PIONEER POWER SOLUTIONS, INC.

Notes to Unaudited Consolidated Financial Statements

1. BASIS OF PRESENTATION

Overview

Pioneer Power Solutions, Inc. and its wholly owned subsidiaries (referred to herein as the “Company,” “Pioneer,” “we,” “our” and “us”) manufacture, sell and service a broad range of specialty electrical transmission, distribution and on-site power generation equipment for applications in the utility, industrial, commercial and backup power markets. The Company is headquartered in Fort Lee, New Jersey and operates from thirteen additional locations in the U.S., Canada and Mexico for manufacturing, centralized distribution, engineering, sales and administration.

We have two reportable segments as defined in our Annual Report on Form 10-K for the year ended December 31, 2016, as filed with the Securities and Exchange Commission (the “SEC”) on March 29, 2017: Transmission and Distribution Solutions (“T&D Solutions”) and Critical Power Solutions (“Critical Power”).

Presentation

The accompanying unaudited consolidated financial statements of the Company have been prepared pursuant to the rules of the SEC and reflect the accounts of the Company as of June 30, 2017. Certain information and footnote disclosures, normally included in annual financial statements prepared in accordance with accounting principles generally accepted in the United States (“U.S. GAAP”), have been condensed or omitted pursuant to those rules and regulations. We believe that the disclosures made are adequate to make the information presented not misleading to the reader. In the opinion of management, all adjustments, consisting only of normal recurring adjustments, necessary to fairly state the financial position, results of operations and cash flows with respect to the interim consolidated financial statements have been included. The results of operations for the interim period are not necessarily indicative of the results for the entire fiscal year. The year-end balance sheet data was derived from audited financial statements, but does not include all disclosures required by U.S. GAAP for a year-end balance sheet.

All dollar amounts (except share and per share data) presented in the notes to our unaudited consolidated financial statements are stated in thousands of dollars, unless otherwise noted. Amounts may not foot due to rounding.

These unaudited consolidated financial statements include the accounts of Pioneer and its wholly-owned subsidiaries. All significant intercompany accounts and transactions have been eliminated in consolidation. As further described in the two paragraphs below, certain prior year amounts have been reclassified to conform to the current year presentation.

As the Company continues to implement the remediation plans discussed under the heading “Part I – Item 4. Controls and Procedures” of this Quarterly Report on Form 10-Q, the Company has determined that there were inconsistencies in classification of expenses between its business units in the reporting periods prior to December 31, 2016. As a result, the Company reclassified certain expenses from operating expenses to cost of goods sold for the year ended December 31, 2016, as previously disclosed in the Annual Report on Form 10-K filed with the SEC on March 29, 2017, and for the three and six months ended June 30, 2016. Resulting in an increase to gross profit of \$139, or 0.46% as a percentage of sales for the three months ended June 30, 2016 and, resulting in an increase to gross profit of \$84, or 0.15% as a percentage of sales for the six months ended June 30, 2016, respectively.

These unaudited consolidated financial statements should be read in conjunction with the risk factors and the audited consolidated financial statements and notes thereto of the Company and its subsidiaries included in the Company’s Annual Report on Form 10-K for the year ended December 31, 2016.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Company’s significant accounting policies are described in Note 2 to the audited consolidated financial statements included in the Company’s Annual Report on Form 10-K for the year ended December 31, 2016. There have been no significant changes in the Company’s accounting policies during the second quarter of 2017.

Recent Accounting Pronouncements

PIONEER POWER SOLUTIONS, INC.

Notes to Unaudited Consolidated Financial Statements

Revenue from Contracts with Customers. In May 2014, the FASB issued Accounting Standards Update No. 2014-09 (“ASU 2014-09”), which supersedes nearly all existing revenue recognition guidance under U.S. GAAP. The core principle of ASU 2014-09 is to recognize revenues when promised goods or services are transferred to customers in an amount that reflects the consideration to which an entity expects to be entitled for those goods or services. ASU 2014-09 defines a five step process to achieve this core principle and, in doing so, more judgment and estimates may be required within the revenue recognition process than are required under existing U.S. GAAP.

In July 2015, the FASB made a decision to defer the effective date of the new standard for one year and permit early adoption as of the original effective date. The Company is currently reviewing its various revenue streams from its two reportable segments: (i) T&D Solutions and (ii) Critical Power. Concurrently, through the use of various data gathering methods, we are categorizing the types of sales for our business units for the purpose of comparing how we currently recognize revenue and quantifying the impact, if any, that this new standard will have on our consolidated financial statements. We anticipate using the modified retrospective method of transition when we will adopt the standard in 2018.

Simplifying the Measurement of Inventory. In July 2015, the FASB issued ASU No. 2015-11, Inventory (Topic 330): Simplifying the Measurement of Inventory. This standard amends Topic 330, Inventory, which currently requires an entity to measure inventory at the lower of cost or market. Market could be replacement cost, net realizable value, or net realizable value less an approximately normal profit margin. When this standard is adopted, an entity should measure in scope inventory at the lower of cost and net realizable value. Net realizable value is the estimated selling prices in the ordinary course of business, less reasonably predictable costs of completion, disposal, and transportation. The amendments are effective for fiscal years beginning after December 15, 2016, including interim periods within those fiscal years. The Company adopted ASU No. 2015-11 in 2017 and has reflected the impact in the current year consolidated financial statements.

Leases. In February 2016, the FASB issued ASU No. 2016-02, *Leases (Topic 842)*, which requires, among other things, a lessee to recognize a liability representing future lease payments and a right-of-use asset representing its right to use the underlying asset for the lease term. For operating leases, a lessee will be required to recognize at inception a right-of-use asset and a lease liability equal to the net present value of the lease payments, with lease expense recognized over the lease term on a straight-line basis. For leases with a term of twelve months or less, ASU 2016-02 allows a reporting entity to make an accounting policy election to not recognize a right-of-use asset and a lease liability, and to recognize lease expense on a straight-line basis. ASU No. 2016-02 is effective for fiscal years beginning after December 15, 2018, including interim periods within those fiscal years, with early adoption permitted. Upon adoption, a reporting entity should apply the provisions of ASU 2016-02 at the beginning of the earliest period presented using a modified retrospective approach, which includes certain optional practical expedients that an entity may elect to apply. The Company is evaluating the potential impact of adopting ASU 2016-02 on its consolidated

financial statements. It is expected that upon adoption, we will show an increase in assets and corresponding liabilities.

