**Item 1.01. Entry into a Material Definitive Agreement.**

On August 3, 2017, Hubbell Incorporated (the Company) completed a public offering of \$300 million aggregate principal amount of its 3.150% Senior Notes due 2027 (the New Notes). The offering of the New Notes was made pursuant to the prospectus supplement dated July 31, 2017 and filed with the U.S. Securities and Exchange Commission (the SEC) on August 1, 2017 (the Prospectus Supplement) and the prospectus dated February 16, 2016 that forms a part of the Company's shelf registration statement on Form S-3 (Registration No. 333-209532) filed with the SEC on February 16, 2016.

The New Notes were sold pursuant to an underwriting agreement, dated July 31, 2017, between the Company and J.P. Morgan Securities LLC and Merrill Lynch, Pierce, Fenner & Smith Incorporated, as representatives of the several underwriters listed in Schedule I thereto. The New Notes were issued under the Indenture, dated as of September 15, 1995 (the Base Indenture), between the Company and The Bank of New York Mellon Trust Company, N.A. (formerly known as The Bank of New York Trust Company, N.A. (successor as trustee to JPMorgan Chase Bank, N.A. (formerly known as JPMorgan Chase Bank, formerly known as The Chase Manhattan Bank, formerly known as Chemical Bank))), as trustee (the Trustee), as supplemented by the Fourth Supplemental Indenture, dated as of August 3, 2017 (the Fourth Supplemental Indenture, and the Base Indenture as heretofore supplemented and as supplemented by the Fourth Supplemental Indenture, the New Notes Indenture), between the Company and the Trustee.

The net proceeds from the offering were approximately \$294.6 million after deducting the underwriting discount and estimated offering expenses payable by the Company. The Company expects to use the net proceeds from the offering of the New Notes to effect the Redemption (as defined below). The Company intends to use any remaining net proceeds from the offering for general corporate purposes.

The New Notes will bear interest at a rate of 3.150% per annum from August 3, 2017. Interest on the New Notes will be payable semi-annually in arrears on February 15 and August 15 of each year, beginning on February 15, 2018. The New Notes will mature on August 15, 2027.

The Company may redeem all or part of the New Notes at any time prior to maturity at the redemption prices set forth in the New Notes Indenture.

In the event of a change in control triggering event (as defined in the Fourth Supplemental Indenture), the holders of the New Notes may require the Company to purchase for cash all or a portion of their New Notes at a purchase price equal to 101% of the principal amount of the New Notes, plus accrued and unpaid interest, if any, on the notes repurchased to, but excluding, the repurchase date.

The New Notes will be the Company's unsecured, unsubordinated obligations, ranking equally in right of payment with the Company's other existing and future unsecured, unsubordinated indebtedness from time to time outstanding (including, without limitation, indebtedness under the Company's revolving credit facility, its 3.625% Senior Notes due 2022 and its 3.350% Senior Notes due 2026), and effectively subordinated in right of payment to all of the Company's current and future secured indebtedness to the extent of the value of the assets securing such indebtedness. The New Notes will be exclusively obligations of the Company and will not be guaranteed by any of its subsidiaries. As a result, the New Notes will be structurally subordinated to existing or future preferred stock, indebtedness, guarantees and other liabilities, including trade payables, of such subsidiaries.

The New Notes Indenture also contains customary covenant and event of default provisions.

Please refer to the Prospectus Supplement for additional information regarding the offering and the terms and conditions of the New Notes. The foregoing summary of the New Notes does not purport to be complete and is qualified in its entirety by reference to the full text of the Base Indenture, the Fourth Supplemental Indenture and the

form of the New Notes, which are attached to this Current Report on Form 8-K as Exhibits 4.1, 4.2 and 4.3, respectively, and are incorporated into this Item 1.01 by reference.

**Item 2.03. Creation of a Direct Financial Obligation or an Obligation Under an Off-balance Sheet Arrangement of the Registrant.**

The information set forth in Item 1.01 of this Current Report on Form 8-K pertaining to the New Notes is incorporated into this Item 2.03 by reference.

**Item 2.04. Triggering Events That Accelerate or Increase a Direct Financial Obligation or an Obligation Under an Off-Balance Sheet Arrangement.**

On August 3, 2017, a notice of redemption was given to holders of the Company's 5.95% Senior Notes due 2018 (the Existing Notes), issued by the Company under the Base Indenture, as supplemented by the First Supplemental Indenture, dated as of June 2, 2008 (the First Supplemental Indenture, and the Base Indenture as heretofore supplemented and as supplemented by the First Supplemental Indenture, the Existing Notes Indenture), between the Company and the Trustee, which Existing Notes have a stated maturity date of June 1, 2018.

As a result, on September 2, 2017 (the Redemption Date), all of the \$300,000,000 outstanding aggregate principal amount of the Existing Notes will be redeemed (the Redemption). The redemption price with respect to the Existing Notes will be equal to the greater of: (i) 100% of the principal amount of the Existing Notes; and (ii) the sum of the present values of the remaining scheduled payments of principal and interest thereon discounted to the Redemption Date on a semi-annual basis (assuming a 360-day year consisting of twelve 30-day months) at the treasury rate (as defined in the Existing Notes Indenture), plus 30 basis points, plus accrued interest thereon to the Redemption Date.
