PROXY STATEMENT

For Annual Meeting to be Held
June 25, 2008 at 12:00 p.m. Eastern Daylight Time

This proxy statement is delivered to you by IR BioSciences Holdings, Inc. ("we," "us," "our," or the "Company"), a Delaware corporation, in connection with the Annual Meeting of Stockholders of the Company to be held on June 25, 2008 at 12:00 p.m. Eastern Daylight Time at the Villagio Inn, located at The Vintage Estates, 6841 Washington Street, Yountville, California , 94599 (the "Annual Meeting"). The approximate mailing date for this proxy statement and the enclosed proxy is May __, 2008.

The purpose of the Annual Meeting is to seek stockholder approval of five proposals: (i) electing six directors to the Board of Directors; (ii) to approve an amendment to our Certificate of Incorporation, as amended, to increase the number of authorized shares of Common Stock from 250,000,000 to 450,000,000; (iii) to approve an amendment to our 2003 Stock Option, Deferred Stock and Restricted Stock Plan (the "Plan") to increase the number of shares of our Common Stock reserved and available for issuance under the Plan from 20,000,000 to 60,000,000; (iv) to approve an amendment to the Company's Certificate of Incorporation, as amended, providing for a recapitalization in which the issued and outstanding shares of our Common Stock will be reverse split in a ratio of one-for-ten at any time prior to March 31, 2009, if at all, with the timing thereof to be determined by the Board of Directors in its sole discretion, and to decrease the number of authorized shares of Common Stock to 100,000,000; and, (v) to ratify the appointment of RBSM LLP, as the Company's independent registered public accounting firm for the year ending December 31, 2008.

Who may vote?

Holders of common stock of record at the close of business on the Record Date will be entitled to vote at the Annual Meeting. There were 116,017,539 shares of common stock outstanding as of the Record Date. Only Stockholders of record at the close of business on the record date, April 28, 2008, are entitled to receive notice of the annual meeting and to vote the shares that they held on that date at the meeting, or any postponement or adjournment of the meeting. Each outstanding share of Common Stock entitles its holder to cast one vote on each matter to be voted.

Who can attend the meeting?

All Stockholders as of the record date, or their duly appointed proxies, may attend the meeting. Please note that if you hold shares in "street name," that is through a broker or other nominee, you will need to bring a copy of the brokerage statement reflecting your stock ownership as of the record date.

What constitutes a quorum?

The presence at the meeting, in person or by proxy, of the holders of a majority of the outstanding shares of our Common Stock on the record date will constitute a quorum. As of the record date, there were 116,017,539 shares of our Common Stock issued and outstanding.

If you hold shares beneficially in street name and do not provide your broker with voting instructions, your shares may constitute "broker non-votes." Generally, broker non-votes occur on a matter when a broker is not permitted to vote on that matter without instructions from the beneficial owner and instructions are not given. In tabulating the voting result for any particular proposal, shares that constitute broker non-votes are not considered entitled to vote on that proposal. Thus, broker non-votes will not affect the outcome of any matter being voted on at the meeting, assuming

that a quorum is obtained. However, shares represented by such “broker non-votes” will be counted in determining whether there is a quorum. A properly executed proxy marked “Abstain” with respect to any such matter will not be voted, although it will be counted for purposes of determining whether there is a quorum.

If less than a majority of the outstanding shares of Common Stock entitled to vote are represented at the meeting, a majority of the votes present (either in person or by proxy) at the meeting may adjourn the meeting to another date, time or place, and notice need not be given of the new date, time or place if the new date, time or place is announced at the meeting before an adjournment is taken.

Yes. Any proxy given may be revoked at any time prior to its exercise by notifying the Corporate Secretary of the Company in writing of such revocation, by duly executing and delivering another proxy bearing a later date, or by attending and voting in person at the Annual Meeting. The powers of the proxy holders will be suspended with respect to your shares if you attend the meeting in person and so request, although attendance at the meeting will not by itself revoke a previously granted proxy. What are the Board's recommendations?

Unless you give other instructions on your proxy card, the persons named as proxy holders on the proxy card will vote in accordance with the recommendations of the Board of Directors. The Board's recommendations are provided together with a description of each proposal in this proxy statement. In summary, the Board recommends a vote:

- for election of the nominated slate of directors (see page 5);

- for approval of the amendment to our Certificate of Incorporation, as amended, to provide for a recapitalization in which the issued and outstanding shares of our Common Stock will be reverse split in a ratio of one-for-ten at any time prior to March 31, 2009, if at all, with the timing thereof to be determined by the Board of Directors in its sole discretion, and to decrease the number of authorized shares of Common Stock to 100,000,000 (see page 23); and,
- for ratifying the appointment of RBSM LLP as our independent public accountants for the year ending December 31, 2008 (see page 31).

Table of Contents

What vote is required to approve each item?

Election of Directors. The nominees for election to the Board of Directors, who receive the greatest number of votes cast for the election of directors by the shares present at the annual meeting, in person or by proxy, shall be elected directors. Stockholders do not have the right to cumulate their votes for directors. In the election of directors, an abstention or broker nonvote will have no effect on the outcome.

Approval of an Amendment to Our Certificate of Incorporation, as amended, to Increase the Number of Authorized Shares of Common Stock. The proposal to amend our Certificate of Incorporation, as amended, to increase the number of authorized shares of Common Stock will be approved upon the affirmative vote of a majority of shares of Common Stock issued and outstanding entitled to vote on the proposal. Under Delaware law, abstentions and broker non-votes will have the same effect as a vote against the proposed amendment to the Certificate of Incorporation, as amended.

Approval of an Amendment to Our 2003 Stock Option, Deferred Stock and Restricted Stock Plan to Increase the Number of Shares of our Common Stock Reserved and Available for issuance under the Plan. The proposal to approve an amendment to our Plan to increase the number of shares of our Common Stock reserved and available for issuance under the Plan will be approved upon the affirmative vote of a majority of shares of Common Stock issued and outstanding, present at the annual meeting, in person or by proxy, and entitled to vote on the proposal. With the amendment of our Plan, an abstention or broker non-vote will have the same effect as a vote against the Plan Amendment. This proposal is conditioned upon and may become effective only in the event that the proposal to amend our Certificate of Incorporation, as amended, to increase the number of authorized shares of Common Stock, is approved.

Approval of an Amendment to Our Certificate of Incorporation, as amended, providing for a recapitalization in which the issued and outstanding shares of our Common Stock will be reverse split in a ratio of one-for-ten at any time prior to March 31, 2009, if at all, with the timing thereof to be determined by the Board of Directors in its sole discretion and decreasing the number of authorized shares of our Common Stock to 100,000,000. The proposal to approve the amendment to our Certificate of Incorporation, as amended, to effect a reverse stock split of Common Stock and decrease the number of authorized shares of our Common Stock, requires the affirmative vote of a majority of the shares of Common Stock issued and outstanding entitled to vote on the proposal. Under Delaware law, abstentions and broker non-votes will have the same effect as a vote against the proposed amendment to the Certificate of Incorporation, as amended. This proposal is not conditioned upon approval of but may be approved independent of the proposal to amend our Certificate of Incorporation, as amended, to increase the number of authorized shares of our Common Stock from 250,000,000 to 450,000,000. However, if the proposal to amend our Certificate of Incorporation, as amended, to increase the number of authorized shares of our Common Stock from 250,000,000 to 450,000,000 is approved, it will be filed with the Delaware Secretary of State prior to this proposal to amend our Certificate of Incorporation, as amended, to reverse split the stock and to decrease the number of authorized shares of our Common Stock.

Ratifying the Appointment of RBSM LLP. The proposal to ratify the appointment of RBSM LLP as our independent public accountants for the year ending December 31, 2008 will be adopted upon the affirmative vote of the majority of shares voting on the proposal. Abstentions and broker non-votes will have no effect on the outcome.

UNLESS OTHERWISE DIRECTED IN THE ACCOMPANYING PROXY, THE SHARES REPRESENTED BY YOUR EXECUTED PROXY WILL BE VOTED "FOR" THE APPROVAL OF THE PROPOSALS SET FORTH IN THIS PROXY STATEMENT.

PROPOSALS TO OUR STOCKHOLDERS

PROPOSAL NO. 1

ELECTION OF DIRECTORS

General

The Company's Board of Directors is elected for a one-year term and thereafter until their successors are duly elected and qualified or until their death, resignation or removal. Directors are elected annually at the Annual Meeting. The Company's Bylaws provide for a Board of Directors with a range of between two and nine members. The Company currently has six members on its Board of Directors.

The first proposal for consideration at the annual meeting is the election of a new Board composed of the six persons set forth below. If elected, each of these directors will hold office until the 2009 annual meeting of Stockholders or until his earlier resignation or removal.

- Lance K. Gordon, Ph.D.
- Robert J. Hariri, M.D., Ph.D.
 - Hal N. Siegel, Ph.D.
- Theodore E. Staahl, M.D.
 - Michael K. Wilhelm
- Jerome B. Zeldis, M.D., Ph.D.

We expect that a majority of the Common Stock will be voted in favor of the six nominees named above. All director nominees are currently serving as directors, and there are no other directors continuing to serve in office. Each nominee has agreed to be named in this proxy statement and to serve as a director if elected. For biographical information regarding the nominees, see "Director Nominees for Election for a One Year Term Expiring at the 2009 Annual Meeting" on page 6 of this proxy statement.

Vote Required and Recommendation

The nominees for election to the Board of Directors, who receive the greatest number of votes cast for the election of directors by the shares present, in person or by proxy, will be elected directors. Stockholders do not have the right to cumulate their votes for directors. In the election of directors, an abstention or broker non-vote will have no effect on the outcome

The Board of Directors recommends a vote FOR election of each of the director nominees.

How are directors compensated?

Our policy has been to pay no cash compensation to directors who are our employees or affiliates for their service as directors.

Outside directors receive for service as a member of the Company's Board of Directors, a grant of a non-qualified stock option to purchase shares of common stock under the Company's 2003 Stock Option, Deferred Stock and Restricted Stock Plan. Furthermore, outside directors are eligible to receive monetary and/or equity compensation, in the event they perform additional functions and achieve milestones, as agreed. Outside directors are also reimbursed for all out-of-pocket expenses incurred in the performance of their duties to us, including attendance at Board

meetings.

Are our employees paid additional compensation for services as directors?

No. We do, however, reimburse them for travel and other related expenses.

Table of Contents

How often did the Board meet during 2007?

The Board met two (2) times during 2007. All of our incumbent Board members attended 100% of the total meetings of the Board and any Board committees on which they served during 2007. The Company does not have a policy requiring its directors to attend the Annual Meeting of Stockholders.

What committees has the Board established?

