(the “Company”) for use at the 2018 Annual Meeting of Stockholders (the “Meeting” or the “Annual Meeting of Stockholders”) of the Company to be held at 9:00 a.m. Mountain Standard Time on May 9, 2018 at the Hassayampa Inn, 122 East Gurley Street, Prescott, Arizona 86301 or at any adjournment or postponement thereof for the purposes set forth in the accompanying Notice of Annual Meeting of Stockholders. This Proxy Statement has been posted and is available on the Securities and Exchange Commission’s (the “SEC”) website at www.sec.gov and the Company’s website at www.ruger.com. In addition, registered stockholders may view or request the proxy materials at www.envisionreports.com/RGR or by calling 1-866-641-4276, and may vote their proxy at www.envisionreports.com/RGR or by calling 1-800-652-8683. Stockholders who hold their shares through a brokerage account may view or request the proxy materials at www.proxyvote.com or by calling 1-800-579-1639, and may vote their proxy at www.proxyvote.com or by calling 1-800-454-8683. Please review the proxy materials before voting your shares.

The mailing address of the principal executive office of the Company is One Lacey Place, Southport, Connecticut 06890.

In accordance with rules established by the SEC that allow companies to furnish their proxy materials over the Internet, on March 27, 2018, we are mailing a Notice of Internet Availability of Proxy Materials instead of a paper copy of our Proxy Statement and Annual Report on Form 10-K to our stockholders who have not specified that they wish to receive paper copies of our proxy materials. The Notice of Availability of Proxy Materials also contains instructions on how to request a paper copy of our proxy materials, including our Proxy Statement, Annual Report on Form 10-K and a form of proxy card. We believe this process will allow us to provide our stockholders with the information they need in a more timely, environmentally friendly and cost-effective manner. All expenses in connection with the solicitation of these proxies, which are estimated to be \$100,000, will be borne by the Company. We encourage our stockholders to contact the Company’s transfer agent, Computershare Investor Services, LLC, or their stockbrokers to sign up for electronic delivery of proxy materials in order to reduce printing, mailing and environmental costs.

If your proxy is signed and returned, it will be voted in accordance with its terms. However, a stockholder of record may revoke his or her proxy before it is exercised by: (i) giving written notice to the Company's Secretary at the Company's address indicated above, (ii) duly executing a subsequent proxy relating to the same shares and delivering it to the Company's Secretary at or before the Meeting or (iii) attending the Meeting and voting in person (although attendance at the Meeting will not, in and of itself, constitute revocation of a proxy).

The Company's Annual Report on Form 10-K for the year ended December 31, 2017, including financial statements, is enclosed herewith and has been posted and is available on the SEC's website at www.sec.gov and the Company's website at www.ruger.com.

Only holders of shares of Common Stock, \$1.00 par value, of the Company (the "Common Stock") of record at the close of business on March 15, 2018 will be entitled to vote at the Meeting. Each holder of record of the issued and outstanding shares of Common Stock is entitled to one vote per share. As of March 15, 2018, 17,444,901 shares of Common Stock were issued and outstanding and there were no outstanding shares of any other class of stock. The stockholders holding a majority of the issued and outstanding Common Stock, either present in person or represented by proxy, will constitute a quorum for the transaction of business at the Meeting.

Table of Contents

In accordance with the Company's By-Laws and applicable law, with respect to Proposal No. 1, the election of Directors will be determined by a plurality of the votes cast by the holders of shares present in person or by proxy at the Meeting and entitled to vote. Consequently, the nine nominees who receive the greatest number of votes cast for election as Directors will be elected. Shares present, which are properly withheld as to voting with respect to any one or more nominees, and shares present with respect to which a broker indicates that it does not have authority to vote ("broker non-votes"), will be counted as being present at the Meeting only with respect to Proposal Nos. 2-4. These shares will not be counted as voting on the election of Directors, with the result that such abstentions and broker non-votes will have no effect as votes on the election of Directors. With respect to Proposal Nos. 2, 3 and 4, the affirmative vote of shares representing a majority of the shares present and entitled to vote is required to ratify the appointment of RSM US LLP as the Company's independent auditors for the 2018 fiscal year, to approve the advisory vote on executive compensation, and to approve the shareholder proposal. This also applies to any other matters properly presented at the Meeting. Shares which are voted to abstain on these matters and broker non-votes will be considered present at the Meeting but will not be counted as voting for these matters, with the result that abstention and broker non-votes will have the same effect as votes against the proposal.

The Board of Directors recommends a vote “**FOR**” each of the nominees named above.

the board of directors and its committees

The Board of Directors is committed to good business practice, transparency in financial reporting and the highest level of corporate governance. To that end, the Board of Directors and its Committees continually review the Company’s governance policies and practices as they relate to the practices of other public companies, specialists in corporate governance, the rules and regulations of the SEC, Delaware law (the state in which the Company is incorporated) and the listing standards of the New York Stock Exchange (“NYSE”).

Corporate Board Governance Guidelines and Code of Business Conduct and Ethics

The Company's corporate governance practices are embodied in the Corporate Board Governance Guidelines. In addition, the Company has adopted a Code of Business Conduct and Ethics which governs the obligation of all employees, executive officers and Directors of the Company to conform their business conduct to be in compliance with all applicable laws and regulations, among other things. Copies of the Corporate Board Governance Guidelines and Code of Business Conduct and Ethics are posted on the Company's website at www.ruger.com and are available in print to any stockholder who requests them by contacting the Corporate Secretary as set forth in "STOCKHOLDER AND INTERESTED PARTY COMMUNICATIONS WITH THE BOARD OF DIRECTORS" below.

Political Contributions Policy

In February 2014, the Board of Directors established a Political Contributions Policy providing for the disclosure of political contributions, if any, as defined in the Political Contributions Policy, in excess of \$50,000 in the aggregate. A copy of the Political Contributions Policy is posted on the Company's website at www.ruger.com.

The Board's Role in Risk Oversight

The Board's role in the oversight of risk management includes receiving regular reports from the Risk Oversight Committee and senior management in areas of material risk to the Company, including operational, financial, legal and regulatory, strategic, reputational and industry-related risks. The Risk Oversight Committee and the full Board review and discuss these reports with the goal of overseeing the identification and management of, and the development of mitigation strategies for these risks.

Independent, Non-Management Directors

More than a majority of the current Directors are "independent" under the rules of the NYSE. The Board has affirmatively determined that none of Messrs. Cosentino, Jacobi, O'Connor, Rosenthal, Widman, and Whitaker or Ms. Froman, has or had a material relationship with the Company or any affiliate of the Company, either directly or indirectly, as a partner, shareholder or officer of an organization (including a charitable organization) that has a relationship with the Company, and are therefore "independent" for such purposes under the rules of the NYSE, including Rule 303A thereof.

The Company contracts with the National Rifle Association ("NRA") for some of its promotional and advertising activities. Ms. Froman serves on the Board of Directors of the NRA.

