#### 1. CONSOLIDATED RESULTS OF OPERATIONS AND FINANCIAL CONDITIONS

(Please refer to Summary of Financial Results for Fiscal 2011 for more information.)

#### (1) Analysis of Results of Operations

Reviewing the economic environment over the fiscal year ended March 31, 2012, despite the continuing overall gradual recovery of the global economy, the recovery remains weak due to destabilization of the international financial and capital markets caused by the fiscal problems in Europe and the decline in exports to Europe impacting the real economies of newly developing counties.

In the United States, gradual recovery in the economy continues on the basis of positive trends in consumer spending due to an improvement in employment conditions among other things. However, the risk remains of a slackening in the economy with rising oil prices, considering there is still pressure to squeeze debt on a household level. In addition, there is uncertainty as to a sustained economic recovery with the government pressed to implement a tight fiscal policy due to the constraints imposed by the debt ceiling. In Europe, the economy has entered a slowdown phase, with the fiscal problems experienced by certain countries impacting the real economy. Although the intense concern has been eased since the beginning of 2012 due to the restructuring of the debts of Greece and the provision of long-term funding by the European Central Bank (ECB), the future of the European economy holds little prospect of a drastic speedy fix for the Euro-area s debt problems, and it is difficult to predict the effects on the global economy. In Asia, although the region continues to maintain relatively strong economic growth, its economy is slowing as a whole from the impact of, among others, the decline in exports associated with the economic stagnation in Europe.

In Japan, the recovery from the impact of the Great Eastern Japan Earthquake continues. Despite the temporary standstill in exports and production due to the impact of the floods in Thailand in early fall 2011, there are visible signs of recovery. As for the future direction of the economy, while there are boosting factors such as the growing demand in relation to reconstruction efforts and a pause in the excessive appreciation of the value of the yen against other currencies, there are also several causes for concern, such as rising oil prices, the downturn in overseas economies and electricity shortages, posing a risk that these factors will act as a drag on economic growth.

Under the foregoing business environment, we recorded Net Income of ¥484.5 billion for fiscal 2011.

As for earnings estimates for fiscal 2012, we estimate Ordinary Profits of \(\xi\)735.0 billion and Net Income of \(\xi\)500.0 billion on a consolidated basis.

#### (2) Analysi s of Financial Conditions

Consolidated total assets as of March 31, 2012 amounted to ¥165,360.5 billion, increasing by ¥4,548.4 billion from the end of the previous fiscal year, mainly due to increases in Securities.

Securities were ¥51,392.8 billion, increasing by ¥6,610.8 billion from the end of the previous fiscal year.

The balance of Loans and Bills Discounted amounted to ¥63,800.5 billion, increasing by ¥1,022.7 billion from the end of the previous fiscal year.

Deposits amounted to ¥78,811.9 billion, decreasing by ¥422.0 billion from the end of the previous fiscal year.

Net Assets amounted to ¥6,869.2 billion, increasing by ¥245.2 billion from the end of the previous fiscal year. Shareholders Equity was ¥4,762.7 billion, Accumulated Other Comprehensive Income was ¥146.6 billion and Minority Interests was ¥1,957.6 billion.

Net Cash Provided by Operating Activities was \$4,163.0 billion mainly due to increased Guarantee Deposits Received under Securities Lending Transactions. Net Cash Provided by (Used in) Investing Activities was \$(6,175.6) billion mainly due to acquisition of securities, and Net Cash Provided in Financing Activities was \$(680.6) billion mainly due to redemption of subordinated bonds.

As a result, Cash and Cash Equivalents as of March 31, 2012 was ¥6,483.1 billion.

The Consolidated Capital Adequacy Ratio (Basel II BIS Standard) was 15.49% (preliminary).

#### 3. MANAGEMENT POLICY

#### (1) Principal Management Policy

Mizuho Financial Group (the Group ) pursues our goals of being held in high regard by our shareholders and the financial markets and earning widespread trust from the community as Japan s leading comprehensive financial services group on the basis of the three fundamental management philosophies below.

- a) To provide the highest level of comprehensive financial services to our customers and clients.
- b) To provide an attractive, inspiring workplace for our employees where they can each demonstrate their rich individuality and ability to meet their respective challenges.
- c) To enable each group company to demonstrate to the utmost its own particular characteristics and strengths in its respective business field and function.

#### (2) Management s Medium/Long-term Targets and Issues to be Resolved

The Group has been endeavoring together to its full extent to engage in the Business Improvement Plans which were submitted in June 2011, reflecting on the computer system failures that occurred in March 2011. Specifically, as well as developing countermeasures regarding system functions, including the reorganization of large volume data processing capabilities, which triggered such failures, we have been taking measures such as upgrading the response mechanism upon the occurrence of a crisis followed by examinations of effectiveness through training, improving the management administration regime including Actions to Restore Customer Confidence announced in May 2011, and developing systems risk management capabilities through a comprehensive inspection of systems risk at all group banks, as originally planned. The Group will continue to bear in mind a lasting understanding of the public mission of financial institutions that bear responsibilities for the settlement system and take all necessary measures to ensure stable operations.

As this is the final fiscal year of the Transformation Program, which was launched as the Medium-term Management Policy of the Group in May 2010, the fiscal year ending March 31, 2013 is the fiscal year during which the strengthening of our competitive advantage, the strengthening of our capital base and improvement of asset efficiency and the strengthening of our front-line business capabilities through improve efficiency and optimization are to be realized.

The Group aims to establish a new corporate structure and corporate governance structure, with which it will be able to utilize the banking, trust and securities functions most effectively as the only financial group in Japan with all three functions under one umbrella, and thereby to improve further customer convenience.

MHFG, Mizuho Bank, Ltd. (MHBK) and Mizuho Corporate Bank, Ltd. (MHCB) jointly announced that the merger between MHBK and MHCB, which constitutes the core of the establishment of the advanced group management structure, is to be conducted on July 1, 2013 on the assumption that, among other things, filings will have been made to, and permission obtained from, the relevant authorities in Japan and any foreign countries. Through the merger of the two banks, the Group aims to become able to provide directly and promptly diverse and functional financial services to customers, utilizing the current strengths and advantages of both banks, and by further enhancing group collaboration among the banking, trust and securities functions. At the same time, the Group aims to enhance further the consolidation of group-wide business operations and optimization of management resources, such as workforce and branch network, by strengthening group governance and improving group management efficiency, to maximize group profitability. Implementing the substantive one bank structure from April 2012, the Group will take measures to realize the synergies generated from the merger as soon as possible prior to the scheduled effective date of the merger.

In addition to the merger of the two banks, the Group will consider the possibility of a consolidation that includes Mizuho Trust & Banking Co., Ltd.( MHTB ).

With respect to capital management, the Group will strive to enhance capital adequacy and strengthen further its financial base, mainly by accumulating retained earnings through initiatives such as the steady implementation of the Transformation Program and the realization in advance of the synergy effects of the integrated group-wide business operations including the transformation into one bank, and also improving asset efficiency. Accordingly, the Group believes it will be able sufficiently to meet the new capital regulations including the framework to identify global systemically important financial institutions (G-SIFIs).

#### [Business Strategy]

(Please refer to Management Structure of Mizuho Financial Group, Inc. on page 1-10)

(Global Corporate Group and Global Retail Group)

Under the substantive one bank structure implemented from April 2012, MHBK and MHCB will establish a structure across both banks for each segment redefined in a more detailed manner based on customer needs and will ensure the provision of appropriate business solutions responding to the needs of each customer. In addition, the Group will strengthen business promotion activities through cross-organizational development of the financial know-how and industry knowledge of both banks and simultaneously will develop various financial services in a prompt manner through group wide collaboration for every possible customer need.