The Board has established an Executive Committee. Currently we have no Compensation and Audit Committees. We do not maintain a standing nominating committee or other committee performing similar functions. The function of determining executive compensation, selecting and engaging our independent auditors, reviewing our accounting and reporting principles and practices, reviewing of our financial statements for each interim period and nominating directors are all carried out by the entire Board of Directors. Our Bylaws, however, provide a procedure for you to recommend candidates for directors at a Stockholders meeting. For more information, see page 34 under "Shareholder Proposals." Michael K. Wilhelm and Theodore E. Staahl, M.D. serve on the Executive Committee. The Company intends to charter Audit and Compensation committees in the near future.

President and Chief Executive Officer:

On August 10, 2005, we entered into a new employment agreement with our President and Chief Executive Officer, Michael K. Wilhelm. The employment agreement calls for a salary at the rate of \$275,000 per annum. The salary will be subject to adjustment of at least 10% per year at the end of each year. We also agreed to defend and indemnify, to the fullest extent permitted by our certificate of incorporation and bylaws and the Delaware General Corporation Law, Mr. Wilhelm and hold him harmless against any liability that he incurs within the scope of his employment under the agreement. The agreement also provides for the following various bonus incentives:

- i) A target incentive bonus in cash and/or stock if we consummate a transaction with any unaffiliated third party such as an equity or debt financing, acquisition, merger, strategic partnership or other similar transaction.
- ii) A one time grant of an option to purchase 2,000,000 shares of our Common Stock at an exercise price equal to the fair market value per share on the date option is granted.

In connection with Mr. Wilhelm's new employment agreement, we also entered into a change of control agreement and a severance agreement with him on August 10, 2005. Under the change of control agreement, Mr. Wilhelm shall be entitled to a continuation of his base salary for a period of 18 months following an involuntary termination, which means, at any time within that period which is one-year from the change of control date (including such date), the termination of the employment of Mr. Wilhelm (i) by us without cause or (ii) due to constructive termination, as such terms are defined in the change of control agreement. Further, in the event of an involuntary termination, the

agreement provides that the registrant shall pay Mr. Wilhelm a lump sum amount in cash, equal to the sum of (i) any unpaid incentive compensation which has been allocated or awarded to Mr. Wilhelm for a completed fiscal year or other measuring period preceding the date of involuntary termination under any annual or long-term incentive plan and which, as of the date of involuntary termination, is contingent only upon the continued employment of Mr. Wilhelm to a subsequent date, and (ii) a pro rata portion to the date of involuntary termination of the aggregate value of all contingent incentive compensation awards to Mr. Wilhelm for all then uncompleted periods under any such plan. Further, 100% of the unvested portion of each outstanding stock option granted to Mr. Wilhelm shall be accelerated so that they become immediately exercisable upon the date of involuntary termination.

Stock Incentive Plans

2003 Stock Option, Deferred Stock and Restricted Stock Plan

Nature of the Plan. We adopted our 2003 Stock Option, Deferred Stock and Restricted Stock Plan (the "Plan") which authorizes the Board of Directors in accordance with the terms of the Plan, among other things, to grant incentive stock options as defined by Section 422(b) in the Internal Revenue Code, nonstatutory stock options and awards of restricted stock and deferred stock and to sell shares of our Common Stock pursuant to the exercise of such stock options. On June 28, 2006, our Stockholders voted to approve an amendment to our 2003 Stock Option, Deferred Stock and Restricted Stock Plan to increase the number of shares of our Common Stock reserved and available for issuance under the plan from 3,600,000 to 20,000,000. Grants of Awards representing 19,924,972 shares of our Common Stock have been made under the Plan with exercise prices ranging from \$0.066 to \$0.44. As of April 25, 2008 we had a balance of 75,028 shares of our Common Stock reserved and available for issuance under the Plan.

Purpose. The primary purpose of the Plan is to attract and retain the best available personnel in order to promote the success of our business and to facilitate the ownership of our stock by employees and others who provide services to us.

Administration. The Plan is administered by our Board of Directors, as the Board of Directors may be composed from time to time. Notwithstanding the foregoing, the Board of Directors may at any time, or from time to time, appoint a committee of at least two members of the Board of Directors, and delegate to the committee the authority of the Board of Directors to administer the Plan. Upon such appointment and delegation, the committee shall have all the powers, privileges and duties of the Board of Directors, and shall be substituted for the Board of Directors, in the administration of the Plan, subject to certain limitations.

Eligibility. Under the Plan, options to purchase shares and the award of shares of Common Stock may be granted to employees, officers, directors or consultants of the Company.

Table of Contents

The expiration of each option shall be fixed by the Board of Directors, in its discretion, at the time such option is granted; however, unless otherwise determined by the Board of Directors at the time such option is granted, an option shall be exercisable for up to ten years after the date on which it was granted, or five years for grants to a 10% shareholder;

PROPOSAL 2

APPROVAL OF AN AMENDMENT TO OUR CERTIFICATE OF INCORPORATION TO
INCREASE THE NUMBER OF AUTHORIZED SHARES OF COMMON STOCK.

Description of Proposed Amendment

On April 19, 2008, the Board of Directors unanimously approved an amendment to the Company's Certificate of Incorporation, as amended, subject to stockholder approval, to increase the number of authorized shares of Common Stock from 250,000,000 to 450,000,000 to be effected upon the filing with the Secretary of State of the State of Delaware the appropriate amendment to our Certificate of Incorporation, as amended (the "Increased Common Stock Amendment"). The full text of the proposed Increased Common Stock Amendment is set out in Appendix A to this Proxy Statement. The text of the proposed Increased Common Stock Amendment is subject to modification to include such changes as may be required by the office of the Secretary of State of Delaware or as our Board of Directors deems necessary and advisable to effect the increase in the number of authorized shares of Common Stock. The Increased Common Stock Amendment does not include a change in the number of authorized shares of Preferred Stock.

The stockholders are being asked to approve the Amendment.

Required Vote

The affirmative vote of a majority of the issued and outstanding shares of Common Stock entitled to vote at the Annual Meeting of Stockholders is required to approve the foregoing proposal. As a result, abstentions and broker non-votes will have the same effect as negative votes. In the absence of instructions to the contrary, proxies covering the common stock will be voted for the amendment.

The Board of Directors recommends a vote FOR the proposal to approve the amendment to the Company's Certificate of Incorporation, as amended,
to increase the number of authorized shares of Common Stock from 250,000,000 to 450,000,000.

If the Stockholders approve this proposal, the Board of Directors will have the authority without any further action on the part of the Stockholders and will file the Increased Common Stock Amendment with the Delaware Secretary of State at any time after the approval of the Increased Common Stock Amendment. The filing with the Delaware Secretary of State will be made prior to any filing of the Reverse Split Amendment as discussed in Proposal No. 4 below. If the proposal is not approved by the stockholders, the Increased Common Amendment will not be filed and the proposal will not be implemented.

Reasons for the Increased Common Stock Amendment

We currently have 250,000,000 shares of Common Stock authorized for issuance. We effected a two-for-one forward split of our Common Stock in April 2004. In connection with the increase in the number of authorized shares of Common Stock, the Board has determined that it is in the best interests of the Company and its stockholders to increase the number of authorized shares of Common Stock from 250,000,000 to 450,000,000. The increase would become effective upon filing the proposed Increased Common Stock Amendment with the Secretary of State of the State of Delaware or such later date as may be set forth in the Certificate of Amendment.

The Board determined to increase the number of authorized shares of Common Stock because it believes that the current number is insufficient for existing and future corporate purposes, and the increase is needed to provide flexibility for issuances of Common Stock to raise additional capital, for strategic business opportunities that may be presented from time to time and to allow additional shares of Common Stock to be reserved and available for issuance under our 2003 Stock Option, Deferred Stock and Restricted Stock Plan.

Shares of Common Stock Issued and Outstanding

The Company is currently authorized to issue a maximum of 250,000,000 shares of Common Stock. As of the Record Date of April 28, 2008, there were approximately 116,017,539 shares of Common Stock issued and outstanding. As of that date, an additional 58,739,637 shares of Common Stock were issuable upon exercise of outstanding stock options and warrants, an additional 75,028 shares were reserved under our stock option plans for future grants of options, 50,695,000 shares are reserved per outstanding contracts and convertible debt obligations. The Increased Common Stock Amendment will not change the number of outstanding shares of Common Stock but will provide the Board with the ability to issue additional shares of Common Stock as it determines to be for proper corporate purposes and in the best interests of the Company.

Table of Contents

The holders of our Common Stock are entitled to one vote per share on all matters submitted to a vote of our stockholders. In addition, such holders are entitled to receive ratably such dividends, if any, as may be declared from time to time by our Board of Directors out of funds legally available therefore. No dividends may be paid on the Common Stock until all accrued but unpaid dividends on the shares of our preferred stock have been paid. In the event of the dissolution, liquidation or winding up of our company, the holders of Common Stock are entitled to share ratably in all assets remaining after payment of all liabilities of our company and the preference amount distributable to the holders of the shares of preferred stock. The holders of Common Stock do not have any subscription, redemption or conversion rights, nor do they have any preemptive or other rights to acquire or subscribe for additional, unissued or treasury shares.

With the exception of the number of authorized shares of Common Stock, the rights and preferences of the shares of Common Stock prior and subsequent to the increased authorized Common Stock will remain the same. After the effectiveness of the Increased Authorized Common Stock Amendment, it is not anticipated that the financial condition of the Company, the percentage ownership of management, the number of the Company's stockholders, or any aspect of the Company's business would materially change solely as a result of the increased number of authorized shares of Common Stock.

The Common Stock is currently registered under Section 12(g) of the Exchange Act, and as a result, the Company is subject to the periodic reporting and other requirements of the Exchange Act. The increased authorized Common Stock will not affect the registration of the Common Stock under the Exchange Act. If the proposed Increased Common Stock Amendment is implemented, our Common Stock will continue to be reported on the OTC Bulletin Board under the symbol "IRBO."

Effects of the Increased Common Stock Amendment

As a result of the increased number of authorized shares of Common Stock, there will be an increase in the total number of authorized shares of Common Stock that the Company may issue including the number of shares of Common Stock unissued and available for future issuance. This will increase the number of shares of available Common Stock for issuance to raise capital for any proper corporate purpose approved by the Board of Directors, including future financing transactions. The issuance in the future of such additional authorized shares may have the effect of diluting the earnings per share and book value per share, as well as the stock ownership and voting rights, of the currently outstanding shares of our common stock. The effective increase in the number of authorized but unissued shares of our Common Stock may be construed as having an anti-takeover effect by permitting the issuance of shares to purchasers who might oppose a hostile takeover bid or oppose any efforts to amend or repeal certain provisions of the our Certificate of Incorporation or our Bylaws. The increased authorized Common Stock is not being proposed in response to any effort of which management of the Company is aware to accumulate shares of Common Stock or obtain control of the Company, nor is it part of a similar plan by management.

