PROXY STATEMENT

ANNUAL MEETING OF STOCKHOLDERS ON SEPTEMBER 23, 2008

This Proxy Statement and the accompanying Notice of Annual Meeting of Stockholders and proxy card are furnished to stockholders of Akeena Solar, Inc., a Delaware corporation (“Akeena” or the “Company”), in connection with the solicitation by order of the Board of Directors of the Company of proxies for use at the annual meeting of stockholders (the “Annual Meeting”) to be held on Tuesday, September 23, 2008 at the Company’s corporate offices located at 16005 Los Gatos Blvd., Los Gatos, CA 95032 at 9:30 a.m. local time, and at any adjournment thereof, for the purposes set forth in the accompanying Notice of Annual Meeting of Stockholders. These proxy materials and the accompanying Annual Report on Form 10-KSB for the year ended December 31, 2007, are being mailed on or about September 9, 2008 to stockholders of the Company entitled to vote at the Annual Meeting.

As indicated in the Notice of Annual Meeting of Stockholders, the Annual Meeting has been called to (i) elect four (4) directors to the Board of Directors for the ensuing year, (ii) approve the Third Modification to the 2006 Incentive Stock Plan (“Stock Plan”), which will increase the total number of shares of common stock that Akeena has reserved and has authority to issue under the Stock Plan from 4,000,000 to 5,000,000—we refer to this proposal as the “Third Modification to the 2006 Incentive Stock Plan,” (iii) ratify the Board’s appointment of Burr, Pilger and Mayer LLP as the Company’s independent auditors for the fiscal year ending December 31, 2008, and (iv) consider and act upon such other business as may properly come before the Annual Meeting or any adjournment thereof.

PROXIES AND VOTING RIGHTS

Only stockholders of record at the close of business on September 5, 2008 (the “Record Date”) are entitled to notice of and to vote at the Annual Meeting. The voting securities of the Company issued and outstanding on the Record Date consisted of 28,983,666 shares (the “Shares”) of common stock, par value \$0.001 per share (the “Common Stock”), entitling the holders thereof to one vote per Share. There was no other class of voting securities of the Company outstanding on such date. The presence at the Annual Meeting in person or by proxy of holders of a majority of the Shares entitled to vote is required for a quorum.

The election of directors will be determined based upon the affirmative vote of a plurality of the Shares present at the Annual Meeting. Approval for each of the other proposals being submitted to the stockholders requires the affirmative vote of a majority of the votes cast at the Annual Meeting by the holders of Shares entitled to vote on such proposals. Shares which are voted to abstain on any proposal are counted as votes cast, and therefore have the same effect as a vote against the proposal.

Broker “non-votes” are included for purposes of determining whether a quorum of Shares is present at the Annual Meeting. A broker “non-vote” occurs when a nominee holding Shares for a beneficial owner does not vote on a

particular proposal because the nominee does not have discretionary voting power with respect to that item and has not received instructions from the beneficial owner. Broker “non-votes” are not included in the tabulation of the voting results on the election of directors or on proposals requiring approval of a majority of the votes cast and, therefore, do not have the effect of votes in opposition in such tabulations.

Votes cast by proxy or in person at the Annual Meeting will be tabulated by persons appointed by our Board of Directors to act as Inspectors of Election for the Annual Meeting, as provided by the Company's By-laws. The Inspectors of Election will count the total number of votes cast for approval of each proposal for purposes of determining whether sufficient affirmative votes have been cast.

All proxies delivered pursuant to this solicitation may be revoked by the person executing the same at any time prior to the time they are voted. A proxy may be revoked by notice in writing received at the office of the Company, Attention: In-House Counsel, by execution of a subsequent proxy or by attendance and voting in person at the Annual Meeting. Attendance at the Annual Meeting will not automatically revoke the proxy. If not revoked, the Shares represented by a proxy will be voted at the Annual Meeting or at any adjournment thereof. All proxies will be voted in accordance with the instructions specified thereon. If no specification is indicated on the proxy, the Shares represented thereby will be voted (i) FOR the election of each person nominated for election as a Director, (ii) FOR the approval of the Third Modification to the 2006 Incentive Stock Plan and (iii) FOR ratification of the Board's appointment of Burr, Pilger and Mayer LLP as the Company's independent auditors for the fiscal year ending December 31, 2008, and (iv) at the discretion of the proxy holders on any other matters that may properly come before the Meeting.

All expenses in connection with the solicitation of proxies will be borne by the Company. The Company expects that the solicitation will be made primarily by mail, but regular employees or representatives of the Company may also solicit proxies by telephone, facsimile, e-mail or in person, without additional compensation. The Company will, upon request, reimburse brokerage houses and persons holding Shares in the names of their nominees for their reasonable expenses in sending proxy material to their principals.

Akeena has been in business since February 23, 2001. The company's corporate headquarters are located at 16005 Los Gatos Boulevard, Los Gatos, California 95032. In addition, the Company maintains installation offices at its Los Gatos facility and at Fresno (Clovis), Lake Forest, Bakersfield, Manteca, Santa Rosa, Palm Springs, San Diego and Thousand Oaks (Westlake Village), California offices, as well as at its Fairfield, New Jersey, Milford, Connecticut and Littleton, Colorado offices. The Company's telephone number is (408) 395-7774.

VOTING SECURITIES AND PRINCIPAL HOLDERS

The following table sets forth information concerning ownership of the Company's Shares, as of the Record Date, by (i) each person known by the Company to be the beneficial owner of more than five percent of the outstanding Shares, (ii) each director and nominee for election as a director, (iii) each of the Named Executive Officers listed in the Summary Compensation Table included in this Proxy Statement and (iv) all directors and executive officers of the Company as a group. Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934, as amended (the “Exchange Act”), requires the Company’s executive officers, directors and persons who own more than 10% of the Company’s outstanding common stock to file initial reports of ownership and changes in ownership with the Securities and Exchange Commission. Based solely upon a review of Forms 3, 4 and 5 and amendments thereto furnished to the Company, none of the Company’s directors, officers or beneficial owners of more than 10% of its common stock failed to file on a timely basis any reports required by Section 16(a) of the Exchange Act during the year ended December 31, 2007, except that Barry Cinnamon, Steve Daniel, Jon Witkin, George Lauro, Gary Effren, Jim Curran and Ed Roffman each filed one late Form 4 describing a change in ownership of our securities and George Lauro, Gary Effren and Jon Witkin each filed one late Form 3 providing an initial statement of their beneficial ownership of our securities.

ELECTION OF DIRECTORS (Proposal 1)

The By-Laws of the Company (the “By-Laws”) provide that the Company shall have not less than one nor more than fifteen directors, with the exact number to be fixed by the Board of Directors from time to time. The Board of Directors of the Company presently consists of four members. All four nominees for election at the Annual Meeting are currently directors of the Company, and upon election will serve, subject to the provisions of the By-Laws, until the next annual meeting of stockholders and until such director’s successor is elected and qualified or until such director’s prior death, resignation or removal. Management has no reason to believe that any of the nominees will be unable or unwilling to serve as a director, if elected. Should any nominee not be a candidate at the time of the Annual Meeting (a situation which is not now anticipated), proxies may be voted in favor of the remaining nominees and may also be voted for a substitute nominee selected by the Board of Directors.

The names of the nominees for director are Barry Cinnamon, Ed Roffman, George Lauro and Jon Witkin. See “Directors and Executive Officers” for information regarding each of the nominees for director.

Recommendation of the Board of Directors

THE BOARD OF DIRECTORS OF THE COMPANY RECOMMENDS A VOTE “FOR” THE ABOVE-NAMED NOMINEES FOR ELECTION AS DIRECTORS OF THE COMPANY. The proxy enclosed herewith will be voted FOR the above-named nominees for election as directors of the Company unless the stockholder specifically withholds votes for any or all of the nominees. Pursuant to the By-Laws, directors are elected by a plurality of the votes cast at the Annual Meeting, if a quorum is present. If a quorum is present, each of the four nominees receiving the highest number of votes cast “for” any nominee will be elected. Proxies cannot be voted for more than four nominees. Abstentions, “broker non-votes” and withheld votes will have no effect on the outcome of the vote. The Company’s Certificate of Incorporation does not provide for cumulative voting in the election of directors.

