PROXY STATEMENT

INTRODUCTION

The enclosed proxy is solicited on behalf of the present Board of Directors (sometimes referred to as the Board) of Robert Half International Inc., a Delaware corporation (the Company), the principal executive offices of which are located at 2884 Sand Hill Road, Menlo Park, California 94025. The approximate date on which this proxy statement and the enclosed proxy are being mailed to the Company's stockholders is March 24, 2006. The proxy is solicited for use at the annual meeting of stockholders (the Meeting) to be held at 9:00 a.m. on Tuesday, May 2, 2006, at The Westin Hotel San Francisco Airport, 1 Old Bayshore Highway, Millbrae, California, 94030. Only stockholders of record on March 10, 2006 will be entitled to notice of, and to vote at, the Meeting and any adjournment of the Meeting. Each share is entitled to one vote. At the close of business on March 10, 2006 the Company had outstanding and entitled to vote 171,145,054 shares of its common stock, \$.001 par value (Common Stock).

A stockholder giving a proxy in the form accompanying this proxy statement has the power to revoke the proxy prior to its exercise. A proxy can be revoked by an instrument of revocation delivered prior to the Meeting to the Secretary of the Company, by a duly executed proxy bearing a date later than the date of the proxy being revoked, or at the Meeting if the stockholder is present and elects to vote in person. Solicitation of proxies may be made by directors, officers or employees of the Company by telephone or personal interview as well as by mail. Costs of solicitation will be borne by the Company.

An automated system administered by the Company's transfer agent will tabulate votes cast at the Meeting. Abstentions and broker non-votes are each included in the determination of the number of shares present and voting, and each is tabulated separately. Abstentions are counted in tabulations of the votes cast on proposals presented to stockholders or with respect to election of directors, whereas broker non-votes are not counted for purposes of determining whether a proposal has been approved or a nominee has been elected.

NOMINATION AND ELECTION OF DIRECTORS

Nominees of the Present Board of Directors

The By-Laws of the Company provide for a Board of Directors consisting of not fewer than six nor more than eleven directors. The size of the Board of Directors is presently set at seven and there are no vacancies. All of the nominees are presently directors of the Company. The present term of office of all directors will expire upon election of directors at the Meeting. The full Board of Directors will be elected at the Meeting to hold office until the next annual meeting and until their successors are elected.

Edgar Filing: HALF ROBERT INTERNATIONAL INC /DE/ - Form DEF 14A

Proxies cannot be voted for more than seven persons. Directors are elected by a majority of the votes of the shares present in person or represented by proxy and entitled to vote at the Meeting. Proxies solicited by the Board will be voted FOR the election of the nominees named below unless stockholders specify in their proxies to the contrary. Although the Board does not expect any nominee to become unavailable to serve as a director for any reason, should that occur before the Meeting, proxies will be voted for the balance of those named and such substitute nominee as may be selected by the Board.

The following table lists the name of each nominee for election as director (each of whom is a current member of the Board of Directors), his age at January 31, 2006 and the period during which he has served as a director.

The Board and Committees

The Board of Directors has standing Audit, Compensation, Nominating and Governance, and Executive Committees.

The Audit Committee, composed of Messrs. Berwick, Gibbons and Schaub, met four times during 2005. The functions of the Audit Committee include selecting the Company's independent auditors (subject to stockholder ratification), approving the fees of the independent auditors, monitoring the qualifications and independence of the independent auditors, consulting with the independent auditors with regard to the plan of audit, the results of the audit and the audit report, conferring with the auditors with regard to the adequacy of internal accounting controls, and monitoring the effectiveness of the Company's internal accounting function.

The Compensation Committee, currently composed of Messrs. Berwick, Furth and Ryan, met four times during 2005. The function of the Compensation Committee is to establish compensation policies for the Company's senior officers and to administer compensation plans in which officers, directors and employees are eligible to participate.

The Nominating and Governance Committee, currently composed of Messrs. Berwick, Furth, Gibbons, Ryan and Schaub, met twice during 2005. The Nominating Committee's role is to recommend candidates to fill any vacancy that may occur in the Board of Directors, develop and recommend corporate governance guidelines to the Board and oversee the evaluation of the Board and management.

The Executive Committee, currently composed of Messrs. Messmer, Furth and Ryan, did not meet during 2005. The Executive Committee has all of the powers of the Board of Directors, with certain specific exceptions required by Delaware law.

The Board met four times during 2005. Each of the directors attended at least 75% of the aggregate number of meetings of the Board and of the committees of the Board on which he served that were held while he was a member thereof.

