PROXY STATEMENT

ANNUAL MEETING OF STOCKHOLDERS

TO BE HELD ON APRIL 28, 2014

The Board of Directors of Huttig Building Products, Inc. (Huttig or the Company) is soliciting the enclosed proxy for use at the Annual Meeting of Stockholders to be held in the First Floor Conference Room at 200 First Stamford Place, Stamford, Connecticut on Monday, April 28, 2014 at 2:30 p.m., local time, and at any adjournments or postponements thereof. Shares represented by the enclosed proxy, when it is properly executed and returned prior to the meeting and not revoked, will be voted in accordance with the directions thereon. If no directions are indicated on a proxy for a particular matter that is properly executed and returned prior to the meeting and not revoked, the shares represented by the proxy will be voted **for** each nominee for election as a director, **for** the proposal to ratify the selection of KPMG LLP as our independent registered public accounting firm for the year ending December 31, 2014, and **for** the proposal to approve, by non-binding advisory vote, executive compensation, as the case may be. If any other matter should be presented at the Annual Meeting upon which a vote may properly be taken, the shares represented by the proxy will be voted with respect thereto in accordance with the discretion of the person or persons holding such proxy.

The first date on which this Proxy Statement and the enclosed proxy card are being sent to the Company's stockholders entitled to notice of and to vote at the Annual Meeting is on or about March 14, 2014.

IMPORTANT NOTICE REGARDING THE AVAILABILITY OF PROXY MATERIALS

FOR THE STOCKHOLDER MEETING TO BE HELD ON APRIL 28, 2014

This Proxy Statement and the 2013 Annual Report to Stockholders are available at www.edocumentview.com/HBP.

How to Vote

Stockholders may vote by marking their proxy, dating and signing it and returning it to the Corporate Secretary in the enclosed envelope. As an alternative to using the written form of proxy, stockholders may also vote their proxy by using the toll-free number listed on the proxy card or by voting via the Internet. The telephone voting and Internet voting procedures are designed to authenticate votes cast by use of a Personal Identification Number. The procedures allow stockholders to appoint a proxy to vote their shares and to confirm that their instructions have been properly recorded. Specific instructions to be followed by any stockholder of record interested in voting by telephone or the Internet are set forth on the enclosed proxy card. If your shares are held in the name of a bank or broker, follow the voting instructions on the form you receive from that firm. The availability of telephone or Internet voting will depend on that firm's voting processes.

How to Revoke a Vote

Stockholders may revoke proxies at any time prior to the voting of the proxy by providing written notice to the Company, by submitting a new later-dated proxy via the Internet, by telephone or by mail, or by voting in person at the meeting.

Special Voting Rules for Participants in Huttig's 401(k) Plan

If you participate in the Huttig Building Products, Inc. Savings and Profit Sharing Plan (the 401(k) Plan), you will receive one proxy with respect to all of your shares of Huttig stock registered in the same name. If your

accounts are not registered in the same name, you will receive a separate proxy with respect to each registered name for which you have accounts. Shares of Huttig common stock held in the 401(k) Plan will be voted by The Prudential Investment Company of America, as trustee of the 401(k) Plan, as directed by Plan participants.

Participants in the 401(k) Plan should indicate their voting instructions for each action to be taken under the Huttig proxy. All voting instructions from the 401(k) Plan participants will be kept confidential. If a participant fails to vote, the Huttig shares allocated to such participant will be voted in accordance with the pro rata vote of the participants in the 401(k) Plan who did provide instructions.

Outstanding Shares and Required Votes

As of the close of business on February 28, 2014, the record date for determining stockholders entitled to vote at the Annual Meeting, the Company had issued and outstanding 24,576,408 shares of common stock, par value \$0.01 per share. Each share of common stock is entitled to one vote on each matter to be voted on at the meeting. The presence in person or by proxy at the meeting of stockholders entitled to cast at least a majority of the votes that all holders of shares of common stock are entitled to cast will constitute a quorum for the transaction of business at the meeting.

Directors will be elected by a plurality of the votes cast by holders of shares of common stock present in person or represented by proxy and entitled to vote at the meeting. Votes may be cast in favor of a director nominee or withheld, and the two persons receiving the highest number of favorable votes will be elected as directors of the Company.

Each other matter to be voted upon at the meeting requires the affirmative vote of a majority of the votes cast by the holders of shares of common stock present in person or represented by proxy and entitled to vote at the meeting.

Abstentions and broker non-votes are counted as present or represented for purposes of determining whether a quorum is present at the meeting. Stockholders may abstain from voting on any or all proposals expected to be brought before the meeting. Abstentions do not count as votes cast for or against a matter and, therefore, will not affect the outcome of the voting at the meeting.

A broker non-vote occurs with respect to a particular matter when a broker returns a proxy card but does not vote on the matter because the broker does not have the discretionary authority to do so in the absence of voting instructions from the beneficial owner. Brokers have discretionary authority to vote on ratification of the appointment of KPMG LLP; however, brokers do not have discretionary authority to vote on the election of directors or on the other matters to be considered at the meeting if the broker does not receive voting instructions from you. Broker non-votes do not count as votes cast for or against a matter or as shares entitled to vote, and therefore will not affect the outcome of the voting at the meeting. Shares represented by proxies that are marked "withhold" with respect to the election of one or more directors will be counted as present in determining whether there is a quorum.