Director Independence and Other Matters

The Board of Directors is presently comprised of Barry Cinnamon, Ed Roffman, George Lauro and Jon Witkin. Of such directors, Ed Roffman, George Lauro and Jon Witkin are each an “independent director” as such term is defined in

Marketplace Rule 4200(a)(15) of the listing standards of the NASDAQ Stock Market. The Company was not a party to any transaction, relationship or other arrangement with any of its “independent directors” that was considered by our Board of Directors under Marketplace Rule 4200(a)(15) in the determination of such director’s independence.

Each member of the Nominating, Compensation and Audit committees of our Board of Directors meets the independence requirements applicable to those committees prescribed by the listing standards of the NASDAQ Stock Market and, for purposes of the Audit Committee, Section 10A of The Securities Exchange Act of 1934, as amended (the “Exchange Act”).

The Company encourages but does not require members of the Board of Directors to attend the annual meetings of the stockholders.

Committees of the Board of Directors and Meetings

The Board of Directors held one meeting in 2007 and acted by unanimous written consent eighteen times. In 2007, the Board of Directors was comprised of Ed Roffman, Barry Cinnamon, George Lauro and Jon Witkin.

The Company has standing Nominating, Audit and Compensation committees of the Board of Directors. These committees were formed on July 18, 2007.

The Nominating Committee. The Nominating Committee is comprised of Messrs. Witkin and Lauro. The Nominating Committee of the Board of Directors performs the functions typical of a nominating committee, including: (i) developing and recommending corporate governance principles and procedures applicable to the Board of Directors and the Company's employees; (ii) recommending committee composition and assignments; (iii) identifying individuals qualified to become directors; (iv) recommending director nominees; (v) recommending whether incumbent directors should be nominated for re-election to the Board of Directors and (vi) reviewing the adequacy of the Nominating Committee charter. The Nominating Committee has established a charter, a current copy of which is available on the investor relations section of our website at www.akeena.net. Because the Nominating Committee was not formed until July 18, 2007, it held no meetings in 2007 but acted by unanimous written consent one time.

The Audit Committee. The Audit Committee is comprised of Messrs. Roffman, Lauro and Witkin. Our Board has designated Mr. Roffman our audit committee financial expert as defined in Item 407(d)(5)(ii) of Regulation S-B. The Audit Committee of the Board of Directors has the authority and responsibility to select, evaluate and, when appropriate, replace the company's independent registered public accounting firm. The Audit Committee monitors the activities of the Company's external auditors, including the audit scope, the external audit fees, auditor independence matters and the extent to which the independent auditors may be retained to perform advisory services. The Audit Committee also reviews the results of the external audit work to assess the adequacy and appropriateness of the Company's financial and accounting controls. The Audit Committee reviews changes in accounting standards that impact the Company's financial statements and discusses with management major events, including legal matters and tax audits, which may have significant financial impact or are the subject of discussions with the independent auditors. In addition, the Audit Committee oversees the Company's internal audit and compliance programs. The Audit Committee has established a charter, a current copy of which is available on the investor relations section of our website at www.akeena.net. The Audit Committee met once in 2007 following its formation on July 18, 2007.

The Compensation Committee. The Compensation Committee is comprised of Messrs. Lauro, Witkin and Roffman. The Compensation Committee administers the Company's Stock Plan, including the review and grant of stock options and restricted stock to officers, directors and other employees under the Stock Plan. The Compensation Committee also reviews and approves various other Company compensation policies and matters, and reviews and approves salaries and other matters relating to compensation of the executive officers of the Company. The Compensation Committee has established a charter, a current copy of which is available on the investor relations section of our website at www.akeena.net. The Board appointed Mr. Roffman to the Compensation Committee by unanimous written consent on January 28, 2008. Because the Compensation Committee was not formed until July 18, 2007, it held no meetings in 2007 but acted by unanimous written consent two times.

The Compensation Committee meets in person, telephonically or otherwise at least twice during each fiscal year for, among other things, the consideration and determination of executive and director compensation. The Compensation Committee may also hold special meetings or act by unanimous written consent as required. The Compensation Committee may request any officer or employee of the Company or the Company's outside counsel to attend a meeting of the Compensation Committee or to meet with any members of, or consultants to, the Compensation Committee;

provided, however, that the Chief Executive Officer may not be present during any discussions or deliberations of the Compensation Committee regarding the Chief Executive Officer's compensation.

The Compensation Committee reviews and approves on an annual basis the corporate goals and objectives with respect to the compensation for the Company's Chief Executive Officer and other executive officers. The Committee evaluates at least once a year the Chief Executive Officer and other executive officers' performance in light of these established goals and objectives and based upon these evaluations shall recommend to the full Board the Chief Executive Officer and other executive officers' annual compensation, including salary, bonus, incentive and equity compensation. In reviewing and recommending the compensation of the Chief Executive Officer and other executive officers, the Committee may consider the compensation awarded to officers of similarly situated companies, the Company's performance, the individuals' performance, compensation given to the Company's officers in past years or any other fact the Committee deems appropriate. The Chief Executive Officer is not be permitted to participate in any discussions or processes concerning his compensation, but may participate in a non-voting capacity in discussions or processes concerning the compensation of other executive officers.

The Compensation Committee develops and periodically assesses the Compensation Committee's compensation policies applicable to the Company's executive officers and directors, including the relationship of corporate performance to executive compensation. The Compensation Committee reviews and recommends to the Board appropriate director compensation programs for service as directors, committee chairs and committee members.

Director Compensation

Members of our Board of Directors who are not executive officers received no cash compensation for their services as directors of the Company in 2007. In addition to reimbursement for reasonable expenses incurred in the performance of their duties as directors, including participation on the Board of Directors and its committees, as of July 18, 2007, the Company compensates its non-employee directors as follows:

- an annual grant of 10,000 shares of restricted stock under the Company's Incentive Stock Plan, which restriction lapses as to approximately 833 shares monthly for twelve months commencing on the date of grant. Directors are entitled to vote such restricted stock in accordance with the terms of the grant; and
- travel and lodging expenses for any activities related to the performance of their duties on the Board of Directors

The following table sets forth certain information concerning compensation earned by the Directors who were not Named Executive Officers during the year ended December 31, 2007.

At December 31, 2006, 20,000 shares of restricted stock were held by Mr. Roffman. Incentive Stock Plan

On August 8, 2006, our board of directors and stockholders adopted the 2006 Incentive Stock Plan (the "Stock Plan"). On December 20, 2006, we amended the Stock Plan to increase the number of shares of common stock reserved for issuance under the Stock Plan from 450,000 shares to 1,000,000 shares. On August 24, 2007 our shareholders approved the Second Modification to the Stock Plan to increase the number of common shares reserved for issuance under the Stock Plan from 1,000,000 to 4,000,000. The purpose of the Stock Plan is to provide an incentive to retain and attract as directors, officers, consultants, advisors and employees of our company, persons with appropriate training, experience and ability, to encourage the sense of proprietorship and to stimulate the active interest of such persons in our development and financial success. Under the Stock Plan, we are authorized to issue incentive stock options intended to qualify under Section 422 of the Code, non-qualified stock options and restricted stock. The Stock Plan is administered by the Compensation Committee of our Board of Directors. As of December 31, 2007, options to purchase an aggregate of 2,065,000 shares of common stock and an aggregate of 1,011,150 shares of restricted common stock have been granted under the Stock Plan, of which restrictions have lapsed on 381,984 shares. As of September 5, 2008, there have been an aggregate of 1,480,597 grants of stock options net of forfeitures, of which 6,664 are exercisable, and an aggregate of 1,400,726 shares of restricted stock have been issued under the Stock Plan, of which restrictions have lapsed on 581,280 shares.