For individual customers, the Group will enhance the offering of products and services that are appropriate for the life stages and life events of each individual, and at the same time, it will enhance businesses related to officers and employees of large corporate customers.

For corporate customers, the Group will contribute to customers solutions for management issues and enhancement of customers corporate value by way of enhancing the Group s fulfillment of business finance functions inherent to a commercial bank as well as providing optimum products solutions by utilizing the Group s industry knowledge and collaboration among the banking, trust and securities functions.

In addition, the Group will increase efforts to establish closer relationships with customers who own companies and land-owning customers, etc., more than before and provide integrated services through coordination across the personal banking unit and the corporate units.

Overseas, the Group will promote the further expansion of its network in high-growth regions, mainly in Asia, and improve its abilities to respond to high customer demand for cross-border M&A and to offer a wide range of financial services through banking and securities collaboration.

As announced in the Implementation of Business Foundation Restructuring Program etc. on October 3, 2011, Mizuho Securities Co., Ltd. (MHSC) will continuously seek to accelerate its effort to increase profitability by prompt implementation of strengthening of its business foundation and partial revisions of the operational framework, efficient business operations, reduction of expenses, strengthening of its structure for global operations, enhancement of collaboration with companies in the Group and others, and appropriate risk control. Further, through the scheduled merger to be conducted with Mizuho Investors Securities Co., Ltd. (MHIS) during the second half of the fiscal year ending March 31, 2013, MHSC will provide securities functions in a unified manner through the Group is full-line securities company.

(Global Asset & Wealth Management Group)

Under the substantive one bank structure implemented from April 2012, MHTB will also promote coordinated management with MHBK and MHCB in order to offer various financial services in a prompt manner through group wide collaboration for every possible customer need. MHTB will continuously provide trust products and/or trust services to customers of the entire Group, while further improving quality and expertise therein. In addition, MHTB will cultivate new business frontiers by utilizing its trust bank function.

Mizuho Private Wealth Management Co., Ltd. will promote the further strengthening of its owner-consulting capabilities through the full use of products and functions across the group companies.

As core companies in the asset management business of the Group, Mizuho Asset Management Co., Ltd. and DIAM Co., Ltd. will respond to the diverse needs of customers.

While developing the foregoing business strategy, the Group is constantly aware of its social responsibilities and the importance of its public mission as a financial institution in the facilitation of financing, and will make efforts to facilitate financing uniformly through the group companies in response to the extended Law Concerning Temporary Measures to Facilitate Financing for Small and Medium-Size Enterprises, etc. and in compliance with the purpose of the guidelines for supervision of Financial Services Agency issued in April 2011 concerning the Concrete Roles Which Financial Institutions Should Play to Demonstrate the Consulting Function.

Mizuho Financial Group, Inc.

Considering the severity and scope of the damage caused by the Great Eastern Japan Earthquake to the national economy and life, also pursuant to its social responsibilities and its public mission as a financial institution, the Group will continuously exert its utmost efforts to support the recovery of the lives of disaster victims as well as industries and the economy in the disaster areas, and to support regional reconstruction, focusing on the disaster areas.

The Group will continue to establish a firm compliance structure and an advanced risk management regime. Additionally, sharing among management and employees of the Group the ideals represented by the brand subslogan established in September 2011, One MIZUHO: Building the future with you, the Group will work together as a group to implement the reforms necessary to achieve its goal of becoming the most trusted financial institution. Furthermore, the Group will work to fulfill its social responsibilities and public mission and further promote its corporate values by promoting CSR (corporate social responsibility) activities, from the perspective of assisting the recovery from the Great Eastern Japan Earthquake, in its environmental efforts and its performance of social contribution activities.

During the period, Japan Industrial Partners Inc. and two other companies were excluded from the scope of the equity method as a result of the sale of stocks and other factors.

- c) Number of non-consolidated subsidiaries not under the equity method: 0
- d) Affiliates not under the equity method: Name of principal company:

Asian-American Merchant Bank Limited

Non-consolidated subsidiaries and affiliates not under the equity method are excluded from the scope of the equity method since such exclusion has no material effect on MHFG s consolidated financial statements in terms of Net Income (Loss) (amount corresponding to MHFG s equity position), Retained Earnings (amount corresponding to MHFG s equity position), Deferred Gains or Losses on Hedges (amount corresponding to MHFG s equity position) and others.

### 3. Balance Sheet Dates of Consolidated Subsidiaries

a) Balance sheet dates of consolidated subsidiaries are as follows:

The day before the last business day of June	5 companies
September 30	1 company
December 29	18 companies
December 31	56 companies
March 31	69 companies

b) Consolidated subsidiaries with balance sheet dates of the day before the last business day of June and December 29 were consolidated based on their tentative financial statements as of and for the period ended December 31. Consolidated subsidiaries with balance sheet dates of September 30 were consolidated based on their tentative financial statements as of and for the period ended the consolidated balance sheet date.

Other consolidated subsidiaries were consolidated based on their financial statements as of and for the period ended their respective balance sheet dates.

The necessary adjustments have been made to the financial statements for any significant transactions that took place between their respective balance sheet dates and the date of the consolidated financial statements.

# 4. Special Purpose Entities Subject to Disclosure

a) Summary of special purpose entities subject to disclosure and transactions with these special purpose entities Mizuho Bank, Ltd. (MHBK) and Mizuho Corporate Bank, Ltd. (MHCB), which are consolidated subsidiaries of MHFG, granted loans, credit facilities and liquidity facilities to 20 special purpose entities (mainly incorporated in the Cayman Islands) in their borrowings and fund raising by commercial paper in order to support securitization of monetary assets of customers.

b) Major transactions with these special purpose entities subject to disclosure as of or for the fiscal year ended March 31, 2012 are as follows:

As of March 31, 2012	Millions of yen
Loans	¥ 1,696,213
Credit and Liquidity Facilities	¥ 470,702
For the Fiscal Year ended March 31, 2012	Millions of yen
Interest Income on Loans	¥ 11,489
Fee and Commission Income, etc.	¥ 2,423

#### 5. STANDARDS OF ACCOUNTING METHOD

Amounts less than one million yen are rounded down.

1. Credited Loans pursuant to Trading Securities and Trading Income & Expenses (Additional Information)

In light of the commencement of business by the domestic consolidated banking subsidiary in the American States, credited loans held for the purpose of trading, are, in line with trading securities, recognized on a trade date basis and recorded in Other Debt Purchased on the consolidated balance sheet. Other Debt Purchased related to the relevant credited loans is stated at fair value at the consolidated balance sheet date.

Interest received and the gains or losses on the sale of the relevant credited loans during the fiscal year, including the gains or losses resulting from any change in the value between the beginning and the end of the fiscal year, are recognized in Other Operating Income and Other Operating Expenses on the consolidated statements of income.

#### 2. Trading Assets & Liabilities and Trading Income & Expenses

Trading transactions intended to take advantage of short-term fluctuations and arbitrage opportunities in interest rates, currency exchange rates, market prices of securities and related indices are recognized on a trade date basis and recorded in Trading Assets or Trading Liabilities on the consolidated balance sheet. Income or expenses generated on the relevant trading transactions are recorded in Trading Income or Trading Expenses on the consolidated statement of income.