ITEM 1 ELECTION OF DIRECTORS

The Board of Directors of the Company is currently comprised of seven members and is divided into three classes, with each class holding office for staggered three-year terms. At the 2014 Annual Meeting, two directors will be elected to hold office until the 2017 Annual Meeting. If it is properly voted prior to the meeting, and not revoked, the enclosed proxy will be voted for the election of R. S. Evans and J. Keith Matheney, unless a stockholder indicates that a vote should be withheld with respect to any or all of such nominees. The election of each nominee has been recommended by the Board of Directors. Each of the nominees has consented to being named in this Proxy Statement and has indicated his willingness to serve if elected. If any of the nominees shall, prior to the meeting, become unavailable for election as a director, the persons named in the accompanying form of proxy will vote for such replacement nominee, if any, as may be recommended by the Board of Directors.

The Board unanimously recommends a vote FOR the election of Messrs. Evans and Matheney as directors for terms expiring in 2017.

BOARD OF DIRECTORS AND COMMITTEES OF THE BOARD OF DIRECTORS

Board of Directors

The Board of Directors is currently comprised of seven directors. During 2013, the Board of Directors held seven meetings and all incumbent directors attended 100% of the Board meetings and meetings of the committees on which they served. The Company's directors are encouraged to attend the Annual Meeting of Stockholders. All of our incumbent directors attended the 2013 Annual Meeting.

Director Independence

On an annual basis, and at other appropriate times when a change in circumstances could potentially impact the independence or effectiveness of one or more of the directors, the Board of Directors evaluates the independence of the directors and determines if each of the directors is qualified as an independent director as defined under the listing requirements of The NASDAQ Market LLC (NASDAQ) on which the Company's common stock is listed. After carefully considering all relevant facts and circumstances, the Board of Directors has affirmatively determined that six of the Company's seven directors—Messrs. Bigelow, Evans, Forté, Glass, Matheny, and Tanner—are independent in accordance with the standards established by NASDAQ. The Board has made a determination as to each independent director that no relationship exists which, in the opinion of the Board, would interfere with the exercise of independent judgment in carrying out the responsibilities of a director. Mr. Vrabely does not meet the independence standards because he is an employee of the Company.

The Board of Directors has also affirmatively determined that:

each member of the Audit Committee qualifies as independent under the provisions of Section 10A of the Securities Exchange Act of 1934 and the rules of the U.S. Securities Exchange Commission (SEC) promulgated thereunder, as well as the NASDAQ's independence rules relating to audit committees; and

each member of the Management Organization and Compensation Committee meets the independence requirements of NASDAQ's corporate governance listing standards.

Corporate Governance

The Company has adopted Corporate Governance Guidelines. The Company has also adopted a Code of Business Conduct and Ethics applicable to all directors, officers and employees. The Corporate Governance Guidelines and the Code of Business Conduct and Ethics are available on the Company's website at www.huttig.com. Information on, or accessible through, this website is not a part of, and is not incorporated into, this Proxy Statement. The Company intends to post on its website any amendments to, or waivers from, its Code of Business Conduct and Ethics within two days of such amendment or waiver.

In accordance with our Corporate Governance Guidelines, non-management directors regularly hold executive sessions without management present. During 2013, the Board held two executive sessions from which management was excused. Mr. R. S. Evans, Chairman of the Board, presided at each of these executive sessions.

Board Leadership Structure

The Board has chosen to separate the positions of Chairman of the Board and Chief Executive Officer at this time. Mr. R. S. Evans, a non-employee independent director, serves as Chairman, and Mr. Jon P. Vrabely serves as the President and Chief Executive Officer. Separating these positions allows our Chief Executive Officer to focus on setting the strategic direction of the Company and on our day-to-day business, and allows the Chairman to lead the Board in its fundamental role of providing advice to and independent oversight of management. While the Company's Amended and Restated By-laws (bylaws) and Corporate Governance Guidelines do not require that our Chairman and Chief Executive Officer positions be separate, the Board believes that having separate positions and having an independent outside director serve as Chairman is the appropriate leadership structure for the Company at this time. The Board retains the discretion to assess whether the positions should be combined or separated at any given time based upon its evaluation of, among other things, the composition of the Board and the circumstances facing the Company at the time.

Board Role in Risk Oversight

The Board believes that an important part of its responsibilities is to review the Company's assessment of the major risks the Company faces and its policies for monitoring and controlling these risks. The Audit Committee has specific responsibility for oversight of risks associated with financial accounting and audits, as well as internal control over financial reporting. Management regularly reports to the Audit Committee on the Company's risk assessment and management policies, the Company's major financial risk exposure and the steps taken by management to monitor and mitigate such exposure. The Management Organization and Compensation Committee oversees the risks relating to the Company's compensation policies and practices as well as management development and leadership succession. In addition to periodic reports from the two committees about risks, the Board as a whole examines specific business risks as part of its regular strategic reviews. In addition, management periodically reviews with the Board matters of particular importance or concern, including any significant areas of risk requiring Board attention.

Board Committees

The Board of Directors has four standing committees: (1) Executive, (2) Audit, (3) Management Organization and Compensation, and (4) Nominating and Governance. The Executive Committee meets when a quorum of the full Board of Directors cannot be readily obtained. In 2013, the Executive Committee held no meetings and took action only by written consent.

Except for the Executive Committee which operates under the authority set forth in our bylaws, each of the committees operates under a written charter adopted by the Board of Directors. All of the committee charters are available on the Company's website at www.huttig.com. Information on, or accessible through, this website is not a part of, and is not incorporated into, this Proxy Statement.