Share-Based Compensation. In April 2016, the FASB issued ASU No. 2016-09, “Compensation-Stock Compensation (Topic 718), Improvements to Employee Share-Based Payment Accounting”. Under ASU No. 2016-09, companies will no longer record excess tax benefits and certain tax deficiencies in additional paid-in capital (“APIC”). Instead, they will record all excess tax benefits and tax deficiencies as income tax expense or benefit in the income statement and the APIC pools will be eliminated. In addition, ASU No. 2016-09 eliminates the requirement that excess tax benefits be realized before companies can recognize them. ASU No. 2016-09 also requires companies to present excess tax benefits as an operating activity on the statement of cash flows rather than as a financing activity. Furthermore, ASU No. 2016-09 will increase the amount an employer can withhold to cover income taxes on awards and still qualify for the exception to liability classification for shares used to satisfy the employer’s statutory income tax withholding obligation. An employer with a statutory income tax withholding obligation will now be allowed to withhold shares with a fair value up to the amount of taxes owed using the maximum statutory tax rate in the employee’s applicable jurisdiction(s). ASU No. 2016-09 requires a company to classify the cash paid to a tax authority when shares are withheld to satisfy its statutory income tax withholding obligation as a financing activity on the statement of cash flows. Under current GAAP, it was not specified how these cash flows should be classified. In addition, companies will now have to elect whether to account for forfeitures on share-based payments by (1) recognizing forfeitures of awards as they occur or (2) estimating the number of awards expected to be forfeited and adjusting the estimate when it is likely to change, as is currently required. The Amendments of this ASU are effective for reporting periods beginning after December 15, 2016, with early adoption permitted but all of the guidance must be adopted in the same period. The Company adopted ASU No. 2016-09 in 2017. The adoption of the new guidance did not materially affect the Company’s financial position, results of operations or cash flows.

PIONEER POWER SOLUTIONS, INC.**Notes to Unaudited Consolidated Financial Statements****3. OTHER EXPENSE**

Other expense in the consolidated statements of income for the three and six months ended June 30, 2017 and 2016 are as follows:

	Three Months Ended June 30,		Six Months Ending June 30,	
	2017	2016	2017	2016
Payroll tax interest and penalties (abated) / accrued	\$(59)	\$94	\$ (12)	\$(45)
Other non-operating expenses	226	181	414	335
Other expense	\$167	\$275	\$ 402	\$290

The Company continues to record interest on past due and unpaid payroll tax obligations. During the six months ended June 30, 2017 and 2016, the Company received waivers of certain interest and penalties on these obligations totaling \$0.1 million and \$0.4 million, respectively.

4. INVENTORIES

The components of inventories are summarized below:

	June 30, 2017 (Unaudited)	December 31, 2016
Raw materials	\$ 11,131	\$ 10,175
Work in process	7,313	6,535
Finished goods	12,347	9,826
Provision for excess and obsolete inventory	(378)	(389)
Total inventories	\$ 30,413	\$ 26,147

Included in raw materials and finished goods at June 30, 2017 and December 31, 2016 are goods in transit of approximately \$3.8 million and \$3.1 million, respectively.

At June 30, 2017 and December 31, 2016, raw materials not pledged to our secured creditor were used as collateral to secure short term borrowings under a product financing agreement amounting to \$2.9 million and \$4.0 million, respectively.

PIONEER POWER SOLUTIONS, INC.**Notes to Unaudited Consolidated Financial Statements****5. PROPERTY, PLANT AND EQUIPMENT**

Property, plant and equipment are summarized below:

	June 30, 2017 (Unaudited)	December 31, 2016
Land	\$ 48	\$ 46
Buildings	2,373	2,293
Machinery and equipment	9,727	9,421
Furniture and fixtures	1,124	466
Computer hardware and software	1,333	1,289
Leasehold improvements	565	534
Construction in progress	18	18
	15,188	14,067
Less: Accumulated depreciation	(8,235)	(7,476)
Total property, plant and equipment, net	\$ 6,953	\$ 6,591

Depreciation expense was \$0.6 million in the six months ended June 30, 2017 and 2016.

6. OTHER ASSETS

In December 2011 and January 2012, the Company made two loans, each in the amount of \$0.3 million to a developer of a renewable energy project in the U.S. The promissory notes accrue interest at a rate of 4.5% per annum with a final payment of all unpaid principal and interest becoming fully due and payable upon the earlier to occur of (i) the four year anniversary of the issuance date of the promissory notes, or (ii) an event of default. As defined in the promissory notes, an event of default includes, but is not limited to, the following: any bankruptcy, reorganization or similar proceeding involving the borrower, a sale or transfer of substantially all the assets of the borrower, a default by the borrower relating to any indebtedness due to third parties, the incurrence of additional indebtedness by the borrower without the Company's written consent and failure of the borrower to perform its obligations pursuant to its other agreements with the Company, including its purchase order for pad mount transformers. The principal balance of the loan receivable is outstanding at June 30, 2017 and December 31, 2016. The Company expects to fully recover these amounts. At June 30, 2017, the Company has reclassified the principal of \$0.6 million to other current assets as the

Company anticipates receiving the note in the next twelve months based upon negotiations with the debtor.

Included in Other Assets at June 30, 2017 and December 31, 2016 is a customer note receivable of \$0.2 million.

PIONEER POWER SOLUTIONS, INC.**Notes to Unaudited Consolidated Financial Statements****7. GOODWILL AND OTHER INTANGIBLE ASSETS**

There were no changes in the carrying values of goodwill for the six months ended June 30, 2017.

	T&D Solutions Segment	Critical Power Solutions Segment	Total Goodwill
Gross Goodwill:

8. DEBT*Canadian Credit Facilities*

Our Canadian subsidiaries have maintained credit facilities with BMO since October 2009. In June 2011, our wholly owned subsidiary Pioneer Electrogrouop Canada Inc. entered into a letter loan agreement with BMO (the “Initial Canadian Facilities”) that replaced and superseded all of our businesses’ prior financing arrangements with the bank.

Our Initial Canadian Facilities originally provided for up to \$22.0 million Canadian dollars (“CAD”) (approximately \$15.9 million expressed in U.S. dollars) consisting of a \$10.0 million CAD demand revolving credit facility (“Facility A”) to finance ongoing operations, a \$2.0 million CAD term credit facility (“Facility B”) that financed a plant expansion, and a \$10.0 million CAD term credit facility (“Facility C”) that financed a business acquisition and the purchase and expansion of its manufacturing facilities.

The Initial Canadian Facilities required us to comply on a consolidated Canadian basis with various financial covenants, including maintaining a minimum fixed charge coverage ratio, a maximum funded debt to EBITDA ratio

and a limitation on funded debt as a percent of capitalization.

