Oil and natural gas production in January

Rio de Janeiro, February 21, 2018 Petróleo Brasileiro S.A. Petrobras reports that its total oil and natural gas production in January was 2.70 million barrels of oil equivalent per day (boed), with 2.60 million boed produced in Brazil and 97 thousand boed produced abroad.

Total production operated by the company (portions of Petrobras and partners) was 3.31 million boed, with 3.19 million boed in Brazil.

The average oil production in the country was 2.10 million barrels per day (bpd), 1.0% lower than the volume produced in December. This result was mainly due to the maintenance stoppages of FPSO Capixaba, which operates in Parque das Baleias, in Campos Basin, and the sale of 35% of the Lapa field from Petrobras to Total, in the BM-S-9A block, in the Santos Basin pre-salt. The production of natural gas, excluding the liquefied volume, was 78.7 million m³/d, 1% above the previous month.

Oil production in the fields abroad was 61 thousand bpd, in line with the previous month, while the natural gas production was 6.2 million m³/d.

FORWARD-LOOKING STATEMENTS

This release includes forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended, that are subject to risks and uncertainties. The forward-looking statements, which address the Company's expected business and financial performance, among other matters, contain words such as believe, expect, estimate, anticipate, optimistic, intend, plan, aim, will, may, should, could, would, likely, and similar expressions cautioned not to place undue reliance on these forward-looking statements, which speak only as of the date on which they are made. There is no assurance that the expected events, trends or results will actually occur. We undertake no obligation to publicly update or revise any forward-looking statements, whether as a result of new information or future events or for any other reason.

The Company's actual results could differ materially from those expressed or forecast in any forward-looking statements as a result of a variety of assumptions and factors. These factors include, but are not limited to, the following: (i) failure to comply with laws or regulations, including fraudulent activity, corruption, and bribery;

(ii) the outcome of ongoing corruption investigations and any new facts or information that may arise in relation to the Lava Jato Operation ; (iii) the effectiveness of the Company's risk management policies and procedures, including operational risk; and (iv) litigation, such as class actions or proceedings brought by governmental and regulatory agencies. A description of other factors can be found in the Company's Annual Report on Form 20-F for the year ended December 31, 2016, and the Company's other filings with the U.S. Securities and Exchange Commission.

SIGNATURES

Pursuant to the requirements of the Securities Exchange Act of 1934, the registrant has duly caused this report to be signed on its behalf by the undersigned, thereunto duly authorized.

Date: February 21, 2018.