The independent, non-management members of the Board meet regularly in executive sessions and each such meeting is led by the independent, non-executive Chairman of the Board, or in his absence, the Lead Vice Chairman (the independent, non-management Vice Chairman) and Lead Director. C. Michael Jacobi has served as the non-executive Chairman of the Board since April 28, 2010, and John A. Cosentino, Jr. served as the sole Vice Chairman from April 28, 2010 through May 9, 2017, as the sole Lead Vice Chairman since May 9, 2017 and as the Lead Director since April 24, 2007.

Board Leadership Structure

On April 24, 2007, the By-Laws were amended to require the Chairman of the Board to be an independent, non-management Director who would preside at all meetings of the Board, including meetings of the independent, non-management Directors in executive session, which would generally occur as part of each regularly scheduled Board meeting. The separation of Chairman and Chief Executive Officer duties recognizes the difference in the two roles: the Chairman of the Board leads the Board of Directors as it provides guidance to and oversight of the CEO, while the CEO is responsible for setting the strategic direction for the Company and the day-to-day leadership and performance of the Company. The April 24, 2007 By-Laws amendment also provided that an independent, non-management Lead Director would be named to preside at stockholder, Board and executive session meetings and to act as an intermediary between the non-management Directors and management of the Company when special circumstances exist or communication out of the ordinary course is necessary, such as the absence or disability of the non-executive Chairman of the Board. On April 28, 2010, the Board amended the By-Laws to create the position of Vice-Chairman, who assumes the duties of Lead Director as outlined above. On May 8, 2017, the By-Laws were amended to permit a second Vice Chairman, who does not need to be independent. Michael O. Fifer has served in that role since May 9, 2017.

Each Director attended at least 75% of the meetings of the Board and of the Committees on which he or she served that were held during his or her 2017 tenure. In addition, all members of the Board attended the 2017 Annual Meeting of Stockholders. It is the policy of the Company that attendance at all meetings of the Board, all Committee meetings, and the Annual Meeting of Stockholders is expected, unless a Director has previously been excused by the Chairman of the Board for good cause. Committee memberships and the number of meetings of the full Board and its Committees held during the fiscal year 2017 are set forth in the table below. When feasible and appropriate, it is the practice of the Board to hold its regular Committee meetings in conjunction with the regular meetings of the Board of Directors.

A copy of each Committee’s charter is posted on the Company’s website at www.ruger.com, and is available in print to any stockholder who requests it by contacting the Corporate Secretary as set forth in “STOCKHOLDER AND INTERESTED PARTY COMMUNICATIONS WITH THE BOARD OF DIRECTORS” below.

Report of the Audit Committee*

Management has the primary responsibility for the financial statements and the reporting process including the systems of internal controls. In fulfilling its oversight responsibilities, the Audit Committee reviewed and discussed the audited financial statements in the Annual Report with management, including a discussion of the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments, and the clarity of disclosures in the audited financial statements.

RSM US LLP is the independent registered public accounting firm appointed by the Company, and ratified by the Company's stockholders on May 9, 2017, to serve as the Company's independent auditors for the 2017 fiscal year. The Audit Committee reviewed with the independent auditors, who are responsible for expressing an opinion on the conformity of those audited financial statements with accounting principles generally accepted in the United States, their judgments as to the quality, not just the acceptability, of the Company's accounting principles and such other matters as are required to be discussed with the Audit Committee by PCAOB Auditing Standard 16 (Communications with Audit Committees). In addition, the Audit Committee has discussed with the independent auditors the auditors' independence from management and the Company, and has received the written disclosures and the letter from the independent auditors as required by PCAOB Ethics and Independence Rule 3526, "*Communication with Audit Committees Concerning Independence*" and RSM US LLP's report regarding its internal controls as required by NYSE Rule 303A.07. The Audit Committee also has considered whether RSM US LLP's provision of non-audit services to the Company is compatible with maintaining its independence from the Company.

The Audit Committee discussed with the independent auditors the overall scope and plans for their audit. The Audit Committee met with the independent auditors, with and without management present, to discuss the results of their examinations, their evaluations of the Company's internal controls, and the overall quality of the Company's financial reporting. The Audit Committee held five meetings during fiscal year 2017.

In reliance on the reviews and discussions referred to above, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in the Annual Report on Form 10-K for the year ended December 31, 2017 for filing with the Securities and Exchange Commission.

The Audit Committee's responsibility is to monitor and oversee the audit and financial reporting processes. However, the members of the Audit Committee are not practicing certified public accountants or professional auditors and rely, without independent verification, on the information provided to them and on the representations made by management, and the report issued by RSM US LLP.

Nominating and Corporate Governance Committee

In 2017, the members of the Nominating and Corporate Governance Committee of the Board were John A. Cosentino, Jr., Sandra S. Froman, Amir P. Rosenthal and Terrence G. O'Connor. Mr. Cosentino serves as Chairman of the Nominating and Corporate Governance Committee.

The Nominating and Corporate Governance Committee is responsible to the Board for identifying, vetting and nominating potential Directors and establishing, maintaining and supervising the corporate governance program. Some of these responsibilities are discussed in more detail below.

The Nominating and Corporate Governance Committee held one meeting during 2017. All members of the Committee attended such meeting.

As required under its charter, the Nominating and Corporate Governance Committee has adopted criteria for the selection of new Directors, including, among other things, career specialization, technical skills, strength of character, independent thought, practical wisdom, mature judgment and cultural, gender and ethnic diversity. The Committee considers it important for Directors to have experience serving as a chief executive or financial officer (or another, similar position) in finance, audit, manufacturing, advertising, military or government, and to have knowledge and familiarity of firearms and the firearms industry. The Committee will also consider any such qualifications as required by law or applicable rule or regulation, and will consider questions of independence and conflicts of interest. In addition, the following characteristics and abilities, as excerpted from the Company's Corporate Board Governance Guidelines, will be important considerations of the Nominating and Corporate Governance Committee:

- Personal and professional ethics, strength of character, integrity and values;

- Success in dealing with complex problems or having excelled in a position of leadership;

- Sufficient education, experience, intelligence, independence, fairness, ability to reason, practicality, wisdom and vision to exercise sound and mature judgment;

- Stature and capability to represent the Company before the public and the stockholders;

- The personality, confidence and independence to undertake full and frank discussion of the Company's business assumptions;

- Willingness to learn the business of the Company, to understand all Company policies and to make themselves aware of the Company's finances;

- Willingness at all times to execute their independent business judgment in the conduct of all Company matters;

- Diversity of skills, attributes and experience which augment the composition of the Board in execution of its oversight responsibilities to the benefit to the Company; and

Cultural, gender and ethnic diversity.

The charter also grants the Nominating and Corporate Governance Committee the responsibility to identify and meet individuals believed to be qualified to serve on the Board and recommend that the Board select candidates for directorships. The Nominating and Corporate Governance Committee's process for identifying and evaluating nominees for Director, as set forth in the charter, includes inquiries into the backgrounds and qualifications of candidates. These inquiries include studies by the Nominating and Corporate Governance Committee and may also include the retention of a professional search firm to be used to assist it in identifying or evaluating candidates.