It is the Company's policy that directors are expected to attend the Annual Meeting of Stockholders. All of the directors attended the 2005 Annual Meeting of Stockholders except for Mr. Furth, who was delayed by traffic and arrived shortly after the meeting was adjourned.

The Board of Directors has determined that each of the members of the Audit Committee, the Compensation Committee and the Nominating and Governance Committee has no material relationship with the Company and therefore is independent as defined by Section 303A of the Listed Company Manual of the New York Stock Exchange. In making such determination, the Board has adopted guidelines providing that any relationship with the Company shall be deemed to be *not* material if (a) the director meets the independence requirements set forth in Sections 303A.02(b)(i) through 303A.02(b)(v) of the New York Stock Exchange's Listed Company Manual and (b) the relationship is not required to be disclosed pursuant to Item 404(b) of Regulation S-K adopted by the Securities and Exchange Commission. The Board of Directors has also determined that Edward W. Gibbons and J. Stephen Schaub, each of whom is a member of the Audit Committee, are each an audit committee financial expert and independent in accordance with the requirements of Item 401(h) of Securities and Exchange Commission Regulation S-K.

The Company's independent directors meet regularly in executive session without management. Mr. Gibbons, Chairman of the Nominating and Governance Committee, presides at such meetings.

Harold M. Messmer, Jr., Chairman of the Board and Chief Executive Officer, has an employment agreement with the Company terminating December 31, 2009. Under the terms of the employment agreement, Mr. Messmer will receive a base annual salary of not less than \$525,000 and will receive certain other benefits, including life insurance and tax planning. In the event the employment of Mr. Messmer is terminated involuntarily other than for cause, or voluntarily within one year following a change in control of the Company, he is entitled to receive severance compensation. The amount of such severance compensation shall be, at Mr. Messmer's election, either (i) an annual payment, through the stated expiration date of his agreement, equal to the sum of his base salary, at the rate in effect on the date of termination, and an amount equal to his bonus for the calendar year prior to termination, or (ii) the present value of such payments. If Mr. Messmer's employment is terminated by reason of death or disability, he or his estate will receive only 75% of his base salary through the termination date of the agreement and will not receive any amount in lieu of bonus. If Mr. Messmer's employment terminates other than for cause, he and his wife will each continue thereafter to participate in the Company's healthcare plan for its employees, at Company expense, until his or her death. The employment agreement provides for automatic renewal for an additional year on each December 31.

Severance agreements have been entered into with Messrs. Messmer, Waddell, Gentzkow, Glass and Karel. Each severance agreement provides that the employee will be paid 24 months base salary (36 months if the employee has served as a director) if his employment is terminated without cause, as defined in the agreement. The terminated employee will also receive a pro rata share of any bonus he would otherwise have received pursuant to any bonus plan if his employment had not been terminated, such amount to be paid when bonuses are generally paid pursuant to the plan. However, if the termination occurs within one year following a change in control of the Company (as defined in the agreements), then in lieu of the foregoing bonus payment the employee will receive monthly payments equal to 1/12 of the prior year's bonus for 24 months (36 months if the employee has served as a director). Notwithstanding the foregoing, no individual shall receive salary and bonus payments under both this agreement and any other agreement. Instead, only the greater of such benefits provided by either agreement shall be paid. On the termination date, any unvested stock or options would become fully vested, as would any amounts accrued for the employee's benefit under the Deferred Compensation Plan or Senior Executive Retirement Plans (defined contribution plans that pay benefits only upon retirement, death or other termination of employment). In addition, if the employee has served as a director, the foregoing benefits will be provided in the event of any voluntary termination within one year following a change in control.

Edgar Filing: HALF ROBERT INTERNATIONAL INC /DE/ - Form DEF 14A

The Company has entered into Agreements with each of Messrs. Messmer, Waddell, Gentzkow, Glass and Karel. Each Agreement provides that the employee will be retained as a part-time employee for a four year period following retirement. The individual will provide advice and counsel as requested during the part-time employment period and will be prohibited from competing with the Company during that period. In return, the individual will receive annual compensation during the part-time employment equal to 8% of the total cash base

salary and bonus paid during the last complete calendar year prior to retirement, and stock option and restricted stock awards made prior to retirement will remain outstanding. For purposes of the Agreements, retirement is defined to be any termination by the employee of his employment subsequent to the later of age 55 or 20 years of service.