Holders of the Common Stock have no preemptive or other subscription rights.

In addition, the increased number of authorized shares of Common Stock will allow additional shares of Common Stock to be reserved and available for issuance under our Plan if Proposal No. 3 is approved by the stockholders for an amendment to our Plan to increase the number of shares of our Common Stock reserved and available for issuance under the Plan from 20,000,000 to 60,000,000.

Appraisal Rights

No appraisal rights are available under Delaware law or under the Company's Certificate of Incorporation, as amended, or By-Laws to any stockholder who dissents from the proposal to approve the Increased Common Stock

Amendment. There may exist other rights or actions under state law for stockholders who are aggrieved by an increase in authorized shares generally. Although the nature and extent of such rights or actions are uncertain and may vary depending upon the facts or circumstances, stockholder challenges to corporate action in general are related to the fiduciary responsibilities of corporate officers and directors and to the fairness of corporate transactions.

Effect on Legal Ability to Pay Dividends

The Increased Common Stock Amendment will have no material impact on the legal ability of the Company to pay dividends.

PROPOSAL NO. 3

APPROVAL OF AN AMENDMENT TO OUR 2003 STOCK OPTION, DEFERRED STOCK AND RESTRICTED STOCK PLAN (THE "PLAN") TO INCREASE THE NUMBER OF SHARES OF OUR COMMON STOCK RESERVED AND AVAILABLE FOR ISSUANCE UNDER THE PLAN

Note: Proposal No. 3 is conditioned upon and may become effective only in the event that the Increased Common Stock Amendment as set forth in Proposal No. 2 is approved by the Company's stockholders. Your vote on Proposal No. 3 is subject to stockholder approval of Proposal No. 2 and your vote will have no effect unless Proposal No. 2 is approved by the stockholders. In the event Proposal No. 2 is not approved by the stockholders, then Proposal No. 3 cannot be made effective.

Description of Proposed Amendment

On April 19, 2008, the Board of Directors, conditioned upon and subject to approval by the stockholders of the Increased Common Stock Amendment as set forth in Proposal No. 2, unanimously approved an amendment to our 2003 Stock Option, Deferred Stock and Restricted Stock Plan, subject to stockholder approval, to increase the number of shares of Common Stock reserved and available for issuance under the Plan from 20,000,000 to 60,000,000 be effected upon approval by the stockholders (the "Plan Amendment"). The full text of the proposed Plan Amendment is set out in Appendix B to this Proxy Statement. The text of the proposed Amendment is subject to modification to include such changes as our Board of Directors deems necessary and advisable to effect the increase in the number of shares of Common Stock reserved and available for issuance under the Plan.

The stockholders are being asked to approve the Plan Amendment.

Vote Required and Recommendation

The approval of the Plan Amendment to increase the number of shares of our Common Stock reserved and available for issuance under the Plan will be made upon the affirmative vote of the majority of shares voting on the proposal. Abstentions and brokers non-votes will have no effect on the outcome. The Plan Amendment is conditioned upon and subject to approval by the stockholders of the Increased Common Stock Amendment as set forth in Proposal No. 2. In the event that Proposal No. 2 is not approved by the stockholders, then all votes by the stockholders in favor of Proposal No. 3 will not approve the Plan Amendment, and the Plan Amendment will not become effective.

The Board of Directors recommends a vote FOR the proposal to approve the amendment to the Company's Plan to increase the number of shares of Common Stock reserved and available for issuance under the Plan from 20,000,000 to 60,000,000.

If the proposal is not approved by the stockholders, the Plan Amendment will not be effective and the proposal will not be implemented.

Reasons for the Plan Amendment

The purpose of the Plan is to enable us to obtain and retain competent personnel who will contribute to the Company's success by their ability, ingenuity and industry, and to provide incentives to such personnel and members that are linked directly to increases in stockholder value, and will therefore, inure to the benefit of all stockholders of the Company. Eligible recipients of awards under the Plan include employees, directors, consultants and advisors of the Company. Currently, awards consisting of deferred stock, restricted stock and options to purchase shares of Common Stock and issued under the Plan total 19,924,972 shares of Common Stock and there are only 75,028 shares of

Common Stock reserved and available for issuance under the Plan.

The Board determined to increase the number of shares of Common Stock reserved and available for issuance under the Plan because it believes that the current number is insufficient for the purposes of the Plan as stated above. The market for quality personnel is competitive, and the ability to obtain and retain competent personnel is of great importance to our business operations

Table of Contents

Effects of the Plan Amendment

As a result of the Plan Amendment, there will be an increase in the total number of shares of Common Stock reserved for issuance under the Plan. This provides us with the ability to grant more awards than are currently available under the Plan to eligible recipients including employees, directors, consultants and advisors. The issuance in the future of awards under the Plan consisting of deferred stock, restricted stock and options to purchase shares of Common Stock may have the effect of diluting the earnings per share and book value per share, as well as the stock ownership and voting rights, of the currently outstanding shares of our Common Stock. The effective increase in the number of authorized but unissued shares of our Common Stock which may be issued as awards under the Plan may be construed as having an anti-takeover effect by permitting the issuance of shares to purchasers who might oppose a hostile takeover bid or oppose any efforts to amend or repeal certain provisions of the our Certificate of Incorporation or our Bylaws. The increased number of shares of Common Stock reserved and available under the Plan is not being proposed in response to any effort of which management of the Company is aware to accumulate shares of Common Stock or obtain control of the Company, nor is it part of a similar plan by management.

Holders of the Common Stock have no preemptive or other subscription rights.

In addition, with an increase in the number of shares of Common Stock reserved and available for issuance under the Plan, our Board will be able to approve the grant to one of our directors, Jerome B. Zeldis, of a nonstatutory option to purchase 750,000 shares of Common Stock pursuant to provisions of Dr. Zeldis' directorship agreement entered into with the Company on November 1, 2007.

Appraisal Rights

No appraisal rights are available under Delaware law or under the Company's Certificate of Incorporation, as amended, or By-Laws to any stockholder who dissents from the proposal to approve the Plan Amendment. There may exist other rights or actions under state law for stockholders who are aggrieved by an increase in authorized shares generally. Although the nature and extent of such rights or actions are uncertain and may vary depending upon the facts or circumstances, stockholder challenges to corporate action in general are related to the fiduciary responsibilities of corporate officers and directors and to the fairness of corporate transactions.

Effect on Legal Ability to Pay Dividends

The Plan Amendment will have no material impact on the legal ability of the Company to pay dividends.

Effect of Proposal No. 4

In the event that the Reverse Split Amendment under Proposal No. 4 is approved, proportionate adjustments will be made to the per-share exercise price and the number of shares issuable upon the exercise of all outstanding options, restricted stock awards and restricted stock units entitling the holders to purchase shares of Common Stock as set forth under provisions of the Plan, which will result in approximately the same aggregate price being required to be paid for such options and restricted stock units upon exercise immediately preceding the reverse stock split.

PROPOSAL NO. 4

APPROVAL TO AMEND THE CERTIFICATE OF INCORPORATION, AS AMENDED, TO PROVIDE FOR A RECAPITALIZATION IN WHICH THE ISSUED AND OUTSTANDING SHARES OF OUR COMMON STOCK ARE TO BE REVERSE SPLIT AT A RATIO OF ONE-FOR-TEN AT ANY TIME PRIOR TO MARCH 31, 2009, IF AT ALL, WITH THE TIMING THEREOF TO BE DETERMINED BY THE BOARD OF DIRECTORS IN ITS SOLE DISCRETION AND TO DECREASE THE NUMBER OF AUTHORIZED SHARES OF OUR COMMON STOCK TO 100,000,000.

Note: Proposal No. 4 is not conditioned upon and may become effective independent of the Increased Common Stock Amendment as set forth in Proposal No. 2. However, in the event that Proposal No. 2 is approved by the stockholders, the Increased Common Stock Amendment will be filed with the Delaware Secretary of State prior to the filing, if at all, of the Reverse Split Amendment.

General

The Board of Directors has approved and is hereby soliciting Stockholder approval of an amendment to the Company's Certificate of Incorporation, as amended (the "Reverse Split Amendment"), to provide for a recapitalization in which the issued and outstanding shares of our Common Stock are to be reverse split at a ratio of one-for-ten prior to March 31, 2009, if at all, with the timing thereof to be determined by our Board of Directors in its sole discretion and to decrease the number of our authorized shares of Common Stock to 100,000,000. The full text of the proposed Reverse Split Amendment is set out in Appendix C to this Proxy Statement. A vote FOR Proposal No. 4 will constitute approval of the Reverse Split Amendment providing for the conversion of each ten (10) shares of Common Stock into one (1) share of Common Stock and will grant the Board of Directors the authority to select the timing (no later than March 31, 2009) of when the Reverse Split Amendment is to become effective, if at all. This means that the number of shares of our Common Stock that you hold after the reverse split will be one-tenth (1/10) of the number of shares held prior to the reverse split. If the Stockholders approve this proposal, the Board of Directors will have the authority, but not the obligation, in its sole discretion, and without further action on the part of the Stockholders, to effect the approved reverse stock split by filing the Reverse Split Amendment with the Delaware Secretary of State at any time after the approval of the Reverse Split Amendment and prior to March 31, 2009. Following approval of the Reverse Split Amendment, the Board of Directors will have the authority to decide, in its sole discretion, whether or not to file the Reverse Split Amendment with the Delaware Secretary of State and make it effective. If the Amendment has not been filed with the Delaware Secretary of State by the close of business on March 31, 2009, the Board of Directors will abandon the Reverse Split Amendment constituting the reverse stock split and the decrease in the number of authorized shares of our Common Stock. The Board of Directors may determine, in its sole discretion, not to file the Reverse Split Amendment and to abandon the reverse stock split without further action by our Stockholders.

Upon approval of the Reverse Split Amendment under Proposal No. 4, the number of authorized shares of the Company's Common Stock will be reduced from 250,000,000 to 100,000,000, if Proposal No. 2 is not approved by the stockholders, and from 450,000,000 to 100,000,000 if Proposal No. 2 is approved by the stockholders and the Increased Common Stock Amendment is filed with the Delaware Secretary of State, but would not change the par value of a share of the Company's Common Stock. Except for any changes as a result of the treatment of fractional shares, each Stockholder will hold the same percentage of Common Stock outstanding immediately after the reverse stock split as such Stockholder held immediately prior to the reverse stock split. The Reverse Split Amendment does not include a change in the number of authorized shares of Preferred Stock.