Table of Contents

The Nominating and Corporate Governance Committee has a written policy which states that it will consider Director candidates recommended by stockholders. There is no difference in the manner in which the Nominating and Corporate Governance Committee will evaluate nominees recommended by stockholders and the manner in which it evaluates candidates recommended by other sources. Shareholder recommendations for the nomination of directors should set forth (a) as to each proposed nominee, (i) their name, age, business address and, if known, residence address, (ii) their principal occupation or employment, (iii) the number of shares of stock of the Company which are beneficially owned by each such nominee and (iv) any other information concerning the nominee that must be disclosed as to nominees in proxy solicitations pursuant to Regulation 14A under the Securities Exchange Act of 1934, as amended (including such person's written consent to be named as a nominee and to serve as a Director of the Company if elected); (b) as to the shareholder giving the notice, (i) their name and address, as they appear on the Company's books, (ii) the number of shares of the Company which are beneficially owned by such shareholder and (iii) a representation that such shareholder is a holder of record of stock of the Company entitled to vote at such meeting and intends to appear in person or by proxy at the meeting to propose such nomination; and (c) as to the beneficial owner, if any, on whose behalf the nomination is made, (i) the name and address of such person and (ii) the class and number of shares of the Company which are beneficially owned by such person. The Company may require any proposed nominee to furnish such other information as it may reasonably need to determine the eligibility of a proposed nominee to serve as a Director of the Company, including a statement of the qualifications of the candidate and at least three business references. All recommendations for nomination of Directors should be sent to the Corporate Secretary, Sturm, Ruger & Company, Inc., 1 Lacey Place, Southport, CT 06890. The Corporate Secretary will accept such recommendations and forward them to the Chairman of the Nominating and Corporate Governance Committee. In order to be considered for inclusion by the Nominating and Corporate Governance Committee as a candidate at the Company's next Annual Meeting of Stockholders, stockholder recommendations for Director candidates must be received by the Company in writing delivered or mailed by first class United States mail, postage prepaid, no earlier than January 9, 2019 (120 days prior to the first anniversary of this year's Annual Meeting of Stockholders) and no later than February 8, 2019 (90 days prior to the first anniversary of this year's Annual Meeting of Stockholders).

Directors' and Executive Officers' Beneficial Equity Ownership

The Board has established a minimum equity ownership requirement for independent, non-management Directors of five times their annual base cash retainer to be achieved within five years of the date of adoption or the date of a Director's election. As Directors are expected to hold a meaningful ownership position in the Company, a significant portion of overall Director compensation is intended to be in the form of Company equity. This has been partially achieved through options granted to the non-management Directors under the 2001 Stock Option Plan for Non-Employee Directors or the 2007 Stock Incentive Plan and through the annual deferred equity awards made to the Directors under the 2007 Stock Incentive Plan and the 2017 Stock Incentive Plan. The Board has also established a minimum equity ownership requirement for the Company's Chief Executive Officer of three times his base salary, and for the Company's other Named Executive Officers of two times their respective base salaries, to be achieved within five years of their appointment. The current amounts of Common Stock beneficially owned by each Director and Named Executive Officer may be found in the "BENEFICIAL OWNERSHIP OF DIRECTORS AND MANAGEMENT TABLE" below.

PROPOSAL No. 3 – ADVISORY VOTE ON COMPENSATION OF NAMED EXECUTIVE OFFICERS

The Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010, or the Dodd-Frank Act, and Section 14A of the Exchange Act, enables stockholders to vote to approve, on an advisory (nonbinding) basis, the compensation of the Company’s executive officers as disclosed in this Proxy Statement in accordance with applicable SEC rules. This vote, commonly known as a “say-on-pay” vote, provides stockholders with the opportunity to express their views on our executive officers’ compensation. The vote is not intended to address any specific item of our executive compensation, but rather the overall compensation of the Company’s executive officers and the philosophy, policies and practices described in this Proxy Statement.

As described in the section of this Proxy Statement entitled “Compensation Discussion and Analysis,” our executive compensation program is designed to attract, retain, and motivate talented individuals with the executive experience and leadership skills necessary for us to increase stockholder value by driving long-term growth in revenue and profitability. We seek to provide executive compensation that is competitive with companies that are similar to the Company. We also seek to provide near-term and long-term financial incentives that reward well-performing executives when strategic corporate objectives designed to increase long-term stockholder value are achieved. We believe that executive compensation should include base salary, cash incentives and equity awards. We also believe that our executive officers’ base salaries should be set at competitive levels relative to comparable companies, and cash and equity incentives should generally be set at levels that give executives the opportunity to achieve above-average total compensation reflecting above-average Company performance. In particular, our executive compensation philosophy is to promote long-term value creation for our shareholders by rewarding improvement in selected financial metrics, and by using equity incentives. Please see our “Compensation Discussion and Analysis” and related compensation tables for detailed information about our executive compensation programs, including information about the fiscal 2017 compensation of our Named Executive Officers.

Text of Resolution:

“RESOLVED, that the compensation of the Named Executive Officers as disclosed in the Compensation Discussion and Analysis approved by the Compensation Committee of the Board and included in the Corporation’s 2018 Proxy Statement be submitted to a nonbinding advisory vote of the stockholders of the Corporation (the “Say on Pay Vote”) at the 2018 Annual Meeting of Stockholders.”

The say-on-pay vote is advisory, and, therefore, not binding on the Company, the Board of Directors or the Compensation Committee of the Board of Directors. Our Board of Directors and Compensation Committee value the opinions of our stockholders and to the extent there is any significant vote against the executive officer compensation as disclosed in this Proxy Statement, we will consider our stockholders' concerns and the Compensation Committee will evaluate whether any actions are necessary to address those concerns. The Company held a say-on-pay vote in connection with the 2017 Annual Meeting of Stockholders and currently intends to hold a say-on-pay vote on an annual basis hereafter.

Board of Directors Recommendation

The Board of Directors recommends a vote **“FOR”** approval of the compensation policies and practice employed by the Compensation Committee, as described in the Compensation Discussion and Analysis and the tabular disclosure regarding the Named Executive Officer compensation in this Proxy Statement.

PROPOSAL No. 4 – SHAREHOLDER PROPOSAL

The Sisters of the Holy Names of Jesus and Mary of Marylhurst, Oregon (hereinafter referred to as the “Proponent”), which owns the requisite share of Common Stock for such purposes, has notified the Company that they intend to present the following proposal at the Annual Meeting. Identical proposals were received from other Company stockholders after the Proponent. The proposal, as submitted, reads as follows:

“Gun Safety

2018 – Sturm, Ruger & Company, Inc.

RESOLVED: Shareholders request the Board of Directors issue a report by February 8, 2019, at reasonable expense and excluding proprietary information, on the company's activities related to gun safety measures and the mitigation of harm associated with gun products, including the following:

- Evidence of monitoring of violent events associated with products produced by the company.
- Efforts underway to research and produce safer guns and gun products.
- Assessment of the corporate reputational and financial risks related to gun violence in the U.S.