Securities and other monetary claims held for trading purposes are stated at fair value at the consolidated balance sheet date. Derivative financial products, such as swaps, futures and option transactions, are stated at fair value, assuming that such transactions are terminated and settled at the consolidated balance sheet date.

Trading Income and Trading Expenses include the interest received and the interest paid during the fiscal year, the gains or losses resulting from any change in the value of securities and other monetary claims between the beginning and the end of the fiscal year, and the gains or losses resulting from any change in the value of financial derivatives between the beginning and the end of the fiscal year, assuming they were settled at the end of the fiscal year.

### 3. Securities

(i) Bonds held to maturity are stated at amortized cost (straight-line method) and determined by the moving average method. Investments in non-consolidated subsidiaries and affiliates, which are not under the equity method, are stated at acquisition cost and determined by the moving average method. Other Securities which have readily determinable fair value are stated at fair value. Fair value of Japanese stocks with a quoted market price is determined based on the average quoted market price over the month preceding the consolidated balance sheet date. Fair value of securities other than Japanese stocks is determined at the quoted market price if available, or other reasonable value at the consolidated balance sheet date (cost of securities sold is calculated primarily by the moving average method). Other Securities, the fair values of which are extremely difficult to determine, are stated at acquisition cost or amortized cost and determined by the moving average method.

The net unrealized gains (losses) on Other Securities are included directly in Net Assets, net of applicable income taxes after excluding gains and losses as a result of the fair-value hedge method.

(ii) Securities which are held as trust assets in Money Held in Trust accounts are valued in the same way as given in (i) above.

# 4. Derivative Transactions

Derivative transactions (other than transactions for trading purposes) are valued at fair value.

# 5. Depreciation

(1) Tangible Fixed Assets (Except for Lease Assets)

Depreciation of buildings is computed mainly by the straight-line method, and that of others is computed mainly by the declining-balance method. The range of useful lives is as follows:

Buildings: 2 years to 50 years Others: 2 years to 20 years

(2) Intangible Fixed Assets (Except for Lease Assets)

Amortization of Intangible Fixed Assets is computed by the straight-line method. Development costs for internally-used software are capitalized and amortized over their estimated useful lives of mainly five years as determined by MHFG and consolidated subsidiaries.

(3) Lease Assets

Depreciation of lease assets booked in Tangible Fixed Assets and Intangible Fixed Assets which are concerned with finance lease transactions that do not transfer ownership is mainly computed by the same method as the one applied to fixed assets owned by us.

#### Deferred Assets

(1) Stock issuance costs

Stock issuance costs are expensed as incurred.

(2) Bond issuance costs

Bond issuance costs are expensed as incurred.

(3) Debenture issuance costs

Debenture issuance costs are expensed as incurred.

(4) Bond discounts

Bonds are stated at amortized costs computed by the straight-line method on the consolidated balance sheets.

Bond discounts booked on the consolidated balance sheets as of March 31, 2006 are amortized under the straight-line method over the term of the bond by applying the previous accounting method and the unamortized balance is directly deducted from bonds, based on the tentative measure stipulated in the Tentative Solution on Accounting for Deferred Assets (ASBJ Report No. 19, August 11, 2006).

## Reserves for Possible Losses on Loans

Reserves for Possible Losses on Loans of major domestic consolidated subsidiaries are maintained in accordance with internally established standards for write-offs and reserve provisions.

For claims extended to obligors that are legally bankrupt under the Bankruptcy Law, Special Liquidation under the Company Law or other similar laws (Bankrupt Obligors), and to obligors that are effectively in similar conditions (Substantially Bankrupt Obligors), reserves are maintained at the amounts of claims net of direct write-offs described below and expected amounts recoverable from the disposition of collateral and the amounts recoverable under guarantees. For claims extended to obligors that are not yet legally or formally bankrupt but are likely to be bankrupt (Intensive Control Obligors), reserves are maintained at the amounts deemed necessary based on overall solvency analyses of the amounts of claims net of expected amounts recoverable from the disposition of collateral and the amounts recoverable under guarantees.

For claims extended to Intensive Control Obligors and Obligors with Restructured Loans and others, if the exposure to an obligor exceeds a certain specific amount, reserves are provided as follows: (i) if future cash flows of the principal and interest can be reasonably estimated, the discounted cash flow method is applied, under which the reserve is determined as the difference between the book value of the loan and its present value of future cash flows discounted using the contractual interest rate before the loan was classified as a Restructured Loan, and (ii) if future cash flows of the principal and interest cannot be reasonably estimated, reserves are provided for the losses estimated for each individual loan. For claims extended to other obligors, reserves are maintained at rates derived from historical credit loss experience and other factors. Reserve for Possible Losses on Loans to Restructuring Countries is maintained in order to cover possible losses based on analyses of the political and economic climates of the countries.

All claims are assessed by each claim origination department in accordance with the internally established Self-assessment Standard, and the results of the assessments are verified and examined by the independent examination departments. Reserves for Possible Losses on Loans are provided for on the basis of such verified assessments.

In the case of claims to Bankrupt Obligors and Substantially Bankrupt Obligors, which are collateralized or guaranteed by a third party, the amounts deemed uncollectible (calculated by deducting the anticipated proceeds from the sale of collateral pledged against the claims and amounts that are expected to be recovered from guarantors of the claims) are written off against the respective claims balances. The total directly written-off amount was \(\frac{\pmathbf{4}}{3}27,650\) million.

Other consolidated subsidiaries provide the amount necessary to cover the loan losses based upon past experience and other factors for general claims and the assessment for each individual loan for other claims.

Mizuho Financial Group, Inc.

#### 8. Reserve for Possible Losses on Investments

Reserve for Possible Losses on Investments is maintained to provide against possible losses on investments in securities, after taking into consideration the financial condition and other factors concerning the investee company.

Except for securitization products which are included as reference assets of another securitization schemes of the Group's domestic banking subsidiary, Reserve for Possible Losses on Investments is provided against unrealized losses on securitization products related with the discontinuation of business regarding credit investments primarily in Europe which were made as an alternative to loans by the Group's domestic banking subsidiary. Since securities are recognized at fair value on the consolidated balance sheet, the balance of Securities is offset against that of Reserve for Possible Losses on Investments by \mathbf{\frac{1}{2}}1,292 million.

### 9. Reserve for Bonus Payments

Reserve for Bonus Payments, which is provided for future bonus payments to employees, is maintained at the amount accrued at the end of the fiscal year, based on the estimated future payments.

#### 10. Reserve for Employee Retirement Benefits

Reserve for Employee Retirement Benefits (including Prepaid Pension Cost), which is provided for future benefit payments to employees, is recorded as the required amount, based on the projected benefit obligation and the estimated plan asset amounts at the end of the fiscal year. Unrecognized actuarial differences are recognized as income or expenses from the following fiscal year under the straight-line method over a certain term within the average remaining service period of the employees of the respective fiscal year.

# 11. Reserve for Director and Corporate Auditor Retirement Benefits

Reserve for Director and Corporate Auditor Retirement Benefits, which is provided for future retirement benefit payments to directors, corporate auditors, and executive officers, is recognized at the amount accrued at the end of the respective fiscal year, based on the internally established standards.

#### 12. Reserve for Possible Losses on Sales of Loans

Reserve for Possible Losses on Sales of Loans is provided for possible future losses on sales of loans at the amount deemed necessary based on a reasonable estimate of possible future losses.

### 13. Reserve for Contingencies

Reserve for Contingencies is maintained to provide against possible losses from contingencies, which are not covered by other specific reserves in off-balance transactions, trust transactions and others. The balance is an estimate of possible future losses, on an individual basis, considered to require a reserve.