Executive Compensation Philosophy

The Company operates in an extremely competitive and rapidly changing high technology industry. When creating policies and making decisions concerning executive compensation, the Compensation Committee seeks to:

- ensure that the executive team has clear goals and accountability with respect to financial and non-financial corporate performance;
- establish pay opportunities that are competitive based on prevailing practices for the industry, the stage of growth of the Company, and the dynamic and challenging high technology labor markets in which the Company operates;
- independently assess operating results on a regular basis in light of its expected performance; and
- align pay incentives with the long-term interests of our stockholders.

Executive Compensation Program

The Company's executive compensation program has three major components, all of which are intended to attract, retain and motivate highly effective executives:

1. *Base salary* - Base salary for executive officers is set annually by reviewing the competitive pay practices of comparable high technology companies. Local and national compensation data are examined and taken into account, along with the skills and performance of each officer and the needs of the Company.
2. *Cash incentive compensation* - Cash incentive compensation is designed to motivate executives to attain short-term and longer-term corporate, business unit and individual management goals. The actual annual cash bonuses received by an executive depend upon attainment of these specified business goals, together with discretionary analysis of individual contribution. Payment of incentive bonuses for fiscal year 2007 depended upon the achievement of corporate financial goals. In setting goals and measuring performance against those goals, the Compensation Committee considers compensation practices among companies competing for a common employee pool, as well as general economic and market conditions. It is the intention of the Compensation Committee in 2008 to continue this linkage between the achievement of specific financial targets, corporate and individual goals and the payment of incentive cash compensation to the Company's officers and other executives.
3. *Equity-based incentive compensation* - Equity based incentive compensation has been provided to employees and management through the Company's 2006 Incentive Stock Plan. Under the 2006 Incentive Stock Plan, officers and employees are eligible to be granted stock options and shares of restricted stock; grants are made based on competitive market data, as well as their responsibilities and position at the Company. Stock options allow participants to purchase shares of the Company's Common Stock at the market price on the date of the grant, subject to vesting during the participant's employment with the Company. Grants of restricted stock give executive officers and employees a proprietary interest in the Company's success and aligns their interests with the interest of the Company's stockholders. The 2006 Incentive Stock Plan utilizes vesting periods to encourage employees and executives to remain with the Company and to focus on longer-term results.

The Company believes that its executive compensation program falls within the typical range of compensation programs offered by comparable technology companies.

Chief Executive Officer Compensation

In determining compensation of our Chief Executive Officer, Barry Cinnamon, for 2007, the Company reviewed industry surveys of compensation paid to chief executive officers of comparable companies, and evaluated achievement of corporate and individual objectives for the fiscal year. Mr. Cinnamon received \$203,750 in annual base compensation for 2007, and was granted stock options to purchase 313,000 shares of common stock.

Other Executive Compensation

The Company provides certain compensation programs to executives that are also available to our other employees, including pre-tax savings plans and medical/dental/vision benefits. There are no pension programs. The Company does not provide executive perquisites such as club memberships.

APPROVAL OF THE THIRD MODIFICATION TO THE 2006 INCENTIVE STOCK PLAN (Proposal 2)

The 2006 Incentive Stock Plan (the "Stock Plan") was adopted by the Board of Directors on August 8, 2006. On December 20, 2006, and August 24, 2007, we amended the Stock Plan to increase the number of shares of common stock reserved for issuance under the Stock Plan, either as grants of restricted stock or upon exercise of stock options, to Akeena Solar's employees, directors and consultants, from 450,000 shares to 1,000,000 shares, and from 1,000,000 to 4,000,000 shares, respectively. The purpose of the Stock Plan is to provide an incentive to retain and attract talented directors, officers, consultants, advisors and employees to our company, and to encourage the sense of proprietorship and stimulate the active interest of such persons in our development and financial success. Under the Stock Plan, we are authorized to issue incentive stock options intended to qualify under Section 422 of the Internal Revenue Service Code of 1986, as amended (the "Code"), non-qualified stock options and grants of restricted stock. The Stock Plan is administered by the Compensation Committee of our Board of Directors. As of September 5, 2008, there have been an aggregate of 1,480,597 grants of stock options, of which 6,664 are exercisable, and an aggregate of 1,400,726 shares of restricted stock have been issued under the Stock Plan, of which restrictions have lapsed on 581,280 shares.

A summary of the Stock Plan is set forth below, and its full text is available on the investor relations section of our website at www.akeena.net. The following discussion is qualified in its entirety by reference to the Stock Plan.

Administration of the Stock Plan

Our Board of Directors appointed and maintains as administrator of the Stock Plan a Compensation Committee consisting of Independent Directors (as defined by Marketplace Rule 4200(a)(15) of the NASDAQ Stock Market), "Non-Employee Directors" (as defined in Rule 16b-3 of the Securities Exchange Act of 1934, as amended) and "Outside Directors" (as defined in Section 162(m) of the Internal Revenue Code), which serves at the pleasure of the Board of Directors. The Compensation Committee, subject to certain restrictive provisions of the Stock Plan, has full power and authority to designate recipients of options and restricted stock grants and to interpret provisions and supervise the administration of the Stock Plan.

The Board of Directors is authorized to amend, suspend, or terminate the Stock Plan, except that no amendment shall be effective, which, without the approval of the Company's stockholders would: (a) materially increase the number of shares issuable under the Stock Plan; (b) materially increase the benefits accruing to option holders under the Stock Plan; (c) materially modify Stock Plan eligibility requirements; (d) decrease the exercise price of an option to less than 100% of the underlying stock's fair market value on the grant date; (e) extend the term of any option granted under the Stock Plan beyond five years from its date of issuance; or (f) reduce the exercise price of outstanding Options or effect repricing through cancellations and re-grants of new Options.

No Option and no shares of Restricted Stock shall be granted pursuant to the Stock Plan on or after the date that is ten years from the effective date of the Stock Plan, but Options or shares of Restricted Stock theretofore granted may extend beyond that date.

Common Stock Subject to the Stock Plan

The Stock Plan provides that options and restricted stock may be granted with respect to 4,000,000 shares (or, subject to shareholder approval of the Third Modification to the Stock Plan, 5,000,000 shares) of the Company's Common Stock. The shares of Common Stock subject to the Stock Plan consist of unissued shares, treasury shares or previously issued shares held by any subsidiary of the Company. Should any option or grant of restricted stock expire or be canceled prior to its exercise or vesting in full, or should the number of shares of Common Stock to be delivered upon the exercise or vesting in full of an option or grant of restricted stock be reduced for any reason, the shares of Common Stock subject to such option or grant of restricted stock may be subject to future options or grants of restricted stock, except where such reissuance is inconsistent with the provisions of Section 162(m) of the Internal Revenue Code.

Participation

Any director, officer, employee or consultant to the Company or any of its subsidiaries are eligible to receive options or restricted stock under the Stock Plan. However, only employees of the Company or its subsidiaries can receive incentive stock options.

In selecting participants, and in determining the number of shares to be covered by each option or grant of restricted stock awarded to participants, the Compensation Committee may consider any factor it deems relevant, including without limitation, the office or position held by the participant, the participant's relationship to the Company, the participant's degree of responsibility for and contribution to the growth and success of the Company's business, the participant's length of service, promotions and potential.

Option Price

The purchase price of each share of the Company's Common Stock purchasable under an incentive option or a nonqualified option shall be determined by the Compensation Committee at the time that the option is granted, but will be no less than 100% of the Fair Market Value (as defined in the Stock Plan) of the underlying Common Stock. If an incentive stock option is granted to an employee who owns more than 10% of the total combined voting power of all classes of stock of the Company or of any subsidiary, the purchase price per share of Common Stock will be at least 110% of the Fair Market Value per share of Common Stock on the date of grant. The closing price of the Company's Common Stock as reported on the over the counter bulletin board on September 5, 2008 was \$3.90 per share.

Option Term

The term of each option shall be fixed by the Committee, but no option shall be exercisable more than five years after the date such option is granted.