The Company had in effect a key executive retirement plan, which, except as described in this paragraph, was terminated in 1987. The only current employee participating in the plan is Mr. Messmer, who participates pursuant to a separate retirement agreement. Under Mr. Messmer's retirement agreement, as amended, if Mr. Messmer's employment is terminated (whether voluntarily or involuntarily) for any reason, he is to receive monthly benefits commencing in the month following the date of his employment termination. Monthly benefit payments are a specified percentage, depending upon his age at retirement, (the Retirement Percentage) of the sum of \$2,500 plus 1/12 of Mr. Messmer's combination of Salary and Bonus (as such terms are defined in his retirement agreement) paid to Mr. Messmer with respect to the year 2000, which was approximately \$3.6 million. The Retirement Percentage (which was established at its current levels on the recommendation of an outside compensation consulting firm) is 30% if Mr. Messmer retires at age 50, and increases by 0.25% for each month Mr. Messmer delays his retirement beyond age 50, to a maximum of 66% if Mr. Messmer retires at age 62. Notwithstanding the foregoing, the Retirement Percentage is 66% if a Change in Control (as defined in his retirement agreement) occurs prior to Mr. Messmer's retirement. For the first 15 years after his termination of employment, Mr. Messmer or his beneficiary will also receive a supplemental monthly benefit that varies depending upon his retirement age, which benefit will be \$6,241 per month if he retires at age 50, and increases by 8%, compounded annually, for each year he delays his retirement beyond age 50 through, but not beyond, age 62. If Mr. Messmer were to retire at age 62 or later, his estimated initial annual benefit (including the supplemental benefit) would be approximately \$2.6 million. If Mr. Messmer had retired as of December 31, 2005, his retirement benefit would have been \$2.3 million. The retirement agreement also provides that if Mr. Messmer dies before his employment is otherwise terminated or after his employment terminates but before receiving 180 monthly retirement payments, such payments are to be made to his designated beneficiary beginning the month following his death until an aggregate of 180 monthly retirement payments have been made. If his designated beneficiary is his wife, after the payment for the 180th month has been made, she will continue to receive monthly payments until her death of half the amount he would have received. All benefits other than the supplemental benefit are subject to annual cost of living increases. Pursuant to the retirement agreement, the Company has funded an irrevocable grantor trust to provide for its obligations under the retirement agreement. As of December 31, 2005, the balance in the grantor trust account was \$23.7 million. Upon Mr. Messmer's termination of employment, the Company will deliver to him (or his beneficiary) an annuity or, at his request, a lump sum cash payment, and annually thereafter the Company will pay him any additional post-retirement CPI increases. Mr. Messmer also has the option to have the Company pay all or a portion of his retirement benefit as either a monthly annuity or in equal installments over a fixed number of years. If Mr. Messmer selects the Company payment option, he has the right to commute the remaining monthly payments into a cash lump sum by incurring a penalty.

The Company has adopted an Excise Tax Restoration Agreement covering the current directors and Messrs. Gentzkow, Glass and Karel. If any such individual becomes subject to such a tax in connection with a change of control, he will receive a cash payment equal to the sum of the excise tax due, in addition to an amount necessary to restore him to the same after-tax position as if no excise tax had been imposed.

COMPENSATION OF DIRECTORS

In accordance with the foregoing arrangements, the total cash fees paid to Messrs. All directors also receive reimbursement for travel and other expenses directly related to activities as directors.

On May 3, 2005, each of the outside directors (Messrs. Berwick, Furth, Gibbons, Ryan and Schaub) was granted an option for 12,000 shares of Company Common Stock under the Stock Incentive Plan. Each such option has a term of ten years and vests as to 25% thereof on each of May 31, 2006, May 31, 2007, May 31, 2008 and May 31, 2009, and vest automatically and immediately upon the holder's death, the holder's total and permanent disability or the occurrence of a change in control. In addition, each such option vests if the holder retires after the later of age 62 and seven years of service. All current outside directors meet such requirement.

BOARD COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

Notwithstanding anything to the contrary set forth in any of the Company's previous or future filings under the Securities Act of 1933 or the Securities Exchange Act of 1934 that might incorporate by reference this Proxy Statement or future filings with the Securities and Exchange Commission, in whole or in part, the following report shall not be deemed to be incorporated by reference into any such filings.