The memberships of Board committees as of the date of this Proxy Statement are as follows:

Executive Committee	Audit Committee	Management Organization & Compensation Committee	Nominating & Governance Committee
Jon P. Vrabely (Chairman)	J. Keith Matheney (Chairman)	E. Thayer Bigelow (Chairman)	R. S. Evans (Chairman)
R. S. Evans	E. Thayer Bigelow	Donald L. Glass	Richard S. Forté
Delbert H. Tanner	Richard S. Forté	Delbert H. Tanner	Donald L. Glass

Audit Committee

The Audit Committee assists the Board in fulfilling the Board's oversight responsibility with respect to the integrity of the Company's financial statements, the qualification and independence of the Company's independent auditors, the performance of the Company's internal audit function and its internal auditors, the Company's compliance with legal and regulatory requirements and the Company's risk assessment and risk management policies. The Audit Committee has the sole authority to select, evaluate and, where appropriate, replace the independent auditors. The Audit Committee meets periodically with representatives from the Company's internal auditors and independent auditors separate from management. The Audit Committee also is responsible for reviewing compliance with the Company's Code of Business Conduct and Ethics policy, and for administering and enforcing the Company's accounting and auditing compliance procedures adopted in accordance with Section 301 of the Sarbanes-Oxley Act of 2002.

In discharging its oversight responsibility as to the audit process, the Audit Committee obtained from the independent auditors a formal written statement confirming the absence of any relationships between the auditors and the Company that might bear on the auditors' independence consistent with applicable requirements of the Public Company Accounting Oversight Board regarding the independent accountant's communications with the audit committee concerning independence. The Audit Committee discussed with the independent auditors any activities that may impact their objectivity and independence, including fees for non-audit services, and satisfied itself as to the auditors' independence. The Audit Committee also received a report on the quality control procedures of the independent auditors as well as the most recent peer review conducted under guidelines of the American Institute of Certified Public Accountants. The Audit Committee also discussed with management, the internal auditors and the independent auditors the quality and adequacy of the Company's internal controls and the internal audit function's organization, responsibilities, budget and staffing, and results of the internal audit examinations. The Audit Committee reviewed with the independent auditors and the internal auditors their audit plan and audit scope and the independent auditors' examination of the financial statements.

The Board of Directors has determined that J. Keith Matheny meets the requirements of an audit committee financial expert as defined in regulations of the SEC. During 2013, the Audit Committee held six meetings.

The report of the Audit Committee is included under "Report of the Audit Committee" in this Proxy Statement.

Management Organization and Compensation Committee

The Management Organization and Compensation Committee oversees the Company's compensation plans and practices, including its executive compensation plans and director compensation plans, reviews and evaluates the performance of the Chief Executive Officer, reviews with the Chief Executive Officer his evaluation of the performance of other members of senior management, administers the Company's restricted stock and other stock-based compensation plans and programs, reviews management development and succession planning policies and produces the annual report on executive compensation for inclusion in the Company's annual proxy statement. During 2013, the Management Organization and Compensation Committee held two meetings.

The report of the Management Organization and Compensation Committee on executive compensation is included under "Report on Executive Compensation by the Management Organization and Compensation Committee of the Company" in this Proxy Statement.

Nominating and Governance Committee

The Nominating and Governance Committee's duties include assisting the Board by identifying individuals qualified to become members of the Board, recommending to the Board the director nominees for election at the

next Annual Meeting of Stockholders, advising the Board with respect to Board composition and procedures, advising the Board with respect to corporate governance principles and overseeing the evaluation of the Board. During 2013, the Nominating and Governance Committee held no meetings; instead, its duties were handled by the Board as a whole.

Director Qualifications and Nominating Procedures

The Company's Corporate Governance Guidelines provide that the Board should generally have from seven to eleven directors, a substantial majority of whom must qualify as independent directors as defined under the listing standards of NASDAQ. The Corporate Governance Guidelines provide that a director who serves as the Company's Chief Executive Officer should not serve on more than two public company boards in addition to the Board, other directors should not serve on more than four public company boards in addition to the Board and members of the Audit Committee should not serve on more than two other public company audit committees.

The Board seeks to identify and recruit the best available director candidates to sustain and enhance the composition of the Board with the appropriate balance of knowledge, experience, skills, expertise and diversity. Characteristics required for service on the Company's Board include integrity, an understanding of the workings of large business organizations such as the Company, senior level executive experience, the ability to make independent, analytical judgments, the ability to be an effective communicator, and the ability and willingness to devote the time and effort to be an effective and contributing member of the Board. The Board will consider potential director candidates proposed by other members of the Board, by management or by stockholders.

Although the Company does not have a formal written diversity policy for the Board, the Board determines the most appropriate mix of characteristics, skills and experiences for the Board as a whole to possess at any given time, with the objective of having a Board with adequately diverse backgrounds and experiences in light of the circumstances existing at that time. The Board evaluates each individual in the context of the individual's potential contribution to the Board as a whole, with the objective of recommending a collective group that can best promote the success of the Company's business, represent stockholder interests through the exercise of sound judgment and allow the Board as a whole to benefit from the group's varying backgrounds and experiences. The Board applies the same criteria to all candidates that it considers, including any candidates submitted by stockholders.

To have a candidate considered by the Board, a stockholder must submit the recommendation in writing to the Company addressed to the Office of the Corporate Secretary at 555 Maryville University Dr., Suite 400, St. Louis, MO 63141 and must supply the following information, in addition to any other information required in the Company's bylaws:

The candidate's name, age and business and residence address;

The candidate's detailed resume;

A description of any arrangements or understandings between the stockholder and the candidate;

A signed confirmation of the candidate's willingness to serve on the Board; and

The stockholder's name, number of Company shares owned and the length of time of ownership. Stockholders may submit potential director candidates at any time pursuant to these procedures. The Board will consider such candidates in connection with annual elections of directors or the filling of any director vacancies. Any stockholder nominations for the 2015 Annual Meeting, together with the information described above, must be submitted in accordance with the procedures described under "Miscellaneous - Next Annual Meeting; Stockholder Proposals" in this Proxy Statement.