Mizuho Financial Group, Inc.

### 14. Reserve for Reimbursement of Deposits

Reserve for Reimbursement of Deposits is provided against the losses for the deposits derecognized from the liabilities at the estimated amount of future claims for withdrawal by depositors and others.

### 15. Reserve for Reimbursement of Debentures

Reserve for Reimbursement of Debentures is provided for the debentures derecognized from Liabilities at the estimated amount for future claims.

### 16. Reserve under Special Laws

Reserve under Special Laws is Reserve for Contingent Liabilities from Financial Instruments and Exchange. This is the reserve pursuant to Article 46-5, Paragraph 1 and Article 48-3, Paragraph 1 of the Financial Instruments and Exchange Law to indemnify the losses incurred from accidents in the purchase and sale of securities, other transactions or derivative transactions.

#### 17. Assets and Liabilities denominated in foreign currencies

Assets and Liabilities denominated in foreign currencies and accounts of overseas branches of domestic consolidated banking subsidiaries and a domestic consolidated trust banking subsidiary are translated into Japanese yen primarily at the exchange rates in effect at the consolidated balance sheet date, with the exception of the investments in non-consolidated subsidiaries and affiliates not under the equity method, which are translated at historical exchange rates.

Assets and Liabilities denominated in foreign currencies of the consolidated subsidiaries, except for the transactions mentioned above, are translated into Japanese yen primarily at the exchange rates in effect at the respective balance sheet dates.

# 18. Hedge Accounting

(1) Interest Rate Risk

The deferred method, the fair-value hedge method or the exceptional accrual method for interest rate swaps are applied as hedge accounting methods.

The portfolio hedge transaction for a large volume of small-value monetary claims and liabilities of domestic consolidated banking subsidiaries and domestic consolidated trust banking subsidiaries is accounted for in accordance with the method stipulated in the Accounting and Auditing Treatment relating to Adoption of Accounting Standards for Financial Instruments for Banks (JICPA Industry Audit Committee Report No.24).

The effectiveness of hedging activities for the portfolio hedge transaction for a large volume of small-value monetary claims and liabilities is assessed as follows:

- (i) as for hedging activities to offset market fluctuation risks, the effectiveness is assessed by bracketing both the hedged instruments, such as deposits and loans, and the hedging instruments, such as interest-rate swaps, in the same maturity bucket.
- (ii) as for hedging activities to fix the cash flows, the effectiveness is assessed based on the correlation between a base interest rate index of the hedged instrument and that of the hedging instrument.

The effectiveness of the individual hedge is assessed based on the comparison of the fluctuation in the market or of cash flows of the hedged instruments with that of the hedging instruments.

Among Deferred Gains or Losses on Hedges recorded on the consolidated balance sheet, those deferred hedge losses are included that resulted from the application of the macro-hedge method based on the Tentative Accounting and Auditing Treatment relating to Adoption of Accounting Standards for Financial Instruments for Banks (JICPA Industry Audit Committee Report No.15), under which the overall interest rate risks inherent in loans, deposits and others are controlled on a macro-basis using derivatives transactions. The deferred hedge gains/losses are amortized as interest income or interest expenses over the remaining maturity and average remaining maturity of the respective hedging instruments. The unamortized amounts of gross deferred hedge losses and gross deferred hedge gains on the macro-hedges, before net of applicable income taxes were \mathbb{Y}7,813 million and \mathbb{Y}5,732 million, respectively.

### (2) Foreign Exchange Risk

Domestic consolidated banking subsidiaries and some of domestic consolidated trust banking subsidiaries apply the deferred method of hedge accounting to hedge foreign exchange risks associated with various financial assets and liabilities denominated in foreign currencies as stipulated in the Accounting and Auditing Treatment relating to Adoption of Accounting Standards for Foreign Currency Transactions for Banks (JICPA Industry Audit Committee Report No.25). The effectiveness of the hedge is assessed by confirming that the amount of the foreign currency position of the hedged monetary claims and liabilities is equal to or larger than that of currency-swap transactions, exchange swap transactions, and similar transactions designated as the hedging instruments of the foreign exchange risk.

In addition to the above methods, these subsidiaries apply the deferred method or the fair-value hedge method to portfolio hedges of the foreign exchange risks associated with investments in subsidiaries and affiliates in foreign currency and Other Securities in foreign currency (except for bonds) identified as hedged items in advance, as long as the amount of foreign currency payables of spot and forward foreign exchange contracts exceeds the amount of acquisition cost of the hedged foreign securities in foreign currency.

## (3) Inter-company Transactions

Inter-company interest rate swaps, currency swaps and similar derivatives among consolidated companies or between trading accounts and other accounts, which are designated as hedges, are not eliminated and related gains and losses are recognized in the statement of income or deferred under hedge accounting, because these inter-company derivatives are executed according to the criteria for appropriate outside third-party cover operations which are treated as hedge transactions objectively in accordance with JICPA Industry Audit Committee Reports No. 24 and 25.

### 19. Consumption Taxes and other

With respect to MHFG and its domestic consolidated subsidiaries, Japanese consumption taxes and local consumption taxes are excluded from transaction amounts.

## 20. Amortization Method of Goodwill and Amortization Period

Goodwill of Mizuho Trust & Banking Co., Ltd. is amortized over a period of 20 years under the straight-line method. Goodwill of Eurekahedge Pte, Ltd. is amortized over a period of 10 years under the straight-line method. Goodwill of PT. Mizuho Balimor Finance is amortized over a period of 9 years. The amount of other Goodwill is expensed as incurred since the amount has no material impact.

## 21. Scope of Cash and Cash Equivalents on Consolidated Statements of Cash Flows

For the purpose of the consolidated statement of cash flows, Cash and Cash Equivalents consists of cash and due from central banks included in Cash and Due from Banks on the consolidated balance sheet.

### (7) ISSUED BUT NOT YET ADOPTED ACCOUNTING STANDARD AND OTHERS

1. Revised ASBJ Statement No. 22 Accounting Standard for Consolidated Financial Statements (March 25, 2011)
This accounting standard mainly represents a revision to the Concrete Treatments Related to the Revision of the Definition of the Subsidiaries and Affiliates within the Consolidated Financial Statement System (Business Accounting Council, October 30, 1998)III. Prior to the revision, special purpose entities that met specific conditions were presumed not to be subsidiaries of investors in and companies transferring assets to the relevant special purpose entities. After the revision, this treatment only applies to companies transferring assets to the special purpose entities.

Mizuho Financial Group is scheduled to apply this accounting standard from the beginning of the fiscal year starting on April 1, 2013.

On adoption of this accounting standard, those special purpose entities that had not previously been treated as subsidiaries, where the transferor of the assets to the special purpose entity is not a domestic bank subsidiary, will be newly included within the scope of consolidation.

The impact of the application of this accounting standard and others issued but not yet adopted is currently under consideration.

#### (8) CHANGE IN PRESENTATION OF FINANCIAL STATEMENTS

Certain items in expenses regarding stock transfer agency business and pension management business, which had been recorded as General and Administrative Expenses in some domestic consolidated trust bank subsidiary until the previous fiscal year, have been recorded as Fee and Commission Expenses beginning with this fiscal year, from the standpoint that we should disclose our financial information which reflects economic conditions more clearly in a manner that actively responds to our profits, after turning the relevant trust bank subsidiary into a wholly-owned subsidiary of MHFG.