SUPPORTING STATEMENT:

Gun violence is a public health crisis with extraordinary human and financial costs. Given our commitment to safety and responsibility, it is imperative that we assess all options for decreasing the societal impact of gun violence and mitigate financial and reputational risks for the company.

The Gun Violence Archive's recent research found gun homicides up 12% and gun injuries up 50% year-after-year from 2014 – 2017.

A recent Harvard and Northeastern University Study approximated 265 million guns in the U.S. with a population of only 242 million adults – more than one gun per adult. It further found that 55 million Americans own guns and 3% of the population own half the total number of guns in the country, averaging 17 per super owner.

The New England Journal of Medicine published research demonstrating that living in a home with guns increased the risk of homicide by 40 to 170% and the risk of suicide by 90 to 460%.

An estimated 1.69 million children live in a home with firearms according to research published in the Journal of Pediatrics. Research in the Archives of Pediatric and Adolescent Medicine found 29% of parents with children 12 years or younger, and 42% of parents with children ages 13 to 17 have unlocked firearms in the home.

Despite being a contentious issue, a recent Quinnipiac Poll shows public support for sensible gun policy at all-time high. Background checks are now favored by 95% of the population likely to vote. Survey participants also supported: A ban on sales of assault weapons (65%); a ban on sales of guns to people convicted of a violent crime (91%); banning gun modifications that convert weapons to fully automatic capabilities (74%); and stricter regulations on ammunition sales (62%).

While efforts to bring smart guns to the U.S. have been unsuccessful to date, the technology exists and there is reason to believe they could significantly reduce accidental shootings and suicides. Additionally, a recent study in the American Journal of Public Health found that almost 60% of Americans would be willing to buy a smart gun when considering a purchase.

According to the Violence Policy Center, since 1987 Sturm Ruger & Co., Inc. products have been used in 7 mass shootings, responsible for killing 60 people and wounding 70 more. Evidence shows that the American public, in ever greater numbers, is demanding safer guns and responsible firearm manufacturers.

We urge shareholders to vote for this proposal.

The Company will provide information to stockholders regarding the address and number of shares of Common Stock held by the Proponent promptly upon receipt of an oral or written request for such information.

Board of Directors Recommendation

The Board of Directors recommends a vote “AGAINST” the above proposal. The Company of course does not condone violence involving the misuse of firearms, but we believe that the intentional criminal misuse of firearms is beyond our control. Similarly, the constitutional right of firearms ownership carries with it certain responsibilities and the Company has long advocated the safe and responsible ownership and use of firearms. Our motto, “Arms Makers for Responsible Citizens,” exemplifies our corporate culture and is demonstrated by the manner in which the Company conducts itself and its business. As described more fully below, we believe that the overall objectives of the proposal are already being met.

The Company utilizes a two-tier distribution model. The Company sells only to independent, federally licensed distributors of firearms. Our Sales Policy requires the independent, federally licensed distributors of our products to sell only to federally licensed firearms retailers having a regular place of business with scheduled business hours on premises where such business use is permitted by law, and where products are displayed to the shooting public. As these retailers must have a Federal Firearms License (“FFL”), they are obligated to perform all required background checks and, of course, may not sell to prohibited persons. Thus, before a new Ruger firearm can legally reach an end consumer, three, federally regulated transactions are required.

We pride ourselves on being innovative, and many of our innovations relate to safety. Ruger was the first Company to invent a way to incorporate a transfer bar into a Colt-type, single-action revolver, and we received patents as a result. Since then, we have received numerous other, safety-related patents and have incorporated an array of safety features into our firearms for customers who desire them.

Despite assertions to the contrary, effective “smart gun” technology does not exist; those devices advanced thus far have proven unreliable, easily defeated, or both. Fundamentally, the advocated purpose of so-called “smart guns” is to prevent unauthorized access to firearms. In fact, the Company has been shipping locks with its pistols and revolvers since 1987 – for 30 years. We began shipping cable locking devices with rifles and shotguns in 1999 and have continuously shipped all new firearms with locking devices since then. Our locks have been submitted to an independent test laboratory and passed the California protocol, among others. The instruction manuals accompanying our firearms describe how to properly apply the locking devices and remind owners of their responsibility to store firearms safely and responsibly. These devices, if properly used, can help prevent unauthorized access without the complexities and drawbacks of “smart guns.”

Like many companies, we receive proposals from well-meaning stockholders. Many are commendable, and their objectives often are aligned with our values. As evidenced by our track record of safety innovation, we believe that firearms safety is a laudable and appropriate goal. However, we also believe that adequate safety practices and procedures are available. Similarly, existing laws, if properly enforced, are sufficient to address the “public health crisis” of gun violence which, first and foremost, is a law enforcement issue.

COMPENSATION DISCUSSION AND ANALYSIS

How Did the Company Perform in 2017 and How Did We Compensate our Executives?

2017 was a challenging year for the firearms industry. The Company's sales decreased 21% and earnings per share decreased 37%. The decline in business was largely attributable to:

- Decreased overall consumer demand in 2017 due to stronger-than-normal demand during most of 2016, likely bolstered by the political campaigns for the November 2016 elections,
- Reduced purchasing by retailers in an effort to reduce their inventories and generate cash,
- Aggressive price discounting and lucrative consumer rebates offered by many of our competitors, and
- Excess industry manufacturing capacity, which exacerbated the above factors.

Despite the difficult environment, in 2017 the Company was able to:

- Generate \$101 million of cash from operations and end the year with a cash balance of \$63 million.

Return \$89 million to its shareholders through the repurchase of 1.3 million shares of our common stock in the open market at an average price of \$49.10 per share, for a total of \$65 million, and the payment of \$24 million of dividends.

Based on the 2017 performance, the Compensation Committee made the following compensation determinations with respect to the 2017 compensation for our Named Executive Officers:

- Authorized the achievement of our performance-based non-equity incentive at 31.7% of target for all eligible non-officer employees;
- Authorized a discretionary bonus of 31.7% of target for the Company officers;
- Authorized a Company-wide profit-sharing pool equal to 15% of the adjusted operating profit after full accrual of the profit sharing and bonuses; and

The Compensation Committee determined that the performance criteria for the 2017, 2016, 2015 and 2014 annual performance-based equity awards were not achieved.

Our Committee believes that these actions related to incentive compensation illustrate the alignment of our pay and performance for 2017. In light of the Company's financial accomplishments and our pay-for-performance philosophy, the Compensation Committee recommends that our shareholders vote **"FOR"** this year's resolution to approve the Named Executive Officer ("NEO") compensation as described in this Proxy Statement.

What are the Company's Philosophy and Objectives Regarding Compensation?

The Company's executive compensation program is designed to align and reward both corporate and individual performance in an environment that reflects commitment, responsibility and adherence to the highest standards of ethics and integrity. Recognition of both individual contributions as well as overall business results permits an ongoing evaluation of the relationship between the size and scope of the Company's operations, its performance and its executive compensation.

As a result of the Company's equity and non-equity incentive plan awards, more than one half of the Named Executive Officers' target compensation for 2018 is considered "at risk" and linked directly to corporate performance.

