership of a majority of the common stock of WPI, the proceedings in the Bankruptcy Court on remand and the proceedings filed in the Court of Chancery in the State of Delaware, our percentage of the outstanding shares of common stock of WPI could be reduced to less than 50% and perhaps substantially less and our ownership of the preferred stock of WPI could also be affected.

If we were to lose control of WPI, it could adversely affect the business and prospects of WPI and the value of our investment in it. In addition, we consolidated the balance sheet of WPI as of September 30, 2007 and WPI's results of operations for the period from the date of acquisition (August 8, 2005) through September 30, 2007. If we were to

own less than 50% of the outstanding common stock or the challenge to our preferred stock ownership is successful, we would have to evaluate whether we should consolidate WPI and if so our financial statements could be materially different than as presented as of September 30, 2007, June 30, 2007, March 31, 2007, December 31, 2006 and December 31, 2005 and for the periods then ended.

WPI acquired its business from its former owners through bankruptcy proceedings. We cannot assure you that it will be able to operate profitably.

WPI acquired the assets of WestPoint Stevens Inc., or WestPoint Stevens, as part of its bankruptcy proceedings. Certain of the issues that contributed to WestPoint Stevens' filing for bankruptcy, such as intense industry competition, the inability to produce goods at a cost competitive with overseas suppliers, the increasing prevalence of direct sourcing by principal customers and continued incurrence of overhead costs

17

TABLE OF CONTENTS

associated with an enterprise larger than the current business can profitably support, continue to exist and may continue to affect WPI's business operations and financial condition adversely. In addition, during the protracted bankruptcy proceedings of WestPoint Stevens, several of its customers reduced the volume of business done with WestPoint Stevens. We have installed new management to address these issues, but we cannot assure you that new management will be effective.

WPI operated at a loss during year 2006 as well as for the nine months ended September 30, 2007, and we expect that WPI will continue to operate at a loss during the remainder of 2007. We cannot assure you that it will be able to operate profitably in the future.

The loss of any of WPI's large customers could have an adverse effect on WPI's business.

During 2006 and the nine-month period ended September 30, 2007, WPI's six largest customers accounted for approximately 50% and 53%, respectively, of its net sales. Other retailers have indicated that they intend to significantly increase their direct sourcing of home fashion products from foreign sources. The loss of any of WPI's largest accounts, or a material portion of sales to those accounts, would have an adverse effect upon its business, which could be material.

A portion of WPI's sales are derived from licensed designer brands. The loss of a significant license could have an adverse effect on WPI's business.

A portion of WPI's sales is derived from licensed designer brands. The license agreements for WPI's designer brands generally are for a term of two or three years. Some of the licenses are automatically renewable for additional periods, provided that sales thresholds set forth in the license agreements are met. The loss of a significant license could have an adverse effect upon WPI's business, which effect could be material. Under certain circumstances, these licenses can be terminated without WPI's consent due to circumstances beyond WPI's control.

A shortage of the principal raw materials WPI uses to manufacture its products could force WPI to pay more for those materials and, possibly, cause WPI to increase its prices, which could have an adverse effect on WPI's

operations.

Any shortage in the raw materials WPI uses to manufacture its products could adversely affect its operations. The principal raw materials that WPI uses in the manufacture of its products are cotton of various grades and staple lengths and polyester and nylon in staple and filament form. Since cotton is an agricultural product, its supply and quality are subject to weather patterns, disease and other factors. The price of cotton is also influenced by supply and demand considerations, both domestically and worldwide, and by the cost of polyester. Although WPI has been able to acquire sufficient quantities of cotton for its operations in the past, any shortage in the cotton supply by reason of weather patterns, disease or other factors, or a significant increase in the price of cotton, could adversely affect its operations.

The price of man-made fibers, such as polyester and nylon, is influenced by demand, manufacturing capacity and costs, petroleum prices, cotton prices and the cost of polymers used in producing these fibers. In particular, the effect of increased energy prices may have a direct impact upon the cost of dye and chemicals, polyester and other synthetic fibers. Any significant prolonged petrochemical shortages could significantly affect the availability of man-made fibers and could cause a substantial increase in demand for cotton. This could result in decreased availability of cotton and possibly increased prices and could adversely affect WPI's operations.

The home fashion industry is highly competitive and WPI's success depends on WPI's ability to compete effectively in the market.

The home fashion industry is highly competitive. WPI's future success will, to a large extent, depend on its ability to remain a low-cost producer and to remain competitive. WPI competes with both foreign and domestic companies on, among other factors, the basis of price, quality and customer service. In the home fashion market, WPI competes with many companies. WPI's future success depends on its ability to remain competitive in the areas of marketing, product development, price, quality, brand names, manufacturing capabilities, distribution and order processing. We cannot assure you of WPI's ability to compete effectively in any of these areas. Any failure to compete effectively could adversely affect WPI's sales and, accordingly, its

18

operations. Additionally, the easing of trade restrictions over time has led to growing competition from low priced products imported from Asia and Latin America. The lifting of import quotas in 2005 has accelerated the loss of WPI's market share. There can be no assurance that the foreign competition will not grow to a level that could have an adverse effect upon WPI's ability to compete effectively.

WPI intends to increase the percentage of its products that are made overseas. There is no assurance that WPI will be successful in obtaining goods of sufficient quality on a timely basis and on advantageous terms. WPI will be subject to additional risks relating to doing business overseas.

WPI intends to increase the percentage of its products that are made overseas and may face additional risks associated with these efforts. Adverse factors that WPI may encounter include:

- logistical challenges caused by distance;
- language and cultural differences;
- legal and regulatory restrictions;
- the difficulty of enforcing agreements with overseas suppliers;
- currency exchange rate fluctuations;

A shortage of the principal raw materials WPI uses to manufacture its products could force WPI to pay more for those

political and economic instability; and
potential adverse tax consequences.

We intend to close substantially all of our retail stores in our continuing restructuring efforts.

We intend to close substantially all of our retail stores based on a comprehensive evaluation of the stores' long-term growth prospects and their on-going value to the business. On October 18, 2007, we entered into an agreement to sell the inventory at substantially all of WPI's retail stores. To improve WPI's competitive position, WPI intends to continue to restructure its operations to significantly reduce its cost of sales by closing certain plants located in the United States, sourcing goods from lower-cost overseas facilities and, potentially, acquiring manufacturing facilities outside of the United States. There is no assurance that WPI will be successful in its continuing restructuring efforts, the failure of which could adversely impact WPI's profitability and ability to compete effectively.

There has been consolidation of retailers of WPI's products that may reduce its profitability.

Retailers of consumer goods have consolidated and become more powerful over time. As buying power has become more concentrated, pricing pressure on vendors has grown. With the ability to buy imported products directly from foreign sources, retailers' pricing leverage has increased and also allowed for growth in private label brands that displace and compete with WPI's proprietary brands. Retailers' pricing leverage has resulted in a decline in WPI's unit pricing and margins and resulted in a shift in product mix to more private label programs. If WPI is unable to diminish the decline in its pricing and margins, it may not be able to achieve or maintain profitability.

WPI is subject to various federal, state and local environmental and health and safety laws and regulations. If it does not comply with these regulations, it may incur significant costs in the future to become compliant.

WPI is subject to various federal, state and local laws and regulations governing, among other things, the discharge, storage, handling, usage and disposal of a variety of hazardous and non-hazardous substances and wastes used in, or resulting from, its operations, including potential remediation obligations under those laws and regulations. WPI's operations are also governed by federal, state and local laws and regulations relating to employee safety and health which, among other things, establish exposure limitations for cotton dust, formaldehyde, asbestos and noise, and which regulate chemical, physical and ergonomic hazards in the workplace. Consumer product safety laws, regulations and standards at the federal and state level govern the manufacture and sale of products by WPI. Although WPI does not expect that compliance with any of these laws and regulations will adversely affect its operations, we cannot assure you that regulatory requirements will not become more stringent in the future or that WPI will not incur significant costs to comply with those requirements.

Investment Management

The historical and unaudited pro forma financial information for our investment management operations is not necessarily indicative of the future performance of our investment management operations.

The financial results of our investment management operations are primarily driven by the assets under management, or AUM, and the performance of the Private Funds (as defined herein). The historical consolidated financial information contained in our Current Report on Form 8-K filed with the SEC on October 24, 2007 (which we refer to as our October Form 8-K) for our investment management operations is not indicative of the future financial results of our investment management operations. In particular, with respect to the historical returns of our investment management operations:

in the past few years, the rates of returns of certain of the Private Funds have benefited from favorable market conditions and profitable investment opportunities that may not repeat themselves; the rates of return reflect the historical cost configuration of our investment management operations, which may change in the future due to factors beyond our control, including changes in laws; and future returns may be affected by the risks described elsewhere in this report, including risks of the industries and businesses in which a particular fund invests.

In addition, the unaudited pro forma financial information contained in our October Form 8-K with respect to our investment management operations gives effect to our acquisition of the general partnership interests in the General Partners of the Private Funds and New Icahn Management (as each term is defined herein) on August 8, 2007 as if it had occurred on November 1, 2004 for statements of operations purposes and June 30, 2007 for balance sheet purposes. The unaudited pro forma condensed consolidated results do not purport to be indicative of the financial position and results of operations that we will achieve in the future, or that we would have obtained if the acquisition of the interests in the Private Funds and New Icahn Management were effective as of the date indicated above.

Poor performance of the Private Funds could cause a decline in our investment management operations revenue, may reduce or eliminate our incentive allocations for one or more periods, and may adversely affect AUM for the Private Funds.

Our revenue from our investment management operations is derived principally from three sources: (1) management fees; (2) incentive allocations, earned based upon the Private Funds performance; and (3) gains or losses in our investments in the Private Funds. In the event that one or more of the Private Funds were to perform poorly, our investment management operations revenue could decline. Moreover, in the event that the performance of one or more Private Funds is negative, our investment management operations revenue could decline and we may not receive any incentive allocation. Furthermore, if a Private Fund has net losses (from net realized and unrealized losses), such losses will be carried forward and incentive allocations will not be earned until such losses are recovered. Moreover, we could experience losses on our investments of our own principal as a result of any such poor performance of the Private Funds. Poor performance could make it more difficult for the Private Funds to raise new capital. Poor performance may cause existing investors in the Private Funds to redeem their investments in the Private Funds. Investors and potential investors in the Private Funds continually assess the Private Funds performance. The ability of the Private Funds to raise capital, and the avoidance of excessive redemption levels, will depend on the Private Funds continued performance at a level that is satisfactory to investors and potential investors in the Private Funds.

Successful execution of the Private Funds investment strategy involves many risks, certain of which are outside of our control.

The success of the Private Funds' investment strategy may require, among other things: (i) that the Investment Management and GP Entities (as defined herein) properly identify companies whose securities prices can be improved through corporate and/or strategic action; (ii) that the Private Funds acquire sufficient securities of such companies at a sufficiently attractive price; (iii) that the Private Funds avoid triggering anti-takeover and regulatory obstacles while aggregating their positions; (iv) that management of portfolio companies and other security holders respond positively to our proposals and (v) that the market price of a

portfolio company's securities increases in response to any actions taken by the portfolio company. We can not assure you that any of the foregoing will succeed.

Our investment management operations are materially affected by conditions in the global markets and economic conditions throughout the world. The global market and economic climate may deteriorate because of many factors beyond the control of the Investment Management and GP Entities, including rising interest rates or inflation, terrorism or political uncertainty. In the event of a market downturn, the Private Funds could be affected in different ways. Furthermore, while difficult market conditions may increase opportunities to make certain distressed asset investments, such conditions may also increase the risk of default with respect to investments held by the Private Funds that have significant debt investments.

The Private Funds may fail to realize any profits from their investment activities for a considerable period of time and we may lose some or all of the principal amount we invest in the Private Funds. This risk may be magnified due to concentration of investments and investments in undervalued securities.

Our investment management operations revenue depends on the investments made by the Private Funds. Certain investment positions in which each Private Fund may have an interest will be illiquid. The Private Funds may own restricted or non-publicly traded securities and securities traded on foreign exchanges. These investments could prevent a Private Fund from liquidating unfavorable positions promptly and subject the Private Fund to substantial losses.

At any given time, a Private Fund's assets may become highly concentrated within a particular company, industry, asset category, trading style or financial or economic market. In that event, the Private Fund's portfolio will be more susceptible to fluctuations in value resulting from adverse economic conditions affecting the performance of that particular company, industry, asset category, trading style or economic market than a less concentrated portfolio would be. As a result, the Private Fund's investment portfolio could become concentrated and its aggregate return may be volatile and may be affected substantially by the performance of only one or a few holdings.

The Private Funds seek to invest in securities that are undervalued. The identification of investment opportunities in undervalued securities is a difficult task, and there are no assurances that such opportunities will be successfully recognized or acquired. While investments in undervalued securities offer the opportunity for above-average capital appreciation, these investments involve a high degree of financial risk and can result in substantial losses. Returns generated from the Private Funds' investments may not adequately compensate for the business and financial risks assumed.

From time to time, each Private Fund may invest in bonds or other fixed income securities, such as commercial paper and higher yielding (and, therefore, higher risk) debt securities. It is likely that a major economic recession could disrupt severely the market for such securities and may have an adverse impact on the value of such securities. In addition, it is likely that any such economic downturn could adversely affect the ability of the issuers of such securities to repay principal and pay interest thereon and increase the incidence of default for such securities.

For reasons not necessarily attributable to any of the risks set forth in this prospectus (for example, supply/demand imbalances or other market forces), the prices of the securities in which the Private Funds invest may decline

Successful execution of the Private Funds' investment strategy involves many risks, certain of which are outside of

substantially. In particular, purchasing assets at what may appear to be undervalued levels is no guarantee that these assets will not be trading at even more undervalued levels at a time of valuation or at the time of sale.

The use of leverage in investments by the Private Funds poses a significant degree of risk and enhances the possibility of significant loss in the value of the investments in the Private Funds.

Each Private Fund may leverage its capital if its general partner believes that the use of leverage may enable the Private Fund to achieve a higher rate of return. Accordingly, a Private Fund may pledge its securities in order to borrow additional funds for investment purposes. Each Private Fund may also leverage its investment return with options, short sales, swaps, forwards and other derivative instruments. The amount of borrowings that each Private Fund may have outstanding at any time may be substantial in relation to its capital.

21

TABLE OF CONTENTS

While leverage may present opportunities for increasing a Private Fund's total return, leverage may increase losses as well. Accordingly, any event that adversely affects the value of an investment by a Private Fund would be magnified to the extent such fund is leveraged. The cumulative effect of the use of leverage by each Private Fund in a market that moves adversely to the Private Fund's investments could result in a substantial loss to the Private Fund that would be greater than if the Private Fund was not leveraged.

In general, the use of short-term margin borrowings results in certain additional risks to the Private Funds. For example, should the securities pledged to brokers to secure any Private Fund's margin accounts decline in value, the Private Fund could be subject to a margin call, pursuant to which it must either deposit additional funds or securities with the broker, or suffer mandatory liquidation of the pledged securities to compensate for the decline in value. In the event of a sudden drop in the value of any of the Private Fund's assets, the Private Fund might not be able to liquidate assets quickly enough to satisfy its margin requirements.

Any of the Private Funds may enter into repurchase and reverse repurchase agreements. When a Private Fund enters into a repurchase agreement, it sells securities issued by the U.S. or a non-U.S. government, or agencies thereof, to a broker-dealer or financial institution, and agrees to repurchase such securities for the price paid by the broker-dealer or financial institution, plus interest at a negotiated rate. In a reverse repurchase transaction, the Private Fund buys securities issued by the U.S. or a non-U.S. government, or agencies thereof, from a broker-dealer or financial institution, subject to the obligation of the broker-dealer or financial institution to repurchase such securities at the price paid by the Private Fund, plus interest at a negotiated rate. The use of repurchase and reverse repurchase agreements by any of the Private Funds involves certain risks. For example, if the seller of securities to a Private Fund under a reverse repurchase agreement defaults on its obligation to repurchase the underlying securities, as a result of its bankruptcy or otherwise, the Private Fund will seek to dispose of such securities, which action could involve costs or delays. If the seller becomes insolvent and subject to liquidation or reorganization under applicable bankruptcy or other laws, the Private Fund's ability to dispose of the underlying securities may be restricted. Finally, if a seller defaults on its obligation to repurchase securities under a reverse repurchase agreement, the Private Fund may suffer a loss to the extent it is forced to liquidate its position in the market, and proceeds from the sale of the underlying securities are less than the repurchase price agreed to by the defaulting seller.

The financing used by each Private Fund to leverage its portfolio will be extended by securities brokers and dealers in the marketplace in which the Private Fund invests. While the Private Fund will attempt to negotiate the terms of these financing arrangements with such brokers and dealers, its ability to do so will be limited. The Private Fund is therefore subject to changes in the value that the broker-dealer ascribes to a given security or position, the amount of margin

The Private Funds may fail to realize any profits from their investment activities for a considerable period of time and

required to support such security or position, the borrowing rate to finance such security or position and/or such broker-dealer's willingness to continue to provide any such credit to the Private Fund. Because each Private Fund currently has no alternative credit facility which could be used to finance its portfolio in the absence of financing from broker-dealers, it could be forced to liquidate its portfolio on short notice to meet its financing obligations. The forced liquidation of all or a portion of the Private Fund's portfolios at distressed prices could result in significant losses to the Private Fund.

The possibility of increased regulatory focus could result in additional burdens on our investment management operations. Changes in tax law could adversely affect us.

As a result of recent highly publicized financial scandals, investors have exhibited concerns over the integrity of the U.S. financial markets, and the regulatory environment in which our investment management business operates is subject to further regulation in addition to the rules already promulgated. In particular, in recent years, there has been ongoing debate by U.S. and foreign governments regarding new rules and regulations for investment funds. Our investment management operations may be adversely affected by the enactment of new or revised regulations, or changes in the interpretation or enforcement of rules and regulations imposed by the SEC, other U.S. or foreign governmental regulatory authorities or self-regulatory organizations that supervise the financial markets. For example, the SEC may require all hedge fund managers to register under the Investment Advisors Act of 1940, as amended.

Such changes could place limitations on the type of investor that can invest in the Private Funds. Further, such changes may limit the scope of investment activities that may be undertaken by the Private Funds' managers. Any such changes could increase the

22

TABLE OF CONTENTS

cost of our investment management operations doing business and/or materially adversely impact its profitability. In addition, the securities and futures markets are subject to comprehensive statutes, regulations and margin requirements. The SEC, other regulators and self-regulatory organizations and exchanges are authorized to take extraordinary actions in the event of market emergencies. The regulation of derivatives transactions and funds that engage in such transactions is an evolving area of law and is subject to modification by government and judicial action. The effect of any future regulatory change on the Private Funds could be substantial and adverse.

In addition, changes in tax law could adversely affect us. Legislation has been introduced in Congress which, if enacted, could have a material and adverse effect on us. Proposals include legislation which would tax publicly traded partnerships engaged in the investment management business, such as us, as corporations. Other proposals would treat the income from carried interests, when recognized for tax purposes, as ordinary income and as not qualifying as investment income for purposes of the 90% investment income test that publicly traded partnerships must meet to be classified as partnerships. It is unclear whether such legislation will be enacted. Moreover, it is unclear what specific provisions may be enacted, including what the effective date will be, and accordingly what any such legislation's impact will be on us. It is possible that if such legislation were enacted we would be treated as an association, taxable as a corporation, which would materially increase our taxes. As an alternative, we might be required to restructure our operations, and possibly dispose of certain businesses, in order to avoid or mitigate the impact of any such legislation.

The investment management business is intensely competitive.

The investment management business is intensely competitive, with competition based on a variety of factors, including investment performance, the quality and experience of investment professionals and business reputation.

The use of leverage in investments by the Private Funds poses a significant degree of risk and enhances the possibility

The Private Funds compete for fund investors, investment opportunities and talent with an increasing number of hedge funds, private equity funds, specialized funds, traditional asset managers, commercial banks and other financial institutions.

Several of our competitors have recently raised, or are expected to raise, significant amounts of capital and many of them have similar investment objectives to the Private Funds, which may create additional competition for investment opportunities for the Private Funds and may reduce the size and duration of pricing inefficiencies that many alternative investment strategies seek to exploit. Our competitors may benefit from a lower cost of capital or have higher risk tolerance or different risk assessments, which may allow them to bid more aggressively than us.

The Private Funds may lose investment opportunities in the future if they do not match investment prices, structures and terms offered by competitors. Alternatively, the Private Funds may experience decreased rates of return and increased risks of loss if they match investment price structures and terms offered by competitors. In addition, changes in the global capital markets could diminish the attractiveness of the Private Funds relative to investments in other investment products. This competitive pressure could materially adversely affect the ability of the Investment Management and GP Entities to make successful investments for the Private Funds and reduce the AUM of the Private Funds; either of which would materially adversely impact our investment management operations revenue and earnings.

These and other factors could reduce our investment management operations revenue and earnings and materially adversely affect our investment management operations.

The failure of Mr. Icahn to participate in the management of the Private Funds could have a material adverse effect on the Private Funds and on us.

The success of the Private Funds depends upon the ability of the Investment Management and GP Entities to develop and implement investment strategies that achieve the Private Funds investment objectives. Subjective decisions made by employees of the Investment Management and GP Entities may cause the Private Funds to incur losses or to miss profit opportunities on which the Private Funds would otherwise have capitalized. In the event that Mr. Icahn ceases to participate in the management of the Private Funds, the consequences to the Private Funds and our investment in them could be material and adverse and could lead to the premature termination of the Private Funds.

23

TABLE OF CONTENTS

In the event that Mr. Icahn dies, or is unable, by reason of illness or injury, to perform his duties as chief executive officer of the General Partners for 90 consecutive days, or for any reason other than death, illness or injury ceases to perform those duties, the investors in each of the Private Funds will have certain redemption rights. The occurrence of such an event could have a material adverse effect on the revenues and earnings of our investment management business, and the ability of the Private Funds to maintain or grow their AUM. Such redemptions could lead possibly to a liquidation of one or more of the Private Funds and a corresponding elimination of our management fees and potential to earn incentive allocations. The loss of Mr. Icahn could, therefore, ultimately result in a loss of substantially all of the earnings of our investment management business.

The Private Funds make investments in companies we do not control.

Investments by the Private Funds include investments in debt or equity securities of publicly traded companies that we do not control. Such investments may be acquired by a Private Fund through open market trading activities or through purchases of securities from the issuer. These investments will be subject to the risk that the company in which the

The investment management business is intensely competitive.

investment is made may make business, financial or management decisions with which the Investment Management and GP Entities disagree or that the majority of stakeholders or the management of the company may take risks or otherwise act in a manner that does not serve the best interests of the Private Fund. In addition, a Private Fund may make investments in which it shares control over the investment with co-investors, which may make it more difficult for it to implement its investment approach or exit the investment when it otherwise would. If any of the foregoing were to occur, the values of the investments by the Private Funds could decrease and our investment management operations revenues could suffer as a result.

The ability to hedge investments successfully is subject to numerous risks.

Although the Investment Management and GP Entities have not generally hedged investments against market risk, the Private Funds may utilize financial instruments, both for investment purposes and for risk management purposes in order to (i) protect against possible changes in the market value of a Private Fund's investment portfolios resulting from fluctuations in the securities markets and changes in interest rates; (ii) protect a Private Fund's unrealized gains in the value of their investment portfolios; (iii) facilitate the sale of any such investments; (iv) enhance or preserve returns, spreads or gains on any investment in the Private Fund's portfolio; (v) hedge the interest rate or currency exchange rate on any of the Private Fund's liabilities or assets; (vi) protect against any increase in the price of any securities the Investment Management and GP Entities anticipate purchasing at a later date or (vii) for any other reason that the Investment Management and GP Entities deem appropriate.

The success of any hedging activities will depend, in part, upon the degree of correlation between the performance of the instruments used in the hedging strategy and the performance of the portfolio investments being hedged. Since the characteristics of many securities change as markets change or time passes, the success of our investment management operations' hedging strategy will also be subject to the ability of the Investment Management and GP Entities to continually recalculate, readjust and execute hedges in an efficient and timely manner. While a Private Fund may enter into hedging transactions to seek to reduce risk, such transactions may result in a poorer overall performance for the Private Fund than if it had not engaged in such hedging transactions. For a variety of reasons, a Private Fund may not seek to establish a perfect correlation between the hedging instruments utilized and the portfolio holdings being hedged. Such an imperfect correlation may prevent the Private Fund from achieving the intended hedge or expose the Private Fund to risk of loss. A Private Fund may not hedge against a particular risk because it does not regard the probability of the risk occurring to be sufficiently high as to justify the cost of the hedge, or because the Investment Management and GP Entities do not foresee the occurrence of the risk.

24

TABLE OF CONTENTS

We are subject to third-party litigation risks attributable to our investment management operations that could result in significant liabilities, which could adversely affect our results of operations, financial condition and liquidity.

Some of the tactics that the Private Funds may use involve litigation. The Private Funds could be a party to lawsuits they initiate or are initiated by a company in which the Private Funds invest, other shareholders, or state and federal governmental bodies. There can be no assurance that litigation, once begun, would be resolved in favor of the Private Funds.

In addition, we will be exposed to risk of litigation by a Private Fund's investors if the Investment Management and GP Entities' management of the Private Fund is alleged to constitute gross negligence, willful misconduct or dishonesty or breach of contract or organizational documents. Further, the Private Fund may be subject to third-party

litigation arising from investors' dissatisfaction with the performance of the Private Fund or based on claims that it improperly exercised control or influence over portfolio investments. The Private Funds and the Investment Management and GP Entities may also be exposed to the risk of litigation or investigation by investors or regulators relating to transactions which presented conflicts of interest that were not properly addressed. In such actions, we would be obligated to bear legal, settlement and other costs (which may exceed our available insurance coverage). In addition, our rights to indemnification from the applicable Private Funds may be challenged.

Certain of the Private Funds are incorporated or formed under the laws of the Cayman Islands. Cayman Islands laws, particularly with respect to shareholder rights, partner rights and bankruptcy, may differ from the laws of the United States and could change possibly to the detriment of the applicable Private Fund.

The Private Funds may invest in companies that are based outside of the United States, which may expose the Private Funds to additional risks not typically associated with investing in companies that are based in the United States.

Investments in securities of non-U.S. issuers (including non-U.S. governments) and securities denominated or whose prices are quoted in non-U.S. currencies pose, to the extent not hedged, currency exchange risks (including blockage, devaluation and non-exchangeability), as well as a range of other potential risks, which could include expropriation, confiscatory taxation, imposition of withholding or other taxes on dividends, interest, capital gains or other income, political or social instability, illiquidity, price volatility and market manipulation. In addition, less information may be available regarding securities of non-U.S. issuers, and non-U.S. issuers may not be subject to accounting, auditing and financial reporting standards and requirements comparable to, or as uniform as, those of U.S. issuers. Transaction costs of investing in non-U.S. securities markets are generally higher than in the United States. There is generally less government supervision and regulation of exchanges, brokers and issuers than there is in the United States. The Private Funds may have greater difficulty taking appropriate legal action in non-U.S. courts. Non-U.S. markets also have different clearance and settlement procedures which in some markets have at times failed to keep pace with the volume of transactions, thereby creating substantial delays and settlement failures that could adversely affect the Private Funds' performance. Investments in Non-U.S. market may result in imposition of non-U.S. taxes or withholding on income and gains recognized with respect to such securities. There can be no assurance that adverse developments with respect to such risks will not materially adversely affect the Private Funds' investments that are held in certain countries or the returns from these investments.

The Private Funds' investments are subject to numerous additional risks.

Generally, there are few limitations on the execution of the Private Funds' investment strategies, which are subject to the sole discretion of the Investment Management and GP Entities.

The Private Funds may engage in short-selling, which is subject to the theoretically unlimited risk of loss because there is no limit on how much the price of a security may appreciate before the short position is closed out. The Private Funds may be subject to losses if a security lender demands return of the lent securities and an alternative lending source cannot be found or if the Private Funds are otherwise unable to borrow securities that are necessary to hedge its positions.

The Private Funds may effect transactions through over-the-counter or interdealer markets. The participants in such markets are typically not subject to credit evaluation and regulatory oversight as

25

TABLE OF CONTENTS

are members of exchange-based markets. This exposes the Private Funds to the risk that a counterparty will not settle a transaction in accordance with its terms and conditions because of a dispute over the terms of the contract (whether or not *bona fide*) or because of a credit or liquidity problem, thus causing the Private Fund to suffer a loss. Such counterparty risk is accentuated for contracts with longer maturities where events may intervene to prevent settlement, or where a Private Fund has concentrated its transactions with a single or small group of its counterparties. The Private Funds are not restricted from dealing with any particular counterparty or from concentrating any or all of the Private Funds transactions with one counterparty. Moreover, Private Funds have no internal credit function which evaluates the creditworthiness of their counterparties. The ability of the Private Funds to transact business with any one or number of counterparties, the lack of any meaningful and independent evaluation of such counterparties' financial capabilities and the absence of a regulated market to facilitate settlement may increase the potential for losses by the Private Funds.

Credit risk may arise through a default by one of several large institutions that are dependent on one another to meet their liquidity or operational needs, so that a default by one institution causes a series of defaults by other institutions. This systemic risk may materially adversely affect the financial intermediaries (such as prime brokers, clearing agencies, clearing houses, banks, securities firms and exchanges) with which the Private Funds interact on a daily basis.

The efficacy of investment and trading strategies depends largely on the ability to establish and maintain an overall market position in a combination of financial instruments. The Private Funds trading orders may not be executed in a timely and efficient manner due to various circumstances, including systems failures or human error. In such event, the Private Funds might only be able to acquire some but not all of the components of the position, or if the overall positions were to need adjustment, the Private Funds might not be able to make such adjustment. As a result, the Private Funds would not be able to achieve the market position selected by the Investment Management and GP Entities and might incur a loss in liquidating their position.

Metals Operations

The principal markets served by our scrap metals operations are highly competitive. We may have difficulty competing with companies that have a lower cost structure than ours.

Our scrap metals business operates in a highly competitive environment. We primarily provide services to industrial companies. Many other companies offer the same or similar services and compete with our metals business on a number of bases including, but not limited to: (i) price; (ii) quality of service; (iii) proximity to the consumer; (iv) proximity to sources of supply; (v) local or regional presence; (vi) technology; (vii) safety performance and (viii) financial strength. Many of these competitors have greater financial resources than we do either nationally or in the particular locale in which they operate. In addition, some of these competitors are larger and have more diverse businesses than we do. Some of our foreign competitors may be able to pursue business opportunities without regard for the laws and regulations with which we must comply, such as environmental regulations. These companies may have a lower cost structure, more operating flexibility and consequently they may be able to offer better prices and more services than we can. We cannot assure you that we will be able to compete successfully with these companies.

In addition to larger companies, we compete with many smaller competitors operating locally in this highly fragmented market. Some of the companies may have lower operating costs and may be able to compete more effectively on price.

Prices of commodities are volatile and markets are competitive.

We are exposed to commodity price risk during the period that we have title to products that are held in inventory for processing and/or resale. Prices of commodities, including scrap metals, can be volatile due to numerous factors beyond our control, including:

general economic conditions;
labor costs;
competition;
financial condition of our major customers;

26

TABLE OF CONTENTS

access and costs associated with transportation systems;
the availability of imports;
the availability and relative pricing of scrap metal substitutes; and
import duties, ocean freight costs, tariffs and currency exchange rates.

In an increasing price environment for raw materials, competitive conditions may limit our ability to pass on price increases to our consumers. In a decreasing price environment for processed scrap, we may not have the ability to fully recoup the cost of raw scrap metal we process and sell to our customers. New entrants into our markets could result in higher purchase prices for raw materials and lower margins from our scrap metals. Prices in the scrap metal industry are established and adjusted monthly by the major steel producers. The price of ferrous scrap is a significant factor influencing the profitability of the scrap metals industry.

Increases in steel imports could adversely affect the demand for scrap metals domestically.

Our scrap metals operations may be adversely affected by increases in steel imports into the United States, which will have an adverse impact on domestic steel production and a corresponding adverse impact on the demand for scrap metals domestically. Additionally, our scrap metals business could be negatively affected by strengthening in the U.S. dollar or increased freight costs which could negatively impact export sales and a stronger U.S. dollar could also attract imports of scrap or scrap substitutes, reducing demand for our scrap metals.

A significant increase in the use of scrap metals alternatives by consumers of processed scrap metals could reduce demand for our products.

During periods of high demand for scrap metals, tightness can develop in the supply and demand for ferrous scrap. The relative scarcity of ferrous scrap, particularly prime or industrial grades, and its high price during such periods have created opportunities for producers of alternatives to scrap metals, such as pig iron and direct reduced iron pellets and others. Although these alternatives have not been a major factor in the industry to date, we cannot assure you that the use of alternatives to scrap metals may not proliferate in the future if the prices for scrap metals rise, if the supplies of available unprepared ferrous scrap tighten, or if costs to import scrap decline precipitously.

The profitability of our scrap recycling operations depends, in part, on the availability of an adequate source of supply.

As part of our scrap metals operations, we procure scrap inventory from numerous sources. These suppliers generally are not bound by long-term contracts and have no obligation to sell scrap metals to us. In periods of low industry prices, suppliers may elect to hold scrap to wait for higher prices or intentionally slow their scrap collection activities.

If a substantial number of scrap suppliers cease selling scrap metals to us, our scrap metals operations could be materially and adversely affected. In addition, a slowdown of industrial production in the United States would reduce the supply of industrial grades of scrap metal to the scrap metals recycling industry, resulting in our metals operations having less scrap to process and market.

Our scrap metals operations present significant risk of injury or death.

Because of the heavy industrial activities conducted at our facilities, there exists a risk of serious injury or death to our employees or other visitors of our scrap metals operations, notwithstanding the safety precautions we take. Our scrap metals operations are subject to regulation by federal, state and local agencies responsible for employee health and safety, including the Occupational Safety and Health Administration. While we have in place policies to minimize such risks, we may nevertheless be unable to avoid material liabilities for any death or injury that may occur in the future and these types of incidents may have a material adverse effect on our scrap metals operations.

27

TABLE OF CONTENTS

Our scrap metals operations are subject to stringent regulations, particularly under applicable environmental laws.

We are subject to comprehensive local, state, federal statutory and regulatory environmental requirements relating to, among others:

- the acceptance, storage, handling and disposal of solid, hazardous and Toxic Substances Control Act waste;
- the discharge of materials into air;
- the management and treatment of wastewater and storm water;
- the remediation of soil and groundwater contamination;
- the restoration of natural resource damages; and
- the protection of our employees' health and safety.

We believe that we are currently in material compliance with applicable statutes and regulations governing the protection of human health and the environment, including employee health and safety. We can give you no assurance, however, that we will continue to be in material compliance or avoid material fines, penalties and expenses associated with compliance issues in the future.

Such laws and regulations also require manifests to be completed and delivered in connection with any shipment of prescribed materials so that the movement and disposal of such materials can be traced and the persons responsible for any mishandling of such materials identified. Regulatory requirements may also be imposed as conditions of operating permits or licenses both initially and upon renewal or modification. As part of our scrap metals business, we must properly remove, handle, recycle or dispose of waste materials or incur liability. Transportation, transfer, storage and disposal of waste is difficult and accidents may occur. These laws and regulations are stringent and are likely to become more stringent. Existing and new laws and regulations may require our scrap metals operations to modify, supplement, replace or curtail its operating methods or to modify or replace facilities or equipment at costs which may be substantial without any corresponding increase in revenues.

Hazardous substances are present in some of the processing, transfer and storage facilities owned by our scrap metal business and landfill facilities used by our scrap metals business. Remediation may be required at these sites at substantial cost. We cannot assure you that the ultimate cost and expense of corrective action will not substantially exceed any reserves and have a material adverse impact on our scrap metals operations. In addition, governments have from time to time required companies to remediate sites where materials were properly disposed because those governments have instituted higher standards.

We are required to obtain, and must comply with, various permits and licenses to conduct our scrap metals operations. Failure to obtain or violations of any permit or license, if not remedied, could result in our incurring substantial fines, suspension of our scrap metals operations or closure of a site. Further, our scrap metals operations are conducted

primarily outdoors and as such, depending on the nature of the ground cover, involve the risk of releases of wastes and other regulated materials to the soil and, possibly, to groundwater. From time to time, as part of our continuous improvement programs, we incur costs to improve environmental control systems.

Our scrap metals operations may be subject to public opposition and adverse publicity that could delay or limit our scrap metals development and expansion.

A high level of public concern exists over industrial by-products recovery operations including the location and operation of transfer, processing, storage and disposal facilities and the collection, processing or handling of industrial by-products and waste materials, particularly hazardous materials. Zoning, permit and licensing applications and proceedings and regulatory enforcement proceedings are all matters open to public scrutiny and comment. As a result, from time to time, our scrap metals operations may be subject to citizen opposition and adverse publicity that may have a negative effect on operations and delay or limit the expansion and developing of operating properties, and could have a material adverse effect on our scrap metals operations.

28

TABLE OF CONTENTS

We may be unable to obtain adequate environmental impairment insurance.

Our scrap metals business is subject to potential liability for personal injuries caused by releases of hazardous substances and for remediation of risks posed by hazardous substances. Consistent with industry trends, we may be unable to obtain an adequate amount of environmental impairment insurance for our scrap metals business at a reasonable premium to cover liability to third persons for environmental damage. Accordingly, if our scrap metals operations were to incur liability for environmental damage either not provided for under such coverage or in excess of such coverage, our scrap metals operations could be materially or adversely affected.

Investments

We may not be able to identify suitable investments, and our investments may not result in favorable returns or may result in losses.

Our partnership agreement allows us to take advantage of investment opportunities we believe exist outside of our operating businesses. The equity securities in which we may invest may include common stock, preferred stock and securities convertible into common stock, as well as warrants to purchase these securities. The debt securities in which we may invest may include bonds, debentures, notes, or non-rated mortgage-related securities, municipal obligations, bank debt and mezzanine loans. Certain of these securities may include lower rated or non-rated securities which may provide the potential for higher yields and therefore may entail higher risk and may include the securities of bankrupt or distressed companies. In addition, we may engage in various investment techniques, including derivatives, options and futures transactions, foreign currency transactions, short sales and leveraging for either hedging or other purposes. We may concentrate our activities by owning significant or controlling interest in certain investments. We may not be successful in finding suitable opportunities to invest our cash and our strategy of investing in undervalued assets may expose us to numerous risks.

We have entered into a covered affiliate agreement, pursuant to which we (and certain of our subsidiaries) have agreed, in general, to be bound by certain restrictions on our investments in any assets that the General Partners deem

suitable for the Private Funds, other than government and agency bonds, cash equivalents and investments in non-public companies. We and our subsidiaries will not be restricted from making investments in the securities of certain companies in which Mr. Icahn or companies he controlled had an interest in as of the date of the initial launch of the Private Funds, and companies in which we had an interest as of the date of acquisition on August 8, 2007. We and our subsidiaries, either alone or acting together with a group, will not be restricted from (i) acquiring all or any portion of the assets of any public company in connection with a negotiated transaction or series of related negotiated transactions or (ii) engaging in a negotiated merger transaction with a public company and, pursuant thereto, conducting and completing a tender offer for securities of the company.

Our investments may be subject to significant uncertainties.

Our investments may not be successful for many reasons including, but not limited to:

fluctuation of interest rates;
lack of control in minority investments;
worsening of general economic and market conditions;
lack of diversification;
fluctuation of U.S. dollar exchange rates; and
adverse legal and regulatory developments that may affect particular businesses.

USE OF PROCEEDS

We will not receive any proceeds from the exchange of the new notes for the private notes pursuant to the exchange offer. On January 17, 2007, we issued and sold the private notes in a private offering, receiving net proceeds of approximately \$492.1 million, after deducting selling and offering expenses.

We intend to use the net proceeds of the private offering for general business purposes, including to pursue our primary business strategy of acquiring undervalued assets in either our existing lines of business or other businesses and to provide additional capital to grow our existing business.

We will use the net proceeds of the private offering and conduct our activities in a manner so as not to be deemed an investment company under the Investment Company Act. Generally, this means that we do not intend to enter the business of investing in securities and that no more than 40% of our total assets will be invested in securities. The portion of our assets invested in each type of security or any single issuer or industry will not be limited.

THE EXCHANGE OFFER

Purpose of the Exchange Offer

In connection with the sale of the private notes, we and the initial purchaser entered into a registration rights agreement in which we and IEH agreed to:

file a registration statement with the SEC with respect to the exchange of the private notes for new notes, or the exchange offer registration statement, no later than July 16, 2007; use all commercially reasonable efforts to have the exchange offer registration statement declared effective by the SEC on or prior to November 13, 2007; and commence the offer to exchange new notes for the private notes and use all commercially reasonable efforts to issue on or prior to 30 business days, or longer if required by the federal securities laws, after the date on which the exchange offer registration statement was declared effective by the SEC, new notes in exchange for all private notes tendered prior to that date in the exchange offer.

We are making the exchange offer to satisfy certain of our obligations under the registration rights agreement. We filed a copy of the registration rights agreement as an exhibit to the exchange offer registration statement that includes this prospectus.

Pursuant to the registration rights agreement, we agreed to register the new notes under the Securities Act. A preliminary registration statement on Form S-4 with respect thereto was filed on June 21, 2007. Pursuant to the registration rights agreement, the registration statement must be declared effective by the SEC on or before November 13, 2007. Since the registration statement was not declared effective in a timely manner, we are required to pay to the holders of the private notes liquidated damages in an amount equal to \$0.05 per week per \$1,000 in principal amount of the private notes for each week or portion thereof that the registration statement has not been declared effective for the first 90-day period following November 13, 2007, with such liquidated damages increasing by an additional \$0.05 per week per \$1,000 in principal amount of the private notes with respect to each subsequent 90-day period until the registration statement has been declared effective, up to a maximum amount of liquidated damages of \$0.50 per week per \$1,000 in principal amount of the private notes. All such accrued liquidated damages shall be paid by us on each February 15th and August 15th until the registration statement has been declared effective.