Background

The Board of Directors believes that the reverse stock split is in the best interests of the Company by reducing the number of shares of Common Stock available on the public market, and thereby proportionately increasing the per share price of the Company's Common Stock. Theoretically, decreasing the number of shares of Common Stock outstanding should not, by itself, affect the marketability of the shares, the type of investor who would be interested in acquiring them, or our reputation in the financial community. In practice, many investors and market makers consider low-priced stocks as unduly speculative in nature and, as a matter of policy, avoid investment and trading in such stocks. The presence of these negative perceptions may be adversely affecting, and may continue to adversely affect, not only the pricing of our Common Stock, but also its trading liquidity. In addition, these perceptions may affect our ability to raise additional capital through the sale of stock or the cost of debt we may incur. Upon approval of and filing of the Reverse Split Amendment with the Delaware Secretary of State, we will have 11,601,754 shares of our Common Stock outstanding as of the date of this proxy statement. With the decrease in the number of authorized shares of our Common Stock to 100,000,000, the reverse split will also make available a substantial number of additional authorized, but unissued shares of Common Stock which we believe will provide increased flexibility in structuring possible future financing, in taking advantage of future business opportunities such as acquisitions, and in meeting corporate needs as they arise, all without the delay and expense of calling a meeting of our Stockholders to authorize an increase in authorized capital. The Company's Common Stock may then be more appealing to institutional investors and institutional funds.

We hope that the decrease in the number of shares outstanding of our Common Stock resulting from the reverse split, and the anticipated increase in the price per share, will encourage greater interest in our Common Stock among members of the financial community. However, the possibility exists that Stockholder liquidity may be adversely affected by the reduced number of shares which would be outstanding if the reverse split is effected, particularly if the price per share of the Common Stock begins a declining trend after the reverse split is effected. Such a decrease in the price per share of the Common Stock will reduce the value of your holdings in the Company as you will have fewer shares as a result of the reverse split.

Table of Contents

The Board of Directors believes that the share price of our Common Stock is a factor in whether our Common Stock meets investing guidelines for certain institutional investors and investment funds. Also, the Board of Directors believes that our Stockholders will benefit from relatively lower trading costs for a higher priced stock. The combination of lower transaction costs and increased interest from institutional investors and investment funds may ultimately improve the trading liquidity of our Common Stock.

We are not aware of any present efforts by anyone to accumulate the Common Stock, and the proposed reverse split is not intended to be an anti-takeover device. The Board of Directors did not seek authority to implement a reverse stock split in anticipation of any future transaction or series of transactions, including any "going private" transaction.

Currently, our Common Stock is listed on the FINRA OTC Bulletin Board under the symbol "IRBO". The OTC Bulletin Board has several continued listing criteria that companies must satisfy in order to remain listed on the exchange. Currently, the Company meets all of the OTC Bulletin Board's continued listing criteria. The OTC Bulletin Board is viewed by most investors as a less desirable and less liquid marketplace. A reverse stock split may give the Company the opportunity to attempt a listing on a higher quality exchange, but there can be no assurance that the reverse split will help the Company achieve this desired result.

If the Stockholders approve Proposal No. 4, the reverse stock split will be effected, if at all, only upon a determination by the Board that the reverse stock split is in the Company's and the Stockholders' best interests at that time. In connection with any determination to effect the reverse stock split, the Board, with the advice of its experts, will set the time for such a reverse split up to March 31, 2009. If the Board of Directors does not implement the reverse stock split prior to March 31, 2009 the authority granted to the Board of Directors to implement the reverse stock split on these terms will terminate. This determination will be made by the Board with the intention to create the greatest marketability for the Company's Common Stock based upon prevailing market conditions at that time.

There can be no assurance that the reverse split will achieve any of the desired results. There also can be no assurance that the price per share of the Common Stock immediately after the reverse split will increase proportionately with the reverse split, or that any increase will be sustained for any period of time. A decrease in the price per share of the Common Stock will reduce the value of your holdings in the Company as you will have fewer shares as a result of the reverse split.

The Board reserves its right to elect not to proceed, and abandon, the reverse stock split if it determines, in its sole discretion, that this proposal is no longer in the best interests of the Company's stockholders.

Purpose of the Reverse Stock Split

The purpose of the reverse stock split is to increase the per share trading price of the Company's Common Stock. The Board intends to effect the proposed reverse stock split only if it believes that a decrease in the number of shares outstanding is likely to improve the trading price for the Company's Common Stock, and only if the implementation of a reverse stock split is determined by the Board to be in the best interest of the Company and its stockholders. The Board may exercise its discretion not to implement a reverse stock split.

The Company believes that a number of institutional investors and investment funds are reluctant to invest, and in some cases may be prohibited from investing, in lower-priced stocks and that brokerage firms are reluctant to recommend lower-priced stocks to their clients. By effecting a reverse stock split, the Company believes it may be able to raise its Common Stock price to a level where the Company's Common Stock could be viewed more favorably by potential investors.

Other investors may also be dissuaded from purchasing lower-priced stocks because the brokerage commissions, as a percentage of the total transaction, tend to be higher for lower-priced stocks. A higher stock price after a reverse stock split could alleviate this concern.

The combination of lower transaction costs and increased interest from institutional investors and investment funds could have the effect of improving the trading liquidity of the Company's Common Stock.

Table of Contents

Certain Risk Factors Associated with the Reverse Stock Split

- While the Board of Directors believes that a higher stock price may help generate investor interest, there can be no assurance that the reverse stock split will result in any particular price for the Company's Common Stock or result in a per-share price that will attract institutional investors or investment funds or that such share price will satisfy the investing guidelines of institutional investors or investment funds. As a result, the trading liquidity of the Company's Common Stock may not necessarily improve.
- There can be no assurance that the market price per new share of the Company's Common Stock after a reverse stock split will remain unchanged or increase in proportion to the reduction in the number of shares of the Company's Common Stock outstanding before the reverse stock split. For example, based on the closing price of the Company's Common Stock on April 25, 2008 of \$0.09 per share, if the reverse stock split was implemented and approved for a reverse stock split ratio of 1-for-10, there can be no assurance that the post-split market price of the Company's Common Stock would be \$0.90 or greater. Accordingly, the total market capitalization of the Company's Common Stock, and the value of your holdings of our Common Stock, after the reverse stock split may be lower than the total market capitalization before the reverse stock split. Moreover, in the future, the market price of the Company's Common Stock following the reverse stock split may not exceed or remain higher than the market price prior to the reverse stock split.
- If the reverse stock split is effected and the market price of the Company's Common Stock declines, the percentage decline may be greater than would occur in the absence of a reverse stock split. The value of your holdings of our Common Stock would also decline in the same manner. The market price of the Company's Common Stock will, however, also be based on performance and other factors, which are unrelated to the number of shares outstanding. Furthermore, the liquidity of the Company's Common Stock could be adversely affected by the reduced number of shares that would be outstanding after the reverse stock split.

Impact of the Proposed Reverse Stock Split if Implemented

If approved and effected, the reverse stock split will be realized simultaneously and in the same ratio for all of the Company's Common Stock. The reverse stock split will affect all issued and outstanding shares of the Company's Common Stock and outstanding rights to acquire the Company's Common Stock uniformly. It will not affect any Stockholder's percentage ownership interest in the Company, except to the extent that the reverse stock split would result in any holder of the Company's Common Stock receiving whole shares instead of fractional shares. As described below, holders of the Company's Common Stock otherwise entitled to fractional shares as a result of the reverse stock split will receive whole shares in lieu of such fractional shares. In addition, the reverse stock split will not affect any Stockholder's proportionate voting power (subject to the treatment of fractional shares). After the reverse stock split, the number of authorized shares of Common Stock will be 100,000,000 shares and the number of unissued shares of Common Stock will be approximately 88,398,246 shares. Although the Company does not have any current plans, proposals or arrangements (written or otherwise) to issue any additional shares other than pursuant to equity plans and the potential conversion of secured convertible notes currently in existence and previously publicly announced transactions, the decrease in the number of authorized shares of our Common Stock will nevertheless make available a sufficient number of additional authorized but unissued shares of Common Stock for structuring possible future financings, in taking advantage of future business opportunities such as acquisitions and in meeting corporate needs as they arise.

The principal effects of the reverse stock split will be that:

- Each 10 shares of the Company's Common Stock owned by a Stockholder will be combined into one new share of Common Stock;

- the number of shares of Common Stock issued and outstanding will be reduced from approximately 116,017,539 shares to approximately 11,601,754 shares;
 - based upon the reverse stock split, proportionate adjustments will be made to the per-share exercise price and the number of shares issuable upon the exercise of all outstanding options, restricted stock awards and restricted stock units entitling the holders to purchase shares of Common Stock as set forth under provisions of our 2003 Stock Option, Deferred Stock and Restricted Stock Plan, which will result in approximately the same aggregate price being required to be paid for such options and restricted stock units upon exercise immediately preceding the reverse stock split;
- the number of shares reserved for issuance under the Company's 2003 Stock Option, Deferred Stock and Restricted Stock Plan will be reduced proportionately based upon the reverse stock split ratio selected by the Board of Directors; and,
- based upon the reverse stock split, proportionate adjustments will be made to the per-share exercise price and the number of shares issuable upon the exercise of all outstanding warrants to purchase shares of our Common Stock, which will result in approximately the same aggregate price being required to be paid for shares of our Common Stock upon exercise of such warrants immediately preceding the reverse stock split.

Table of Contents

In addition, if approved and implemented, the reverse stock split may result in some Stockholders owning “odd lots” of less than 100 shares of Common Stock. Odd lot shares may be more difficult to sell, and brokerage commissions and other costs of transactions in odd lots are generally somewhat higher than the costs of transactions in “round lots” of even multiples of 100 shares. The Board believes, however, that these potential effects are substantially outweighed by the benefits of the reverse stock split.

The Company will continue to have 10,000,000 authorized shares of Preferred Stock of which no shares are issued or outstanding. Authorized but unissued shares will be available for issuance, and we may issue such shares in the future. The exercise of stock options and warrants that have been granted or may be granted in the future will increase the number of issued and outstanding shares of our Common Stock. In addition, if we were to issue any additional shares in connection with any future financing, acquisition or other type of transaction, the ownership interest of holders of our Common Stock will be diluted.

Effective Date

The proposed reverse stock split of the Common Stock would become effective as of 11:59 p.m., Eastern Time, (the “Effective Date”) on the date of filing the Reverse Split Amendment with the office of the Delaware Secretary of State. Except as explained below with respect to fractional shares, on the Effective Date, each ten (10) shares of the Company’s Common Stock issued and outstanding immediately prior thereto will be converted, automatically and without any action on the part of the stockholders, into one (1) share of the Company’s Common Stock.

