TO BE HELD JUNE 6, 2008

We cordially invite you to attend the Annual General Meeting (the Annual Meeting) of Shareholders of Garmin Ltd., a Cayman Islands company, (Garmin or the Company) to be held at the Ritz Charles, located at 9000 West 137th Street, Overland Park, Kansas, 66221, USA, at 10:00 a.m. Central Time, on Friday, June 6, 2008, to consider and vote upon the following matters:

1. Election of two directors;
2. Ratification of the appointment of Ernst & Young LLP as Garmin's independent registered public accounting firm for the 2008 fiscal year; and
3. Consideration of such other matters as may properly be brought before the Annual Meeting or any adjournment thereof. Information concerning the matters to be acted upon at the Annual Meeting is contained in the accompanying Proxy Statement.

In accordance with the Company's Articles of Association, the Company's audited consolidated financial statements for the fiscal year ending December 29, 2007 will be presented at the Annual Meeting. There is no requirement under the Company's Articles of Association or Cayman Islands law that such financial statements be approved by shareholders, and no such approval will be sought at the Annual Meeting.

Shareholders of record at the close of business on April 10, 2008 are entitled to notice of, and to vote at, the Annual Meeting and any adjournments thereof. A shareholder entitled to attend and to vote at the Annual Meeting is entitled to appoint a proxy to attend and, on a poll, vote instead of him or her.

We are pleased to be among the first companies to take advantage of the new Securities and Exchange Commission rules that allow issuers to furnish proxy materials to their shareholders on the Internet. We are sending a Notice of Internet Availability of Proxy Materials (the Notice) to our beneficial owners of shares held in street name through a broker or other nominee, and we are

Edgar Filing: GARMIN LTD - Form DEF 14A

mailing our proxy materials to shareholders whose shares are held directly in their names with our transfer agent, Computershare Trust Company, N.A., and to participants in the Garmin International, Inc. 401(k) and Pension Plan with a beneficial interest in our shares. We believe the new rules will allow us to provide our shareholders with the information they need, while lowering costs of delivery and reducing the environmental impact of our Annual Meeting.

If you received the Notice, you can access the proxy materials on the website referred to in the Notice or request to receive a printed set of the proxy materials by mail. Instructions on how to access the proxy materials over the Internet or to request a printed copy by mail may be found in the Notice.

Please vote your shares regardless of whether you plan to attend the Annual Meeting. If you received these proxy materials through the mail, please use the enclosed Proxy Card to direct the vote of your shares, regardless of whether you plan to attend the Annual Meeting. Please date the Proxy Card, sign it and promptly return it in the enclosed envelope, which requires no postage if mailed in the United States, or you may vote by Internet or telephone using the instructions provided on the Proxy Card. If you received the Notice and reviewed the proxy materials on the Internet, please follow the instructions included in the Notice.

Any shareholder who may need special assistance or accommodation to participate in the Annual Meeting because of a disability should contact Garmin's Corporate Secretary at the above address or call (913) 440-1587. PROXY STATEMENT

The accompanying proxy is solicited by the Board of Directors (Board) of Garmin Ltd., a Cayman Islands company (Garmin or the Company) for use at the Annual General Meeting of Shareholders (the Annual Meeting) to be held at 10:00 a.m., Central Time, on Friday, June 6, 2008, at the Ritz Charles, 9000 West 137th Street, Overland Park, Kansas, 66221, and at any adjournment(s) or postponement(s) thereof for the purposes set forth herein and in the accompanying Notice of Annual General Meeting of Shareholders. This Proxy Statement and the accompanying proxy card are first being furnished to shareholders on or about April 22, 2008.

INFORMATION CONCERNING SOLICITATION AND VOTING

Pursuant to the new rules recently adopted by the Securities and Exchange Commission, we are sending a Notice of Internet Availability of Proxy Materials (the Notice) to our beneficial owners of shares held in street name through a broker or other nominee (Broker Customers), and we are mailing our proxy materials to shareholders whose shares are held directly in their names with our transfer agent, Computershare Trust Company, N.A. (Record Holders), and to participants in the Garmin International, Inc. 401(k) and Pension Plan with a beneficial interest in our shares (Plan Participants).

Proposals

At the Annual Meeting, the Garmin Board intends to ask you to vote on:

- (1) the election of two directors, and
- (2) the ratification of the appointment of Ernst & Young LLP (Ernst & Young) to be the Company s independent registered public accounting firm for the 2008 fiscal year.

In accordance with the Company s Articles of Association, the Company s audited consolidated financial statements for the fiscal year ending December 29, 2007 will be presented at the Annual Meeting. There is no requirement under the Company s Articles of Association or Cayman Islands law that such financial statements be approved by shareholders, and no such approval will be sought at the Annual Meeting. The Garmin Board knows of no other matters that will be presented or voted on at the Annual Meeting.

Record Date and Shares Outstanding

Shareholders of record at the close of business on April 10, 2008 (the Record Date) are entitled to notice of, and to vote at, the Annual Meeting. At the Record Date, the Company had issued and outstanding 215,653,908 common shares, par value \$0.005 per share (Common Shares).