Facility A was originally subject to margin criteria and borrowings bore interest at BMO's prime rate plus 0.50% per annum on amounts borrowed in Canadian dollars, or its U.S. base rate plus 0.50% per annum or LIBOR plus 2.00% per annum on amounts borrowed in U.S. dollars.

Borrowings under Facility B originally bore interest at BMO's prime rate plus 1.00% per annum with principal repayments becoming due on a five year amortization schedule.

Borrowings under Facility C were repayable according to a five year principal amortization schedule and bore interest at the following rates: if the funded debt to EBITDA ratio is equal to or greater than 2.00, BMO's prime rate plus 1.25% per annum on amounts borrowed in Canadian dollars, or its U.S. base rate plus 1.25% per annum or LIBOR plus 2.50% per annum on amounts borrowed in U.S. dollars; or, if the funded debt to EBITDA ratio is less than 2.00, BMO's prime rate plus 1.00% per annum on amounts borrowed in Canadian dollars, or its U.S. base rate plus 1.00% per annum or LIBOR plus 2.25% per annum on amounts borrowed in U.S. dollars. In addition, Facility C was subject to a standby fee which is calculated monthly using the unused portion of the facility at either 0.625% per annum if the funded debt to EBITDA ratio is equal to or greater than 2.00 or 0.5625% per annum if the funded debt to EBITDA ratio is less than 2.00.

In the third quarter of 2015, in connection with an amendment to our United States credit facilities, we elected to prepay \$5.0 million Canadian dollars (approximately \$4.0 million expressed in U.S. dollars) of Facility C with cash available on hand.

PIONEER POWER SOLUTIONS, INC.

Notes to Unaudited Consolidated Financial Statements

In April 2016, our wholly owned subsidiary, Pioneer Electrogrouop Canada Inc. (“PECI”), entered into an Amended and Restated Credit Agreement (“CAD ARCA”) with BMO with respect to our existing Canadian credit facilities (as amended and restated, the “Canadian Facilities”) that replaced and superseded all of our businesses’ prior financing arrangements with the bank. This CAD ARCA extended the maturity date of our Canadian Facilities to July 31, 2017. Additionally, defaults relating to the breach of certain financial covenants under the prior financing arrangements with the bank were waived by BMO. On March 15, 2017, the CAD ARCA was further amended (the “2017 CAD ARCA Amendment”).

Our Canadian Facilities provided for up to \$8.2 million CAD (approximately \$6.3 million expressed in U.S. dollars) consisting of a revolving \$7.0 million CAD Facility A to finance ongoing operations, a \$0.5 million CAD Facility B that financed a plant expansion, and a \$0.7 million USD Facility C that financed a business acquisition and the purchase and expansion of its manufacturing facilities. The 2017 CAD ARCA Amendment increased the Facility A to \$8.0 million CAD, increasing the total amount of loans available under the Canadian Facilities to \$9.1 million CAD.

Facility A, as amended and restated, is subject to margin criteria and borrowings bear interest at BMO’s prime rate plus 0.75% per annum on amounts borrowed in Canadian dollars, or its U.S. base rate plus 0.75% per annum or LIBOR plus 2.25% per annum on amounts borrowed in U.S. dollars. Pursuant to the 2017 CAD ARCA Amendment, Facility A will mature on July 31, 2018.

Borrowings under Facility B, as amended and restated, bear interest at BMO’s prime rate plus 1.25% per annum with principal repayments becoming due on a five year amortization schedule. Pursuant to the CAD ARCA, quarterly principal repayments were reduced to \$47 CAD, with a balloon payment of \$141 CAD due on July 31, 2017. The 2017 CAD ARCA Amendment amended the payment schedules so that the quarterly principal payments of \$47 CAD will continue after July 31, 2017 until our borrowings under the facility is fully paid on April 30, 2018.

Borrowings under Facility C, as amended and restated, bear interest at BMO’s prime rate plus 1.50% per annum on amounts borrowed in Canadian dollars, or its U.S. base rate plus 1.50% per annum or LIBOR plus 2.75% per annum on amounts borrowed in U.S. dollars. Pursuant to the CAD ARCA, a principal repayment of \$72 USD was due on June 30, 2016, and the reduced quarterly principal repayments of \$36 USD was to be made beginning on October 31, 2016, with a balloon payment of \$496 USD due on July 31, 2017. The 2017 CAD ARCA Amendment amended the payment schedules so that the quarterly payments of \$36 USD will continue until July 31, 2018, with a balloon payment of \$352 due on July 31, 2018.

The CAD ARCA modified financial covenant testing so that testing will be performed on our consolidated financial statements. The financial covenants were changed pursuant to the CAD 2017 Amendment to require certain minimum working capital ratios, minimum EBITDA levels and effective tangible net worth levels for each fiscal quarter, which were further modified by the 2017 CAD ARCA Amendment. We are in compliance with all financial covenants at June 30, 2017. On March 6, 2017, we received a waiver from BMO on a certain financial covenant as of December 31, 2016.

As of June 30, 2017, we had approximately \$6.1 million in U.S. dollar equivalents outstanding under our Canadian Credit Facilities. Our borrowings consisted of approximately \$5.5 million outstanding under Facility A, \$0.1 million outstanding under Facility B and \$0.5 million outstanding under Facility C.

United States Credit Facilities

On December 2, 2014, our existing U.S. credit facilities (the “U.S. Facilities”) were amended in order to provide a \$5.0 million term loan facility that was used for the acquisition of Titan. The term loan facility had principal repayments becoming due on a five year amortization schedule.

The U.S. Facilities initially required us to comply with a two-step test of financial covenants. First, as measured on a consolidated basis, we were required to comply with a maximum funded debt to adjusted EBITDA ratio of (a) 3.15x for the quarter ended December 31, 2014 and the quarter ending March 31, 2015, (b) 3.25x for the quarter ending June 30, 2015, (c) 3.65x for the quarter ending September 30, 2015, and (d) 2.75x for the quarter ending December 31, 2015 and all testing periods thereafter. Secondly, if the funded debt to adjusted EBITDA tests above are met, and our fixed charge coverage ratio is at or above 1.10x for the quarter ended December 31, 2014, and at or above 1.25x for all testing periods thereafter, then no further compliance tests were required.

Alternatively, we could comply with the financial covenant requirements of the U.S. Facilities if our U.S. operations maintained a maximum funded debt to capitalization ratio and various minimum fixed charge coverage ratios and maximum funded debt to adjusted EBITDA ratios which were set at different thresholds by time period.

