

Rockwood Holdings, Inc.
Form 425
July 15, 2014

Albemarle Acquisition of Rockwood
July 15, 2014
A Compelling Combination to Accelerate Albemarle's Growth
Filed by Albemarle Corporation
(Commission File No.: 1-12658)
Pursuant to Rule 425 of the Securities Act of 1933

and deemed filed pursuant to Rule 14a-12
of the Securities Exchange Act of 1934
Subject Company: Rockwood Holdings, Inc.
(Commission File No: 1-32609)

Forward Looking Statements

Some of the information presented in this document and discussions that follow, including, without limitation, statements with
transaction
and
the
anticipated
consequences
and
benefits
of
the

transaction,
the
targeted
close
date
for
the
transaction,
product
development,

changes in productivity, market trends, price, expected growth and earnings, cash flow generation, costs and cost synergies, product diversification, economic trends, outlook and all other information relating to matters that are not historical facts may constitute statements within the meaning of the Private Securities Litigation Reform Act of 1995. There can be no assurance that actual results will differ materially. Factors that could cause actual results to differ materially include, without limitation: the receipt and timing of regulatory approvals; the ability to finance the transaction; the ability to successfully operate and integrate Rockwood's operations; estimated synergies; changes in economic and business conditions; changes in financial and operating performance of our major products and industries and markets served by us; the timing of orders received from customers; the gain or loss of significant customers;

from
other
manufacturers;
changes

in
the
demand
for
our
products;
limitations
or
prohibitions
on
the
manufacture
and
sale
of
our
products;

availability of raw materials; changes in the cost of raw materials and energy; changes in our markets in general; changes in laws or government regulation impacting our operations or our products; the occurrence of claims or litigation; the occurrence of natural disasters; political unrest affecting the global economy; political instability affecting our manufacturing operations or joint ventures; changes in industry standards;

changes
in
the
jurisdictional
mix
of
our
earnings

and
changes
in
tax
laws

Secure access to significant and diverse long term lithium reserves

»

Second largest brine producer globally with operations in U.S.
and Chile

»

Largest spodumene mine, with acquisition of 49% in Talison

One of the lowest cost producers due to high quality brine (Chile)

Integrated business model from resource to downstream specialty

products

Longest history in the business with experienced management

Key customers: Bayer, Sygenta, DSM, Samsung and Umicore

Key industries served: pharma, agriculture, batteries, plastics etc.

Sole dedicated surface treatment business with significant global presence

Portfolio approach for balanced and diversified customer base across size, industries and technologies

Leading reputation for top customer service, technology knowhow and product innovation

Low capex requirements; robust free cash flows

Key customers: Airbus, ArcelorMittal, Ford, Daimler, Volkswagen and Renault Nissan

Key industries served: automotive, industrials, aerospace

#2 Globally

Excellent cash generation

Solid market position

#1 integrated global producer

Lowest cost and most diversified resources

Break-out potential