Stockholder Communications with Directors

The Board has established a process to receive communications from stockholders and other interested parties. Stockholders and other interested parties may contact any member (or all members) of the Board, any Board committee or any Chairman of any such committee by mail or electronically. To communicate with the Board of Directors, any individual director or any group or committee of directors, correspondence should be addressed to the Board of Directors or any such individual director or group or committee of directors by either name or title. All such correspondence should be sent to the Company c/o Corporate Secretary at 555 Maryville University Dr., Suite 400, St. Louis, Missouri 63141. To communicate with any of our directors electronically, stockholders should use the following e-mail address: corporatesecretary@huttig.com.

The office of the Corporate Secretary will open all communications received as set forth in the preceding paragraph for the sole purpose of determining whether the contents represent a message to our directors. Any contents that are not in the nature of advertising, promotions of a product or service, or patently offensive or irrelevant material will be forwarded promptly to the addressee. To the extent that the communication involves a request for information, such as an inquiry about Huttig or stock-related matters, the Corporate Secretary's office may handle the inquiry directly. In the case of communications to the Board or any group or committee of directors, the Corporate Secretary's office will make sufficient copies of the contents to send to each director who is a member of the group or committee to which the envelope or e-mail is addressed.

The Audit Committee has discussed with KPMG LLP various matters related to the financial statements, including those matters required to be discussed by SAS 61 (Codification of Statements on Auditing Standards, AU 380). The Audit Committee has also received the written disclosures and the letter from KPMG LLP required by applicable requirements of the Public Company Accounting Oversight Board regarding the independent accountant's communications with the Audit Committee concerning independence, and has discussed with KPMG LLP its independence. Management is responsible for the preparation, presentation and integrity of the Company's financial statements, the Company's internal controls and financial reporting process and procedures designed to assure compliance with accounting standards and applicable laws and regulations. The Company's independent auditors are responsible for performing an independent audit of the Company's financial statements and expressing an opinion as to their conformity with generally accepted accounting principles. Based upon such review and discussions, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2013 filed with the Securities and Exchange Commission.

Other than Mr. Matheney, who is a practicing certified public accountant, the members of the Audit Committee are not professionally engaged in the practice of auditing or accounting. The members of the Audit Committee are not, and do not represent themselves to be, performing the functions of auditors or accountants. Members of the Audit Committee may rely without independent verification on the information provided to them and on representations made by management and the independent auditors. Accordingly, the Audit Committee's oversight does not provide an independent basis to determine that management has maintained appropriate accounting and financial reporting principles or appropriate internal controls and procedures designed to assure compliance with accounting standards and applicable laws and regulations. Furthermore, the Audit Committee's considerations and discussions referred to above do not assure that the audit of the Company's financial statements has been carried out in accordance with generally accepted auditing standards, that the financial statements are presented in accordance with generally accepted accounting principles, or that the Company's auditors are in fact independent.

This report is not to be deemed soliciting material or deemed to be filed with the Securities and Exchange Commission or subject to Regulation 14A of the Securities Exchange Act of 1934, except to the extent that the Company specifically requests that this report be treated as soliciting material or specifically incorporates it by reference into a document filed with the Securities and Exchange Commission.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

The Management Organization and Compensation Committee (the Committee) of the Board of Directors of the Company is responsible for overseeing the Company's executive compensation programs. This Compensation Discussion and Analysis describes the key features of our executive compensation program and the Committee's approach in deciding 2013 compensation for each of the executive officers named in the Summary Compensation Table (the named executive officers).

Philosophy

The primary objective of our executive compensation program is to attract and retain qualified employees. Our compensation program is designed to reward individual performance, Company performance and increases in Company stockholder value. Accordingly, executive compensation is based on our pay-for-performance philosophy, which emphasizes executive performance measures that correlate closely with the achievement of both shorter-term performance objectives and longer-term stockholder value. To this end, a substantial portion of our executives' compensation is at-risk. The percentage of compensation at risk increases with position level. This provides more upside potential and downside risk for senior positions because these roles have greater influence on the performance of the Company as a whole.

Overview

Executive compensation is comprised of the following components:

base salary;

annual incentive compensation;

long-term equity incentive awards;

defined contribution plan; and

Edgar Filing: HUTTIG BUILDING PRODUCTS INC - Form DEF 14A

perquisites and other personal benefits.

Each of these components represents a portion of each executive officer's total compensation package, although participation in the defined contribution plan is at the option of the executive officer. Our policy for

allocating between long-term and currently paid compensation is to ensure adequate base compensation to attract and retain qualified personnel, while providing incentives to maximize long-term value for the Company and its stockholders. There is no pre-established policy or formula for the allocation between either cash and non-cash or short-term and long-term incentive compensation.

Process

On an annual basis, the Committee reviews and evaluates the performance and leadership of the executive officers and recommends to the independent members of the Board of Directors all compensation actions affecting the CEO. The Committee also annually reviews with the CEO his evaluation of the performance of the other executive officers and recommends to the Board of Directors all compensation actions affecting such officers.

To assist it in its review of executive compensation, the Committee periodically engages outside consultants to provide competitive compensation information. The Committee uses peer group compensation data to inform its decisions; however, due to industry conditions, the Committee did not, for 2013, target elements of the executives' compensation to be competitive with a peer group. The 2013 compensation decisions were made based on the factors described below under Base Salaries, Annual Incentive Compensation and Equity Incentive Awards.

Base Salaries

In connection with the Company's cost control efforts in response to the prolonged, severe decline in the housing market, no incumbent executive officer has received a base salary increase since 2007. In addition, the Company instituted a 10% reduction in the base salaries of certain employees, including each of the named executive officers, which became effective in November 2011. In September 2013, the Board of Directors partially reversed this reduction by increasing the base salaries of the named executive officers by 5%.

