On April 6, 2009, SupportSoft, Inc. (the Company or SupportSoft) sent the following message to its employees in connection with the announcement that the Company had entered into an Asset Purchase Agreement with Consona Corporation and had agreed to sell its Enterprise business to Consona:

Support Soft Team,

Earlier today we announced that we have entered into an agreement to sell our Enterprise business to Consona Corporation (Consona). This transaction offers many opportunities for both the Enterprise and Consumer teams.

Consona is a large, financially sound, privately-held company that provides software and services to more than 4,500 customers worldwide and across a variety of industries. Consona has a long track-record of acquiring and successfully integrating several other public and private software companies, including Onyx Software, KNOVA Software and Made2Manage Systems, among others. To learn more about Consona, visit www.consona.com.

SupportSoft's Enterprise software business and Consona have very similar go-to-market strategies and customer bases and highly complementary solution sets. The combination of Consona with our Enterprise business offers an extended solution offering, a broadened worldwide sales and services presence, expanded industry, product and process expertise, cross-selling opportunities across an expanded customer base, and substantial resources for growth.

For our Consumer business, the transaction enables us to become a pure play provider of technology enabled services for the digital home and small office. The increased focus and additional financial resources provided by the transaction will accelerate transformation of the Company into a leading provider of premium technology services for the consumer and SOHO markets.

The Consumer business will remain publicly-traded under the SPRT symbol going forward.

Today I will host two all-hands video teleconference calls to review the details of the announcement. They will take place as follows:

1. Today, Monday, April 6 at 6:30 a.m. Pacific Time; and

2. Today, Monday, April 6 at 9:30 a.m. Pacific Time.

Please look for details on the dial-in numbers in a separate e-mail from Sue.

I am excited by the opportunity ahead for both our Enterprise and Consumer businesses and thank you for your continued commitment, energy and enthusiasm.

- Josh