Resale of Exchange Notes

Under existing interpretations of the Securities Act by the staff of the SEC contained in several no-action letters to third parties, we believe that the new notes will generally be freely transferable by holders who have validly participated in the exchange offer without further registration under the Securities Act (assuming the truth of certain representations required to be made by each holder of notes, as set forth below). For additional information on the staff's position, we refer you to the following no-action letters: Exxon Capital Holdings Corporation, available April 13, 1988; Morgan Stanley & Co. Incorporated, available June 5, 1991; and Shearman & Sterling, available July 2, 1993. However, any purchaser of private notes who is one of our affiliates or who intends to participate in the exchange offer for the purpose of distributing the new notes or who is a broker-dealer who purchased private notes from us to resell pursuant to Rule 144A or any other available exemption under the Securities Act:

will not be able to tender its private notes in the exchange offer;
will not be able to rely on the interpretations of the staff of the SEC; and
must comply with the registration and prospectus delivery requirements of the Securities Act in connection with any sale or transfer of the private notes unless such sale or transfer is made pursuant to an exemption from these requirements.

If you wish to exchange private notes for new notes in the exchange offer, you will be required to make representations in a letter of transmittal which accompanies this prospectus, including that:

you are not our affiliate (as defined in Rule 405 promulgated under the Securities Act);
any new notes to be received by you will be acquired in the ordinary course of your business;

you have no arrangement or understanding with any person to participate in the distribution of the new notes in violation of the provisions of the Securities Act;

if you are not a broker-dealer, you are not engaged in, and do not intend to engage in, a distribution of new notes; and if you are a broker-dealer, you acquired the private notes for your own account as a result of market-making or other trading activities (and as such, you are a participating broker-dealer), you have not entered into any arrangement or understanding with Icahn Enterprises or an affiliate of Icahn Enterprises to distribute the new notes and you will deliver a prospectus meeting the requirements of the Securities Act in connection with any resale of the new notes.

Rule 405 promulgated under the Securities Act provides that an affiliate of, or person affiliated with, a specified person, is a person that directly, or indirectly through one or more intermediaries, controls or is controlled by, or is under common control with, the person specified.

The SEC has taken the position that participating broker-dealers may be deemed to be underwriters within the meaning of the Securities Act, and accordingly may fulfill their prospectus delivery requirements with respect to the new notes, other than a resale of an unsold allotment from the original sale of the notes, with the prospectus contained in the exchange offer registration statement. Under the registration rights agreement, we have agreed to use commercially reasonable efforts to allow participating broker-dealers and other persons, if any, subject to similar prospectus delivery requirements, to use the prospectus contained in the exchange offer registration statement in connection with the resale of the new notes for a period of 270 days from the issuance of the new notes.

Terms of the Exchange Offer

This prospectus and the accompanying letter of transmittal contain the terms and conditions of the exchange offer. Upon the terms and subject to the conditions set forth in this prospectus and in the accompanying letter of transmittal, we will accept for exchange all private notes which are properly tendered and not withdrawn on or prior to 5:00 p.m., New York City time, on the expiration date. After authentication of the new notes by the trustee or an authentication agent, we will issue and deliver \$1,000 principal amount of new notes in exchange for each \$1,000 principal amount of outstanding private notes accepted in the exchange offer. Holders may tender some or all of their private notes in the exchange offer in denominations of \$1,000 and integral multiples thereof.

The form and terms of the new notes are identical in all material respects to the form and terms of the private notes, except that:

1. the offering of the new notes has been registered under the Securities Act;
 2. the new notes generally will not be subject to transfer restrictions or have registration rights; and
- 3 certain provisions relating to liquidated damages on the private notes provided for under certain circumstances will be eliminated.

The new notes will evidence the same debt as the private notes. The new notes will be issued under and entitled to the benefits of the indenture.

As of the date of this prospectus, \$500 million in aggregate principal amount of the additional private notes issued on January 17, 2007 is outstanding. In connection with the issuance of the private notes, we made arrangements for the private notes to be issued and transferable in book-entry form through the facilities of DTC, acting as a depository.

The new notes will also be issuable and transferable in book-entry form through the DTC.

The exchange offer is not conditioned upon any minimum aggregate principal amount of private notes being tendered.

However, our obligation to accept private notes for exchange pursuant to the exchange offer is subject to certain customary conditions that we describe under Conditions below.

Holders who tender private notes in the exchange offer will not be required to pay brokerage commissions or fees or, subject to the instructions in the letter of transmittal, transfer taxes with respect to the

exchange of private notes pursuant to the exchange offer. We will pay all charges and expenses, other than certain applicable taxes, in connection with the exchange offer. See Solicitation of Tenders; Fees and Expenses for more detailed information regarding the expenses of the exchange offer.

By executing or otherwise becoming bound by the letter of transmittal, you will be making the representations described under Procedures for Tendering below.

Expiration Date; Extensions; Amendments

The term expiration date will mean 5:00 p.m., New York City time, on , 200_, unless we, in our sole discretion, extend the exchange offer, in which case the term expiration date will mean the latest date and time to which we extend the exchange offer.

To extend the exchange offer, we will:

notify the exchange agent of any extension orally or in writing; and
notify the registered holders of the private notes by means of a press release or other public announcement, each before 9:00 a.m., New York City time, on the next business day after the previously scheduled expiration date.

We reserve the right, in our reasonable discretion:

to delay accepting any private notes;
to extend the exchange offer; or

if any conditions listed below under Conditions are not satisfied, to terminate the exchange offer by giving oral or written notice of the delay, extension or termination to the exchange agent.

We will follow any delay in acceptance, extension or termination as promptly as practicable by oral or written notice to the registered holders. If we amend the exchange offer in a manner we determine constitutes a material change, we will promptly disclose the amendment in a prospectus supplement that we will distribute to the registered holders.

Interest on the New Notes

Interest on the new notes will accrue from the last interest payment date on which interest was paid on the private notes surrendered in exchange for new notes or, if no interest has been paid on the private notes, from the issue date of the private notes, January 17, 2007. Interest on the new notes will be payable semi-annually on February 15 and August 15 of each year, commencing on February 15, 2007.

Procedures for Tendering

You may tender your private notes in the exchange offer only if you are a registered holder of private notes. To tender in the exchange offer, you must:

complete, sign and date the letter of transmittal or a facsimile of the letter of transmittal;
have the signatures thereof guaranteed if required by the letter of transmittal; and
mail or otherwise deliver the letter of transmittal or such facsimile to the exchange agent, at the address listed below under Exchange Agent for receipt prior to the expiration date.

In addition, either:

the exchange agent must receive certificates for the private notes along with the letter of transmittal into its account at DTC pursuant to the procedure described under Book-Entry Transfer before the expiration date; the exchange agent must receive a timely confirmation of a book-entry transfer, if the procedure is available, into its account at DTC pursuant to the procedure described under Book-Entry Transfer before the expiration date; or you must comply with the procedures described under Guaranteed Delivery Procedures.

33

TABLE OF CONTENTS

Your tender, if not withdrawn before the expiration date, will constitute an agreement between you and us in accordance with the terms and subject to the conditions described in this prospectus and in the letter of transmittal.

The method of delivery of private notes and the letter of transmittal and all other required documents to the exchange agent is at your election and risk. We recommend that, instead of delivery by mail, you use an overnight or hand delivery service. In all cases, you should allow sufficient time to ensure delivery to the exchange agent prior to the expiration date. You should not send letters of transmittal or private notes to us. You may request that your respective brokers, dealers, commercial banks, trust companies or nominees effect the transactions described above for you.

If you are a beneficial owner whose private notes are registered in the name of a broker, dealer, commercial bank, trust company or other nominee and you wish to tender your private notes, you should contact such registered holder promptly and instruct such registered holder to tender on your behalf. If you wish to tender on your own behalf, prior to completing and executing the letter of transmittal and delivering your private notes, you must either:

make appropriate arrangements to register ownership of your private notes in your name; or
obtain a properly completed bond power from the registered holder.

The transfer of record ownership may take considerable time unless private notes are tendered:

by a registered holder who has not completed the box entitled Special Registration Instructions or Special Delivery Instruction on the letter of transmittal; or

for the account of an Eligible Institution which is either:

a member firm of a registered national securities exchange or of the National Association of Securities Dealers, Inc.;
a commercial bank or trust company located or having an office or correspondent in the United States; or
otherwise an eligible guarantor institution within meaning of Rule 17Ad-15 under the Exchange Act.

An Eligible Institution must guarantee the signatures on a letter of transmittal or a notice of withdrawal described below under Withdrawal of Tenders.

If the letter of transmittal is signed by a person other than the registered holder, such private notes must be endorsed or accompanied by appropriate bond powers which authorize such person to tender the private notes on behalf of the registered holder, in either case signed as the name of the registered holder or holders appears on the private notes.

If the letter of transmittal or any private notes or bond powers are signed or endorsed by trustees, executors, administrators, guardians, attorneys-in-fact, officers of corporations or others acting in a fiduciary or representative capacity, such persons should so indicate when signing, and unless waived by us, they must submit evidence satisfactory to us of their authority to so act with the letter of transmittal.

The letter of transmittal will include representations to us as set forth under Resale of Exchange Notes.

You should note that:

all questions as to the validity, form, eligibility, including time of receipt, acceptance and withdrawal of the tendered private notes will be determined by us in our sole discretion, which determination will be final and binding;

we reserve the absolute right to reject any and all private notes not properly tendered or any private notes the acceptance of which would, in our judgment or the judgment of our counsel, be unlawful;

34

TABLE OF CONTENTS

we also reserve the absolute right to waive any irregularities or conditions of tender as to particular private notes. Our interpretation of the terms and conditions of the exchange offer, including the instructions in the letter of transmittal, will be final and binding on all parties. Unless waived, any defects or irregularities in connection with tenders of private notes must be cured within such time as we shall determine;

although we intend to notify holders of defects or irregularities with respect to any tender of private notes, neither we, the exchange agent nor any other person shall be under any duty to give notification of any defect or irregularity with respect to tenders of private notes, nor shall any of them incur any liability for failure to give such notification; and tenders of private notes will not be deemed to have been made until such irregularities have been cured or waived. Any private notes received by the exchange agent that we determine are not properly tendered or the tender of which is otherwise rejected by us and as to which the defects or irregularities have not been cured or waived by us will be returned by the exchange agent to the tendering holder unless otherwise provided in the letter of transmittal, as soon as practicable following the expiration date.

Book-Entry Transfer

The exchange agent will make a request promptly after the date of this prospectus to establish accounts with respect to the private notes at DTC for the purpose of facilitating the exchange offer. Any financial institution that is a participant in DTC's system may make book-entry delivery of private notes by causing DTC to transfer such private notes into the exchange agent's account with respect to the private notes in accordance with DTC's Automated Tender Offer Program procedures for such transfer. However, the exchange for the private notes so tendered will only be made after timely confirmation of such book-entry transfer of private notes into the exchange agent's account, and timely receipt by the exchange agent of an agent's message and any other documents required by the letter of transmittal. The term "agent's message" means a message, transmitted by DTC and received by the exchange agent and forming a part of the confirmation of a book-entry transfer, which states that DTC has received an express acknowledgment from a participant that is tendering private notes that such participant has received the letter of transmittal and agrees to be bound by the terms of the letter of transmittal, and that we may enforce such agreement against the participant.

Although delivery of private notes may be effected through book-entry transfer into the exchange agent's account at DTC, you must transmit and the exchange agent must receive, the letter of transmittal (or facsimile thereof) properly completed and duly executed with any required signature guarantee and all other required documents prior to the expiration date, or you must comply with the guaranteed delivery procedures described below. Delivery of documents to DTC does not constitute delivery to the exchange agent.

Guaranteed Delivery Procedures

If you wish to tender your private notes but your private notes are not immediately available, or time will not permit your private notes or other required documents to reach the exchange agent before the expiration date, or the procedure for book-entry transfer cannot be completed on a timely basis, you may affect a tender if:

1. the tender is made through an Eligible Institution;
2. prior to the expiration date, the exchange agent receives from such Eligible Institution a properly completed and duly executed notice of guaranteed delivery, by facsimile transmittal, mail or hand delivery: stating the name and address of the holder, the certificate number or numbers of such holder's private notes and the

principal amount of such private notes tendered;

stating that the tender is being made thereby; and

guaranteeing that, within three New York Stock Exchange trading days after the expiration date, the letter of transmittal, or a facsimile thereof, together with the certificate(s) representing the private notes to be tendered in proper form for transfer, or confirmation of a book-entry transfer

35

into the exchange agent's account at DTC of private notes delivered electronically, and any other documents required by the letter of transmittal, will be deposited by the Eligible Institution with the exchange agent; and

such properly completed and executed letter of transmittal, or a facsimile thereof, together with the certificate(s) representing all tendered private notes in proper form for transfer, or confirmation of a book-entry transfer into the exchange agent's account at DTC of private notes delivered electronically and all other documents required by the letter of transmittal are received by the exchange agent within three New York Stock Exchange trading days after the expiration date.

Upon request, the exchange agent will send to you a notice of guaranteed delivery if you wish to tender your private notes according to the guaranteed delivery procedures described above.

Withdrawal of Tenders

Except as otherwise provided in this prospectus, you may withdraw tenders of private notes at any time prior to the expiration date.

For a withdrawal to be effective, the exchange agent must receive a written or facsimile transmission notice of withdrawal at its address set forth in this prospectus prior to the expiration date. Any such notice of withdrawal must:

specify the name of the person who deposited the private notes to be withdrawn; identify the private notes to be withdrawn, including the certificate number or number and principal amount of such private notes or, in the case of private notes transferred by book-entry transfer, the name and number of the account at DTC to be credited; and be signed in the same manner as the original signature on the letter of transmittal by which such private notes were tendered, including any required signature guarantee.

We will determine in our sole discretion all questions as to the validity, form and eligibility, including time of receipt, of such withdrawal notices, and our determination shall be final and binding on all parties. We will not deem any properly withdrawn private notes to have been validly tendered for purposes of the exchange offer, and we will not issue new notes with respect to those private notes unless you validly retender the withdrawn private notes. You may retender properly withdrawn private notes following one of the procedures described above under "Procedures for Tendering" at any time prior to the expiration date.

Conditions

Notwithstanding any other term of the exchange offer, we will not be required to accept for exchange, or exchange the new notes for, any private notes, and may terminate the exchange offer as provided in this prospectus before the acceptance of the private notes, if:

the exchange offer violates applicable law, rules or regulations or an applicable interpretation of the staff of the SEC; an action or proceeding has been instituted or threatened in any court or by any governmental agency which might materially impair our ability to proceed with the exchange offer;

there has been proposed, adopted or enacted any law, rule or regulation that, in our reasonable judgment would impair materially our ability to consummate the exchange offer; or
all governmental approvals which we deem necessary for the completion of the exchange offer have not been obtained.

If we determine in our reasonable discretion that any of these conditions are not satisfied, we may:

refuse to accept any private notes and return all tendered private notes to you;
extend the exchange offer and retain all private notes tendered before the exchange offer expires, subject, however, to your rights to withdraw the private notes; or

36

TABLE OF CONTENTS

waive the unsatisfied conditions with respect to the exchange offer and accept all properly tendered private notes that have not been withdrawn.

If the waiver constitutes a material change to the exchange offer, we will promptly disclose the waiver by means of a prospectus supplement that we will distribute to the registered holders of the private notes.

Exchange Agent

We have appointed Wilmington Trust Company, the trustee under the indenture, as exchange agent for the exchange offer. You should send all executed letters of transmittal to the exchange agent at one of the addresses set forth below. In such capacity, the exchange agent has no fiduciary duties and will be acting solely on the basis of directions of our company. You should direct questions, requests for assistance and requests for additional copies of this prospectus or of the letter of transmittal and requests for a notice of guaranteed delivery to the exchange agent addressed as follows:

By Certified or Registered Mail:

Delivery to an address or facsimile number other than those listed above will not constitute a valid delivery.

The trustee does not assume any responsibility for and makes no representation as to the validity or adequacy of this prospectus or the notes.

Solicitation of Tenders; Fees and Expenses

We will pay all expenses of soliciting tenders pursuant to the exchange offer. We are making the principal solicitation by mail. Our officers and regular employees may make additional solicitations in person or by telephone or telecopier.

We have not retained any dealer-manager in connection with the exchange offer and will not make any payments to brokers, dealers or other persons soliciting acceptances of the exchange offer. We will, however, pay the exchange agent reasonable and customary fees for its services and will reimburse the exchange agent for its reasonable out-of-pocket costs and expenses in connection therewith.

We also may pay brokerage houses and other custodians, nominees and fiduciaries the reasonable out-of-pocket expenses incurred by them in forwarding copies of this prospectus, letters of transmittal and related documents to the beneficial owners of the private notes and in handling or forwarding tenders for exchange.

We will pay the expenses to be incurred in connection with the exchange offer, including fees and expenses of the exchange agent and trustee and accounting and legal fees and printing costs.

37

TABLE OF CONTENTS

We will pay all transfer taxes, if any, applicable to the exchange of private notes for new notes pursuant to the exchange offer. If, however, certificates representing new notes or private notes for principal amounts not tendered or accepted for exchange are to be delivered to, or are to be registered or issued in the name of, any person other than the registered holder of the private notes tendered, or if tendered private notes are registered in the name of any person other than the person signing the letter of transmittal, or if a transfer tax is imposed for any reason other than the exchange of private notes pursuant to the exchange offer, then the amount of any such transfer taxes, whether imposed on the registered holder or any other persons, will be payable by the tendering holder. If satisfactory evidence of payment of such taxes or exemption therefrom is not submitted with the letter of transmittal, the amount of such transfer taxes will be billed by us directly to such tendering holder.

Consequences of Failure to Exchange

Participation in the exchange offer is voluntary. We urge you to consult your financial and tax advisors in making your decisions on what action to take. Private notes that are not exchanged for new notes pursuant to the exchange offer will remain restricted securities. Accordingly, those private notes may be resold only:

to a person whom the seller reasonably believes is a qualified institutional buyer in a transaction meeting the requirements of Rule 144A promulgated under the Securities Act;

in a transaction meeting the requirements of Rule 144 promulgated under the Securities Act; outside the United States to a foreign person in a transaction meeting the requirements of Rule 903 or 904 of Regulation S promulgated under the Securities Act;

in accordance with another exemption from the registration requirements of the Securities Act and based upon an opinion of counsel if we so request;

to us; or
pursuant to an effective registration statement.

In each case, the private notes may be resold only in accordance with any applicable securities laws of any state of the United States or any other applicable jurisdiction.

BUSINESS

We are a master limited partnership formed in Delaware on February 17, 1987. On September 17, 2007, we changed our name from American Real Estate Partners, L.P. to Icahn Enterprises L.P. We own a 99% limited partnership interest in Icahn Enterprises Holdings L.P., or IEH, formerly known as American Real Estate Holdings Limited Partnership. Substantially all of our assets and liabilities are owned through IEH and substantially all of our operations are conducted through IEH and its subsidiaries. Icahn Enterprises G.P. Inc., or IEGP, which was formerly known as American Property Investors, Inc., owns a 1% general partnership interest in both us and IEH, representing an aggregate 1.99% general partnership interest in us and IEH. IEGP is owned and controlled by Mr. Carl C. Icahn. As of September 30, 2007, affiliates of Mr. Icahn owned 64,288,061 of our depositary units and 10,304,013 of our preferred units, which represented approximately 91.2% and 86.5% of our outstanding depositary units and preferred units, respectively. We are a diversified holding company owning subsidiaries engaged in the following continuing operating businesses: Investment Management, Metals, Real Estate and Home Fashion. We also operate discontinued operations as discussed below.

In November 2006, we divested our Oil and Gas business and our Atlantic City gaming properties. On April 22, 2007, we entered into an agreement to sell all of the issued and outstanding membership interests of ACEP, our indirect wholly owned subsidiary, which comprises all of our remaining gaming properties. Accordingly, in the second and third quarters of the fiscal year ending December 31, 2007, the financial position and the results of ACEP's operations were presented as assets and liabilities of discontinued operations held for sale in the consolidated balance sheets and discontinued operations in the consolidated statements of operations for all periods. For the nine months ended September 30, 2007, five properties of our Real Estate segment were reclassified to held for sale as they were subject

to a contract or letter of intent. The operations of these properties were classified as discontinued operations. In addition, on October 18, 2007, WPI, our indirect majority owned subsidiary, entered into an agreement to sell the inventory at substantially all of its 30 retail outlet stores. Therefore, the portion of the business related to the stores retail operations has been classified as discontinued operations. For further discussion, see our Quarterly Reports on Form 10-Q for the quarters ended June 30 and September 30, 2007, filed with the SEC on August 9, 2007 and November 9, 2007, respectively, and our Current Reports on Form 8-K filed with the SEC on October 24, 2007 and December 5, 2007, which Reports are incorporated herein by reference.

Investment Management

Acquisition

On August 8, 2007, we acquired the general partnership interests in the General Partners (as defined herein) and Icahn Capital Management L.P., or New Icahn Management. The Investment Management and GP Entities provide investment advisory and certain management services to the Private Funds (as such terms as defined herein) but do not provide such services to any other entities, individuals or accounts. We entered into a Contribution and Exchange Agreement, or the Contribution Agreement, with CCI Offshore Corp., or CCI Offshore, CCI Onshore Corp., or CCI Onshore, Icahn Management LP, or Icahn Management, and Carl C. Icahn. CCI Onshore, CCI Offshore and Icahn Management are collectively referred to herein as the Contributors. Pursuant to the Contribution Agreement, we acquired general partnership interests in the General Partners, acting as general partners of Icahn Partners L.P., or the Onshore Fund, and the Offshore Master Funds (as defined herein) managed and controlled by Mr. Icahn. As referred to herein, the General Partners consist of Icahn Onshore LP, or the Onshore GP, and Icahn Offshore LP, or the Offshore GP. As referred to herein, the Offshore Master Funds consist of (i) Icahn Partners Master Fund LP, or Offshore Master Fund I, (ii) Icahn Partners Master Fund II L.P., or Offshore Master Fund II, and (iii) Icahn Partners Master Fund III, L.P., or Offshore Master Fund III. The Onshore Fund and the Offshore Master Funds are collectively referred to herein as the Investment Funds.

The General Partners also act as general partners of certain funds formed as Cayman Islands exempted limited partnerships that invest in the Offshore Master Funds. These funds, together with other funds that also invest in the Offshore Master Funds, are collectively referred to herein as the Feeder Funds. The Feeder Funds and the Investment Funds are collectively referred to herein as the Private Funds. As referred to and discussed below, the Feeder Funds include, but are not limited to, Icahn Fund Ltd., Icahn Fund II Ltd. and Icahn Fund III Ltd.

TABLE OF CONTENTS

We also acquired the general partnership interest in New Icahn Management, a newly formed management company. As referred to herein, the term Investment Management and GP Entities includes Icahn Management (for the period prior to the acquisition on August 8, 2007) or New Icahn Management (for the period subsequent to the acquisition on August 8, 2007) and, in either case, the General Partners. The Investment Management and GP Entities provide investment advisory and certain management services to the Private Funds. The Investment Management and GP Entities do not provide investment advisory or other management services to any other entities individuals or accounts. Interests in the Private Funds are offered only to certain sophisticated and accredited investors on the basis of exemptions from the registration requirements of the federal securities laws and are not publicly available.

The total initial consideration paid for the acquisition was \$810 million of our depositary units based on the volume-weighted average price of our depositary units on the New York Stock Exchange for the 20-trading-day period ending on August 7, 2007 (the day before the closing). In addition, we have agreed to make certain earn-out payments to the Contributors over a five-year period payable in additional depositary units based on our after-tax

earnings from the General Partners and New Icahn Management subsequent to the acquisition, which includes both management fees and performance-based or incentive allocations paid by the Private Funds to New Icahn Management and the General Partners. There is a potential maximum aggregate earn-out (including any catch-up) of \$1.121 billion which is subject to achieving total after-tax earnings during the five-year period of at least \$3.906 billion.

Overview

In 2004, the Onshore Fund, Offshore Master Fund I (a Cayman Island exempted limited partnership) and Icahn Fund Ltd (a Cayman Islands exempted limited liability company) were launched. In 2006, Icahn Sterling Fund Ltd. was established and on October 1, 2006 its assets were subsequently contributed to Icahn Fund Ltd. Offshore Master Fund II, a Cayman Islands exempted limited partnership, was formed on January 18, 2007 and commenced operations on February 1, 2007. Icahn Fund II Ltd., a Cayman Islands exempted limited liability company, was formed in 2007 and invests substantially all of its assets in Offshore Master Fund II. In addition, Offshore Master Fund III, a Cayman Islands exempted limited partnership, was formed on March 7, 2007 and commenced operations on April 1, 2007.

Icahn Fund III Ltd., a Cayman Island exempted limited liability company, was formed in 2007 and invests substantially all of its assets in Offshore Master Fund III.

As noted above, on August 8, 2007 we acquired the general partnership interests in the General Partners and New Icahn Management. In connection with the acquisition, we have entered into an employment agreement with Mr. Icahn pursuant to which, over a five-year term, Mr. Icahn will serve as Chairman and Chief Executive Officer of New Icahn Management, in addition to his current role as Chairman of Icahn Enterprises. Mr. Icahn also serves as the Chief Executive Officer of the General Partners.

Strategy

The Private Funds pursue a value-oriented activist investment philosophy that seeks to acquire securities in companies that trade at a discount to inherent value as determined by various metrics (cash flow and earnings power, break-up value, replacement cost and liquidation value), and then be a catalyst for change. The Investment Management and GP Entities view is that management of companies are frequently not properly incentivised to increase shareholder value and encourage management to take appropriate actions that they believe will increase value.

The Investment Management and GP Entities utilize a process-oriented, research-intensive value-based investment approach. This approach generally involves three critical steps: (i) fundamental credit, valuation and capital structure analysis; (ii) intense legal and tax analysis of fulcrum issues such as litigation and regulation which often affect valuation and (iii) combination of the business valuation analysis and legal and tax review to establish a strategy for gaining an attractive risk-adjusted investment position within a specific credit, industry or litigation segment. This strategy focuses on exploiting market dislocations or misjudgments that may result from market euphoria, litigation, complex contingent liabilities, corporate malfeasance and weak corporate governance, general economic conditions or market cycles and complex and inappropriate capital structures.

The Private Funds may employ a number of strategies and are permitted to invest across a variety of industries and types of securities, including long and short equities, long and short bonds, bank debt and other

TABLE OF CONTENTS

corporate obligations, risk arbitrage and capital structure arbitrage and other special situations. The Private Funds invest a material portion of their capital in publicly traded equity and debt securities of companies that the Investment

Management and GP Entities believe to be undervalued by the marketplace. The Private Funds may take a significant position in the companies in which they invest.

Fees

Results of our Investment Management segment are primarily driven by the amount and performance of the Private Funds. The Investment Management and GP Entities generally receive management fees and incentive allocations from the Private Funds. As described below, management fees are generally 2.5% of the net asset value of certain Private Funds. Incentive allocations are generally 25% of the net profits generated by the Private Funds that we manage. Therefore, Investment Management revenues are affected by the combination of fee-paying AUM and the investment performance of the Private Funds.

The Investment Management and GP Entities generate income from amounts earned pursuant to contractual arrangements with the Private Funds. Such amounts typically include an annual management fee of 2.5% of the net asset value before a performance-based or incentive allocation of 25% of capital appreciation (both realized and unrealized) earned by the Investment Funds subject to a high water mark (whereby the General Partners do not earn incentive allocations during a particular year even though the fund had a positive return in such year until losses in prior periods are recovered). Such amounts have been (and may in the future be) modified or waived in certain circumstances. The Investment Management and GP Entities and their affiliates may also earn income through their principal investments in the Private Funds.

Management fees are generally paid to the Investment Management and GP Entities on a quarterly basis, in advance, based on the applicable fund's net asset value at the beginning of the quarter. Incentive allocations are calculated and distributed to the Investment Management and GP Entities annually based on the Private Fund's performance during the period, other than incentive allocations earned as a result of investor redemption events during interim periods.

The Investment Management and GP Entities will waive the management fees and incentive allocations for Mr. Icahn's direct and indirect holdings and may, in their sole discretion, elect to reduce or waive such fees with respect to any shareholder that is an affiliate, employee or relative of Mr. Icahn or his affiliates, or for any other investor.

Lock-up

Investors in the Private Funds are typically initially subject to a one-year absolute lock-up and may redeem in the second and third years with an exit fee of 8% and 4%, respectively. After the lock-up, investors may redeem on June 30th and December 31st with 90 days' written notice. Certain investors with reduced fees are subject to a three-year absolute lock-up.

Mr. Icahn and Affiliate Investments

The acquisition of the general partnership interests in the General Partners and New Icahn Management is accounted for as a combination of entities under common control and recorded at the historical basis of the entities as of the date acquired by us.

Employees

Our Investment Management business currently employs an experienced team of 28 professionals, including an investment, legal and operations group, which consists of the same individuals supporting the Private Funds operations prior to the acquisition. In many cases, team members have worked together successfully and have provided business, investing and legal acumen for a number of years with respect to the Private Funds operations.

Metals Services

Acquisition of PSC Metals, Inc.

On November 5, 2007, we acquired, through a subsidiary, all of the issued and outstanding capital stock of PSC Metals from Philip. PSC Metals is engaged in transporting, recycling and processing metals. The consideration for the transaction was \$335 million in cash. For the 12 months ended September 30, 2007, PSC Metals achieved revenue of approximately \$776 million and net income of approximately \$45 million.

42

TABLE OF CONTENTS

As part of the transaction, our wholly owned subsidiary purchased 100% of the issued and outstanding capital stock of PSC Metals, whereby PSC Metals became our indirect wholly owned subsidiary. Prior to the acquisition, PSC Metals was a co-borrower with Philip and other Philip subsidiaries under a credit agreement, or the Credit Agreement, with UBS Securities LLC, as lead arranger, and had granted a security interest in substantially all of its assets to secure its obligations thereunder. Approximately \$34.6 million of the proceeds from the transaction was paid to release PSC Metals from all claims, guarantees and future obligations under the Credit Agreement. In addition, Philip used a portion of the proceeds to collateralize PSC Metals' letters of credit of approximately \$6.3 million. PSC Metals is currently under negotiations to enter into a \$100 million asset-based borrowing agreement. Subsequent to the closing of the borrowing agreement, PSC Metals will fund its letters of credit from its borrowing base and funds used to collateralize the letters of credit by Philip will be released.

Mr. Icahn indirectly owns a 95.6% interest and we indirectly own the remaining 4.4% interest in Philip Services Corporation. The transaction was approved by a special committee of independent members of our board of directors. The special committee was advised by its own legal counsel and independent financial adviser with respect to the transaction. The special committee received an opinion from its financial adviser as to the fairness to us, from a financial point of view, of the consideration paid by us.

Overview

PSC Metals collects industrial and obsolete scrap metal, processes it into reusable forms, and supplies the recycled metals to its customers including electric-arc furnace mills, integrated steel mills, foundries, secondary smelters and metals brokers. These services are provided through PSC Metals' recycling facilities located in eight states. PSC Metals' ferrous products include shredded, sheared and bundled scrap metal and other purchased scrap metal such as turnings (steel machining fragments), cast furnace iron and broken furnace iron. PSC Metals also processes non-ferrous metals including aluminum, copper, brass, stainless steel and nickel-bearing metals. Non-ferrous products are a significant raw material in the production of aluminum and copper alloys used in manufacturing. PSC Metals also operates a secondary products business that includes the supply of secondary plate and structural grade pipe that is sold into niche markets for counterweights, piling and foundations, construction materials and infrastructure end-markets.

Strategy

PSC Metals' business strategy consists of growing its core scrap yard business through expansion; ensuring a consistent supply to its customers through vertical integration by working closely with supply sources and owning distribution and transportation systems; and investing in PSC Metals' infrastructure and operating equipment.

Home Fashion

We conduct our Home Fashion operations through our majority ownership in WPI, a manufacturer and distributor of home fashion consumer products based in New York, New York. On October 18, 2007, WPI entered into an agreement to sell the inventory at substantially all of its 30 retail outlet stores. For a further discussion of our Home Fashion business operations, see Item 1 of Part I, Business Home Fashion contained in our Annual Report on Form 10-K for the fiscal year ended December 31, 2006, or the 2006 Annual Report on Form 10-K, which is incorporated herein by reference.

Real Estate

Our rental real estate operations consist primarily of retail, office and industrial properties leased to single corporate tenants. Historically, our reportable segments with respect to our real estate operations included Rental Real Estate, Property Development and Associated Resort Activities. As of the quarter ended September 30, 2007, the three related operating lines of our Real Estate segment are all individually immaterial and have been aggregated. For a further discussion of our Real Estate business operations, see Item 1 of Part I, Business Real Estate contained in our 2006 Annual Report on Form 10-K, which is incorporated herein by reference.

Other Transactions

Atlantic Coast Entertainment Holdings, Inc. Merger

On November 15, 2007, ACE HI Merger Corp., or Merger Corp, our wholly owned subsidiary and the owner of approximately 94.2% of the outstanding shares of common stock of Atlantic Coast Entertainment Holdings, Inc., or Atlantic Coast, completed a short-form merger transaction, or the Merger, under Section 253 of the Delaware General Corporation Law, or Delaware Law, pursuant to which Merger Corp merged with and into Atlantic Coast and Atlantic Coast became our wholly owned subsidiary. Prior to the Merger, Atlantic Coast was our indirect majority owned subsidiary. Pursuant to the Merger, the holders of Atlantic Coast common stock (other than Merger Corp) are entitled to receive \$21.19 per share in cash in exchange for their shares. Alternatively, by following the procedures set forth under Delaware Law, any of these stockholders who do not wish to accept the \$21.19 per share cash consideration are entitled to receive payment in cash of the fair value of these shares as determined by an appraisal proceeding by the Delaware Court of Chancery.

Merger Corp will mail Notices of Merger and Appraisal Rights, Letters of Transmittal and other documents necessary for the exchange of stock certificates to stockholders within the time provided by Delaware Law. The Notice of Merger and Appraisal Rights will also provide information for stockholders who choose to exercise their appraisal rights under Delaware Law.

On November 16, 2007, Atlantic Coast filed a Form 15 with the SEC, thereby terminating its reporting obligations under the Securities Exchange Act of 1934, as amended, or the '34 Act, and its status as a public company.

Liquidation of National Energy Group, Inc.

On November 12, 2007, the board of directors of National Energy Group, Inc., or NEGI, our indirect majority owned

subsidiary, determined that it is in the best interests of NEGI's shareholders to liquidate all of NEGI's assets and approved the dissolution of NEGI and a plan of dissolution and liquidation, or the Plan, subject to required shareholder approval. NEGI will announce the timing of the shareholder meeting at which approval will be requested and set a record date for the shares entitled to vote at such meeting after the SEC has completed its review of the related proxy materials that NEGI intends to file.

Following shareholder approval of NEGI's dissolution pursuant to the Plan, NEGI expects to carry out an orderly disposition of NEGI's assets and liabilities and then declare a cash distribution to its shareholders. NEGI will then file a Form 15 with the SEC, terminating its reporting obligations under the '34 Act and its status as a public company.

DESCRIPTION OF NOTES

General

You can find the definitions of certain terms used in this description under the subheading "Certain Definitions." In this description, the term "Icahn Enterprises" refers only to Icahn Enterprises L.P., the term "IEF" refers only to Icahn Enterprises Finance Corp., the term "IEH" refers only to Icahn Enterprises Holdings L.P. and the term "IEGP" refers only to Icahn Enterprises G.P. Inc., and, in each case, not to any of their respective Subsidiaries. In addition, the word "notes" refers to the notes issued on January 17, 2007 together with the Existing Notes. For the avoidance of doubt, IEH will be deemed to be a Subsidiary of Icahn Enterprises for so long as IEH remains a Guarantor. The term "Issuers" refers to Icahn Enterprises and IEF, collectively.

The Issuers issued the private notes, and will issue the new notes, under the indenture dated February 7, 2005 among the Issuers, IEH, as guarantor, and Wilmington Trust Company, as trustee. The terms of the notes include those stated in the indenture and those made part of the indenture by reference to the Trust Indenture Act of 1939. The notes issued on January 17, 2007 were additional notes issued under the indenture described above. On February 1, 2005, the Issuers issued and sold \$480.0 million of the Existing Notes. The notes issued on January 17, 2007 are pari passu with, of the same series as, and vote on any matter submitted to the noteholders with, the Existing Notes. Subsequent to the consummation of the exchange offer, the publicly registered exchange notes will be identical to, and will trade as a single class with, the Existing Notes.

44

TABLE OF CONTENTS

The following description is a summary of the material provisions of the indenture. It does not restate the indenture in entirety. We urge you to read the indenture because it and not this description, defines your rights as holders of the notes. Copies of the indenture are available as set forth below under "Additional Information." Certain defined terms used in this description but not defined below under "Certain Definitions" have the meanings assigned to them in the indenture and the registration rights agreement.

For the avoidance of doubt, the inclusion of exceptions to the provisions (including covenants and definitions) set forth herein will not be interpreted to imply that the matters permitted by the exception would be limited by the terms of such provisions but for such exceptions.

The registered holder of a note will be treated as the owner of it for all purposes. Only registered holders will have rights under the indenture.

Brief Description of the Notes and the Note Guarantee

The Notes

The notes are:

the general unsecured obligation of each of the Issuers;
pari passu in right of payment to all existing and future senior Indebtedness of each of the Issuers;
senior in right of payment to any future subordinated Indebtedness of each of the Issuers; and
effectively subordinated to the secured Indebtedness of the Issuers to the extent of the value of the collateral securing such Indebtedness. As of September 30, 2007, the Issuers did not have any secured Indebtedness.

The Note Guarantee

The Guarantee of the notes is:

the general unsecured obligation of IEH;
pari passu in right of payment to all existing and future senior Indebtedness of IEH;
senior in right of payment to any future subordinated Indebtedness of IEH; and
effectively subordinated to the secured Indebtedness of IEH to the extent of the value of the collateral securing such Indebtedness. As of September 30, 2007, IEH had \$105.4 million of secured Indebtedness.

The operations of Icahn Enterprises are conducted through its Subsidiaries (including IEH) and, therefore, Icahn Enterprises depends on the cash flow of Icahn Enterprises Subsidiaries and IEH to meet its obligations, including its obligations under the notes. The notes will not be guaranteed by any of Icahn Enterprises Subsidiaries other than IEH.

The notes and the guarantee will be effectively subordinated in right of payment to all Indebtedness and other liabilities and commitments (including trade payables and lease obligations) of Icahn Enterprises Subsidiaries (other than IEH). Any right of the Issuers or IEH to receive assets of any of their Subsidiaries (other than IEH) upon that Subsidiary's liquidation or reorganization (and the consequent right of the holders of the notes to participate in those assets) will be effectively subordinated to the claims of that Subsidiary's creditors, except to the extent that any of the

Issuers or IEH is itself recognized as a creditor of that Subsidiary, in which case the claims of the Issuers and IEH would still be subordinate in right of payment to any security in the assets of the Subsidiary and any Indebtedness of the Subsidiary senior to that held by the Issuers or IEH. The covenants of the notes do not restrict the ability of Icahn

Enterprises Subsidiaries, other than IEH, from incurring additional Indebtedness or creating liens, nor do the covenants of the notes restrict the ability of IEH, Icahn Enterprises or its Subsidiaries from making investments or entering into sale and leaseback transactions. See Risk Factors The notes will be effectively subordinated to any secured indebtedness, and the indebtedness and liabilities of our subsidiaries other than IEH and Risk Factors Our subsidiaries, other than IEH, will not be subject to any of the covenants in the indenture for the notes and only IEH will guarantee the notes. We may not be able to rely on the cash flow or assets of our subsidiaries to pay our indebtedness.

TABLE OF CONTENTS

Principal, Maturity and Interest

The Issuers issued \$500.0 million in aggregate principal amount of private notes and will issue \$500.0 million in aggregate principal amount of new notes. The Issuers may issue additional notes (Additional Notes) from time to time.

Any offering of Additional Notes is subject to the covenant Certain Covenants Incurrence of Indebtedness and Issuance of Preferred Stock. In the case of each series, the notes and any Additional Notes subsequently issued under

the indenture will be treated as a single class for all purposes under the indenture, including, without limitation, waivers, amendments, redemption and offers to purchase. The Issuers will issue notes in denominations of \$1,000 and integral multiples of \$1,000. The notes will mature on February 15, 2013.

Interest on the notes will accrue at the rate of 7 1/8% per annum and is payable semi-annually in arrears on February 15 and August 15, commencing on February 15, 2007. Interest on overdue principal and interest and Liquidated Damages, if any, will accrue at a rate that is 1% higher than the then applicable interest rate on the notes. The Issuers will make each interest payment to the holders of record on the immediately preceding February 1 and August 1.

Interest on the notes will accrue from the date of original issuance or, if interest has already been paid, from the date it was most recently paid. Interest will be computed on the basis of a 360-day year comprised of twelve 30-day months.

Methods of Receiving Payments on the Notes

If a noteholder holds at least \$2.0 million aggregate principal amount of notes, such holder may give wire transfer instructions to Icahn Enterprises and the Issuers will instruct the trustee to pay all principal, interest and premium and Liquidated Damages, if any, on that holder's notes in accordance with those instructions. All other payments on the notes will be made at the office or agency of the paying agent and registrar within the City and State of New York unless the Issuers elect to make interest payments by check mailed to the noteholders at their address set forth in the register of holders. In addition, all payments will be subject to the applicable rules and procedures of the settlement systems (including, if applicable, those of Euroclear and Clearstream), which may change from time to time.

Paying Agent and Registrar for the Notes

The trustee will initially act as paying agent and registrar. The Issuers may change the paying agent or registrar without prior notice to the holders of the notes, and the Issuers or any of their Subsidiaries (including IEH) may act as paying agent or registrar.

Transfer and Exchange

A holder may transfer or exchange notes in accordance with the provisions of the indenture. The registrar and the trustee may require a holder, among other things, to furnish appropriate endorsements and transfer documents in connection with a transfer of notes. Holders will be required to pay all taxes due on transfer. The Issuers will not be required to transfer or exchange any note selected for redemption. Also, the Issuers will not be required to transfer or exchange any note for a period of 15 days before a selection of notes to be redeemed.