Solicitation of Proxies

The cost of soliciting proxies will be borne by the Company. In addition to soliciting shareholders by mail and through its regular employees not specifically engaged or compensated for that purpose, the Company will request banks and brokers, and other custodians, nominees and fiduciaries to solicit their customers who have shares of the Company registered in the names of such persons and, if requested, will reimburse them for their reasonable, out-of-pocket costs. The Company may use the services of its officers, directors and others to solicit proxies, personally or by telephone, facsimile or electronic mail, without additional compensation.

Voting

Each shareholder is entitled to one vote on each proposal presented in this Proxy Statement for each share held as of the Record Date. There is no cumulative voting in the election of directors. The required quorum for the transaction of business at the Annual Meeting is the presence in person or by proxy of shareholders holding not less than a majority of the Common Shares issued and

outstanding on the Record Date. The affirmative vote of the holders of a majority of the Common Shares represented and voting at the Annual Meeting in person or by proxy is required for the election of directors and for ratification of the appointment of Ernst & Young. Shareholder ratification of the appointment of Ernst & Young is not required, but your views are important to the Audit Committee and the Board. If shareholders do not ratify the appointment of Ernst & Young, our Audit Committee will reconsider the appointment of Ernst & Young as Garmin's independent auditor.

Abstentions and Broker Non-Votes

Pursuant to Cayman Islands law, (i) Common Shares represented at the Annual Meeting whose votes are withheld on any matter, and (ii) Common Shares which are represented by broker non-votes (i.e., shares held by brokers or nominees which are represented at the Annual Meeting but with respect to which the broker or nominee is not empowered to vote on a particular proposal) are not included in the determination of the shares voting on such matter but are counted for quorum purposes.

How Shareholders Vote

Record Holders, Plan Participants and Broker Customers holding Common Shares on the Record Date (directly or through a broker or other nominee) may vote (or in the case of Plan Participants, may direct the trustee of the Garmin International, Inc. 401(k) and Pension Plan to vote) such shares as follows:

Common Shares of Record

Record Holders may only vote their shares if they or their proxies are present at the Annual Meeting. Record Holders may appoint as their proxy the Proxy Committee, which consists of officers of the Company whose names are listed on the Proxy Card. The Proxy Committee will vote all Common Shares for which it is the proxy as specified by the shareholders on the Proxy Cards. A Record Holder desiring to name as proxy someone other than the Proxy Committee may do so by crossing out the names of the Proxy Committee members on the Proxy Card and inserting the full name of such other person. In that case, the Record Holder must sign the Proxy Card and deliver it to the person named, and the person named must be present and vote at the Annual Meeting.

If a properly executed and unrevoked Proxy Card does not specify how the Common Shares represented thereby are to be voted, the Proxy Committee intends to vote such shares (i) for the election as directors of the persons nominated by the Company's Board of Directors (Board Nominees), (ii) for the ratification of the appointment of Ernst & Young to be the Company's independent registered public accounting firm for the 2008 fiscal year, and (iii) in accordance with the discretion of the Proxy Committee upon such other matters as may properly come before the Annual Meeting.

Common Shares Held Under the 401(k) Plan

On the voting instructions card, Plan Participants may instruct the trustee of our 401(k) Plan how to vote the Common Shares allocated to their respective participant accounts. The trustee will vote all allocated Common Shares accordingly. Common Shares for which inadequate or no voting instructions are received generally will be voted by the trustee in the same proportion as those Common Shares for which instructions were actually received from Plan Participants. The trustee of the 401(k) Plan may vote Common Shares allocated to the accounts of the participants either in person or through a proxy.

Common Shares Held Through a Broker or Other Nominee

Each broker or nominee must solicit from the Broker Customers directions on how to vote the Common Shares, and the broker or nominee must then vote such shares in accordance with such directions. Brokers or nominees are to forward the Notice to the Broker Customers, at the reasonable expense of the Company if the broker or nominee requests reimbursement. Most broker-dealers are

members of the National Association of Securities Dealers, which generally does not allow them to vote shares held in street name unless they are permitted to do so under the rules of a national securities exchange to which they belong. Brokers who are members of the New York Stock Exchange (NYSE) may vote the shares of Broker Customers on routine matters, including the election of directors and ratification of the appointment of independent auditors, when they have not received directions from the Broker Customers.

Revoking Proxy Authorizations or Instructions

Until the polls close (or in the case of Plan Participants, until the trustee of the 401(k) Plan votes), votes of Record Holders and voting instructions of Plan Participants may be recast with a later-dated, properly executed and delivered Proxy Card or, in the case of Plan Participants, a voting instruction card. Otherwise, shareholders may not revoke a vote, unless: (a) in the case of a Record Holder, the Record Holder either (i) attends the Annual Meeting and casts a ballot at the meeting or (ii) delivers a written revocation to the Corporate Secretary of the Company at any time before the Chairman of the Annual Meeting closes the polls; (b) in the case of a Plan Participant, the revocation procedures of the trustee of the 401(k) Plan are followed; or (c) in the case of a Broker Customer, the revocation procedures of the broker or nominee are followed.