In order to reflect the change in presentation of financial statements, reclassification of the previous fiscal year has been made accordingly. As a result, Fee and Commission Expenses \$\frac{4}{95,693}\$ million and General and Administrative Expenses \$\frac{4}{1,285,815}\$ million presented in the previous fiscal year have been reclassified as Fee and Commission Expenses \$\frac{4}{103,660}\$ million and General and Administrative Expenses \$\frac{4}{1,277,848}\$ million.

## (9) ADDITIONAL INFORMATION

1. Mizuho Financial Group has applied The Accounting Standard for Accounting Changes and Error Corrections (ASBJ Statement No.24, December 4, 2009) and Guidance on the Accounting Standard for Accounting Changes and Error Corrections (ASBJ Guidance No.24, December 4, 2009) beginning with the treatment of accounting changes and corrections of prior period errors that are made after the beginning of this fiscal year.

Based on Practical Guidelines on Accounting Standards for Financial Instruments (JICPA Accounting Practice Committee Statement No.14), Reversal of Reserves for Possible Losses on Loans and Recovery on Written-off Claims have been recorded in Other Ordinary Income beginning with this fiscal year. However, retrospective application was not made for the previous fiscal period.

- 2. One of our consolidated foreign securities subsidiaries has received requests for information from the U.S. Securities and Exchange Commission concerning the structuring and offering of certain securitization transactions involving subprime mortgages. It has been responding to such requests. In consideration of the individual risk and other factors, the estimated amount of loss calculated by a reasonable method has been recorded in the financial statements.
- 3. Mizuho Financial Group, Inc. (MHFG), Mizuho Bank, Ltd. (MHBK) and Mizuho Corporate Bank, Ltd. (MHCB) announced on November 14, 2011 in the release titled Memorandum of Understanding on Merger between Mizuho Bank, Ltd. and Mizuho Corporate Bank, Ltd. that MHBK and MHCB plan to conduct a merger (the Merger) by around the end of the first half of fiscal year 2013, on the assumption that filings will have been made to, and permission obtained from, the relevant authorities in Japan and any foreign countries. MHFG, MHBK and MHCB determined at their respective meetings of the board of directors held on March 30, 2012 that the effective date of the Merger shall be July 1, 2013.

**(10) NOTES** 

#### (NOTES TO CONSOLIDATED BALANCE SHEET)

- 1. Securities include shares of \(\frac{4}{2}59.512\) million and investments of \(\frac{4}{4}21\) million in non-consolidated subsidiaries and affiliates.
- 2. Unsecured loaned securities which the borrowers have the right to sell or repledge amounted to ¥4,149 million and are included in trading securities under Trading Assets. MHFG has the right to sell or repledge some of unsecured borrowed securities, securities purchased under resale agreements and securities borrowed with cash collateral. Among them, the total of securities repledged was ¥8,097,653 million and securities neither repledged nor re-loaned was ¥2,992,464 million, respectively.
- Loans and Bills Discounted include Loans to Bankrupt Obligors of ¥40,767 million and Non-Accrual Delinquent Loans of ¥582,618 million.

Loans to Bankrupt Obligors are loans, excluding loans written-off, on which delinquencies in payment of principal and/or interest have continued for a significant period of time or for some other reason there is no prospect of collecting principal and/or interest ( Non-Accrual Loans ), as per Article 96, Paragraph 1, Item 3, Subsections 1 to 5 or Item 4 of the Corporate Tax Law Enforcement Ordinance (Government Ordinance No. 97, 1965).

Non-Accrual Delinquent Loans represent Non-Accrual Loans other than (i) Loans to Bankrupt Obligors and (ii) loans on which interest payments have been deferred in order to assist or facilitate the restructuring of the obligors.

4. Balance of Loans Past Due for Three Months or More: ¥20,246 million

Loans Past Due for Three Months or More are loans on which payments of principal and/or interest have not been made for a period of three months or more since the next day following the first due date without such payments, and which are not included in Loans to Bankrupt Obligors, or Non-Accrual Delinquent Loans.

5. Balance of Restructured Loans: ¥589,515 million

Restructured Loans represent loans whose contracts were amended in favor of obligors (e.g. reduction of, or exemption from, stated interest, deferral of interest payments, extension of maturity dates and renunciation of claims) in order to assist or facilitate the restructuring of the obligors. Loans to Bankrupt Obligors, Non-Accrual Delinquent Loans and Loans Past Due for Three Months or More are not included.

6. Total balance of Loans to Bankrupt Obligors, Non-Accrual Delinquent Loans, Loans Past Due for Three Months or More, and Restructured Loans: ¥1,233,147 million

The amounts given in Notes 3 through 6 above are gross amounts before deduction of amounts for the Reserves for Possible Losses on Loans.

7. In accordance with Treatment of Accounting and Auditing of Application of Accounting Standard for Financial Instruments in the Banking Industry (JICPA Industry Audit Committee Report No. 24), bills discounted are accounted for as financing transactions. The banking subsidiaries have rights to sell or pledge these bankers acceptances, commercial bills, documentary bills and foreign exchange bills purchased. The face value of these bills amounted to ¥823,095 million.

8. The following assets were pledged as collateral:

Cash and Due from Banks:	¥ 130 million
Trading Assets:	¥ 6,013,994 million
Securities:	¥ 21,164,469 million
Loans and Bills Discounted:	¥ 8,938,619 million
Other Assets:	¥ 7,977 million
Tangible Fixed Assets:	¥ 94 million

The following liabilities were collateralized by the above assets:

Deposits:	¥ 449,657 million
Call Money and Bills Sold:	¥ 1,596,300 million
Payables under Repurchase Agreements:	¥ 5,393,206 million
Guarantee Deposits Received under Securities Lending Transactions:	¥ 7,501,763 million
Borrowed Money:	¥ 12,874,822 million

In addition to the above, the settlement accounts of foreign and domestic exchange transactions or derivatives transactions and others were collateralized, and margins for futures transactions were substituted by Cash and Due from Banks of \$19,397 million, Trading Assets of \$205,088 million and Securities of \$2,300,771 million and Loans and Bills Discounted of \$73,206 million.

None of the assets was pledged as collateral in connection with borrowings by the non-consolidated subsidiaries and affiliates.

Other Assets includes guarantee deposits of ¥106,625 million, collateral pledged for derivatives transactions of ¥549,980 million, margins for futures transactions of ¥92,841 million and other guarantee deposits of ¥49,449 million.

Rediscount of bills is conducted as financing transaction based on the JICPA Industry Audit Committee Report No. 24. There was no balance for bankers acceptances, commercial bills, documentary bills or foreign exchange bills purchased.

9. Overdraft protection on current accounts and contracts of the commitment line for loans are contracts by which banking subsidiaries are bound to extend loans up to the prearranged amount, at the request of customers, unless the customer is in breach of contract conditions. The unutilized balance of these contracts amounted to ¥59,863,135 million. Of this amount, ¥52,139,576 million relates to contracts of which the original contractual maturity is one year or less, or which are unconditionally cancelable at any time.

Since many of these contracts expire without being exercised, the unutilized balance itself does not necessarily affect future cash flows. A provision is included in many of these contracts that entitles the banking subsidiaries to refuse the execution of loans, or reduce the maximum amount under contracts when there is a change in the financial situation, necessity to preserve a claim or other similar reasons. The banking subsidiaries require collateral such as real estate and securities when deemed necessary at the time the contract is entered into. In addition, they periodically monitor customers business conditions in accordance with internally established standards and take necessary measures to manage credit risks such as amendments to contracts.