Note Guarantee

The notes will be guaranteed by IEH. Icahn Enterprises may, at its option, add subsidiary Guarantors to the notes. Each Guarantor's obligations under its Note Guarantee will be limited as necessary to prevent the Note Guarantee from constituting a fraudulent conveyance under applicable law. See Risk Factors Federal and state statutes allow courts, under specific circumstances, to void guarantees and require noteholders to return payments received from the guarantor.

Any Guarantor's Note Guarantee will be released:

- (1) upon the substitution of a successor to IEH or other release as described under the heading Certain Covenants Merger, Consolidation or Sale of Assets ; and
- (2)

upon legal defeasance or satisfaction and discharge of the indenture as provided below under the captions
Covenant Defeasance and Satisfaction and Discharge.

Optional Redemption

At any time prior to February 15, 2008, the Issuers may on one or more occasions redeem up to 35% of the aggregate principal amount of notes (including Additional Notes) issued under the indenture at a redemption price of 107 1/8% of the principal amount thereof, plus accrued and unpaid interest and Liquidated Damages, if any, to the redemption date, with the net cash proceeds of one or more Equity Offerings; provided, however, that:

- at least 65% of the aggregate principal amount of notes issued under the indenture remains outstanding
 - (1) immediately after the occurrence of such redemption (excluding notes held by Icahn Enterprises and its Subsidiaries (including any Guarantor)); and
 - (2) the redemption occurs within 60 days of the date of the closing of such Equity Offering.
- Except pursuant to the preceding paragraph, the notes will not be redeemable at the Issuers' option prior to February 15, 2009.

On or after February 15, 2009, the Issuers may redeem all or a part of the notes upon not less than 15 nor more than 60 days' notice, at the redemption prices (expressed as percentages of principal amount) set forth below plus accrued and unpaid interest and Liquidated Damages, if any, on the notes redeemed, to the applicable redemption date, if redeemed during the twelve-month period beginning on one of the years indicated below:

Year	Percentage
2009	103.563 %
2010	101.781 %
2011 and thereafter	100.000 %

Mandatory Disposition Pursuant to Gaming Laws

If any Gaming Authority requires that a holder or Beneficial Owner of notes be licensed, qualified or found suitable under any applicable Gaming Law and such holder or Beneficial Owner:

- (1) fails to apply for a license, qualification or a finding of suitability within 30 days (or such shorter period as may be required by the applicable Gaming Authority) after being requested to do so by the Gaming Authority; or
- (2) is denied such license or qualification or not found suitable; Icahn Enterprises shall then have the right, at its option:
 - (a) to require each such holder or Beneficial Owner to dispose of its notes within 30 days (or such earlier date as may be required by the applicable Gaming Authority) of the occurrence of the event described in clause (1) or (2) above, or
 - (b) to redeem the notes of each such holder or Beneficial Owner, in accordance with Rule 14e-1 of the Exchange Act, if applicable, at a redemption price equal to the lowest of:
 - (i) the principal amount thereof, together with accrued and unpaid interest and Liquidated Damages, if any, to the earlier of the date of redemption, the date 30 days after such holder or Beneficial Owner is required to apply for a license, qualification or finding of suitability (or such shorter period that may be required by any applicable Gaming Authority) if such holder or Beneficial Owner fails to do so (Application Date) or of the date of denial of license or qualification or of the finding of unsuitability by such Gaming Authority;

- the price at which such holder or Beneficial Owner acquired the notes, together with accrued and unpaid interest (ii) and Liquidated Damages, if any, to the earlier of the date of redemption, the Application Date or the date of the denial of license or qualification or of the finding of unsuitability by such Gaming Authority; and
- (iii) such other lesser amount as may be required by any Gaming Authority.

47

TABLE OF CONTENTS

Immediately upon a determination by a Gaming Authority that a holder or Beneficial Owner of the notes will not be licensed, qualified or found suitable and must dispose of the notes, the holder or Beneficial Owner will, to the extent required by applicable Gaming Laws, have no further right:

- (1) to exercise, directly or indirectly, through any trustee or nominee or any other person or entity, any right conferred by the notes, the Note Guarantee or the indenture; or
- (2) to receive any interest, Liquidated Damages, dividend, economic interests or any other distributions or payments with respect to the notes and the Note Guarantee or any remuneration in any form with respect to the notes and the Note Guarantee from the Issuers, any Note Guarantor or the trustee, except the redemption price referred to above.

Icahn Enterprises shall notify the trustee in writing of any such redemption as soon as practicable. Any holder or Beneficial Owner that is required to apply for a license, qualification or a finding of suitability will be responsible for all fees and costs of applying for and obtaining the license, qualification or finding of suitability and of any investigation by the applicable Gaming Authorities and the Issuers and any Note Guarantor will not reimburse any holder or Beneficial Owner for such expense.

Mandatory Redemption

The Issuers are not required to make mandatory redemption or sinking fund payments with respect to the notes.

Repurchase at the Option of Holders

Change of Control

If a Change of Control occurs, each holder of notes will have the right to require the Issuers to repurchase all or any part (equal to \$1,000 or an integral multiple of \$1,000) of that holder's notes pursuant to a Change of Control offer on the terms set forth in the indenture. In the Change of Control offer, the Issuers will offer a Change of Control payment in cash equal to 101% of the aggregate principal amount of notes repurchased plus accrued and unpaid interest and Liquidated Damages, if any, on the notes repurchased, to the date of purchase. Within 30 days following any Change of Control, the Issuers will mail a notice to each holder describing the transaction or transactions that constitute the Change of Control and offering to repurchase notes on the Change of Control payment date specified in the notice, which date will be no earlier than 30 days and no later than 60 days from the date such notice is mailed, pursuant to the procedures required by the indenture and described in such notice.

On the Change of Control payment date, the Issuers will, to the extent lawful:

- (1) accept for payment all notes or portions of notes properly tendered and not withdrawn pursuant to the Change of Control offer;
- (2) deposit with the paying agent an amount equal to the Change of Control payment in respect of all notes or portions of notes properly tendered; and
- (3)

deliver or cause to be delivered to the trustee the notes properly accepted together with an Officers Certificate stating the aggregate principal amount of notes or portions of notes being purchased by the Issuers.

The paying agent will promptly mail to each holder of notes properly tendered the Change of Control payment for such notes, and the trustee will promptly authenticate and mail (or cause to be transferred by book entry) to each holder a new note equal in principal amount to any unpurchased portion of the notes surrendered, if any; provided that each new note will be in a principal amount of \$1,000 or an integral multiple of \$1,000. The Issuers will publicly announce the results of the Change of Control offer on or as soon as practicable after the Change of Control payment date.

The provisions described above that require the Issuers to make a Change of Control offer following a Change of Control will be applicable whether or not any other provisions of the indenture are applicable. Except as described above with respect to a Change of Control, the indenture does not contain provisions that permit the holders of the notes to require that the Issuers repurchase or redeem the notes in the event of a takeover, recapitalization or similar transaction.

48

TABLE OF CONTENTS

The Issuers will not be required to make a Change of Control offer upon a Change of Control if a third party makes the Change of Control offer in the manner, at the times and otherwise in compliance with the requirements set forth in the indenture applicable to a Change of Control offer made by the Issuers and purchases all notes properly tendered and not withdrawn under the Change of Control offer.

The definition of Change of Control includes a phrase relating to the sale, lease, transfer, conveyance or other disposition by Icahn Enterprises or IEH of all or substantially all of its properties or assets. Although there is a limited body of case law interpreting the phrase substantially all, there is no precise established definition of the phrase under applicable law. Accordingly, the ability of a holder of notes to require the Issuers to repurchase its notes as a result of a sale, lease, transfer, conveyance or other disposition of less than all of the assets of Icahn Enterprises or IEH to another Person or group may be uncertain. In addition, under certain circumstances the definition of Change of Control excludes certain sales, leases transfers, conveyances or other dispositions even if they constitute all or substantially all of the properties or assets of Icahn Enterprises or IEH.

Certain Covenants

Restricted Payments

Icahn Enterprises will not, and will not permit any of its Subsidiaries (including any Guarantor) to:

- declare or pay any dividend or make any other distribution on account of Icahn Enterprises or any of its Subsidiaries (including any Guarantor's) Equity Interests or to the holders of Icahn Enterprises or any of its Subsidiaries (including IEH's) Equity Interests in their capacity as such (other than dividends or distributions payable in Equity Interests (other than Disqualified Stock) of Icahn Enterprises or to Icahn Enterprises or a Subsidiary of Icahn Enterprises (including IEH));
- (2) purchase, redeem or otherwise acquire or retire for value (including, without limitation, in connection with any merger or consolidation involving Icahn Enterprises) any Equity Interests of Icahn Enterprises; or
 - (3) make any payment on or with respect to, or purchase, redeem, defease or otherwise acquire or retire for value any Indebtedness of Icahn Enterprises or any Guarantor that is contractually subordinated to the notes or to any Note Guarantee (excluding any intercompany Indebtedness between or among Icahn Enterprises and any of its Subsidiaries (including any Guarantor)), except a payment of interest, Other Liquidated Damages or principal at

the Stated Maturity on such subordinated Indebtedness (all such payments and other actions set forth in these clauses (1) through (3) (except as excluded therein) above being collectively referred to as Restricted Payments), unless, at the time of and after giving effect to such Restricted Payment:

- (1) no Default or Event of Default has occurred and is continuing or would occur as a consequence of such Restricted Payment;
Icahn Enterprises or any Guarantor would, at the time of such Restricted Payment and after giving pro forma effect thereto as if such Restricted Payment had been made at the beginning of the most recently ended four-quarter
- (2) period for which financial statements are available, have been permitted to incur at least \$1.00 of additional Indebtedness pursuant to the first paragraph of the covenant described below under the caption Incurrence of Indebtedness and Issuance of Preferred Stock ; and
such Restricted Payment, together with the aggregate amount of all other Restricted Payments made by Icahn
- (3) Enterprises and its Subsidiaries (including any Guarantor) after May 12, 2004 (excluding Restricted Payments permitted by clauses (2), (3), (4), (6) and (8) of the next succeeding paragraph) is less than the sum, without duplication, of:
50% of the Consolidated Net Income of Icahn Enterprises for the period (taken as one accounting period) from July 1, 2006 to the end of Icahn Enterprises most recently ended fiscal quarter for which financial statements are
- (a) available at the time of such Restricted Payment (or, if such Consolidated Net Income for such period is a deficit, less 100% of such deficit); provided, however, that to the extent any payments of Tax Amounts were not deducted in the

49

TABLE OF CONTENTS

calculation of Consolidated Net Income during the applicable period, for purposes of this clause (a), such payments of Tax Amounts will be deducted from Consolidated Net Income, plus

- (b) 100% of the aggregate net cash proceeds received by Icahn Enterprises since May 12, 2004 as a contribution to its equity capital or from the issue or sale of Equity Interests of Icahn Enterprises (excluding Disqualified Stock) or from the issue or sale of convertible or exchangeable Disqualified Stock or convertible or exchangeable debt securities of Icahn Enterprises that have been converted into or exchanged for such Equity Interests (other than Equity Interests or Disqualified Stock or debt securities sold to a Subsidiary of Icahn Enterprises (including IEH)).

So long as no Default or Event of Default has occurred and is continuing or would be caused thereby (except with respect to clauses (6) and (8), which payments will be permitted notwithstanding an Event of Default), the preceding provisions will not prohibit:

- (1) the payment of any dividend or the consummation of any irrevocable redemption or payment within 60 days after the date of declaration of the dividend or giving of the redemption notice or becoming irrevocably obligated to make such payment, as the case may be, if at the date of declaration or notice or becoming irrevocably obligated to make such payment, the dividend or payment would have complied with the provisions of the indenture;
the making of any Restricted Payment in exchange for, or out of the net cash proceeds of the substantially concurrent sale (other than to a Subsidiary of Icahn Enterprises (including any Guarantor)) of, Equity Interests
- (2) (other than Disqualified Stock) or from the substantially concurrent contribution of equity capital to Icahn Enterprises; provided, however, that the amount of any such net cash proceeds that are utilized for any such redemption, repurchase, retirement, defeasance or other acquisition will be excluded from clause (3)(b) of the preceding paragraph;
the repurchase, redemption, defeasance or other acquisition or retirement for value of Indebtedness of Icahn
- (3) Enterprises or any Guarantor that is contractually subordinated to the notes with the net cash proceeds from a substantially concurrent incurrence of Permitted Refinancing Indebtedness;
- (4) the declaration or payment of any dividend or distribution by a Subsidiary of Icahn Enterprises (including any Guarantor) to the holders of its Equity Interests; provided, that if any such dividend or distribution is paid to an

Affiliate of the Principal (other than Icahn Enterprises or any of its Subsidiaries (including any Guarantor)), that any such dividend or distribution is paid on a pro rata basis to all holders (including Icahn Enterprises or any of its Subsidiaries (including any Guarantor)) that hold securities whose terms (either contractually or by law) entitle them to the same distribution upon which such dividend or distribution is paid;

the repurchase, redemption or other acquisition or retirement for value of any Equity Interests of Icahn Enterprises or any Subsidiary of Icahn Enterprises (including any Guarantor) held by any member of Icahn Enterprises (or any (5) of its Subsidiaries (including any Guarantors)) management pursuant to any management equity subscription agreement, stock option agreement or similar agreement; provided that the aggregate price paid for all such repurchased, redeemed, acquired or retired Equity Interests shall not exceed \$2.0 million;

for so long as Icahn Enterprises is a partnership or otherwise a pass-through entity for federal income tax purposes for any period, Icahn Enterprises may make cash distributions to its equity holders or partners in an amount not to (6) exceed the Tax Amount for such period; provided that a distribution of the Tax Amount shall be made no earlier than 20 days prior to the due date for such tax (or the date that quarterly estimated taxes are required to be paid) that would be payable by Icahn Enterprises if it were a Delaware corporation;

the purchase, redemption or retirement for value of Capital Stock of Icahn Enterprises not owned by the Principal or any Affiliate of the Principal, provided that (a) Icahn Enterprises would, at the time of such Restricted Payment (7) and after giving pro forma effect thereto as if such Restricted Payment had been made at the beginning of the most recently ended four-quarter period for which financial statements are available, have been permitted to incur at least \$1.00 of additional Indebtedness

pursuant to the first paragraph of the covenant described below under the caption Incurrence of Indebtedness and Issuance of Preferred Stock and (b) after giving effect to such purchase, redemption or retirement, the Partners Equity is at least \$1.0 billion;

the payment of dividends on the Preferred Units in the form of additional Preferred Units or other Capital Stock of Icahn Enterprises (that is not Disqualified Stock) or the payment of cash dividends on the Preferred Units in lieu of (8) fractional Preferred Units; provided that the aggregate amount of cash under this clause (8) does not exceed \$100,000 in any calendar year;

the purchase, redemption or retirement for value of the Preferred Units on or before March 31, 2010, provided that (a) Icahn Enterprises would, at the time of such Restricted Payment and after giving pro forma effect thereto as if such Restricted Payment had been made at the beginning of the most recently ended four-quarter period for which (9) financial statements are available, have been permitted to incur at least \$1.00 of additional Indebtedness pursuant to the first paragraph of the covenant described below under the caption Incurrence of Indebtedness and Issuance of Preferred Stock and (b) after giving effect to such purchase, redemption or retirement, the Partners Equity is at least \$1.0 billion; and

(10) other Restricted Payments in an aggregate amount not to exceed \$50.0 million since the date of the indenture. For purposes of determining compliance with this covenant, in the event that a proposed Restricted Payment meets the criteria of more than one of the categories of Restricted Payments described in clauses (1) through (10) above, or is permitted to be made pursuant to the first paragraph of this covenant, Icahn Enterprises shall, in its sole discretion, classify (or later reclassify, in whole or in part, in its sole discretion) such Restricted Payment in any manner that complies with this covenant.

The amount of all Restricted Payments (other than cash) will be the Fair Market Value on the date of the Restricted Payment of the assets, property or securities proposed to be transferred or issued by Icahn Enterprises or such Subsidiary (including IEH), as the case may be, pursuant to the Restricted Payment.

Incurrence of Indebtedness and Issuance of Preferred Stock

Neither Icahn Enterprises nor any Guarantor will create, incur, issue, assume, guarantee or otherwise become liable, contingently or otherwise, with respect to (collectively, "Incur") any Indebtedness (including Acquired Debt), and neither Icahn Enterprises nor any Guarantor will issue any Disqualified Stock; provided, however, that Icahn Enterprises or any Guarantor may incur Indebtedness (including Acquired Debt) or issue Disqualified Stock, if immediately after giving effect to the incurrence of additional Indebtedness (including Acquired Debt) or issuance of Disqualified Stock (including a pro forma application of the net proceeds therefrom), the ratio of the aggregate principal amount of all outstanding Indebtedness (excluding Indebtedness incurred pursuant to clauses (4), (7) and (8) of the following paragraph and any Hedging Obligations of Icahn Enterprises' Subsidiaries that are not Guarantors) of Icahn Enterprises and its Subsidiaries (including any Guarantor) on a consolidated basis determined in accordance with GAAP (including an amount of Indebtedness equal to the principal amount of any Guarantees by Icahn Enterprises or its Subsidiaries (including any Guarantor) of any Indebtedness of a Person (that is not Icahn Enterprises or a Subsidiary) to the extent such Guarantees were not included in computing Icahn Enterprises' or its Subsidiaries' (including any Guarantor's) outstanding Indebtedness) to the Tangible Net Worth of Icahn Enterprises and its Subsidiaries (including any Guarantor) on a consolidated basis, would have been less than 1.75 to 1.

The preceding paragraph of this covenant will not prohibit the incurrence of any of the following items of Indebtedness (collectively, "Permitted Debt"):

- (1) the incurrence by Icahn Enterprises or any Guarantor of Indebtedness represented by the notes to be issued on the date of the indenture and the exchange notes to be issued pursuant to the registration rights agreement;
- (2) the incurrence by Icahn Enterprises or any Guarantor of Permitted Refinancing Indebtedness in exchange for, or the net proceeds of which are used to refund, refinance or replace Indebtedness

51

(other than intercompany Indebtedness) that was incurred under the first paragraph of this covenant or clauses (1), (2) or (9) of this paragraph or any Existing Indebtedness;

- (3) the incurrence by Icahn Enterprises or any Guarantor of intercompany Indebtedness between or among Icahn Enterprises and any of its Subsidiaries (including IEH) or the issuance of Disqualified Stock by any Guarantor to Icahn Enterprises;
- (4) the incurrence by Icahn Enterprises or any Guarantor of Hedging Obligations that are incurred in the normal course of business;
- (5) the incurrence by Icahn Enterprises or any Guarantor of Indebtedness arising from the honoring by a bank or other financial institution of a check, draft or similar instrument inadvertently drawn against insufficient funds, so long as such Indebtedness is covered within five business days;
- (6) the incurrence by Icahn Enterprises or any Guarantor of the Existing Indebtedness; Indebtedness arising from any agreement entered into by Icahn Enterprises or IEH providing for indemnification,
- (7) purchase price adjustment or similar obligations, in each case, incurred or assumed in connection with an asset sale;
- (8) Indebtedness of Icahn Enterprises or any Guarantor attributable to Bad Boy Guarantees; and
- (9) the incurrence by Icahn Enterprises or any Guarantor of additional Indebtedness in an aggregate principal amount at any time outstanding, including all Permitted Refinancing Indebtedness incurred to refund, refinance or replace any Indebtedness incurred pursuant to this clause (9), not to exceed \$10.0 million at any one time outstanding.

Neither Icahn Enterprises nor any Guarantor will incur any Indebtedness (including Permitted Debt) that is contractually subordinated in right of payment to any other Indebtedness of Icahn Enterprises or any Guarantor unless such Indebtedness is also contractually subordinated in right of payment to the notes and the Note Guarantee, as

applicable, on substantially identical terms; provided, however, that no Indebtedness of Icahn Enterprises or any Guarantor shall be deemed to be contractually subordinated in right of payment to any other Indebtedness of Icahn Enterprises or any Guarantor for purposes of this paragraph solely by virtue of being unsecured or secured to a lesser extent or on a junior Lien basis.

To the extent Icahn Enterprises or any Guarantor incurs any intercompany Indebtedness, (a) if Icahn Enterprises or any Guarantor is the obligor on such Indebtedness, such Indebtedness (other than intercompany Indebtedness of any Guarantor to or from Icahn Enterprises or another Guarantor) must be expressly subordinated to the prior payment in full in cash of all Obligations with respect to the notes and (b)(i) any subsequent issuance or transfer of Equity Interests that results in any such Indebtedness being held by a Person other than Icahn Enterprises or a Subsidiary of Icahn Enterprises (including any Guarantor) and (ii) any sale or other transfer of any such Indebtedness to a Person that is not either Icahn Enterprises or a Subsidiary of Icahn Enterprises (including any Guarantor) shall be deemed, in each case, to constitute an incurrence of such Indebtedness by Icahn Enterprises or any Guarantor, that is not intercompany Indebtedness; provided that in the case of clause (a), that no restriction on the payment of principal, interest or other obligations in connection with such intercompany Indebtedness shall be required by such subordinated terms except during the occurrence and continuation of a Default or Event of Default.

For purposes of determining compliance with this covenant, in the event that an item of Indebtedness meets the criteria of more than one of the categories of Permitted Debt described in clauses (1) through (9) above or is entitled to be incurred pursuant to the first paragraph of this covenant, in each case, as of the date of incurrence thereof, Icahn Enterprises shall, in its sole discretion, classify (or later reclassify in whole or in part, in its sole discretion) such item of Indebtedness in any manner that complies with this covenant and such Indebtedness will be treated as having been incurred pursuant to such clauses or the first paragraph hereof, as the case may be, designated by Icahn Enterprises.

The accrual of interest, the accretion or amortization of original issue discount, the payment of interest or Other Liquidated Damages on any Indebtedness in the form of additional Indebtedness with the same terms,

52

the reclassification of preferred stock as Indebtedness due to a change in accounting principles, and the payment of dividends on Disqualified Stock in the form of additional shares of the same class of Disqualified Stock will not be deemed to be an incurrence of Indebtedness or an issuance of Disqualified Stock for purposes of this covenant. Notwithstanding any other provision of this covenant, the maximum amount of Indebtedness that Icahn Enterprises or any Guarantor may incur pursuant to this covenant shall not be deemed to be exceeded solely as a result of fluctuations in exchange rates or currency values.

The amount of any Indebtedness outstanding as of any date will be:

- (1) the accreted value of the Indebtedness, in the case of any Indebtedness issued with original issue discount;
- (2) the principal amount of the Indebtedness, in the case of any other Indebtedness; and
- (3) in respect of Indebtedness of another Person secured by a Lien on the assets of the specified Person, the lesser of:
 - (a) the Fair Market Value of such assets at the date of determination; and
 - (b) the amount of the Indebtedness of the other Person.

Limitation on Liens

Neither Icahn Enterprises nor any Guarantor will, (a) issue, assume or guarantee any Indebtedness if such Indebtedness is secured by a Lien upon, or (b) secure any then outstanding Indebtedness by granting a Lien upon, any Principal Property of Icahn Enterprises or any Guarantor, now owned or hereafter acquired by IE or any Guarantor,

without effectively providing that the notes and the Note Guarantee shall be secured equally and ratably with such Indebtedness, except that the foregoing restrictions shall not apply to:

- (1) Liens on any Principal Property acquired after the Issuance Date to secure or provide for the payment of the purchase price or acquisition cost thereof;
- (2) Liens on Principal Property acquired after the Issuance Date existing at the time such Principal Property is acquired;
- (3) Liens on any Principal Property acquired from a corporation merged with or into Icahn Enterprises or any Guarantor;
 - (4) Liens in favor of Icahn Enterprises or any Guarantor;
 - (5) Liens in existence on any Principal Property on the Issuance Date;
- (6) Liens on any Principal Property constituting unimproved real property constructed or improved after the Issuance Date to secure or provide for the payment or cost of such construction or improvement;
 - (7) Liens in favor of, or required by, governmental authorities;
- (8) pledges or deposits in connection with workers compensation, unemployment insurance and other social security legislation and deposits securing liability to insure carriers under insurance arrangements;
- (9) Liens for taxes, assessments or governmental charges or statutory liens of landlords, carriers, warehousemen, mechanics, suppliers, materialmen, repairmen or other similar Liens arising in the ordinary course of business or in the improvement or repair of any Principal Property not yet due or which are being contested in good faith by appropriate proceedings;
 - (10) any judgment attachment or judgment Lien not constituting an Event of Default;
- (11) Liens to secure the performance of statutory obligations, surety or appeal bonds, performance bonds or other obligations of a like nature incurred in the ordinary course of business and in the improvement or repair of any Principal Property and which obligations are not expressly prohibited by the indenture;

53

- (12) Liens to secure Indebtedness of Icahn Enterprises or any Guarantor attributable to Bad Boy Guarantees;
- (13) Liens in favor of the trustee and required by the covenant Maintenance of Interest Coverage ;
- (14) Liens to secure margin Indebtedness; provided that such Liens are secured solely by the applicable margin securities; or
- (15) any extension, renewal, substitution or replacement (or successive extensions, renewals, substitutions or replacements), in whole or in part, of any Lien referred to in the foregoing clauses (i) through (xiv), inclusive; provided that in the case of clauses (1), (2) and (3) such Liens shall only extend to the Principal Property so acquired (including through any merger or consolidation) and not to any other Principal Property of Icahn Enterprises or any Guarantor.

Maintenance of Interest Coverage

On each Quarterly Determination Date, the Fixed Charge Coverage Ratio of Icahn Enterprises and the Guarantors will be at least 1.5 to 1.0 for the four consecutive fiscal quarters most recently completed prior to such Quarterly Determination Date; provided that, in the event that the Fixed Charge Coverage Ratio of Icahn Enterprises and the Guarantors is less than 1.5 to 1.0 for such four consecutive fiscal quarters, the Issuers shall be deemed to have satisfied this maintenance test if there is deposited, within 2 Business Days of such Quarterly Determination Date, an amount in cash such that the deposited funds, together with any funds previously deposited pursuant to this covenant (and that have not been paid out or otherwise released) are in an amount equal to the Issuers obligations to pay interest on the notes for one year; provided further, that the Issuers shall grant to the trustee, on behalf of the holders of the notes, a first priority security interest in such deposited funds. At any subsequent Quarterly Determination Date, if the Fixed Charge Coverage Ratio of Icahn Enterprises and the Guarantors is at least 1.5 to 1.0 for the four consecutive

fiscal quarters most recently completed prior to such Quarterly Determination Date, such deposited funds will be released from the security interest granted to the trustee and paid to or at the direction of Icahn Enterprises.

Maintenance of Total Unencumbered Assets

On each Quarterly Determination Date, the ratio of Total Unencumbered Assets to the then outstanding principal amount of the Unsecured Indebtedness will be greater than 1.5 to 1.0 as of the last day of the fiscal quarter most recently completed.

Compliance with Law

Icahn Enterprises will, and will cause its Subsidiaries (including any Guarantor) to, comply in all material respects with all applicable laws, rules and regulations.

No Investment Company

Neither Icahn Enterprises nor any Guarantor will register as an investment company as such term is defined in the Investment Company Act.

Merger, Consolidation or Sale of Assets

Icahn Enterprises will not: (1) consolidate or merge with or into another Person (whether or not Icahn Enterprises, is the surviving entity) or (2) sell, assign, transfer, convey or otherwise dispose of all or substantially all of the properties or assets of Icahn Enterprises in one or more related transactions, to another Person; unless:

- either: (a) Icahn Enterprises is the surviving entity, or (b) the Person formed by or surviving any such consolidation or merger (if other than Icahn Enterprises) or to which such sale, assignment, transfer, conveyance or other disposition has been made is a corporation, limited liability company or limited partnership entity organized or existing under the laws of the United States, any state of the United States or the District of Columbia;
- (2) the Person formed by or surviving any such consolidation or merger (if other than Icahn Enterprises)

54

TABLE OF CONTENTS

or the Person to which such sale, assignment, transfer, conveyance or other disposition has been made assumes all the obligations of Icahn Enterprises under the notes, the indenture and the registration rights agreement and upon such assumption such Person will become the successor to, and be substituted for, Icahn Enterprises thereunder and all references to Icahn Enterprises in each thereof shall then become references to such Person and such Person shall thereafter be able to exercise every right and power of Icahn Enterprises thereunder;

- (3) immediately after such transaction no Default or Event of Default exists; Icahn Enterprises or the Person formed by or surviving any such consolidation or merger (if other than Icahn Enterprises), or to which such sale, assignment, transfer, conveyance or other disposition has been made would, on the date of such transaction after giving pro forma effect thereto and any related financing transactions as if the same had occurred at the beginning of the applicable four-quarter period, be permitted to incur at least \$1.00 of additional Indebtedness pursuant to the first paragraph of the covenant described above under the caption **Incurrence of Indebtedness and Issuance of Preferred Stock** ; and
- (5) Icahn Enterprises has delivered to the trustee an Officers Certificate and opinion of counsel, which may be an opinion of in-house counsel of Icahn Enterprises or an Affiliate, each stating that such transaction complies with

the terms of the indenture.

Clauses (1), (2) or (4) above will not apply to or be required to be complied with in connection with any merger or consolidation or the sale, assignment, transfer, conveyance or other disposition of all or substantially all of Icahn Enterprises properties or assets to:

- an Affiliate that has no material assets or liabilities where the primary purpose of such transaction is to change Icahn Enterprises into a corporation or other form of business entity or to change the jurisdiction of formation of Icahn Enterprises and such transaction does not cause the realization of any material federal or state tax liability that will be paid by Icahn Enterprises or any of its Subsidiaries (including IEH). For purposes of this paragraph, the term material refers to any assets, liabilities or tax liabilities that are greater than 5.0% of the Tangible Net Worth of Icahn Enterprises and its Subsidiaries (including IEH) on a consolidated basis; or
- (1) any Person; provided that Icahn Enterprises receives consideration in Cash Equivalents and marketable securities with an aggregate Fair Market Value determined at the time of the execution of such relevant agreement of at least \$1.0 billion for such merger or consolidation or the sale, assignment, transfer, conveyance or other disposition of all or substantially all of Icahn Enterprises properties or assets. In any transaction referred to in this clause (2), and
- (2) subject to the terms and conditions thereof, the trustee shall, without the need of any action by the noteholders, (x) confirm that such Person shall not be liable for and release such Person from, any obligation of Icahn Enterprises under the indenture and the notes and (y) release any Guarantor from all obligations under its Note Guarantee if such Guarantor was directly or indirectly sold, assigned, transferred, conveyed or otherwise disposed of to such Person in such transaction.

Icahn Enterprises or the Person formed by or surviving any merger or consolidation will not have to comply with clause (4) above in connection with any merger or consolidation if the effect of the merger or consolidation is to cause the Capital Stock of Icahn Enterprises not owned by the Principal or any Affiliate of the Principal to be retired or extinguished for consideration that was provided by the Principal or an Affiliate of the Principal (other than Icahn Enterprises or its Subsidiaries (including IEH) or the Person formed by or surviving any merger or consolidation) and the Partners Equity immediately after giving effect to the merger or consolidation is not less than the Partners Equity immediately prior to such merger or consolidation.

In addition, Icahn Enterprises may not lease all or substantially all of its properties or assets, in one or more related transactions, to any other Person. In the case of a lease of all or substantially all of the assets of Icahn Enterprises, Icahn Enterprises will not be released from its obligations under the notes or the indenture, as applicable.

IEH will not: (1) consolidate or merge with or into another Person (whether or not IEH is the surviving entity) or (2) sell, assign, transfer, convey or otherwise dispose of all or substantially all of the properties or assets of IEH in one or more related transactions, to another Person; unless:

- either: (a) IEH is the surviving entity, or (b) the Person formed by or surviving any such consolidation or merger (if other than IEH) or to which such sale, assignment, transfer, conveyance or other disposition has been made is a
- (1) corporation, limited liability company or limited partnership entity organized or existing under the laws of the United States, any state of the United States or the District of Columbia;
- the Person formed by or surviving any such consolidation or merger (if other than IEH) or the Person to which such sale, assignment, transfer, conveyance or other disposition has been made assumes all the obligations of IEH
- (2) under the Note Guarantee (and becomes a Guarantor), the notes, the indenture and the registration rights agreement, and upon such assumption such Person will become the successor to, and be substituted for, IEH thereunder, and all references to IEH in each thereof shall then become references to such Person and such Person shall thereafter be able to exercise every right and power of IEH thereunder;
- (3) immediately after such transaction no Default or Event of Default exists;

- IEH or the Person formed by or surviving any such consolidation or merger (if other than Icahn Enterprises), or to which such sale, assignment, transfer, conveyance or other disposition has been made would, on the date of such transaction after giving pro forma effect thereto and any related financing transactions as if the same had occurred
- (4) at the beginning of the applicable four-quarter period, be permitted to incur at least \$1.00 of additional Indebtedness pursuant to the first paragraph of the covenant described above under the caption Incurrence of Indebtedness and Issuance of Preferred Stock; and
- (5) IEH has delivered to the trustee an Officers Certificate and opinion of counsel which may be an opinion of in-house counsel of Icahn Enterprises or an Affiliate, each stating that such transaction complies with the terms of the indenture.
- Clauses (1), (2) or (4) above will not apply to or be required to be complied with in connection with any merger or consolidation or the sale, assignment, transfer, conveyance or other disposition of all or substantially all of IEH's properties or assets to:

- an Affiliate that has no material assets or liabilities where the primary purpose of such transaction is to change IEH into a corporation or other form of business entity or to change the jurisdiction of formation of IEH and such transaction does not cause the realization of any material federal or state tax liability that will be paid by IEH or any of its Subsidiaries. For purposes of this paragraph, the term material refers to any assets, liabilities or tax liabilities that are greater than 5.0% of the Tangible Net Worth of Icahn Enterprises and its Subsidiaries (including IEH) on a consolidated basis;
- (1) any Person; provided that Icahn Enterprises receives consideration in Cash Equivalents and marketable securities with an aggregate Fair Market Value determined at the time of the execution of such relevant agreement of at least \$1.0 billion for such merger or consolidation or the sale, assignment, transfer, conveyance or other disposition of all or substantially all of IEH's properties or assets; or
- (2) any Person; provided that IEH receives consideration in Cash Equivalents and marketable securities with an aggregate Fair Market Value determined at the time of the execution of such relevant agreement of at least \$1.0 billion for such merger or consolidation or the sale, assignment, transfer, conveyance or other disposition of all or substantially all of IEH's properties or assets and IEH remains a Subsidiary of Icahn Enterprises.
- (3) In any transaction referred to in clause (2) or (3) above, and subject to the terms and conditions thereof, the trustee shall, without the need of any action by the noteholders, (x) confirm that such other Person shall not be liable for and shall be released from any obligation of Icahn Enterprises or IEH's under the indenture,

the notes and the Note Guarantees, and (y) release any Guarantor from all obligations under its Note Guarantee if such Guarantor was directly or indirectly sold, assigned, transferred, conveyed or otherwise disposed of to such Person in such transaction.

This Merger, Consolidation or Sale of Assets covenant will not apply to:

- (1) any consolidation or merger, or any sale, assignment, transfer, conveyance, lease or other disposition of assets between or among Icahn Enterprises, IEH or any one or more Guarantors; or
- (2) any sale, assignment, transfer, conveyance or other disposition of Cash Equivalents, including, without limitation, any investment or capital contribution of Cash Equivalents, or any purchase of property and assets, including, without limitation, securities, debt obligations or Capital Stock, with Cash Equivalents.

Transactions with Affiliates

Icahn Enterprises will not, and will not permit any of its Subsidiaries (including any Guarantor) to, make any payment to, or sell, lease, transfer or otherwise dispose of any of its properties or assets to, or purchase any property or assets

from, or enter into or make or amend any transaction, contract, agreement, understanding, loan, advance or guarantee with, any Affiliate of Icahn Enterprises (each, an Affiliate Transaction), unless:

- the Affiliate Transaction is on terms that are not materially less favorable to Icahn Enterprises or the relevant Subsidiary (including any Guarantor) than those that would have been obtained in a comparable transaction by
- (1) Icahn Enterprises or such Subsidiary (including any Guarantor) with an unrelated Person as determined in good faith by the Board of Directors of Icahn Enterprises; and
 - (2) Icahn Enterprises delivers to the trustee:
 - with respect to any Affiliate Transaction or series of related Affiliate Transactions involving aggregate consideration in excess of \$2.0 million, a resolution of the Board of Directors of Icahn Enterprises set forth in an
 - (a) Officers Certificate certifying that such Affiliate Transaction complies with this covenant and that such Affiliate Transaction has been approved by a majority of the disinterested members of the Board of Directors of Icahn Enterprises; and
 - with respect to any Affiliate Transaction or series of related Affiliate Transactions involving aggregate consideration in excess of \$10.0 million, an opinion as to the fairness to Icahn Enterprises or such
 - (b) Subsidiary (including any Guarantor) of such Affiliate Transaction from a financial point of view issued by an accounting, appraisal or investment banking firm of recognized standing.

The following items will not be deemed to be Affiliate Transactions and, therefore, will not be subject to the provisions of the prior paragraph:

- any employment agreement, employee benefit plan, officer or director indemnification agreement or any similar arrangement entered into by Icahn Enterprises or any of its Subsidiaries (including any Guarantor) in the ordinary course of business and payments pursuant thereto including payments or reimbursement of payments by IEGP with

- (8) the license of a portion of office space pursuant to a license agreement, dated as of February 1, 1997, between Icahn Enterprises and an Affiliate of IEGP and any renewal thereof;
 - (9) the payment to IEGP and reimbursements of payments made by IEGP of expenses relating to Icahn Enterprises, IEH's or any Guarantors' status as a public company;
 - (10) services provided and payments received by NEG from NEG Operating LLC, TransTexas Gas Corporation and Panaco, Inc. pursuant to the NEG Management Agreements;
 - (11) the pledge by NEG of its interest in the Capital Stock of NEG Holding LLC pursuant to the NEG Credit Agreement;
 - (12) the exchange by IEH of its GB Securities for other securities of GB Holdings, Inc.; provided that such exchange is on terms no less favorable to IEH as the exchange of GB Securities offered to other non-Affiliated Persons;
 - (13) payments by IEH, Icahn Enterprises or any Subsidiary to IEGP in connection with services provided to IEH, Icahn Enterprises or any Subsidiary in accordance with the Icahn Enterprises Partnership Agreement; and
- (14) the Acquisitions.

Reports

Whether or not required by the rules and regulations of the SEC, so long as any notes are outstanding, the Issuers will furnish to the holders of notes or cause the trustee to furnish to the holders of notes, within the time periods specified in the SEC's rules and regulations:

- (1) all quarterly and annual reports that would be required to be filed with the SEC on Forms 10-Q and 10-K if the Issuers were required to file such reports; and
- (2) all current reports that would be required to be filed with the SEC on Form 8-K if the Issuers were required to file such reports.

All such reports will be prepared in all material respects in accordance with all of the rules and regulations applicable to such reports. Each annual report on Form 10-K will include a report on the Issuers' consolidated financial statements by the Issuers' certified independent accountants. In addition, the Issuers will file a copy of each of the reports referred to in clauses (1) and (2) above with the SEC for public availability

58

TABLE OF CONTENTS

within the time periods specified in the rules and regulations applicable to such reports (unless the SEC will not accept such a filing) and, if the SEC will not accept such a filing, will post the reports on its website within those time periods.

If, at any time, the Issuers are no longer subject to the periodic reporting requirements of the Exchange Act for any reason, the Issuers will nevertheless continue filing the reports specified in the preceding paragraphs of this covenant with the SEC within the time periods specified above unless the SEC will not accept such a filing. The Issuers will not take any action for the purpose of causing the SEC not to accept any such filings. If, notwithstanding the foregoing, the SEC will not accept the Issuers' filings for any reason, the Issuers will post the reports referred to in the preceding paragraphs on its website within the time periods that would apply if the Issuers were required to file those reports with the SEC.

In addition, the Issuers agree that, for so long as any notes remain outstanding, if at any time they are not required to file with the SEC the reports required by the preceding paragraphs, they will furnish to the holders of notes and to securities analysts and prospective investors, upon their request, the information required to be delivered pursuant to Rule 144A(d)(4) under the Securities Act.

Events of Default and Remedies

The following constitutes an Event of Default:

- (1) default in payment when due and payable, upon redemption or otherwise, of principal or premium, if any, on the notes;
- (2) default for 30 days or more in the payment when due of interest or Liquidated Damages on the notes;
- (3) failure by the Issuers to call or cause to be called for redemption or to purchase or cause to be called any notes, in each case when required under the indenture;
- (4) failure by Icahn Enterprises or any Guarantor for 30 days after written notice from the trustee to comply with the provisions described under the captions Restricted Payments or Incurrence of Indebtedness and Issuance of Preferred Stock ;
- (5) failure by Icahn Enterprises or any Guarantor for 30 days after written notice from the trustee to comply with the provisions described under the captions Maintenance of Interest Coverage or Maintenance of Total Unencumbered Assets ;
- (6) failure by the Issuers or any Guarantor for 60 days after notice from the trustee or the holders of at least 25% in aggregate principal amount of the notes then outstanding to comply with any of their other agreements in the indenture or the notes or the Note Guarantee;
- (7) default under any mortgage, indenture or instrument under which there is issued or by which there is secured or evidenced any Indebtedness for money borrowed by the Issuers or any Guarantor or default on any Guarantee by the Issuers or IEH of Indebtedness, whether such Indebtedness or Guarantee now exists or is created after the Issuance Date, which default (a) is caused by a failure to pay when due at final maturity (giving effect to any grace period or waiver related thereto) the principal of such Indebtedness (a Payment Default) or (b) results in the acceleration of such Indebtedness prior to its express maturity and, in each case, the principal amount of any such Indebtedness as to which Icahn Enterprises or any Guarantor is obligated to pay, together with the principal amount of any other such Indebtedness under which a Payment Default then exists or with respect to which the maturity thereof has been so accelerated or which has not been paid at maturity as to which Icahn Enterprises or any Guarantor is obligated to pay, aggregates \$10.0 million or more;
- (8) failure by the Issuers or any Guarantor to pay final judgments aggregating in excess of \$10.0 million, which final judgments remain unpaid, undischarged or unstayed for a period of more than 60 days after such judgment becomes a final judgment;

59

TABLE OF CONTENTS

- except as permitted by the indenture, any Note Guarantee is held in any judicial proceeding to be unenforceable or
- (9) invalid or ceases for any reason to be in full force and effect, or IEH or any other Guarantor, or any Person acting on behalf of any Guarantor, denies or disaffirms its obligations under its Note Guarantee; and
 - (10) certain events of bankruptcy or insolvency with respect to Icahn Enterprises or any Guarantor that is a Significant Subsidiary.