How Does the Company Determine the Amount/Formula for Each Element?

Generally, each element of compensation, including base salaries and performance-based bonus and equity incentive opportunities, is evaluated independently and as a whole to determine whether it is competitive and reasonable within the market, as further described below. Each component of the target compensation for each of the Named Executive Officers is recommended by the Compensation Committee to the Board after:

Evaluating each executive's current responsibilities and the scope and performance of the operations under their management;

Reviewing their individual experience and performance; and

Table of Contents

Evaluating the balance of equity and non-equity compensation for each executive with the goal of fairly rewarding individual and group performance results.

The Compensation Committee also periodically evaluates components of each Named Executive Officer's target compensation using benchmarking studies, as reported in the Company's proxy statements for prior fiscal years. The Compensation Committee did not retain a compensation consultant to prepare benchmarking studies for the 2017 fiscal year.

As a result of these analyses, the Compensation Committee concluded that the total compensation of its executives fell within the parameters set by the Compensation Committee for relating executive compensation to Company performance.

How are Salaries Determined?

Salaries for executive officers are determined by considering the following factors without applying any specific formula to determine the weight of each factor:

- current responsibilities of the officer's position, the scope and performance of the operations under their management;
- the experience and performance of the individual;
- market rates for compensation of new executives being recruited to the Company and by comparing those salaries to recruiting offers made to the Company's executives by competitors; and
- historical salaries paid by the Company to officers having certain duties and responsibilities.

The Compensation Committee has historically followed a policy of using performance-based incentive bonus awards in addition to base salary to reward outstanding performance. Base salaries are not typically adjusted each year.

How are Profit Sharing and Bonuses Determined?

Profit Sharing

The Company offers profit sharing to all of its employees. The amount of profit sharing is formula-based and is determined by the operating results of the Company. All employees participate in it pro-rata based on their actual base salary or hourly wage compensation. The amount of earnings that is paid quarterly as profit sharing is authorized by the Board of Directors, and is typically 15% of Adjusted Operating Profit (“AOP”) after accrual for all bonuses and profit sharing. AOP is a non-GAAP measure of operating profit adjusted to eliminate the impact of LIFO income or expense, overhead and direct labor rate changes, excess and obsolete inventory reserve changes and other income or expenses that we believe are related to longer periods of time, such as product recalls.

Based upon our 2017 AOP results of \$77.7 million, our Named Executive Officers received the following profit-sharing:

Name	2017 Profit Sharing
Michael O. Fifer	\$54,189
Christopher J. Killoy	\$63,910
Thomas A. Dineen	\$44,134
Mark T. Lang	\$43,127
Thomas P. Sullivan	\$44,134
Shawn C. Leska	\$34,502

Annual Performance-Based Non-equity Incentive (the annual Cash Bonus)

The Company offers an annual performance-based non-equity incentive award (i.e., the cash bonus) to all but its most junior grade of employees. The amounts of the performance-based incentive award are based on a target compensation value for each individual and are authorized by the Board of Directors.

In February 2017, the Board of Directors established target (100%) achievement of the bonus at Income Before Income Tax (EBIT) of \$118.0 million. The Board of Directors believed achieving this level of EBIT in 2017 would be a challenging goal. The 2017 actual achievement percentage was adjusted up or down from 100% achievement by 1% for every \$590,000 of EBIT above or below \$118.0 million. There is no minimum or maximum payout limit for the annual performance-based non-equity incentive.

Our actual EBIT in 2017 was \$77.6 million or 66% of the goal, which was below the minimum threshold of 80% of the target EBIT for executive officers. As such, there were no performance-based non-equity awards granted in 2017 to the Named Executive Officers. The table below provides the 2017 target and actual performance-based incentive

results for each of our Named Executive Officers.

(b) See “Directors’ Fees and Other Compensation,” above, for a summary of Mr. Killoy’s compensation structure following his appointment as the Chief Executive Officer on May 9, 2017.

The Board of Directors authorized a discretionary bonus equal to 31.7% of base salary for each of the Named Executive Officers for 2017 in recognition of the achievement of \$77.6 million of EBIT and certain other operating milestones in spite of the extremely adverse market conditions.

Beginning in 2018, the performance criteria for the Named Executive Officers and certain senior managers will also include the achievement of individual non-financial objectives.

How are Equity Compensation Awards Determined?

Equity compensation is a significant component of the Company’s overall compensation philosophy and is built on the principles that it should seek to align participants’ actions and behaviors with stockholders’ interests, be market-competitive, and be able to attract, motivate and retain the best employees and Directors.

The annual performance-based equity award opportunity is subject to a performance-based vesting trigger and a three-year time-based vesting trigger, both of which need to be satisfied.

The amounts of the annual performance-based equity awards are based on a target compensation value for each Named Executive Officer and are authorized by the Board of Directors. The number of restricted stock units (“RSUs”) awarded are determined by taking the target for the equity compensation and dividing by the mean of high and low stock price on the effective date of the award. The table below shows the 2017 target equity incentive awards for each Named Executive Officer.

2017 Target Performance-Based Equity Award

In response to shareholder feedback and to more closely align the Company’s compensation practices with broader market practices, the Compensation Committee made changes to the performance-based equity program in 2017 and will employ similar performance-based criteria in 2018. In 2018 we will measure the Company’s relative total shareholder return performance compared to the Russell 2000 index and the Russell 3000 Leisure Sub Sector index. Performance will be measured over a 3-year period, focused on a 1-year, 2-year and 3-year return as compared to the index. Each period will be weighted, such that the 3-year return will be the most heavily weighted. During the 2017 fiscal year, the Company’s relative total shareholder return performance, notwithstanding the remaining two years of performance, resulted in no payout.

Table of Contents

For each of the 1, 2 and 3-year periods, we define performance and resulting payout as follows:

Performance	Resulting Payout (as a % of Target)
49 th Percentile or Lower	No payout
50 th percentile – 7 th percentile	25%
75 th percentile – 9 th percentile	100%
95 th percentile or greater	200%

In addition, the achievement of a target rate of return on net assets will also be a criterion, consisting of three 1-year calculations, each year having weighting.

Clawback Policy

In 2014, the Board of Directors instituted an Executive Compensation Clawback Policy whereby the performance-based compensation of the Company's executive officers is subject to clawback provisions in the event of fraud or intentional illegal conduct which requires the restatement of the Company's financial results. A copy of this policy is posted on the Company's website at www.ruger.com.

What are the Company's Health, Welfare and Retirement Benefits?

The Company offers the same health, welfare and retirement benefits to all salaried employees. These benefits include medical benefits, dental benefits, vision benefits, life insurance, salary continuation for short-term disability, long-term disability insurance, accidental death and dismemberment insurance, 401(k) plan and other similar benefits. Because these benefits are offered to a broad class of employees, the cost is not required by SEC rules to be included in the "SUMMARY COMPENSATION TABLE" below.

Additionally, officers are covered under the Company's business travel accident insurance policy for ten times their base salary up to a maximum of \$5,000,000 while traveling at any time. Officers are also covered under the Company's director and officer liability insurance policies for claims alleged in connection with their service.