After the Effective Date, the Company’s Common Stock will have new committee on uniform securities identification procedures (“CUSIP”) numbers, which is a number used to identify the Company’s equity securities, and stock certificates with the older CUSIP numbers will need to be exchanged for stock certificates with the new CUSIP numbers by following the procedures described below.

After the Effective Date, the Company will continue to be subject to periodic reporting and other requirements of the Securities Exchange Act of 1934, as amended. The Company’s Common Stock will continue to be reported on the FINRA OTC Bulletin Board under the symbol “IRBO”, although FINRA will add the letter “D” to the end of the trading symbol for a period of 20 trading days after the Effective Date to indicate that the reverse stock split has occurred.

Board Discretion to Implement the Reverse Stock Split

If the reverse stock split is approved by the Company’s Stockholders, it will be effected, if at all, only upon a determination by the Board of Directors that a reverse stock split is in the best interests of the Company and the stockholders. The Board’s determination as to whether the reverse stock split will be effected will be based upon certain factors, including existing and expected marketability and liquidity of the Company’s Common Stock, prevailing market conditions and the likely effect on the market price of the Company’s Common Stock. If the Board determines to effect the reverse stock split, the Board, along with its experts, will consider various factors in selecting the ratio including the overall market conditions at the time and the recent trading history of the Common Stock. The Board of Directors is not required to implement the reverse stock split. If the Board of Directors does not implement the reverse stock split prior to March 31, 2009 the authority granted to the Board of Directors to implement the reverse stock split on these terms will terminate.

Fractional Shares

Stockholders will not receive fractional shares of Common Stock from the conversion of the one-for-ten ratio following the reverse stock split. Instead, stockholders will receive a full share of Common Stock for any fractional share interests created by the reverse split.

Effect on Registered and Beneficial Holders of Common Stock

Upon the reverse stock split, the Company intends to treat shares held by stockholders in “street name,” through a bank, broker or other nominee, in the same manner as registered stockholders whose shares are registered in their names. Banks, brokers or other nominees will be instructed to effect the reverse stock split for their beneficial holders holding the Company’s Common Stock in “street name”.

Effect on Registered “Book-Entry” Holders of Common Stock

Certain of the Company’s registered holders of Common Stock may hold some or all of their shares electronically in book-entry form with the Company’s transfer agent. These stockholders do not have stock certificates evidencing their ownership of the Company’s Common Stock. They are, however, provided with a statement reflecting the number of shares registered in their accounts.

If a Stockholder holds registered shares in book-entry form with the transfer agent, no action needs to be taken to receive post-reverse stock split shares. If a stockholder is entitled to post-reverse stock split shares, a transaction statement will automatically be sent to the stockholder’s address of record indicating the number of shares of Common Stock held following the reverse stock split.

Table of Contents

Effect on Certificated Shares

Stockholders holding shares of the Company's Common Stock in certificate form will be sent a transmittal letter by Stalt, Inc., our transfer agent, as soon as practicable after the Effective Date of the Reverse Split Amendment. The letter of transmittal will contain instructions on how a stockholder should surrender his or her certificate(s) representing shares of the Company's Common Stock ("Old Certificates") to the transfer agent in exchange for certificates representing the appropriate number of whole shares of Common Stock following the reverse split ("New Certificates"). No New Certificates will be issued to a stockholder until such stockholder has surrendered all Old Certificates, together with a properly completed and executed letter of transmittal, to the transfer agent. No Stockholder will be required to pay a transfer or other fee to exchange his, her or its certificates.

Stockholders will then receive a New Certificate(s) representing the number of whole shares of Common Stock to which they are entitled as a result of the reverse stock split. Until surrendered, the Company will deem outstanding Old Certificates held by stockholders to be canceled and only to represent the number of whole shares of Common Stock to which these Stockholders are entitled following the reverse stock split.

Any Old Certificates submitted for exchange, whether because of a sale, transfer or other disposition of stock, will automatically be exchanged for New Certificates.

If an Old Certificate has a restrictive legend on the back of the Old Certificate(s), the New Certificate will be issued with the same restrictive legends that are on the back of the Old Certificate(s).

STOCKHOLDERS SHOULD NOT DESTROY ANY STOCK CERTIFICATE(S) AND SHOULD NOT SUBMIT ANY STOCK CERTIFICATE(S) UNTIL REQUESTED TO DO SO.

Accounting Matters

The reverse stock split will not affect the par value of a share of the Company's Common Stock. As a result, as of the Effective Date of the reverse stock split, the stated capital attributable to Common Stock on the Company's balance sheet will be reduced proportionately based on the reverse stock split ratio (including a retroactive adjustment of prior periods), and the additional paid-in capital account will be credited with the amount by which the stated capital is reduced. Reported per-share net income or loss and net book value of the Company's Common Stock will be restated because there will be fewer shares of Common Stock outstanding.

Potential Anti-Takeover Effect

The proportion of unissued authorized shares to issued shares could, under certain circumstances, have an anti-takeover effect. For example, the issuance of a large block of Common Stock could dilute the stock ownership of a person seeking to effect a change in the composition of the Board of Directors or contemplating a tender offer or other transaction for the combination of the Company with another company. However, the reverse stock split proposal is not being proposed in response to any effort of which the Company is aware to accumulate shares of Common stock or obtain control of the Company, nor is it part of a plan by management to recommend to the Board and stockholders a series of amendments to the Company's Certificate of Incorporation, as amended. Other than the proposal for the Reverse Stock Amendment and the Increased Common Stock Amendment set forth in Proposal No. 2 above, the Board of Directors does not currently contemplate recommending the adoption of any other amendments to the Company's Certificate of Incorporation, as amended, that could be construed to reduce or interfere with the ability of third parties to take over or change the control of the Company.

Reasons for the Decrease in the Number of Authorized Shares of Our Common Stock

We currently have 250,000,000 shares of Common Stock authorized for issuance. In the event that Proposal No. 2 is approved by the shareholders, the authorized number of shares of our Common Stock will be increased to 450,000,000. In the event that Proposal No. 4 is approved by the shareholders effecting a one-for-ten reverse stock split the number of outstanding shares of our Common Stock will be 11,601,754. As such, we do not believe that it is in the best interests of the Company to maintain the authorized number of shares of our Common Stock at 250,000,000 or 450,000,000 and therefore the Reverse Split Amendment includes a decrease in the number of authorized shares of our Common Stock to 100,000,000. This decrease would become effective upon filing the proposed Reverse Split Amendment with the Secretary of State of the State of Delaware.

The Board has determined that with approval of the reverse split of our Common Stock a decrease in the number of authorized shares of our Common Stock will be sufficient for existing and future corporate purposes, and allow flexibility for issuances of Common Stock to raise additional capital, for strategic business opportunities that may be presented from time to time and to allow additional shares of Common Stock to be reserved and available for issuance under our 2003 Stock Option, Deferred Stock and Restricted Stock Plan. The decrease in the number of authorized shares of our Common Stock from filing of the Reverse Split Amendment, if approved by the stockholders, will not change the number of outstanding shares of Common Stock but will provide the Board with the ability to issue sufficient additional shares of Common Stock as it determines to be for proper corporate purposes and in the best interests of the Company.

Table of Contents

With the exception of the number of authorized shares of Common Stock, the rights and preferences of the shares of Common Stock prior and subsequent to the decrease in the number of authorized shares of Common Stock will remain the same. After the effectiveness of the Reverse Split Amendment, it is not anticipated that the financial condition of the Company, the percentage ownership of management, the number of the Company's stockholders, or any aspect of the Company's business would materially change solely as a result of the decreased number of authorized shares of Common Stock.

The Common Stock is currently registered under Section 12(g) of the Exchange Act, and as a result, the Company is subject to the periodic reporting and other requirements of the Exchange Act. The decreased number of authorized shares of our Common Stock will not affect the registration of the Common Stock under the Exchange Act. If the proposed Reverse Split Amendment is implemented, our Common Stock will continue to be reported on the OTC Bulletin Board under the symbol "IRBO."

Effects of the Decrease in the Number of Authorized Shares of Common Stock

As a result of the decreased number of authorized shares of Common Stock, there will be a decrease in the total number of authorized shares of Common Stock that the Company may issue including the number of shares of Common Stock unissued and available for future issuance. This will decrease the number of shares of available Common Stock for issuance to raise capital for any proper corporate purpose approved by the Board of Directors, including future financing transactions as compared to what would be available upon approval of Proposal No. 2 for the Increased Common Stock Amendment. Currently, we have 24,472,796 shares of Common Stock available for issuance prior to approval of Proposal No. 2 or Proposal No. 4. Because of the reverse split which will be effected upon approval of the Reverse Split Amendment under Proposal No. 4, there will be additional authorized shares of Common Stock available for issuance compared to what is currently available even with the decrease in the number of authorized shares of which may have the effect of diluting the earnings per share and book value per share, as well as the stock ownership and voting rights, of the currently outstanding shares of our Common Stock. The effective of this may be construed as having an anti-takeover effect by permitting the issuance of shares to purchasers who might oppose a hostile takeover bid or oppose any efforts to amend or repeal certain provisions of our Certificate of Incorporation or our Bylaws. The increased authorized Common Stock is not being proposed in response to any effort of which management of the Company is aware to accumulate shares of Common Stock or obtain control of the Company, nor is it part of a similar plan by management.

Holders of the Common Stock have no preemptive or other subscription rights.

Shares of Common Stock Issued and Outstanding

The Company is currently authorized to issue a maximum of 250,000,000 shares of Common Stock. As of the Record Date of April 28, 2008, there were approximately 116,017,539 shares of Common Stock issued and outstanding. As of that date, an additional 58,739,637 shares of Common Stock were issuable upon exercise of outstanding stock options and warrants, an additional 75,028 shares were reserved under our stock option plans for future grants of options, 50,695,000 shares are reserved per outstanding contracts and convertible debt obligations. The Increased Common Stock Amendment will not change the number of outstanding shares of Common Stock but will provide the Board with the ability to issue additional shares of Common Stock as it determines to be for proper corporate purposes and in the best interests of the Company.

The holders of our Common Stock are entitled to one vote per share on all matters submitted to a vote of our stockholders. In addition, such holders are entitled to receive ratably such dividends, if any, as may be declared from time to time by our Board of Directors out of funds legally available therefore. No dividends may be paid on the Common Stock until all accrued but unpaid dividends on the shares of our preferred stock have been paid.

In the event of the dissolution, liquidation or winding up of our company, the holders of Common Stock are entitled to share ratably in all assets remaining after payment of all liabilities of our company and the preference amount distributable to the holders of the shares of preferred stock. The holders of Common Stock do not have any subscription, redemption or conversion rights, nor do they have any preemptive or other rights to acquire or subscribe for additional, unissued or treasury shares.