If any Event of Default (other than by reason of bankruptcy or insolvency) occurs and is continuing, the holders of more than 25% in principal amount of the then outstanding notes may declare the principal, premium, if any, interest, Liquidated Damages, if any, and any other monetary obligations on all the notes to be due and payable immediately.

Notwithstanding the foregoing, in the case of an Event of Default arising from certain events of bankruptcy or insolvency, with respect to the Issuers or any Guarantor that is a Significant Subsidiary all outstanding notes will become due and payable without further action or notice. Holders of the notes may not enforce the indenture or the notes except as provided in the indenture. Subject to certain limitations, holders of a majority in principal amount of the then outstanding notes may direct the trustee in its exercise of any trust or power conferred on it. However, the trustee may refuse to follow any direction that conflicts with law or the indenture that the trustee determines may be unduly prejudicial to the rights of other holders of notes or that may involve the trustee in personal liability. The

trustee may withhold from holders of notes notice of any continuing Default or Event of Default (except a Default or Event of Default relating to the payment of principal or interest) if it determines that withholding notice is in the interests of the holders of the notes. In addition, the trustee shall have no obligation to accelerate the notes if in the best judgment of the trustee acceleration is not in the best interest of the holders of the notes.

At any time after a declaration of acceleration with respect to the notes and subject to certain conditions, the holders of a majority in aggregate principal amount of notes outstanding may rescind and cancel such acceleration and its consequences.

The holders of at least a majority in aggregate principal amount of the notes then outstanding by notice to the trustee may on behalf of the holders of all of the notes waive any existing Default or Event of Default and its consequences under the indenture except a continuing Default or Event of Default in the payment of interest on, premium, if any, or the principal of, any note held by a non-consenting holder.

The Issuers will be required to deliver to the trustee annually a statement regarding compliance with the indenture, and the Issuers will be required, within ten Business Days, upon becoming aware of any Default or Event of Default to deliver to the trustee a statement specifying such Default or Event of Default.

No Personal Liability of Directors, Officers, Employees, Incorporators and Stockholders

No director, officer, employee, incorporator, manager (or managing member) direct or indirect member, partner or stockholder of the Issuers, IEH, IEGP or any additional Guarantor shall have any liability for any obligations of the Issuers, IEH, IEGP or any additional Guarantor under the notes, the indenture, any Note Guarantee or for any claim based on, in respect of, or by reason of such obligations or its creation. Each holder of the notes by accepting a note waives and releases all such liability. The waiver and release are part of the consideration for issuance of the notes.

Covenant Defeasance

The Issuers may, at their option and at any time, elect to have their obligations and the obligations of any of their Subsidiaries or IEH released with respect to certain covenants that are described in the indenture (Covenant Defeasance) and, thereafter, any omission to comply with such obligations shall not constitute a Default or Event of Default with respect to the notes or any Note Guarantee. In the event Covenant Defeasance occurs, certain events (not including non-payment, bankruptcy, receivership, rehabilitation and insolvency events) described under Events of Default will no longer constitute an Event of Default with respect to the notes.

In order to exercise Covenant Defeasance:

(1) the Issuers must irrevocably deposit, or cause to be deposited, with the trustee, in trust, for the benefit of the holders of the notes, cash in U.S. dollars, non-callable Government Securities, or a

60

combination thereof, in such amounts as will be sufficient to pay the principal of, premium, if any, interest and Liquidated Damages, if any, due on the outstanding notes on the stated maturity date or on the applicable redemption date, as the case may be, in accordance with the terms of the indenture;

(2)

- no Default or Event of Default shall have occurred and be continuing with respect to certain Events of Default on the date of such deposit;
- such Covenant Defeasance shall not result in a breach or violation of, or constitute a default under any material
- (3) agreement or instrument (other than the indenture) to which the Issuers or any of their Subsidiaries is a party or by which the Issuers or any of their Subsidiaries is bound;
- the Issuers shall have delivered to the trustee an opinion of counsel, which may be an opinion of in-house counsel
- (4) to Icahn Enterprises or an Affiliate, containing customary assumptions and exceptions, to the effect that upon and immediately following the deposit, the trust funds will not be subject to the effect of any applicable bankruptcy, insolvency, reorganization or similar laws affecting creditors' rights generally under any applicable law;
- the Issuers shall have delivered to the trustee an Officers' Certificate stating that the deposit was not made by the
- (5) Issuers with the intent of defeating, hindering, delaying or defrauding any creditors of Icahn Enterprises or others; and
- the Issuers shall have delivered to the trustee an Officers' Certificate and an opinion of counsel in the United States,
- (6) which may be an opinion of in-house counsel to Icahn Enterprises or an Affiliate (which opinion of counsel may be subject to customary assumptions and exclusions) each stating that all conditions precedent provided for or relating to the Covenant Defeasance have been complied with.

Satisfaction and Discharge

The indenture will be discharged and will cease to be of further effect as to all notes issued thereunder, when:

- (1) either:
- all notes that have been authenticated, except lost, stolen or destroyed notes that have been replaced or paid and
- (a) notes for whose payment money has been deposited in trust and thereafter repaid to Icahn Enterprises, have been delivered to the trustee for cancellation; or
- all notes that have not been delivered to the trustee for cancellation (1) have become due and payable by reason of the mailing of a notice of redemption or otherwise, (2) will become due and payable within one year or (3) are to be called for redemption within 12 months under arrangements reasonably satisfactory to the trustee for the giving of notice of redemption by the trustee in the name, and at the reasonable expense of the Issuers, and the Issuers or any Guarantor have irrevocably deposited or caused to be deposited with the trustee as trust funds in trust solely for
- (b) the benefit of the holders, cash in U.S. dollars, non-callable Government Securities, or a combination of cash in U.S. dollars and non-callable Government Securities, in amounts as will be sufficient without consideration of any reinvestment of interest, to pay and discharge the entire Indebtedness on the notes not delivered to the trustee for cancellation for principal and premium, if any, and accrued but unpaid interest to the date of maturity or redemption;
- no Default or Event of Default has occurred and is continuing on the date of the deposit or will occur as a result of
- (2) the deposit and the deposit will not result in a breach or violation of, or constitute a default under, any other material instrument to which the Issuers are a party or by which the Issuers are bound;
- (3) the Issuers have paid or caused to be paid all sums payable by it under the indenture; and

61

TABLE OF CONTENTS

- (4) the Issuers or any Guarantor have delivered irrevocable instructions to the trustee under the indenture to apply the deposited money toward the payment of the notes at maturity or the redemption date, as the case may be.
- In addition, the Issuers must deliver an Officers' Certificate and an opinion of counsel to the trustee stating that all conditions precedent to satisfaction and discharge have been satisfied.

Amendment, Supplement and Waiver

Except as provided in the next two succeeding paragraphs, the indenture, the notes or the Note Guarantee may be amended or supplemented with the consent of the holders of at least a majority in principal amount of the notes then outstanding (including consents obtained in connection with a tender offer or exchange offer for notes), and any existing default or compliance with any provision of the indenture, the notes or the Note Guarantee may be waived with the consent of the holders of a majority in principal amount of the then outstanding notes (including consents obtained in connection with a tender offer or exchange offer for notes).

Without the consent of each holder affected, an amendment or waiver may not (with respect to any notes held by a nonconsenting holder of notes):

- (1) reduce the principal amount of notes whose holders must consent to an amendment, supplement or waiver;
- (2) reduce the principal of or change the fixed maturity of any note or alter or waive the provisions with respect to the redemption of the notes;
 - (3) reduce the rate of or change the time for payment of interest on any note;
- waive a Default or Event of Default in the payment of principal of, premium or interest on the notes (except a
- (4) rescission of acceleration of the notes by the holders of at least a majority in aggregate principal amount of the notes and a waiver of the payment default that resulted from such acceleration);
 - (5) make any note payable in money other than that stated in the notes;
- (6) make any change in the provisions of the indenture relating to waivers of past Defaults or the rights of holders of notes to receive payments of principal of or premium, if any, or interest on the notes;
- (7) release IEH or any other Guarantor from any of its obligations under its Note Guarantee or the indenture, except in accordance with the terms of the indenture; or
 - (8) make any change in the foregoing amendment and waiver provisions.

Notwithstanding the foregoing, without the consent of any holder of notes, the Issuers, the Guarantors and the trustee together may amend or supplement the indenture, any Note Guarantee or the notes to cure any ambiguity, defect or inconsistency, to comply with the covenant relating to mergers, consolidations and sales of assets, to provide for uncertificated notes in addition to or in place of certificated notes, to provide for the assumption of the Issuers' or any Guarantor's obligations to holders of the notes and any Note Guarantee in the case of a merger, consolidation or asset sale, to make any change that would provide any additional rights or benefits to the holders of the notes or that does not adversely affect the legal rights under the indenture of any such holder.

Concerning the Trustee

The indenture will contain certain limitations on the rights of the trustee, should it become a creditor of the Issuers or IEH, to obtain payment of claims in certain cases, or to realize on certain property received in respect of any such claim as security or otherwise. The trustee will be permitted to engage in other transactions; however, if it acquires any conflicting interest it must eliminate such conflict within 90 days or resign.

The holders of a majority in aggregate principal amount of the then outstanding notes will have the right to direct the time, method and place of conducting any proceeding for exercising any remedy available to the trustee, subject to certain exceptions. The indenture will provide that in case an Event of Default shall occur (which shall not be cured), the trustee will be required, in the exercise of its power, to use the degree of care

of a prudent person in the conduct of his own affairs. Subject to such provisions, the trustee will be under no obligation to exercise any of its rights or powers under the indenture at the request of any holder of notes, unless such holder shall have offered to the trustee security and indemnity satisfactory to it against any loss, liability or expense.

Governing Law

The indenture and the notes will be, subject to certain exceptions, governed by and construed in accordance with the internal laws of the State of New York, without regard to the choice of law rules thereof.

The issuance of the notes and the Note Guarantee will also be subject to a certain extent to the laws of the jurisdiction of formation of Icahn Enterprises.

Additional Information

Any holder of the notes may obtain a copy of the indenture without charge by writing to Icahn Enterprises L.P., Attn: Chief Financial Officer at 765 Fifth Avenue, New York, NY 10153.

Book-Entry, Delivery and Form

The new notes will be issued in one or more notes in global form or Global Notes. Except as set forth below, the notes will be issued in registered, global form in minimum denominations of \$1,000 and integral multiples of \$1,000 in excess of \$1,000. The Global Notes will be deposited upon issuance with the trustee as custodian for DTC or its nominee, in each case for credit to an account of a direct or indirect participant in DTC, as described below.

Except as set forth below, the Global Notes may be transferred, in whole and not in part, only to another nominee of DTC or to a successor of DTC or its nominee. Beneficial interests in the Global Notes may not be exchanged for definitive notes in registered certificated form (Certificated Notes) except in the limited circumstances described below. See Exchange of Global Notes for Certificated Notes. Except in the limited circumstances described below, owners of beneficial interests in the Global Notes will not be entitled to receive physical delivery of notes in certificated form.

In addition, transfers of beneficial interests in the Global Notes will be subject to the applicable rules and procedures of DTC and its direct and indirect participants (including, if applicable, those of Euroclear and Clearstream), which may change from time to time.

Prospective purchasers are advised that the laws of some states require that certain Persons take physical delivery in definitive form of securities that they own. Consequently, the ability to transfer beneficial interests in a Global Note to such Persons will be limited to such extent.

So long as the Global Note Holder is the registered owner of any notes, the Global Note Holder will be considered the sole holder under the indenture of any notes evidenced by the Global Notes. Beneficial owners of notes evidenced by the Global Notes will not be considered the owners of holders of the notes under the indenture for any purpose, including with respect to the giving of any directions, instructions or approvals to the trustee thereunder. Neither the issuers nor the trustee will have any responsibility or liability for any aspect of the records of DTC or for maintaining, supervising or reviewing any record of DTC relating to the notes.

Depository Procedures

The following description of the operations and procedures of DTC, Euroclear and Clearstream are provided solely as a matter of convenience. These operations and procedures are solely within the control of the respective settlement systems and are subject to changes by them. The Issuers take no responsibility for these operations and procedures and urge investors to contact the system or their participants directly to discuss these matters.

DTC has advised the Issuers that DTC is a limited-purpose trust company created to hold securities for its participating organizations (collectively, the Participants) and to facilitate the clearance and settlement of transactions in those securities between the Participants through electronic book-entry changes in accounts of its Participants. The Participants include securities brokers and dealers (including the initial purchaser), banks, trust companies, clearing corporations and certain other organizations. Access to DTC's system is also available to other entities such as banks, brokers, dealers and trust companies that clear through or maintain a

63

TABLE OF CONTENTS

custodial relationship with a Participant, either directly or indirectly (collectively, the Indirect Participants). Persons who are not Participants may beneficially own securities held by or on behalf of DTC only through the Participants or the Indirect Participants. The ownership interests in, and transfers of ownership interests in, each security held by or on behalf of DTC are recorded on the records of the Participants and Indirect Participants.

Except as described below, owners of interests in the Global Notes will not have notes registered in their names, will not receive physical delivery of notes in certificated form and will not be considered the registered owners or holders thereof under the indenture for any purpose.

Payments in respect of the principal of, and interest and premium, if any, and Liquidated Damages, if any, on a Global Note registered in the name of DTC or its nominee will be payable to DTC in its capacity as the registered holder under the indenture. Under the terms of the indenture, the Issuers and the trustee will treat the Persons in whose names the notes, including the Global Notes, are registered as the owners of the notes for the purpose of receiving payments and for all other purposes. Consequently, neither the Issuers or the trustee nor any agent of the Issuers or the trustee has or will have any responsibility or liability for:

- (1) any aspect of DTC's records or any Participant's or Indirect Participant's records relating to or payments made on account of beneficial ownership interest in the Global Notes or for maintaining, supervising or reviewing any of DTC's records or any Participant's or Indirect Participant's records relating to the beneficial ownership interests in the Global Notes; or
- (2) any other matter relating to the actions and practices of DTC or any of its Participants or Indirect Participants.

DTC has advised the Issuers that its current practice, upon receipt of any payment in respect of securities such as the notes (including principal and interest), is to credit the accounts of the relevant Participants with the payment on the payment date unless DTC has reason to believe that it will not receive payment on such payment date. Each relevant Participant is credited with an amount proportionate to its beneficial ownership of an interest in the principal amount of the relevant security as shown on the records of DTC. Payments by the Participants and the Indirect Participants to the beneficial owners of notes will be governed by standing instructions and customary practices and will be the responsibility of the Participants or the Indirect Participants and will not be the responsibility of DTC, the trustee or the Issuers. Neither the Issuers nor the trustee will be liable for any delay by DTC or any of the Participants or the Indirect Participants in identifying the beneficial owners of the notes, and the Issuers and the trustee may conclusively rely on and will be protected in relying on instructions from DTC or its nominee for all purposes.

Transfers between the Participants will be effected in accordance with DTC's procedures, and will be settled in same-day funds, and transfers between participants in Euroclear and Clearstream will be effected in accordance with their respective rules and operating procedures.

Cross-market transfers between the Participants, on the one hand, and Euroclear or Clearstream participants, on the other hand, will be effected through DTC in accordance with DTC's rules on behalf of Euroclear or Clearstream, as the case may be, by their respective depositories; however, such cross-market transactions will require delivery of instructions to Euroclear or Clearstream, as the case may be, by the counterparty in such system in accordance with the rules and procedures and within the established deadlines (Brussels time) of such system. Euroclear or Clearstream, as the case may be, will, if the transaction meets its settlement requirements, deliver instructions to its respective depository to take action to effect final settlement on its behalf by delivering or receiving interests in the relevant Global Note in DTC, and making or receiving payment in accordance with normal procedures for same-day funds settlement applicable to DTC. Euroclear participants and Clearstream participants may not deliver instructions directly to the depositories for Euroclear or Clearstream.

DTC has advised the Issuers that it will take any action permitted to be taken by a holder of notes only at the direction of one or more Participants to whose account DTC has credited the interests in the Global Notes and only in respect of such portion of the aggregate principal amount of the notes as to which such Participant or Participants has or have given such direction. However, if there is an Event of Default under the

64

TABLE OF CONTENTS

notes, DTC reserves the right to exchange the Global Notes for legended notes in certificated form, and to distribute such notes to its Participants.

Although DTC, Euroclear and Clearstream have agreed to the foregoing procedures to facilitate transfers of interests in the Global Notes among participants in DTC, Euroclear and Clearstream, they are under no obligation to perform or to continue to perform such procedures, and may discontinue such procedures at any time. None of the Issuers, the trustee and any of their respective agents will have any responsibility for the performance by DTC, Euroclear or Clearstream or their respective participants or indirect participants of their respective obligations under the rules and procedures governing their operations.

Exchange of Global Notes for Certificated Notes

A Global Note is exchangeable for Certificated Notes if:

- DTC (a) notifies the Issuers that it is unwilling or unable to continue as depository for the Global Notes or (b) has
- (1) ceased to be a clearing agency registered under the Exchange Act and, in either case, the Issuers fail to appoint a successor depository;
 - (2) the Issuers, at their option, notify the trustee in writing that it elects to cause the issuance of the Certificated Notes;
or
 - (3) there has occurred and is continuing a Default or Event of Default with respect to the notes.

In addition, beneficial interests in a Global Note may be exchanged for Certificated Notes upon prior written notice given to the trustee by or on behalf of DTC in accordance with the indenture. In all cases, Certificated Notes delivered in exchange for any Global Note or beneficial interests in Global Notes will be registered in the names, and issued in any approved denominations, requested by or on behalf of the depository (in accordance with its customary procedures).

Exchange of Certificated Notes for Global Notes

Certificated Notes may not be exchanged for beneficial interests in any Global Note unless the transferor first delivers to the trustee a written certificate (in the form provided in the indenture) to the effect that such transfer will comply with the appropriate transfer restrictions applicable to such notes.

Same Day Settlement and Payment

The Issuers will make payments in respect of the notes represented by the Global Notes (including principal, premium, if any, interest and Liquidated Damages, if any) by wire transfer of immediately available funds to the accounts specified by DTC or its nominee. The Issuers will make all payments of principal, interest and premium, if any, and Liquidated Damages, if any, with respect to Certificated Notes by wire transfer of immediately available funds to the accounts specified by the holders of the Certificated Notes or, if no such account is specified, by mailing a check to each such holder's registered address. The notes represented by the Global Notes are expected to be eligible to trade in DTC's Same-Day Funds Settlement System, and any permitted secondary market trading activity in such notes will, therefore, be required by DTC to be settled in immediately available funds. The Issuers expect that secondary trading in any Certificated Notes will also be settled in immediately available funds.

Because of time zone differences, the securities account of a Euroclear or Clearstream participant purchasing an interest in a Global Note from a Participant will be credited, and any such crediting will be reported to the relevant Euroclear or Clearstream participant, during the securities settlement processing day (which must be a business day for Euroclear and Clearstream) immediately following the settlement date of DTC. DTC has advised the Issuers that cash received in Euroclear or Clearstream as a result of sales of interests in a Global Note by or through a Euroclear or Clearstream participant to a Participant will be received with value on the settlement date of DTC but will be available in the relevant Euroclear or Clearstream cash account only as of the business day for Euroclear or Clearstream following DTC's settlement date.

Certain Definitions

Set forth below are certain defined terms used in the indenture. Reference is made to the indenture for full disclosure of all such terms, as well as any other capitalized terms used herein for which no definition is provided.

Acquired Debt means, with respect to any specified Person:

- Indebtedness of any other Person existing at the time such other Person is merged with or into or became a
- (1) Subsidiary of such specified Person, whether or not such Indebtedness is incurred in connection with, or in contemplation of, such other Person merging with or into, or becoming a Subsidiary of, such specified Person; and
 - (2) Indebtedness secured by a Lien encumbering any asset acquired by such specified Person.

Affiliate of any specified Person means any other Person directly or indirectly controlling or controlled by or under direct or indirect common control with such specified Person. For purposes of this definition, control, as used with respect to any Person, means the possession, directly or indirectly, of the power to direct or cause the direction of the management or policies of such Person, whether through the ownership of voting securities, by agreement or otherwise; provided that beneficial ownership of 10% or more of the Voting Stock of a Person will be deemed to be control. For purposes of this definition, the terms controlling, controlled by and under common control with have correlative meanings.

Bad Boy Guarantees means the Indebtedness of any specified Person attributable to bad boy indemnification or Guarantees, which Indebtedness would be non-recourse to IE and IEH other than recourse relating to the specific events specified therein, which such events shall be usual and customary exceptions typically found in non-recourse financings at such time as determined by management in its reasonable judgment.

Beneficial Owner has the meaning assigned to such term in Rule 13d-3 and Rule 13d-5 under the Exchange Act, except that in calculating the beneficial ownership of any particular person (as that term is used in Section 13(d)(3) of the Exchange Act), such person will be deemed to have beneficial ownership of all securities that such person has the right to acquire by conversion or exercise of other securities, whether such right is currently exercisable or is exercisable only after the passage of time. The terms Beneficially Owns and Beneficially Owned have a corresponding meaning.

Board of Directors means:

- (1) with respect to a corporation, the board of directors of the corporation or any committee thereof duly authorized to act on behalf of such board;
- (2) with respect to a partnership, the Board of Directors of the general partner of the partnership;
- (3) with respect to a limited liability company, the managing member or members or any controlling committee of managing members thereof or the Board of Directors of the managing member; and
- (4) with respect to any other Person, the board or committee of such Person serving a similar function.

Business Day means any day excluding Saturday, Sunday and any day which is a legal holiday under the laws of the State of New York or is a day on which banking institutions located in such jurisdictions are authorized or required by law or other governmental action to close.

in each case, consolidating such amounts for Icahn Enterprises and any Guarantor but excluding any net income, provision for taxes, fixed charges, depreciation, amortization or other amounts of any of the Subsidiaries of Icahn Enterprises (other than any Guarantor) and otherwise determined in accordance with GAAP; provided, further, that the Net Income of Icahn Enterprises and any Guarantor shall include income from investments or Subsidiaries of Icahn Enterprises (other than any Guarantor) but only to the extent such income is realized in Cash Equivalents by Icahn Enterprises or any Guarantor.

Change of Control means the occurrence of any of the following:

- the sale, lease, transfer, conveyance or other disposition by Icahn Enterprises or IEH (other than by way of merger or consolidation), in one or a series of related transactions, of all or substantially all of the properties or assets of Icahn Enterprises or IEH to any person (as that term is used in Section 13(d) of the Exchange Act) other than the Principal or a Related Party; provided, however, that (x) if Icahn Enterprises or IEH receives consideration in Cash Equivalents and marketable securities with an aggregate Fair Market Value determined at the time of the execution
- (1) of each relevant agreement of at least \$1.0 billion for such sale, lease, transfer, conveyance or other disposition of properties or assets, then such transaction shall not be deemed a Change of Control and (y) any sale, assignment, transfer or other disposition of Cash Equivalents, including, without limitation, any investment or capital contribution of Cash Equivalents or purchase of property, assets or Capital Stock with Cash Equivalents, will not constitute a sale, assignment, transfer, conveyance or other disposition of all or substantially all of the properties or assets for purposes of this clause (1);
- (2) the adoption of a plan relating to the liquidation or dissolution of Icahn Enterprises;

- the consummation of any transaction (including, without limitation, any merger or consolidation), the result of which is that any person (as defined above), other than the Principal or the Related Parties, becomes the Beneficial Owner, directly or indirectly, of more than 50% of the Voting Stock of a Controlling Entity of Icahn Enterprises, measured by voting power rather than number of shares;
- (3) the first day on which a majority of the members of the Board of Directors of the Controlling Entity are not Continuing Directors; or
- (4) for so long as Icahn Enterprises is a partnership, upon any general partner of Icahn Enterprises ceasing to be an Affiliate of the Principal or a Related Party.
- (5)

Change of Control Offer has the meaning assigned to that term in the indenture governing the notes.

Consolidated Net Income means, with respect to any specified Person for any period, the aggregate of net income (loss) of such Person, on a consolidated basis with its Subsidiaries, determined in accordance with GAAP and before any reduction in respect of preferred stock dividends; provided that:

- the Net Income of any Person that is accounted for by the equity method of accounting or that is a Subsidiary will be included only to the extent of the amount of dividends or similar distributions paid in cash to the specified Person or a Subsidiary of the Person;
- the Net Income of any of its Subsidiaries will be excluded to the extent that the declaration or payment of dividends or similar distributions by that Subsidiary of that Net Income is not at the date of determination permitted without any prior governmental approval (that has not been obtained) or, directly or indirectly, by operation of the terms of its charter or any agreement, instrument, judgment, decree, order, statute, rule or governmental regulation applicable to that Subsidiary or its stockholders; and
- (2)
- (3) the cumulative effect of a change in accounting principles will be excluded.

Continuing Directors means, as of any date of determination, any member of the Board of Directors of Icahn Enterprises who:

- (1) was a member of such Board of Directors on the date of the indenture; or
- (2) was nominated for election or elected to such Board of Directors with the approval of the Principal

68

TABLE OF CONTENTS

or any of the Related Parties or with the approval of a majority of the Continuing Directors who were members of such Board of Directors at the time of such nomination or election.

Control means the possession, directly or indirectly, of the power to direct or cause the direction of management and policies of a Person, whether through the ownership of Voting Stock, by agreement or otherwise.

Controlling Entity means (1) for so long as Icahn Enterprises is a partnership, any general partner of Icahn Enterprises, (2) if Icahn Enterprises is a limited liability company, any managing member of Icahn Enterprises or (3) if Icahn Enterprises is a corporation, Icahn Enterprises.

Default means any event that is, or with the passage of time or the giving of notice or both would be, an Event of Default.

Disqualified Stock means any Capital Stock that, by its terms (or by the terms of any security into which it is convertible, or for which it is exchangeable, in each case, at the option of the holder of the Capital Stock), or upon the happening of any event, matures or is mandatorily redeemable, pursuant to a sinking fund obligation or otherwise, or redeemable at the option of the holder of the Capital Stock, in whole or in part, on or prior to the date that is 91 days after the date on which the notes mature. Notwithstanding the preceding sentence, any Capital Stock that would constitute Disqualified Stock solely because the holders of the Capital Stock have the right to require Icahn

Enterprises or any Guarantor to repurchase such Capital Stock upon the occurrence of a change of control, event of loss, an asset sale or other special redemption event will not constitute Disqualified Stock if the terms of such Capital Stock provide that Icahn Enterprises or any Guarantor may not repurchase or redeem any such Capital Stock pursuant to such provisions unless such repurchase or redemption complies with the covenant described above under the caption *Certain Covenants Restricted Payments* or where the funds to pay for such repurchase was from the net cash proceeds of such Capital Stock and such net cash proceeds was set aside in a separate account to fund such repurchase. Furthermore, any Capital Stock that would constitute Disqualified Stock solely because the holders of the Capital Stock have the right to require Icahn Enterprises or any Guarantor to redeem such Capital Stock, including, without limitation, upon maturity will not constitute Disqualified Stock if the terms of such Capital Stock provide that Icahn Enterprises or any Guarantor may redeem such Capital Stock for other Capital Stock that is not Disqualified Stock. The amount of Disqualified Stock deemed to be outstanding at any time for purposes of the indenture will be the maximum amount that Icahn Enterprises and its Subsidiaries (including any Guarantor) may become obligated to pay upon the maturity of, or pursuant to any mandatory redemption provisions of, such Disqualified Stock, exclusive of accrued dividends. For the avoidance of doubt, and by way of example, the Preferred Units, as in effect on the date of the indenture, do not constitute Disqualified Stock.

Equity Interests means Capital Stock and all warrants, options or other rights to acquire Capital Stock (but excluding any debt security that is convertible into, or exchangeable for, Capital Stock).

Equity Offering means an offer and sale of Capital Stock (other than Disqualified Stock) of Icahn Enterprises (other than an offer and sale relating to equity securities issuable under any employee benefit plan of Icahn Enterprises) or a capital contribution in respect of Capital Stock (other than Disqualified Stock) of Icahn Enterprises.

Fair Market Value means the value that would be paid by a willing buyer to an unaffiliated willing seller in a transaction not involving distress or necessity of either party, determined in good faith by the Board of Directors of Icahn Enterprises (unless otherwise provided in the indenture).

Fixed Charge Coverage Ratio of Icahn Enterprises and the Guarantors means the ratio of the Cash Flow of Icahn Enterprises and the Guarantors for such period to the Fixed Charges of Icahn Enterprises and the Guarantors for such period. In the event that Icahn Enterprises, the Guarantors or any Guarantor incurs,

69

TABLE OF CONTENTS

assumes, guarantees, repays, repurchases, redeems, defeases or otherwise discharges any Indebtedness (other than ordinary working capital borrowings) or issues, repurchases or redeems preferred stock subsequent to the commencement of the period for which the Fixed Charge Coverage Ratio of Icahn Enterprises and the Guarantors is being calculated and on or prior to the Quarterly Determination Date for which the calculation of the Fixed Charge Coverage Ratio of Icahn Enterprises and the Guarantors is being made (the Calculation Date), then the Fixed Charge Coverage Ratio of Icahn Enterprises and the Guarantors will be calculated giving pro forma effect to such incurrence, assumption, Guarantee, repayment, repurchase, redemption, defeasance or other discharge of Indebtedness, or such issuance, repurchase or redemption of preferred stock, and the use of the proceeds therefrom, as if the same had occurred at the beginning of the applicable four-quarter reference period.

In addition, for purposes of calculating the Fixed Charge Coverage Ratio:

- acquisitions that have been made by the specified Person, including through mergers or consolidations, or any Person acquired by the specified Person, and including any related financing transactions, during the four-quarter (1) reference period or subsequent to such reference period and on or prior to the Calculation Date will be given pro forma effect (in accordance with Regulation S-X under the Securities Act) as if they had occurred on the first day of the four-quarter reference period;
- the Cash Flow of Icahn Enterprises and the Guarantors attributable to discontinued operations, as determined in (2) accordance with GAAP, and operations or businesses (and ownership interests therein) disposed of prior to the Calculation Date, will be excluded;
- the Fixed Charges of Icahn Enterprises and the Guarantors attributable to discontinued operations, as determined in accordance with GAAP, and operations or businesses (and ownership interests therein) disposed of prior to the (3) Calculation Date, will be excluded, but only to the extent that such Fixed Charges of Icahn Enterprises and the Guarantors are equal to or less than the Cash Flow of Icahn Enterprises and the Guarantors from the related discontinued operation excluded under clause (3) for such period; and
- if any Indebtedness bears floating rate of interest, the interest expense on such Indebtedness will be calculated as if (4) the rate in effect on the Calculation Date had been the applicable rate for the entire period (taking into account any Hedging Obligation applicable to such Indebtedness if such Hedging Obligation has a remaining term as at the Calculation Date in excess of 12 months).

Fixed Charges of Icahn Enterprises and the Guarantors means, with respect to any period, the sum, without duplication, of:

- the interest expense of Icahn Enterprises, and any Guarantor for such period, whether paid or accrued, including, without limitation, amortization of debt issuance costs and original issue discount, non-cash interest payments, the (1) interest component of any deferred payment obligations, the interest component of all payments associated with Capital Lease Obligations, commissions, discounts and other fees and charges incurred in respect of letter of credit or bankers acceptance financings, and net of the effect of all payments made or received pursuant to Hedging Obligations in respect of interest rates; plus
- (2) the interest expense of Icahn Enterprises and any Guarantor that was capitalized during such period; plus any interest on Indebtedness of another Person that is guaranteed by Icahn Enterprises or any Guarantor (other than Bad Boy Guarantees unless such Bad Boy Guarantee is called upon) or secured by a Lien on assets of Icahn (3) Enterprises or any additional Guarantor, whether or not such Guarantee or Lien is called upon; provided that for purposes of calculating interest with respect to Indebtedness that is Guaranteed or secured by a Lien, the principal amount of Indebtedness will be calculated in accordance with the last two paragraphs of the definition of Indebtedness; plus
- (4) the product of (a) all dividends, whether paid or accrued and whether or not in cash, on any series of preferred equity of Icahn Enterprises, other than dividends on preferred stock to the extent payable in Equity Interests of Icahn Enterprises (other than Disqualified Stock) or dividends on

70

preferred equity payable to Icahn Enterprises, times (b) a fraction, the numerator of which is one and the denominator of which is one minus the then current combined federal, state and local statutory income tax rate of Icahn Enterprises (however, for so long as Icahn Enterprises is a partnership or otherwise a pass-through entity for federal income tax purposes, the combined federal, state and local income tax rate shall be the rate that was utilized to calculate the Tax Amount of Icahn Enterprises to the extent that the Tax Amount was actually distributed with respect to such period (and if less than the Tax Amount is distributed, such rate shall be proportionately reduced) and if no Tax Amount was actually distributed with respect to such period, such combined federal, state and local income tax rate shall be zero), expressed as a decimal; provided that this clause (4) will not include any Preferred Unit Distribution paid in additional Preferred Units,

in each case, determined on a consolidated basis between Icahn Enterprises and any Guarantor but on a non-consolidated basis with the Subsidiaries of Icahn Enterprises (other than any Guarantor) and otherwise in accordance with GAAP.

GAAP means generally accepted accounting principles in the United States set forth in the statements and pronouncements of the Financial Accounting Standards Board or in such other statements by such other entity as have been approved by a significant segment of the accounting profession, which are in effect on the Issuance Date. For the purposes of the indenture, the term consolidated with respect to any Person shall mean such Person consolidated with its Subsidiaries.

Gaming Authority means any agency, authority, board, bureau, commission, department, office or instrumentality of any nature whatsoever of the United States or other national government, any state, province or any city or other political subdivision, including, without limitation, the State of Nevada or the State of New Jersey, whether now or hereafter existing, or any officer or official thereof and any other agency with authority thereof to regulate any gaming operation (or proposed gaming operation) owned, managed or operated by the Principal, its Related Parties, the Issuers or any of their respective Subsidiaries or Affiliates.

Gaming Law means any gaming law or regulation of any jurisdiction or jurisdictions to which the Issuers or any of their Subsidiaries (including IEH) is, or may at any time after the issue date be, subject.

Government Instrumentality means any national, state or local government (whether domestic or foreign), any political subdivision thereof or any other governmental, quasi-governmental, judicial, public or statutory instrumentality, authority, body, agency, court, tribunal, commission, bureau or entity or any arbitrator with authority to bind a party at law.

Government Securities means securities that are (1) direct obligations of the United States of America for the timely payment of which its full faith and credit is pledged or (2) obligations of a Person controlled or supervised by and acting as an agency or instrumentality of the United States of America the timely payment of which is unconditionally guaranteed as a full faith and credit obligation by the United States of America, which, in either case, are not callable or redeemable at the option of the issuer thereof, and shall also include a depository receipt issued by a bank (as defined in Section 3(a)(2) of the Securities Act), as custodian with respect to any such Government Security or a specific payment of principal of or interest on any such Government Security held by such custodian for the account of the holder of such depository receipt; provided, that (except as required by law) such custodian is not authorized to make any deduction from the amount payable to the holder of such depository receipt from any amount received by the custodian in respect of the Government Security or the specific payment of principal of or interest on the Government Security evidenced by such depository receipt.

Guarantee means a guarantee (other than by endorsement of negotiable instruments for collection in the ordinary course of business), direct or indirect, in any manner (including, without limitation, by way of a pledge of assets or through letters of credit or reimbursement agreements in respect thereof), of all or any part of any Indebtedness (whether arising by virtue of partnership arrangements, or by agreements to keep-well, to purchase assets, goods, securities or services, to take or pay or to maintain financial statement conditions or otherwise).

71

TABLE OF CONTENTS

Guarantor means any Subsidiary of Icahn Enterprises (initially only IEH) that executes a Note Guarantee in accordance with the provisions of the indenture, and their respective successors and assigns, in each case, until the Note Guarantee of such Person has been released in accordance with the provisions of the indenture.

TABLE OF CONTENTS

CERTAIN MATERIAL U.S. FEDERAL INCOME TAX CONSEQUENCES

The following general discussion summarizes certain material U.S. federal income tax consequences that apply to beneficial owners of the private notes who:

- (1) acquired the private notes at their original issue price for cash,
- (2) exchange the private notes for new notes in this exchange offer, and
- (3) held the private notes and hold the new notes as capital assets (generally, for investment) as defined in the Code.

This summary, however, does not consider state, local or foreign tax laws. In addition, it does not include all of the rules which may affect the U.S. tax treatment of your investment in the notes. For example, special rules not discussed here may apply to you if you are:

A broker-dealer, a dealer in securities or a financial institution;
An S corporation;
A bank;
A thrift;
An insurance company;
A tax-exempt organization;
A partnership or other pass-through entity;

Subject to the alternative minimum tax provisions of the Code;
Holding the private notes or the new notes as part of a hedge, straddle or other risk reduction or constructive sale transaction;

A person with a functional currency other than the U.S. dollar; or
A U.S. expatriate.

If you are a partner in a partnership which holds the new notes, you should consult your own tax advisor regarding special rules that may apply.

This summary is based on the Code and applicable Treasury Regulations, rulings, administrative pronouncements and decisions as of the date hereof, all of which are subject to change or differing interpretations at any time with possible retroactive effect. We have not sought and will not seek any rulings from the Internal Revenue Service, or the IRS, with respect to the statements made and the conclusions reached in this summary, and there can be no assurance that the IRS will agree with such statements and conclusions.

Each holder is urged to consult his tax advisor regarding the specific federal, state, local, and foreign income and other tax considerations of participating in this exchange offer and holding the new notes.

Exchange of Private Notes for New Notes

The exchange of the private notes for the new notes pursuant to this exchange offer should not be a taxable event for U.S. federal income tax purposes. Accordingly, holders participating in this exchange offer should not recognize any income, gain or loss in connection with the exchange. In addition, immediately after the exchange, any such holder should have the same adjusted tax basis and holding period in the new notes as it had in the private notes, immediately before the exchange.

Consequences of Holding the New Notes

U.S. Holders

If you are a U.S. Holder, as defined below, this section applies to you. Otherwise, the section Non-U.S. Holders applies to you.

77

TABLE OF CONTENTS

Definition of U.S. Holder

You are a U.S. Holder if you are the beneficial owner of a new note and you are, for U.S. federal income tax purposes:
an individual who is a citizen or resident of the United States;

a corporation or an entity, treated as a corporation for U.S. federal income tax purposes, created or organized under the laws of the United States or any political subdivision thereof;

an estate the income of which is subject to U.S. federal income tax regardless of its sources; or a trust (i) if a court within the United States can exercise primary supervision over the administration of the trust and one or more U.S. persons has authority to control all substantial decisions of the trust, or (ii) if the trust was in existence on August 20, 1996, and treated as a domestic trust on August 19, 1996, and it has elected to continue to be treated as a U.S. person.

Taxation of Stated Interest

Generally, you must include the interest on the new notes in your gross income as ordinary income:

when it accrues, if you use the accrual method of accounting for U.S. federal income tax purposes; or when you receive it, if you use the cash method of accounting for U.S. federal income tax purposes.

Sale or Other Taxable Disposition of the New Notes

You will generally recognize taxable gain or loss on the sale, exchange, redemption, retirement or other taxable disposition of a new note. The amount of your gain or loss will equal the difference between the amount you receive for the new note (in cash or other property, valued at fair market value), except to the extent amounts received are attributable to accrued interest on the note, and your adjusted tax basis in the new note. Your tax basis in the new note generally will equal the price you paid for the private note that was exchanged for the new note. Your gain or loss will generally be long-term capital gain or loss if your holding period for the new note is more than one year at the time of the sale, exchange, redemption, retirement or other taxable disposition. Otherwise, it will be short-term capital gain or loss. For this purpose, your holding period for the new note should include your holding period for the private note that was exchanged for the new note. Long-term capital gains recognized in years beginning before December 31, 2008 by certain non-corporate holders are generally taxed at a maximum rate of 15%. The ability to deduct capital losses is subject to limitations. Payments attributable to accrued interest which you have not yet included in income will be taxed as ordinary interest income.

Information Reporting and Backup Withholding

We will report to certain holders of the new notes and to the IRS the amount of any interest paid on the new notes in each calendar year and the amounts of tax withheld, if any, with respect to such payments. You may be subject to a backup withholding tax when you receive interest payments on a new note or proceeds upon the sale or other disposition of the new note. Certain holders (including, among others, corporations, financial institutions and certain tax-exempt organizations) are generally not subject to information reporting or backup withholding. In addition, the backup withholding tax will not apply to you if you provide to us or our paying agent your correct social security or other taxpayer identification number, or TIN, in the prescribed manner unless:

the IRS notifies us or our paying agent that the TIN you provided is incorrect; you underreport interest and dividend payments that you receive on your tax return and the IRS notifies us or our paying agent that withholding is required; or you fail, under certain circumstances, to certify under penalties of perjury that you are not subject to backup withholding.

78

TABLE OF CONTENTS

The backup withholding tax rate is currently 28%. Any amounts withheld from a payment to you under the backup withholding rules may be credited against your U.S. federal income tax liability, and may entitle you to a refund,

provided the required information is properly furnished to the IRS on a timely basis.

You should consult your tax advisor as to your qualification for exemption from backup withholding and the procedures for obtaining such exemption.

Non-U.S. Holders

The following general discussion is limited to the U.S. federal income tax consequences relevant to a Non-U.S. Holder. A Non-U.S. Holder is any beneficial owner of a new note if such owner is, for U.S. federal income tax purposes, a nonresident alien, or a corporation, estate, or trust that is not a U.S. Holder.