Borrowings under the demand revolving credit facility (USD Facility A) bore interest, at our option, at the bank’s prime rate plus 1.00% per annum on U.S. prime rate loans, or an adjusted LIBOR rate plus 2.25% per annum on Eurodollar loans. Borrowings under the term loan facility (USD Facility B) bore interest, at our option, at the bank’s prime rate plus 1.25% per annum on U.S. prime rate loans, or an adjusted LIBOR rate plus 2.50% per annum on Eurodollar loans.

PIONEER POWER SOLUTIONS, INC.

Notes to Unaudited Consolidated Financial Statements

In April 2016, we entered into an Amended and Restated Credit Agreement (“US ARCA”) with BMO with respect to our U.S. Facilities that replaced and superseded all of our businesses’ prior financing arrangements with the bank. Additionally, defaults relating to the breach of certain financial covenants under the prior financing arrangements with the bank were waived by BMO. On March 15, 2017, the US ARCA was further amended (the “2017 US ARCA Amendment”).

Our U.S. Facilities, as amended and restated, provided for up to \$19.1 million consisting of a \$14.0 million USD Facility A to finance ongoing operations, a \$5.0 million USD Facility B that financed the acquisition of Titan, and a new \$0.1 million revolving credit facility provided pursuant to a MasterCard is to be used to pay for and temporarily finance our day-to-day business expenses and for no other purpose. The 2017 US ARCA Amendment increased the USD Facility A to \$15.0 million, increasing the total amount of loans available under the U.S. Facilities to \$20.1 million USD.

USD Facility A continues to bear interest, at our option, at the bank’s prime rate plus 1.00% per annum on U.S. prime rate loans, or an adjusted LIBOR rate plus 2.25% per annum on Eurodollar loans. USD Facility A had a maturity date of July 31, 2017, which was extended to July 31, 2018 pursuant to the 2017 US ARCA Amendment.

Borrowings under USD Facility B bear interest, at our option, at U.S. base rate plus 1.25% per annum on U.S. prime loans, or an adjusted LIBOR rate plus 2.50% per annum on Eurodollar loans. Pursuant to the US ARCA, our quarterly principal payments were reduced to \$31 USD for calendar year 2016, with the original amortization schedule continuing to apply to all quarterly principal payments made after December 31, 2016, and the final maturity date of December 2, 2019. The 2017 US ARCA Amendment reduced the scheduled quarterly principal payments to \$31 USD, commencing March 31, 2017, to continue until July 31, 2018, with a balloon payment of \$4,438 on July 31, 2018.

The US ARCA modified financial covenant testing so that testing will be performed on our consolidated financial statements. The financial covenants were changed pursuant to the US ARCA to require certain minimum working capital ratios, minimum EBITDA levels and effective tangible net worth levels for each fiscal quarter, which were further modified by the 2017 US ARCA Amendment. We are in compliance with all financial covenants at June 30, 2017. On March 6, 2017, we received a waiver from BMO on a certain financial covenant as of December 31, 2016.

Our obligations under the U.S. Facilities are guaranteed by all our wholly-owned U.S. subsidiaries. In addition, we and our wholly-owned U.S. subsidiaries granted a security interest in substantially all of our assets, including 65% of the shares of Pioneer Electrogrouop Canada Inc. held by us, to secure our obligations for borrowed money under the U.S. Facilities. The U.S. Facilities also restrict our ability to incur indebtedness, create or incur liens, make investments, make distributions or dividends and enter into merger agreements for the sale of any or all our assets.

As of June 30, 2017, we had approximately \$18.8 million outstanding under our U.S. Credit Facilities. Our borrowings consisted of approximately \$14.2 million outstanding under USD Facility A, and \$4.6 million outstanding under USD Facility B.

Nexus Promissory Note

On July 25, 2012, the Company's Mexican subsidiary, Nexus Magneticos de Mexico, S. de R.L. de C.V. ("Nexus"), entered into a \$1.7 million term loan agreement with GE CF Mexico, S.A. de C.V. ("GE Capital Mexico"). The term loan is payable in 60 consecutive monthly installments and bears interest, payable monthly, at a rate of 6.93% per annum. The obligations of Nexus under the term loan are secured by certain machinery and equipment located in Mexico and by a corporate guaranty by the Company. As of June 30, 2017 and December 31, 2016, there was approximately \$27 and \$185 outstanding, respectively, under the Nexus Promissory Note.

PIONEER POWER SOLUTIONS, INC.**Notes to Unaudited Consolidated Financial Statements**

Long-term debt consists of the following:

	June 30, 2017 (Unaudited)	December 31, 2016
Term credit facilities, net (a)	\$ 5,069	\$ 5,194
Nexus promissory note	27	185
Capital lease obligations	3	5
Total debt	5,099	5,384
Less current portion	(321)	(1,379)
Total long-term debt	\$ 4,778	\$ 4,005

(a) The balances as of June 30, 2017 and December 31, 2016 are net of debt issuance costs of \$171 and \$245, respectively.

9. PENSION PLAN

The Company's Canadian subsidiary sponsors a defined benefit pension plan at one of its locations in which a majority of its employees are members. The subsidiary funds 100% of all contributions to the plan. The benefits, or the rate per year of credit service, are established by the Company and updated at its discretion.

The components of the expense the Company incurred under the pension plan are as follows:

	Three Months Ended June 30, 2017		Six Months Ended June 30, 2017	
	2017	2016	2017	2016
Current service cost, net of employee contributions	\$11	\$12	\$25	\$23

Interest cost on accrued benefit obligation	25	26	50	50
Expected return on plan assets	(41)	(41)	(81)	(80)
Amortization of transitional obligation	3	3	6	5
Amortization of past service costs	2	3	4	5
Amortization of net actuarial gain	11	10	23	18
Total cost of benefit	\$11	\$13	\$27	\$21

The Company's policy is to fund the pension plan at or above the minimum level required by law. The Company made \$35 and \$54 of contributions to its defined benefit pension plan during the six months ended June 30, 2017 and 2016, respectively. Changes in the discount rate and actual investment returns that are lower than the long-term expected return on plan assets could result in the Company making additional contributions.

10. STOCKHOLDERS' EQUITY

Common Stock

The Company had 8,712,712 and 8,699,712 shares of common stock, \$0.001 par value per share, outstanding as of June 30, 2017 and December 31, 2016, respectively.

Warrants

As of June 30, 2017 and December 31, 2016, the Company had warrants outstanding to purchase 50,600 shares of common stock with a weighted average exercise price of \$7.00 per share. The warrants expire on September 18, 2018. No warrants were exercised during the six months ended June 30, 2017.