10. In accordance with the Land Revaluation Law (Proclamation No.34 dated March 31, 1998), land used for business operations of domestic consolidated banking subsidiaries was revalued. The applicable income taxes on the entire excess of revaluation are included in Deferred Tax Liabilities for Revaluation Reserve for Land under Liabilities, and the remainder, net of applicable income taxes, is stated as Revaluation Reserve for Land included in Net Assets.

Revaluation date: March 31, 1998

Revaluation method as stated in Article 3, Paragraph 3 of the above law: Land used for business operations was revalued by calculating the value on the basis of the valuation by road rating stipulated in Article 2, Paragraph 4 of the Enforcement Ordinance relating to the Land

Revaluation Law (Government Ordinance No.119 promulgated on March 31, 1998) with reasonable adjustments to compensate for sites with long depth and other factors, and also on the basis of the appraisal valuation stipulated in Paragraph 5.

The difference at the consolidated balance sheet date between the total fair value of land for business operation purposes, which has been revalued in accordance with Article 10 of the above-mentioned law, and the total book value of the land after such revaluation was \$165,480 million.

- 11. Accumulated Depreciation of Tangible Fixed Assets amounted to ¥ 827,245 million.
- 12. The book value of Tangible Fixed Assets adjusted for gains on sales of replaced assets and others amounted to ¥35,878 million.

- 13. Borrowed Money includes subordinated borrowed money of ¥612,543 million with a covenant that performance of the obligation is subordinated to that of other obligations.
- 14. Bonds and Notes includes subordinated bonds of \(\xi\)1,436,608 million.
- 15. The principal amounts of money trusts with contracts indemnifying the principal amounts, which are entrusted to domestic consolidated trust banking subsidiaries, are ¥741,934 million.
- 16. Liabilities for guarantees on corporate bonds included in Securities, which were issued by private placement (Article 2, Paragraph 3 of the Financial Instruments and Exchange Law) amounted to ¥953,446 million.
- 17. Projected pension benefit obligations, etc. as of the consolidated balance sheet date are as follows:

	Mil	lions of yen
Projected Benefit Obligations	¥	(1,328,823)
Plan Assets (fair value)		1,311,886
Unfunded Retirement Benefit Obligations		(16,937)
Unrecognized Actuarial Differences		418,892
Net Amounts on Consolidated Balance Sheet	¥	401,955
Prepaid Pension Cost		438,008

6. Securities for which the Holding Purpose has Changed

There were no securities for which the holding purpose has changed during the fiscal year ended March 31, 2012.

7. Impairment ( Devaluation ) of Securities

Certain Securities (excluding Trading Securities) which have readily determinable fair value are devalued to the fair value, and the difference between the acquisition cost and the fair value is treated as the loss for the fiscal year (impairment (devaluation)), if the fair value (primarily the closing market price at the consolidated balance sheet date) has significantly deteriorated compared with the acquisition cost (including amortized cost), and unless it is deemed that there is a possibility of a recovery in the fair value. The amount of impairment (devaluation) for the fiscal year was \mathbb{4}46,793 million.

The criteria for determining whether a security s fair value has significantly deteriorated are outlined as follows:

Securities whose fair value is 50% or less of the acquisition cost. Securities whose fair value exceeds 50% but is 70% or less of the acquisition cost and the quoted market price maintains a certain level or lower.

### (TAX EFFECT ACCOUNTING)

Act on Partial Amendment to the Income Tax Act, etc. in order to Create a Tax System Responding to Structural Changes of Economy and Society (Act No. 114, 2011) and Act on Special Measures Concerning Securing Financial Resources Necessary for the Implementation of Measures to recover from the Great East Japan Earthquake (Act No. 117, 2011) were promulgated on December 2, 2011, and accordingly, the corporate income tax rate has been lowered and the special corporation tax for restoration has been imposed from the consolidated fiscal year beginning on or after April 1, 2012.

Due to these changes, the effective statutory tax rate used by MHFG for the calculation of deferred tax assets and deferred tax liabilities has been revised from the previous rate of 40.69%. The rate of 38.01% has been applied to the temporary differences, expected to be either deductible, taxable or expired from the fiscal year beginning on April 1, 2012 through the fiscal year beginning on April 1, 2014, while the rate of 35.64% has been applied to the temporary differences, expected to be either deductible, taxable or expired on or after the fiscal year beginning April 1, 2015. In addition, due to the revision of the carry-forward system of the net operating losses , the amount of net operating losses that can be deducted has been limited to the equivalent of 80% of taxable income before such deductions from the consolidated fiscal year beginning on April 1, 2012.

As a result of the changes in tax rates and the carry-forward system of the losses, Deferred Tax Assets decreased by ¥22,705 million, Net Unrealized Gains on Other Securities increased by ¥6,960 million, Deferred Gains or Losses on Hedges increased by ¥5,020 million, and Deferred Income Taxes increased by ¥34,686 million. Deferred Tax Liabilities for Revaluation Reserve for Land decreased by ¥11,821 million and Revaluation Reserve for Land increased by the same amount.

### (BUSINESS SEGMENT INFORMATION)

### 1. Summary of reportable segment

The MHFG Group s operating segments are based on the nature of the products and services provided, the type of customer and the Group s management organization.

The reportable segment information, set forth below, is derived from the internal management reporting systems used by management to measure the performance of the Group's operating segments. The management measures the performance of each of the operating segments primarily in terms of net business profits (excluding the amounts of credit costs of trust accounts, before reversal of (provision for) general reserve for losses on loans) in accordance with internal managerial accounting rules and practices.

MHFG manages its business portfolio through the three Global Groups: the Global Corporate Group, the Global Retail Group and the Global Asset & Wealth Management Group. The Global Corporate Group consists primarily of MHCB and MHSC, the Global Retail Group consists primarily of MHBK and MHIS, and the Global Asset & Wealth Management Group consists primarily of MHTB.

Operating segments of MHCB and MHBK are aggregated within each entity based on customer characteristics and functions. Operating segments of MHCB are aggregated into three reportable segments, domestic, international, and trading and others. Operating segments of MHBK are also aggregated into three reportable segments, retail banking, corporate banking, and trading and others. In addition to the three Global Groups, subsidiaries which provide services to a wide range of customers and which do not belong to a specific Global Group are aggregated as Others.

## [The Global Corporate Group]

## [MHCB ]

MHCB is the main operating company of the Global Corporate Group and provides banking and other financial services to large corporations, financial institutions, public sector entities, foreign corporations, including foreign subsidiaries of Japanese corporations, and foreign governmental entities.

## (Domestic )

This segment consists of the following three units of MHCB: corporate banking, global investment banking, and global transaction banking. This segment provides a variety of financial products and services to large corporations, financial institutions and public sector entities in Japan. The products and services it offers include commercial banking, advisory services, syndicated loan arrangements and structured finance.

### (International)

This segment mainly offers commercial banking and foreign exchange transaction services to foreign corporations, including foreign subsidiaries of Japanese corporations, through MHCB s overseas network.

### (Trading and others )

This segment consists of the global markets unit, and the global asset management unit. This segment supports the domestic and international segments in offering derivatives and other risk hedging products to satisfy MHCB s customers financial and business risk control requirements. It is also engaged in MHCB s proprietary trading, such as foreign exchange and bond trading, and asset and liability management. This segment also includes costs incurred by headquarters functions of MHCB.