The current base salary for each of the named executive officers, after giving effect to the 10% reduction in 2011 and subsequent 5% increase in 2013, is as follows:

Name and Principal Position	2013 Base Salary
Jon P. Vrabely President and Chief Executive Officer	\$ 378,000
Philip W. Keipp Vice President, Chief Financial Officer and Secretary	\$ 236,250
Gregory W. Gurley Vice President, Product Management and Marketing	\$ 212,625

The Company believes that all of the base salaries of the named executive officers are at levels that, considering the current economic environment, are appropriate for executives of a public corporation of the Company's size and industry category.

Annual Incentive Compensation

The Company's annual incentive compensation program is based on the principle of economic value added (EVA). EVA is a measurement of the amount by which the Company's after-tax profits, after certain adjustments, exceed the cost of capital employed by the Company. The Company believes that, as compared to other common performance measures such as return on equity or growth in earnings per share, EVA has a higher correlation with the Company's overall financial performance and the creation of long-term stockholder value. Although the plan is formula driven, the Committee retains discretion to review and adjust the calculation and its impact on individuals for reasonableness.

All of the Company's executive officers participate in the Company's EVA Incentive Compensation Plan, which the Committee administers. Each year, the Committee approves the cost of capital used in the EVA formula. The amount of the EVA bonus pool available for awards is determined after the end of each year.

2013 EVA Pool and Awards

In February 2014, the Committee approved the EVA bonus pool calculation for the Company for 2013. For 2013, the EVA bonus pool was calculated with two components: a percentage of the absolute EVA generated for 2013 and a percentage of the improvement in EVA from 2012 to 2013. In calculating the 2013 bonus pool, the Committee used a weighted average cost of capital of 4.41%. The Committee determined that the 2013 EVA bonus pool would be 6% of the 2013 EVA of \$5,033,000 plus 10% of the \$4,688,000 improvement in EVA from 2012 to 2013. This resulted in a total bonus pool for 2013 of \$771,000, of which \$498,066 was allocated to the named executive officers. As discussed below, Mr. Vrably's employment agreement provides that he will be allocated 30% of the total bonus pool. The following lists the annual bonus awards allocated to the named executive officers for 2013:

Name and Principal Position	2013 EVA Bonus Earned
Jon P. Vrably	\$ 231,300
President and Chief Executive Officer	
Philip W. Keipp	\$ 143,406
Vice President, Chief Financial Officer and Secretary	
Gregory W. Gurley	\$ 123,360
Vice President, Product Management and Marketing	

The Committee determined that no portion of the 2013 EVA bonus awards would be subject to forfeiture, assuming the executive's continued employment. The awards are to be paid on such date or dates in 2014 as Mr. Vrably, in his discretion, determines.

Equity Incentive Awards

The Company's equity award program is a long-term incentive program which the Company considers to be a key retention tool. In making decisions regarding long-term equity incentive awards for executive officers, the Committee considers factors such as each individual's performance and responsibilities. In 2013, each of the executive officers of the Company received grants of restricted stock under the Company's 2005 Executive Incentive Compensation Plan (the "Executive Equity Plan"). The awards vest ratably over three years assuming the executive's continued employment and vest immediately in the event of the executive's death, permanent disability, retirement or upon a change in control of the Company.

In 2013, the Committee awarded a total of 570,680 shares of restricted stock to employees, including 248,000 shares awarded in January 2013 to the named executive officers of the Company. The number of shares of restricted stock granted to the named executive officers in 2013 and 2012 is as follows:

Name and Principal Position	Restricted Stock Grant	
	2013 (# Shares)	2012 (# Shares)
Jon P. Vrably	133,000	225,000
President and Chief Executive Officer		
Philip W. Keipp	70,000	90,000
Vice President, Chief Financial Officer and Secretary		
Gregory W. Gurley	45,000	65,000
Vice President, Product Management and Marketing		

Considering the Company's stock price at the grant date, the Committee granted a lesser number of restricted shares to each of the named executive officers in 2013 than in 2012. The Committee also considered the executives' performance through the prolonged, severe decline in the housing industry, that none of the named executive officers had received a base salary increase since 2007, that the base salary of each was reduced by 10% effective November 2011 and increased 5% in September 2013. The Committee believes that awards of equity compensation provide an appropriate incentive to the executive officers which align their interests with those of the Company's stockholders, while controlling the direct costs to the Company for cash compensation.

Defined Contribution Plan

The Company provides retirement benefits to the named executive officers under the terms of its tax-qualified 401(k) defined contribution plan. The Company does not make currently matching contributions to the plan. The named executive officers participate in the plan on substantially the same terms as our other participating employees. The Company does not maintain any defined benefit or supplemental retirement plans.

Perquisites and Other Personal Benefits

The Company provides the named executive officers with perquisites and other personal benefits that the Company believes are reasonable and consistent with its overall compensation program to better enable the Company to attract and retain superior employees for key positions. The Committee periodically reviews the levels of perquisites and other personal benefits provided to named executive officers. The named executive officers are provided term life insurance coverage and reimbursement for relocation expenses, if applicable. Certain named executive officers are provided use of a leased Company automobile or a car allowance. In certain instances, as determined on a case-by-case basis, the Company provides signing bonuses for new hires and reimbursement for spouse travel in connection with business functions.

Costs of the perquisites and personal benefits described above for the named executive officers that meet the threshold established by SEC regulations are included in the Summary Compensation Table below in the "All Other Compensation" column.