With the exception of the number of authorized shares of Common Stock, the rights and preferences of the shares of Common Stock prior and subsequent to the increased authorized Common Stock will remain the same. After the effectiveness of the Increased Authorized Common Stock Amendment, it is not anticipated that the financial condition of the Company, the percentage ownership of management, the number of the Company's stockholders, or any aspect of the Company's business would materially change solely as a result of the increased number of authorized shares of Common Stock.

The Common Stock is currently registered under Section 12(g) of the Exchange Act, and as a result, the Company is subject to the periodic reporting and other requirements of the Exchange Act. The increased authorized Common Stock will not affect the registration of the Common Stock under the Exchange Act. If the proposed Increased Common Stock Amendment is implemented, our Common Stock will continue to be reported on the OTC Bulletin Board under the symbol "IRBO."

No Appraisal Rights

The Company's stockholders are not entitled to appraisal rights under the Delaware General Corporation Law, the Company's Certificate of Incorporation, as amended, or Bylaws with regard to the proposed Reverse Stock Amendment, and the Company will not independently provide stockholders with any such right. There may exist other rights or actions under state law for stockholders who are aggrieved by an increase in authorized shares generally. Although the nature and extent of such rights or actions are uncertain and may vary depending upon the facts or circumstances, stockholder challenges to corporate action in general are related to the fiduciary responsibilities of corporate officers and directors and to the fairness of corporate transactions.

Effect on Legal Ability to Pay Dividends

The Increased Common Stock Amendment will have no material impact on the legal ability of the Company to pay dividends.

United States Federal Income Tax Consequences Of The Reverse Stock Split

The following is summary of certain material United States federal income tax consequences of the reverse stock split and does not purport to be a complete discussion of all of the possible federal income tax consequences of the reverse stock split. This summary is included for general information only. Further, it does not address any state, local or foreign income or other tax consequences. Also, it does not address the tax consequences to holders that are subject to special tax rules, such as banks, insurance companies, regulated investment companies, personal holding companies, foreign entities, nonresident alien individuals, broker-dealers and tax-exempt entities. The discussion is based on the provision of the United States federal income tax law as of the date hereof, which is subject to change retroactively as well as prospectively. This summary also assumes that the pre-reverse stock split shares were, and the post-reverse stock split shares will be, held as a "capital asset," as defined in the Internal Revenue Code of 1986, as amended (i.e., generally, property held for investment). The tax treatment of a stockholder may vary depending upon the particular facts and circumstances of such stockholder. Each stockholder is urged to consult with such stockholders own tax advisor with respect to the tax consequences of the Reverse Stock Amendment. As used herein, the term United States holder means a stockholder that is, for federal income tax purposes: a citizen or resident of the United States; a corporation or other entity taxed as a corporation created or organized in or under the laws of the United States, any

state of the United States or the District of Columbia; an estate the income of which is subject to federal income tax regardless of its source; or a trust if a U.S. court is able to exercise primary supervision over the administration of the trust and one or more U.S. persons have the authority to control all substantial decision of the trust.

Other than receiving whole shares for fractional shares discussed above, no gain or loss should be recognized by a stockholder upon such stockholder's exchange of pre-reverse stock split shares for post-reverse stock split shares pursuant to the reverse stock split.

In the reverse stock split (including any fraction of a post-reverse stock split share deemed to have been received), the tax basis will be the same as the stockholder's aggregate tax basis in the pre-reverse stock split shares exchanged therefore. The stockholder's holding period for the post-reverse stock split shares will include the period during which the stockholder held the pre-reverse stock split shares surrendered in the reverse stock split.

The Company's view regarding the tax consequences of the reverse stock split is not binding on the Internal Revenue Service or the courts. Accordingly, each stockholder should consult with his or her own tax advisor with respect to all of the potential tax consequences to him or her of the reverse stock split.

TO ENSURE COMPLIANCE WITH TREASURY DEPARTMENT CIRCULAR 230, STOCKHOLDERS ARE HEREBY NOTIFIED THAT: (A) ANY DISCUSSION OF FEDERAL TAX ISSUES IN THIS PROXY STATEMENT IS NOT INTENDED OR WRITTEN TO BE RELIED UPON, AND CANNOT BE RELIED UPON BY STOCKHOLDERS FOR THE PURPOSE OF AVOIDING PENALTIES THAT MAY BE IMPOSED ON STOCKHOLDERS UNDER THE INTERNAL REVENUE CODE; (B) SUCH DISCUSSION IS INCLUDED HEREIN BY THE COMPANY IN CONNECTION WITH THE PROMOTION OR MARKETING (WITHIN THE MEANING OF CIRCULAR 230) BY THE COMPANY OF THE TRANSACTIONS OR MATTERS ADDRESSED HEREIN; AND (C) STOCKHOLDERS SHOULD SEEK ADVICE BASED ON THEIR PARTICULAR CIRCUMSTANCES FROM AN INDEPENDENT TAX ADVISOR.

Canadian Federal Income Tax Considerations of the Reverse Stock Split

The following summary describes the principal Canadian federal income tax considerations under the Income Tax Act (Canada) (the "Tax Act") generally applicable to stockholders whose shares are consolidated pursuant to the reverse stock split and who, for purposes of the Tax Act, are resident in Canada, hold their shares as capital property and deal at arm's length and are not affiliated with the Company.

This summary is based on the current provisions of the Tax Act, the regulations thereunder (the "Regulations"), and counsel's understanding of the current published administrative and assessing practices of the Canada Revenue Agency and takes into account all specific proposals to amend the Tax Act and the Regulations publicly announced by the Minister of Finance (Canada) prior to the date hereof. This summary does not take into account or anticipate any other changes in law or administrative practices, whether by judicial, governmental or legislative action or decision, nor does it take into account provincial, territorial or foreign income tax legislation or considerations.

This summary is of a general nature only and is not intended to be, and should not be construed to be, legal or tax advice to any particular stockholder. Stockholders should consult their own tax advisors as to the tax consequences in their particular circumstances.

A stockholder will not realize a capital gain or a capital loss as a result of implementation of the Reverse Stock Amendment.

AMENDED AND RESTATED BYLAWS

Since the completion of the statutory merger in July 2003, our Bylaws have not been amended. Our Board has determined that it is in the best interest of the Company to update our Bylaws to current Delaware law, to update who can call a special meeting of the stockholders, to update provisions regarding the number and term of office of directors and the process of filling vacancies on the Board, to update provisions regarding the issuance of shares, share certificates and matters related to the transfer of shares, and other minor stylistic, definitional and clarifying drafting alterations.

The Board of Directors has approved the Amended and Restated Bylaws as permitted under provisions of the Bylaws and no stockholder approval is needed for amending the Bylaws. All that is required is that notice of the amended Bylaws is given in the notice of the meeting of stockholders. Therefore, a copy of the entire text of the Amended and Restated Bylaws, which sets forth the amendments discussed above is attached as Appendix D. The above description of the amendments to the Amended and Restated Bylaws are a summary only and you should read the Amended and Restated Bylaws that are attached in their entirety.

The Amended and Restated Bylaws have been approved by our Board of Directors and no vote of the stockholders is required for approval.

SECTION 16(a) BENEFICIAL OWNERSHIP
REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934 requires our executive officers and directors, and persons who own more than ten percent of a registered class of our equity securities to file reports of ownership and changes in ownership with the Securities and Exchange Commission. Executive officers, directors and greater than 10% Stockholders are required by SEC regulation to furnish us with copies of all Section 16(a) forms they file. Based solely on its review of the copies of such forms received by us during the year ended December 31, 2007, we believe that, during such year none of our executive officers, directors, and ten percent Stockholders have complied with such filing requirements.

SHAREHOLDER PROPOSALS

Shareholders are hereby notified that if they wish a proposal to be included in our proxy statement and form of proxy relating to the 2009 Annual Meeting of Shareholders, they must deliver a written copy of their proposal a reasonable time before the Company begins to print and mail its proxy materials for the meeting. Proposals must comply with the proxy rules relating to stockholder proposals, in particular Rule 14a-8 under the Securities Exchange Act of 1934, in order to be included in our proxy materials.

Proposals to be Submitted for Annual Meeting

In the absence of a quorum at any meeting or any adjournment thereof, a majority in voting interest of the stockholders present in person or by proxy and entitled to vote thereat or, in the absence therefrom of all the stockholders, any officer entitled to preside at, or to act as secretary of, such meeting may adjourn such meeting from time to time. At any such adjourned meeting at which a quorum is present, any business may be transacted that might have been transacted at the meeting as originally called.

SECTION 2.7 Voting.

(A) Each stockholder shall, at each meeting of stockholders, be entitled to vote, in the manner prescribed by the Corporation's Certificate of Incorporation, in person or by proxy each share of the stock of the Corporation that has voting rights on the matter in question and that shall have been held by such stockholder and registered in such stockholder's name on the books of the Corporation:

(ii) if no such record date shall have been so fixed, then (a) at the close of business on the business day next preceding the day upon which notice of the meeting shall be given or (b) if notice of the meeting shall be waived, at the close of business on the business day next preceding the day upon which the meeting shall be held.

(B) Shares of the Corporation's own stock belonging to the Corporation or to another corporation, if a majority of the shares entitled to vote in the election of directors in such other corporation is held, directly or indirectly, by the Corporation, shall neither be entitled to vote nor be counted for quorum purposes. Persons holding stock of the Corporation in a fiduciary capacity shall be entitled to vote such stock. Persons whose stock is pledged shall be entitled to vote, unless in the transfer by the pledgor on the books of the Corporation the pledgor shall have expressly

empowered the pledgee to vote thereon, in which case only the pledgee, or the pledgee's proxy, may represent such stock and vote thereon. Stock having voting power standing of record in the names of two or more persons, whether fiduciaries, members of a partnership, joint tenants, tenants in common, tenants by the entirety or otherwise, or with respect to which two or more persons have the same fiduciary relationship, shall be voted in accordance with the provisions of the Delaware General Corporation Law, as the same exists or may hereafter be amended (the "DGCL").

Table of Contents

(C) Subject to the provisions of the Corporation's Certificate of Incorporation, any such voting rights may be exercised by the stockholder entitled thereto in person or by such stockholder's proxy appointed by an instrument in writing, subscribed by such stockholder or by such stockholder's attorney thereunto authorized and delivered to the secretary of the meeting. The attendance at any meeting of a stockholder who may theretofore have given a proxy shall not have the effect of revoking the same unless such stockholder shall in writing so notify the secretary of the meeting prior to the voting of the proxy. At any meeting of stockholders at which a quorum is present, all matters, except as otherwise provided in the Certificate of Incorporation, in these Bylaws or by law, shall be decided by the vote of a majority in voting interest of the stockholders present in person or by proxy and entitled to vote thereat and thereon. The vote at any meeting of stockholders on any question need not be by ballot, unless so directed by the chairman of the meeting. On a vote by ballot, each ballot shall be signed by the stockholder voting, or by such stockholder's proxy, if there be such proxy, and it shall state the number of shares voted.