PIONEER POWER SOLUTIONS, INC.**Notes to Unaudited Consolidated Financial Statements****Stock-Based Compensation**

A summary of stock option activity under the 2011 Long-Term Incentive Plan as of June 30, 2017, and changes during the six months ended June 30, 2017, are presented below:

	Stock Options	Weighted average exercise price	Weighted average remaining contractual term	Aggregate intrinsic value
Outstanding as of January 1, 2017	247,400	\$ 8.75		\$
Granted	262,000	7.30		
Exercised	(13,000)	4.53		
Forfeited	(38,333)	6.01		
Outstanding as of June 30, 2017	458,067	\$ 8.27	7.9	\$ 105,207
Exercisable as of June 30, 2017	196,066	9.57	5.4	105,206

As of June 30, 2017, there were 241,933 shares available for future grants under the Company's 2011 Long-Term Incentive Plan.

Stock-based compensation expense recorded for the three and six months ended June 30, 2017 was approximately \$141 and \$171, respectively, as compared to the expense of (\$47) and \$6, during the three and six months ended June 30, 2016, respectively. For the three and six months ended June 30, 2016, the expense reversal was primarily as a result of forfeitures of previously expensed awards to our former Chief Financial Officer. At June 30, 2017, the Company had total stock-based compensation expense remaining to be recognized in the consolidated statements of income of approximately \$487.

Foreign Currency Translation

Foreign assets and liabilities are translated using the exchange rate in effect at the balance sheet date, and results of operations are translated using an average rate for the period. Translation adjustments are accumulated and reported as a component of accumulated other comprehensive income (loss). The Company had foreign currency translation adjustments resulting in unrealized income of \$6 and \$117 for the three months ended June 30, 2017 and 2016, respectively. For the six months ended June 30, 2017 and 2016, the Company had foreign currency translation adjustments resulting in unrealized income of \$68 and \$592, respectively.

PIONEER POWER SOLUTIONS, INC.**Notes to Unaudited Consolidated Financial Statements****11. BASIC AND DILUTED INCOME PER COMMON SHARE**

Basic and diluted income per common share is calculated based on the weighted average number of shares outstanding during the period. The Company's employee and director stock option awards, as well as incremental shares issuable upon exercise of warrants, are not considered in the calculations if the effect would be anti-dilutive. The following table sets forth the computation of basic and diluted income per share (in thousands, except per share data):

	Three Months Ended June 30,		Six Months Ended June 30,	
	2017	2016	2017	2016
Numerator:				
Net income	\$ 1,309	\$ 194	\$ 1,442	\$ 763
Denominator:				
Weighted average basic shares outstanding	8,713	8,700	8,707	8,700
Effect of dilutive securities - equity based compensation plans	29	6	29	6
Net dilutive effect of warrants outstanding	1	—	1	—
Denominator for diluted net income per common share	8,743	8,706	8,737	8,706
Net income per common share:				
Basic	\$ 0.15	\$ 0.02	\$ 0.17	\$ 0.09
Diluted	\$ 0.15	\$ 0.02	\$ 0.17	\$ 0.09
Anti-dilutive securities (excluded from per share calculation):				
Equity based compensation plans	146	192	54	192
Warrants	51	51	51	51

12. BUSINESS SEGMENT AND GEOGRAPHIC INFORMATION

The Company follows ASC 280 - Segment Reporting in determining its reportable segments. The Company considered the way its management team, most notably its chief operating decision maker, makes operating decisions and assesses performance and considered which components of the Company's enterprise have discrete financial information available. As the Company makes decisions using a manufactured products vs. distributed products and

services group focus, its analysis resulted in two reportable segments: T&D Solutions and Critical Power. The Critical Power reportable segment is comprised solely of the Company's Titan Energy Systems Inc. subsidiary. The T&D Solutions reportable segment is an aggregation of all other Company subsidiaries, together with sales and expenses attributable to the strategic sales group for its T&D Solutions marketing activities.

The T&D Solutions segment is involved in the design, manufacture and distribution of electrical transformers and switchgear used primarily by utilities, large industrial and commercial operations to manage their electrical power distribution needs. The Critical Power segment provides power generation equipment, and aftermarket field-services primarily to help customers ensure smooth, uninterrupted power to operations during times of emergency.

PIONEER POWER SOLUTIONS, INC.**Notes to Unaudited Consolidated Financial Statements**

The following tables present information about segment income and loss:

	Three Months Ended		Six Months Ended	
	June 30, 2017	2016	June 30, 2017	2016
Revenues				
T&D Solutions				
Transformers	\$ 23,366	\$ 22,118	\$ 44,650	\$ 40,495

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

The following discussion and analysis of our financial condition and results of operations should be read in conjunction with the accompanying consolidated interim financial statements and related notes included elsewhere in this Quarterly Report on Form 10-Q and with our Annual Report on Form 10-K for the year ended December 31, 2016, which was filed with the Securities and Exchange Commission on March 29, 2017.

Unless the context requires otherwise, references in this Form 10-Q to the "Company," "Pioneer," "we," "our" and "us" refer to Pioneer Power Solutions, Inc. and its subsidiaries.

Special Note Regarding Forward-Looking Statements

This Form 10-Q contains "forward-looking statements," which include information relating to future events, future financial performance, financial projections, strategies, expectations, competitive environment and regulation. Words such as "may," "should," "could," "would," "predicts," "potential," "continue," "expects," "anticipates," "future," "intends," "estimates," and similar expressions, as well as statements in future tense, identify forward-looking statements. Forward-looking statements should not be read as a guarantee of future performance or results and may not be accurate indications of when such performance or results will be achieved. Forward-looking statements are based on information we have when those statements are made or management's good faith belief as of that time with respect to future events, and are subject to risks and uncertainties that could cause actual performance or results to differ materially from those expressed in or suggested by the forward-looking statements. Important factors that could cause such differences include, but are not limited to:

General economic conditions and their effect on demand for electrical equipment, particularly in the commercial construction market, but also in the power generation, industrial production, data center, oil and gas, marine and infrastructure industries.

The effects of fluctuations in sales on our business, revenues, expenses, net income, income (loss) per share, margins and profitability.

Many of our competitors are better established and have significantly greater resources, and may subsidize their competitive offerings with other products and services, which may make it difficult for us to attract and retain customers.

We depend on Siemens Industry, Inc. ("Siemens") for a large portion of our business, and any change in the level of orders from Siemens could have a significant impact on our results of operations.

The potential loss or departure of key personnel, including Nathan J. Mazurek, our chairman, president and chief executive officer.

Our ability to expand our business through strategic acquisitions.

Our ability to integrate acquisitions and related businesses.

Our ability to generate internal growth, maintain market acceptance of our existing products and gain acceptance for our new products.