Interest

Portfolio Interest Exemption. You will generally not be subject to U.S. federal income tax or withholding tax on interest paid or accrued on the new notes if:

you do not own, actually or constructively, 10% or more of our capital or profits interests;
you are not a controlled foreign corporation with respect to which we are a related person within the meaning of Section 864(d)(4) of the Code;
you are not a bank receiving interest described in Section 881(c)(3)(A) of the Code;
such interest is not effectively connected with the conduct by you of a trade or business in the United States; and
either (i) you represent that you are not a United States person for U.S. federal income tax purposes and you provide your name and address to us or our paying agent on a properly executed IRS Form W-8BEN (or a suitable substitute form) signed under penalties of perjury, or (ii) a securities clearing organization, bank, or other financial institution that holds customers' securities in the ordinary course of its business holds the new note on your behalf, certifies to us or our paying agent under penalties of perjury that it has received IRS Form W-8BEN (or a suitable substitute form) from you or from another qualifying financial institution intermediary, and provides a copy of the Form W-8BEN (or a suitable substitute form) to us or our paying agent.

U.S. Federal Income or Withholding Tax If Interest Is Not Portfolio Interest. If you do not claim, or do not qualify for, the benefit of the portfolio interest exemption described above, you may be subject to a 30% withholding tax on the gross amount of interest payments, unless reduced or eliminated by an applicable income tax treaty.

However, income from payments or accruals of interest that is effectively connected with the conduct by you of a trade or business in the United States will be subject to U.S. federal income tax on a net basis at a rate applicable to United States persons generally (and, if paid to corporate holders, may also be subject to a branch profits tax at a rate of 30% or lower applicable treaty rate). If payments are subject to U.S. federal income tax on a net basis in accordance with the rules described in the preceding sentence, such payments will not be subject to United States withholding tax so long as you provide us or our paying agent with a properly executed IRS Form W-8ECI.

Non-U.S. Holders should consult any applicable income tax treaties, which may provide for a lower rate of withholding tax, exemption from or reduction of the branch profits tax, or other rules different from those described above. Generally, in order to claim any treaty benefits you must submit a properly executed IRS Form W-8BEN.

Reporting. We may report annually to the IRS and to you the amount of interest paid to you, and the tax withheld, if any, with respect to you.

Sale or Other Disposition of New Notes

You will generally not be subject to U.S. federal income tax or withholding tax on gain recognized on a sale, exchange, redemption, retirement, or other disposition of a new note unless such gain is effectively connected with the conduct by you of a trade or business within the United States. Any gain that is effectively

79

TABLE OF CONTENTS

connected with the conduct by you of a trade or business within the United States will be subject to U.S. federal income tax on a net basis at the rates generally applicable to U.S. persons as described above.

Backup Withholding and Information Reporting

Payments From U.S. Office. If you receive payment of interest or principal directly from us or through the U.S. office of a custodian, nominee, agent or broker, you may be subject to both backup withholding and information reporting.

With respect to interest payments made on the new notes, however, backup withholding and information reporting will not apply if you certify, generally on a Form W-8BEN (or Form W-8ECI) or suitable substitute form, that you are not a U.S. person in the manner described above under the heading *Non-U.S. Holders Interest*, or you otherwise establish an exemption.

Moreover, with respect to proceeds received on the sale, exchange, redemption, or other disposition of a new note, backup withholding or information reporting generally will not apply if you properly provide, generally on Form W-8BEN (or Form W-8ECI) or a suitable substitute form, a statement that you are an exempt foreign person for purposes of the broker reporting rules, and other required information. If you are not subject to United States federal income or withholding tax on the sale or other disposition of a new note, as described above under the heading *Non-U.S. Holders-Interest Sale or Other Disposition of New Notes*, you will generally qualify as an exempt foreign person for purposes of the broker reporting rules.

Payments From Foreign Office. If payments of principal and interest are made to you outside the United States by or through the foreign office of your foreign custodian, nominee or other agent, or if you receive the proceeds of the sale of a new note through a foreign office of a broker, as defined in the pertinent U.S. Treasury Regulations, you will generally not be subject to backup withholding or information reporting. You will however, be subject to backup withholding and information reporting if the foreign custodian, nominee, agent or broker has actual knowledge or reason to know that you are a U.S. person. You will also be subject to information reporting, but not backup withholding, if the payment is made by a foreign office of a custodian, nominee, agent or broker that has certain relationships to the United States unless the broker has in its records documentary evidence that you are a Non-U.S. Holder and certain other conditions are met.

Refunds. Any amounts withheld from a payment to you under the backup withholding rules may be credited against your U.S. federal income tax liability and may entitle you to a refund, provided the required information is properly furnished to the IRS on a timely basis.

The information reporting requirements may apply regardless of whether withholding is required. Copies of the information returns reporting interest and withholding also may be made available to the tax authorities in the country in which a Non-U.S. Holder is a resident under the provisions of an applicable income tax treaty or other agreement.

The preceding summary is for general information only and is not tax advice. Please consult your own tax advisor to determine the tax consequences of purchasing, holding and disposing of the notes under your particular circumstances.

PLAN OF DISTRIBUTION

Each broker-dealer that receives new notes for its own account pursuant to the exchange offer must acknowledge that it will deliver a prospectus in connection with any resale of such new notes. This prospectus, as it may be amended or supplemented from time to time, may be used by a broker-dealer in connection with resales of new notes received in exchange for private notes where such private notes were acquired as a result of market-making activities or other trading activities. We have agreed that, starting on the expiration date and ending on the close of business 270 days after the expiration date (or such shorter period during which participating broker-dealers are required by law to deliver such prospectus), we will make this prospectus, as amended or supplemented, available to any broker-dealer for use in connection with any such resale. In addition, until , 200 all dealers effecting transactions in the new notes may be required to deliver a prospectus.

We will not receive any proceeds from any sale of new notes by broker-dealers. New notes received by broker-dealers for their own account pursuant to the exchange offer may be sold from time to time in one or more transactions in the over-the-counter market, in negotiated transactions, through the writing of options on the new notes or a combination of such methods of resale, at market prices prevailing at the time of resale, at prices related to such prevailing market prices or negotiated prices. Any such resale may be made directly to purchasers or to or through brokers or dealers who may receive compensation in the form of commissions or concessions from any such broker-dealer and/or the purchasers of any such new notes. Any broker-dealer that resells new notes that were received by it for its own account pursuant to the exchange offer and any broker or dealer that participates in a distribution of such new notes may be deemed to be an underwriter within the meaning of the Securities Act and any profit of any such resale of new notes and any commissions or concessions received any such persons may be deemed to be underwriting compensation under the Securities Act. The letter of transmittal states that by acknowledging that it will deliver, and by delivering a prospectus, a broker-dealer will not be deemed to admit that it is an underwriter within the meaning of the Securities Act.

Furthermore, any broker-dealer that acquired any of its private notes directly from us:

may not rely on the applicable interpretation of the staff of the Commission's position contained in Exxon Capital Holdings Corp., SEC no-action letter (May 13, 1988), Morgan, Stanley & Co. Inc., SEC no-action letter (June 5, 1991) and Shearman & Sterling, SEC no-action letter (July 2, 1983); and must also be named as a selling noteholder in connection with the registration and prospectus delivery requirements of the Securities Act relating to any resale transaction.

For a period of 270 days after the expiration date, we will promptly send additional copies of this prospectus and any amendment or supplement to this prospectus to any broker-dealer that requests such documents in the letter of transmittal. We have agreed to pay all expenses incident to the exchange offer (including the expenses of one counsel for the holder of the private notes) other than commissions or concessions of any brokers or dealers and will indemnify the holders of the private notes (including any broker-dealers) against certain liabilities, including liabilities under the Securities Act.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Board of Directors and Partners of
Icahn Enterprises Holdings L.P.

We have audited the accompanying consolidated balance sheets of Icahn Enterprises Holdings L.P. and Subsidiaries (the Partnership) as of December 31, 2006 and 2005, and the related consolidated statements of operations, changes in partners' equity and comprehensive income, and cash flows for each of the three years in the period ended December 31, 2006. These consolidated financial statements are the responsibility of the Partnership's management. Our responsibility is to express an opinion on these financial statements based on our audits. We did not audit the financial statements of GB Holdings, Inc. and Subsidiaries for the year ended December 31, 2004, which statements reflect losses of \$12,822,000 included in the discontinued operations. Those statements were audited by other auditors, whose report thereon has been furnished to us, and our opinion, insofar as it relates to the amounts included for GB Holdings, Inc. and Subsidiaries, is based solely on the report of the other auditors. Those auditors expressed an unqualified opinion with emphasis on a going concern matter on those financial statements in their report dated March 11, 2005. Also, we did not audit the financial statements of ImClone Systems Incorporated and Subsidiary, the investment in which, as discussed in Notes 2 and 7 to the financial statements, is accounted for by the equity method of accounting. The investment in ImClone Systems Incorporated and Subsidiary was \$164,307,000 and \$97,255,000

as of December 31, 2006 and 2005, respectively, and the equity in its net income was \$12,620,000 and \$1,375,000, respectively, for the years then ended. The financial statements of ImClone Systems Incorporated and Subsidiary were audited by other auditors whose report has been furnished to us, and our opinion, insofar as it relates to the amounts included for ImClone Systems Incorporated and Subsidiary, is based on the reports of the other auditors.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits and the reports of the other auditors provide a reasonable basis for our opinion.

In our opinion, based on our audits and the reports of the other auditors, the consolidated financial statements referred to above present fairly, in all material respects, the consolidated financial position of Icahn Enterprises Holdings L.P. and Subsidiaries as of December 31, 2006 and 2005, and the consolidated results of their operations and their consolidated cash flows for each of the three years in the period ended December 31, 2006, in conformity with accounting principles generally accepted in the United States of America.

As discussed in Notes 2 and 7, in 2006, the Partnership changed the accounting for its investment in ImClone Systems Incorporated and Subsidiary from an available-for-sale security to the equity method. Also, as discussed in Note 2, the Partnership changed its method of allocating gains and losses upon disposition to third parties of entities under common control.

As further described in Note 1, these consolidated financial statements have been adjusted to reflect the acquisition of entities under common control, which have been accounted for in a manner similar to a pooling-of-interests, as well as the reclassification of assets held for sale or sold to discontinued operations through the nine months ended September 30, 2007.

**REPORT OF INDEPENDENT REGISTERED PUBLIC
ACCOUNTING FIRM**

To the Shareholders of GB Holdings, Inc.

We have audited the consolidated statements of operations, changes in shareholders' equity and cash flows for the year ended December 31, 2004 of GB Holdings, Inc. and subsidiaries. These consolidated financial statements are the responsibility of the company's management. Our responsibility is to express an opinion on these consolidated financial statements based on our audit.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the results of operations and cash flows of GB Holdings, Inc. and subsidiaries for the year ended December 31, 2004, in conformity with US generally accepted accounting principles.

The consolidated financial statements have been prepared assuming that GB Holdings, Inc. will continue as a going concern. As discussed in Notes 1 and 2 to the consolidated financial statements, the Company has suffered recurring net losses, has a net working capital deficiency and has significant debt obligations which are due within one year that raise substantial doubt about its ability to continue as a going concern. Management's plans in regard to these matters are also described in Notes 1 and 2. The consolidated financial statements do not include any adjustments that might result from the outcome of this uncertainty.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To Board of Directors and Stockholders
ImClone Systems Incorporated:

We have audited the consolidated balance sheets of ImClone Systems Incorporated and subsidiary as of December 31, 2006 and 2005, and the related consolidated statements of operations, stockholders' equity (deficit) and comprehensive income, and cash flows for the years then ended, not presented separately herein. These consolidated financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these consolidated financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of ImClone Systems Incorporated and subsidiary as of December 31, 2006 and 2005, and the results of their operations and their cash flows for the years then ended, in conformity with U.S. generally accepted

accounting principles.

As discussed in notes 2(i) and 11(d) to the consolidated financial statements, the Company adopted the provisions of Statement of Financial Accounting Standards No. 123R, Share-Based Payment, effective January 1, 2006.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS December 31, 2006, 2005 and 2004

1. Description of Business and Basis of Presentation

General

Icahn Enterprises Holdings L.P., or IEH, is a limited partnership formed in Delaware on February 17, 1987. We changed our name effective September 17, 2007. We are a diversified holding company engaged in a variety of businesses including Investment Management, Real Estate, and Home Fashion. Our primary business strategy is to continue to grow and enhance the value of our businesses. We may also seek to acquire additional businesses that are distressed or in out-of-favor industries and will consider divestiture of business from which we do not foresee adequate future cash flow or appreciation potential. In addition, we invest our available liquidity in debt and equity securities with a view towards enhancing returns as we continue to assess further acquisitions of operating businesses.

Our sole limited partner is Icahn Enterprises L.P., or Icahn Enterprises, a Delaware master limited partnership which owns a 99% limited partnership interest in us. Our general partner is Icahn Enterprises G.P. Inc., or IEGP, which was formerly known as American Property Investors, Inc., a Delaware corporation, which is also the general partner of Icahn Enterprises. IEGP is a wholly owned subsidiary of Beckton Corp., a Delaware corporation. All of the outstanding capital stock of Beckton Corp., is owned by Carl C. Icahn. References to IEH, we or us herein include IEH and its subsidiaries, unless the context otherwise requires.

IEH has guaranteed the 7.125% senior notes due 2013 issued by Icahn Enterprises. At December 31, 2005, there were fewer than 300 holders of the notes and guarantees. On January 24, 2006, we filed a Form 15 to notify the Securities and Exchange Commission (the SEC) that our reporting obligations automatically were suspended pursuant to section 15(d) of the Securities Exchange Act of 1934, as amended (the 34 Act).

Change in Reporting Entity

As discussed in further detail below, on August 8, 2007, we acquired the general partnership interests in the General Partners (as defined below) and Icahn Capital Management L.P. (New Icahn Management). Our historical financial statements contained herein have been adjusted to reflect this acquisition. In accordance with U.S. generally accepted accounting principles (U.S. GAAP), assets transferred between entities under common control are accounted for at historical cost similar to a pooling of interests, and the financial statements of previously separate companies for periods prior to the acquisition are adjusted on a consolidated basis. As a result of the restatements arising from the acquisition that occurred on August 8, 2007, our financial statements now include additional entities as described below. The accounting policies, which include our Investment Management segment, are set out in Note 2, Summary of Significant Accounting Policies.

Basis of Presentation

The consolidated financial statements include the accounts of IEH, and its wholly and majority owned subsidiaries in which control can be exercised, in addition to those entities in which IEH, has a substantive controlling, general partner interest or in which it is the primary beneficiary of a variable interest entity in accordance with FIN 46R, as described below. IEH, is considered to have control if it has a direct or indirect ability to make decisions about an entity's activities through voting or similar rights. All material intercompany accounts and transactions have been eliminated in consolidation.

As further described in Note 2, the Investment Funds and the Offshore Fund (as each term is defined herein) are consolidated into our financial statements even though we only have a minority interest in the equity and income of these funds. The majority ownership interests in these funds, which represent the portion of the consolidated net assets and net income attributable to the limited partners and shareholders in the consolidated Private Funds (as defined below) for the periods presented, are reflected as non-controlling interests in income of consolidated entities Investment Management in the accompanying financial statements.

Change in Presentation

As a result of the acquisition of the Partnership Interests (as defined below) on August 8, 2007 and the consolidation of the affiliated partnership entities, as described in Note 2, Summary of Significant Accounting Policies, we have changed the presentation of our consolidated balance sheets to an unclassified format in the accompanying financial statements as of December 31, 2006 and 2005. Accordingly, certain amounts reflected in our classified balance sheets in our Annual Report on Form 10-K for the year ended December 31, 2006 (2006 Annual Report on Form 10-K) filed with the SEC on March 6, 2007 have been reclassified to conform to the unclassified balance sheet presentation.

We have also changed the presentation of our consolidated statements of operations. The reclassifications to the consolidated statements of operations included in our 2006 Annual Report on Form 10-K filed with the SEC on March 6, 2007 are as follows:

1. The grouping of revenues and expenses to arrive at operating income and certain categories of other income and expense has been discontinued.
2. Interest and other income, net gain from investment activities and other income, net are now classified as revenues.
3. Interest expense is included in total expenses.

Acquisitions

Acquisition of Partnership Interests

On August 8, 2007, we acquired the general partnership interests in the General Partners and New Icahn Management for an initial consideration of \$810 million of the depositary units of Icahn Enterprises. There is a potential maximum aggregate earn-out (including any catch-up) of \$1.121 billion of the depositary units of Icahn Enterprises, which is subject to achieving total after-tax earnings from the General Partners and New Icahn Management subsequent to the acquisition, which includes both management fees and performance-based or incentive allocations paid by the Private Funds to New Icahn Management and the General Partners during the five-year period of at least \$3.906 billion. These entities provide investment advisory and certain management services to the Private Funds but do not provide such services to any other entities, individuals or accounts. Interests in the Private Funds are offered only to certain sophisticated and accredited investors on the basis of exemptions from the registration requirements of the federal securities laws and are not publicly available.

We entered into a Contribution and Exchange Agreement (the Contribution Agreement), dated as of August 8, 2007, with CCI Offshore Corp. (CCI Offshore), CCI Onshore Corp. (CCI Onshore), Icahn Management LP, a Delaware limited partnership (Icahn Management) and, together with CCI Offshore and CCI Onshore, collectively referred to herein as the Contributors), and Carl C. Icahn. Pursuant to the Contribution Agreement, we acquired general partnership interests in Icahn Onshore LP (the Onshore GP) and Icahn Offshore LP (the Offshore GP) and, together with the Onshore GP, the General Partners), acting as general partners of Icahn Partners LP (the Onshore Fund) and the Offshore Master Funds (as defined below) managed and controlled by Mr. Icahn. As referred to herein, the Offshore Master Funds consist of (i) Icahn Partners Master Fund LP (Offshore Master Fund I); (ii) Icahn Partners Master Fund II L.P. (Offshore Master Fund II) and (iii) Icahn Partners Master Fund III L.P. (Offshore Master Fund III). The Onshore Fund and the Offshore Master Funds are collectively referred to herein as the Investment Funds.

The Offshore GP also acts as general partner of certain funds formed as Cayman Islands exempted limited partnerships that invest in the Offshore Master Funds. These funds, together with other funds that also invest in the Offshore Master Funds, constitute the Feeder Funds and, together with the Investment Funds, are referred to herein as

the Private Funds. We also acquired the general partnership interests in New Icahn

Management, a Delaware limited partnership, which is a newly formed management company that provides certain management and administrative services to the Private Funds.

Other Acquisitions

On May 19, 2006, our wholly owned subsidiaries, AREP Laughlin Corporation (AREP Laughlin) and AREP Boardwalk Properties LLC, completed the purchases, respectively, of the Flamingo Laughlin Hotel and Casino, now known as the Aquarius Casino Resort (the Aquarius), in Laughlin, Nevada, and 7.7 acres of land that was adjacent to the former Sands Hotel and Casino (The Sands), in Atlantic City, New Jersey, known as the Traymore site, from affiliates of Harrah s Operating Company, Inc. (Harrah s). Operating results for the Aquarius are included with Icahn Enterprises Holdings results beginning as of May 19, 2006. On November 17, 2006, we sold the Atlantic City gaming operations, including the Traymore site. As discussed below, on April 22, 2007, we entered into an agreement to sell our Nevada gaming operations.

On August 8, 2005, WestPoint International Inc. (WPI), our indirect majority owned subsidiary, completed the acquisition of substantially all of the assets of WestPoint Stevens Inc. (WPS). Operating results for WPI are included with Icahn Enterprises Holdings results beginning as of August 8, 2005. In December 2006, WPI acquired a manufacturing facility in Bahrain for an aggregate cash consideration of \$98.6 million and a seller note of \$10.6 million. The purchase price is subject to working capital adjustments. As discussed below, on October 18, 2007, WPI entered into an agreement to sell the inventory at substantially all of its 30 retail outlet stores.

Discontinued Operations

As discussed further below, on October 18, 2007, within our Home Fashion segment, WPI, our indirect majority owned subsidiary, entered into an agreement to sell the inventory at substantially all of its 30 retail outlet stores. These operations met the criteria for discontinued operations during the Company s third quarter of 2007. Therefore, the portion of the business related to the stores retail operations has been classified for all years presented as discontinued operations.

On April 22, 2007, within our former Gaming segment, American Entertainment Properties Corp (AEP), our wholly owned indirect subsidiary, entered into an agreement to sell all of the issued and outstanding membership interests of American Casino and Entertainment Properties LLC (ACEP), which comprises our remaining gaming operations.

On November 21, 2006, within our former Oil and Gas segment, our indirect wholly owned subsidiary, AREP O & G Holdings LLC, consummated the sale of all of the issued and outstanding membership interests of NEG Oil & Gas LLC (NEG Oil & Gas) to SandRidge Energy, Inc. (SandRidge), formerly Riata Energy, Inc.

On November 17, 2006, within our former Gaming segment, our indirect majority owned subsidiary, Atlantic Coast Entertainment Holdings, Inc. (Atlantic Coast), completed the sale to Pinnacle Entertainment, Inc. (Pinnacle) of the outstanding membership interests in ACE Gaming LLC (ACE), the owner of The Sands, and 100% of the equity interests in certain subsidiaries of IEH which own parcels of real estate adjacent to The Sands, including the Traymore site.

Certain of our real estate properties are classified as discontinued operations. The properties classified as discontinued operations have changed during the fiscal year ended December 31, 2006, or fiscal 2006, and, accordingly, certain amounts in the accompanying financial statements for the fiscal year ended December 31, 2005, or fiscal 2005, and the fiscal year ended December 31, 2004, or fiscal 2004, have been reclassified to conform to the current classification of properties. In addition, during the nine months ended September 30, 2007, within our Real Estate segment, five properties of our Real Estate segment were reclassified to held for sale as they were subject to a contract or letter of intent. The operations of these properties were classified as discontinued operations for all years presented.

2. Summary of Significant Accounting Policies

As discussed in Note 1, we operate in several diversified segments. The accounting policies related to the specific segments or industries are differentiated, as required, in the list of significant accounting policies set out below.

Principles of Consolidation

a. General

The consolidated financial statements include the accounts of Icahn Enterprises Holdings and its wholly and majority owned subsidiaries in which control can be exercised, in addition to those entities in which Icahn Enterprises Holdings has a substantive controlling, general partner interest or in which it is the primary beneficiary of a variable interest entity. We are considered to have control if we have a direct or indirect ability to make decisions about an entity's activities through voting or similar rights. We use the guidance set forth in AICPA Statement of Position No.78-9, *Accounting for Investments in Real Estate Ventures* (SOP 78-9), Emerging Issues Task Force (EITF) Issue No. 04-05, *Determining Whether a General Partner, or the General Partners as a Group, Controls a Limited Partnership or Similar Entity When the Limited Partners Have Certain Rights* (EITF No. 04-05), FASB Interpretation No. 46R, *Consolidation of Variable Interest Entities, an Interpretation of ARB No. 51* (FIN 46R), and in SFAS No. 94, *Consolidation of All Majority-Owned Subsidiaries - An Amendment of ARB No. 51, with Related Amendments of APB Opinion No. 18, and ARB No. 43 Chapter 12* (SFAS No. 94), with respect to our investments in partnerships and limited liability companies. All intercompany balances and transactions are eliminated.

In accordance with U.S. GAAP, assets and liabilities transferred between entities under common control are accounted for at historical cost in a manner similar to a pooling of interests, and the financial statements of previously separate companies for periods prior to their acquisition are retrospectively adjusted on a combined basis.

b. Investment Management

The accompanying financial statements include the consolidated financial statements of the Investment Management and GP Entities and certain consolidated Private Funds during the periods presented. As referred to herein, the term Investment Management and GP Entities includes either Icahn Management (for the period prior to the acquisition on August 8, 2007) or New Icahn Management (for the period subsequent to the acquisition on August 8, 2007) and, in either case, the General Partners. The Investment Management and GP Entities consolidate those entities in which (i) they have an investment of more than 50% and have control over significant operating, financial and investing decisions of the entity pursuant to SFAS No. 94, (ii) they have a substantive controlling, general partner interest pursuant to EITF No. 04-05 or (iii) they are the primary beneficiary of a variable interest entity (a VIE) pursuant to FIN 46R. With respect to the consolidated Private Funds, the limited partners and shareholders have no substantive rights to impact ongoing governance and operating activities.

2. Summary of Significant Accounting Policies (continued)

Icahn Management (and, subsequent to the acquisition of the Partnership Interests on August 8, 2007, New Icahn Management), the Onshore GP and the Offshore GP are consolidated into Icahn Enterprises Holdings pursuant to SFAS No. 94 as Icahn Enterprises Holdings owns greater than 50% of the partnership interests in these entities. Icahn Enterprises Holdings has a substantive controlling, general partnership interest in these entities.

The Onshore Fund is consolidated into the Onshore GP pursuant to EITF 04-05, which defines the criteria for determining whether a general partner controls a limited partnership when the limited partners have certain rights, such as kick-out rights. According to EITF 04-05, consolidation of a limited partnership by the general partner is required when these rights do not exist.

Icahn Fund Ltd. (the Offshore Fund) and, from May 1, 2006 through October 1, 2006, Icahn Sterling Fund Ltd. (the Sterling Fund) are consolidated into the Offshore GP, pursuant to FIN 46R. On October 1, 2006, the Sterling Fund s assets were contributed to the Offshore Fund. VIEs are defined as entities in which equity investors do not have the characteristics of a controlling financial interest or do not have sufficient equity at risk for the entity to finance its activities without additional subordinated financial support from other parties. A VIE must be consolidated only by its primary beneficiary, which is defined as the party who, along with its affiliates and agents, will absorb a majority of the VIE's expected losses or receive a majority of the expected residual returns as a result of holding variable interests.

Although the Private Funds are not investment companies within the meaning of the 1940 Act, each of the consolidated Private Funds is, for U.S. GAAP purposes, an investment company under the AICPA Audit and Accounting Guide Investment Companies (the AICPA Guide). The Investment Management and GP Entities have retained the specialized accounting of these funds in accordance with EITF Issue No. 85-12, *Retention of Specialized Accounting for Investments in Consolidation*. Offshore Master Fund I, managed by the Offshore GP, is structured as a master-feeder arrangement, whereby the Offshore Fund makes its investment in Offshore Master Fund I. In instances where the Investment Management and GP Entities, through their direct equity interest and consolidated Feeder Funds, own all of the outstanding equity shares of an affiliated master fund, the Investment Management and GP Entities consolidate such master fund. Pursuant to the AICPA Guide, the consolidated Private Funds' investments are reflected in the consolidated financial statements at their estimated fair values with changes in unrealized gains and losses included as a component of net earnings. Furthermore, pursuant to their specialized accounting, the Private Funds are not subject to the consolidation provisions of FIN 46R with respect to their investments.

The management fees earned by Icahn Management (and by New Icahn Management subsequent to the acquisition on August 8, 2007) from consolidated entities and the incentive allocations earned by the Onshore GP and the Offshore GP from the Onshore Fund and Offshore Master Fund I, respectively, are eliminated in consolidation; however, the Investment Management and GP Entities allocated share of the net income from the Private Funds includes the amount of these eliminated fees. Accordingly, the consolidation of the Private Funds has no material net effect on the Investment Management and GP Entities' earnings from the Private Funds.

Retrospective Application of Change in Accounting for Investment in ImClone Systems Incorporated

In the fourth quarter of fiscal 2006 we changed our method of accounting for our investment in ImClone Systems Incorporated (ImClone), to the equity method of accounting. Previously, we accounted for our investment in ImClone

as an available-for-sale security. In accordance with SFAS No. 115 (as defined below) available for sale securities are reported at fair value, with unrealized gains and losses excluded from earnings and reported in a separate component of shareholders' equity as Other Comprehensive Income. We record our proportionate equity in ImClone's earnings and capital transactions on a one calendar quarter time lag.

2. Summary of Significant Accounting Policies (continued)

From the first quarter of fiscal 2005 through the third quarter of fiscal 2006, Icahn Enterprises Holdings and certain other affiliates of Mr. Icahn purchased shares of common stock of ImClone. As of September 30, 2006, the total shares of ImClone held by Icahn Enterprises Holdings as a percentage of ImClone's total outstanding shares were 5.4%. Also, in October 2006, Mr. Icahn was appointed Chairman of the board of directors of ImClone and certain other changes to ImClone's board of directors took place, which resulted in Mr. Icahn having the ability to exercise significant influence over the operating and financial policies of ImClone.

In assessing the applicability of Accounting Principles Board Opinion No. 18, *The Equity Method of Accounting for Investments in Common Stock* (APB 18), we have determined that, because of the ability of Mr. Icahn to exercise significant influence over ImClone's operating and financial policies, we were required to adopt the equity method of accounting for our investment in ImClone, and accordingly, the fiscal 2005 financial statements have been adjusted to apply the new method retrospectively. See Note 7, *Investment and Related Matters*, for information regarding the effect of this change on net earnings and total partners' equity.

As further described below, we adopted SFAS No. 159 as of January 1, 2007 and elected to apply the fair value option to our investment in ImClone.

Use of Estimates in Preparation of Financial Statements

The preparation of the consolidated financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amount of assets and liabilities at the date of the financial statements and the reported amount of revenues and expenses during the period. The more significant estimates include (1) the valuation allowances of accounts receivable and inventory, (2) the valuation of long-lived assets, mortgages and notes receivable, (3) costs to complete for land, house and condominium developments, (4) gaming-related liability and promotional programs, (5) deferred tax assets, (6) oil and gas reserve estimates, (7) asset retirement obligations and (8) fair value of derivatives. Actual results may differ from the estimates and assumptions used in preparing the consolidated financial statements.

Cash and Cash Equivalents

We consider short-term investments, which are highly liquid with original maturities of three months or less at date of purchase, to be cash equivalents.

Cash Held at Consolidated Affiliated Partnerships and Restricted Cash

Cash held at consolidated affiliated partnerships and restricted cash consists of (i) cash and cash equivalents held by the Onshore Fund and Offshore Master Fund I that, although not legally restricted, is not available to fund the general liquidity needs of the Investment Management and GP Entities or Icahn Enterprises Holdings and (ii) restricted cash relating to derivatives held on deposit.

Investments and Related Transactions Investment Management

Investment Transactions and Related Investment Income. Investment transactions of the Private Funds are recorded on a trade date basis. Realized gains or losses on sales of investments are based on the first-in, first-out or the specific identification methods. Realized and unrealized gains or losses on investments are recorded in the consolidated statements of operations. Interest income and expenses are recorded on an accrual basis and dividends are recorded on the ex-dividend date. Premiums and discounts on fixed income securities are amortized using the effective yield method.

Valuation of Investments. Securities of the Private Funds that are listed on a securities exchange are valued at their last sales price on the primary securities exchange on which such securities are traded on such date. Securities that are not listed on any exchange but are traded over-the-counter are valued at the mean

between the last bid and ask price for such security on such date. Securities and other instruments for which market quotes are not readily available are valued at fair value as determined in good faith by the applicable general partner.

Foreign Currency Transactions. The books and records of the Private Funds are maintained in U.S. dollars. Assets and liabilities denominated in currencies other than U.S. dollars are translated into U.S. dollars at the rate of exchange in effect at the balance sheet date. Transactions during the period denominated in currencies other than U.S. dollars are translated at the rate of exchange applicable on the date of the transaction. Foreign currency translation gains and losses are recorded in the consolidated statements of operations. The Private Funds do not isolate that portion of the

results of operations resulting from changes in foreign exchange rates on investments from the fluctuations arising from changes in the market prices of securities. Such fluctuations are included in the net realized gains (losses) from securities transactions and the net unrealized gains (losses) on securities positions.

Fair Values of Financial Instruments. The fair values of the Private Funds' assets and liabilities that qualify as financial instruments under SFAS No. 107, *Disclosures About Fair Value of Financial Instruments*, approximate the carrying amounts presented in the consolidated balance sheets.

Securities Sold, Not Yet Purchased. The Private Funds may sell an investment they do not own in anticipation of a decline in the fair value of that investment. When the Private Funds sell an investment short, they must borrow the investment sold short and deliver it to the broker-dealer through which they made the short sale. A gain, limited to the price at which the Private Funds sold the investment short, or a loss, unlimited in amount, will be recognized upon the cover of the short sale.

Due From Brokers. Due from brokers represents cash balances with the Private Funds' clearing brokers. A portion of the cash at brokers is related to securities sold, not yet purchased; its use is therefore restricted until the securities are purchased. Securities sold, not yet purchased are collateralized by certain of the Private Funds' investments in securities. Margin debit balances, which may exist from time to time, are collateralized by certain of the Private Funds' investments in securities.

Investments Holding Company and other operations

Investments in equity and debt securities are classified as either trading or available-for-sale based upon whether we intend to hold the investment for the foreseeable future. Trading securities are valued at quoted market value at each balance sheet date with the unrealized gains or losses reflected in the consolidated statements of operations.

Available-for-sale securities are carried at fair value on our balance sheet. Unrealized holding gains and losses on available-for-sale securities are excluded from earnings and reported as a separate component of partners' equity and when sold are reclassified out of partners' equity to the consolidated statements of operations. For purposes of determining gains and losses, the cost of securities is based on specific identification.

A decline in the market value of any available-for-sale security below cost that is deemed to be other than temporary results in an impairment that is charged to earnings and the establishment of a new cost basis for the investment. Dividend income is recorded when declared and interest income is recognized when earned.

Derivatives

From time to time, our subsidiaries enter into derivative contracts, including (a) commodity price collar agreements entered into by our former Oil and Gas segment to reduce our exposure to price risk in the spot market for natural gas and oil (prior to the sale of our Oil and Gas segment to SandRidge in November 2006), (b) commodity futures contracts, forward purchase commodity contracts and option contracts entered into by our Home Fashion segment primarily to manage our exposure to cotton commodity price risk and (c) purchased and written option contracts, swap contracts, futures contracts and forward contracts entered into by

the Private Funds. We follow SFAS No. 133, *Accounting for Derivative Instruments and Hedging Activities*, which was amended by SFAS No. 138, *Accounting for Certain Derivative Instruments and Certain Hedging Activities*.

These pronouncements established accounting and reporting standards for derivative instruments and for hedging activities, which generally require recognition of all derivatives as either assets or liabilities in the balance sheet at their fair value. The accounting for changes in fair value depends on the intended use of the derivative and its resulting designation. Through December 31, 2006, we did not use hedge accounting and accordingly, all unrealized gains and losses are reflected in our consolidated statements of operations.

Trade, Notes and Other Receivables

An allowance for doubtful accounts is determined through analysis of the aging of accounts receivable at the date of the consolidated financial statements, assessments of collectibility based on an evaluation of historic and anticipated trends, the financial condition of our customers, and an evaluation of the impact of economic conditions. Our allowance for doubtful accounts is an estimate based on specifically identified accounts as well as general reserves based on historical experience.

Inventories, Net

Inventories are stated at the lower of cost (first-in, first-out method) or market. The cost of manufactured goods, which are held only by WPI, includes material, labor and factory overhead. We maintain reserves for estimated excess, slow moving and obsolete inventory as well as inventory whose carrying value is in excess of net realizable value.

Inventories consisted of the following (in \$000s):

	December 31,	
	2006	2005
Raw materials and supplies	\$ 32,059	\$ 33,083
Goods in process	83,592	100,337
Finished goods	108,832	90,205
	\$ 224,483	\$ 223,625

Property, Plant and Equipment

Land and construction-in-progress costs are stated at the lower of cost or net realizable value. Interest is capitalized on expenditures for long-term projects until a salable condition is reached. The interest capitalization rate is based on the interest rate on specific borrowings to fund the projects.

Buildings, furniture and equipment are stated at cost less accumulated depreciation unless declines in the values of the fixed assets are considered other than temporary, at which time the property is written down to net realizable value. Depreciation is principally computed using the straight-line method over the estimated useful lives of the particular property or equipment, as follows: buildings and improvements, four to 40 years; furniture, fixtures and equipment, one to 18 years. Leasehold improvements are amortized over the life of the lease or the life of the improvement, whichever is shorter.

Maintenance and repairs are charged to expense as incurred. The cost of additions and improvements is capitalized and depreciated over the remaining useful lives of the assets. The cost and accumulated depreciation of assets sold or retired are removed from our consolidated balance sheet, and any gain or loss is recognized in the year of disposal.

Real estate properties held for use or investment, other than those accounted for under the financing method, are carried at cost less accumulated depreciation. Where declines in the values of the properties are determined to be other than temporary, the cost basis of the property is written down to net realizable value. A property is classified as held for sale at the time management determines that the criteria in SFAS No. 144,

Accounting for the Impairment or Disposal of Long-Lived Assets, have been met. Properties held for sale are carried at the lower of cost or net realizable value. Such properties are no longer depreciated and their results of operations are included in discontinued operations. As a result of the reclassification of certain real estate to properties held for sale during fiscal 2006, income and expenses of such properties are reclassified to discontinued operations for all prior periods. If management determines that a property classified as held for sale no longer meets the criteria in SFAS No. 144, the property is reclassified as held for use.

Intangible Assets

Intangible assets consist of trademarks of WPI (Note 4, Operating Units Home Fashion). In accordance with SFAS No. 142, *Goodwill and Other Intangible Assets* (SFAS No. 142), goodwill and intangible assets with indefinite lives are no longer amortized, but instead tested for impairment.

Accounting for the Impairment of Long-Lived Assets

We evaluate our long-lived assets in accordance with the application of SFAS No. 144. Accordingly, we evaluate the realizability of our long-lived assets whenever events or changes in circumstances indicate that the carrying amount of

an asset may not be recoverable. Inherent in the reviews of the carrying amounts of the above assets are various estimates, including the expected usage of the asset. Assets must be tested at the lowest level for which identifiable cash flows exist. Future cash flow estimates are, by their nature, subjective and actual results may differ materially from our estimates. If our ongoing estimates of future cash flows are not met, we may have to record impairment charges in future accounting periods. Our estimates of cash flows are based on the current regulatory, social and economic climates, recent operating information and budgets of the operating properties.

Accounting for Asset Retirement Obligations

Effective January 1, 2003, we adopted the provisions of SFAS No. 143, *Accounting for Asset Retirement Obligations* (SFAS No. 143). SFAS No. 143 provides accounting requirements for costs associated with legal obligations to retire tangible, long-lived assets. Under SFAS No. 143, an asset retirement obligation is recorded at fair value in the period in which it is incurred by increasing the carrying amount for the related long-lived asset which is depreciated over its useful life. In each subsequent period, the liability is adjusted to reflect the passage of time and changes in the estimated future cash flows underlying the obligation. Our asset retirement obligations related to our oil and gas operating unit, which was sold to SandRidge in November 2006.

Allocation of Net Profits and Losses in Consolidated Affiliated Partnerships

Net investment income and net realized and unrealized gains and losses on investments of the Private Funds are allocated to both the respective general partner and the limited partners or shareholders of the Private Funds based on the ratio of their respective capital balances at the beginning of each allocation period to the total capital of all partners or shareholders of the Private Funds. Such allocations made to the limited partners or shareholders of the Private Funds are represented as non-controlling interests in our consolidated statements of operations. The beginning of an allocation period is defined as the beginning of each fiscal year, the date of admission of any new partner or shareholder of the Private Funds or the date of any additional subscription or redemption by a partner or shareholder of the Private Funds. Upon the allocation to partners based on their respective capital balances, generally 25% of the capital appreciation (both realized and unrealized) allocated to the Investment Funds' limited partners or lesser amounts for certain limited partners are then reallocated to the Investment Funds' General Partners. Such reallocation is referred to as the General Partners' incentive allocation. The total profits and losses allocated to the respective General Partners of the Investment Funds are included in the net income of the consolidated Investment Management and GP Entities (as either the Onshore GP or Offshore GP act as general partner to the Investment Funds) and are allocated in a manner consistent with the manner in which capital is allocated to the partners of the Investment Management and GP Entities as further discussed below.

Partners' Capital of the Investment Management and GP Entities

The Investment Management and GP Entities are each organized as a limited partnership formed pursuant to the provisions of the Delaware Revised Uniform Limited Partnership Act. Limited partnership interests have been granted in the Investment Management and GP Entities to allow certain employees and individuals to participate in a share of the management fees and incentive allocations earned by the Investment Management and GP Entities. Prior to the completion of our acquisition of the Partnership Interests on August 8, 2007, all limited partnership admissions to the Investment Management and GP Entities were determined by the respective general partner entity of the Investment Management and GP Entities, each of which was principally owned by Mr. Icahn.

The Investment Management and GP Entities, individually, intend to be treated as partnerships for federal income tax purposes, and as such shall maintain a capital account for each of their partners. Each partner will be allocated an amount of the management fees and incentive allocations subject to, and as determined by, the provisions of each limited partner's respective agreements with each of the Investment Management and GP Entities. All other partnership profits and losses of each of the Investment Management and GP Entities will be allocated among the respective partners in each of the Investment Management and GP Entities pro rata in accordance with their respective capital accounts.

Income allocations to all partners in each of the Investment Management and GP Entities, except the general partner entity and any limited partnership interests held directly by Mr. Icahn are accounted for as compensation expense as more fully described in Note 13, Compensation Arrangements. All amounts allocated to these partners' capital accounts and their respective capital contributions are included in accounts payable and accrued expenses and other liabilities on the consolidated balance sheets until those amounts are paid out in accordance with the terms of each respective partner's agreement. Payments made to the respective general partner and any limited partnership interests held by Mr. Icahn are treated as equity distributions.

Income Taxes

Except as described below, no provision has been made for federal, state or local income taxes on the results of operations generated by partnership activities, as such taxes are the responsibility of the partners. Provision has been made for federal, state or local income taxes on the results of operations generated by our corporate subsidiaries and these are reflected within continuing and discontinued operations. Deferred tax assets and liabilities are recognized for the future tax consequences attributable to differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax bases and operating loss and tax credit carryforwards. Deferred tax assets and liabilities are measured using enacted tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect on deferred tax assets and liabilities of a change in tax rates is recognized in income in the period that includes the enactment date.

Deferred tax assets are limited to amounts considered to be realizable in future periods. A valuation allowance is recorded against deferred tax assets if management does not believe that we have met the more likely than not standard imposed by SFAS No. 109 to allow recognition of such an asset.