SECTION 2.8 Inspectors of Election.

Prior to each meeting of stockholders, the Chairman of such meeting shall appoint an inspector(s) of election to act with respect to any vote. Each inspector of election so appointed shall first subscribe an oath faithfully to execute the duties of an inspector of election at such meeting with strict impartiality and according to the best of such inspector of election's ability. Such inspector(s) of election shall decide upon the qualification of the voters and shall certify and report the number of shares represented at the meeting and entitled to vote on any question, determine the number of votes entitled to be cast by each share, shall conduct the vote and, when the voting is completed, accept the votes and ascertain and report the number of shares voted respectively for and against each question, and determine, and retain for a reasonable period a record of the disposition of, any challenge made to any determination made by such inspector(s) of election. Reports of inspector(s) of election shall be in writing and subscribed and delivered by them to the Secretary of the Corporation. The inspector(s) of election need not be stockholders of the Corporation, and any officer of the Corporation may be an inspector(s) of election on any question other than a vote for or against a proposal in which such officer shall have a material interest. The inspector(s) of election may appoint or retain other persons or entities to assist the inspector(s) of election in the performance of the duties of the inspector(s) of election.

To be timely, a stockholder's notice shall be delivered to the secretary at the principal executive offices of the Corporation not later than the close of business on the 60th day nor earlier than the close of business on the 90th day prior to the first anniversary of the preceding year's annual meeting; provided, however, that in the event that the date of the annual meeting is advanced by more than 30 days or delayed by more than 60 days from such anniversary date or if the Corporation has not previously held an annual meeting, notice by the stockholder to be timely must be so delivered not earlier than the close of business on the 90th day prior to such annual meeting and not later than the close of business on the later of the 60th day prior to such annual meeting or the tenth day following the day on which public announcement of the date of such meeting is first made by the Corporation. In no event shall the public announcement of a postponement or adjournment of an annual meeting to a later date or time commence a new time period for the giving of a stockholder's notice as described above.

Such stockholder's notice shall set forth (I) as to each person whom the stockholder proposes to nominate for election or reelection as a director (a) all information relating to such person that is required to be disclosed in solicitations of proxies for election of directors in an election contest, or is otherwise required, in each case pursuant to Regulation 14A under the Securities Exchange Act of 1934, as amended (or any successor thereto) (including such person's written consent to being named in the proxy statement as a nominee and to serving as a director if elected), (b) the name and address of the stockholder who intends to make the nomination and of the person or persons to be nominated, (c) a representation that the stockholder is a holder of record of stock of the Corporation entitled to vote at such meeting and intends to appear in person or by proxy at the meeting and nominate the person or persons specified in the notice; (d) a description of all arrangements or understandings between the stockholder and each nominee and any other person or persons (naming such person or persons) pursuant to which the nomination or nominations are to be made by the stockholder; and (e) such other information regarding each nominee proposed by such stockholder as would be required to be included in a proxy statement filed pursuant to the proxy rules of the United States Securities and Exchange Commission had the nominee been nominated, or intended to be nominated, by the Board, (II) as to any other business that the stockholder proposes to bring before the meeting, a brief description of the business desired to be brought before the meeting, the reasons for conducting such business at the meeting and any material interest in such business of such stockholder and the beneficial owner, if any, on whose behalf the proposal is made; and (III) as to the stockholder giving the notice and the beneficial owner, if any, on whose behalf the nomination or proposal is made (a) the name and address of such stockholder, as they appear on the Corporation's books, and of such beneficial owner, and (b) the class and number of shares of the corporation which are owned beneficially and of record by such stockholder and such beneficial owner. In addition, the stockholder making such proposal shall promptly provide any other information reasonably requested by the Corporation. Notwithstanding anything in these Bylaws to the contrary, no business shall be conducted at any meeting of the stockholders except in accordance with the procedures set forth in this Section 2.9(A). The Chairman of any such meeting shall direct that any nomination or business not properly brought before the meeting shall not be considered.

Prompt notice of the taking of the corporate action without a meeting by less than unanimous written consent shall be given to those stockholders who have not consented in writing.

Except as otherwise provided in the Certificate of Incorporation, as amended, if a vacancy occurs on the Board from whatever cause, including a vacancy resulting from an increase in the number of Directors, the Board may fill the vacancy, or, if the directors in office constitute less than a quorum of the Board, they may fill the vacancy by the affirmative vote of a majority of the remaining directors then in office. The stockholders may fill a vacancy only if there are no Directors in office. A Director elected to fill a vacancy shall serve only until his successor has been duly elected and qualified. No decrease in the number of directors constituting the Board of Directors shall shorten the term of any incumbent director.

SECTION 3.7 Place of Meeting.

The Board or any committee thereof may hold any of its meetings at such place or places within or without the State of Delaware as the Board or such committee may from time to time by resolution designate or as shall be designated by the person or persons calling the meeting or in the notice or a waiver of notice of any such meeting. Directors may participate in any regular or special meeting of the Board or any committee thereof by means of conference telephone or similar communications equipment pursuant to which all persons participating in the meeting of the Board or such committee can hear each other, and such participation shall constitute presence in person at such meeting.

SECTION 3.8 Regular Meetings.

Regular meetings of the Board may be held at such times as the Board shall from time to time by resolution determine.

SECTION 3.9 Special Meetings.

Special meetings of the Board for any purpose or purposes shall be called at any time by the Chairman of the Board or, if the Chairman of the Board is absent or unable or refuses to act, by the Chief Executive Officer or the President, and may also be called by any two members of the Board. Except as otherwise provided by law or by these Bylaws, written notice of the time and place of special meetings shall be delivered personally or by facsimile to each director, or sent to each director by mail or by other form of written communication, charges prepaid, addressed to such director at such director's address as it is shown upon the records of the Corporation, or, if it is not so shown on such records and is not readily ascertainable, at the place in which the meetings of the directors are regularly held. In case such notice is mailed or telegraphed, it shall be deposited in the United States mail or delivered to the telegraph company in the County in which the principal office for the transaction of the business of the Corporation is located at least 48 hours prior to the time of the holding of the meeting. In case such notice is delivered personally or by facsimile as above provided, it shall be delivered at least 24 hours prior to the time of the holding of the meeting. Such mailing, telegraphing, delivery or facsimile transmission as above provided shall be due, legal and personal notice to such director. Except where otherwise required by law or by these Bylaws, notice of the purpose of a special meeting need not be given. Notice of any meeting of the Board shall not be required to be given to any director who is present at such meeting, except a director who shall attend such meeting for the express purpose of objecting, at the beginning of the meeting, to the transaction of any business because the meeting is not lawfully called or convened.

SECTION 3.10 Quorum and Manner of Acting.

Except as otherwise provided in these Bylaws, the Certificate of Incorporation or by applicable law, the presence of a majority of the authorized number of directors shall be required to constitute a quorum for the transaction of business at any meeting of the Board, and all matters shall be decided at any such meeting, a quorum being present, by the affirmative votes of a majority of the directors present. A meeting at which a quorum is initially present may continue to transact business notwithstanding the withdrawal of directors, provided any action taken is approved by at least a majority of the required quorum for such meeting. In the absence of a quorum, a majority of directors present at any meeting may adjourn the same from time to time until a quorum shall be present. Notice of any adjourned meeting need not be given. The directors shall act only as a Board, and the individual directors shall have no power as such.

SECTION 3.11 Action by Unanimous Written Consent.

Any action required or permitted to be taken at any meeting of the Board or of any committee thereof may be taken without a meeting if consent in writing is given thereto by all members of the Board or of such committee, as the case may be, and such consent is filed with the minutes of proceedings of the Board or of such committee.

SECTION 3.12 Compensation.

Directors, whether or not employees of the Corporation or any of its subsidiaries, may receive an annual fee for their services as directors in an amount fixed by resolution of the Board plus other compensation, including options to acquire capital stock of the Corporation, in an amount and of a type fixed by resolution of the Board, and, in addition, a fixed fee, with or without expenses of attendance, may be allowed by resolution of the Board for attendance at each meeting, including each meeting of a committee of the Board. Nothing herein contained shall be construed to preclude any director from serving the Corporation in any other capacity as an officer, agent, employee, or otherwise, and receiving compensation therefor.

SECTION 3.13 Committees.

The Board may, by resolution passed by a majority of the whole Board, designate one or more committees, each committee to consist of one or more of the directors of the Corporation. Any such committee, to the extent provided in the resolution of the Board and subject to any restrictions or limitations on the delegation of power and authority imposed by applicable law, shall have and may exercise all the powers and authority of the Board in the management of the business and affairs of the Corporation, and may authorize the seal of the Corporation to be affixed to all papers which may require it. Any such committee shall keep written minutes of its meetings and report the same to the Board at the next regular meeting of the Board. Unless the Board or these Bylaws shall otherwise prescribe the manner of proceedings of any such committee, meetings of such committee may be regularly scheduled in advance and may be called at any time by the chairman of the committee or by any two members thereof; otherwise, the provisions of these Bylaws with respect to notice and conduct of meetings of the Board shall govern.

SECTION 3.14 Affiliated Transactions.

Notwithstanding any other provision of these Bylaws, each transaction, or, if an individual transaction constitutes a part of a series of transactions, each series of transactions, proposed to be entered into between the Corporation, on the one hand, and any affiliate of the Corporation, on the other hand, must be approved by the Board. For the purposes of this Section 3.14, (a) "affiliate" shall mean (i) any person that, directly or indirectly, controls or is controlled by or is under common control with the Corporation, (ii) any other person that owns, beneficially, directly or indirectly, twenty percent (20%) or more of the outstanding capital shares, shares or equity interests of the Corporation, or (iii)

any officer or director of the Corporation; (b) "person" shall mean and include individuals, corporations, general and limited partnerships, stock companies or associations, joint ventures, associations, companies, trusts, banks, trust companies, land trusts, business trusts or other entities and governments and agencies and political subdivisions thereof; and (c) "control" (including the correlative meanings of the terms "controlled by" and "under common control with"), as used with respect to any person, shall mean the possession, directly or indirectly, of the power to direct or cause the direction of the management and policies of such person, through the ownership of voting securities, partnership interests or other equity interests.