Change of Control Agreements

The Company has entered into change of control agreements with certain key employees, including the named executive officers. The change of control agreements are designed to promote stability and continuity of senior management. The change of control agreements provide benefits only upon an involuntary termination or constructive termination of the officer within three years following a change-in-control. In addition, the Company's equity incentive plans and the award agreements under such plans provide that all restrictions on restricted stock lapse in the event of a change in control of the Company, and that all stock options become fully vested and exercisable either immediately upon a change in control or in the event that the employee is terminated following a change of control, depending on the plan. Further, the EVA Incentive Compensation Plan provides that the participants' entire deferred balances, if any, become payable upon a change in control. Information regarding payments and benefits that would accrue to the named executive officers under such arrangements is provided under the heading "Potential Payments Upon Termination or Change in Control" below.

Employment Agreements

During 2013, no named executive officer was party to a written employment agreement, except Mr. Vrabely, whose compensation is discussed below under "Compensation of Chief Executive Officer."

Compensation of Chief Executive Officer

Term of Employment

Effective January 1, 2007, Jon P. Vrabely was appointed as the Company's President and Chief Executive Officer. In connection with such appointment, the Company entered into a written employment agreement with Mr. Vrabely. The current term of the agreement expires on December 31, 2014; however, the agreement automatically extends for an additional year on that date and on each succeeding December 31 unless either Mr. Vrabely or the Company provides written notice of their intent to terminate at least 90 days prior to December 31.

Base Salary

Mr. Vrabely's employment agreement provided for an initial base salary of \$400,000 per year beginning January 1, 2007. In connection with the Company's cost control efforts, the executive officers, including Mr. Vrabely, have received no base salary increases since 2007. In addition, in November 2011, the Company instituted a 10% reduction in the base salaries of the executive officers, including Mr. Vrabely. As noted above, in September 2013 this reduction was partially reversed and Mr. Vrabely's agreement was amended to increase his base salary by 5%. This reduction and subsequent partial reversal has resulted in Mr. Vrabely having an annual base salary of \$378,000.

Annual Incentive Compensation

Mr. Vrabely's employment agreement provides that he is to receive up to a 30% allocation of the EVA bonus pool under the Company's EVA Incentive Compensation Plan. In February 2014, the Committee approved a total 2013 EVA bonus pool of \$771,000, of which Mr. Vrabely was allocated \$231,300 or approximately 30%. For a discussion of the annual incentive compensation payable to Mr. Vrabely and the other named executive officers, see pages 16 and 17 above.

Equity Incentive Compensation

Mr. Vrabely received a grant of 225,000 shares of restricted stock in February 2012, 133,000 shares of restricted stock in January 2013, and 100,000 shares of restricted stock in January 2014. All of the restricted shares vest one-third on the first anniversary of the date of grant, one-third on the second anniversary of the date of grant, and one-third on the third anniversary of the date of grant. Company stock awards held by Mr. Vrabely at the end of 2013 are reflected in the Outstanding Equity Awards at December 31, 2013 table on page 22.

Severance/Change of Control

Mr. Vrabely's employment agreement also provides that he is to receive a severance payment of twice his original salary of \$400,000 and average bonus for the past three years if the Company terminates him without cause during the term of the agreement or fails to renew his employment at the end of the term. The agreement also includes change of control provisions with the same terms as the change of control agreements with the other named executive officers. The change of control agreement terms are described below under Potential Payments Upon Termination or Change in Control Change of Control Arrangements .

Perquisites and Other Benefits

Finally, Mr. Vrabely's employment agreement states that he is to be provided use of a Company-provided automobile and is to receive other employee benefits provided by the Company and generally available to executive officers.

The Committee believes that Mr. Vrabely's compensation, while higher than that of our other executive officers, is commensurate with such officers' compensation, taking into consideration the level of Mr. Vrabely's responsibilities with the Company. The Committee's goals in setting Mr. Vrabely's compensation are similar to its goals for compensation to our executive officers generally which: provide compensation that is competitive with that of the peer companies with which we compete for talent; align his interests with those of our stockholders through annual incentive compensation; and promote his retention through long-term equity incentives.

Post Year-End Stock Awards

In January 2014, as part of its regular annual compensation review process, the Board, upon recommendation of the Committee, granted the Chief Executive Officer, Jon P. Vrabely, 100,000 shares of restricted stock, and granted restricted stock to the other named executive officers as follows: Philip W. Keipp - Vice President, Chief Financial Officer and Secretary - 60,000 shares; and Gregory W. Gurley - Vice President, Product Management and Marketing - 40,000 shares.

Accounting and Tax Considerations

The Committee generally considers the accounting implications of stock awards and other compensation to the Company's executive officers in evaluating and establishing the Company's compensation policies and practices. In addition, Internal Revenue Code Section 162(m) limits the deductibility of annual compensation paid to certain executive officers to \$1 million per employee unless the compensation meets certain specific requirements. The Committee believes that in establishing incentive compensation programs for our named executive officers, the potential deductibility of the compensation payable should be only one of several factors taken into consideration and not the sole governing factor. For that reason, the Committee may deem it appropriate to continue to provide one or more named executive officers with the opportunity to earn compensation that may be in excess of the amount deductible by reason of Section 162(m) or other provisions of the Code.

Assessment of Risk Relating to Compensation

The Committee believes it has allocated executive compensation among base salary and short and long-term compensation target opportunities in such a way as to not encourage excessive risk-taking. The performance metric for the annual incentive program is driven by broad-based corporate performance and encourages decision-making that is in the best long-term interests of the Company and its stockholders. The use of full value restricted stock awards under our long-term incentive program also mitigates risk and the multi-year vesting of those equity awards properly account for the time horizon of risk.