Attendance and Voting in Person at the Annual Meeting

Attendance at the Annual Meeting is limited to Record Holders or their properly appointed proxies, beneficial owners of Common Shares having evidence of such ownership, and guests of the Company. Plan Participants and Broker Customers, absent special direction to the Company from the respective 401(k) Plan trustee, broker or nominee, may only vote by instructing the trustee, broker or nominee and may not cast a ballot at the Annual Meeting. Record Holders may vote by casting a ballot at the Annual Meeting.

The Board of Directors held nine meetings and took action by unanimous written consent once during the fiscal year ended December 29, 2007. Four executive sessions of the independent directors were held in 2007. Messrs. Betts, Eller (Chairman), Peffer and McDonnell serve as the members of the Nominating Committee. The Board of Directors has adopted a written charter for the Nominating Committee. A copy of the Nominating Committee Charter is available on the Company's website at www.garmin.com. The primary responsibilities of the Nominating Committee are to (a) evaluate the composition, size, role and functions of the Board and its committees to oversee the business of the Company, (b) determine director selection criteria, (c) recommend and evaluate nominees for election to the Board, (d) advise the Board on committee appointments and removals, (e) evaluate the financial literacy of the Audit Committee members, (f) evaluate the independence of director nominees and Board members under applicable laws, regulations and stock exchange listing standards, (g) create and implement a process for the Board to annually evaluate its performance, and (h) recommend to the Board Corporate Governance Guidelines and review such Guidelines periodically. The Board of Directors has determined that all the members of the Nominating and Corporate Governance Committee are independent (as defined by the listing standards of the Nasdaq Stock Market).

In selecting candidates for nomination at the annual meeting of the Company's shareholders, the Nominating Committee begins by determining whether the incumbent directors whose terms expire at the meeting desire and are qualified to continue their service on the Board. The Nominating Committee is of the view that the continuing service of qualified incumbents promotes stability and continuity in the board room, giving the Board the familiarity and insight into the Company's affairs that its directors have accumulated during their tenure, while contributing to their work as a collective body. Accordingly, it is the policy of the Nominating Committee, absent special circumstances, to nominate qualified incumbent directors who continue to satisfy the Nominating Committee's criteria for membership on the Board, whom the Nominating Committee believes will continue to make a valuable contribution to the Board and who consent to stand for reelection and, if reelected, to continue their service on the Board. If there are Board vacancies and the Nominating Committee does not re-nominate a qualified incumbent, the Nominating Committee will consider and evaluate director candidates recommended by the Board, members of the Nominating Committee, management and any shareholder owning one percent or more of the Company's outstanding Common Shares.

The Nominating Committee will use the same criteria to evaluate all director candidates, whether recommended by the Board, members of the Nominating Committee, management or a one percent shareholder. A shareholder owning one percent or more of the Company's outstanding Common Shares may recommend director candidates for consideration by the Nominating Committee by writing to the Company Secretary, by facsimile at (345) 640-9051 or by mail at Garmin Ltd., P.O. Box 10670, Grand Cayman KY1-1006, Suite #3206B, 45 Market Street, Gardenia Court, Camana Bay, Cayman Islands. Any such recommendation must be delivered to the Company Secretary not less than 180 days prior to the annual general meeting at which the candidate is proposed for consideration as a nominee. The recommendation must contain the proposed candidate's name, address, biographical data, a description of the proposed candidate's business experience, a description of the proposed candidate's qualifications for consideration as a director, a representation that the nominating shareholder is a beneficial or record owner of one percent or more of the Company's outstanding shares (based on the number of outstanding shares reported on the cover page of the Company's most recently filed Annual Report on Form 10-K) and a statement of the number of the Company's shares owned by such shareholder. The recommendation must also be accompanied by the written consent of the proposed candidate to be

named as a nominee and to serve as a director of the Company if nominated and elected. A shareholder may not recommend him or herself as a director candidate.

The Nominating Committee requires that a majority of the Company's directors be independent and that any independent director candidate meet the definition of an independent director under the listing standards of the Nasdaq Stock Market. The Nominating and Corporate Governance Committee also requires that at least one independent director qualify as an audit committee financial expert. The Nominating Committee also requires that an independent director candidate should have either (a) at least ten years experience at a policy-making level or other level with significant decision-making responsibility in an organization or institution or (b) a high level of technical knowledge or business experience relevant to the Company's technology or industry. In addition, the Nominating Committee requires that an independent director candidate have such financial expertise, character, integrity, ethical standards, interpersonal skills and time to devote to Board matters as would reasonably be considered to be appropriate in order for the director to carry out his or her duties as a director.

In evaluating a director candidate (including the nomination of an incumbent director), the Nominating Committee considers, among other things, whether the candidate meets the Nominating Committee's requirements for independent director candidates, if applicable. The Nominating Committee also considers a director candidate's skills and experience in the context of the perceived needs of the Board at the time of consideration. Additionally, in recommending an incumbent director for re-election, the Nominating Committee considers the nominee's prior service to the Company's Board and continued commitment to service on the Board.