Exercisability

Options are exercisable at such time or times and subject to such terms and conditions as determined by the Compensation Committee at the time of grant. In the absence of any option vesting periods designated by the Committee at the time of grant, options vest and become exercisable as to one-third of the total amount of shares subject to the option on each of the first, second and third anniversaries of the date of grant. In addition, the Stock Plan provides that no options are exercisable until such time as any vesting limitation required by Section 16 of the Exchange Act and related rules, shall be satisfied if such limitation shall be required for continued validity of the exemption provided under Rule 16b-3(d)(3).

In the event of a Change of Control (as defined in the Stock Plan), the Stock Plan provides for complete acceleration of the vesting of outstanding options by the Company and held by the participant at the time of the Change of Control, whether or not vested. Alternatively, in the event of a Change of Control, the Company can elect to pay to the participant an amount in cash per stock option (whether vested or unvested) then held, equal to the difference between the full exercise price of each option and the greater of (i) the average price per share paid in connection with the acquisition of control of the Company or the then fair market value of the non-cash consideration paid for such shares, (ii) the price per share paid in connection with any tender offer for shares of the Company's common stock leading to control, or (iii) the mean between the high and low selling price of such stock on the NASDAQ Stock Market, OTC Bulletin Board or other market on which the Company's common stock is then traded or listed for quotation on the date of the Change of Control.

Options are not transferable and may be exercised solely by the participant during her or his lifetime or after her or his death by the person or persons entitled to such option under her or his will or laws of descent and distribution.

Tax Treatment of Incentive Stock Options

In general, no taxable income for federal income tax purposes will be recognized by an option holder upon receipt or exercise of an incentive stock option, and the Company will not then be entitled to any tax deduction for compensation expense. Assuming that the option holder does not dispose of the option shares before the later of (i) two years after the date of grant or (ii) one year after the exercise of the option, upon any such disposition, the option holder will recognize capital gain equal to the difference between the sale price on disposition and the exercise price.

If, however, the option holder disposes of option shares prior to the expiration of the required holding periods, such option holder will recognize ordinary income for federal income tax purposes in the year of disposition equal to the lesser of (i) the difference between the fair market value of the shares at the date of exercise and the exercise price, or (ii) the difference between the sale price upon disposition and the exercise price. Any additional gain on such disqualifying disposition will be treated as capital gain. In addition, if such a disqualifying disposition is made by the option holder, the Company will be entitled to a deduction equal to the amount of ordinary income recognized by the option holder provided that such amount constitutes an ordinary and reasonable expense of ours.

Tax Treatment of Nonqualified Stock Options

In general, no taxable income will be recognized by an option holder upon receipt of a nonqualified stock option, and the Company will not be entitled to a tax deduction for such grant.

Upon the exercise of a nonqualified stock option, the option holder will generally include in ordinary taxable income, for federal income tax purposes, the excess in value on the date of exercise of the shares acquired pursuant to the nonqualified stock option over the exercise price. Upon a subsequent sale of the shares, the option holder will derive short-term or long-term gain or loss, depending upon the option holder's holding period for the shares, commencing upon the exercise of the option, and upon the subsequent appreciation or depreciation in the value of the shares.

The Company generally will be entitled to a corresponding tax deduction at the time of exercise of the stock option, equal to the amount of ordinary income recognized by the participant.

Withholding of Tax

The Company is permitted to deduct and withhold amounts required to satisfy the Company's withholding tax liabilities with respect to the Company's employees.

Stock Options & Restricted Stock Grants

As of December 31, 2007, the Company had granted stock options to purchase 2,065,000 shares of common stock under the 2006 Incentive Stock Plan to 11 employees, of which no restrictions have lapsed through December 31, 2007. Restricted stock was issued to 108 employees and 15 non-employee service providers, for a total of 1,011,150 shares of restricted stock, of which restrictions have lapsed as to 381,984 shares and represents net of actual forfeitures through December 31, 2007. Generally, these grants of restricted stock are subject to vesting in four equal annual installments from the date of grant or hire. Of these amounts and during fiscal year ended December 31, 2007, no shares of restricted common stock but stock options to purchase 313,000 shares of common stock were granted to our President and Chief Executive Officer, no shares of restricted common stock but stock options to purchase 350,000 shares of common stock were granted to our Chief Financial Officer, 35,000 shares of restricted common stock and stock options to purchase 406,000 shares of common stock were granted to our Chief Operations Officer, 35,000 shares of restricted common stock and stock options to purchase 281,000 shares of common stock were granted to our Executive Vice President of Sales & Marketing, and stock options to purchase 1,350,000 shares of common stock and 70,000 shares of restricted common stock were granted to all executive officers as a group and 64,848 shares of

restricted common stock and stock options to purchase 501,000 shares of common stock were granted to all vice presidents who were not executive officers, as a group.

Restricted stock may be granted under this Stock Plan aside from, or in association with, any other award. A participant shall have no rights to an award of restricted stock unless and until the participant accepts the award, and if the Committee shall deem it desirable, makes payments to the Company of cash, or by check. After acceptance and the issuance of a stock certificate, the participant shall have all the rights of a stockholder with respect to the restricted stock.

The Company shall issue in the participant's name the amount of shares of Common Stock associated with the award of restricted stock; however, unless otherwise provided, the shares shall not be delivered to the participant until such shares are free of any restrictions specified by the Committee at the time of grant. Shares of restricted stock are forfeitable until the terms of the restricted stock grant have been satisfied, and shares of restricted stock may not be transferred until all restrictions have lapsed. Upon a Change of Control, the Committee may accelerate the vesting of outstanding restricted stock, in whole or in part, in its sole discretion.

Tax Treatment of Restricted Stock Grants

Except as discussed below, upon the grant of restricted stock, no income is realized by a participant, and the Company is not allowed a deduction at that time. When the restricted stock vests and is no longer subject to a substantial risk of forfeiture for income tax purposes, the participant realizes taxable ordinary income in an amount equal to the Fair Market Value at the time of vesting of the shares of Restricted Stock which have vested (less the purchase price therefor, if any), and, subject to the limitations of Section 162(m) of the Internal Revenue Code, the Company is entitled to a corresponding deduction at such time.

If a participant makes a timely election under Section 83(b) of the Internal Revenue Code, the participant recognizes taxable ordinary income in an amount equal to the Fair Market Value at the time of grant of the restricted stock (less the purchase price therefor, if any), and, subject to the limitations of Section 162(m) of the Internal Revenue Code, the Company is entitled to a corresponding deduction at such time.

Options and Restricted Stock To Be Granted to Certain Persons

The aggregate numbers of shares of Common Stock subject to options or restricted stock grants that can be issued in the future are subject to discretion of the Compensation Committee and are not determinable.

RATIFICATION OF APPOINTMENT OF INDEPENDENT AUDITORS (Proposal 3)

On December 19, 2006, the Board of Directors retained Burr, Pilger and Mayer LLP (“BPM”), as the Company’s independent registered public accounting firm. Prior to December 19, 2006, Marcum & Kliegman LLP acted as the Company’s independent registered public accounting firm.

Burr, Pilger and Mayer LLP has audited the Company’s financial statements for each of our two most recent fiscal years. The reports of Burr, Pilger and Mayer LLP, on the Company’s financial statements for the fiscal years ended December 31, 2007 and December 31, 2006 did not contain an adverse opinion or disclaimer of opinion, nor was it qualified or modified as to uncertainty, audit scope or accounting principles.

Through December 19, 2006, there were no disagreements with Marcum & Kliegman LLP on any matter of accounting principals or practices, financial statement disclosure or auditing scope or procedure which, if not resolved to the satisfaction of Marcum & Kliegman LLP would have caused Marcum & Kliegman LLP to make reference to the subject matter of the disagreement in connection with its reports.

The Audit Committee selected Burr, Pilger and Mayer LLP to continue in its capacity for the fiscal year ending December 31, 2008. Accordingly, the Company is asking the stockholders to ratify the engagement of Burr, Pilger and Mayer LLP as its independent registered public accounting firm.