Unanticipated increases in raw material prices or disruptions in supply could increase production costs and adversely affect our profitability.

Restrictive loan covenants and/or our ability to repay or refinance debt under our credit facilities could limit our future financing options and liquidity position and may limit our ability to grow our business.

Our ability to realize revenue reported in our backlog.

Operating margin risk due to competitive pricing and operating efficiencies, supply chain risk, material, labor or overhead cost increases, interest rate risk and commodity risk.

Strikes or labor disputes with our employees may adversely affect our ability to conduct our business.

A significant portion of our revenue and expenditures are derived or spent in Canadian dollars. However, we report our financial condition and results of operations in U.S. dollars. As a result, fluctuations between the U.S. dollar and the Canadian dollar will impact the amount of our revenues and net income (loss).

The impact of geopolitical activity on the economy, changes in government regulations such as income taxes, duties and tariffs on the importation of products we sell into the United States, climate control initiatives, the timing or strength of an economic recovery in our markets and our ability to access capital markets.

Our chairman controls a majority of our voting power, and may have, or may develop in the future, interests that may diverge from yours.

Material weaknesses in internal controls.

Future sales of large blocks of our common stock may adversely impact our stock price.

The liquidity and trading volume of our common stock.

The foregoing does not represent an exhaustive list of matters that may be covered by the forward-looking statements contained herein or risk factors that we are faced with that may cause our actual results to differ from those anticipated in our forward-looking statements. Moreover, new risks regularly emerge and it is not possible for us to predict or articulate all risks we face, nor can we assess the impact of all risks on our business or the extent to which any risk, or combination of risks, may cause actual results to differ from those contained in any forward-looking statements. Except to the extent required by applicable laws or rules, we undertake no obligation to publicly update or revise any forward-looking statement, whether as a result of new information, future events or otherwise. You should review carefully the risks and uncertainties described under the heading “Part II - Item 1A. Risk Factors” in this Quarterly Report on Form 10-Q and in our Annual Report on Form 10-K for the year ended December 31, 2016 for a discussion of the foregoing and other risks that relate to our business and investing in shares of our common stock.

Business Overview

We manufacture, sell and service a broad range of specialty electrical transmission, distribution and on-site power generation equipment for applications in the utility, industrial, commercial and backup power markets. Our principal products and services include custom-engineered electrical transformers, switchgear and engine-generator sets and controls, complemented by a national field-service network to maintain and repair power generation assets. We are headquartered in Fort Lee, New Jersey and operate from 13 additional locations in the U.S., Canada and Mexico for manufacturing, service, centralized distribution, engineering, sales and administration.

Description of Business Segments

We have two reportable segments: Transmission & Distribution Solutions (“T&D Solutions”) and Critical Power Solutions (“Critical Power”).

Our T&D Solutions business provides equipment solutions that help customers effectively and efficiently manage their electrical power distribution systems to desired specifications. The reporting segment is comprised of two primary product categories: electrical transformers and switchgear. These solutions are marketed principally through our Pioneer Transformers Ltd. (“PTL”), Jefferson Electric, Inc. (“Jefferson”), Bemag Transformers, Inc. (“Bemag”), Pioneer Critical Power, Inc. (“PCPI”) and Pioneer Custom Electric Products, Inc. (“PCEP”) brand names.

Our Critical Power business provides customers with sophisticated power generation equipment and an advanced data collection and monitoring platform, the combination of which is used to ensure smooth, uninterrupted power to operations during times of emergency. These solutions are marketed by our operations headquartered in Minnesota, currently doing business under the Titan Energy Systems Inc. (“Titan”), as well as the Pioneer Critical Power brand names.

Foreign Currency Exchange Rates

Although we report our results in accordance with U.S. GAAP and in U.S. dollars, PTL and Bemag are Canadian operations whose functional currency is the Canadian dollar. As such, the financial position, results of operations, cash flows and equity of these operations are initially consolidated in Canadian dollars. Their assets and liabilities are then translated from Canadian dollars to U.S. dollars by applying the foreign currency exchange rate in effect at the balance sheet date, while the results of their operations and cash flows are translated to U.S. dollars by applying weighted average foreign currency exchange rates in effect during the reporting period. The resulting translation adjustments are included in other comprehensive income or loss.

The following table provides actual end of period exchange rates used to translate the financial position of our Canadian operations at the end of each period reported. The average exchange rates presented below, as provided by the Bank of Canada, are indicative of the weighted average rates we used to translate the revenues and expenses of our Canadian operations into U.S. dollars (rates expressed as the number of U.S. dollars to one Canadian dollar for each period reported):

Quarter Ended	2017			2016		
	Balance Sheet	Statements of Operations and Comprehensive Income	Cumulative Average	Balance Sheet	Statements of Operations and Comprehensive Income	Cumulative Average
March 31	\$ 0.7519	\$ 0.7559	\$ 0.7559	\$ 0.7700	\$ 0.7274	\$ 0.7274
June 30	\$ 0.7706	\$ 0.7436	\$ 0.7497	\$ 0.7742	\$ 0.7760	\$ 0.7509

Reclassifications

As the Company continues to implement the remediation plans discussed under the heading “Part I – Item 4. Controls and Procedures” of this Quarterly Report on Form 10-Q, the Company has determined that there were inconsistencies in classification of expenses between its business units in the reporting periods prior to December 31, 2016. As a result, the Company reclassified certain expenses from operating expenses to cost of goods sold for the year ended December 31, 2016, as previously disclosed in the Annual Report on Form 10-K filed with the SEC on March 29, 2017, and for the three and six months ended June 30, 2016, resulting in an increase to gross profit of \$139, or 0.46% as a percentage of sales for the three months ended June 30, 2016 and, resulting in an increase to gross profit of \$84, or 0.15% as a percentage of sales for the six months ended June 30, 2016, respectively.

Critical Accounting Policies

There have been no material changes to our critical accounting policies as disclosed in our Annual Report on Form 10-K for the year ended December 31, 2016.

RESULTS OF OPERATIONS

Overview of First Half Results

Selected financial and operating data for our reportable business segments for the most recent reporting period is summarized below. This information, as well as the selected financial data provided in Note 12 – Business Segment and Geographic Information and in our unaudited Consolidated Financial Statements and related notes included in this Quarterly Report on Form 10-Q, should be referred to when reading our discussion and analysis of results of operations below.