Shareholder Communications with Directors

The Board of Directors has established a process to receive communications from shareholders. Shareholders may communicate with the Board or with any individual director of the Company by writing to the Board or such individual director in care of the Company Secretary, by facsimile at (345) 640-9051 or by mail at Garmin Ltd., P.O. Box 10670, Grand Cayman KY1-1006, Suite #3206B, 45 Market Street, Gardenia Court, Camana Bay, Cayman Islands. All such communications must identify the author as a shareholder, state the number of shares owned by the author and state whether the intended recipients are all members of the Board or just certain specified directors. The Company Secretary will make copies of all such communication and send them to the appropriate director or directors.

Compensation Committee Interlocks and Insider Participation; Certain Relationships

None of the members of the Compensation Committee is, or has ever been, an officer or employee of the Company or any of its subsidiaries. During 2007, the Company had no compensation committee interlocks of the type required to be disclosed by the rules of the SEC.

The Company has adopted a written policy for the review by the Audit Committee of transactions in which the Company is a participant and any related person will have a direct or indirect material interest in the transaction. This policy is generally designed to cover those related party transactions that would be required to be disclosed in a proxy statement, annual report on Form 10-K or registration statement pursuant to Item 404(a) of Regulation S-K. However, the policy is more encompassing in that the amount involved in a transaction covered by the policy must only exceed \$60,000 while disclosure under Item 404(a) is required only if the amount involved exceeds \$120,000. The policy defines the terms "transaction," and "related person" in the same manner as Item 404(a) of Regulation S-K.

If the nature of the timing of a related party transaction is such that it is not practical to obtain advance approval by the Audit Committee, then management may enter into it, subject to ratification by the Audit Committee. If ratification is not subsequently obtained, then management must take all reasonable efforts to cause the related person transaction to be null and void.

The Audit Committee will approve or ratify only those related party transactions that it determines in good faith are in, or are not inconsistent with, the best interests of the Company and its shareholders. In making that determination, the Audit Committee shall consider all of the relevant facts and circumstances available to it, including the benefits to the Company and whether the related party transaction is on terms and conditions comparable to those available in arms-length dealing with an unrelated third party that can provide comparable products or services.

The Audit Committee will also annually review ongoing related party transactions after considering all relevant facts and circumstances. The Audit Committee will then determine if those transactions should be terminated or modified based on whether it is still in the best interests, or not inconsistent with the best interests, of the Company and its shareholders.

Non-Management Director Compensation

Each director of Garmin, who is not an officer or employee of the Company or of a subsidiary of the Company, is compensated for service on the Board and its committees. The annual director compensation package at Garmin is designed to attract and retain highly-qualified, independent professionals to represent the Company's shareholders.

Garmin's 2007 director compensation package was comprised of cash (annual board and committee chair retainers) and stock option grants.

Each director, who is not an officer or employee of Garmin or its subsidiaries (a Non-Management Director), was paid an annual retainer of \$20,000. Each Non-Management Director, who chairs a standing committee of the Board (other than the Audit Committee), also received an annual retainer of \$1,500. The Non-Management Director who chairs the Audit Committee received an annual retainer of \$5,000. In addition, each Non-Management Director was paid \$1,500 for each Board meeting convened in person and \$500 for attending each Board meeting convened by teleconference. For each Audit Committee meeting convened in person or by teleconference, each Non-Management Director was paid \$1,000. For each Compensation Committee or Nominating Committee meeting, convened on a separate day from a Board meeting, each Non-Management Director was paid \$1,500 for each committee meeting convened in person and \$500 for attending each meeting convened by teleconference. Directors are also reimbursed for reasonable travel expenses for attending Board and Committee meetings.

The Non-Management Directors may also be granted awards, including among others, options to buy Common Shares, pursuant to the 2000 Non-Employee Directors' Option Plan, as determined by the Compensation Committee (as defined in such plan).

Each year at the annual general meeting, each Non-Management Director will automatically be granted an option for a number of Common Shares equal to four times his or her annual retainer divided by the fair market value of a share on the grant date. If a Non-Management Director first joins the Board at a time other than the annual general meeting, he or she will receive a pro-rata grant for that year. The option price per share will be 100% of the fair market value of a share on the date of grant based on the closing stock price on that day. The options vest in equal installments over three years, subject to acceleration in the event the Non-Management Director terminates his or her directorship on the account of death, disability or an involuntary termination within one year after a change in control of Garmin. These options have a term of 10 years.

Garmin does not have formal stock ownership guidelines for its directors.

Under Taiwan banking practice, the chairman of a company is generally required to personally guarantee the company's loans and mortgages. During 2007, Dr. Kao, as chairman of Garmin Corporation, a Taiwan subsidiary of the Company, received compensation from Garmin Corporation in the amount of \$50,956 for his personal guarantee of Garmin Corporation's obligations.

2008 Non-Management Director Compensation

In July 2007, the Compensation Committee retained Towers Perrin, a third-party consulting firm (Towers Perrin) to assess the market competitiveness of Garmin s non-management director compensation program. Using the comparator group of companies identified for Garmin s executive compensation competitive analysis, Towers Perrin compiled information regarding retainers, meeting fees, equity and other compensation paid to outside directors by comparator companies, and also summarized outside director pay practices and marketplace trends. See **Executive Compensation Corporation Discussion and Analysis Role of Compensation Committee** below.