Summary Compensation Table

Shown below is information concerning the compensation for services rendered in all capacities to the Company for the years ended December 31, 2013 and December 31, 2012 for Jon P. Vrabely, the Company's President and Chief Executive Officer, and the two next most highly compensated individuals who served as executive officers of the Company at December 31, 2013.

(1) All of the named executive officers participate in the Company's annual incentive program, the EVA Incentive Compensation Plan (the EVA Plan). In February 2014, the Committee approved a total EVA bonus pool for 2013 under the EVA Plan of \$771,000 of which \$498,066 was allocated to the named executive officers as set forth above. The Committee determined that no portion of the 2013 EVA bonus awards would be banked or subject to forfeiture, assuming the participant's continued employment. The awards to the named executive officers are to be paid on such date or dates in 2014 as determined by Mr. Vrabely in his discretion.

See further discussion of the EVA Plan in the section captioned "Annual Incentive Compensation" in the Compensation Discussion and Analysis section of this Proxy Statement.

(2) Represents the grant date fair value of restricted stock awards computed in accordance with the provisions of Financial Accounting Standards Board Accounting Standard Codification Topic 718 (formerly referred to as Statement of Financial Accounting Standards No. 123R, *Share-Based Payment*). The per-share grant date fair value is computed as the average of the high and low stock prices on the date of grant. The 2013 awards were granted on January 29, 2013, on which date the per-share fair value was \$2.34.

Restricted stock is granted under the Company's 2005 Executive Incentive Compensation Plan. Shares vest over three years, assuming continued employment, with one-third of the shares vesting on each of the first three anniversaries of the grant date. Shares are entitled to the payment of dividends; however, the Company has not paid dividends in the past and does not anticipate paying dividends in the foreseeable future.

(4) No item included in "All Other Compensation" for Messrs. Vrabely or Keipp meets the footnote quantification threshold established by SEC regulations. The aggregate incremental cost to the Company of perquisites and personal benefits provided to Messrs. Vrabely and Keipp do not meet the inclusion threshold established by SEC regulations and are excluded from this amount.

(5) Includes car allowance and life insurance.

Potential Payments Upon Termination or Change in Control

Change of Control Arrangements

Except for certain severance benefits that may be payable under Mr. Vrabely's employment agreement (see discussion under "Compensation of Chief Executive Officer" on page 19 above), the Company does not provide any severance benefits to its named executive officers other than in connection with certain terminations following a change in control, as described below.

The Company has entered into separate change of control agreements with each of its named executive officers, except for Mr. Vrabely. The Company's change of control agreement with Mr. Vrabely is contained in his employment agreement, the current term of which expires on December 31, 2014 and which is automatically extended for additional one-year periods unless either the Company or Mr. Vrabely gives the other party notice at least 90 days prior to expiration that the period will not be extended. The change of control agreements with the other named executive officers are for an initial three-year period and are automatically extended for an additional year on each anniversary date of the agreement unless the Company gives notice that the period will not be extended.

Each agreement provides that if, within three years following a change of control of the Company, as defined below, the employee is terminated without cause or voluntarily terminates for good reason, as defined below, the employee will be entitled to the following, in addition to salary due at the date of termination: (i) a pro rata portion of the employee's highest annual bonus (the highest annual bonus is the greater of the annual bonus for the prior year or the average annual bonus for the prior three years), (ii) a lump sum payment equal to two times the employee's annual salary (without regard to any remaining salary reduction) and average bonus for the prior three years, (iii) the payment of deferred compensation, and (iv) continuation of benefits under the Company's welfare benefit plans for two years after termination. The foregoing amounts (other than the continuation of benefits) are to be paid in cash in a lump sum within 30 days following the employee's termination, except that, to the extent necessary to comply with Section 409A of the Internal Revenue Code, payments will be withheld until the first day of the seventh month following termination.

The change in control agreements define a change in control to mean, generally:

the acquisition of at least 50% of the Company's outstanding shares;

a change in the majority of the members of the Company's Board that is not supported by the incumbent Board;

a merger or other business combination that results in the Company's stockholders immediately before the transaction owning less than 50% of the voting power after the transaction;

a sale of substantially all of the Company's assets; or

the approval of a plan for complete liquidation or dissolution of the Company.

The change in control agreements define "cause" to mean, generally:

personal dishonesty or breach of fiduciary duty involving personal profit at the expense of the Company;

repeated, deliberate violations of the employee's duties;

commission of a criminal act related to the performance of the employee's duties;

furnishing of proprietary confidential information about the Company to a competitor;

habitual intoxication by alcohol or drugs during work hours; or

conviction of a felony.

The change in control agreements define "good reason" to mean, generally:

diminution in the employee's position, authority, duties or responsibilities;

failure of the Company to provide the employee with compensation and benefits as described in the agreement;

requiring the employee to be based at any office or location more than 35 miles from the location at which the employee was based prior to the change in control; or

any purported termination by the Company of the employee's employment except as expressly permitted by the agreement.

If the Company's tax counsel determines that any economic benefit or payment or distribution by the Company to the employee pursuant to the agreement is subject to the excise tax imposed by Section 4999 of the Internal Revenue Code, the Company will reduce the aggregate payments due to the employee under the agreement and any other agreement, plan or program of the Company to an amount that is one dollar less than the maximum amount allowable without becoming subject to the excise tax.

The change of control agreements prohibit the officer from doing the following during employment with the Company and for one year following termination: (i) engaging in any business that is competitive with the Company, (ii) soliciting for employment any current employee of the Company or any individual who had been employed by the Company in the one year prior thereto, and (iii) soliciting the business of the Company or doing business with any actual or prospective customer or supplier of the Company. The change of control agreements also prohibit the officer from disclosing any confidential information of the Company at any time.