Icahn Management (and New Icahn Management subsequent to the acquisition on August 8, 2007) is subject to a New York City Unincorporated Business tax (UBT), at a statutory rate of 4% on a portion of its income. UBT is accounted for under SFAS No. 109, *Accounting for Income Taxes* (SFAS No. 109). Icahn Management accounts for these taxes using the asset and liability method under which deferred tax assets and liabilities are recognized for the future tax consequences attributable to differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax bases.

In December 2004, SFAS No. 123 (Revised 2004), *Share-Based Payment* (SFAS No. 123R) was issued. This accounting standard eliminated the ability to account for share-based compensation transactions using the intrinsic value method in accordance with APB Opinion No. 25, *Accounting for Stock Issued to Employees* (APB 25), and requires instead that such transactions be accounted for using a fair-value-based method. SFAS No. 123R requires public entities to record non-cash compensation expense related to payment for employee services by an equity award, such as stock options, in their financial statements over the requisite service period. We have adopted SFAS No. 123R as of June 30, 2005.

The Investment Management and GP Entities have entered into agreements with certain of their employees whereby these employees have been granted rights to participate in a portion of the management fees and incentive allocations earned by the Investment Management and GP Entities, net of certain expenses, and subject to various vesting provisions. These rights are accounted for as liabilities in accordance with SFAS No. 123R and remeasured at fair value each reporting period until settlement. See Note 13, Compensation Arrangements, for a further description of these arrangements.

Oil and Natural Gas Properties

In November 2006, we sold our oil and gas operating units to SandRidge. Therefore, as of December 31, 2006, we have no capitalized costs relating to these operations. Prior to such sale, we utilized the full cost method of accounting for our crude oil and natural gas properties. Under the full cost method, all productive and nonproductive costs incurred in connection with the acquisition, exploration and development of crude oil and natural gas reserves were capitalized and amortized on the units-of-production method based upon total proved reserves. The costs of unproven properties were excluded from the amortization calculation until the individual properties were evaluated and a determination made as to whether reserves existed. Conveyances of properties, including gains or losses on abandonment of properties, were treated as adjustments to the cost of crude oil and natural gas properties, with no gain or loss recognized. Under the full cost method, the net book value of oil and natural gas properties, less related deferred income taxes, may not exceed the estimated after-tax future net revenues from proved oil and natural gas properties, discounted at 10% per year (the ceiling limitation). In arriving at estimated future net revenues, estimated lease operating expenses, development costs, abandonment costs and certain production related and ad-valorem taxes were deducted. In calculating future net revenues, prices and costs in effect at the time of the calculation were held constant indefinitely, except for changes that were fixed and determinable by existing contracts. The net book value of

oil and gas properties was compared to the ceiling limitation on a quarterly basis. We did not incur a ceiling write-down in fiscal 2006, fiscal 2005 or fiscal 2004.

We had capitalized internal general and administrative costs of \$1.5 million, \$1.1 million and \$1.0 million for the period from January 1, 2006 to November 21, 2006, fiscal 2005 and fiscal 2004, respectively, with respect to our oil and gas activities. We have not capitalized interest expense.

Prior to the sale of our oil and natural gas properties, such properties were subject to extensive federal, state and local environmental laws and regulations. These laws, which are constantly changing, regulate the discharge of materials into the environment and may require us to remove or mitigate the environment effects of the disposal or release of petroleum or chemical substances at various sites. Environmental expenditures are expensed or capitalized depending on their future economic benefit. Expenditures that relate to an existing condition caused by past operations and that have no future economic benefit are expensed. Liabilities for expenditures of a non-capital nature are recorded when environmental assessment and/or remediation is probable, and the costs can be reasonably estimated.

Revenue and Expense Recognition

Investment Management The Investment Management and GP Entities generate income from amounts earned pursuant to contractual arrangements with the Private Funds. Such amounts typically include an annual management fee of 2.5% of the net asset value of certain Private Funds before a performance-based, or incentive allocation of 25% of capital appreciation (both realized and unrealized) earned by the Investment Funds subject to a high water mark (whereby the General Partners do not earn incentive allocations during a particular year even though the fund had a positive return in such year until losses in prior periods are recovered). Such amounts have been (and may in the future be) modified or waived in certain circumstances. The Investment Management and GP Entities and their affiliates may also earn income through their principal investments in the Private Funds.

At the end of each fiscal year of the Onshore Fund (or sooner upon the occurrence of withdrawals), 25% of the capital appreciation (based on realized and unrealized gains and losses), if any, that is allocated to each capital account of a fee-paying limited partner of the Onshore Fund (20% of the capital appreciation, if any, for certain limited partners) for such fiscal year is reallocated to the capital account of the Onshore GP subject to a loss carryforward provision as described in the Third Amended and Restated Limited Partnership Agreement of the Onshore Fund, dated as of January 1, 2006, as amended from time to time, and, since February 1, 2007, the Fourth Amended and Restated Limited Partnership Agreement.

At the end of each fiscal year of Offshore Master Fund I and, at certain other times, 25% of the capital appreciation (based on realized and unrealized gains and losses), if any, that is allocated to each capital account of a fee-paying limited partner of Offshore Master Fund I (20% in some cases) for such fiscal year is reallocated to the capital account of the Offshore GP subject to a loss carryforward provision as described in the limited partnership agreement of Offshore Master Fund I in effect at such time.

Prior to the acquisition on August 8, 2007, Icahn Management recognized management fee income in the period in which the related services were performed and in accordance with certain management agreements with each of (i) the Onshore Fund; (ii) the Offshore Fund and (iii) from May 1, 2006 through October 1, 2006, the Sterling Fund (collectively, the Management Agreements).

The general partner incentive allocations earned from the Onshore Fund and Offshore Master Fund I are accrued on a quarterly basis in accordance with Method 2 of EITF Topic D-96, *Accounting for Management Fees Based on a Formula* (EITF Topic D-96) and are allocated to the Onshore GP and the Offshore GP, respectively, at the end of the Onshore Fund's and Offshore Master Fund I's fiscal year (or sooner on redemptions). Such accruals may be reversed as a result of subsequent investment performance prior to the conclusion of the Onshore Fund's and Offshore Master Fund I's fiscal year at December 31.

The incentive allocations earned by the Onshore GP and the Offshore GP from the Onshore Fund and Offshore Master Fund I, respectively, and the management fees earned by Icahn Management from consolidated Private Funds, are eliminated in consolidation; however, the Investment Management and GP Entities' allocated share of the net income from the Private Funds includes the amount of these eliminated fees.

Home Fashion WPI records revenue when the following criteria are met: persuasive evidence of an arrangement exists, delivery has occurred, the price to the customer is fixed and determinable and collectibility is reasonably assured. Unless otherwise agreed in writing, title and risk of loss pass from WPI to the customer when WPI delivers the merchandise to the designated point of delivery, to the designated point of destination or to the designated carrier, free on board. Provisions for certain rebates, sales incentives, product returns and discounts to customers are recorded in the same period the related revenue is recorded.

Customer incentives are provided to WPI customers primarily for new sales programs. These incentives begin to accrue when a commitment has been made to the customer and are recorded as a reduction to sales.

2. Summary of Significant Accounting Policies (continued)

Gaming As previously discussed, in November 2006, we divested our Atlantic City gaming properties. In addition, on April 22, 2007, we entered into an agreement to sell all of the issued and outstanding membership interests of ACEP, which comprise all of our remaining gaming properties. As discussed above, the financial position and results of operations of our gaming operations are presented as discontinued operations in our consolidated financial statements.

Our former Gaming segment revenue consists of casino, hotel and restaurant revenues. We recognize revenues in accordance with industry practice. Casino revenue is the net win from gaming activities (the difference between gaming wins and losses). Casino revenues are net of accruals for anticipated payouts of progressive and certain other slot machine jackpots. Gross revenues include the estimated retail value of hotel rooms, food and beverage and other items that are provided to customers on a complimentary basis. A corresponding amount is deducted as promotional allowances. The costs of such complimentary revenues are included in gaming expenses. Hotel and restaurant revenue is recognized when services are performed.

We also reward our customers, through the use of loyalty programs with points based on amounts wagered, that can be redeemed for a specified period of time for cash. We deduct the cash incentive amounts from casino revenue.

Oil and Gas As previously discussed, in November 2006, we divested our Oil and Gas business. Prior to that time, revenues from the natural gas and oil produced were recognized upon the passage of title, net of royalties. We accounted for natural gas production imbalances using the sales method, whereby we recognized revenue on all natural gas sold to our customers notwithstanding the fact its ownership may have been less than 100% of the natural gas sold. Liabilities were recorded by us for imbalances greater than our proportionate share of remaining natural gas reserves. We had \$1.1 million in gas balancing liabilities as of December 31, 2005 and no gas balancing liabilities as of December 31, 2006.

Revenues from the sale of oil and natural gas are shown net of the impact of realized and unrealized derivative losses. The financial position and results of operations of our Oil and Gas business are presented as discontinued operations in our consolidated financial statements.

Real Estate Revenue from real estate sales and related costs are recognized at the time of closing primarily by specific identification. We follow the guidelines for profit recognition set forth by SFAS No. 66, *Accounting for Sales of Real Estate*.

Substantially all of the property comprising our net lease portfolio is leased to others under long-term net leases and we account for these leases in accordance with the provisions of SFAS No. 13, *Accounting for Leases*, as amended. This statement sets forth specific criteria for determining whether a lease is to be accounted for as a financing lease or an operating lease. Under the financing method, minimum lease payments to be received plus the estimated value of the property at the end of the lease are considered the gross investment in the lease. Unearned income, representing the difference between gross investment and actual cost of the leased property, is amortized to income over the lease term so as to produce a constant periodic rate of return on the net investment in the lease. Under the operating method, revenue is recognized as rentals become due, and expenses (including depreciation) are charged to operations as incurred.

General Partnership Interest of Icahn Enterprises Holdings

The general partner's capital account generally consists of its cumulative share of our net income less cash distributions plus capital contributions. Additionally, in acquisitions of common control companies accounted for at historical cost similar to a pooling of interests, the general partner's capital account would be charged or credited in a manner similar to a distribution for the excess (or deficit) of the fair value of consideration paid over historical basis in

the business acquired.

2. Summary of Significant Accounting Policies (continued)

Capital Accounts, as defined under our Amended and Restated Agreement of Limited Partnership dated as of May 12, 1987, as amended from time to time (together with the partnership agreement of IEH, the Partnership Agreement), are maintained for our general partner and our limited partners. The capital account provisions of our Partnership Agreement incorporate principles established for U.S. federal income tax purposes and are not comparable to the equity accounts reflected under U.S. GAAP, in our consolidated financial statements. Under our Partnership Agreement, the general partner is required to make additional capital contributions to us upon the issuance of any additional depository units in order to maintain a capital account balance equal to 1.0% of the total capital accounts of all partners.

Generally, net earnings for U.S. federal income tax purposes are allocated 1.0% and 99.0% between the general partner and the limited partners, respectively, in the same proportion as aggregate cash distributions made to the general partner and the limited partners during the period. This is generally consistent with the manner of allocating net income under our Partnership Agreement; however, it is not comparable to the allocation of net income reflected in our consolidated financial statements. Additionally, as discussed below, we elected to change the allocation of gains or losses on disposition of common control acquisitions accounted for as a pooling of interests.

Pursuant to the Partnership Agreement, in the event of our dissolution, after satisfying our liabilities, our remaining assets would be divided among our limited partners and the general partner in accordance with their respective percentage interests under the Partnership Agreement (i.e., 99.0% to the limited partners and 1.0% to the general partner). If a deficit balance still remains in the general partner's capital account after all allocations are made between the partners, the general partner would not be required to make whole any such deficit.

Change in Accounting Principle Method of Allocating Gains and Losses Related to Dispositions of Common Control Acquisitions

In the third quarter of fiscal 2007, we elected to change our method of allocating gains and losses for financial reporting purposes related to dispositions of common control entities accounted for on an as-if pooling basis when acquired. Both the historical method and the new method are acceptable alternative principles under U.S. GAAP. The new method of allocating gains and losses from dispositions to third parties of common control acquisitions for financial reporting purposes would not affect the amounts distributable to the partners in accordance with their respective percentage interests under the Partnership Agreement (i.e., 99.0% to the limited partners and 1.0% to the

general partner). This change in accounting principle was applied retrospectively in accordance with the provisions of SFAS No. 154, *Accounting Changes and Error Corrections - A Replacement of APB Opinion No. 20 and FASB Statement No. 3* (SFAS No. 154).

When we acquire an entity under common control, we will continue to reflect the acquired entity in a manner similar to a pooling of interests, as we have in the past. We will also continue to charge or credit the general partner's capital account with the difference between the consideration we pay for the entity and the predecessor basis prior to our acquisition.

Historically, upon later sale of the entity to a third party, the entire gain or loss was allocated between the general partner and the limited partners in accordance with their respective percentage interests under the Partnership Agreement (i.e., 99.0% to the limited partners and 1.0% to the general partner).

The newly adopted accounting principle only affects transactions involving the sale of a previously acquired common control entity. The newly adopted accounting principle allocates gain or loss for financial reporting purposes by first restoring the general partner's capital account for the cumulative charges or credit relating to prior periods recorded at the time of our acquisition and then allocating the remaining gain or loss among the general and limited partners in accordance with their respective percentage interests under the Partnership Agreement (i.e., 99.0% to the limited partners and 1.0% to the general partner).

2. Summary of Significant Accounting Policies (continued)

The impact of this change in accounting principle only affects the financial statements for fiscal 2006, related to the gains on sale of our former Oil and Gas segment as well as the Atlantic City operations from our former Gaming segment which occurred in the quarter ended December 31, 2006, or the fourth quarter of fiscal 2006. The following information details the financial statement line items for fiscal 2006 that were affected by the change in accounting principle, which includes amounts from the common control acquisition of the Partnership Interests made on August 8, 2007 as more fully described in Note 1, Description of Business and Basis of Presentation, and Note 3, Acquisitions. Net earnings attributable to limited partners decreased from \$789.0 million to \$514.5 million while net earnings attributable to the general partner increased from \$275.6 million to \$550.1 million. Total net earnings did not change. In addition, partners' equity attributed to the limited partners decreased from \$2.4 billion to \$2.1 billion and partners' equity attributed to the general partner increased from \$405.2 million to \$679.7 million. Total partners' equity, which is 99.0% attributable to the limited partners pursuant to the Partnership Agreement, did not change.

Recently Issued Accounting Pronouncements

SFAS No. 155. On February 16, 2006, the FASB issued Statement No. 155, *Accounting for Certain Hybrid Instruments – an Amendment of FASB Statements No. 133 and 140* (SFAS No. 155). The statement amends Statement No. 133 to permit fair value measurement for certain hybrid financial instruments that contain an embedded derivative, provides additional guidance on the applicability of SFAS No.133 and 140 to certain financial instruments and subordinated concentrations of credit risk. The new standard is effective for the first fiscal year beginning after September 15, 2006. The adoption of SFAS No. 155 as of January 1, 2007 did not have any impact on our consolidated financial statements.

EITF 06-3. In June 2006, the EITF issued EITF Issue 06-3, *How Taxes Collected from Customers and Remitted to Governmental Authorities Should Be Presented in the Income Statement (That is, Gross versus Net Presentation)* (EITF 06-3) to clarify diversity in practice on the presentation of different types of taxes in the financial statements. EITF 06-3 concluded that, for taxes within the scope of the issue, a company may adopt a policy of presenting taxes either gross within revenue or net. That is, it may include charges to customers for taxes within revenues and the charge for the taxes from the taxing authority within cost of sales, or, alternatively, it may net the charge to the customer and the charge from the taxing authority. If taxes are reported on a gross basis, and are significant, an entity should disclose the amounts of those taxes subject to EITF 06-3. The guidance is effective for periods beginning after December 15, 2006. We present sales tax on a net basis in our consolidated financial statements, and the adoption of EITF 06-3 did not have any impact on our consolidated financial position, results of operations or cash flows.

FIN 48. In July 2006, the FASB issued FASB Interpretation No. 48, *Accounting for Uncertainty in Income Taxes – an Interpretation of FASB Statement 109* (FIN 48), which clarifies the accounting for uncertainty in tax positions taken or expected to be taken in a tax return, including issues relating to financial statement recognition and measurement. FIN 48 provides that the tax effects from an uncertain tax position can be recognized in the financial statements only if the position is more-likely-than-not to be sustained if the position were to be challenged by a taxing authority. The assessment of the tax position is based solely on the technical merits of the position, without regard to the likelihood that the tax position may be challenged. If an uncertain tax position meets the more-likely-than-not threshold, the largest amount of tax benefit that is greater than 50 percent likely to be recognized upon ultimate settlement with the taxing authority is recorded. The provisions of FIN 48 are effective for fiscal years beginning after December 15, 2006, with the cumulative effect of the change in accounting principle recorded as an adjustment to opening partners equity. We adopted FIN 48 effective January 1, 2007. The adoption of FIN 48 did not have a material impact on our consolidated financial statements. See Note 16, Income Taxes, for additional information.

SAB 108. In September 2006, the SEC issued Staff Accounting Bulletin No. 108, *Considering the Effects of Prior Year Misstatements When Quantifying Misstatements in Current Year Financial Statements*,

(SAB 108). SAB 108 provides guidance on how to evaluate prior period financial statement misstatements for purposes of assessing their materiality in the current period. If the prior period effect is material to the current period, then the prior period is required to be corrected. Correcting prior year financial statements would not require an amendment of prior year financial statements, but such corrections would be made the next time the company files the prior year financial statements. Upon adoption, SAB 108 allows a one-time transitional cumulative effect adjustment to retained earnings for corrections of prior period misstatements required under this statement. SAB 108 is effective for fiscal years ending after November 15, 2006. The adoption of SAB 108 did not have a material affect on our consolidated financial statements.

SFAS No. 157. In September 2006, the FASB issued FASB Statement No. 157, *Fair Value Measurements* (SFAS No. 157), which defines fair value, establishes a framework for measuring fair value in generally accepted accounting principles, and expands disclosures about fair value measurements. This statement applies under other accounting pronouncements that require or permit fair value measurements and, accordingly, SFAS No. 157 does not require any new fair value measurements. We adopted SFAS No.157 as of January 1, 2007, in conjunction with the adoption of SFAS No. 159, as required. The adoption of SFAS No. 157 did not have any material impact on our consolidated financial statements.

SFAS No. 159. In February 2007, the FASB issued SFAS No. 159, *The Fair Value Option for Financial Assets and Financial Liabilities Including an Amendment of FASB Statement No. 115* (SFAS No. 159) which gives entities the option to measure eligible financial assets, financial liabilities and firm commitments at fair value (i.e., the fair value option), on an instrument-by-instrument basis, that are otherwise not permitted to be accounted for at fair value under other accounting standards. The election to use the fair value option is available when an entity first recognizes a financial asset or financial liability or upon entering into a firm commitment. Subsequent changes in fair value must be recorded in earnings. Additionally, SFAS No. 159 allows for a one-time election for existing positions upon adoption, with the transition adjustment recorded to beginning partners equity.

We adopted SFAS No. 159 as of January 1, 2007 and elected to apply the fair value option to our investment in ImClone Systems Incorporated (ImClone). It is our policy to apply the fair value option to all of our investments that would be subject to the equity method of accounting pursuant to APB 18. In the fourth quarter of fiscal 2006, we first applied the equity method of accounting to our investment in ImClone due to changes in ImClone s board, resulting in our having the ability to exercise significant influence over ImClone. We believe that the quality of the earnings and the value of the investment that we report over time relating to our investment in ImClone are more accurately reflected by the market value methodology of SFAS No. 159 rather than the equity method of accounting. The equity method of accounting would require an appraisal of the fair values of ImClone s assets and liabilities at the dates that we acquired shares of common stock of ImClone as well as future appraisals should there be any material indications of impairment. We believe that such an appraisal would be subjective given the nature of ImClone s pharmaceutical operations.

As of the date of adoption, the carrying value of our investment in ImClone was approximately \$164.3 million and the fair value of our investment was approximately \$122.2 million. In accordance with the transition requirements of SFAS No. 159, we recorded a cumulative effect adjustment to beginning partners equity for the difference between the fair value and carrying value on the date of adoption, which reduced partners equity by approximately \$42.2 million.

As a result of the adoption of SFAS No. 159, we are required to record unrealized gains or losses for the change in fair value of our investment in ImClone. During the three and nine months ended September 30, 2007, we recorded approximately \$27.2 million and \$66.5 million of unrealized gains, respectively, resulting from the change in the market value of ImClone s stock which is recorded as a component of other income, net in the consolidated statements

of operations.

2. Summary of Significant Accounting Policies (continued)

As described below in our discussion of the impact of our early adoption of SOP 07-1, we also elected the fair value option for the investments in debt and equity securities held by our consolidated Private Funds.

SOP 07-1. In June 2007, Statement of Position No. 07-1, *Clarification of the Scope of the Audit and Accounting Guide – Investment Companies and Accounting by Parent Companies and Equity Method Investors for Investments in Investment Companies* (SOP 07-1), was issued. SOP 07-1 addresses whether the accounting principles of the AICPA

Guide may be applied to an entity by clarifying the definition of an investment company and whether those accounting principles may be retained by a parent company in consolidation or by an investor in the application of the equity method of accounting. SOP 07-1 applies to reporting periods beginning on or after December 15, 2007, although early application is permitted. The Investment Management and GP Entities adopted SOP 07-1 as of January 1, 2007.

Upon the adoption of SOP 07-1, the Offshore GP lost its ability to retain specialized accounting pursuant to the AICPA Guide for either its equity method investment in the Offshore Master Funds or for its consolidation of the Offshore Fund, and the Onshore GP lost its ability to retain specialized accounting for its consolidation of the Onshore Fund. Both the Offshore GP and the Onshore GP do not meet the requirements for retention of specialized accounting under SOP 07-1, since the General Partners and their affiliates acquire interests for strategic operating purposes in the same companies in which their subsidiary investment companies invest.

However, upon losing their ability to retain specialized accounting, the Investment Management and GP Entities applied SFAS No. 115, *Accounting for Investments in Debt and Equity Securities* (SFAS No. 115), to their investments held by the consolidated Private Funds in debt securities and in those equity securities with readily determinable fair values, as defined by that Statement, and classified such investments as available-for-sale securities and elected the fair value option pursuant to SFAS No. 159. For those equity securities that fall outside the scope of SFAS No. 115 because they do not have readily determinable fair values as defined by that Statement, the Investment Management and GP entities elected the fair value option pursuant to SFAS No. 159 and measured the fair value of such securities in accordance with the requirements of SFAS No. 157. For those investments in which the Investment Management and GP Entities would otherwise account for such investments under the equity method, the Investment Management and GP Entities, in accordance with their accounting policy, elected the fair value option pursuant to SFAS No. 159 for all such investments.

The election of the fair value option pursuant to SFAS No. 159 was deemed to most accurately reflect the nature of our business relating to investments. Derivative contracts entered into by the consolidated Private Funds continue to be accounted for pursuant to SFAS No. 133, *Accounting for Derivative Instruments and Hedging Activities* (SFAS No. 133), which was amended by SFAS No. 138, *Accounting for Certain Derivative Instruments and Certain Hedging Activities* (SFAS No. 138). These pronouncements require recognition of all derivatives as either assets or liabilities in the balance sheet at their fair value. All changes in the fair values of derivatives held by the consolidated Private Funds are reported in earnings.

FSP FIN 39-1. On April 30, 2007, the FASB issued FASB Staff Position No. FIN 39-1 (FSP FIN 39-1), which amends FASB Interpretation No. 39, *Offsetting of Amounts Related to Certain Contracts (FIN 39)*. FSP FIN 39-1 impacts entities that enter into master netting arrangements as part of their derivative transactions by allowing net derivative positions to be offset in the financial statements against the fair value of amounts (or amounts that approximate fair value) recognized for the right to reclaim cash collateral or the obligation to return cash collateral under those arrangements. FSP FIN 39-1 is effective for fiscal years beginning after November 15, 2007, although early application is permitted. We are currently evaluating the effect, if any, of the adoption of FSP FIN 39-1 on our consolidated financial statements.

FSP FIN 46(R)-7. In May 2007, the staff of the FASB issued FASB Staff Position on FIN 46(R)-7, *Application of FASB Interpretation No. 46(R) to Investment Companies* (FSP FIN 46(R)-7). The staff position amends FIN 46R to indicate that investments accounted for at fair value in accordance with SOP 07-1 are not subject to consolidation under FIN 46R. The adoption of FSP FIN 46(R)-7 will require the Investment Management and GP Entities to apply consolidation provisions of FIN 46R to their consolidated entities that previously fell within the scope of the AICPA Guide. The adoption of FSP FIN 46(R)-7 will not have any material impact on our consolidated financial statements.

3. Acquisitions

a. Acquisition of Partnership Interests

On August 8, 2007, we acquired the general partnership interests in the General Partners and New Icahn Management. These entities provide investment advisory and certain management services to the Private Funds but do not provide such services to any other entities, individuals or accounts. Interests in the Private Funds are offered only to certain sophisticated and accredited investors on the basis of exemptions from the registration requirements of the federal securities laws and are not publicly available.

We entered into the Contribution Agreement with the Contributors and Carl C. Icahn. Pursuant to the Contribution Agreement, we acquired general partnership interests in the General Partners, acting as general partners of the Onshore Fund and the Offshore Master Funds managed and controlled by Mr. Icahn.

The Offshore GP also acts as general partner of certain funds formed as Cayman Islands exempted limited partnerships that invest in the Offshore Master Funds. These funds, together with other funds that also invest in the Offshore Master Funds, constitute the Feeder Funds and, together with the Investment Funds, are referred to herein as the Private Funds. We also acquired the general partnership interests in New Icahn Management, a Delaware limited partnership, which is a newly formed management company that provides certain management and administrative services to the Private Funds.

The total initial consideration paid for the acquisition was \$810 million of depositary units of Icahn Enterprises based on the volume-weighted average price of the depositary units of Icahn Enterprises on the NYSE for the 20-trading-day period ending on August 7, 2007 (the day before the closing). In addition, we have agreed to make certain earn-out payments to the Contributors over a five-year period payable in additional depositary units based on our after-tax earnings from the General Partners and New Icahn Management subsequent to the acquisition, which includes both management fees and performance-based or incentive allocations paid by the Private Funds to New Icahn Management and the General Partners. There is a potential maximum aggregate earn-out (including any catch-up) of \$1.121 billion of the depositary units of Icahn Enterprises, which is subject to achieving total after-tax earnings during the five-year period of at least \$3.906 billion.

Prior to the acquisition of the Partnership Interests on August 8, 2007, CCI Offshore was the general partner of the Offshore GP, which, in turn, is the general partner of the Offshore Master Funds, each of which is a Cayman Islands exempted limited partnership. Offshore Master Fund I commenced investment operations on November 1, 2004 and each of Offshore Master Fund II and Offshore Master Fund III commenced operations in fiscal 2007. In addition, CCI Onshore was the general partner of the Onshore GP, which, in turn, is the general partner of the Onshore Fund, which is a Delaware limited partnership that commenced investment operations on November 1, 2004.

CCI Offshore contributed to us 100% of CCI Offshore's general partnership interests in the Offshore GP (the Offshore Partnership Interests) and CCI Onshore contributed to us 100% of CCI Onshore's general partnership interests in the Onshore GP (the Onshore Partnership Interests). The General Partners' capital account with respect to the Offshore Partnership Interests and the Onshore Partnership Interests at the time of our acquisition aggregated \$10 million.

3. Acquisitions (continued)

Immediately prior to the execution and delivery of the Contribution Agreement, Icahn Management and New Icahn Management entered into an agreement pursuant to which Icahn Management contributed substantially all of its assets and liabilities, other than certain rights in respect of deferred management fees, to New Icahn Management in exchange for 100% of the general partnership interests in New Icahn Management. Such contribution included the assignment of certain management agreements with the Private Funds. Pursuant to the Contribution Agreement, Icahn Management contributed to us 100% of Icahn Management's general partnership interests in New Icahn Management (the New Icahn Management Partnership Interests and, together with the Onshore Partnership Interests and the Offshore Partnership Interests, referred to herein as the Partnership Interests).

Prior to the formation of New Icahn Management, Icahn Management provided management and administrative services to the Private Funds. New Icahn Management currently provides management and administrative services to the Private Funds.

The consolidated Private Funds and the Investment Management and GP Entities are considered entities under common control with us. Accordingly, the accompanying consolidated financial statements and footnotes include the net assets and results of operations of the consolidated Private Funds and the Investment Management and GP Entities during the period of common control, commencing November 1, 2004. See Note 2, Summary of Significant Accounting Policies, for a discussion on principles of consolidation.

b. Acquisition of WPI

On August 8, 2005, we acquired 13.2 million, or 67.7%, of the 19.5 million outstanding common shares of WPI. In consideration for the shares, we paid \$219.9 million in cash and received the balance in respect of a portion of the debt of WPS owned by us. Pursuant to the asset purchase agreement between WPI and WPS, rights to subscribe for an additional 10.5 million shares of common stock at a price of \$8.772 per share, or the rights offering, were allocated among former creditors of WPS. Under the asset purchase agreement and the bankruptcy court order approving the sale, we would have received rights to subscribe for 2.5 million of such shares and we agreed to purchase up to an additional 8.0 million shares of common stock to the extent that any rights were not exercised by the holders of such rights. Accordingly, upon completion of the rights offering and depending upon the extent to which the other holders exercise certain subscription rights, we would beneficially own between 15.7 million and 23.7 million shares of WPI common stock representing between 52.3% and 79.0% of the 30.0 million shares that would then be outstanding.

The foregoing description assumes that the subscription rights are allocated and exercised in the manner set forth in the asset purchase agreement and the sale order. However, certain of the first lien creditors of WPS appealed portions of the bankruptcy court's ruling. In connection with that appeal, the subscription rights distributed to the second lien lenders at closing were placed in escrow. Additionally, the first lien creditors and Beal Bank, S.S.B have filed a complaint in Delaware seeking among other relief, an order to unwind the issuance of the preferred stock or, alternatively, directing that such stock be held in escrow. We are vigorously contesting the Delaware action and any changes to the sale order. As a result of the bankruptcy proceedings and the Delaware proceedings, we may own less than a majority of WPI's shares of common stock and our ownership of the preferred stock may also be affected. If we were to lose control of WPI, it could adversely affect WPI's business and the value of our investment.

On December 20, 2006, we acquired (1) 1,000,000 shares of Series A-1 Preferred Stock for a purchase price of \$100 per share, for an aggregate purchase price of \$100.0 million, and (2) 1,000,000 shares of Series A-2 Preferred Stock for a purchase price of \$100.0 per share, for an aggregate purchase price of \$100.0 million. Each of the Series A-1 Preferred Stock and Series A-2 Preferred Stock have a 4.50% annual dividend rate which is paid quarterly. For the first two years after issuance, the dividends are paid in the form of additional preferred stock. Thereafter, the dividends are to be paid in either cash or in additional preferred stock at the option of WPI. Each of Series A-1

common shares of WPI at a rate of \$10.50 per share, subject to certain anti-dilution provisions. Assuming full conversion of both series of preferred stock into common shares, prior to completion of the rights offering, we would have owned, as of December 31, 2006, 32.2 million shares, representing 83.7% of the 38.5 million shares that would then have been outstanding. Assuming the rights offering were to have been completed as of December 31, 2006, we would have owned between 32.7 million shares, or 69.5% and 34.0 million shares, or 84.4% of the 47.0 million shares or 40.3 million shares of WPI common stock, respectively, that would be outstanding depending upon the extent to which the other shareholders exercised their subscription rights.

We consolidated the operating results and balance sheets of WPI as of December 31, 2006 and 2005 and for the period commencing August 8, 2005 (acquisition) through December 31, 2006. If we were to own less than 50% of the outstanding common stock and lose control of WPI, we no longer would consolidate it and our financial statements could be materially different than those presented as of December 31, 2006 and 2005 and for the periods then ended.

The aggregate consideration paid for the acquisition was as follows (in \$000s):

Book value of first and second lien debt	\$ 205,850
Cash purchase of additional equity	187,000
Exercise of rights	32,881
Transaction costs	2,070
	\$ 427,801

The following table summarizes the estimated fair values of the assets acquired and liabilities assumed on August 8, 2005. The purchase price allocations are based on estimated fair values as determined by independent appraisers (in \$000s):

	August 8, 2005 Fair Value	Excess Fair Value Over Cost	Basis August 8, 2005
Property and equipment	\$ 294,360	\$ (98,399)	\$ 195,961
Intangible assets	35,700	(12,298)	23,402
Other assets	588,000		588,000

Assets acquired	918,060	(110,697)	807,363
Liabilities assumed	122,407		122,407
Net assets acquired	\$ 795,653	\$ (110,697)	684,956
Minority interest at acquisition			(257,155)
			\$ 427,801

The amount allocated to intangible assets was attributed to trademarks, which have been determined to have an indefinite life.

Our basis in WPI is less than our share of the equity in WPI by \$110.7 million as of August 8, 2005. The excess of fair value over cost of net assets acquired has been reflected as a reduction of long-lived assets in our consolidated balance sheet. Fixed assets were reduced by \$98.4 million and intangible assets were reduced by \$12.3 million. As a result, the financial statements of WPI presented herein could be materially different from the results reflected in the books and records of WPI.

3. Acquisitions (continued)

The following table summarizes unaudited pro forma financial information assuming the acquisition of WPI had occurred on January 1, 2004. This unaudited pro forma financial information does not necessarily represent what would have occurred if the transaction had taken place on the dates presented and should not be taken as representative of our future consolidated results of operations or financial position.

	Twelve Months Ended December 31, 2005			
	Icahn Enterprises (January 1, 2005 to August 7, 2005) (In \$000s)	WPI	Pro Forma Adjustments	Total
Revenues	\$922,702	\$683,545	\$	\$1,606,247
Income (loss) from continuing operations	\$29,305	\$(153,999)	\$ 98,487	\$(26,207)

	Twelve Months Ended December 31, 2004			
	Icahn Enterprises (In \$000s)	WPI	Pro Forma Adjustments	Total

Revenues	\$ 187,772	\$ 1,530,719	\$	\$ 1,718,491
Income (loss) from continuing operations	\$ 54,778	\$ (180,896)	\$ 178,954	\$ 52,836

The pro forma adjustments relate, principally, to the elimination of interest expense, bankruptcy expense and other expenses at WPI, a reduction in interest income of Icahn Enterprises and adjustments to reflect Icahn Enterprises depreciation expense based on values assigned in applying purchase accounting. WPI balances included in the pro forma table for the twelve months ended December 31, 2004 are derived from the audited financial statements of WPI for that period. Unaudited WPI balances included in the pro forma table for the twelve months ended December 31, 2005 are for the period from January 1, 2005 to August 7, 2005. Data for the period from August 8, 2005, the acquisition date, to December 31, 2005 are included in Icahn Enterprises' results.

As discussed in Note 17, Commitments and Contingencies, legal proceedings with respect to the acquisition are ongoing.

4. Operating Units

Through the second quarter of 2006, we conducted our continuing operating businesses in four principal areas: Oil and Gas, Gaming, Real Estate and Home Fashion. As described herein, in November 2006, we sold our Oil and Gas operations. In addition, on April 22, 2007, we entered into an agreement to sell our remaining Gaming operations. As a result, our Oil and Gas and Gaming businesses are now classified as discontinued operations and thus are not considered part of our continuing operations. As discussed herein, on August 8, 2007, we acquired the Partnership Interests. We now conduct our operating businesses in three principal areas: Investment Management, Real Estate and Home Fashion.

a. Investment Management

The Investment Management and GP Entities provide investment advisory and certain management services to the Private Funds, but do not provide such services to any other entities, individuals or accounts. Interests in the Private Funds are offered only to certain sophisticated and accredited investors on the basis of exemptions from the registration requirements of the federal securities laws and are not publicly available. The Investment Management and GP Entities generally receive management fees and incentive allocations from the Private Funds. Management fees are generally 2.5% of the net asset value of certain Private Funds. Incentive allocations, which are primarily earned on an annual basis, are generally 25% of the net profits

The General Partners' incentive allocations earned from the Onshore Fund and Offshore Master Fund I are accrued on a quarterly basis in accordance with Method 2 of EITF Topic D-96 and are allocated to the Onshore GP and Offshore GP, respectively, at the end of the Onshore Fund's and Offshore Master Fund I's fiscal year (or sooner on redemptions).

Such accruals may be reversed as a result of subsequent investment performance prior to the conclusion of the Onshore Fund's and Offshore Master Fund I's fiscal year. The management fees earned by Icahn Management (and by New Icahn Management subsequent to the acquisition on August 8, 2007) are calculated based on the net asset values of certain Private Funds and are accrued quarterly.

b. Real Estate

For fiscal 2006, fiscal 2005 and fiscal 2004, our Real Estate operations consisted of rental real estate, property development and associated resort activities. As of December 31, 2006, our three related operating lines of our Real Estate segment are all individually immaterial and have been aggregated. The accounting policies of each segment are the same as those described in Note 2, Summary of Significant Accounting Policies. See Note 15, Segment Reporting.

Summarized income statement information attributable to our continuing Real Estate operations for the periods indicated included in the consolidated statements of operations is as follows (in \$000s):

Rental Real Estate

As of December 31, 2006, we owned 37 rental real estate properties. These primarily consist of fee and leasehold interests in real estate in 19 states. Most of these properties are net-leased to single corporate tenants. Approximately 89% of these properties are currently net-leased, 3% are operating properties and 8% are vacant.

Property Development and Associated Resort Activities

Our property development operations are run primarily through Bayswater, a real estate investment, management and development subsidiary that focuses primarily on the construction and sale of single-family houses, multi-family homes, lots in subdivisions and planned communities and raw land for residential development. Our New Seabury development property in Cape Cod, Massachusetts and our Grand Harbor and Oak Harbor development property in Vero Beach, Florida each include land for future residential development of more than 400 and 1,000 units of residential housing, respectively. Both developments operate golf and resort activities as well. We are also developing residential communities in Naples, Florida and Westchester County, New York.

The following is a consolidated summary of our Real Estate operating unit property and equipment as of December 31, 2006 and 2005, included in the consolidated balance sheets (in \$000s):

	December 31,	
	2006	2005
Rental properties	\$ 112,505	\$ 125,864
Property development	126,537	116,007
Resort properties	44,932	46,383
Total real estate	\$ 283,974	\$ 288,254

The following is a summary of the anticipated future receipts of the minimum lease payments receivable under the financing and operating method at December 31, 2006 (in \$000s):

Year	Amount
2007	\$ 21,533
2008	19,851
2009	18,599
2010	14,599
2011	13,441
Thereafter	58,184
	\$ 146,207

At December 31, 2006 and 2005, \$83.3 million and \$86.4 million, respectively, of the net investment in financing leases and net real estate leased to others was pledged to collateralize the payment of nonrecourse mortgages payable.

c. Home Fashion

Operations

We conduct our Home Fashion operations through our majority ownership in WPI, a manufacturer and distributor of home fashion consumer products. WPI is engaged in the business of manufacturing, sourcing, marketing and distributing bed and bath home fashion products including, among others, sheets, pillowcases, comforters, blankets, bedspreads, pillows, mattress pads, towels and related products. WPI recognizes revenue primarily through the sale of home fashion products to a variety of retail and institutional customers. In addition, WPI receives a small portion of its revenues through the licensing of its trademarks. On October 18, 2007, WPI entered into an agreement to sell the inventory at substantially all of its 30 retail outlet stores. Therefore, the portion of the business related to the stores retail operations has been classified for all years presented as discontinued operations.

The following are summary balance sheets for our Home Fashion operating segment as of December 31, 2006 and 2005 as included in the consolidated balance sheets (in \$000s):

	December 31, 2006	December 31, 2005

Total liabilities	\$ 110,589	\$ 109,145
Non-controlling interests in consolidated entities	\$ 178,843	\$ 247,015

Summarized statements of operations for the year ended December 31, 2006 and the period from August 8, 2005 (acquisition date) to December 31, 2005 is as follows (in \$000s):

	Year Ended December 31, 2006	August 8, 2005 to December 31, 2005
Net sales	\$ 890,840	\$ 441,771
Expenses:		
Cost of sales	857,947	401,576

Restructuring and impairment charges	45,647	1,658
Loss from continuing operations before interest, income taxes and non-controlling interests in income of consolidated entities	\$(143,376)	\$(20,344)

A relatively small number of customers have historically accounted for a significant portion of WPI's net revenue. For fiscal 2006 and for the period commencing August 8, 2005 (acquisition) to December 31, 2005, sales to six customers amounted to approximately 49.9% of net revenues. One customer accounted for 15% or more of WPI's net revenue in both periods.

4. Operating Units (continued)

The following is a breakdown of depreciation expense for the periods indicated in (\$000s):

	Year Ended December 31, 2006	August 8, 2005 to December 31, 2005
Depreciation expense included in cost of sales	\$ 25,484	\$ 16,041
Depreciation expense included in selling, general and administrative expenses	5,240	2,940
Total depreciation expense	\$ 30,724	\$ 18,981

Total expenses for fiscal 2006 included \$33.3 million of impairment charges related to the fixed assets of plants that have been or will be closed and \$12.3 million of restructuring charges (of which approximately \$3.4 million relates to severance and \$8.9 million relates to continuing costs of closed plants).

Impairment and restructuring charges for fiscal 2006 are included in Home Fashion operating expenses in the accompanying consolidated statements of operations.

To improve WPI's competitive position, we intend to continue to restructure its operations to significantly reduce its cost of goods sold by closing certain plants located in the United States, sourcing goods from lower cost overseas facilities, and acquiring overseas manufacturing facilities. We have incurred impairment charges to write-down the value of WPI plants taken out of service to their estimated liquidation value. As of December 31, 2006, approximately \$139.5 million of WPI's assets are located outside of the United States, primarily in Bahrain.

Included in restructuring expenses are cash charges associated with the ongoing costs of closed plants, employee severance, benefits and related costs. The amount of accrued restructuring costs at December 31, 2005 was \$0.1 million. During fiscal 2006, we incurred additional restructuring costs of \$12.3 million, of which \$11.2 million was paid during the period. As of December 31, 2006, the accrued liability balance was \$1.2 million which is included in accounts payable and accrued expenses in our consolidated balance sheet.

Total cumulative impairment and restructuring charges for the period from August 8, 2005 (acquisition), through December 31, 2006 were \$47.3 million.