Towers Perrin s report to the Committee stated that Garmin s total non-management director compensation program was positioned near the bottom of the comparator group (at the fifth percentile of the comparator group). Based on the findings of the competitive analysis, as well as the Compensation Committee s desire to bring non-management director compensation closer to the target of the 25th percentile of 2007 comparator companies, the Compensation Committee approved an increase in total non-management director compensation from \$84,400 to \$172,000 (or 106%), effective June 6, 2008, as follows:

The annual Board retainer was increased from \$20,000 to \$50,000;
The additional annual retainer for the chairman of the Audit Committee was increased from \$5,000 to \$10,000;
The additional annual retainer for the chairman of each of the Compensation Committee and Nominating Committee was increased from \$1,500 to \$5,000; and
Annual stock option grants will continue using the current calculation methodology (four times the annual retainer divided by the average of the high and low price of Garmin stock on the date of grant), but only the \$50,000 annual retainer will be included in the calculation.

PROPOSAL TWO: RATIFICATION OF APPOINTMENT OF INDEPENDENT AUDITORS

Ernst & Young has acted as the Company's independent registered public accounting firm since 2000 and has been appointed by the Audit Committee to audit and certify the Company's financial statements for the fiscal year ending December 27, 2008.

Representatives of Ernst & Young will be present at the Annual Meeting. They will have the opportunity to make a statement if they desire and will be available to respond to appropriate questions.

The affirmative vote of the holders of a majority of Common Shares present in person or by proxy and entitled to vote at the Annual Meeting is required for ratification of this appointment. If the Company's shareholders do not ratify the appointment of Ernst & Young, the Audit Committee will reconsider whether to appoint Ernst & Young as the Company's independent auditor.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT YOU VOTE FOR RATIFICATION OF THE APPOINTMENT OF ERNST & YOUNG AS GARMIN'S INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR THE 2008 FISCAL YEAR.

Report of Audit Committee

The Audit Committee reviewed and discussed the Company's audited consolidated financial statements for the fiscal year ended December 29, 2007 with management and with Ernst & Young, the independent registered public accounting firm retained by the Company to audit its financial statements. The Audit Committee received and reviewed management's representation and the opinion of the independent registered public accounting firm that the Company's audited financial statements were prepared in accordance with United States generally accepted accounting principles. The Audit Committee also discussed with the independent registered public accounting firm during the 2007 fiscal year the matters required to be discussed by Statement on Auditing Standards No. 61 (Communication with Audit Committees), as amended, and other standards of the Public Company Accounting Oversight Board, rules of the SEC and other applicable regulations.

The Audit Committee received from Ernst & Young the written disclosures and the letter required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees) and discussed with Ernst & Young the independence of their firm.

Based upon the review and discussions referenced above, the Audit Committee recommended to the Company's Board of Directors, and the Board of Directors approved, that the audited consolidated financial statements be included in the Company's Annual Report on Form 10-K for the fiscal year ended December 29, 2007, for filing with the SEC.

Independent Registered Public Accounting Firm Fees

The following table sets forth the aggregate fees billed to Garmin for the fiscal year ended December 29, 2007 and the fiscal year ended December 30, 2006 by Garmin's independent registered public accounting firm, Ernst & Young (dollars listed in thousands):

Tax Fees	\$ 108	\$ 53(b)(c)
All Other Fees	\$ 2	\$ 2(d)
Total:	\$ 2,045	\$ 1,433

(a) Audit related fees for 2007 and 2006 comprise primarily fees for financial statement audits of employee benefit plans and acquisition due diligence.

(b) The Audit Committee has concluded that the provision of these services is compatible with maintaining the independence of Ernst & Young.

(c) Tax fees for 2007 comprise \$48 for tax compliance/preparation and \$60 for tax planning and tax advice. Tax fees for 2006 comprise \$53 for tax compliance/preparation.

(d) All other fees for 2007 and 2006 comprise \$2 for on-line subscription fees.

Pre-Approval of Services Provided by the Independent Auditor

The Audit Committee has adopted a policy that requires advance approval by the Committee of all audit, audit-related, tax services and other services performed by Ernst & Young. The policy provides for pre-approval by the Audit Committee annually of specifically defined services up to specifically defined fee levels. Unless the specific service has been previously pre-approved with respect to that year, the Audit Committee must approve the permitted service before Ernst & Young is engaged to perform it. The Audit Committee has delegated to the Audit Committee Chairman authority to approve permitted services provided that the Chairman reports any such approval decisions to the Audit Committee at its next meeting. The Audit Committee pre-approved all services that Ernst & Young rendered to the Company and its subsidiaries in 2007.

Compensation Discussion and Analysis

Objectives of the Compensation Program

The objectives of Garmin's executive compensation program are to:

Provide fair, reasonable and competitive compensation to executives in order to attract, motivate and retain a highly qualified executive team.

Reward executives for individual performance and contribution.

Provide incentives to executives to enhance shareholder value.

