Tenaris S.A. Annual Report December 2003

The board of directors of Tenaris S.A. submits the annual accounts in accordance with the Luxembourg legal and regulatory requirement for the year 2003.

#### Results for the period

Tenaris S.A. s net income for the year ended December 31, 2003 totaled USD 201.5 million, compared to USD 8.9 million for the period December 17, 2001 the date of incorporation- to December 31, 2002.

During this fiscal year, Tenaris S.A. obtained dividends totaling USD 207.2 million, from its investments in Tubos de Acero de México S.A. de C.V. (Tamsa) USD 53.8 million-, Siderca S.A.I.C. (Siderca) USD 122.9 million- and Invertub S.A. (Invertub) USD 30.5 million-.

The consolidated net sales of Tenaris S.A. and its subsidiaries during 2003 remained substantially at the same level as in 2002 with increases in seamless and energy sales offset by a decrease in welded sales. However, operating income was lower due to the 40% decrease in welded sales and the recording in other operating expenses of a substantial loss in relation to a lawsuit brought against a subsidiary in Italy by a consortium led by BHP Billiton Petroleum Ltd.

#### Investment activity and capital increase

Subsequent acquisitions of Dalmine, Siderca and Tamsa

As of December 31st, 2003, Tenaris S.A. had investments in affiliated companies totaling USD 2.163.4 million, compared to USD 2,071.4 million at December 31st, 2002. The year-on-year increase in investments stems from subsequent acquisitions of equity interests in Dalmine S.p.a. (Dalmine), Siderca and Tamsa, following the successful Exchange Offer completed during 2002.

<sup>(1)</sup> Formerly Abeluz S.A.

On June 2003, Tenaris launched a residual cash public offer for the remaining shares of Dalmine in accordance with the regulations of the Italian securities regulator Consob-. Following this initiative and to subsequent purchases of shares in the secondary market, at December 31, 2003, Tenaris was the beneficial owner of 98.6% of the shares of Dalmine.

During April and May 2003, Tenaris acquired the remaining minority interest in Siderca at ARS 6.00 per Siderca share or ARS 60.00 per Siderca ADS, following a squeeze out procedure previously approved by the Argentine regulator CNV-. As a consequence of this initiative, at December 31, 2003, Tenaris S.A. became the beneficial owner of 100.0% of the shares of Siderca.

In August 2003, Tenaris S.A. launched an exchange offer to acquire all remaining shares and ADSs of Tamsa. In exchange for the Tamsa shares received Tenaris S.A. issued 19,586,870 new shares of its common stock of par value USD 1.00 for a total consideration of USD 48,135,113. In accordance with Luxembourg legislation, this issuance resulted in an increase of USD 1,958,687, USD 4,813,511 and USD21,776,045 to the Company s legal reserve, distributable reserve and non-distributable share premium reserve, respectively.

For the common stock of Tamsa outstanding in the Mexican market, Tenaris S.A. and Sidertubes (Tenaris S.A. s controlling shareholder) constituted a trust fund, in which Sidertubes deposited the necessary number of Tenaris S.A. s shares to provide for the exchange of the remaining interests in Tamsa until February 11, 2004. At the expiration of such arrangement, Tenaris will further increase its capital in the amount of shares effectively exchanged to reimburse the shares lent by Sidertubes. As a result of these initiatives, at December 31, 2003, Tenaris S.A. became the beneficial owner of 99.9% of Tamsa.

Following the subsequent acquisition of shares in Dalmine, Siderca and Tamsa during 2003, Tenaris S.A. caused the securities of these three companies to be effectively de-listed and their American Depositary programs terminated. Net expenses related to these acquisitions, which totaled USD1.0 million during 2003 were capitalized.

Investment in and Loan from Ylopa

Ylopa Serviços de Consultadoria Ltda. (Ylopa) is a company incorporated in Madeira, formed by certain shareholders of Consorcio Siderurgia Amazonia, Ltd. (Amazonia), a company incorporated in Cayman Islands and beneficial owner of 59.7% of Siderúrgica del Orinoco C.A. (Sidor). Sidor is the largest steel producer in Venezuela.
