## Section 1 Conflict Minerals Disclosure

### Item 1.01 Conflict Minerals Disclosure and Report:

In accordance with the execution of this policy, Stein Mart has concluded in good faith that during 2013;

- a) Stein Mart contracted to manufacture products as to which tin, tungsten, tantalum and/or gold (herein referred to as 3TGs, for conflict minerals ) are necessary to the functionality or production of such products.
- b) Based on a reasonable country of origin inquiry , Stein Mart knows or has reason to believe that a portion of its necessary 3TGs originated or may have originated in the Democratic Republic of the Congo or an adjoining country (collectively, sometimes referred to as the Covered Countries ) and knows or has reason to believe that those necessary 3TGs may not be from recycled or scrap sources.

#### A. Description of Stein Mart s Reasonable Country of Origin Inquiry (RCOI):

Stein Mart s reasonable country of origin inquiry (RCOI) employed a combination of measures to determine whether the necessary 3TGs in Stein Mart s products originated from the Covered Countries. Stein Mart s primary means of determining country of origin of necessary 3TGs was by conducting a supply chain survey with direct vendors using the EICC-GeSI (*Electronic Industry Citizenship Coalition Global E-Sustainability Initiative*) Conflict Minerals Reporting Template. This supply chain survey, and the conflict minerals program as a whole, is being developed and implemented with our third-party service provider.

As a result of the reasonable country of origin inquiry conducted, 63.96% of the 1,071 Stein Mart vendors surveyed provided a response.

Below is a summary of the information collected from all supply-chain respondents:

Factor	Number	Percentage of Vendors Surveyed
Number of Vendors Surveyed	1,071	
Number of Responses	685	63.96%
No Response	347	32.40%
Vendors deemed Out of Scope	39	3.64%
Total	1071	100.00%

Factor	Number	Percentage of Vendors Surveyed
Vendors with 3TGs Declared	53	4.94%
Vendors with 3TGs from the DRC	1	0.09%

Currently, one vendor has declared that their 3TGs come from the DRC but it is currently unknown whether they finance conflict.