The Company's equity incentive plans and the award agreements under such plans provide that all restrictions on restricted stock lapse in the event of a change in control of the Company, as defined below. In addition, the EVA Incentive Compensation Plan provides that the participants' entire deferred balances become payable upon a change in control.

The Company's equity incentive plans define a change in control to mean, generally:

the acquisition of at least 20% of the Company's outstanding shares;

a change in the majority of the members of the Company's Board that is not supported by the incumbent Board;

a merger or other business combination that results in the Company's stockholders immediately before the transaction owning less than 50% of the voting power after the transaction;

a sale of substantially all of the Company's assets;

the start of a tender offer for all or part of the Company's outstanding shares; or

the approval of a plan for complete liquidation or dissolution of the Company.

SECTION 16(A) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Based solely upon a review of the forms furnished to the Company or written representations of certain persons, each director, officer and beneficial owner of 10% of the outstanding shares of the Company timely filed all required reports under Section 16(a) of the Securities Exchange Act of 1934 for fiscal 2012.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS AND DIRECTOR INDEPENDENCE
Policies with Respect to Related Party Transactions

The Company's Audit Committee charter requires that the Audit Committee, which is comprised entirely of independent directors, review all related party transactions and potential conflict of interest situations involving members of the Board of Directors or senior management. Current SEC rules define a related party transaction to include any transaction, arrangement or relationship in which the Company is a participant and the related party has a direct or indirect interest.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

The Management Organization and Compensation Committee (the Compensation Committee) is comprised of Messrs. E. Thayer Bigelow, Donald L. Glass, and Delbert H. Tanner. No member of the Compensation Committee is or has ever been an officer or employee of the Company and no executive officer of the Company has served as a director or member of a compensation committee of another company of which any member of the Board of Directors is an executive officer.

All Other Fees		
Total Fees	\$ 329,000	\$ 406,026

- (1) Audit fees consist of fees for the following services: (a) the audit of the Company's annual financial statements, and (b) reviews of the Company's quarterly financial statements.
- (2) Audit-related fees consist of fees for services related to SEC filings.
- (3) Tax fees consist of fees for consultation and advice on business tax matters.

The Audit Committee has adopted a policy under which the independent auditors are prohibited from performing certain services in accordance with Section 202 of the Sarbanes-Oxley Act of 2002. The Audit Committee pre-approves all services to be provided by the independent auditors. The Audit Committee pre-approves the annual audit engagement terms and fees at the beginning of the year and pre-approves, if necessary, any changes in terms or fees resulting from changes in audit scope, Company structure or other matters. For services other than the annual audit engagement, if pre-approval by the full Audit Committee at a regularly scheduled meeting is not practical due to time limitations or otherwise, the Chairman of the Audit Committee may pre-approve such services and shall report any such pre-approval decision to the Audit Committee at the next regularly scheduled meeting.

ITEM 2 RATIFICATION OF APPOINTMENT OF KPMG LLP AS INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR THE YEAR ENDING DECEMBER 31, 2014

The Audit Committee has appointed KPMG LLP as the Company's independent registered public accounting firm for the year ending December 31, 2014. KPMG LLP served as the Company's independent registered public accounting firm for the year ended December 31, 2013. A representative of KPMG LLP will be

present, in person or via telephone, at the Company's 2014 Annual Stockholders Meeting, will have an opportunity to make a statement, if desired, and will be available to respond to appropriate questions from stockholders.

Although this appointment is not required to be submitted to a vote of stockholders, the Board of Directors believes it is appropriate to request that the stockholders ratify the appointment of KPMG LLP as the Company's independent registered accounting firm for the year ending December 31, 2014. If the stockholders do not so ratify, the Audit Committee will investigate the reasons for stockholder rejection and will reconsider the appointment.

The Board of Directors unanimously recommends a vote FOR ratification of the appointment of KPMG LLP as the Company's independent registered public accounting firm for the year ending December 31, 2014.

ITEM 3: ADVISORY VOTE TO APPROVE COMPENSATION OF NAMED EXECUTIVE OFFICERS

We are asking our stockholders to provide advisory approval of the compensation of our named executive officers, as described in this Proxy Statement. While this vote is advisory, and not binding on the Company, it will provide information to us regarding shareholder sentiment about our core principles and objectives, which we will be able to consider when determining executive compensation in the future. Last year, approximately 92% of the votes cast in our advisory vote approved the compensation of our named executive officers.

Stockholders should review the Compensation Discussion and Analysis beginning on page 15, compensation tables, and related narratives appearing in this Proxy Statement for more information regarding the compensation of our named executive officers. As described in those sections, the primary objective of our executive compensation program is to attract and retain qualified employees. Our compensation program is designed to reward individual performance, Company performance and increases in Company stockholder value. Accordingly, executive compensation is based on our pay-for-performance philosophy, which emphasizes executive performance measures that correlate closely with the achievement of both shorter-term performance objectives and longer-term stockholder value. The Management Organization and Compensation Committee regularly reviews our executive compensation program to assure that it continues to meet these overall objectives.

We believe that the information we have provided above in this Proxy Statement demonstrates that our executive compensation program was designed appropriately and is working to ensure management's interests are aligned with our stockholders' interests to support long-term value creation.

In accordance with the voting results for the proposal considered at the Company's 2013 Annual Meeting of Stockholders regarding the frequency of advisory votes to approve the compensation of the Company's named executive officers, the Company determined to hold such an advisory vote every year until the next stockholder vote on the frequency of such advisory votes. A stockholder vote on the frequency of such advisory votes is required to be held at least once every six years.

The Board of Directors unanimously recommends a vote FOR the following resolution:

RESOLVED, that the compensation of the Named Executive Officers as disclosed in the Proxy Statement is approved.