Although the engagement of Burr, Pilger and Mayer LLP is not required to be submitted to a vote of the stockholders, the Board of Directors believes that it is appropriate as a matter of policy to request that the stockholders ratify the selection of its independent registered public accounting firm for the fiscal year ending December 31, 2008. If the stockholders fail to ratify the appointment, the Audit Committee of the Board of Directors will consider it as a direction to select other auditors for the subsequent year. Even if the selection is ratified, the Audit Committee, in its discretion, may direct the appointment of a different independent registered public accounting firm at any time during the year if the Audit Committee feels that such a change would be in the best interests of the Company and our stockholders.

A representative of Burr, Pilger and Mayer LLP is expected to be present at the annual meeting, with the opportunity to make a statement if the representative desires to do so, and is expected to be available to respond to appropriate questions.

Should a situation arise that requires approval between meetings, the Audit Committee has delegated authority to its Chairman to authorize such pre-approval and to report on same at the following regularly scheduled meeting. The Audit Committee has the authority to grant pre-approval of audit and non-audit services to one or more designated members of the Audit Committee who are independent directors. Any such delegation shall be presented to the full Audit Committee at its next scheduled meeting.

Approval of this proposal requires the affirmative vote of a majority of the votes cast on the proposal at the Annual Meeting. Broker non-votes will be counted as present for purposes of determining the presence of a quorum but will not have any effect on the outcome of the proposal. Abstentions will have the same effect as a vote against the proposal.

The Board of Directors unanimously recommends a vote “**FOR**” the appointment of Burr, Pilger and Mayer LLP as the Company’s independent auditors for the fiscal year ending December 31, 2008.

The Audit Committee reviewed the audited financial statements of the Company as of and for the year ended December 31, 2007, with management and the independent registered public accounting firm. Management has the responsibility for the preparation of the Company's financial statements and the independent registered public accounting firm has the responsibility for the examination of those statements.

Based on the above-mentioned review and discussions with the independent registered public accounting firm, the Audit Committee recommended that the Company's audited financial statements be included in its Annual Report on Form 10-KSB for the year ended December 31, 2007, as filed with the Securities and Exchange Commission (the "SEC"), on March 19, 2008. AKEENA SOLAR, INC.

2006 INCENTIVE STOCK PLAN

1. Purpose of the Plan

This 2006 Incentive Stock Plan (the "Plan") is intended as an incentive, to retain in the employ of and as directors, officers, consultants, advisors and employees to Akeena Solar, Inc., a Delaware corporation (the "Company"), and any Subsidiary of the Company, within the meaning of Section 424(f) of the United States Internal Revenue Code of 1986, as amended (the "Code"), persons of training, experience and ability, to attract new directors, officers, consultants, advisors and employees whose services are considered valuable, to encourage the sense of proprietorship and to stimulate the active interest of such persons in the development and financial success of the Company and its Subsidiaries.

It is further intended that certain options granted pursuant to the Plan shall constitute incentive stock options within the meaning of Section 422 of the Code (the "Incentive Options") while certain other options granted pursuant to the Plan shall be nonqualified stock options (the "Nonqualified Options"). Incentive Options and Nonqualified Options are hereinafter referred to collectively as "Options."

The Company intends that the Plan meet the requirements of Rule 16b-3 ("Rule 16b-3") promulgated under the Securities Exchange Act of 1934, as amended (the "Exchange Act") and that transactions of the type specified in subparagraphs (c) to (f) inclusive of Rule 16b-3 by officers and directors of the Company pursuant to the Plan will be exempt from the operation of Section 16(b) of the Exchange Act. Further, the Plan is intended to satisfy the performance-based compensation exception to the limitation on the Company's tax deductions imposed by Section 162(m) of the Code with respect to those Options for which qualification for such exception is intended. In all cases, the terms, provisions, conditions and limitations of the Plan shall be construed and interpreted consistent with the Company's intent as stated in this Section 1.

2. Administration of the Plan

The Board of Directors of the Company (the "Board") shall appoint and maintain as administrator of the Plan a Committee (the "Committee") consisting of two or more directors who are "Non-Employee Directors" (as such term is defined in Rule 16b-3) and "Outside Directors" (as such term is defined in Section 162(m) of the Code), which shall serve at the pleasure of the Board. The Committee, subject to Sections 3, 5 and 6 hereof, shall have full power and authority to designate recipients of Options and restricted stock ("Restricted Stock") and to determine the terms and conditions of the respective Option and Restricted Stock agreements (which need not be identical) and to interpret the provisions and supervise the administration of the Plan. The Committee shall have the authority, without limitation, to designate which Options granted under the Plan shall be Incentive Options and which shall be Nonqualified Options. To the extent any Option does not qualify as an Incentive Option, it shall constitute a separate Nonqualified Option.

Subject to the provisions of the Plan, the Committee shall interpret the Plan and all Options and Restricted Stock granted under the Plan, shall make such rules as it deems necessary for the proper administration of the Plan, shall make all other determinations necessary or advisable for the administration of the Plan and shall correct any defects or supply any omission or reconcile any inconsistency in the Plan or in any Options or Restricted Stock granted under the Plan in the manner and to the extent that the Committee deems desirable to carry into effect the Plan or any Options or Restricted Stock. The act or determination of a majority of the Committee shall be the act or determination of the Committee and any decision reduced to writing and signed by all of the members of the Committee shall be fully effective as if it had been made by a majority of the Committee at a meeting duly held for such purpose. Subject to the provisions of the Plan, any action taken or determination made by the Committee pursuant to this and the other Sections of the Plan shall be conclusive on all parties.

In the event that for any reason the Committee is unable to act or if the Committee at the time of any grant, award or other acquisition under the Plan does not consist of two or more Non-Employee Directors, or if there shall be no such Committee, then the Plan shall be administered by the Board, and references herein to the Committee (except in the proviso to this sentence) shall be deemed to be references to the Board, and any such grant, award or other acquisition may be approved or ratified in any other manner contemplated by subparagraph (d) of Rule 16b-3; provided, however, that grants to the Company's Chief Executive Officer or to any of the Company's other four most highly compensated officers that are intended to qualify as performance-based compensation under Section 162(m) of the Code may only be granted by the Committee.

3. Designation of Optionees and Grantees.

The persons eligible for participation in the Plan as recipients of Options (the "Optionees") or Restricted Stock (the "Grantees") and together with Optionees, the "Participants") shall include directors, officers and employees of the Company and consultants, subject to their meeting the eligibility requirements of Rule 701 promulgated under the Securities Act of 1933, as amended (the "Securities Act"), provided that Incentive Options may only be granted to employees of the Company and any Subsidiary. In selecting Participants, and in determining the number of shares to be covered by each Option or shares of Restricted Stock granted to Participants, the Committee may consider any factors it deems relevant, including, without limitation, the office or position held by the Participant or the Participant's relationship to the Company, the Participant's degree of responsibility for and contribution to the growth and success of the Company or any Subsidiary, the Participant's length of service, promotions and potential. A Participant who has been granted an Option or Restricted Stock hereunder may be granted an additional Option or Options, or Restricted Stock if the Committee shall so determine.

4. Stock Reserved for the Plan.

Subject to adjustment as provided in Section 8 hereof, a total of 450,000 shares of the Company's Common Stock, par value \$0.01 per share (the "Stock"), shall be subject to the Plan. The maximum number of shares of Stock that may be subject to Options granted under the Plan to any individual in any calendar year shall not exceed 150,000 shares and the method of counting such shares shall conform to any requirements applicable to performance-based compensation under Section 162(m) of the Code, if qualification as performance-based compensation under Section 162(m) of the Code is intended. The shares of Stock subject to the Plan shall consist of unissued shares, treasury shares or previously issued shares held by any Subsidiary of the Company, and such amount of shares of Stock shall be and is hereby reserved for such purpose. Any of such shares of Stock that may remain unissued and that are not subject to outstanding Options at the termination of the Plan shall cease to be reserved for the purposes of the Plan, but until termination of the Plan the Company shall at all times reserve a sufficient number of shares of Stock to meet the requirements of the Plan. Should any Option or share of Restricted Stock expire or be canceled prior to its exercise or vesting in full or should the number of shares of Stock to be delivered upon the exercise or vesting in full of an Option or share of Restricted Stock be reduced for any reason, the shares of Stock theretofore subject to such Option or share of Restricted Stock may be subject to future Options or shares of Restricted Stock under the Plan, except where such

reissuance is inconsistent with the provisions of Section 162(m) of the Code where qualification as performance-based compensation under Section 162(m) of the Code is intended.