We expect that restructuring charges will continue to be incurred throughout fiscal 2007. As of December 31, 2006, WPI expects to incur additional restructuring costs and impairment charges for fiscal 2007 relating to the current restructuring plan of between \$25.0 million and \$30.0 million. Restructuring costs could be affected by, among other things, our decision to accelerate or delay restructuring efforts. As a result, actual costs incurred could vary materially from these amounts.

Results of Discontinued Operations and Assets and Liabilities Held for Sale

The financial position and results of our operations described below are presented as assets and liabilities of discontinued operations held for sale in the consolidated balance sheets and discontinued operations in the consolidated statements of operations, respectively, for all periods presented in accordance with SFAS No. 144.

5. Discontinued Operations and Assets Held for Sale (continued)

Gaming Operations

On May 19, 2006, our wholly owned subsidiaries, AREP Laughlin and AREP Boardwalk Properties, completed the purchases of the Aquarius and the Traymore site, respectively, from affiliates of Harrah's. The transactions were completed pursuant to an asset purchase agreement, dated as of November 28, 2005, between AREP Laughlin, AREP Boardwalk LLC, Harrah's and certain affiliates of Harrah's. Under the agreement, AREP Laughlin acquired the Aquarius, and AREP Boardwalk Properties, an assignee of AREP Boardwalk LLC, acquired the Traymore site for an aggregate purchase price of approximately \$170 million (excluding transaction costs and working capital of approximately \$5.7 million).

The following table summarizes the estimated fair values of the net assets acquired on May 19, 2006 (in \$000s):

	May 19, 2006 Fair Value		
	Aquarius	Traymore Site	Total
Land	\$ 13,000	\$ 61,651	\$ 74,651
Building and equipment	95,336		95,336
Intangible assets	2,939		2,939
Other assets	7,172		7,172
Assets acquired	118,447	61,651	180,098
Liabilities assumed	(4,874)		(4,874)
Net assets acquired	\$ 113,573	\$ 61,651	\$ 175,224

The purchase price allocations for the Aquarius are based on estimated fair values as determined by independent appraisers. If the acquisitions of the Aquarius and the Traymore site had occurred at the beginning of fiscal 2006, our consolidated unaudited pro forma net revenue, net income and diluted earnings per share for fiscal 2006 would not have been materially different than the amounts we reported and, therefore, pro forma results are not presented.

The results of operations of the Aquarius from May 19, 2006 to December 31, 2006 are included in our consolidated results of discontinued operations for fiscal 2006.

On November 17, 2006, Atlantic Coast, ACE, IEH and certain other entities owned by or affiliated with IEH completed the sale to Pinnacle of the outstanding membership interests in ACE and 100% of the equity interests in certain subsidiaries of IEH which own parcels of real estate adjacent to The Sands, including 7.7 acres of land known as the Traymore site. We own, through subsidiaries, approximately 67.6% of Atlantic Coast, which owned 100% of ACE. The aggregate price was approximately \$274.8 million, of which approximately \$200.6 million was paid to Atlantic Coast and approximately \$74.2 million was paid to affiliates of IEH for subsidiaries which own the Traymore site and the adjacent properties. \$51.8 million of the purchase price paid to Atlantic Coast was deposited into escrow to fund indemnification obligations, of which \$50.0 million related to claims of creditors and stockholders of GB Holdings Inc. (GBH), a holder of stock in Atlantic Coast. On February 22, 2007, we resolved all outstanding litigation involving GBH, resulting in a release of all claims against us. As a result of the settlement, our ownership of Atlantic Coast increased from 67.6% to 96.9% and \$50.0 million of the amount placed into escrow was released to us. See Note 18, Subsequent Events for further information.

On April 22, 2007, AEP, a wholly owned indirect subsidiary of Icahn Enterprises Holdings, entered into a Membership Interest Purchase Agreement with W2007/ACEP Holdings, LLC, an affiliate of Whitehall Street Real Estate Funds, a series of real estate investment funds affiliated with Goldman, Sachs & Co., to sell all of the issued and outstanding membership interests of ACEP, which comprise our gaming operations, for \$1.3 billion, plus or minus certain adjustments such as working capital, more fully described in the agreement.

Pursuant to the terms of the agreement, AEP is required to cause ACEP to repay from funds provided by AEP, the principal, interest, prepayment penalty or premium due on ACEP's 7.85% senior secured notes due 2012 and ACEP's senior secured credit facility. With this transaction, we anticipate realizing a gain of approximately \$554.0 million on our investments in ACEP, after income taxes. ACEP's casino assets are comprised of the Stratosphere Casino Hotel & Tower, the Arizona Charlie's Decatur, the Arizona Charlie's Boulder and the Aquarius Casino Resort. The transaction is subject to the approval of the Nevada Gaming Commission and the Nevada State Gaming Control Board, as well as customary conditions. The parties expect to close the transaction by the end of the first quarter of fiscal 2008; however, we cannot assure you that we will be able to consummate the transaction.

GBH Impairment

On September 29, 2005, GBH filed a voluntary petition for bankruptcy relief under Chapter 11 of the U.S. Bankruptcy Code. As a result of this filing, we determined that we no longer control GBH and have deconsolidated our investment effective the date of the bankruptcy filing. As a result of GBH's bankruptcy, we recorded impairment charges of \$52.4 million related to the write-off of the remaining carrying amount of our investment (\$6.7 million) and also to reflect a dilution in our effective ownership percentage of Atlantic Coast, 41.7% of which is owned directly by GBH (\$45.7 million).

For fiscal 2004, we recorded an impairment loss of \$15.6 million on our equity investment in GBH. The purchase price pursuant to an agreement to purchase additional shares of GBH in fiscal 2005 indicated that the fair value of our investment was less than our carrying value. An impairment charge was recorded to reduce the carrying value to the value implicit in the purchase agreement.

We recorded \$34.5 million of income tax benefits in the third quarter of 2006 as a result of the reversal of deferred tax valuation allowances for our Oil and Gas and Atlantic City gaming operations. See Note 16, Income Taxes, for further information.

Oil and Gas Operations

On November 21, 2006, our indirect wholly owned subsidiary, AREP O & G Holdings, consummated the sale of all of the issued and outstanding membership interests of NEG Oil & Gas to SandRidge, for consideration consisting of \$1.025 billion in cash, 12,842,000 shares of SandRidge's common stock, valued, at the date of closing, at \$18 per share, and the repayment by SandRidge of \$300.0 million of debt of NEG Oil & Gas. On April 4, 2007, we sold our entire position in SandRidge for cash consideration of approximately \$243.2 million.

SandRidge is a working interest owner and the operator of a majority of the Longfellow Ranch area oil and gas properties. The interest in Longfellow Ranch was the single largest oil and gas property owned by NEG Oil & Gas.

On November 21, 2006, pursuant to an agreement dated October 25, 2006 among IEH, NEG Oil & Gas and NEGI, NEGI sold its membership interest in NEG Holding to NEG Oil & Gas for consideration of approximately \$261.1 million. Of that amount, \$149.6 million was used to repay the principal of and accrued interest with respect to the NEGI 10.75% senior notes due 2007, all of which was held by us.

Real Estate

Certain of our real estate properties are classified as discontinued operations. The properties classified as discontinued operations have changed during fiscal 2006 and, accordingly, certain amounts in the accompanying fiscal 2006, fiscal 2005 and fiscal 2004 financial statements have been reclassified to conform to the current classification of properties.

In addition, during the nine months ended September 30, 2007, five properties of our real estate segment were reclassified to discontinued operations.

Home Fashion

We intend to close substantially all of WPI's retail stores based on a comprehensive evaluation of the stores' long-term growth prospects and their on-going value to the business. On October 18, 2007, we entered into an agreement to sell the inventory at substantially all of WPI's retail stores. In accordance with SFAS No. 144, we have reported the retail outlet stores business as discontinued operations for all periods presented.

Reserve Information (Unaudited)

The accompanying tables present information concerning our oil and natural gas-producing activities during the period from January 1, 2006 to November 21, 2006 and the years ended December 31, 2005 and 2004 and are prepared in accordance with SFAS No. 69, *Disclosures about Oil and Gas Producing Activities*.

Estimates of our proved reserves and proved developed reserves were prepared by independent firms of petroleum engineers, based on data supplied to them by NEG Oil & Gas. Estimates relating to oil and gas reserves are inherently imprecise and may be subject to substantial revisions due to changing prices and new information, such as reservoir performance, production data, additional drilling and other factors, becomes available.

Proved reserves are estimated quantities of oil, natural gas, condensate and natural gas liquids which geological and engineering data demonstrate with reasonable certainty to be recoverable in future years from known reservoirs under existing economic and operating conditions. Natural gas liquids and condensate are included in oil reserves. Proved developed reserves are those proved reserves that can be expected to be recovered through existing wells with existing

equipment and operating methods. Proved undeveloped reserves include those reserves expected to be recovered from new wells on undrilled acreage or existing wells on which a relatively major expenditure is required for recompletion. Natural gas quantities represent gas volumes which include amounts that will be extracted as natural gas liquids. Our estimated net proved reserves and proved developed reserves of oil and condensate and natural gas for the period from January 1, 2006 to November 21, 2006 and the years ended December 31, 2005 and 2004 were as follows:

Asset Retirement Obligations Oil and Gas

Our asset retirement obligations represent expected future costs to plug and abandon our wells, dismantle facilities and reclaim sites at the end of the related assets' useful lives.

As of December 31, 2005, we had \$24.3 million held in various escrow accounts relating to the asset retirement obligations for certain offshore properties. The escrow accounts and the asset retirement obligations were transferred to the purchaser in connection with the sale of our Oil and Gas business. The following table summarizes changes in our asset retirement obligations during the period from January 1, 2006 to November 21, 2006 and the year ended December 31, 2005 (in \$000s):

	January 1 November 21, 2006	Fiscal Year Ended December 31, 2005

Derivative Contracts

We recorded derivative contracts within our former Oil and Gas segment as assets or liabilities in the balance sheet at fair value. As of December 31, 2005, these derivatives were recorded as a liability of discontinued operations held for sale of \$85.0 million. We have elected not to designate any of these instruments as hedges for accounting purposes and, accordingly, both realized and unrealized gains and losses are included in the oil and gas revenues for discontinued operations. Our realized and unrealized losses on our derivative contracts for the periods indicated were as follows (in \$000s):

	Years Ended December 31,		
	2006	2005	2004
Realized loss (net cash payments)	\$ (25,948)	\$ (51,263)	\$ (16,625)

	\$ 73,759	\$ (120,517)	\$ (25,804)

6. Related Party Transactions

We have entered into several transactions with entities affiliated with Carl C. Icahn. The transactions include purchases by us of businesses and business interests, including debt, of the affiliated entities. Additionally, other transactions have occurred as described below.

All related party transactions are reviewed and approved by our Audit Committee. Where appropriate, our Audit Committee will obtain independent financial advice and legal counsel on the transactions.

In accordance with U.S. GAAP, assets transferred between entities under common control are accounted for at historical cost similar to a pooling of interests, and the financial statements of previously separate companies for periods prior to the acquisition are restated on a consolidated basis. Additionally, prior to the acquisition, the earnings, losses, capital contributions and distributions of the acquired entities are allocated to the general partner as an adjustment to equity, and the consideration is shown as a reduction to the general partner's capital account.

6. Related Party Transactions (continued)

a. Investment Management

On August 8, 2007, in a related party transaction, we acquired the general partnership interests in the General Partners, acting as general partners of the Onshore Fund and the Offshore Master Funds managed and controlled by Carl C. Icahn, and the general partnership interests in New Icahn Management, the newly formed management company that provides certain management and administrative services to the Private Funds. The Offshore GP also acts as general partner of certain funds formed as Cayman Islands exempted limited partnerships that invest in the Offshore Master Funds and that, together with other funds that also invest in the Offshore Master Funds, constitute the Feeder Funds.

See Note 3, Acquisitions - Acquisition of Partnership Interests for further discussion of the acquisition.

In accordance with U.S. GAAP, assets transferred between entities under common control are accounted for at historical cost similar to a pooling of interests, and the financial statements of previously separate companies for periods prior to the acquisition are restated on a consolidated basis. Additionally, prior to acquisition, the earnings, losses, capital contributions and distributions of the acquired entities are allocated to the general partner as an adjustment to equity, and the consideration paid is shown as a reduction to the general partner's capital account.

We, along with the Private Funds, entered into an agreement (the Covered Affiliate Agreement), simultaneously with the closing of the transactions contemplated by the Contribution Agreement, pursuant to which we (and certain of our subsidiaries) agreed, in general, to be bound by certain restrictions on our investments in any assets that the General

Partners deem suitable for the Private Funds, other than government and agency bonds, cash equivalents and investments in non-public companies. We and our subsidiaries will not be restricted from making investments in the securities of certain companies in which Mr. Icahn or companies he controlled had an interest in as of the date of the initial launch of the Private Funds, and companies in which we had an interest as of the date of acquisition on August 8, 2007. We and our subsidiaries, either alone or acting together with a group, will not be restricted from (i) acquiring all or any portion of the assets of any public company in connection with a negotiated transaction or series of related negotiated transactions or (ii) engaging in a negotiated merger transaction with a public company and, pursuant thereto, conducting and completing a tender offer for securities of the company. The terms of the Covered Affiliate

Agreement may be amended, modified or waived with the consent of us and each of the Private Funds, provided, however, that a majority of the members of an investor committee maintained for certain of the Private Funds may (with our consent) amend, modify or waive any provision of the Covered Affiliate Agreement with respect to any particular transaction or series of related transactions.

We have also entered into an employment agreement (the Icahn Employment Agreement) with Mr. Icahn pursuant to which, over a five-year term, Mr. Icahn will serve as Chairman and Chief Executive Officer of New Icahn Management, in addition to his current role as Chairman of Icahn Enterprises. Mr. Icahn also serves as the Chief Executive Officer of the General Partners. During the employment term, we will pay Mr. Icahn an annual base salary of \$900,000 and an annual incentive bonus based on a bonus formula with two components. The first component is based on the annual return on AUM by the Investment Management and GP Entities. The second component of the annual bonus payable by us is tied to the growth in our annual net income (other than income or losses resulting from the operations of the Investment Management and GP Entities).

Fifty percent of all bonus amounts payable by us and New Icahn Management shall be subject to mandatory deferral and treated as though invested in the Private Funds and as though subject to a 2% annual management fee (but no incentive allocation). Such deferred amounts shall be subject to vesting in equal annual installments over a three-year period commencing from the last day of the year giving rise to the bonus. Amounts deferred generally are not subject to acceleration and unvested deferred amounts shall be forfeited if Mr. Icahn ceases to be employed under his employment agreement, provided that all deferred

amounts shall vest in full and be payable in a lump sum payment thereafter if the employment of Mr. Icahn is terminated by us without Cause or Mr. Icahn terminates his employment for Good Reason, as such terms are defined in the Icahn Employment Agreement, or upon Mr. Icahn's death or disability during the employment term. In addition, upon Mr. Icahn's completion of service through the end of the employment term, Mr. Icahn will also vest in full in any mandatory deferrals. Vested deferred amounts (and all deferred returns, earnings and profits thereon) shall be paid to Mr. Icahn within 60 days following the vesting date. Returns on amounts subject to deferral shall also be subject to management fees charged by New Icahn Management.

The Investment Management and GP Entities provide investment advisory and certain management services to the Private Funds. The Investment Management and GP Entities do not provide investment advisory or other management services to any other entities, individuals or accounts. Interests in the Private Funds are offered only to certain sophisticated and accredited investors on the basis of exemptions from the registration requirements of the federal securities laws and are not publicly available. See Note 2, Summary of Significant Accounting Policies Revenue

Recognition, for a further description of the management fees and incentive allocations earned by the Investment Management and GP Entities with respect to these services.

Each of the General Partners may, in its sole discretion, elect to reduce or waive the incentive allocation with respect to the capital account of any limited partner of the Onshore Fund or Offshore Master Fund I, respectively. For fiscal 2006, fiscal 2005 and fiscal 2004, the Onshore GP received an incentive allocation of \$68.9 million, \$21.8 million and \$4.4 million, respectively, and the Offshore GP received an incentive allocation of \$121.6 million, \$35.5 million and \$5.3 million, respectively. Such amounts are eliminated in the consolidated financial statements.

As described in further detail in Note 2, Summary of Significant Accounting Policies Revenue Recognition, pursuant to the Management Agreements, Icahn Management (and subsequent to the acquisition of the Partnership Interests on August 8, 2007, New Icahn Management) typically is entitled to receive certain quarterly management fees. From August 8, 2007 through September 30, 2007, New Icahn Management earned \$21.4 million in such management fees. Such amounts received from the Onshore Fund and the consolidated Offshore Fund are eliminated in our consolidated financial statements. The management fees earned for fiscal 2006, fiscal 2005 and fiscal 2004 were \$82.4 million, \$44.2 million and \$3.2 million, respectively. Such amounts are eliminated in our consolidated financial statements.

In addition, pursuant to the provisions of a deferred fee arrangement, Icahn Management was eligible to defer receipt of all or a portion of the management fee earned from the Offshore Fund during a particular fiscal quarter in a fiscal year, and to have a portion or all of the deferred fee invested in the same manner as the Offshore Fund's other assets, or in another manner approved by both the Offshore Fund and Icahn Management. The value of such deferred amounts constitutes a liability of the Offshore Fund to Icahn Management. Any amounts invested under the provisions of the deferred fee arrangement continue for all purposes to be part of the general assets of the Offshore Fund and generally earn the same return as other investors (except where fees are waived), and Icahn Management has no proprietary interest in any such assets.

Icahn Management elected to defer an aggregate of 95% of the management fees from the Offshore Fund and such amounts remain invested in the Offshore Fund for fiscal 2006 (97% and 100% for fiscal 2005 and fiscal 2004, respectively). For fiscal 2006, 2005 and 2004 the amounts of management fees elected to be deferred were \$39.1 million, \$26.0 million and \$1.8 million, respectively, and the appreciation earned upon them, was \$19.7 million in fiscal 2006 and \$2.4 million in fiscal 2005.

Under separate deferred compensation employment agreements, certain employees are entitled to receive a percentage of the management fees. As of December 31, 2005, deferred compensation related to management fees of Icahn Management amounted to \$2.3 million, which included appreciation since inception on

such deferred amounts of \$0.2 million. As of December 31, 2006, deferred compensation related to management fees of Icahn Management amounted to \$6.7 million, which included appreciation since inception on such deferred amounts of \$1.7 million. Appreciation in fiscal 2006 on such deferred amounts was \$1.5 million. Refer to Note 13, Compensation Arrangements, for additional information regarding these agreements.

Icahn & Co. LLC and certain other entities beneficially owned by Carl C. Icahn affiliates of Icahn Management (collectively Icahn Affiliates) have paid for the salaries and benefits of employees who perform various functions including accounting, administrative, investment, legal and tax services. Under a separate expense-sharing agreement, Icahn Affiliates have charged Icahn Management for a portion of these expenses. For fiscal 2006, fiscal 2005 and fiscal 2004, the amounts charged to Icahn Management were \$12.4 million, \$9.6 million and \$0.8 million, respectively. Management believes that all allocated amounts are reasonable based upon the nature of the services provided (e.g. occupancy, salaries and benefits, etc.).

Icahn Affiliates have paid rent for the occupancy of space shared by Icahn Management. Under a separate expense-sharing agreement, Icahn Affiliates have charged Icahn Management for a portion of these expenses. For fiscal 2006, fiscal 2005 and fiscal 2004, the amounts charged to Icahn Management were \$1.4 million, \$1.5 million and \$0.2 million, respectively.

In addition, certain expenses borne by Icahn Management have been reimbursed by Icahn Affiliates, as appropriate and when such expenses were incurred. The expenses included investment-specific expenses for investments acquired by both the Private Funds (prior to our acquisition of the Partnership Interests on August 8, 2007) and Icahn Affiliates which were allocated based on the amounts invested by each party, as well as investment management-related expenses which were allocated based on estimated usage agreed upon by both Icahn Management and the Icahn Affiliates.

b. Holding Company and Other Operations

Oil and Gas

In October 2003, pursuant to a purchase agreement dated as of May 16, 2003, we acquired certain debt and equity securities of NEGI from entities affiliated with Mr. Icahn for an aggregate cash consideration of \$148.1 million plus \$6.7 million in cash for accrued interest on the debt securities. The securities acquired were \$148.6 million in principal amount of outstanding 10.75% senior notes due 2006 of NEGI and 5,584,044 shares of common stock of NEGI. As a result of the foregoing transaction and the acquisition by us of additional securities of NEGI prior to the closing, we beneficially owned in excess of 50% of the outstanding common stock of NEGI. In connection with the acquisition of stock in NEGI, the excess of cash disbursed over the historical cost, which amounted to \$2.8 million, was charged to the general partner's equity. NEGI owned a 50% interest in NEG Holdings; the other 50% interest in NEG Holdings was held by an affiliate of Mr. Icahn prior to our acquisition of the interest during the second quarter of fiscal 2005. NEG Holdings owned NEG Operating LLC which owned operating oil and gas properties managed by NEGI.

On December 6, 2004, we purchased from affiliates of Mr. Icahn \$27.5 million aggregate principal amount, or 100% of the outstanding term notes issued by TransTexas (the TransTexas Notes). The purchase price was \$28.2 million in cash, which equaled the principal amount of the TransTexas Notes plus accrued but unpaid interest.

In December 2004, we purchased all of the membership interests of MidRiver LLC (MidRiver), from affiliates of Mr. Icahn for an aggregate purchase price of \$38.0 million. The assets of MidRiver consist of \$38.0 million principal

amount of term loans of Panaco.

In January 2005, we entered into an agreement to acquire TransTexas (subsequently known as National Onshore), Panaco (subsequently known as National Offshore) and the membership interest in NEG Holdings other than that already owned by NEGI for cash consideration of \$180.0 million and depository units valued,

in the aggregate, at \$445.0 million, from affiliates of Mr. Icahn. The acquisition of TransTexas was completed on April 6, 2005 for \$180.0 million in cash. The acquisition of Panaco and the membership interest in NEG Holdings was completed on June 30, 2005 for 15,344,753 depository units, valued at \$445.0 million.

As discussed above, on November 21, 2006, our indirect wholly owned subsidiary, AREP O & G Holdings, consummated the sale of all of the issued and outstanding membership interests of NEG Oil & Gas to SandRidge. See Note 5, Discontinued Operations and Assets Held for Sale, for additional information regarding the sale.

Gaming

Las Vegas Properties

In January 2004, ACEP entered into an agreement to acquire Arizona Charlie's Decatur and Arizona Charlie's Boulder, from Mr. Icahn and an entity affiliated with Mr. Icahn, for aggregate consideration of \$125.9 million. The acquisition was completed on May 26, 2004.

Atlantic City Property

In 1998 and 1999, we acquired an interest in The Sands, by purchasing the principal amount of \$31.4 million of first mortgage notes issued by GB Property Funding Corp. (GB Property). The purchase price for the notes was \$25.3 million. GB Property was organized as a special purpose entity by Greate Bay Hotel and Casino, Inc. (Greate Bay), for the purpose of borrowing funds. Greate Bay was a wholly owned subsidiary of GBH. An affiliate of the general partner also made an investment. A total of \$185.0 million in notes were issued.

In January 1998, GB Property and Greate Bay filed for bankruptcy protection under Chapter 11 of the Bankruptcy Code to restructure its long-term debt.

In July 2000, the U.S. Bankruptcy Court ruled in favor of the reorganization plan proposed by affiliates of the general partner which provided for an additional investment of \$65.0 million by certain Icahn affiliates in exchange for a 46% equity interest in GBH, with bondholders (which also included the Icahn affiliates) to receive \$110.0 million principal amount of new notes of GB Property First Mortgage (the GB Notes), and a 54% equity interest in GBH. Interest on the GB Notes was payable at the rate of 11% per annum on March 29 and September 29, beginning March 29, 2001.

The outstanding principal was due September 29, 2005. The principal and interest that was due on September 29, 2005 was not paid. On September 29, 2005, GBH filed for bankruptcy for protection under Chapter 11 of the Bankruptcy Code.

Until July 22, 2004, Greate Bay was the owner and operator of The Sands. Atlantic Coast was a wholly owned subsidiary of Greate Bay which was a wholly owned subsidiary of GBH. ACE is a wholly owned subsidiary of Atlantic Coast. Atlantic Coast and ACE were formed in connection with a transaction (referred to herein as the Transaction), which included a Consent Solicitation and Offer to Exchange in which holders of the GB Notes were given the opportunity to exchange such notes, on a dollar-for-dollar basis, for \$110.0 million of 3% Notes due 2008 (the 3% Notes), issued by Atlantic Coast. The Transaction and the Consent Solicitation and Offer to Exchange were consummated on July 22, 2004, and holders of \$66.3 million of GB Notes exchanged such notes for \$66.3 million Atlantic Coast 3% Notes. Also, on July 22, 2004, in connection with the Consent Solicitation and Offer to Exchange, the indenture governing the GB Notes was amended to eliminate certain covenants and to release the liens on the collateral securing such notes. The Transaction included, among other things, the transfer of substantially all of the assets of GBH to Atlantic Coast.

The Atlantic Coast 3% Notes are guaranteed by ACE. Also on July 22, 2004, in connection with the consummation of the Transaction and the Consent Solicitation and Offer to Exchange, GB Property and Greate Bay merged into GBH, with GBH as the surviving entity. In connection with the transfer of the assets

and certain liabilities of GBH, including the assets and certain liabilities of Greate Bay, Atlantic Coast issued 2,882,937 shares of common stock, par value \$0.01 per share, to Greate Bay which, following the merger of Greate Bay became the sole asset of GBH. Substantially all of the assets and liabilities of GBH and Greate Bay (with the exception of the remaining GB Notes and accrued interest thereon, the Atlantic Coast shares of common stock, and the related pro rata share of deferred financing costs) were transferred to Atlantic Coast or ACE. As part of the Transaction, an aggregate of 10,000,000 warrants were distributed on a pro rata basis to the stockholders of GBH upon the consummation of the Transaction. Such warrants allow the holders to purchase from Atlantic Coast at an exercise price of \$0.01 per share, an aggregate of 2,750,000 shares of Atlantic Coast common stock and are only exercisable following the earlier of either (a) the 3% Notes being paid in cash or upon conversion, in whole or in part,

into Atlantic Coast common stock, (b) payment in full of the outstanding principal of the GB Notes exchanged or (c) a determination by a majority of the board of directors of Atlantic Coast (including at least one independent director of Atlantic Coast) that the warrants may be exercised. A gaming license to operate The Sands was granted to ACE by the New Jersey Casino Control Commission.

On December 27, 2004, we purchased \$37.0 million principal amount of Atlantic Coast 3% Notes from two Icahn affiliates for cash consideration of \$36.0 million. We already owned \$26.9 million principal amount of 3% Notes.

On May 17, 2005, we (1) converted \$28.8 million in principal amount of 3% Notes into 1,891,181 shares of Atlantic Coast common stock and (2) exercised warrants to acquire 997,620 shares of Atlantic Coast common stock. Also on May 17, 2005, affiliates of Mr. Icahn exercised warrants to acquire 1,133,284 shares of Atlantic Coast common stock. Prior to May 17, 2005, GBH owned 100% of the outstanding common stock of Atlantic Coast.

On June 30, 2005, we completed the purchase of 4,121,033 shares of common stock of GBH and 1,133,284 shares of Atlantic Coast from affiliates of Mr. Icahn in consideration of 413,793 of the depositary units of Icahn Enterprises. The agreement provided that up to an additional 206,897 depositary units could be issued if Atlantic Coast met certain earnings targets during fiscal 2005 and fiscal 2006. The depositary units issued in consideration for the acquisitions were valued at \$12.0 million. Based on the fiscal 2005 and fiscal 2006 operating performance of The Sands, no additional depositary units have been issued.

After the purchases from affiliates of Mr. Icahn, we owned 77.5% of the common stock of GBH and 58.2% of the common stock of Atlantic Coast. As a result, we obtained control of GBH and Atlantic Coast. The period of common control for GBH and Atlantic Coast began prior to January 1, 2002. The financial statements give retroactive effect to the consolidation of GBH and Atlantic Coast. We had previously accounted for GBH on the equity method. On September 29, 2005, GBH filed for bankruptcy.

On November 17, 2006, we completed the sale to Pinnacle of the outstanding membership interests in ACE which owns The Sands and 100% of the equity interests in certain subsidiaries of IEH which own parcels of real estate adjacent to The Sands, including the Traymore site. See Note 5, Discontinued Operations and Assets Held for Sale, and Note 18, Subsequent Events, for additional information regarding the sale.

Administrative Services

In July 2005, we entered into a license agreement with an affiliate for the non-exclusive use of approximately 1,514 square feet for which we paid monthly base rent of \$13,000 plus 16.4% of certain additional rent. The license agreement was amended effective August 8, 2007 to reflect an increase in our portion of the office space to approximately 4,246 square feet or approximately 64.76% of the total space leased to an affiliate, of which 3,125 square feet is allocated to the Investment Management and GP Entities. Under the amended license agreement, effective August 8, 2007, the monthly base rent is approximately \$147,500, of

which approximately \$39,000 is allocated to the Holding Company and approximately \$108,500 is allocated to the Investment Management and GP Entities. We also pay 64.76% of the additional rent payable under the license agreement which is allocated 17.10% to the Holding Company and 47.66% to the Investment Management and GP Entities. The license agreement expires in May 2012. Under the amended agreement, base rent is subject to increases in July 2008 and December 2011. Additionally, we are entitled to certain annual rent credits each December beginning December 2005 and continuing through December 2011. For fiscal 2006, fiscal 2005 and fiscal 2004, we paid such affiliate \$162,000, \$138,000 and \$162,000, respectively, in connection with this licensing agreement.

An affiliate occupies a portion of certain office space leased by us. Monthly payments from the affiliate for the use of the space began on October 12, 2006. For the period beginning October 12, 2006 and ending December 31, 2006, we received \$17,000 for the use of such space.

For fiscal 2006, fiscal 2005 and fiscal 2004, we paid \$783,000, \$1,016,000 and \$506,000, respectively, to XO Holdings, Inc., formerly known as XO Communications, Inc., an affiliate of the general partner, for telecommunication services.

An affiliate of the general partner provided certain professional services to WPI for which WPI incurred charges from the affiliate of \$344,986 and \$81,600 for fiscal 2005 and fiscal 2004, respectively. No charges were incurred in fiscal 2006.

We provide certain professional services to an affiliate of the general partner for which we charged \$695,000, \$324,548 and \$80,000 for fiscal 2006, fiscal 2005 and fiscal 2004, respectively. In October 2006, an affiliate remitted \$355,691 to us as an advance payment for future services. As of December 31, 2006, current liabilities in the consolidated balance sheet included \$287,380 to be applied to our charges to the affiliate for services to be provided to it.

An affiliate provided certain professional services to WPI for which it incurred charges of approximately \$218,000 for the year ended December 31, 2006.

Icahn Sourcing, LLC (Icahn Sourcing) is an entity formed and controlled by Carl C. Icahn in order to leverage the potential buying power of a group of entities with which Mr. Icahn has a relationship in negotiating with a wide range of suppliers of goods, services and tangible and intangible property. We are a member of the buying group and, as such, are afforded the opportunity to purchase goods, services and property from vendors with whom Icahn Sourcing has negotiated rates and terms. Icahn Sourcing does not guarantee that we will purchase any goods, services or property from any such vendors, and we are under no obligation to do so. We do not pay Icahn Sourcing any fees or other amounts with respect to the buying group arrangement. We have purchased a variety of goods and services as members of the buying group at prices and on terms that we believe are more favorable than those which would be achieved on a stand-alone basis.

Related Party Debt Transactions

In connection with TransTexas plan of reorganization on September 1, 2003, TransTexas as borrower, entered into the Restructured Oil and Gas (O&G) Note with Thornwood Associates Limited Partnership, an affiliate of Mr. Icahn, as

lender. The Restructured O&G Note was a term loan in the amount of \$32.5 million with interest at a rate of 10% per annum. Interest was payable semi-annually commencing six months after the effective date. Annual principal payments in the amount of \$5.0 million was due on the first through fourth anniversary dates of the effective date with the final principal payment of \$12.5 million due on the fifth anniversary of the effective date. The Restructured O&G Note was purchased by us in December 2004 and is eliminated in consolidation.

During the year ended December 31, 2002, Fresca, LLC, which was acquired by ACEP in May 2004, entered into an unsecured line of credit in the amount of \$25.0 million with Starfire Holding Corporation, an

affiliate of Mr. Icahn. The outstanding balance, including accrued interest, was due and payable on January 2, 2007. As of December 31, 2003, Fresca, LLC had \$25.0 million outstanding. The note bore interest on the unpaid principal balance from January 2, 2002 until maturity at the rate per annum equal to the prime rate, as established by Fleet Bank, from time to time, plus 2.75%. Interest was payable semi-annually in arrears on the first day of January and July, and at maturity. The note was guaranteed by Mr. Icahn. The note was repaid in May 2004. The interest rate at December 31, 2003 was 6.75%.

Investments in Variable Interest Entities

The Investment Management and GP Entities consolidate certain VIEs when they are determined to be the primary beneficiary, either directly or indirectly through other consolidated subsidiaries. The assets of the consolidated VIEs are primarily classified within cash held at consolidated affiliated partnerships and restricted cash and securities owned, at fair value in the consolidated balance sheets. The liabilities of the consolidated VIEs are primarily classified within securities sold, not yet purchased, at fair value, in the consolidated balance sheets and are non-recourse to the Investment Management and GP Entities' general credit.

The consolidated VIEs consist solely of the Offshore Fund whose purpose and activities are further described in Note 1, Description of Business and Basis of Presentation. The Investment Management and GP Entities sponsored the formation of and manage each of these VIEs and, in some cases, have a principal investment therein.

The following table presents information regarding interests in VIEs for which the Investment Management and GP Entities hold a variable interest as of December 31, 2006 (in \$000s):

	Investment Management and GP Entities Are Primary Beneficiary

Net realized and unrealized gains (losses) on our Holding Company and other investments were as follows:

	Year Ended December 31,		
	2006	2005	2004
Net realized gains on sales of marketable securities	\$ 69,099	\$ 10,120	\$ 40,159

Net realized losses on securities sold short	(17,146)	(37,058)	
Unrealized gains (losses) on securities sold short	18,067	(4,178)	(18,807)
Net gain (loss) from investment activities	\$ 91,308	\$ (21,260)	\$ 16,540

Proceeds from the sales of available-for-sale securities were \$726.8 million, \$96.9 million and \$82.3 million for fiscal 2006, fiscal 2005 and fiscal 2004, respectively. The gross realized gains on available-for-sale securities sold for fiscal 2006, fiscal 2005 and fiscal 2004 were \$47.5 million, \$8.6 million and \$37.2 million, respectively. The net unrealized gains for trading securities for fiscal 2006 and fiscal 2005 were approximately \$20.5 million and \$8.4 million, respectively. For purposes of determining gains and losses, the cost of securities is based on specific identification. Net unrealized holding gains on available-for-sale securities in the amount of \$29.7 million for fiscal 2006, and net unrealized holding losses on available for sale securities in the amount of \$4.2 million and \$9.5 million for fiscal 2005 and fiscal 2004, respectively, have been included in accumulated other comprehensive income.

In the third quarter of fiscal 2005, we began using the services of an unaffiliated third-party investment manager to manage certain fixed income investments. At December 31, 2006 and 2005, \$163.7 million and \$448.8 million, respectively, had been invested at the discretion of such manager in a diversified portfolio consisting predominantly of short-term investment grade debt securities. Investments managed by the third-party investment manager are classified as available-for-sale securities in the accompanying consolidated balance sheets. As of December 31, 2006, accrued expenses and other current liabilities included \$46.4 million relating to unsettled trades of securities.

Included in other securities are 12,842,000 shares of SandRidge's common stock, received as consideration for the sale of our oil and gas operations, and which are valued at \$231.2 million as of December 31, 2006. There is no readily available market for such securities.

Investment in ImClone

As described in Note 2 above, in the fourth quarter of 2006, we changed our method of accounting for our investment in ImClone to the equity method of accounting. As a result, the financial statements of prior years have been adjusted to apply the new method retrospectively.

The effect of the change increased our fiscal 2006 net income by \$12.6 million, or \$0.23 per unit. The financial statements for fiscal 2005 have been retrospectively adjusted for the change, which resulted in an increase of net income for fiscal 2005 of \$1.4 million, or \$0.04 per unit. The cumulative effect of the change resulted in an increase and decrease in our total partners' equity by \$42.2 million and \$2.9 million at December 31, 2006 and 2005, respectively, as a result of recording our proportionate share of ImClone's net income, other comprehensive income and other changes in ImClone's stockholders' equity.

At December 31, 2006 and 2005, our carrying value of our equity investment in ImClone was \$164.3 million and \$97.3 million, respectively. As of December 31, 2006, the market value of our ImClone shares held was \$122.2 million. As of September 30, 2006, our underlying equity in the net assets of ImClone was approximately \$36.3 million. While we recognize that the carrying value of our investment in ImClone as of December 31, 2006 is greater than the market value of our shares held, we believe that this is a temporary decline and accordingly no impairment has been recognized.

Margin Liability on Marketable Securities

At December 31, 2005, a liability of \$131.1 million was recorded related to purchases of securities from a broker that had been made on margin. There was no margin liability outstanding at December 31, 2006. The margin liability is secured by the securities we purchased and cannot exceed certain pre-established percentages of the fair market value of the securities collateralizing the liability. If the balance of the margin exceeds certain pre-established percentages of the fair market value of the securities collateralizing the liability, we will be subject to a margin call and required to fund the account to return the margin balance to certain pre-established percentages of the fair market value of the securities collateralizing the liability.

The Private Funds' financial instruments are stated at fair value in accordance with the AICPA Guide. See Note 7, Investments and Related Matters, for a condensed schedule of the Private Funds' investments pursuant to the AICPA Guide.

b. Holding Company and Other Operations

In determining fair value of financial instruments, we used quoted market prices when available. For instruments where quoted market prices were not available, we estimated the present values utilizing current risk-adjusted market rates of similar instruments. The carrying values of cash and cash equivalents, accounts receivable and payable, other accruals, securities sold under agreements to repurchase and other liabilities are deemed to be reasonable estimates of their fair values because of their short-term nature.

Considerable judgment is necessarily required in interpreting market data used to develop the estimates of fair value. Accordingly, the estimates presented herein are not necessarily indicative of the amounts that could be realized in a

current market exchange. The use of different market assumptions and/or estimation methodologies may have a material effect on the estimated fair value.

9. Financial Instruments, Off-Balance-Sheet Risk and Concentrations of Credit Risk

a. Investment Management

The Private Funds maintain their cash deposits with a major financial institution. Certain account balances may not be covered by the Federal Deposit Insurance Corporation, while other accounts, at times, may exceed federally insured limits. We believe that the risk is not significant. Substantially all of the Onshore Funds and Offshore Master Fund Investments are held by, and its depository and clearing operations are transacted by, two prime brokers. The prime brokers are highly capitalized and members of major securities exchanges.

In the normal course of business, the Private Funds trade various financial instruments and enter into certain investment activities, which may give rise to off-balance-sheet risk. Currently, the Private Funds invest in futures, options and securities sold, not yet purchased. These financial instruments represent future commitments to purchase or sell other financial instruments or to exchange an amount of cash based on the change in an underlying instrument at specific terms at specified future dates. Risks arise with these financial instruments from potential counter-party non-performance and from changes in the market values of underlying instruments.

Securities sold, not yet purchased represent obligations of the Private Funds to deliver the specified security, thereby creating a liability to repurchase the security in the market at prevailing prices. Accordingly, these transactions result in off-balance-sheet risk, as the Private Funds' satisfaction of the obligations may exceed the amount recognized in the consolidated balance sheets. The Private Funds' investments in securities and amounts due from broker are partially restricted until the Private Funds satisfy the obligation to deliver the securities sold, not yet purchased.

The Private Funds also may purchase and write option contracts. As a writer of option contracts, the Private Funds receive a premium at the outset and then bear the market risk of unfavorable changes in the price of the underlying financial instrument. As a result of writing option contracts, the Private Funds are obligated to purchase or sell, at the holder's option, the underlying financial instrument. Accordingly, these transactions result in off-balance-sheet risk, as the Private Funds' satisfaction of the obligations may exceed the amount recognized in the consolidated balance sheets. The Private Funds write put options that may require them to purchase assets from the option holder and generally are net settled in cash at a specified date in the future. At December 31, 2006 and 2005, the maximum payout amounts relating to written put options were \$510.5 million and \$100.0 million, respectively. As of December 31, 2006 and

2005, the carrying amounts of the liability under written put options recorded within securities sold, not yet purchased, at fair value were \$0.

The Private Funds have entered into total return swap contracts that involve an exchange of cash flows based on a commitment to pay a variable rate of interest in exchange for a market-linked return based on a notional amount. The market-linked return may include, among other things, the total return of a security or index.

The Private Funds trade futures contracts. A futures contract is a firm commitment to buy or sell a specified quantity of a standardized amount of a deliverable grade commodity, security, currency or cash at a specified price and specified future date unless the contract is closed before the delivery date. Payments (or variation margin) are made or received by the Private Funds each day, depending on the daily fluctuations in the value of the contract, and the whole value change is recorded as an unrealized gain or loss by the Private Funds. When the contract is closed, the Private Funds record a realized gain or loss equal to the difference between the value of the contract at the time it was opened and the value at the time it was closed.

The Private Funds utilize forward contracts to protect their assets denominated in foreign currencies from losses due to fluctuations in foreign exchange rates. The Private Funds' exposure to credit risk associated with non-performance of forward foreign currency contracts is limited to the unrealized gains inherent in such

contracts, which are recognized in unrealized losses on derivative, futures and foreign currency contracts, at fair value in the consolidated balance sheets.

