ITEM 2.01 COMPLETION OF ACQUISITION OR DISPOSITION OF ASSETS

The registrant has completed its proposed internal corporate reorganization among its various subsidiaries.

Management of the registrant has undertaken an evaluation of its organizational structure and concluded that a restructuring would be in the registrant's interests, operationally and financially. With that in mind, management has recommended that all of the registrant's Professional Employee Organizations ("PEO") activities will be conducted through The Resourcing Solutions Group, Inc., ("TRSG"), the registrant's majority-owned subsidiary and all other non-PEO activities be conducted through the registrant. Under the current corporate structure, all PEO businesses, except Benecorp Business Services ("BBS") are subsidiaries of TRSG. This structure requires the registrant to make multiple filings with various states for PEO licensing. TRSG is required to file various state mandate documents and post significant indemnity bonds, up to \$100,000 per state, in order to secure its PEO license. In order for BBS to secure a license to operate, it must file essentially duplicate documents and post similar indemnity bonds, Asmara Services I, Inc. is an inactive PEO business. In order to report only the active PEO business, management believes that the inactive PEO business should become a subsidiary of the registrant. Furthermore, in reviewing the market potential in the human resources outsourcing industry, management of the registrant believes significant future revenue can be generated by offering insurance products and services. In order to capitalize on this revenue potential and to ensure compliance with federal Employee Retirement Income Security Act of 1974, management believes that segregating the insurance and risk management services from the PEO services will permit expansion in both areas and will separate these businesses, each of which require state licensing. The proposed reorganization will also streamline management reporting since all businesses with like functions will be under one corporate structure. This will permit the registrant to leverage its resources in its various business operations. The proposed reorganization will not have a direct impact on shareholders of the registrant.

ITEM 9.01 FINANCIAL STATEMENTS AND EXHIBITS

Financial statements are not included with this report. Since the registrant currently files consolidated financial statements with its majority-owned subsidiary, The Resourcing Solutions Group, Inc., there is no need to file financial statements either of the businesses acquired or on a proforma basis. In addition, the corporate reorganization and the acquisition of assets pursuant thereto does not meet the definition of a "significant subsidiary" as defined in Rule 1-102 of Regulation S-X and the acquisition of assets does not exceed 20% of the conditions set forth in Rule 3-05 of Regulation S-X.

EXHIBIT NO.	DESCRIPTION
10.1	Stock Purchase Agreement dated December 30, 2004 between The Resourcing Solutions Group, Inc. and Asmara Services I, Inc. and Pacel Corporation.
10.2	Asset Purchase Agreement dated December 31, 2004 between Benecorp Business Services, Inc. and The Resourcing Solutions Group, Inc.
10.3	Description of new corporate structure
