## Kookmin Bank's 2005 1st Quarter Operating Results

- n The figures for the first quarter of the 2005 fiscal year presented herein are being reviewed by our independent auditor, and such figures are subject to change.
- n Accounting policy with respect to the gain or loss on the sale of loans was changed in 2004. According to such policy, the gain or loss on the sale of loans is computed by comparing the sale proceeds against its book value as of the year end immediately preceding the date of sale. However, in the presentation, we did not reflect the policy change in order to ease the reader's comparative analysis.
- n Accounting policy with respect to the private funds in which we hold interest in the form of wholly owned beneficiary certificates, or WOBCs, was changed in April 2005. Before the change, unrealized Gain or Loss on WOBCs was recognized as non-interest income from beneficiary certificates in the income statement. However, it should be recognized as a capital adjustment in owner's equity section of balance sheet after the change. Therefore, we adjusted the related figures in the financial statements of 2004 according to the changed accounting policy, and such figures are subject to change as the result of review by our independent auditor. The financial statements for the years 2002 and 2003, respectively, do not require adjustment because unrealized gain or loss on WOBCs was already reflected as a capital adjustment for those periods.

On April 27, 2005, Kookmin Bank held an earnings conference and released its operating results of the first quarter in 2005. Followings are the key figures released during the conference, and full presentation material is available at Kookmin Bank website([www.kbstar.com](http://www.kbstar.com)) for further information.