Does the Company Provide Perquisites?

The Company believes in limited perquisites for its Directors and executive officers and does not include common perquisites such as company cars or club memberships. Authorized perquisites include discounts on Company products, which are available to all Company employees and Directors. Additionally, the Company has a Relocation Policy covering all employees based on their grade level that provides various levels of temporary living and relocation expense reimbursements, payment of related taxes, and the use of Company vehicles for business travel. Temporary living and relocation reimbursements and related tax payments for the Named Executive Officers are disclosed in the "SUMMARY COMPENSATION TABLE" below.

How is the Chief Executive Officer's Performance Evaluated and Compensation Determined?

The Nominating and Corporate Governance Committee, the Compensation Committees and the Board as a whole annually evaluate the performance and review the compensation of the Chief Executive Officer utilizing a variety of criteria. The job objectives established for the Chief Executive Officer are:

To promote and require the highest ethical conduct by all Company employees and demonstrate personal integrity consistent with the Company's Corporate Governance Guidelines.

- To establish, articulate and support the vision for the Company that will serve as a guide for expansion.

- To align physical, human, financial and organizational resources with strategies.

To communicate strategies and alignment in a clear manner so that every employee understands their personal role in the Company's success.

To establish a succession planning process in order to select, coordinate, evaluate and promote the best management team.

To keep the Board informed on strategic and business issues.

Evaluation of the Chief Executive Officer's performance with regard to these job objectives is rated on the following business skills and performance achievement:

Leadership: his ability to lead the Company with a sense of direction and purpose that is well understood, widely supported, consistently applied and effectively implemented.

Strategic Planning: his development of a long-term strategy, establishment of objectives to meet the expectations of stockholders, customers, employees and all Company stakeholders, consistent and timely progress toward strategic objectives and obtainment and allocation of resources consistent with strategic objectives.

Financial Goals and Systems: his establishment of appropriate and longer-term financial objectives and ability to consistently achieve these goals and ensure that appropriate systems are maintained to protect assets and control operations.

Table of Contents

Financial Results: his ability to meet or exceed the financial expectations of stockholders, including improvement in operating revenue, cash flow, net income, earnings per share and share price.

Succession Planning: his development, recruitment, retention, motivation and supervision of an effective senior management team capable of achieving objectives.

Human Resources: his development of effective recruitment, training, retention and personnel communication plans and programs to provide and motivate the necessary human resources to achieve objectives.

Communication: his ability to serve as the Company's chief spokesperson and communicate effectively with stockholders and all stakeholders.

Industry Relations: his ensuring that the Company and its operating units contribute appropriately to the well-being of their communities and industries, and representation of the Company in community and industry affairs.

Board Relations: his ability to work closely with the Board to keep it fully informed on all important aspects of the status and development of the Company, his implementation of Board policies, and his recommendation of policies for Board consideration.

The Chief Executive Officer's compensation levels are determined after performance evaluations based on published and commissioned compensation studies, the Chief Executive Officer's demonstrated abilities and contributions to the success of the Company, and the overall results of Company operations.

The Board of Directors may periodically increase Mr. Killoy's compensation based on analyses of competitive compensation as discussed above.

What are the Company's Governance Practices Regarding Compensation?

Stockholders: The 2017 Stock Incentive Plan was approved by the stockholders at the Company's 2017 Annual Meeting. The Company does not have any stock plans that are not stockholder-approved.

Board and Compensation Committee and Nominating and Corporate Governance Committee: The Compensation Committee and the Board determine the compensation of the Company's executive officers, including the individuals whose compensation is detailed in this Proxy Statement. The Compensation Committee, which is composed entirely of independent, non-management Directors, establishes and administers compensation programs and philosophies. The Compensation Committee ensures that stockholder-approved plans are administered in accordance with good governance practices and stockholder intent. The Compensation Committee is responsible for the recommendation of salaries, bonuses and long-term incentive compensation paid to executive officers, bonus pools for non-executive employees, retirement formulas for executive officers, deferred compensation plans, and any employment and change-in-control agreements. In addition, the performance of each executive officer is evaluated by the Nominating and Corporate Governance Committee and reported to the full Board. The full Board reviews the Compensation Committee and Nominating and Corporate Governance Committee reports and acts on recommendations of the Compensation Committee.

Management:

The Chief Executive Officer's views regarding the performance and recommended compensation levels for the Company's executive officers are discussed with all of the independent, non-management Directors.

What are the Company's Governance Practices Regarding Stock Awards?

The Board has established the following practices and policies regarding stock awards:

The Company's policy for setting the timing of equity grants does not allow executives to have any role in choosing the price of their equity awards;

The Company has never "back dated" or re-priced equity awards, and each of the 2007 Stock Incentive Plan and the 2017 Stock Incentive Plan states that re-pricing of options or other stock awards is not allowed;

The Company began utilizing restricted stock units, rather than stock options, for all employee equity awards effective in 2009;

Equity awards for employees are issued only on the fourth business day following the public quarterly filing of the Company's Forms 10-K or 10-Q in order to allow the investment markets adequate time to assimilate the current financial information, and will be valued at the mean between the highest and lowest sales prices of the Company's common stock on the NYSE on the date of issue; and

Annual performance-based equity awards for executive officers and certain employees are generally approved at the first Board meeting of each year and are issued on the fourth business day following the public filing of the Company's Form 10-K.

The Compensation Committee and the Board consider recommendations from the Chief Executive Officer in establishing appropriate equity awards for officers and employees. All equity awards for the Named Executive Officers have been and will continue to be subject to the approval of the Compensation Committee and ratification by the full Board. The Company's Corporate Secretary is responsible for issuing equity awards upon their approval and maintaining records of all equity awards issued, exercised or terminated in accordance with the terms of the 2007 Stock Incentive Plan and the 2017 Stock Incentive Plan.

How does the Compensation Committee Utilize Independent Consultants?

Periodically, as provided for in the Compensation Committee Charter, the Compensation Committee retains an independent compensation consultant. The Committee determines the work to be performed by the consultant and has the ultimate authority to retain and terminate the consultant. The consultant works with management to gather data required in preparing analyses for Committee review.

How does the Company Evaluate its Compensation Program Risks?

The Compensation Committee evaluates risk deriving from compensation programs, and does not believe that our compensation program is reasonably likely to have a material adverse effect on the Company for the following reasons:

Executive compensation is structured to consist of both fixed compensation, which provides a steady income stream regardless of stock price performance, and variable incentive compensation, which is designed to reward both short-term and long-term corporate performance and shareholder returns. Fixed, base-salary compensation is both market-competitive and sufficient to make risk-taking to achieve a living wage unnecessary. Short-term cash incentive compensation is awarded based on achievement of operating profit goals, while significant weighting toward long-term equity incentive compensation based on multi-year operating performance and total shareholder return targets discourages short-term risk-taking;

The variable elements of cash compensation are contingent upon the achievement of pre-determined profitability goals, and the variable elements of equity compensation are contingent upon, among other things, the performance of the Company's total shareholder returns compared to the performance of total shareholder returns for the Russell 2000 index and the Russell 3000 Leisure Sub Sector index over multi-year periods. Due to the nature of the Company's business, there is minimal subjectivity in the financial results on which this compensation is based;

Performance goals are applicable Company-wide to our executives and employees alike to encourage consistent behavior throughout the organization;

Approval of the Board of Directors is required prior to the payment of any incentive compensation;

Table of Contents

Equity ownership guidelines of three times base salary for the CEO and two times base salary for the other NEOs
·discourage excessive risk taking by providing an incentive for executives to consider the Company's long-term interests, since a portion of their personal investment portfolio consists of Company stock; and
The Company has internal controls over the measurement and calculation of performance goals, and all employees
·are required to receive annual compliance training under our Corporate Governance Guidelines, which cover, among other things, accuracy of books and records.