5. Terms and Conditions of Options.

Options granted under the Plan shall be subject to the following conditions and shall contain such additional terms and conditions, not inconsistent with the terms of the Plan, as the Committee shall deem desirable:

(a) Option Price. The purchase price of each share of Stock purchasable under an Incentive Option shall be determined by the Committee at the time of grant, but shall not be less than 100% of the Fair Market Value (as defined below) of such share of Stock on the date the Option is granted; provided, however, that with respect to an Optionee who, at the time such Incentive Option is granted, owns (within the meaning of Section 424(d) of the Code) more than 10% of the total combined voting power of all classes of stock of the Company or of any Subsidiary, the purchase price per share of Stock shall be at least 110% of the Fair Market Value per share of Stock on the date of grant. The purchase price of each share of Stock purchasable under a Nonqualified Option shall not be less than 100% of the Fair Market Value of such share of Stock on the date the Option is granted. The exercise price for each Option shall be subject to adjustment as provided in Section 8 below. "Fair Market Value" means the closing price on the date of grant on the principal securities exchange on which shares of Stock are listed (if the shares of Stock are so listed), or on the NASDAQ Stock Market or OTC Bulletin Board (if the shares of Stock are regularly quoted on the NASDAQ Stock Market or OTC Bulletin Board, as the case may be), or, if not so listed or regularly quoted, the mean between the closing bid and asked prices of publicly traded shares of Stock in the over the counter market, or, if such bid and asked prices shall not be available, as reported by any nationally recognized quotation service selected by the Company, or as determined by the Committee in a manner consistent with the provisions of the Code.

(b) Option Term. The term of each Option shall be fixed by the Committee, but no Option shall be exercisable more than five years after the date such Option is granted and in the case of an Incentive Option granted to an Optionee who, at the time such Incentive Option is granted, owns (within the meaning of Section 424(d) of the Code) more than 10% of the total combined voting power of all classes of stock of the Company or of any Subsidiary, no Such Incentive Option shall be exercisable more than five years after the date such Incentive Option is granted.

(c) Exercisability. Subject to Section 5(j) hereof, Options shall be exercisable at such time or times and subject to such terms and conditions as shall be determined by the Committee at the time of grant; *provided, however*, that in the absence of any Option vesting periods designated by the Committee at the time of grant, Options shall vest and become exercisable as to one-third of the total amount of shares subject to the Option on each of the first, second and third anniversaries of the date of grant; and provided further that no Options shall be exercisable until such time as any vesting limitation required by Section 16 of the Exchange Act, and related rules, shall be satisfied if such limitation shall be required for continued validity of the exemption provided under Rule 16b-3(d)(3).

Notwithstanding any provision in this Plan, in the event there is a Change of Control (as defined below), the Company shall, at no cost to the Participant, replace any and all stock options granted by the Company and held by the Participant at the time of the Change of Control, whether or not vested, with an equal number of unrestricted and fully vested stock options to purchase shares of the Company's Common Stock (the "Option Replacement"). With respect to the Option Replacement, all options will become fully vested. Alternatively, in the event of a Change of Control, in lieu of the Option Replacement, a Participant may, subject to Board approval at the time, elect to surrender the Participant's rights to such options, and upon such surrender, the Company shall pay to the Participant an amount in cash per stock option (whether vested or unvested) then held, which is the difference between the full exercise price of each option surrendered and the greater of (i) the average price per share paid in connection with the acquisition of control of the Company if such control was acquired by the payment of cash or the then fair market value of the consideration paid for such shares if such control was acquired for consideration other than cash, (ii) the price per share paid in connection with any tender offer for shares of the Company's Common Stock leading to control, or (iii) the mean between the high and low selling price of such stock on the NASDAQ Stock Market, OTC Bulletin Board or other market on which the Company's Common Stock is then traded or listed for quotation on the date of the Change of Control.

For purposes of the Plan, a "Change in Control" shall be deemed to have occurred if any of the following occurs:

(i) An acquisition (other than directly from the Company) of any voting securities of the Company (the "Voting Securities") by any "Person" (as the term "person" is used for purposes of Section 13(d) or 14(d) of the Securities Exchange Act of 1934, as amended (the "Exchange Act")), immediately after which such Person has "Beneficial Ownership" (within the meaning of Rule 13d-3 promulgated under the Exchange Act) of more than fifty percent (50%) of (1) the then-outstanding shares of common stock of the Company (or any other securities into which such shares of common stock are changed or for which such shares of common stock are exchanged) (the "Shares") or (2) the combined voting power of the Company's then-outstanding Voting Securities; provided, however, that in determining whether a Change in Control has occurred pursuant to this paragraph (a), the acquisition of Shares or Voting Securities in a "Non-Control Acquisition" (as hereinafter defined) shall not constitute a Change in Control. A "Non-Control Acquisition" shall mean an acquisition by (i) an employee benefit plan (or a trust forming a part thereof) maintained by (A) the Company or (B) any corporation or other Person the majority of the voting power, voting equity securities or equity interest of which is owned, directly or indirectly, by the Company (for purposes of this definition, a "Related Entity"), (ii) the Company or any Related Entity, or (iii) any Person in connection with a "Non-Control Transaction" (as hereinafter defined);

(ii) The consummation of:

(a) A merger, consolidation or reorganization (1) with or into the Company or (2) in which securities of the Company are issued (a "Merger"), unless such Merger is a "Non-Control Transaction." A "Non-Control Transaction" shall mean a Merger in which:

(i) the stockholders of the Company immediately before such Merger own directly or indirectly immediately following such Merger at least fifty percent (50%) of the combined voting power of the outstanding voting securities of (x) the Surviving Corporation, if there is no Parent Corporation or (y) if there is one or more than one Parent Corporation, the ultimate Parent Corporation; and

(ii) no Person other than (1) the Company, (2) any Related Entity, or (3) any employee benefit plan (or any trust forming a part thereof) that, immediately prior to the Merger, was maintained by the Company or any Related Entity, or (4) any Person who, immediately prior to the Merger had Beneficial Ownership of twenty percent (20%) or more of the then outstanding Shares or Voting Securities, has Beneficial Ownership, directly or indirectly, of twenty percent (20%) or more of the combined voting power of the outstanding voting securities or common stock of (x) the Surviving Corporation, if fifty percent (50%) or more of the combined voting power of the then outstanding voting securities of the Surviving Corporation is not Beneficially Owned, directly or indirectly by a Parent Corporation, or (y) if there is one or more than one Parent Corporation, the ultimate Parent Corporation;

(b) A complete liquidation or dissolution of the Company; or

(c) The sale or other disposition of all or substantially all of the assets of the Company and its subsidiaries taken as a whole to any Person (other than (x) a transfer to a Related Entity, (y) a transfer under conditions that would constitute a Non-Control Transaction, with the disposition of assets being regarded as a Merger for this purpose or (z) the distribution to the Company's stockholders of the stock of a Related Entity or any other assets).

Notwithstanding the foregoing, a Change in Control shall not be deemed to occur solely because any Person (the "Subject Person") acquired Beneficial Ownership of more than the permitted amount of the then outstanding Shares or Voting Securities as a result of the acquisition of Shares or Voting Securities by the Company which, by reducing the number of Shares or Voting Securities then outstanding, increases the proportional number of shares Beneficially Owned by the Subject Persons; *provided*, that if a Change in Control would occur (but for the operation of this sentence) as a result of the acquisition of Shares or Voting Securities by the Company and, after such share acquisition by the Company, the Subject Person becomes the Beneficial Owner of any additional Shares or Voting Securities and such Beneficial Ownership increases the percentage of the then outstanding Shares or Voting Securities Beneficially Owned by the Subject Person, then a Change in Control shall occur.