Reward executives for long-term, sustained individual and Company performance.

Provide executive compensation that is internally equitable among the executives and equitable in relation to the broader Garmin employee population.

For non-management directors, provide fair, reasonable and competitive compensation to attract and retain highly qualified, independent professionals to represent Garmin shareholders.

Garmin's executive compensation program is designed to reward executives for the achievement of long-term and sustained performance by Garmin, which the Compensation Committee believes correlates with increased returns to shareholders, and for the overall individual performance and contribution of each executive.

Role of Executive Officers

Dr. Kao discussed with the Compensation Committee compensation recommendations for each of the executives, other than himself. In making compensation recommendations, Dr. Kao considered each executive's performance and other relevant factors, including the scope of each executive's position and responsibilities, the achievement of Company goals, the current business environment and anticipated changes, and executive retention and recruitment considerations. Dr. Kao and Mr. Pemble regularly attended meetings of the Compensation Committee in 2007, but are not members of the Compensation Committee and do not vote on Compensation Committee matters. Dr. Kao and Mr. Pemble, however, were not present for certain portions of Compensation Committee meetings, such as when the Compensation Committee held executive sessions or discussed the performances of individual compensation of either Dr. Kao or Mr. Pemble.

Role of Compensation Consultant

In 2006, the Compensation Committee engaged the Towers Perrin consulting firm to (i) prepare a comparative study of the Company's executive compensation program; (ii) assist the Compensation Committee with proxy compliance; (iii) review and recommend changes to the Compensation Committee charter; and (iv) attend certain Compensation Committee meetings.

In July 2007, the Compensation Committee again engaged Towers Perrin to (i) assess the competitiveness of the 2007 pay levels of the executives; (ii) summarize executive pay trends; (iii) assess the market competitiveness of Garmin's outside director compensation program; (iv) assist the Compensation Committee with proxy compliance; and (v) attend certain Compensation Committee meetings.

In both the 2006 and 2007 executive compensation studies, Towers Perrin performed a competitive review and analysis of base salary and other components of Garmin's compensation program, relative to two identified comparator groups and survey market data. Towers Perrin recommended to the Compensation Committee the comparator groups to be used and the market data to be

Edgar Filing: GARMIN LTD - Form DEF 14A

used as a basis for comparison. Towers Perrin provided detailed information on base salaries, annual incentive bonuses and equity incentives for each executive, as well as Towers Perrin's overall findings

and recommendations. The Compensation Committee considered the information and findings of Towers Perrin, but all decisions on executive compensation matters were made solely by the Compensation Committee.

Towers Perrin was engaged by, and took direction from, the Compensation Committee, but also worked with Garmin International Inc.'s Vice President of Human Resources and interviewed the executives in 2006 to obtain information and to coordinate the executive compensation study. Dr. Kao and Mr. Pemble did not meet with Towers Perrin in 2007, except at the December 2007 Compensation Committee meeting at which Towers Perrin participated by telephone.

Benchmarking Pay

Beginning in 2006, the Compensation Committee retained Towers Perrin to provide compensation consulting services to the Compensation Committee. At that time, the Compensation Committee and Towers Perrin developed two compensation comparator groups—a high performing peer group and a related industry peer group. To provide for ready access to compensation data, the comparator groups consist of only those companies that participate in Towers Perrin's executive compensation database.

The Compensation Committee targeted total direct compensation for Garmin's executives at the 25th percentile of the comparator groups, rather than targeting each element individually. The Committee believes that total direct compensation is the most relevant comparison for Garmin because of the Committee's focus of delivering a significant portion of total compensation in the form of long-term incentives.

When setting this targeted pay positioning, the Compensation Committee considered Garmin's size relative to the peers, measured in both revenues and market capitalization (which most closely aligns with the 25th percentile), as well as current and future growth and performance potential. Garmin's revenue growth and total shareholder returns over the last three years exceeded the 75th percentile of each of the comparator groups.

While the Compensation Committee did not target each element of pay at the 25th percentile individually, the Compensation Committee did consider the competitive data from each peer group equally when assessing the competitiveness of Garmin's base salary, target incentive levels and total cash. However, the Committee gives more weight to the High-Performing Comparator Group when assessing long-term incentive and total direct compensation levels because this group contains more high growth companies with a similar profile and stage in the business life cycle as Garmin.

High-Performing Comparator Group

The High-Performing Comparator Group, developed in 2006, consisted of 22 high-performing companies that were in the NASDAQ 100 or were local Kansas City employers with which Garmin competes for talent and which participate in the Towers Perrin 2006 Executive Compensation Database. When appropriate, regression analysis was used to adjust the compensation data for differences in company revenues. This competitive data, together with relevant market practices and trends, was then considered by the Compensation Committee, along with the other factors described above, when designing Garmin's executive compensation program.