The Compensation Committee believes that setting compensation at levels designed to attract and retain key individuals is critical to the success of a personnel services business in which there are few tangible assets and in which people represent the true assets of the Company. The Committee is also mindful of the fact that the Company's industry is fractured with a myriad of private firms owned by entrepreneurial individuals representing the Company's most effective competition in many markets. Successful competitors generate large financial rewards to the owners as the Company knows from its acquisitions of such firms over the years. It is imperative that the Company's compensation program provide significant cash and equity incentives to its key managers so as to compete with both public and private companies for this talent and the Committee believes the Company's compensation program achieves this result. The principal components of compensation are annual base salaries, bonuses and equity awards. Generally, annual bonus awards are based upon earnings per share, and each executive's bonus is increased or decreased, according to a formula, in relation to how the actual earnings per share compares with the target earnings per share for the year set by the Committee. The Committee believes in placing emphasis on restricted stock because it aligns the interest of the officers with those of the stockholders, and makes a significant portion of executive compensation contingent upon long-term positive share price performance. In addition, restricted stock awards are subject to a performance condition that makes all or a portion of the award subject to forfeiture depending upon earnings per share. (For example, in 2002 and 2003, each executive officer forfeited approximately 47% and 16% of his 2001 and 2002 restricted stock awards, respectively, because earnings per share failed to reach specified targets.)

In establishing compensation levels for the Chief Executive Officer, the Compensation Committee considered the factors described above. In addition, the Committee also considered several subjective factors related to the Company's business. These included, among other things, the Company's strong cash position and its continued generation of strong cash flow, the Company's performance relative to both its public and private competitors, the Chief Executive Officer's ability to develop and maintain significant business relationships for the Company and the complexity of managing an international service business.

For 2005, the Chief Executive Officer's base salary remained at \$525,000, unchanged since 1998. The Chief Executive Officer had a target bonus amount of \$4,050,000 for 2005, and, based upon the Company having exceeded the 2005 earnings per share goal set by the Compensation Committee, he received a cash bonus of approximately \$4,748,000 under the Company's Annual Performance Bonus Plan, which qualifies under Section 162(m) of the Internal Revenue Code. Based upon the level of equity awards in prior years (which had included both restricted stock and stock options), the factors described in the preceding paragraph and the Company's performance, as described below, the Compensation Committee awarded the Chief Executive Officer 200,000 shares of restricted stock and no options. These restricted shares are subject to satisfaction of an earnings per share performance condition and, subject to the performance condition, vest at the rate of 25% per year over the four years following grant.

The Committee also notes the following items:

1. The Company experienced its most successful year ever in 2005. Revenues for 2005 were a record \$3.3 billion, an increase of 24% over 2004.
2. Earnings per share for 2005 were a record \$1.36, as compared with \$.79 for 2004.
- 3.

The Company continued to generate strong cash flow from operations and ended the year with \$458 million in cash and cash equivalents.

4. For the 10 years ended December 31, 2005, the Company ranked in the top 15.5% of all NYSE firms trading during this period based on total return. The Company was also in the top 18.9% of the S&P 500 based on total return over this period.

5. Protiviti, the Company's internal audit and risk consulting unit launched in May 2002, continued to broaden its revenue base in 2005 and finished the year with revenues of \$479 million, an increase of 36% over 2004.

In determining executive compensation, the Compensation Committee considers, among other factors, the possible tax consequences to the Company and to the executives. However, tax consequences, including but not limited to tax deductibility by the Company, are subject to many factors (such as changes in the tax laws and regulations or interpretations thereof and the timing and nature of various decisions by executives regarding options and other rights) that are beyond the control of either the Compensation Committee or the Company. In addition, the Compensation Committee believes that it is important for it to retain maximum flexibility in designing compensation programs. For all of the foregoing reasons, the Compensation Committee, while considering tax deductibility as one of its factors in determining compensation, will not limit compensation to those levels or types of compensation that will be deductible. The Compensation Committee will, of course, consider alternative forms of compensation, consistent with its compensation goals, that preserve deductibility.

Representatives of that firm will be present at the Meeting and will have the opportunity to make a statement if they desire to do so. They will also be available to respond to questions.

Audit Committee Policy Regarding Pre-Approval of Services of Independent Auditors

The Audit Committee pre-approves all audit and permissible non-audit services provided by the independent auditors. These services may include audit services, audit-related services, tax services and other services. The Audit Committee has adopted a policy for the pre-approval of services provided by the independent auditors. Under the policy, pre-approval is generally provided for up to one year and any pre-approval is detailed as to the particular service or category of services and is subject to a specific budget. In addition, the Audit Committee may also pre-approve particular services on a case-by-case basis. For each proposed service, the independent auditor is required to provide detailed back-up documentation at the time of approval. The Audit Committee may delegate pre-approval authority to one or more of its members. Such a member must report any decisions to the Audit Committee at the next scheduled meeting.