Our summary of operating results during the three and six months ended June 30, 2017 and 2016 are as follows:

	Three Months Ended June 30,		Six Months Ended June 30,	
	2017	2016	2017	2016
Revenues				
T&D Solutions	\$26,980	\$24,838	\$50,469	\$47,102
Critical Power	3,917	5,092	7,690	9,398
Consolidated	30,897	29,930	58,159	56,500
Cost of sales				
T&D Solutions	21,721	19,364	39,901	36,225
Critical Power	3,205	4,300	6,171	8,150
Consolidated	24,926	23,664	46,072	44,375
Gross profit	5,971	6,266	12,087	12,125
Selling, general and administrative expenses	4,024	4,322	8,365	8,476
Depreciation and amortization expense	525	541	1,050	1,080
Restructuring and integration	5	62	160	181
Foreign exchange (gain)	(210)	(43)	(272)	(90)
Total operating expenses	4,344	4,882	9,303	9,647

Edgar Filing: PIONEER POWER SOLUTIONS, INC. - Form 10-Q

Operating income	1,627	1,384	2,784	2,478
Interest expense	565	310	1,074	595
Other expense	167	275	402	290
Income before taxes	895	799	1,308	1,593
Income tax (benefit) expense	(414)	605	(133)	830
Net income	\$1,309	\$194	\$1,441	\$763

Backlog

Our backlog is based on firm orders from our customers expected to be delivered in the future, most of which is expected to occur during the next twelve months. Backlog may vary significantly from reporting period to reporting period due to the timing of customer commitments. The time between receipt of an order and actual delivery, or completion, of our products and services varies from one or more days, in the case of inventoried standard products, to three to nine months, in the case of certain custom engineered equipment solutions, and up to one year or more under our service contracts.

The following table represents the progression of our backlog, by reporting segment, as of the end of the last five quarters:

	June 30, 2017	March 31, 2017	December 31, 2016	September 30, 2016	June 30, 2016
T&D Solutions	\$29,182	\$31,705	\$34,588	\$36,699	\$33,653
Critical Power	10,466	5,039	3,970	4,831	4,146
Total order backlog	\$39,648	\$36,744	\$38,558	\$41,530	\$37,799

Revenue

The following table represents our revenues by reporting segment and major product category for the periods indicated:

	Three Months Ended June 30,				Six Months Ended June 30,			
	2017	2016	Variance	%	2017	2016	Variance	%
T&D Solutions								
Transformers	\$23,366	\$22,118	\$1,248	5.6	\$44,650	\$40,495	\$4,155	10.3
Switchgear	3,614	2,720	894	32.9	5,819	6,607	(788)	(11.9)
	26,980	24,838	2,142	8.6	50,469	47,102	3,367	7.1
Critical Power								
Equipment	1,651	3,321	(1,670)	(50.3)	3,229	5,858	(2,629)	(44.9)
Service	2,266	1,771	495	28.0	4,461	3,540	921	26.0
	3,917	5,092	(1,175)	(23.1)	7,690	9,398	(1,708)	(18.2)
Total revenue	\$30,897	\$29,930	\$967	3.2	\$58,159	\$56,500	\$1,659	2.9

For the three months ended June 30, 2017, our consolidated revenue increased by \$967, or 3.2%, to \$30.9 million, up from \$29.9 million during the three months ended June 30, 2016. For the six months ended June 30, 2017, our consolidated revenue increased by \$1,659, or 2.9%, to \$58.2 million, up from \$56.5 million during the six months ended June 30, 2016.

T&D Solutions. During the three and six months ended June 30, 2017, revenue from our transformer product lines increased by \$1,248 or 5.6% and \$4,155 or 10.3% as compared to the three and six months ended June 30, 2016. The increase was driven by our Canadian transformer product lines, which increased by \$1,273 or 13.3% during the three months ended June 30, 2017 and \$2,007 or 11.0% during the six months ended June 30, 2017 as compared to the three and six months ended June 30, 2016.

Our sales of T&D switchgear increased by 32.9% to \$3.6 million, during the three months ended June 30, 2017, as compared to the same period of the prior year due to increase in sales of automatic transfer switches. For the six months ended June 30, 2017, our switchgear sales decreased by 11.9% to \$5.8 million when compared to the same period last year as a result of lower sales of our low voltage switchgear products.

Critical Power. Titan is the only business unit in the Critical Power segment. For the three months ended June 30, 2017, equipment sales decreased by \$1,670, or 50.3% as compared to the same period in the prior year, resulting from a reduced focus on this revenue stream. For the six months ended June 30, 2017, equipment sales were down by \$2,629, or 44.9% compared to the same period in 2016.

For the three months ended June 30, 2017, service revenue increased by \$495 or 28.0%, as compared to the same period in the prior year. This increase is in our service business with our multi-location customers. For the six months ended June 30, 2017, service revenue increased by \$921 or 26.0% compared to the same period in 2016.

Gross Profit and Gross Margin

The following table represents our gross profit by reporting segment for the periods indicated:

	Three Months Ended June 30,				Six Months Ended June 30,			
	2017	2016	Variance	%	2017	2016	Variance	%
T&D Solutions								
Gross profit	\$5,259	\$5,474	\$ (215)	(3.9)	\$10,568	\$10,877	\$ (309)	(2.8)
Gross margin%	19.5	22.0	(2.5)		20.9	23.1	(2.2)	
Critical Power								
Gross profit	712	792	(80)	(10.1)	1,519	1,248	271	21.7
Gross margin%	18.2	15.6	2.6		19.8	13.3	6.5	
Consolidated gross profit	\$5,971	\$6,266	\$ (295)	(4.7)	\$12,087	\$12,125	\$ (38)	(0.3)
Consolidated gross margin%	19.3	20.9	(1.6)		20.8	21.5	(0.7)	

For the three months ended June 30, 2017, our gross margin was 19.3% of revenues, compared to 20.9% during the three months ended June 30, 2016. For the six months ended June 30, 2017, our gross margin was 20.8% of revenues, compared to 21.5% during the six months ended June 30, 2016. The decrease in our consolidated gross margin percentage is due to the decreased gross margin in our T&D Solutions segment as explained below.

T&D Solutions. During the three and six months ended June 30, 2017 the decrease in our T&D Solutions gross margin of 2.5% and 2.2%, respectively, as compared to the same periods in 2016 resulted primarily from lower margins in our dry type transformer and switchgear businesses.

Critical Power. During the three and six months ended June 30, 2017, the gross margin increased 2.6% and 6.5% respectively, when compared to the same periods in 2016. This increase is the result of revenue mix with shift towards service sales, which provide a greater gross margin than equipment sales.