To meet the high performance financial criteria, comparator group companies had to be at the median or higher of the NASDAQ 100 for at least one of the following performance metrics:

- Three-year total shareholder returns
- Three-year net income growth
- Three-year revenue growth

The High-Performing Comparator Group contained the following companies with 25th percentile revenues of approximately \$2 billion:

Amgen	eBay	Medimmune	Starbucks
Apple Computer	Fiserv	QUALCOMM	Sun Microsystems
Applied Materials	Genzyme	Sigma-Aldrich	Whole Foods Market
Celgene	Gilead Sciences	Sprint Nextel	Yahoo!
CheckFree	Honeywell	Sirius Satellite Radio	
Cisco Systems	Intel	Staples	

Related Industry Comparator Group

The Compensation Committee also considered a second peer group, the Related Industry Comparator Group, which was comprised of 52 companies in related industries which also participated in the 2006 Towers Perrin Executive Compensation Database. The Related Industry Comparator Group includes the following companies with 25th percentile revenues of \$1.6 billion:

Advanced Medical	Cisco Systems	Microsoft	Spanion
Optics			
Advanced Micro	Crown Castle International	Millipore	Sprint Nextel
Devices			
Agilent Technologies	Cubic Corp	Molex	Sun Microsystems
American Standard Cos	Dell	Motorola	Texas Instruments
AMETEK	Eastman Kodak	National Semiconductor	US Cellular
Apple	Embarq	NCR	Verizon Wireless
Applied Materials	EMC	Nike	Xerox
Avaya	Emerson Electric	Nortel Networks	
Avery Dennison	GTECH	Perkin Elmer	
Avnet	Harman International	Plexus	
Beckman Coulter	Harris	QUALCOMM	
BellSouth	Intel	Qwest Communications	
Black & Decker	Lexmark International	Regal-Beloit	
Cincinnati Bell	Lucent Technologies	Seagate Technology	
Cingular Wireless	Method Electronics	Sony Ericsson Mobile	

Elements of Compensation

Garmin's executive compensation program consists of the following elements:

Base Salary

Executives are paid a base salary as compensation for the performance of their primary duties and responsibilities. The base salary for Garmin's chief executive officer is determined annually by the Compensation Committee. The Compensation Committee's deliberations regarding the base salary of the chief executive officer are made without the chief executive officer being present. The base salary is based on the Compensation Committee's assessment of the chief executive officer's individual performance and the financial and operating performance of Garmin, as well as on an analysis of the base salaries of chief executive officers of other companies similar in size and industry to Garmin. However, when setting Dr. Kao's base salary, the Compensation Committee also considers Dr. Kao's significant ownership of Garmin stock.

The base salary for each of the other executives is reviewed annually and is based upon the recommendation of the chief executive officer and the executive's individual duties and responsibilities, experience and overall performance, as well as on an analysis of the market and competitive data.

When setting base salary levels in late 2006 for 2007, the Compensation Committee considered the below market level of Garmin's current salaries due to Garmin's rapid growth, the strong individual performance by each executive and concerns relating to executive retention and recruitment. The Compensation Committee increased base salaries for Dr. Kao and Messrs. Rauckman, Pemble, Etkind and Pokorny by approximately 18%, 33%, 19%, 20% and 18%, respectively. With these increases, the executives' base salaries have been increased to more competitive levels, closer to the 25th percentile of the comparator groups.

Annual Incentive Awards

In 2007, Garmin's executives, including the chief executive officer, received a discretionary cash incentive award. When deciding annual bonus awards for top executives, the Compensation Committee measures growth in Garmin's revenue and net earnings performance. In 2007, the Committee determined that Garmin's performance significantly exceeded the prior year, as net revenues grew by 79% from \$1.77 billion to \$3.18 billion, and net earnings grew by 66%. The Compensation Committee did not set specific performance targets for the executives because of the continuing record growth and overall performance of Garmin.

For 2007, the Compensation Committee awarded discretionary cash bonus payments to Garmin's executives in amounts ranging from 7.8% to 32.3% of base salary (which bonuses were approximately double the amount of last year's discretionary bonuses for all executives other than the chief executive officer). The Compensation Committee awarded such bonus payments to bring cash bonus consideration closer to comparative market 25th percentile levels and to reward the recipients for both the continuing record growth and overall performance of Garmin, and strong individual performance by the executives. The Compensation Committee believes these cash incentive awards further align the interests of Garmin's employees with the interests of Garmin's shareholders.

Stock-Settled Stock Appreciation Rights

Garmin executives, other than the chief executive officer, are awarded stock-settled stock appreciation rights (SARs) semi-annually, following the June and December meetings of the Compensation Committee. Newly hired executives may be granted SARs on their first date of employment, subject to approval by the Compensation Committee. As is required under the terms of our equity compensation plans, the grant value of each of the SARs is the average of the high and low price of Garmin stock on the date of grant. The purpose of these awards is to further align the interests of the executives with the interests of Garmin's shareholders. The Compensation Committee believes that stock-settled SARs effectively manage equity dilution and share usage, while strongly linking the earnings of executives with the interests of shareholders. Because the chief executive officer owns a significant amount of Garmin stock, and, therefore, already has significant incentive to create shareholder value, he is not awarded SARs or any other form of equity compensation.