(d) Method of Exercise. Options to the extent then exercisable may be exercised in whole or in part at any time during the option period, by giving written notice to the Company specifying the number of shares of Stock to be purchased, accompanied by payment in full of the purchase price, in cash, or by check or such other instrument as may be acceptable to the Committee. As determined by the Committee, in its sole discretion, at or after grant, payment in full or in part may be made at the election of the Optionee (i) in the form of Stock owned by the Optionee (based on the Fair Market Value of the Stock which is not the subject of any pledge or security interest, (ii) in the form of shares of Stock withheld by the Company from the shares of Stock otherwise to be received with such withheld shares of Stock having a Fair Market Value equal to the exercise price of the Option, or (iii) by a combination of the foregoing, such Fair Market Value determined by applying the principles set forth in Section 5(a), provided that the combined value of all cash and cash equivalents and the Fair Market Value of any shares surrendered to the Company is at least equal to such exercise price and except with respect to (ii) above, such method of payment will not cause a disqualifying disposition of all or a portion of the Stock received upon exercise of an Incentive Option. Notwithstanding the foregoing, an Optionee may not take any actions that are prohibited by the Sarbanes-Oxley Act of 2002 and the rules and regulations promulgated by the Securities and Exchange Commission or any agency thereunder. An Optionee shall have the right to dividends and other rights of a stockholder with respect to shares of Stock purchased upon exercise of an Option at such time as the Optionee (i) has given written notice of exercise and has paid in full for such shares, and (ii) has satisfied such conditions that may be imposed by the Company with respect to the withholding of taxes.

(e) Non-transferability of Options. Options are not transferable and may be exercised solely by the Optionee during his lifetime or after his death by the person or persons entitled thereto under his will or the laws of descent and distribution. The Committee, in its sole discretion, may permit a transfer of a Nonqualified Option to (i) a trust for the benefit of the Optionee, (ii) a member of the Optionee's immediate family (or a trust for his or her benefit) or (iii) pursuant to a domestic relations order. Any attempt to transfer, assign, pledge or otherwise dispose of, or to subject to execution, attachment or similar process, any Option contrary to the provisions hereof shall be void and ineffective and shall give no right to the purported transferee.

(f) Termination by Death. Unless otherwise determined by the Committee, if any Optionee's employment with or service to the Company or any Subsidiary terminates by reason of death, the Option may thereafter be exercised, to the extent then exercisable (or on such accelerated basis as the Committee shall determine at or after grant), by the legal representative of the estate or by the legatee of the Optionee under the will of the Optionee, for a period of one year after the date of such death (or, if later, such time as the Option may be exercised pursuant to Section 14(d) hereof) or until the expiration of the stated term of such Option as provided under the Plan, whichever period is shorter.

(g) Termination by Reason of Disability. Unless otherwise determined by the Committee, if any Optionee's employment with or service to the Company or any Subsidiary terminates by reason of total and permanent disability, any Option held by such Optionee may thereafter be exercised, to the extent it was exercisable at the time of termination due to disability (or on such accelerated basis as the Committee shall determine at or after grant), but may not be exercised after three (3) months after the date of such termination of employment or service (or, if later, such time as the Option may be exercised pursuant to Section 14(d) hereof) or the expiration of the stated term of such Option, whichever period is shorter; provided, however, that, if the Optionee dies within such three (3) month period, any unexercised Option held by such Optionee shall thereafter be exercisable to the extent to which it was exercisable at the time of death for a period of one (1) year after the date of such death (or, if later, such time as the Option may be exercised pursuant to Section 14(d) hereof) or for the stated term of such Option, whichever period is shorter.

(h) Termination by Reason of Retirement. Unless otherwise determined by the Committee, if any Optionee's employment with or service to the Company or any Subsidiary terminates by reason of Normal or Early Retirement (as such terms are defined below), any Option held by such Optionee may thereafter be exercised to the extent it was exercisable at the time of such Retirement (or on such accelerated basis as the Committee shall determine at or after grant), but may not be exercised after three (3) months after the date of such termination of employment or service (or, if later, such time as the Option may be exercised pursuant to Section 14(d) hereof) or the expiration of the stated term of such Option, whichever date is earlier; provided, however, that, if the Optionee dies within such three (3) month period, any unexercised Option held by such Optionee shall thereafter be exercisable, to the extent to which it was exercisable at the time of death, for a period of one (1) year after the date of such death (or, if later, such time as the Option may be exercised pursuant to Section 14(d) hereof) or for the stated term of such Option, whichever period is shorter.

For purposes of this paragraph (h), "Normal Retirement" shall mean retirement from active employment with the Company or any Subsidiary on or after the normal retirement date specified in the applicable Company or Subsidiary pension plan or if no such pension plan, age 65, and "Early Retirement" shall mean retirement from active employment with the Company or any Subsidiary pursuant to the early retirement provisions of the applicable Company or Subsidiary pension plan or if no such pension plan, age 55.

(i) Other Termination. Unless otherwise determined by the Committee upon grant, if any Optionee's employment with or service to the Company or any Subsidiary terminates for any reason other than death, disability or Normal or Early Retirement, the Option shall thereupon terminate, except that the portion of any Option that was exercisable on the date of such termination of employment or service may be exercised for the lesser of thirty (30) days after the date of termination or the balance of such Option's term if the Optionee's employment or service with the Company or any Subsidiary or Affiliate is terminated by the Company or such Subsidiary without cause (the determination as to whether termination was for cause to be made by the Committee). The transfer of an Optionee from the employ of or service to the Company to the employ of or service to a Subsidiary, or vice versa, or from one Subsidiary to another, shall not be deemed to constitute a termination of employment or service for purposes of the Plan.

(j) Limit on Value of Incentive Option. The aggregate Fair Market Value, determined as of the date the Incentive Option is granted, of Stock for which Incentive Options are exercisable for the first time by any Optionee during any calendar year under the Plan (and/or any other stock option plans of the Company or any Subsidiary) shall not exceed \$100,000.

(k) Grants to Foreign Employees. The terms of grants to foreign employees may vary from the terms of this Section 5 provided that the terms shall only be more restrictive than any term in this Section 5.

6. Terms and Conditions of Restricted Stock.

Restricted Stock may be granted under this Plan aside from, or in association with, any other award and shall be subject to the following conditions and shall contain such additional terms and conditions (including provisions relating to the acceleration of vesting of Restricted Stock upon a Change of Control), not inconsistent with the terms of the Plan, as the Committee shall deem desirable:

(a) Grantee rights. A Grantee shall have no rights to an award of Restricted Stock unless and until Grantee accepts the award within the period prescribed by the Committee. After acceptance and issuance of a certificate or certificates, as provided for below, the Grantee shall have the rights of a stockholder with respect to Restricted Stock subject to the non-transferability and forfeiture restrictions described in Section 6(d) below.

(b) Issuance of Certificates. The Company shall issue in the Grantee's name a certificate or certificates for the shares of Common Stock associated with the award promptly after the Grantee accepts such award.

(c) Delivery of Certificates. Unless otherwise provided, any certificate or certificates issued evidencing shares of Restricted Stock shall not be delivered to the Grantee until such shares are free of any restrictions specified by the Committee at the time of grant.

(d) Forfeitability. Non-transferability of Restricted Stock. Shares of Restricted Stock are forfeitable until the terms of the Restricted Stock grant have been satisfied. Shares of Restricted Stock are not transferable until the date on which the Committee has specified such restrictions have lapsed. Unless otherwise provided by the Committee at or after grant, distributions in the form of dividends or otherwise of additional shares or property in respect of shares of Restricted Stock shall be subject to the same restrictions as such shares of Restricted Stock.

(e) Change of Control. Upon the occurrence of a Change in Control as defined in Section 5(c), the Committee may accelerate the vesting of outstanding Restricted Stock, in whole or in part, as determined by the Committee, in its sole discretion.