CHIEF EXECUTIVE OFFICER PAY RATIO

As required by the Dodd-Frank Wall Street Reform and Consumer Protection Act and Item 402(u) of Regulation S-K, we are providing the following information about the relationship of the annual total compensation of our median employee and the annual total compensation of our Chief Executive Officer. To determine the median employee, the Company considered the 2017 W-2 earnings for all 1,690 of its employees as of December 31, 2017. No adjustments were made to the W-2 earnings and no estimates were used in this determination. The annual total compensation of the median employee and Mr. Killoy were determined in accordance with paragraph (c)(2)(x) of Item 402 of Regulation S-K. The median employee's annual total compensation for 2017 was \$42,500. Mr. Killoy's annual total compensation for purposes of this calculation in 2017 was \$1,747,900. The ratio of Mr. Killoy's total compensation in 2017 to the median annual total compensation in 2017 for all employees excluding Mr. Killoy was 41.1 to 1.

The Company had two Chief Executive Officers in 2017. Christopher Killoy's annual total compensation was used for purposes of determining the foregoing pay ratio because he was serving as the Chief Executive Officer as of December 31, 2017. For purposes of determining the foregoing pay ratio, Mr. Killoy's 2017 annual total compensation was annualized, in accordance with the instructions to Item 402(u) of Regulation S-K. The annualization of Mr. Killoy's compensation for purposes of determining the foregoing pay ratio accounts for the difference between Mr. Killoy's annual total compensation used in the pay ratio disclosure and the 2017 annual total compensation amount reflected in the Summary Compensation Table for Mr. Killoy.

Notes to Grant of Plan-Based Awards Table

Each of our executive officers receive cash incentive compensation for our company-wide financial performance as a result of our achieving the pre-established targets set out in our Annual Performance-based Non-equity Incentive (the Annual Cash Bonus). The amounts in these columns represent the estimated possible payouts that could have occurred under the Annual Performance-based Non-equity Incentive. There is no stated maximum payout for any of the Annual Performance-based Non-equity Incentive awards. The actual amount paid to each Named Executive Officer with respect to the Annual Performance-based Non-equity Incentive award granted to such Named Executive Officer in 2017 is set forth in the 2017 Summary Compensation Table above, and no further amounts will be paid to the Named Executive Officers with respect to those awards. Our 2018 Annual Performance-based Non-equity Incentive program is discussed under “Compensation Discussion and Analysis —How are Profit Sharing and Bonuses Determined?”

(1) This column sets forth the number of shares of Common Stock underlying the RSU awards with performance-based and time-based vesting conditions that were granted to the Named Executive Officers. The performance-based vesting conditions are based on relative total shareholder return performance compared to the Russell 2000 index,

measured over a 3-year period, focused on a 1-year, 2-year and 3-year return. If the Named Executive Officers do not satisfy the performance-based vesting conditions with respect to such RSU awards, or the Named Executive Officers leave the Company prior to the end of the time-based vesting period (other than by reason of retirement, death, or disability), such awards will not vest, and the Named Executive Officers will not receive any shares of Common Stock with respect to such awards. See Compensation Discussion and Analysis section titled “How are Equity Compensation Awards Determined” and “TARGET COMPENSATION TABLE” above for further information regarding the Named Executive Officers’ performance-based RSU compensation.

(3) This column sets forth the number of shares of Common Stock underlying the RSU awards with time-based vesting conditions that were granted to the Named Executive Officers. See “What Are the Elements of the Company’s Executive Remuneration and the Objectives of Each?” above for further information.

(4) The base price of the RSU awards was the mean of the highest and lowest sales price of the Common Stock as of the date of grant.

(5) Amounts shown represent the total grant date fair value calculated in accordance with the provisions of FASB ASC 718, and are shown at the target unit value expected upon achievement of the performance or time-based goals of the awards. See Note 13 of the consolidated financial statements in the Company’s Annual Report on Form 10-K for the year ended December 31, 2017 regarding assumptions underlying valuation of equity awards. Any estimate of forfeitures related to service-based vesting conditions are disregarded pursuant to the SEC Rules.

Potential Payments upon Termination or Change in Control

Payments on Change in Control

In the event of a potential change in control of the Company, it is vitally important that executives be able to continue working in the best interest of our stockholders. For that reason, the Company has entered into severance agreements with each current Named Executive Officer designed to provide salary and medical benefit continuance in the event of the termination of his employment under certain circumstances. The Company's severance agreements, other than the Killoy Agreement, are not employment contracts and do not specify an employment term, compensation levels or other terms or conditions of employment. There are also change-in-control provisions in the Company's stock option, restricted stock unit and restricted stock award agreements.

Covered Terminations and Severance Payments Pursuant to Change in Control Agreements

Except for the Killoy Agreement, each of the current Named Executive Officers' severance agreements provide for the following severance benefits, if during the term of the agreement: (A) he is terminated without cause or (B) there is a Change in Control and a subsequent reduction of his salary or a diminution of his duties and thereafter he or the Company terminates his employment. In the situation described in clause (A) above, each current Named Executive Officer other than Mr. Killoy will receive a lump sum cash payment equal to 12 months of his annual base salary, if employed for less than five years, or 18 months of his annual base salary if employed for five or more years, and continued insurance benefits. The Killoy Agreement provides for 24 months of Mr. Killoy's annual base salary and continued insurance benefits. In the situation described in clause (B) above, each Named Executive Officer other than Mr. Killoy will receive a lump sum cash payment equal to one and one half times (18 months) the sum of (i) his annual base salary and (ii) 100% of his target cash bonus, along with continued insurance benefits. In the situation described in clause (B) above, Mr. Killoy will receive a lump sum cash payment equal to two times (24 months) the sum of (i) his annual base salary and (ii) 100% of his target cash bonus, along with continued insurance benefits. In both cases, such continued insurance benefits are to be paid to the Named Executive Officer net of employee contributions for a period equal to the number of months of severance pay.