The Board of Directors may, in its discretion, determine the method and designate the signatory officer or officers, or other person or persons, to execute on behalf of the Corporation the corporate name without limitation, or enter into contracts on behalf of the Corporation, except where otherwise provided by law or these Bylaws, and such execution or signature shall be binding upon the Corporation. Such authority may be general or confined to specific instances, and unless so authorized by the Board or by these Bylaws, no officer, agent, or employee shall have any power or authority to bind the Corporation by any contract or engagement or to pledge its credit or to render it liable for any purpose or in any amount.

SECTION 5.2 Checks, Drafts, Etc.

All checks, drafts or other orders for payment of money, notes or other evidence of indebtedness, issued in the name of or payable to the Corporation, shall be signed or endorsed by such person or persons and in such manner as, from time to time, shall be determined by resolution of the Board. Each such officer, assistant, agent or attorney shall give such bond, if any, as the Board may require.

ARTICLE VI: SHARES AND THEIR TRANSFER

SECTION 6.1 Certificates of Stock.

Shares of the capital stock of the Corporation may be certificated or uncertificated, as provided under the General Corporation Law of the State of Delaware. Each stockholder, upon written request to the transfer agent or registrar of the Corporation, shall be entitled to a certificate of the capital stock of the Corporation in such form as may from time to time be prescribed by the Board of Directors. Such certificate shall be numbered in the order in which they shall be issued and shall bear the Corporation seal and shall be signed by the Chairman of the Board of the President or a Vice President and by the Treasurer or an Assistant Treasurer or the Secretary or an Assistant Secretary. The Corporation seal and the signatures by corporation officers may be facsimiles if the certificate manually countersigned by an authorized person on behalf of a transfer agent or registrar other than the Corporation or its employee. In case any officer, transfer agent or registrar who has signed or whose facsimile signature has been placed on such certificate shall have ceased to be such officer, transfer agent or registrar before such certificate is issued, it may be issued by the Corporation with the same effect as if such officer, transfer agent or registrar were such officer, transfer agent or registrar at the time of its issue. Every certificate for shares of stock which are subject to any restriction on transfer and every certificate issued when the Corporation is authorized to issue more than one class or series of stock shall contain such legend with respect thereto as is required by law. A record shall be kept of the respective names of the persons, firms or corporations owning the stock represented by such certificates, the number and class or series of shares represented by such certificates, respectively, and the respective dates thereof, and in the case of cancellation, the respective dates of cancellation.

SECTION 6.2. Transfers.

Subject to any restrictions on transfer and unless otherwise provided by the Board of Directors, shares of stock may be transferred only on the books of the Corporation, if such shares are certificated, by the surrender to the Corporation or its transfer agent of the certificate therefore properly endorsed or accompanied by a written assignment or power of attorney properly executed, with transfer stamps (if necessary) affixed, or upon proper instructions from the holder of uncertificated shares, in each case with such proof of the authenticity of signature as the Corporation or its transfer agent may reasonably require.

SECTION 6. 3. Record Holders.

Except as may otherwise be required by law, by the Certificate of Incorporation or by these By-laws, the Corporation shall be entitled to treat the record holder of stock as shown on its books as the owner of such stock for all purposes, including the payment of dividends and the right to vote with respect thereto, regardless of any transfer, pledge or other disposition of such stock, until the shares have been transferred on the books of the Corporation in accordance with the requirements of these Bylaws.

It shall be the duty of each stockholder to notify the Corporation of his, her or its post office address and any changes thereto.

SECTION 6.4. Record Date.

In order that the Corporation may determine the stockholders entitled to receive notice of or to vote at any meeting of stockholders or any adjournments thereof, or to express consent to corporate action in writing without a meeting, or entitled to receive payment of any dividend or other distribution or allotment of any rights, or entitled to exercise any rights in respect of any change, conversion or exchange of stock or for the purpose of any other lawful action, the Board of Directors may fix, in advance, a record date, which, (i) with respect to any meeting of stockholders, shall be

not more than 60 nor less than 10 days (except as otherwise required by law) before the date of such meeting, (ii) with respect to corporate action without a meeting, shall be not more than 10 days after the date on which the resolution fixing the record date is adopted by the Board of Directors and (iii) with respect to any other lawful action, shall be not more than 60 days prior to such action. In such case, only stockholders of record on such record date shall be so entitled, notwithstanding any transfer of stock on the books of the Corporation after the record date.

If no record date is fixed: (i) the record date for determining stockholders entitled to receive notice of or to vote at a meeting of stockholders shall be at the close of business on the day next preceding the day on which notice is given, or, if notice is waived, at the close of business on the day next preceding the day on which the meeting is held; (ii) the record date for determining stockholders entitled to express consent to corporate action in writing without a meeting, when no prior action by the Board of Directors is necessary, shall be the day on which the first written consent is expressed; and (iii) the record date for determining stockholders for any other purpose shall be at the close of business on the day on which the Board of Directors adopts the resolution relating thereto.

SECTION 6. 5. Replacement of Certificates.

In case of the alleged loss, destruction or mutilation of a certificate of stock, a duplicate certificate may be issued in place thereof, upon such terms as the Board of Directors may prescribe; provided, however, that if such shares have ceased to be certificated, a new certificate shall be issued only upon written request to the transfer agent or registrar of the Corporation.

SECTION 6.6 Regulations.

The Board may make such rules and regulations as it may deem expedient, not inconsistent with these Bylaws, concerning the issue, transfer and registration of certificates for shares of the stock of the Corporation. It may appoint, or authorize any officer or officers to appoint, one or more transfer clerks or one or more transfer agents and one or more registrars, and may require all certificates for stock to bear the signature or signatures of any of them.

ARTICLE VII: INDEMNIFICATION

SECTION 7.1 Indemnification of Directors and Officers.

To the fullest extent permitted by the Delaware General Corporation Law, as the same exists or may hereafter be amended (provided that the effect of any such amendment shall be prospective only) (the "Delaware Law"), a director of the Corporation shall not be liable to the Corporation or its stockholders for monetary damages for breach of his or her fiduciary duty as a director. The Corporation shall indemnify, in the manner and to the fullest extent permitted by the Delaware Law (but in the case of any such amendment, only to the extent that such amendment permits the Corporation to provide broader indemnification rights than permitted prior thereto), any person (or the estate of any person) who is or was a party to, or is threatened to be made a party to, any threatened, pending or completed action, suit or proceeding, whether or not by or in the right of the Corporation, and whether civil, criminal, administrative, investigative or otherwise, by reason of the fact that such person is or was a director or officer of the Corporation, or is or was serving at the request of the Corporation as a director or officer of another corporation, partnership, joint venture, trust or other enterprise. The Corporation may, to the fullest extent permitted by the Delaware Law, purchase and maintain insurance on behalf of any such person against any liability which may be asserted against such person. The Corporation may create a trust fund, grant a security interest or use other means (including without limitation a letter of credit) to ensure the payment of such sums as may become necessary or desirable to effect the indemnification as provided herein. To the fullest extent permitted by the Delaware Law, the indemnification provided herein shall include expenses as incurred (including attorneys' fees), judgments, fines and amounts paid in settlement and any such expenses shall be paid by the Corporation in advance of the final disposition of such action, suit or proceeding upon receipt of an undertaking by or on behalf of the person seeking indemnification to repay such amounts if it is ultimately determined that he or she is not entitled to be indemnified. Notwithstanding the foregoing or any other provision of this Section 7.1, no advance shall be made by the Corporation if a determination is reasonably and promptly made by the Board by a majority vote of a quorum of disinterested Directors, or (if such a quorum is not obtainable or, even if obtainable, a quorum of disinterested Directors so directs) by independent legal counsel to the Corporation, that, based upon the facts known to the Board or such counsel at the time such determination is made, (a) the party seeking an advance acted in bad faith or deliberately breached his or her duty to the Corporation or its stockholders, and (b) as a result of such actions by the party seeking an advance, it is more likely than not that it will ultimately be determined that such party is not entitled to indemnification pursuant to the provisions of this Section 7.1. The indemnification provided herein shall not be deemed to limit the right of the Corporation to indemnify any other person for any such expenses to the fullest extent permitted by the Delaware Law, nor shall it be deemed exclusive of any other rights to which any person seeking indemnification from the Corporation may be entitled under any agreement, the Corporation's Bylaws, vote of stockholders or disinterested directors, or otherwise, both as to action in such person's official capacity and as to action in another capacity while holding such office. The Corporation may, but only to the extent that the Board of Directors may (but shall not be obligated to) authorize from time to time, grant rights to indemnification and to the advancement of expenses to any employee or agent of the Corporation to the fullest extent of the provisions of this Section 7.1 as it applies to the indemnification and advancement of expenses of directors and officers of the Corporation.

SECTION 7.2 Indemnification of Employees and Agents.

Subject to Section 7.1, the Corporation may, but only to the extent that the Board may (but shall not be obligated to) authorize from time to time, grant rights to indemnification and to the advancement of expenses to any employee or agent of the Corporation to the fullest extent of the provisions of this Article VII as they apply to the indemnification and advancement of expenses of directors and officers of the Corporation.

SECTION 7.3 Enforcement of Indemnification.

The rights to indemnification and the advancement of expenses conferred above shall be contract rights. If a claim under this Article VII is not paid in full by the Corporation within 60 days after written claim has been received by the Corporation, except in the case of a claim for an advancement of expenses, in which case the applicable period shall be 20 days, the indemnitee may at any time thereafter bring suit against the Corporation to recover the unpaid amount of such claim. If successful in whole or in part in any such suit, or in a suit brought by the Corporation to recover an advancement of expenses pursuant to the terms of an undertaking, the indemnitee shall be entitled to be paid also the expenses of prosecuting or defending such suit. In (i) any suit brought by the indemnitee to enforce a right to indemnification hereunder (but not in a suit brought by the indemnitee to enforce a right to an advancement of expenses) it shall be a defense that, and (ii) any suit by the Corporation to recover an advancement of expenses pursuant to the terms of an undertaking the Corporation shall be entitled to recover such expenses upon a final adjudication that, the indemnitee has not met any applicable standard for indemnification set forth in the DGCL. Neither the failure of the Corporation (including its Board, independent legal counsel or stockholders) to have made a determination prior to the commencement of such suit that indemnification of the indemnitee is proper in the circumstances because the indemnitee has met the applicable standard of conduct set forth in the DGCL, nor an actual determination by the Corporation (including its Board, independent legal counsel or stockholders) that the indemnitee has not met such applicable standard of conduct, shall either create a presumption that the indemnitee has not met the applicable standard of conduct or, in the case of such a suit brought by the indemnitee, be a defense to such suit. In any suit brought by the indemnitee to enforce a right to indemnification or to an advancement of expenses hereunder, or by the Corporation to recover an advancement of expenses pursuant to the terms of an undertaking, the burden of proving that the indemnitee is not entitled to be indemnified, or to such advancement of expenses, under this Article VII or otherwise shall be on the Corporation.