(f) Termination of Employment. Unless otherwise determined by the Committee at or after grant, in the event the Grantee ceases to be an employee or otherwise associated with the Company for any other reason, all shares of Restricted Stock theretofore awarded to him which are still subject to restrictions shall be forfeited and the Company shall have the right to complete the blank stock power. The Committee may provide (on or after grant) that restrictions or forfeiture conditions relating to shares of Restricted Stock will be waived in whole or in part in the event of termination resulting from specified causes, and the Committee may in other cases waive in whole or in part restrictions or forfeiture conditions relating to Restricted Stock.

7. Term of Plan.

No Option or shares of Restricted Stock shall be granted pursuant to the Plan on or after the date that is ten years from the effective date of the Plan, but Options or shares of Restricted Stock theretofore granted may extend beyond that date.

8. Capital Change of the Company.

In the event of any merger, reorganization, consolidation, recapitalization, stock dividend, or other change in corporate structure affecting the Stock, the Committee shall make an appropriate and equitable adjustment in the number and kind of shares reserved for issuance under the Plan and in the number and option price of shares subject to outstanding Options granted under the Plan, to the end that after such event each Optionee's proportionate interest shall be maintained (to the extent possible) as immediately before the occurrence of such event. The Committee shall, to the extent feasible, make such other adjustments as may be required under the tax laws so that any Incentive Options previously granted shall not be deemed modified within the meaning of Section 424(h) of the Code. Appropriate adjustments shall also be made in the case of outstanding Restricted Stock granted under the Plan.

The adjustments described above will be made only to the extent consistent with continued qualification of the Option under Section 422 of the Code (in the case of an Incentive Option) and Section 409A of the Code.

9. Purchase for Investment Conditions.

Unless the Options and shares covered by the Plan have been registered under the Securities Act, or the Company has determined that such registration is unnecessary, each person exercising or receiving Options or Restricted Stock under the Plan may be required by the Company to give a representation in writing that he is acquiring the securities for his own account for investment and not with a view to, or for sale in connection with, the distribution of any part thereof. The Committee may impose any additional or further restrictions on awards of Options or Restricted Stock as shall be determined by the Committee at the time of award.

10. Taxes.

(a) The Company may make such provisions as it may deem appropriate, consistent with applicable law, in connection with any Options or Restricted Stock granted under the Plan with respect to the withholding of any taxes (including income or employment taxes) or any other tax matters.

(b) If any Grantee, in connection with the acquisition of Restricted Stock, makes the election permitted under Section 83(b) of the Code (that is, an election to include in gross income in the year of transfer the amounts specified in Section 83(b)), such Grantee shall notify the Company of the election with the Internal Revenue Service pursuant to regulations issued under the authority of Code Section 83(b).

(c) If any Grantee shall make any disposition of shares of Stock issued pursuant to the exercise of an Incentive Option under the circumstances described in Section 421(b) of the Code (relating to certain disqualifying dispositions), such Grantee shall notify the Company of such disposition within ten (10) days hereof.

11. Effective Date of Plan.

The Plan shall be effective on August 7, 2006; provided, however, that if, and only if, certain options are intended to qualify as Incentive Stock Options, the Plan must subsequently be approved by majority vote of the Company's stockholders no later than August 7, 2007, and further, that in the event certain Option grants hereunder are intended to qualify as performance-based compensation within the meaning of Section 162(m) of the Code, the requirements as to shareholder approval set forth in Section 162(m) of the Code are satisfied.

12. Amendment and Termination.

The Board may amend, suspend, or terminate the Plan, except that no amendment shall be made that would impair the rights of any Participant under any Option or Restricted Stock theretofore granted without the Participant's consent, and except that no amendment shall be made which, without the approval of the stockholders of the Company would:

(a) materially increase the number of shares that may be issued under the Plan, except as is provided in Section 8;

(b) materially increase the benefits accruing to the Participants under the Plan;

(c) materially modify the requirements as to eligibility for participation in the Plan;

(d) decrease the exercise price of an Incentive Option to less than 100% of the Fair Market Value per share of Stock on the date of grant thereof or the exercise price of a Nonqualified Option to less than 100% of the Fair Market Value per share of Stock on the date of grant thereof;

(e) extend the term of any Option beyond that provided for in Section 5(b); or

(f) except as otherwise provided in Sections 5(c), 5(l) and 8 hereof, reduce the exercise price of outstanding Options or effect repricing through cancellations and re-grants of new Options.

Subject to the forgoing, the Committee may amend the terms of any Option theretofore granted, prospectively or retrospectively, but no such amendment shall impair the rights of any Optionee without the Optionee's consent.

It is the intention of the Board that the Plan comply strictly with the provisions of Section 409A of the Code and Treasury Regulations and other Internal Revenue Service guidance promulgated thereunder (the "Section 409A Rules") and the Committee shall exercise its discretion in granting awards hereunder (and the terms of such awards), accordingly. The Plan and any grant of an award hereunder may be amended from time to time (without, in the case of an award, the consent of the Participant) as may be necessary or appropriate to comply with the Section 409A Rules.

13. **Government Regulations.**

The Plan, and the grant and exercise of Options or Restricted Stock hereunder, and the obligation of the Company to sell and deliver shares under such Options and Restricted Stock shall be subject to all applicable laws, rules and regulations, and to such approvals by any governmental agencies, national securities exchanges and interdealer quotation systems as may be required.

14. **General Provisions.**

(a) Certificates. All certificates for shares of Stock delivered under the Plan shall be subject to such stop transfer orders and other restrictions as the Committee may deem advisable under the rules, regulations and other requirements of the Securities and Exchange Commission, or other securities commission having jurisdiction, any applicable Federal or state securities law, any stock exchange or interdealer quotation system upon which the Stock is then listed or traded and the Committee may cause a legend or legends to be placed on any such certificates to make appropriate reference to such restrictions.

(b) Employment Matters. Neither the adoption of the Plan nor any grant or award under the Plan shall confer upon any Participant who is an employee of the Company or any Subsidiary any right to continued employment or, in the case of a Participant who is a director, continued service as a director, with the Company or a Subsidiary, as the case may be, nor shall it interfere in any way with the right of the Company or any Subsidiary to terminate the employment of any of its employees, the service of any of its directors or the retention of any of its consultants or advisors at any time.

(c) Limitation of Liability. No member of the Committee, or any officer or employee of the Company acting on behalf of the Committee, shall be personally liable for any action, determination or interpretation taken or made in good faith with respect to the Plan, and all members of the Committee and each and any officer or employee of the Company acting on their behalf shall, to the extent permitted by law, be fully indemnified and protected by the Company in respect of any such action, determination or interpretation.

(d) Registration of Stock. Notwithstanding any other provision in the Plan, no Option may be exercised unless and until the Stock to be issued upon the exercise thereof has been registered under the Securities Act of 1933, as amended, and applicable state securities laws, or are, in the opinion of counsel to the Company, exempt from such registration in the United States. The Company shall not be under any obligation to register under applicable federal or state securities laws any Stock to be issued upon the exercise of an Option granted hereunder in order to permit the exercise of an Option and the issuance and sale of the Stock subject to such Option, although the Company may in its sole discretion register such Stock at such time as the Company shall determine. If the Company chooses to comply with such an exemption from registration, the Stock issued under the Plan may, at the direction of the Committee, bear an appropriate restrictive legend restricting the transfer or pledge of the Stock represented thereby, and the Committee may also give appropriate stop transfer instructions with respect to such Stock to the Company's transfer agent.

15. Non-Uniform Determinations.

The Committee's determinations under the Plan, including, without limitation, (i) the determination of the Participants to receive awards, (ii) the form, amount and timing of such awards, (iii) the terms and provisions of such awards and (ii) the agreements evidencing the same, need not be uniform and may be made by it selectively among Participants who receive, or who are eligible to receive, awards under the Plan, whether or not such Participants are similarly situated.

16. Governing Law.

The validity, construction, and effect of the Plan and any rules and regulations relating to the Plan shall be determined in accordance with the internal laws of the State of Delaware, without giving effect to principles of conflicts of laws, and applicable federal law.