The number of SARs awarded to each executive in June and December is discretionary and is determined by the Compensation Committee after considering the recommendation of the chief executive officer and the executive's individual duties and responsibilities, experience and overall performance. The following table shows the SARs awarded to each of the executives (other than the chief executive officer) in 2006 and 2007:

Name:	2007 SARs	2006 SARs
Mr. Rauckman	\$1,222,550	\$602,850
Mr. Pemble	\$1,559,600	\$803,800
Mr. Etkind	\$1,222,550	\$602,850
Mr. Pokorny	\$1,011,150	\$602,850

The Compensation Committee significantly increased SARS granted to the executives in 2007 to recognize the continued record growth of Garmin and bring equity grant levels and total direct compensation up to the competitive market levels consistent with Garmin's philosophy of rewarding executives for long-term sustained individual and company performance. Factors considered by the Compensation Committee in evaluating individual performance include the executive's performance relative to his peers, the nature and scope of the executive's position and responsibilities, retention considerations and the current business environment.

Benefits; Retirement Contributions

Garmin's executives participate in the same benefits and are covered by the same plans on the same terms as provided to all of Garmin's salaried employees. As is the case with all salaried employees, Garmin matches the executives' contributions to Garmin's 401(k) plan and makes an additional employer contribution to this plan. In 2007, for all employees, including the executives, (a) for every dollar the employee contributed to the plan up to 10% of the employee's salary, Garmin contributed 75 cents, and (b) Garmin made an additional pension contribution equal to 5% of the employee's salary, whether or not the employee contributed to the plan. No salary in excess of \$225,000 was taken into account for either of the foregoing contributions.

Other Considerations

Overall Mix of Compensation Elements

The Compensation Committee reviews the competitiveness of each individual element of pay when setting compensation for each executive officer. However, consistent with Garmin's objectives of rewarding executives for long-term, sustained individual and Company performance, for executives other than the chief executive officer, the Compensation Committee delivers the majority of total direct compensation in the form of SARs. The chief executive officer's pay is set by the Committee at below market levels after consideration of his significant ownership of Garmin stock.

The Compensation Committee targeted total direct compensation at the 25th percentile of the High-Performing Comparator Group, with secondary consideration of the Related Industry Comparator Group (as discussed in *Benchmarking Pay* above). Actual 2007 pay for each of the executives excluding the chief executive officer was above the 25th percentile of the High-Performing Comparator Group because of the above-market SAR grants. The Compensation Committee made these above-market grants to each executive in recognition of Garmin's significant growth, as well as exceptional shareholder returns, in 2007. The Compensation Committee also considered that the SARs will only return value to the executives with increased share price appreciation. Finally, the Committee considered the retention value of the SAR grants for its high-performing executive team.

Perquisites

Consistent with Garmin's belief that executive compensation should be internally equitable among the executives and in relation to the broader Garmin employee population, Garmin does not provide any perquisites to any of its executives.

Executive Ownership; Policies Regarding Hedging

Garmin does not have formal executive ownership guidelines. However, Garmin executives receive a large portion of their total direct compensation in Garmin stock appreciation rights. Garmin does not have any policies regarding the hedging of the economic risk of stock ownership.

Adjustment or Recovery of Awards or Payments

In the event that the performance measures upon which compensation awards are restated or otherwise adjusted in a manner that would reduce the size of an award or payment, the Compensation Committee would consider on a case-by-case basis whether to adjust such award or recover such award from the executive who received the award. Garmin does not have a formal policy that would require such an adjustment to or recovery of such an award.

Tax and Accounting Considerations

The Compensation Committee reviews projections of the estimated accounting and tax impact of all material elements of the executive compensation program. Generally, an accounting expense is accrued over the requisite service period of the particular pay element (generally equal to the performance period) and Garmin realizes a tax deduction upon the payment to/realization by the executive.

Section 162(m) of the Internal Revenue Code generally provides that publicly-held corporations may not deduct in any one taxable year certain compensation in excess of \$1 million paid to the chief executive officer and certain other highly compensated executive officers. The Compensation Committee believes it has taken the steps required to exclude from the calculation of the \$1 million compensation expense limitation any performance-based awards granted under the 2000 Equity Incentive Plan and the 2005 Equity Incentive Plan to the executive officers listed in the Summary Compensation Table of this proxy statement.

Severance Benefits

Garmin does not have executive employment agreements or executive severance agreements with any of its executives.

Change-in-Control Benefits

In the event that an executive's employment is terminated without cause, or the executive resigns with good reason, within twelve months following a change in control of Garmin, all of the executive's unvested stock options and SARs would immediately become exercisable. Such accelerated vesting is the only benefit that would be received by the executives upon a change in control, and such benefit would also be received by all other Garmin employees who own unvested stock options or SARs. This change-in-control protection is designed to provide adequate protection for executives so that they may focus their efforts on effective leadership, rather than significant compensation loss, during the time that Garmin is considering or undertaking a change in control.

Mr. Bartel filed a Form 4 on April 11, 2008 to report his August 6, 2007 election and the resulting sale of 19,943 shares held by him under the Garmin International, Inc. 401(k) and Pension Plan.

Such written request should be directed to the Secretary of Garmin, c/o Garmin International, Inc., 1200 East 151st Street, Olathe, Kansas 66062.