## [MHSC ]

Mizuho Securities is the securities arm of the Global Corporate Group and provides full-line securities services to corporations, financial institutions, public sector entities and individuals.

The former Mizuho Securities and Shinko Securities merged to form the new Mizuho Securities in May 2009.

[Others ]

This segment consists of MHCB s subsidiaries and others other than MHSC. These entities offer financial products and services in specific areas of business or countries mainly to customers of the Global Corporate Group.

1-41

## [The Global Retail Group]

## [MHBK ]

MHBK is the main operating company of the Global Retail Group. MHBK provides banking and other financial services primarily to individuals, SMEs and middle-market corporations through its domestic branch and ATM network.

Gross profits (excluding the amounts of credit costs of trust accounts) is the total amount of Interest income, Fiduciary income, Fee and commission income, Trading income, and Other operating income.

Net business profits (excluding the amounts of credit costs of trust accounts, before reversal of (provision for) general reserve for losses on loans) is the amount of which General administrative expenses (excluding non-recurring expenses) and Other (Equity in income from investments in affiliates and certain other consolidation adjustments) are deducted from Gross profits (excluding the amounts of credit costs of trust accounts).

Asset information by segment is not prepared on the grounds that management does not use asset information of each segment for the purpose of asset allocation or performance evaluation.

Gross profits (excluding the amounts of credit costs of trust accounts) relating to transactions between segments is based on the current market price.

Certain items in expenses regarding stock transfer agency business and pension management business, which had been recorded as General and administrative expenses (excluding Non-Recurring Losses) in some domestic consolidated trust bank subsidiary until the previous fiscal year, have been recorded as Gross profits: (excluding the amounts of credit costs of trust accounts) beginning with this fiscal year, from the standpoint that we should disclose our financial information which reflects economic conditions more clearly in a manner that actively responds to our profits, after turning the relevant trust bank subsidiary into a wholly-owned subsidiary of MHFG.

3. Gross profits (excluding the amounts of credit costs of trust accounts) and Net business profits or losses (excluding the amounts of credit costs of trust accounts, before reversal of (provision for) general reserve for losses on loans) by reportable segment

# SUMMARY OF FINANCIAL RESULTS

For Fiscal 2011

<Under Japanese GAAP>

# Mizuho Financial Group, Inc.

#### **Summary Results for Fiscal 2011**

#### I. Summary of Income Analysis

#### Ø Consolidated Net Business Profits

Consolidated Gross Profits for fiscal 2011 decreased by JPY 22.2 billion on a year-on-year basis to JPY 2,003.0 billion.

Gross Profits of the 3 Banks decreased by JPY 3.6 billion on a year-on-year basis. This was mainly due to a decrease of JPY 5.5 billion in income from Customer Groups including domestic business, despite an increase in that from overseas business, particularly from Asia. Income from Trading & Others exceeded that for the previous fiscal year through flexible and timely operations interpreting market trends properly.

G&A Expenses of the 3 Banks increased by JPY 10.5 billion on a year-on-year basis mainly due to an increase in expenses associated with employee retirement benefits, partly offset by our continued efforts in overall cost reduction.

Aggregated Consolidated Gross Profits (Net Operating Revenues) of our two securities subsidiaries (Mizuho Securities and Mizuho Investors Securities) decreased by JPY 31.9 billion on a year-on-year basis.

As a result, Consolidated Net Business Profits amounted to JPY 719.1 billion, a year-on-year decrease of JPY 22.6 billion.

#### Ø Consolidated Net Income

Consolidated Net Income of Mizuho Securities decreased by JPY 66.3 billion, turning into a loss of JPY 95.6 billion on a year-on-year basis, due to a decrease in Net Operating Revenues amid a severe market environment as well as the recording of special retirement benefits, a reversal of deferred tax assets, and others.

Credit-related Costs of the 3 Banks amounted to a net reversal of JPY 24.7 billion, primarily due to improved obligor classifications achieved through our business revitalization support to corporate customers, and other factors. Consolidated Credit-related Costs also amounted to a net reversal of JPY 27.7 billion, a year-on-year improvement of JPY 44.3 billion.

Net Losses related to Stocks of the 3 Banks amounted to JPY 50.3 billion, mainly due to recording impairment losses for certain stocks reflecting a decline in stock prices.

Due to factors such as those mentioned above, the JPY 77.4 billion impact of turning the three listed subsidiaries into wholly-owned subsidiaries, the JPY -34.6 billion impact of the tax rate amendment following corporate tax reform and the JPY -20.8 billion impact from Jusen (housing loan companies), Consolidated Net Income amounted to JPY 484.5 billion. This exceeded our fiscal 2011 plan of JPY 460.0 billion by JPY 24.5 billion, and the achievement ratio against the plan was approximately 105%.

<sup>\*2</sup> Consolidated Gross Profits General and Administrative Expenses (excluding Non-Recurring Losses) + Equity in Income from Investments in Affiliates and certain other consolidation adjustments

<sup>\*3</sup> Includes JPY -27.2 billion impact of turning the three listed subsidiaries into wholly-owned subsidiaries. Excluding this impact, Net Income was JPY 455.3 billion

#### Ø Net Interest Income

The average loan balance for the second half of fiscal 2011 increased by JPY 3.0 trillion compared with that for the first half of fiscal 2011. The period end loan balance as of March 31, 2012 increased by JPY 2.2 trillion compared with that as of September 30, 2011.

This resulted primarily from an increase in overseas loans, particularly in Asia, loans to large corporate customers and those to the Japanese Government.

The domestic loan-and-deposit rate margin for the fourth quarter of fiscal 2011 (three-month period from January to March 2012) was 1.30%, remaining flat from that for the third quarter (three-month period from October to December 2011).

#### Ø Non-interest Income

Non-interest Income from Customer Groups of the 3 Banks (on a managerial accounting basis) for fiscal 2011 increased by JPY 12.8 billion from that for fiscal 2010.

This was mainly due to an increase in non-interest income from overseas business, income associated with investment trusts and individual annuities from individual customers, solution-related income from corporate customers, and income from foreign exchange business.

#### II. Financial Soundness

Consolidated Capital Adequacy Ratio was 15.49%, an improvement of 0.19% from that as of March 31, 2011.

The balance of Disclosed Claims under the Financial Reconstruction Law (3 Banks) decreased by JPY 42.3 billion to JPY 1,165.6 billion on a year-on-year basis. NPL Ratio was 1.63%, a year-on-year improvement of 0.09%.

Net Deferred Tax Assets (Consolidated) decreased by JPY 130.4 billion on a year-on-year basis, and the ratio to Tier 1 Capital was 5.3%.

Unrealized Gains (Losses) on Other Securities (Consolidated) improved by JPY 90.5 billion on a year-on-year basis, mainly due to the impact of a decline in interest rates.

## III. Disciplined Capital Management

We have been implementing disciplined capital management by pursuing the optimal balance between strengthening of stable capital base and steady returns to shareholders .

Regarding the new capital regulations, we aim to increase our Common Equity Capital Ratio\* as of the end of fiscal 2012, when the new capital regulations are scheduled to be implemented, to the mid-8% level, and to accumulate a sufficient level of Common Equity Capital, giving due regard to the timeline of the phase-in implementation through the end of fiscal 2018.

Specifically, we will strive to accumulate our capital steadily and to strengthen our financial base further, mainly by accumulating retained earnings and improving asset efficiency through our various initiatives, such as the steady implementation of Mizuho s Transformation Program and the realization in advance of the synergy effects of the integrated group-wide business operations including the transformation into one bank.