In all cases, payment of severance benefits will be subject to the six-month deferral requirements under the IRS Tax Code Section 409A. Each of the severance agreements (other than the Killoy Agreement) has a one-year term, subject to automatic renewal on each anniversary of its execution date unless (A) the Named Executive Officer gives notice of his intention to terminate his employment, or (B) the Company gives notice of its intention not to renew the agreement at least 360 days in advance. The amount of severance and benefits are generally determined based on competitive market practices for executives at this level. The Compensation Committee also takes into consideration that executives at this level generally require a longer timeframe to find comparable jobs because there are fewer jobs at this level in the market and often have a large percentage of their personal wealth dependent on the status of the Company, given the fact that a large part of their compensation is equity-based.

Change in Control Events and Severance Benefits Not Covered by the Severance Agreements

The 2017 Stock Incentive Plan provides for accelerated vesting of stock awards that an executive has already received, not for additional payments or awards. The 2017 Stock Incentive Plan generally provides for a single trigger change in control accelerated vesting component, which will apply unless, (i) in the case of a merger or acquisition of the Company by another business entity, the surviving, continuing, or purchasing corporation assumes the outstanding awards previously issued under the 2017 Stock Incentive Plan or substitutes equivalent awards for such previously-issued awards, or (ii) such outstanding awards are cancelled and paid out in connection with the change in control. The Compensation Committee has the authority to provide for different treatment of individual awards granted to executives upon the occurrence of a change in control event. Certain of the stock awards issued to executives are subject to double trigger vesting, which awards will only be subject to accelerated vesting upon the occurrence of a change of control event and a termination of the applicable award recipient's employment in connection with such event.

Change in Control Definition

Generally, under the severance agreements and the 2017 Stock Incentive Plan, a "Change in Control" will be deemed to have occurred:

When any person acquires a significant percentage of the voting power of the Company (25% or more under the 2017 Stock Incentive Plan);

45

Table of Contents

If a majority of the Board members change, unless the new Directors are elected or nominated for election by at least two-thirds of the existing Board members;

· Upon the acquisition of all or substantially all of the Company's assets;

Upon the merger or consolidation of the Company with any other person, other than a merger or consolidation (i) pursuant to which the voting securities of the Company outstanding immediately prior to such merger or consolidation continue to represent at least a majority of the combined voting power of the securities of the

· Company, the surviving entity or any parent company outstanding immediately after such merger or consolidation or (ii) that is effected solely to implement a recapitalization of the Company in which no person is or becomes the owner of securities representing 25% or more of the combined voting power of the Company's then outstanding securities; or

· Upon the liquidation or dissolution of the Company (with approval of the stockholders).

Termination by Death or Disability

In the event of death or disability, executives receive no payment other than through life insurance or disability insurance available to salaried employees generally. Subject to the terms of the applicable award agreements, (i) performance-based restricted stock unit awards with performance-based vesting terms that are based on the Company's achievement of a minimum AOP target over a specified period that have met the performance-based AOP trigger and (ii) retention-based restricted stock unit awards will generally become issuable in the event of disability or death. The performance-based equity awards made in 2017 and 2018, which provide for vesting based in whole (2017) or in part (2018) upon total shareholder return metrics, provide for partial vesting in the event of the death or disability of the recipient for each completed fiscal year in the three-year performance period, subject to the terms of the award agreements.

In the event of termination by death or disability, the executive or his or her estate will receive his or her bonus to the extent earned.

Termination by Retirement

Executives were eligible to participate in the Company's Pension Plan until December 31, 2007, the effective date of the plan's "freeze." None of the Named Executive Officers was eligible for normal retirement, and none of the Named Executive Officers accrued service under the Pension Plan beyond December 31, 2007. Employees are eligible for normal retirement when they have worked for the Company for at least five years and reached age 65 and are eligible for early retirement when they have worked for the Company for at least 10 years and reached age 59-1/2. Pension benefits are described under "PENSION PLANS" below. Subject to the terms of the applicable award agreements,

performance-based restricted stock unit awards with performance-based vesting terms that are based on the Company's achievement of a minimum AOP target over a specified period that have met the performance-based AOP trigger will generally become issuable in the event of retirement. The performance-based equity awards made in 2017 and 2018, which provide for vesting based in whole (2017) or in part (2018) upon total shareholder return metrics, provide for partial vesting in the event of the retirement of the recipient for each completed fiscal year in the three-year performance period. Retention-based restricted stock unit awards will be forfeited in the event of retirement before their vesting date.

In the event of termination by retirement, the executive will receive his or her bonus to the extent earned.

Voluntary and Involuntary Termination

The severance benefits for the Named Executive Officers include base salary and medical insurance continuation in cases of termination without cause for a minimum of 12 months and a maximum of 24 months. The Killoy Agreement provides for 24 months of Mr. Killoy's annual base salary and continued insurance benefits in the event Mr. Killoy is terminated without cause, resigns for good reason (as defined in the Killoy Agreement) or there is a Change in Control and a subsequent reduction of his salary or a diminution of his duties and therefore he or the Company terminates his employment. Performance-based restricted stock unit awards generally terminate upon the date of voluntary or involuntary termination, whether or not the award has met the performance-based trigger, however, the performance-based restricted stock awards made in 2017 and 2018 provide for partial vesting in the event of an involuntary termination of the recipient's employment with the Company without cause for each completed fiscal year in

Table of Contents

the three-year performance period. In the case of involuntary termination without cause, retention-based stock unit awards will be issuable based on the number of days of service elapsed since the award date divided by the number of days from the award date to the full vesting date.

If any employee voluntarily or involuntarily without cause terminates his or her employment, the employee will receive his or her bonus to the extent earned. If an employee is terminated for cause, any bonus is forfeited.

Retention and Transition Agreements

The Company may enter into retention or “transition” agreements from time to time with executives who retire or voluntarily terminate their employment with the Company in order to facilitate the management transition of the executives’ areas of responsibility. There are no retention or transition agreements in effect as of the date of this Proxy Statement, other than (1) the Fifer Agreement, which provides for (i) Mr. Fifer to provide certain consulting, advisory and other services to the Company for 6 years beginning on such May 9, 2017, (ii) the Company to compensate Fifer for such services at the rate of \$350,000 per annum, (iii) the continued vesting of Mr. Fifer’s restricted stock unit awards during the period he provides such services and (iv) a prohibition against Mr. Fifer engaging in certain activities that compete or interfere with the Company from August 1, 2016 through the second anniversary of the end of the period he is providing services under the Fifer Agreement, and (2) the Killoy Agreement, which provides for (i) Mr. Killoy to serve as Chief Executive Officer of the Company, at a rate of not less than \$500,000 per annum, (ii) Mr. Killoy to be eligible to receive, during the period he serves as Chief Executive Officer of the Company, an annual target cash bonus, annual performance equity-based incentive compensation and annual retention equity-based incentive compensation, each equal to 100% of his base salary, (iii) Mr. Killoy to receive 24 months of severance, in a lump sum, and continued insurance benefits, if Mr. Killoy is terminated without cause, resigns for good reason (as defined in the Killoy Agreement) or there is a Change in Control and a subsequent reduction of his salary or a diminution of his duties and therefore he or the Company terminates his employment and (iv) a prohibition against Mr. Killoy engaging in certain activities that compete or interfere with the Company during his employment with the Company and for 2 years thereafter.