The Investment Funds and the Offshore Fund are consolidated into our financial statements even though we only have a minority interest in the equity and income of these funds. As a result, our consolidated financial statements reflect the assets, liabilities, revenues, expenses and cash flows of these funds on a gross basis, rather than reflecting only the value of our investments in such funds. As of December 31, 2006, the net asset value of the consolidated Private Funds on our consolidated balance sheet was \$4.0 billion, while the net asset value of our investments in these consolidated funds was approximately \$280.7 million. b. Holding Company and Other Operations

The non-controlling interests in WPI declined due to losses incurred during fiscal 2006, while the noncontrolling interests in Atlantic Coast increased due to income as well as the gain recognized upon the disposition of Atlantic City properties in November 2006. There was no non-controlling interest in NEGI in fiscal 2005 because NEGI had a deficit equity balance.

Senior Unsecured Notes Icahn Enterprises

Senior Unsecured 7.125% Notes Due 2013

On February 7, 2005, Icahn Enterprises issued \$480.0 million aggregate principal amount of 7.125% senior unsecured notes due 2013 (the 7.125% notes), priced at 100% of principal amount. The 7.125% notes were issued pursuant to an indenture dated February 7, 2005 among Icahn Enterprises, as issuer, Icahn Enterprises Finance Corp., (IEF) which was formerly known as American Real Estate Finance Corp., as co-issuer, IEH, as guarantor, and Wilmington Trust Company, as trustee (referred to herein as the 2005 Indenture). Other than IEH, no other subsidiaries guarantee payment on the notes. The notes have a fixed annual interest rate of 7.125%, which will be paid every six months on February 15 and August 15 and will mature on February 15, 2013. See Note 18, Subsequent Events, for a description of additional \$500.0 million aggregate principal amount of 7.125% notes offered in January 2007.

As described below, the 2005 Indenture restricts the ability of Icahn Enterprises and IEH, subject to certain exceptions, to, among other things: incur additional debt; pay dividends or make distributions; repurchase units; create liens and enter into transactions with affiliates.

Senior Unsecured 8.125% Notes Due 2012

On May 12, 2004, Icahn Enterprises and IEF co-issued senior unsecured 8.125% notes due 2012, (the 8.125% notes), in the aggregate principal amount of \$353.0 million. The 8.125% notes were issued pursuant to an indenture, dated as of May 12, 2004, among Icahn Enterprises, IEF, IEH, as guarantor, and Wilmington Trust Company, as trustee. The 8.125% notes were priced at 99.266% of principal amount and

have a fixed annual interest rate of 8.125%, which is paid every six months on June 1 and December 1, since December 1, 2004. The 8.125% notes will mature on June 1, 2012. Other than IEH, no other subsidiaries guarantee payment on the notes.

As described below, the indenture governing the 8.125% notes restricts the ability of Icahn Enterprises and IEH, subject to certain exceptions, to, among other things: incur additional debt; pay dividends or make distributions; repurchase units; create liens and enter into transactions with affiliates.

Senior Unsecured Notes Restrictions and Covenants

The indentures governing the senior unsecured 7.125% and 8.125% notes restrict the payment of cash distributions, the purchase of equity interests or the purchase, redemption, defeasance or acquisition of debt subordinated to the senior unsecured notes. The indentures also restrict the incurrence of debt or the issuance of disqualified stock, as defined, with certain exceptions, provided that Icahn Enterprises may incur debt or issue disqualified stock if, immediately after such incurrence or issuance, the ratio of the aggregate principal amount of all outstanding indebtedness of Icahn Enterprises and its subsidiaries on a consolidated basis to the tangible net worth of Icahn Enterprises and its subsidiaries on a consolidated basis would be less than 1.75 to 1.0. As of December 31, 2006, such ratio was less than 1.75 to 1.0. Based on this ratio, we and IEH could have incurred up to approximately \$1.6 billion of additional indebtedness.

In addition, the indentures governing the senior unsecured notes require that on each quarterly determination date Icahn Enterprises and the guarantor of the notes (currently only IEH) maintain a minimum ratio of cash flow to fixed charges each as defined, of 1.5 to 1.0, for the four consecutive fiscal quarters most recently completed prior to such

quarterly determination date. For the four quarters ended December 31, 2006, the ratio of cash flow to fixed charges was greater than 1.5 to 1.0.

The indentures also require, on each quarterly determination date, that the ratio of total unencumbered assets, as defined, to the principal amount of unsecured indebtedness, as defined, be greater than 1.5 to 1.0 as of the last day of the most recently completed fiscal quarter. As of December 31, 2006, such ratio was in excess of 1.5 to 1.0.

The indentures also restrict the creation of liens, mergers, consolidations and sales of substantially all of Icahn Enterprises' assets, and transactions with affiliates.

As of December 31, 2006, we and Icahn Enterprises were in compliance with each of the covenants contained in the senior unsecured notes. Each of the aforementioned ratios were calculated as of December 31, 2006 without the contemplation of the acquisition of our Investment Management segment. We expect to be in compliance with each of the debt covenants for the period of at least 12 months from December 31, 2006 after taking into account our Investment Management segment.

Senior Secured Revolving Credit Facility Icahn Enterprises

On August 21, 2006, Icahn Enterprises and IEF, as the borrowers, and certain of our subsidiaries, as guarantors, entered into a credit agreement with Bear Stearns Corporate Lending Inc., as administrative agent, and certain other lender parties. Under the credit agreement, Icahn Enterprises is permitted to borrow up to \$150.0 million, including a \$50.0 million sub-limit that may be used for letters of credit. Borrowings under the agreement, which are based on Icahn Enterprises' credit rating, bear interest at LIBOR plus 1.0% to 2.0%. Icahn Enterprises pays an unused line fee of 0.25% to 0.5%. As of December 31, 2006, there were no borrowings under the facility.

Obligations under the credit agreement are guaranteed and secured by liens on substantially all of the assets of certain of our indirect wholly owned holding company subsidiaries. The credit agreement has a term of four years and all amounts are due and payable on August 21, 2010. The credit agreement includes covenants that, among other things, restrict the creation of liens and certain dispositions of property by holding

company subsidiaries that are guarantors. Obligations under the credit agreement are immediately due and payable upon the occurrence of certain events of default.

Senior Secured 7.85% Notes Due 2012 ACEP

In January 2004, ACEP issued senior secured notes due 2012. The notes, in the aggregate principal amount of \$215.0 million, bear interest at the rate of 7.85% per annum, which will be paid every six months, on February 1 and August 1.

The indenture governing the ACEP's 7.85% senior secured notes due 2012 restricts the payment of cash dividends or distributions by ACEP, the purchase of its equity interests, the purchase, redemption, defeasance or acquisition of debt subordinated to ACEP's notes and investments as restricted payments. The indenture also prohibits the incurrence of debt or the issuance of disqualified or preferred stock, as defined, by ACEP, with certain exceptions, provided that ACEP may incur debt or issue disqualified stock if, immediately after such incurrence or issuance, the ratio of consolidated cash flow to fixed charges (each as defined) for the most recently ended four full fiscal quarters for which internal financial statements are available immediately preceding the date on which such additional indebtedness is incurred or disqualified stock or preferred stock is issued would have been at least 2.0 to 1.0, determined on a pro forma basis giving effect to the debt incurrence or issuance. As of December 31, 2006, such ratio was in excess of 2.0 to 1.0. The indenture also restricts the creation of liens, the sale of assets, mergers, consolidations or sales of substantially all of ACEP's assets, the lease or grant of a license, concession, other agreements to occupy, manage or use ACEP's assets, the issuance of capital stock of restricted subsidiaries and certain related party transactions. The indenture governing the ACEP notes allows ACEP and its restricted subsidiaries to incur indebtedness, among other things, of up to \$50.0 million under credit facilities, non-recourse financing of up to \$15.0 million to finance the construction, purchase or lease of personal or real property used in its business, permitted affiliate subordinated indebtedness (as defined), the issuance of additional 7.85% senior secured notes due 2012 in an aggregate principal amount not to exceed 2.0 times net cash proceeds received from equity offerings and permitted affiliate subordinated debt, and additional indebtedness of up to \$10.0 million.

Senior Secured Revolving Credit Facility ACEP

Effective May 9, 2006, ACEP, and certain of ACEP's subsidiaries, as guarantors, entered into an amended and restated credit agreement with Wells Fargo Bank N.A., as syndication agent, Bear Stearns Corporate Lending Inc., as administrative agent, and certain other lender parties. As of December 31, 2006, the interest rate on the outstanding borrowings under the credit facility was 6.85% per annum. The credit agreement amends and restates, and is on substantially the same terms as, a credit agreement entered into as of January 29, 2004. Under the credit agreement, ACEP will be permitted to borrow up to \$60.0 million. Obligations under the credit agreement are secured by liens on substantially all of the assets of ACEP and its subsidiaries. The credit agreement has a term of four years and all amounts will be due and payable on May 10, 2010. As of December 31, 2006, there were \$40.0 million of borrowings under the credit agreement. The borrowings were incurred to finance a portion of the purchase price of the Aquarius.

The credit agreement includes covenants that, among other things, restrict the incurrence of additional indebtedness by ACEP and its subsidiaries, the issuance of disqualified or preferred stock, as defined, the creation of liens by ACEP or its subsidiaries, the sale of assets, mergers, consolidations or sales of substantially all of ACEP's assets, the lease or grant of a license or concession, other agreements to occupy, manage or use ACEP's assets, the issuance of capital stock of restricted subsidiaries and certain related party transactions. The credit agreement also requires that, as of the last date of each fiscal quarter, ACEP's ratio of consolidated first lien debt to consolidated cash flow not be more than 1.0 to 1.0. As of December 31, 2006, such ratio was less than 1.0 to 1.0. As of December 31, 2006, ACEP was in compliance with each of the covenants.

12. Long-Term Debt (continued)

The restrictions imposed by ACEP's senior secured notes and the credit facility likely will limit our receiving payments from the operations of our hotel and gaming properties.

As described in Note 1, on April 22, 2007, AEP entered into an agreement to sell all of the issued and outstanding membership interests of ACEP. Pursuant to the terms of the agreement, AEP is required to cause ACEP to repay from funds provided by AEP the principal, interest, prepayment penalty or premiums due on ACEP's 7.85% senior secured notes due 2012 and ACEP's senior secured credit facility.

Senior Secured Revolving Credit Facility NEG Oil & Gas LLC

On December 22, 2005, NEG Oil & Gas entered into a credit facility, dated as of December 20, 2005, with Citicorp USA, Inc. as administrative agent, Bear Stearns Corporate Lending Inc., as syndication agent, and certain other lender parties.

Under the credit facility, NEG Oil & Gas was permitted to borrow up to \$500.0 million. Borrowings under the revolving credit facility was subject to a borrowing base determination based on the oil and gas properties of NEG Oil & Gas and its subsidiaries and the reserves and production related to those properties. Obligations under the credit facility were secured by liens on all of the assets of NEG Oil & Gas and its wholly owned subsidiaries. The credit facility had a term of five years and all amounts were due and payable on December 20, 2010. Advances under the credit facility would be in the form of either base rate loans or Eurodollar loans, each as defined. At December 31, 2005, the interest rate on the outstanding amount under the credit facility was 6.44%. Commitment fees for the unused credit facility ranged from 0.375% to 0.50% and were payable quarterly.

NEG Oil & Gas used the proceeds of the initial \$300.0 million borrowings to (1) purchase the existing obligations of its indirect subsidiary, NEG Operating, from the lenders under NEG Operating's credit facility with Mizuho Corporate Bank, Ltd., as administrative agent; (2) repay a National Onshore loan borrowed from Icahn Enterprises of approximately \$85.0 million used to purchase properties in the Minden Field; (3) pay a distribution to Icahn Enterprises of \$78.0 million and (4) pay transaction costs.

As discussed above, on November 21, 2006, our indirect wholly owned subsidiary, AREP O & G Holdings LLC, consummated the sale of all of the issued and outstanding membership interests of NEG Oil & Gas LLC to SandRidge, for aggregate consideration consisting of \$1.025 billion in cash, 12,842,000 shares of SandRidge's common stock, valued at \$18 per share on the date closing, and the repayment by SandRidge of the outstanding borrowings under the NEG Oil & Gas \$300.0 million credit facility.

Mortgages Payable

Mortgages payable, all of which are non-recourse to us, are summarized below. The mortgages bear interest at rates between 4.97% and 7.99% and have maturities between September 1, 2008 and July 1, 2016. The following is a summary of mortgages payable (in \$000s):

	December 31,

Total mortgages	\$ 109,289	\$ 81,512
Less mortgages on properties held for sale	(18,174)	(18,104)
	\$ 91,115	\$ 63,408

On June 30, 2006, certain of our indirect subsidiaries engaged in property development and associated resort activities entered into a \$32.5 million loan agreement with Textron Financial Corp. The loan is secured by a mortgage on our New Seabury golf course and resort in Mashpee, Massachusetts. The loan bears interest at the rate of 7.96% per annum and matures in five years with a balloon payment due of \$30.0 million. Annual debt service payments of \$3.0 million are required, which are payable in monthly installment amounts based on a 25-year amortization schedule.

Secured Revolving Credit Agreement WestPoint Home

On June 16, 2006, WestPoint Home, Inc., an indirect wholly owned subsidiary of WPI, entered into a \$250.0 million loan and security agreement with Bank of America, N.A., as administrative agent and lender. On September 18, 2006, The CIT Group/Commercial Services, Inc., General Electric Capital Corporation and Wells Fargo Foothill, LLC were added as lenders under this credit agreement. Under the five-year agreement, borrowings are subject to a monthly borrowing base calculation and include a \$75.0 million sub-limit that may be used for letters of credit. Borrowings under the agreement bear interest, at the election of WestPoint Home, either at the prime rate adjusted by an applicable margin ranging from minus 0.25% to plus 0.50% or LIBOR adjusted by an applicable margin ranging from plus 1.25% to 2.00%. WestPoint Home pays an unused line fee of 0.25% to 0.275%. Obligations under the agreement are secured by WestPoint Home's receivables, inventory and certain machinery and equipment.

The agreement contains covenants including, among others, restrictions on the incurrence of indebtedness, investments, redemption payments, distributions, acquisition of stock, securities or assets of any other entity and capital expenditures. However, WestPoint Home is not precluded from effecting any of these transactions if excess

availability, after giving effect to such transaction, meets a minimum threshold.

As of December 31, 2006, there were no borrowings under the agreement, but there were outstanding letters of credit of approximately \$40.1 million, the majority of which relate to trade obligations.

13. Compensation Arrangements

Investment Management

The Investment Management and GP Entities have entered into agreements with certain of their employees whereby these employees have been granted rights to participate in a portion of the management fees and incentive allocations earned by the Investment Management and GP Entities, net of certain expenses, and subject to various vesting provisions. The vesting period of these rights is generally between two to seven years, and such rights expire at the end of the contractual term of each respective employment agreement. Up to 100% of the amounts earned annually under such rights may be deferred for a period not to exceed ten years from the date of deferral, based on an annual election made by the employee for the upcoming fiscal year's respective management fee and incentive allocation rights. These amounts remain invested in the Private Funds and generally earn the rate of return of these funds, before the effects of any management fees or incentive allocations, which are waived on such deferred amounts.

Accordingly, these rights are accounted for as liabilities in accordance with SFAS No. 123R and remeasured at fair value each reporting period until settlement.

Prior to the adoption of SFAS No. 123R, the Investment Management and GP Entities had accounted for such rights under APB 25, which measured the liability at intrinsic value. The adoption of SFAS No. 123R

13. Compensation Arrangements (continued)

and the remeasurement of all previously outstanding rights did not have any impact on the consolidated financial statements as the intrinsic value of these awards, as further described herein, approximates their fair value.

The fair value of amounts deferred under these rights is determined at the end of each reporting period based, in part, on the (i) fair value of the underlying net assets of the Private Funds, upon which the respective management fees and incentive allocations are based, and (ii) performance of the funds in which the deferred amounts are reinvested. The carrying value of such amounts represents the allocable management fees or incentive fees initially deferred and the appreciation or depreciation on any reinvested deferrals. These amounts approximate fair value because the appreciation or depreciation on the deferrals is based on the fair value of the Private Funds' investments, which are marked-to-market through earnings on a quarterly basis.

The Investment Management and GP Entities recorded compensation expense of \$17.3 million, \$3.3 million and \$0.3 million related to these rights for the fiscal years ended December 31, 2006 and 2005, and for the period from November 1, 2004 (commencement of operations) to December 31, 2004, respectively, which is included in expenses of our Investment Management segment in the consolidated statements of operations. Compensation expense arising from deferral arrangements is recognized in the consolidated financial statements over the vesting period.

Accordingly, unvested balances of deferred management fee and incentive fee income allocations to certain employees are not reflected in the consolidated financial statements. Deferred amounts not yet recognized as compensation expense within the consolidated statements of operations were \$8.0 million, \$3.4 million and \$0.5 million as of December 31, 2006, 2005 and 2004, respectively. That cost is expected to be recognized over a weighted average of 4.1 years. Cash paid to settle rights that had vested and had been withdrawn for the fiscal years ended December 31, 2006 and 2005, and for the period from November 1, 2004 (commencement of operations) to December 31, 2004 was \$6.4 million, \$1.0 million and \$0, respectively.

The liabilities incurred by Icahn Management related to the rights granted to certain employees to participate in a portion of the management fees earned by Icahn Management remained with Icahn Management upon the execution of the Contribution Agreement on August 8, 2007. However, because the employees to which these rights were granted became employees of New Icahn Management on August 8, 2007, New Icahn Management recognizes the future compensation expense associated with the unvested portion of rights granted by Icahn Management, even though such liability will be settled by an affiliated entity.

14. Employee Benefit Plans

Employees of our subsidiaries who are members of various unions are covered by union-sponsored, collectively bargained, multi-employer health and welfare and defined benefit pension plans. Our subsidiaries recorded expenses for such plans of \$14.0 million, \$14.7 million and \$13.3 million for fiscal 2006, fiscal 2005 and fiscal 2004, respectively.

We and certain of our subsidiaries have retirement savings plans under Section 401(k) of the Internal Revenue Code covering our non-union employees. The plans allow employees to defer, within prescribed limits, a portion of their income on a pre-tax basis through contributions to the plans. We currently match the deferrals based upon certain criteria, including levels of participation by our employees. We recorded charges for matching contributions of \$1.2 million for fiscal 2006 and \$0.8 million for each of fiscal 2005 and fiscal 2004, respectively.

15. Segment Reporting

Through the quarter ended June 30, 2006, or the second quarter of fiscal 2006, we maintained the following six reportable segments: (1) Oil and Gas; (2) Gaming; (3) Rental Real Estate; (4) Property Development; (5) Associated Resort Activities and (6) Home Fashion. In November 2006, we divested our Oil and Gas

segment and our Atlantic City gaming properties. On April 22, 2007, we entered into an agreement to sell our Nevada gaming operations, which comprise our remaining gaming operations. As a result, our former Oil and Gas segment and our former Gaming segment are now classified as discontinued operations and thus are not considered reportable segments of our continuing operations, as described in Note 5, Discontinued Operations and Assets Held for Sale.

The three related operating lines of our Real Estate segment are all individually immaterial and have been aggregated for purposes of reporting financial information related to its operations.

We now maintain the following remaining reportable segments: (1) Investment Management; (2) Real Estate and (3) Home Fashion. Our Investment Management segment provides investment advisory and certain management services to the Private Funds, but does not provide such services to any other entities, individuals or accounts. Our Real Estate segment includes rental real estate that primarily consists of fee and leasehold properties in 19 states as of December 31, 2006, property development that is primarily focused on the construction and sale of single-family houses and residential developments and the operation of resort properties associated with our residential developments. Our Home Fashion segment, through our subsidiary, WPI, markets a broad range of manufactured and sourced bed, bath and basic bedding products.

We assess and measure segment operating results based on segment earnings as disclosed below. Segment earnings from operations are not necessarily indicative of cash available to fund cash requirements, nor synonymous with cash flow from operations. As discussed above, the terms of financings for the Home Fashion and Real Estate segments impose restrictions on their ability to transfer funds to us, including restrictions on dividends, distributions, loans and other transactions.

In the table below the Investment Management segment is represented by the first four columns. The first column, entitled Investment Management and GP Entities, represents the results of operations of the Investment Management segment without the impact of eliminations arising from the consolidation of the Private Funds. This includes the gross amount of management fees, incentive allocations and returns on investments in the Private Funds that are attributable to Icahn Enterprises Holdings only. The second column represents the total consolidated income and expenses of the Private Funds for all investors, including Icahn Enterprises Holdings, before eliminations. The third column represents the eliminations required in order to arrive at our consolidated U.S. GAAP reported income for the

segment.

16. Income Taxes (continued)

A reconciliation of the effective tax rate on continuing operations as shown in the consolidated statements of operations to the federal statutory rate is as follows:

	2006		2005		2004	
Federal statutory rate	35.0	%	35.0	%	35.0	%
Valuation allowance	2.8		4.5		0.0	
Income not subject to taxation	(37.8)	(38.9)	(35.0)
Other	0.2		0.2		0.1	
	0.2	%	0.8	%	0.1	%

For the year ended December 31, 2006, the valuation allowance on deferred tax assets increased approximately \$55.8 million. The increase is primarily attributable to a \$81.5 million increase attributable to the additional valuation allowance established on the deferred tax assets of WPI, offset by a \$25.7 million reversal of the valuation allowance at Atlantic Coast.

Former Gaming Segment

SFAS No. 109 requires a more likely than not criterion be applied when evaluating the realizability of a deferred tax asset. As of December 31, 2005, given Atlantic Coast's history of losses for income tax purposes and certain other factors, Atlantic Coast had established a valuation allowance of \$27.7 million on its deferred tax assets. However, at December 31, 2006, based on various factors including the sale of its gaming operations and the future taxable income projections from the reinvestment of the sales proceeds, Atlantic Coast determined that it was more likely than not that a significant portion of the deferred tax assets will be realized and removed \$25.7 million of the valuation allowance.

At December 31, 2006, Atlantic Coast had federal net operating loss carryforwards totaling approximately \$41.7 million, which will begin expiring in the year 2023 and forward. We also had New Jersey net operating loss carryforwards totaling approximately \$0.6 million as of December 31, 2006, which will begin expiring in the year 2012. Additionally, Atlantic Coast had general business credit carryforwards of approximately \$1.4 million which expire in 2009 through 2026, and New Jersey alternative minimum assessment credit carryforwards of approximately \$1.9 million, which can be carried forward indefinitely.

Former Oil and Gas Segment

As of December 31, 2005, NEGI had established a valuation allowance of approximately \$8.8 million due to the uncertainty that it would generate enough future taxable income in order to utilize all of its deferred tax assets. For fiscal 2006, NEGI generated enough taxable income, primarily from the gain on its sale of its interest in NEG Holdings, to utilize all of its net operating loss carryforwards and as of December 31, 2006 has no remaining deferred tax assets. Accordingly, for fiscal 2006, the valuation allowance of \$8.8 million was also reversed.

Investment Management Segment

Icahn Management (and, subsequent to the acquisition of the Partnership Interests on August 8, 2007, New Icahn Management) is subject to a New York City Unincorporated Business Tax (UBT) at a statutory rate of 4% on a portion of its net income. UBT is accounted for under SFAS No. 109, *Accounting for Income Taxes*.

17. Commitments and Contingencies

We are from time to time parties to various legal proceedings arising out of our businesses. We believe however, that other than the proceedings discussed below, there are no proceedings pending or threatened against us which, if determined adversely, would have a material adverse effect on our business, financial condition, results of operations or liquidity.

WPI Litigation

Federal Proceedings

In November and December 2005, the U.S. District Court for the Southern District of New York, or the District Court, rendered a decision in *Contrarian Funds LLC v. WestPoint Stevens, Inc. et al.*, and issued orders reversing certain provisions of the Bankruptcy Court order (the Sale Order), pursuant to which we acquired our ownership of a majority of the common stock of WPI. WPI acquired substantially all of the assets of WestPoint Stevens, Inc. The District Court remanded to the Bankruptcy Court for further proceedings.

On April 13, 2006, the Bankruptcy Court entered a remand order (the Remand Order), which provided, among other things, that all of the shares of common stock and rights to acquire shares of common stock of WPI issued to us and the other first lien lenders or held in escrow pursuant to the Sale Order constituted replacement collateral. The Bankruptcy Court held that the 5,250,000 shares of common stock that we acquired for cash were not included in the replacement collateral. The Bankruptcy Court also held that, in the event of a sale of the collateral, including the sale of the shares we received upon exercise of certain subscription rights (the Exercise Shares), all proceeds would be distributed, pro rata, among all first lien lenders, including us, until the first lien debt was satisfied, in full. The parties filed cross-appeals of the Remand Order.

On October 9, 2007, the District Court entered an Order (the October 9th Order) on the appeal and cross-appeal. The District Court affirmed the Remand Order but held that, as to the Exercise Shares, any sale proceeds would be divided between us and the first lien lenders (including us), generally based upon the ratio of the amount we paid to exercise the rights to the total value of the Exercise Shares on the date they were acquired. We are holders of approximately 39.99% of the outstanding first lien debt and approximately 51.21% of the outstanding second lien debt.

Each of the parties has filed a notice of appeal with the United States Court of Appeals for the Second Circuit. As part of that appeal, the parties have the right to raise issues relating to the District Court's November 2005 Opinion, and the Orders entered thereon, as well as issues relating to the October 9th Order.

Delaware Proceedings

On October 3, 2007, the Court of Chancery of the State of Delaware in and for New Castle County, or the Chancery Court, issued a Limited Status Quo Order (the Order) in Beal Bank, S.S.B., et. al. v. WestPoint International, Inc. et. al., in connection with the complaint filed on January 19, 2007, as amended, by Beal Bank, S.S.B. and certain creditors of WestPoint Stevens, Inc., collectively, the Plaintiffs. The Order required that WPI and subsidiaries seek a further court order, obtain consent, or give notice before engaging in certain actions. On October 15, 2007, the Chancery Court issued a Modified Limited Status Quo Order (the Modified Order), modifying certain provisions of the prior order to permit WPI and its subsidiaries to conduct ordinary course of business activities without further notice, consent, or order, including (i) ordinary course of business sales and purchases provided any particular transaction does not exceed \$20,000,000 and (ii) transfers of excess inventory, unused equipment and/or unused real property to an unrelated third party provided the sale price for any particular real property transaction does not exceed \$30,000,000.

We continue to vigorously defend against all claims asserted in the Federal and Delaware proceedings and believe that we have valid defenses. However, we cannot predict the outcome of these proceedings or the ultimate impact on our investment in WPI and its subsidiaries or the business prospects of WPI and its subsidiaries.

Lear Corporation

Icahn Enterprises was named as a defendant in various actions filed in connection with its proposed merger agreement with Lear Corporation (Lear). The Lear shareholders rejected the merger and the merger

agreement has terminated. See Note 18, Subsequent Events. Icahn Enterprises remains a party to an action filed in the Court of Chancery of the State of Delaware challenging the payment to us of a break-up fee as provided in the merger agreement. We intend to vigorously defend the Delaware action but we cannot predict the outcome of the action.

GBH

On September 29, 2005, GBH filed a voluntary petition for bankruptcy relief under Chapter 11 of the Bankruptcy Code. As a result of this filing, we determined that we no longer control GBH for accounting purposes, and deconsolidated our investment in GBH effective September 30, 2005.

An Official Committee of Unsecured Creditors, or the Committee, of GBH, was formed and, on October 13, 2006, was granted standing by the Bankruptcy Court to commence litigation in the name of GBH against us, ACE, Atlantic Coast and other entities affiliated with Carl C. Icahn, as well as the directors of GBH. The Committee challenged the transaction in July 2004 that, among other things, resulted in the transfer of The Sands to ACE, a wholly owned subsidiary of Atlantic Coast, the exchange by certain holders of GBH's 11% notes for Atlantic Coast 3% senior secured convertible notes due 2008, or the 3% notes, the issuance to the holders of GBH's common stock of warrants allowing the holders to purchase shares of Atlantic Coast common stock and, ultimately, our ownership of approximately 67.6% of the outstanding shares of Atlantic Coast common stock and ownership by GBH of approximately 30.7% of such stock. We also maintained ownership of approximately 77.5% of the outstanding shares of GBH common stock. The Committee originally filed an objection to the allowance of our claims against GBH. The Bankruptcy Court placed the consideration of the Committee's Proposed Plan of Liquidation and Disclosure Statement in abeyance until the resolution of the proposed litigation.

Additionally, on September 2, 2005, Robino Stortini Holdings, LLC (RSH) which claimed to own beneficially 1,652,590 shares of common stock of GBH, filed a complaint in the Court of Chancery of the State of Delaware against GBH and its Board of Directors seeking appointment of a custodian and receiver for GBH and a declaration that the director defendants breached their fiduciary duties.

During the fourth quarter of fiscal 2006, we and other entities affiliated with Mr. Icahn entered into a term sheet with the Committee, GBH and RSH which outlined the resolution of claims relating to the July 2004 transactions. The provisions of the term sheet were incorporated in the Committee's Eighth Modified Chapter 11 Plan of Liquidation of GBH (the Plan). On January 30, 2007, the Bankruptcy Court approved the plan. On February 22, 2007, in accordance with the Plan, we acquired (1) all of the Atlantic Coast common stock owned by GBH for a cash payment of approximately \$52.0 million and in satisfaction of all claims arising under the Loan and Security Agreement, dated as of July 25, 2005, between GBH and us and (2) all of the warrants to acquire Atlantic Coast common stock and the Atlantic Coast common stock owned by RSH for a cash payment of \$3.7 million. As a result, Atlantic Coast is our indirect wholly owned subsidiary. In accordance with the Plan, GBH used the \$52.0 million to pay amounts owed to its creditors, including the holders of GBH's 11% notes and holders of administrative claims and to establish an approximate \$330,000 fund to be distributed *pro rata* to holders of equity interests in GBH other than us and other Icahn affiliates. In addition, we and other Icahn affiliates received releases of all direct and derivative claims that could be asserted by GBH, its creditors and stockholders, including RSH. All issues relating to GBH have now been resolved. See Note 18, Subsequent Events.

Debt Offerings

On January 16, 2007, we issued an additional \$500.0 million aggregate principal amount of 7.125% notes (the additional 7.125% notes and together with the 7.125% notes being referred to herein as the notes), priced at 98.4% of par, or at a discount of 1.6%, pursuant to the 2005 Indenture. See Note 12, Long-Term Debt. The notes have a fixed annual interest rate of 7.125%, which will be paid every six months on February 15 and August 15 and will mature on February 15, 2013. At the time we issued the additional 7.125% notes, we entered into a new registration rights agreement in which we agreed to permit noteholders to exchange the private notes for new notes which will be registered under the Securities Act of 1933, as amended, or the Securities Act. A preliminary registration statement on Form S-4 with respect thereto was filed on June 21, 2007. Pursuant to the registration rights agreement entered into in connection with the issuance of additional 7.125% Notes, the registration statement must be declared effective by the SEC on or before November 13, 2007. Since the registration statement was not declared effective in a timely manner, we are required to pay to the holders of the additional notes liquidated damages in an amount equal to \$0.05 per week per \$1,000 in principal amount of the additional notes for each week or portion thereof that the registration statement has not been declared effective for the first 90-day period following November 13, 2007, with such liquidated damages increasing by an additional \$0.05 per week per \$1,000 in principal amount of the additional notes with respect to each subsequent 90-day period until the registration statement has been declared effective, up to a maximum amount of liquidated damages of \$0.50 per week per \$1,000 in principal amount of the additional notes. All such accrued liquidated damages shall be paid by Icahn Enterprises on each February 15 and August 15 until the

registration statement has been declared effective.

In April 2007, Icahn Enterprises issued an aggregate of \$600.0 million aggregate principle amount of variable rate senior convertible notes due 2013 (or the variable rate notes). The variable rate notes were sold in a private placement pursuant to Section 4(2) of the Securities Act and issued pursuant to an indenture dated as of April 5, 2007, by and among Icahn Enterprises, as issuer, IEF, as co-issuer, and Wilmington Trust

Company, as trustee. The variable rate notes bear interest at a rate of three month LIBOR minus 125 basis points, but no less than 4.0% nor higher than 5.5%, and are convertible into depositary units of Icahn Enterprises at a conversion price of \$132.595 per share, subject to adjustments in certain circumstances. As of September 30, 2007, the interest rate was 4.1%. In the event that Icahn Enterprises declares a cash dividend or similar cash distribution in any calendar quarter with respect to its depositary units in an amount in excess of \$0.10 per depositary unit (as adjusted for splits, reverse splits, and/or stock dividends), the indenture requires that Icahn Enterprises simultaneously makes such distribution to holders of the variable rate notes in accordance with a formula set forth in the indenture.

The variable rate notes have not been and will not be registered under the Securities Act and may not be offered or sold in the United States absent registration or an applicable exemption from the registration requirements of the Securities Act. In connection with the sale of the variable rate notes, Icahn Enterprises and the initial buyers have entered into a registration rights agreement, pursuant to which Icahn Enterprises has agreed to file a shelf registration statement on Form S-3 with respect to resales of depositary units issuable upon conversion of the variable rate notes.

A preliminary registration statement on Form S-3 with respect thereto was filed on June 21, 2007. Pursuant to the registration rights agreement entered into in connection with the issuance of these variable rate notes, the registration statement must be declared effective by the SEC on or before December 31, 2007. Otherwise, Icahn Enterprises shall pay to the holders of the convertible notes \$2.0 million in the aggregate in additional interest for each 30-day period after December 31, 2007 that the registration statement has not been declared effective. All such accrued additional interest shall be paid by Icahn Enterprises on each January, April, July and October 15th until the registration statement has been declared effective.

Investment Management Operations

Subsequent to December 31, 2006, through the date of this report, the Onshore Fund received \$700.0 million in capital contributions from Icahn Enterprises Holdings on which no management fees or incentive allocations are payable.

Subsequent to December 31, 2006, through the date of this report, Offshore Master Fund I received \$791.3 million in subscriptions from Offshore Master Fund I limited partners (including investors in the Offshore Fund), and paid redemptions of \$4.4 million.

Offshore Master Fund II, a Cayman Islands exempted limited partnership, was formed on January 18, 2007. Offshore Master Fund II commenced operations on February 1, 2007. Icahn Fund II Ltd., a Cayman Islands exempted limited liability corporation, invests substantially all of its assets in Offshore Master Fund II. Koala Holding Limited Partnership, a Delaware limited partnership (Koala Holding), is also an investor in Offshore Master Fund II. The Offshore GP is the general partner of Offshore Master Fund II and is responsible for the management and investment decisions of Offshore Master Fund II.

Offshore Master Fund III, a Cayman Islands exempted limited partnership, was formed on March 7, 2007. Offshore Master Fund III commenced operations on April 1, 2007. Terminated Acquisition of Lear

On February 9, 2007, we, through a wholly owned subsidiary, entered into an agreement and plan of merger (as amended on July 9, 2007) (referred to as the merger agreement) pursuant to which we would acquire Lear, a publicly traded company that provides automotive interior systems worldwide, for an aggregate consideration of approximately \$5.2 billion, including the assumption by the surviving entity of certain outstanding indebtedness of Lear and refinancing of Lear's existing term loan and credit facility. The consummation of the transaction was subject to a shareholder vote.

On July 16, 2007, at Lear's 2007 Annual Meeting of Stockholders, the merger did not receive the affirmative vote of the holders of a majority of the outstanding shares of Lear's common stock. As a result, the merger agreement terminated in accordance with its terms. As required by the merger agreement, in connection with the termination, Lear (i) paid to our subsidiary \$12.5 million in cash, (ii) issued to the subsidiary 335,570 shares of Lear's common

stock and (iii) increased from 24% to 27% the share ownership limitation under the limited waiver of Section 203 of the Delaware General Corporation Law (Delaware Law) granted by Lear to us along with affiliates of and funds managed by Carl C. Icahn. In addition, if (1) Lear stockholders enter into a definitive agreement with respect to an Acquisition Proposal, as defined in the merger agreement, within 12 months after the termination of the merger agreement and such transaction is completed and (2) such Acquisition Proposal has received approval, if required by applicable Law (as defined in the merger agreement), by the affirmative vote or consent of the holders of a majority of the outstanding shares of Lear common stock within such 12-month period, Lear will be required to pay to our subsidiary an amount in cash equal to the Superior Fee, as defined in the merger agreement, less \$12.5 million.

In connection with the termination of the merger agreement, the commitment letter, dated as of February 9, 2007, or the commitment letter, by and among our subsidiary, Bank of America, N.A. and Banc of America Securities LLC, also terminated pursuant to its terms. The commitment letter provided for certain credit facilities intended to refinance and replace Lear's existing credit facilities and to fund the transactions contemplated by the merger agreement. See Note 17, Commitments and Contingencies Lear Corporation for a discussion of a pending legal proceeding in challenging the payment of the break-up fee to us in connection with the termination.

Acquisition of PSC Metals, Inc.

On November 5, 2007, we acquired, through a subsidiary, all of the issued and outstanding capital stock of PSC Metals, Inc. (PSC Metals) from Philip Services Corporation (Philip). PSC Metals is engaged in transporting, recycling and processing metals. The consideration for the transaction was \$335 million in cash.

As part of the transaction, our wholly owned subsidiary purchased 100% of the issued and outstanding capital stock of PSC Metals, whereby PSC Metals became our indirect wholly owned subsidiary. Prior to the acquisition, PSC Metals was a co-borrower with Philip and other Philip subsidiaries under a credit agreement, (the Credit Agreement) with UBS Securities LLC, as lead arranger, and had granted a security interest in substantially all of its assets to secure its obligations thereunder. Approximately \$34.6 million of the proceeds from the transaction was paid to release PSC Metals from all claims, guarantees and future obligations under the Credit Agreement. In addition, Philip used a portion of the proceeds to collateralize PSC Metals' letters of credit of approximately \$6.3 million. PSC Metals is currently under negotiations to enter into a \$100 million asset-based borrowing agreement. Subsequent to the consummation of the borrowing agreement, PSC Metals will fund its letters of credit from its borrowing base and funds used to collateralize the letters of credit by Philip will be released.

Mr. Icahn indirectly owns a 95.6% interest and we indirectly own the remaining 4.4% interest in Philip. The transaction was approved by a special committee of independent members of the board of directors of Icahn Enterprises. The special committee was advised by its own legal counsel and independent financial

adviser with respect to the transaction. The special committee received an opinion from its financial adviser as to the fairness to Icahn Enterprises, from a financial point of view, of the consideration paid by Icahn Enterprises.

PSC Metals is considered an entity under common control. On December 5, 2007, Icahn Enterprises filed a current report on Form 8-K to provide supplemental consolidated financial statements including the acquisition of PSC Metals.

Settlement of GBH Bankruptcy Proceedings

On January 30, 2007, the Eighth Modified Chapter 11 Plan of Liquidation of GBH, (the Plan), was approved. On February 22, 2007, in accordance with the Plan, we acquired (1) all of the Atlantic Coast common stock owned by GBH for a cash payment of approximately \$52.0 million and in satisfaction of all claims arising under the Loan and Security Agreement, dated as of July 25, 2005, between GBH and us and (2) all of the warrants to acquire Atlantic Coast common stock and the Atlantic Coast common stock owned by RSH for a cash payment of \$3.7 million. In accordance with the Plan, GBH used the \$52.0 million to pay amounts owed to its creditors, including the holders of GBH's 11% notes and holders of administrative claims and to establish an approximate \$330,000 fund to be distributed pro rata to holders of equity interests in GBH other than us and other Icahn affiliates. In addition, we and other Icahn affiliates received releases of all direct and derivative claims that could be asserted by GBH, its creditors and stockholders, including RSH, and \$50 million of the amount placed in escrow at the closing of the sale of our Atlantic City gaming properties was released to us. We recorded a gain of \$18.5 million in the first quarter of fiscal 2007 in connection with the settlement of these claims. All claims relating to GBH asserted by its creditors and RSH have now been resolved. In the second quarter of fiscal 2007, we and several other investors exercised warrants to purchase shares of common stock of Atlantic Coast, resulting in an increase of the minority interest in Atlantic Coast and a decrease in our ownership to 94.2%.

Atlantic Coast Entertainment Holdings, Inc. Merger

On November 15, 2007, ACE HI Merger Corp. (or Merger Corp), our indirect wholly owned subsidiary and the owner of approximately 94.2% of the outstanding shares of Atlantic Coast common stock, completed a short-form merger transaction, or the Merger, under Section 253 of Delaware Law, pursuant to which Merger Corp merged with and into Atlantic Coast and Atlantic Coast became our wholly-owned subsidiary. Pursuant to the Merger, the holders of Atlantic Coast common stock (other than Merger Corp) are entitled to receive \$21.19 per share in cash in exchange for their shares. Alternatively, by following the procedures set forth under Delaware Law, any of these stockholders who do not wish to accept the \$21.19 per share cash consideration are entitled to receive payment in cash of the fair value of these shares as determined by an appraisal proceeding by the Delaware Court of Chancery.

Merger Corp will mail Notices of Merger and Appraisal Rights, Letters of Transmittal and other documents necessary for the exchange of stock certificates to stockholders within the time provided by Delaware Law. The Notice of Merger and Appraisal Rights will also provide information for stockholders who choose to exercise their appraisal rights under Delaware Law.

On November 16, 2007, Atlantic Coast filed a Form 15 with the SEC, thereby terminating its reporting obligations under the 34 Act, and its status as a public company.

NEGI Liquidation

On November 12, 2007, the board of directors of NEGI determined that it is in the best interests of NEGI's

shareholders to liquidate all of NEGI's assets and approved the dissolution of NEGI and a plan of dissolution and liquidation, or the Plan, subject to required shareholder approval. NEGI will announce the

timing of the shareholder meeting at which approval will be requested and set a record date for the shares entitled to vote at such meeting after the SEC has completed its review of the related proxy materials that NEGI intends to file.

Following shareholder approval of NEGI's dissolution pursuant to the Plan, NEGI expects to carry out an orderly disposition of NEGI's assets and liabilities and then declare a cash distribution to its shareholders. NEGI will then file a Form 15 with the SEC, terminating its reporting obligations under the '34 Act and its status as a public company.

Sale of Common Stock of SandRidge Energy, Inc.

On April 4, 2007, our subsidiaries signed agreements to sell their entire position in the common stock of SandRidge to a consortium of investors in a series of private transactions. The per share selling price was \$18, and total cash consideration received at closing was approximately \$243.2 million.
