**Section 2 - Financial Information**

**Item 2.04. Triggering Events That Accelerate or Increase a Direct Financial Obligation or an Obligation under an Off-Balance Sheet Arrangement.**

Q.E.P. Co., Inc. (the Company ) under its credit facility (the Credit Facility ) with its senior lenders (collectively, the Lenders ) is required to maintain certain financial covenants, including a senior debt to trailing EBITDA ratio and a fixed charge coverage ratio (each as defined in the Credit Facility). On January 7, 2009, in connection with its preparation of the 2009 third fiscal quarter financial statements, the Company determined that it had breached these covenants for its 2009 third fiscal quarter, which ended on November 30, 2008. A violation of these covenants constitutes an event of default under the Credit Facility, which would, unless waived by the Lenders, give the Lenders the right to prohibit additional borrowing under the Credit Facility, accelerate the Company's indebtedness thereunder, and take other actions as provided for in the Credit Facility. A default under the Credit Facility may constitute a cross-default under certain of the Company's other loan agreements and mortgages. As of January 13, 2009, \$25,442,293 of borrowings and letters of credit were outstanding under the Credit Facility.

The Company is currently in discussions with the Lenders with respect to the violation of the financial covenants with a view toward obtaining a waiver of the current non-compliance and amending the covenants. There can be no assurance that the Company will be able to obtain such waiver or negotiate such an amendment, or that such waiver or amendment will be on terms acceptable to the Company. If the Company is unable to obtain a waiver or amendment from the Lenders, it could have a material adverse effect on the Company's financial position.

**SIGNATURES**