<sup>\*2</sup> The base amount to be recorded directly to Net Assets after tax and other necessary adjustments

Accordingly, we believe we will be able to sufficiently meet the new capital regulations including the framework to identify G-SIFIs.

\* Our calculation of our Common Equity Capital Ratio includes the outstanding balance of the Eleventh Series Class XI Preferred Stock that will be mandatorily convertible into common stock in July 2016.

Our Common Equity Capital Ratio is the estimated figure that Mizuho Financial Group calculates based on the publicly-available materials that have been issued to date.

(Note) The outstanding balance of the Eleventh Series Class XI Preferred Stock as of March 31, 2012 (excluding treasury stock) was JPY 373.6 billion (60.4% of the initial amount issued of JPY 943.7 billion had already been converted into common stock as of such date).

#### **Earnings Plan for Fiscal 2012**

	(Figures	below	are	on	а	consol	idated	basis)	١
١	1 iguico	DCIOW	arc	on	а	COHSOI	luaicu	Uasis,	,

Fiscal 2012 is the final year of Mizuho s Transformation Program that we announced in May 2010.

Accordingly, we plan Consolidated Net Income for fiscal 2012 to be JPY 500.0 billion as was set forth in the Program.

Ø We plan Consolidated Net Business Profits for fiscal 2012 to be JPY 830.0 billion, a year-on-year increase of JPY 110.8 billion. Net Business Profits of the 3 Banks for fiscal 2012 are planned to increase from the previous fiscal year, mainly because we plan income from Customer Groups to increase and continue our overall cost reduction efforts to achieve the target level set in Mizuho s Transformation Program, although income from trading segment, which showed a solid performance in the previous fiscal year, is conservatively estimated. We will endeavor to further strengthen profitability, primarily by promoting group collaboration thoroughly among the banking, trust and securities functions in light of turning the three listed group companies into wholly-owned subsidiaries as well as by realizing in advance the synergy effects of the transformation of Mizuho Bank and Mizuho Corporate Bank into one bank.

As for consolidated subsidiaries, we estimate Mizuho Securities to improve its financial performance mainly through the steady implementation of the Business Foundation Strengthening Program that was announced in April 2012.

- Ø Credit-related Costs on a consolidated basis are planned to be a loss of JPY 110.0 billion, given the continued uncertainty over the global economy, although we continue our detailed business revitalization support to corporate customers.
- Ø We estimate Net Gains (Losses) related to Stocks to be JPY 0 (zero), despite our ongoing efforts to reduce our stock portfolio.
- Ø We plan to make cash dividend payments of JPY 6 per share of common stock as annual dividend payments for the fiscal year ending March 31, 2013, unchanged from that in the previous fiscal year, in consideration of the balance between strengthening of stable capital base and steady returns to shareholders. We also plan to make cash dividend payments on preferred stock as prescribed. Pertaining to the above, we continue to plan to make interim cash dividend payments in order to provide returns to shareholders at a more appropriate timing.

- \* In addition to Securities on the consolidated balance sheets, NCDs in Cash and Due from Banks, certain items in Other Debt Purchased and certain items in Other Assets are also included.
- \* Fair value of Japanese stocks with a quoted market price is determined based on the average quoted market price over the month preceding the consolidated balance sheet date.
  - Fair value of securities other than Japanese stocks is determined at the quoted market price if available, or other reasonable value at the consolidated balance sheet date.
- \* The book values of Other Securities which have readily determinable fair value are stated at fair value, so Unrealized Gains/Losses indicate the difference between book values on the consolidated balance sheets and the acquisition costs.
- \* Unrealized Gains/Losses include ¥(7,343) million, ¥(12,484) million and ¥(1,242) million, which were recognized in the statement of income for March 31, 2012, September 30, 2011 and March 31, 2011, respectively, by applying the fair-value hedge method and others.

  As a result, the base amounts to be recorded directly to Net Assets after tax and consolidation adjustments as of March 31, 2012, September 30, 2011 and March 31, 2011 are ¥91,209 million, ¥(145,225) million and ¥609 million, respectively.
- \* Unrealized Gains (Losses) on Other Securities, net of Taxes (recorded directly to Net Assets after tax and consolidation adjustments, excluding the amount recognized in the statement of income by applying the fair-value hedge method and others, including translation differences regarding securities, the fair values of which are extremely difficult to determine) as of March 31, 2012, September 30, 2011 and March 31, 2011 are ¥37,857 million, ¥(152,381) million and ¥(21,648) million, respectively.

#### II. REVIEW OF CREDITS

#### 1. Status of Non-Accrual, Past Due & Restructured Loans

The figures below are presented net of partial direct write-offs.

Treatment of accrued interest is based on the results of the self-assessment of assets.

(All loans to obligors classified in the self-assessment of assets as Bankrupt Obligors, Substantially Bankrupt Obligors, and Intensive Control Obligors are categorized as non-accrual loans.)

<sup>\*1</sup> Amount related to Retirement Benefits Accounting includes ¥(74.3) billion related to gains on securities contributed to employee retirement benefit trust.

Assessment of Recoverability of Deferred Tax Assets is based on the provisory clause of 5. (1) of Audit Guideline for Considering Recoverability of Deferred Tax Assets (JICPA Audit Committee Report No. 66). Period for future taxable income considered in the assessment is five years.

Future taxable income was estimated using assumptions used in the Business Plan, etc. Details of the respective estimated five-year totals are as follows:

Net Business Profits (before Reversal of (Provision for) General Reserve for Possible Losses on Loans): ¥1,413.5 billion [1]

Income before Income Taxes: ¥963.5 billion [2]

Taxable Income before Current Deductible Temporary Differences: ¥1,382.9 billion [4].

On the other hand, Deferred Tax Assets which are tax deductible in the future, such as Reserves for Possible Losses on Loans amount to ¥599.9 billion [14]. However, after considering temporary differences which are not expected to be reversed in the next five years, Valuation Allowance of ¥250.4 billion [15] was provided, therefore after offsetting Deferred Tax Liabilities of ¥126.6 billion [21], ¥222.7 billion [22] of Net Deferred Tax Assets was recorded on the balance sheet.

<sup>\*2</sup> Tax effects related to Net Unrealized Losses (Gains) on Other Securities is the amount after deducting Valuation Allowance.

Assessment of Recoverability of Deferred Tax Assets is based on the provisory clause of 5. (1) of Audit Guideline for Considering Recoverability of Deferred Tax Assets (JICPA Audit Committee Report No. 66). Period for future taxable income considered in the assessment is five years.

Future taxable income was estimated using assumptions used in the Business Plan, etc. Details of the respective estimated five-year totals are as follows:

Net Business Profits (before Reversal of (Provision for) General Reserve for Possible Losses on Loans): ¥2,086.5 billion [1]

Income before Income Taxes: ¥1,699.0 billion [2]

Taxable Income before Current Deductible Temporary Differences: ¥1,906.7 billion [4].

On the other hand, Deferred Tax Assets which are tax deductible in the future, such as Reserves for Possible Losses on Loans amount to ¥872.8 billion [14]. However, after considering temporary differences which are not expected to be reversed in the next five years, Valuation Allowance of ¥621.5 billion [15] was provided, therefore after offsetting Deferred Tax Liabilities of ¥188.8 billion [21], ¥62.4 billion [22] of Net Deferred Tax Assets was recorded on the balance sheet.

<sup>\*2</sup> Tax effects related to Net Unrealized Losses (Gains) on Other Securities is the amount after deducting Valuation Allowance.
