#### John Morrell & Co. Salaried Employees Incentive Savings Plan

We have audited the accompanying statements of net assets available for benefits of *John Morrell & Co. Salaried Employees Incentive Savings Plan* as of December 31, 2003 and 2002, and the related statement of changes available for the year ended December 31, 2003. These financial statements and supplemental schedule are the responsibility of the Plan s management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2003 and 2002, and the changes in net assets available for benefits for the year ended December 31, 2003 in conformity with accounting principles generally accepted in the United States of America.

Our audits were performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule of assets (held at end of year) is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor s Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental schedule is the responsibility of the Plan s management. The supplemental schedule has been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

#### 1. Description of Plan

The following description of the *John Morrell & Co. Salaried Employees Incentive Savings Plan* (Plan) provides general information only. Participants should refer to the Plan document for a more complete description of the Plan s provisions.

#### General

The Plan is a defined contribution plan established by John Morrell & Co. (Company), a wholly owned subsidiary of Smithfield Foods, Inc. The Plan is for the benefit of eligible employees of the Company who have completed one year of service and have attained the age of eighteen. The Plan excludes employees of IBFO Springdale governed by the terms of a collective bargaining agreement. The Plan is subject to the provisions of the Employee Retirement Income Security Act (ERISA).

#### Contributions

Each year, participants may contribute up to 50 percent of pretax annual compensation, as defined in the Plan. The Company makes a matching contribution of 50 percent of the first 4 percent of compensation contributed by each participant. The Company may make additional matching contributions and/or profit sharing contributions at the option of the board of directors. Participants direct the investment of all contributions into various options offered by the Plan. Contributions are subject to certain limitations.

#### **Participant Accounts**

Each participant s account is credited with the participant s contribution and allocations of (a) the Company s contribution and (b) plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant s account.

#### Vesting

Participants are immediately vested in their contributions plus actual earnings thereon.

### **Participant Loans**

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balances. Loan terms extend to five years for general purpose loans and to ten years for the purchase of a home. Participants are limited to one outstanding loan at any point in time. The loans are secured

by the balance in the participant s account and bear interest at one percent above the prime rate at the end of the quarter in which the loan was taken. As of December 31, 2003, interest rates ranged from 5 to 12 percent.

#### **Payment of Benefits**

On termination of service a participant may elect to receive the value of his or her account as a lump sum distribution.

#### 2. Summary of Significant Accounting Policies

#### Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

The Plan s investments are primarily stated at fair value as determined by quoted market prices. Participant loans are valued at cost, which approximates fair value.