Operating Expenses

The following table represents our operating expenses by reportable segment for the periods indicated:

	Three Months Ended June 30,				Six Months Ended June 30,			
	2017	2016	Variance	%	2017	2016	Variance	%
T&D Solutions								
Selling, general and administrative expense	\$2,605	\$3,243	\$ (638)	(19.7)	\$5,602	\$6,404	\$ (802)	(12.5)

Unallocated Corporate Overhead Expenses								
Selling, general and administrative expense	\$811	\$670	\$ 141	21.0	\$1,598	\$1,442	\$ 156	10.8
Depreciation expense	17	18	(1)	(5.6)	35	33	2	6.1
Restructuring and integration	—	6	(6)	(100.0)	—	38	(38)	(100.0)
Foreign exchange gain	—	—	—	—	—	—	—	—
Segment operating expense	\$828	\$694	\$ 134	19.3	\$1,633	\$1,513	\$ 120	7.9
Consolidated								
Selling, general and administrative expense	\$4,024	\$4,322	\$ (298)	(6.9)	\$8,364	\$8,476	\$ (113)	(1.3)
Depreciation and amortization expense	525	541	(16)	(3.0)	1,050	1,080	(30)	(2.8)
Restructuring and integration	5	62	(57)	(91.9)	160	181	(20)	(11.6)
Foreign exchange gain	(210)	(43)	(167)	388.4	(272)	(90)	(182)	202.2
Consolidated operating expense	\$4,344	\$4,882	\$ (538)	(11.0)	\$9,302	\$9,647	\$ (345)	(3.6)

Selling, General and Administrative Expense. For the three months ended June 30, 2017, consolidated selling, general and administrative expense, before depreciation and amortization, decreased by \$298, or 6.9%, to \$4.0 million, as compared to \$4.3 million during the three months ended June 30, 2016. As a percentage of our consolidated revenue, selling, general and administrative expense before depreciation and amortization decreased to 13.0% in the 2017

period, as compared to 14.4% in 2016.

During the six months ended June 30, 2017, consolidated selling, general and administrative expense, before depreciation and amortization, decreased by \$114 or 1.3%, to \$8.4 million, as compared to \$8.5 million during the six months ended June 30, 2016. As a percentage of our consolidated revenue, selling, general and administrative expense before depreciation and amortization decreased to 14.4% in the 2017 period, as compared to 15.0% in 2016.

Depreciation and Amortization Expenses. Depreciation and amortization expense consists primarily of amortization of definite-lived intangible assets and depreciation of fixed assets, and excludes amounts included in cost of sales. For the three months ended June 30, 2017, depreciation and amortization expense decreased by \$16 or 3.0% when compared to the same period in 2016. For the six months ended June 30, 2017, depreciation and amortization expense decreased by \$30 or 2.8% when compared to the same period in 2016.

Restructuring and Integration Expenses. For the three and six months ended June 30, 2017, restructuring and integration expense decreased by approximately \$57 and \$20, respectively, compared to the same periods in 2016.

Foreign Exchange Gain. During the three months ended June 30, 2017 and 2016, approximately 33% of our consolidated operating revenues were denominated in Canadian dollars. During the six months ended June 30, 2017 and 2016, approximately 32% and 30%, respectively of our consolidated operating revenues were denominated in Canadian dollars. Most of our expenses were denominated and disbursed in U.S. dollars during the three and six months ended June 30, 2017 and 2016. We have not historically engaged in currency hedging activities. Fluctuations in foreign currency exchange rates between the time we initiate and then settle transactions with our customers and suppliers can have an impact on our operating results. For the three months ended June 30, 2017 and 2016, we recorded a gain of \$210 and \$43 respectively, due to currency fluctuations. For the six months ended June 30, 2017 and 2016, we recorded a gain of \$272 and \$90, respectively, due to currency fluctuations.

Operating Income (Loss)

The following table represents our operating income or loss by reportable segment for the periods indicated:

	Three Months Ended June 30,				Six Months Ended June 30,			
	2017	2016	Variance	%	2017	2016	Variance	%
T&D Solutions	\$2,703	\$2,034	\$ 669	32.9	\$4,766	\$4,081	\$ 685	16.8
Critical Power	(248)	44	(292)	(663.6)	(350)	(90)	(260)	288.9
Unallocated Corporate Overhead Expenses	(828)	(694)	(134)	19.3	(1,631)	(1,513)	(118)	7.8
Total operating income	\$1,627	\$1,384	\$ 243	17.6	\$2,785	\$2,478	\$ 307	12.4

T&D Solutions. During the three and six months ended June 30, 2017, T&D segment operating income was \$2,703 and \$4,766 respectively, as compared to \$2,034 and \$4,081 during the same periods of 2016. The increase in operating income is primarily due to higher revenues and lower selling, general and administrative expenses.

Critical Power. During the three and six months ended June 30, 2017, our Critical Power segment generated an operating loss of \$248 and \$350, respectively, as compared to an operating income of \$44 and operating loss of \$90 during the same periods of 2016.

Unallocated Corporate Overhead Expenses. Our corporate expenses consists primarily of executive management, corporate accounting and human resources personnel, office expenses, financing and corporate development activities, payroll and benefits administration, treasury, tax compliance, legal, stock-based compensation and public reporting costs, and costs not specifically allocated to reportable business segments. During the three and six months period ended June 30, 2017, our Unallocated Corporate Overhead Expenses increased \$134 or 19.3% and \$118 or 7.8%, respectively, as compared to the same periods in 2016, primarily due to an increase in stock based compensation

expense.

Non-Operating Expense

Interest Expense. For the three and six months ended June 30, 2017, interest expense was approximately \$565 and \$1,074, respectively, as compared to \$310 and \$595, respectively, during the three and six months ended June 30, 2016. The increase in our interest expense was due to higher average borrowings outstanding under our credit facilities and the increased utilization of short term borrowings during the 2017 period as compared to 2016.

Other Expense. For the three and six months ended June 30, 2017, other non-operating expense was \$167 and \$402, respectively, as compared to \$275 and \$290, during the same periods of 2016. The Company continues to record interest on past due and unpaid payroll tax obligations. Included in the six months ended June 30, 2017 and 2016 are waivers of certain interest and penalties on payroll tax obligations totaling \$70 and \$359, respectively.

Income Tax Expense (Benefit). Our effective income tax rate was negative 46.3% for the three months ended June 30, 2017, compared to 75.7% during the same period in 2016. For the six months ended June 30, 2017, our effective income tax rate was negative 10.2%, as compared to 52.1% during the same period in 2016, as set forth below (dollars in thousands):

	Three Months Ended			Six Months Ended June		
	June 30,			30,		
	2017	2016	Variance	2017	2016	Variance
Income before income taxes	\$895	\$799	\$96	\$1,309	\$1,593	\$ (284)
Income tax (benefit) / expense	(414)	605	(1,019)	(133)	830	(963)
Effective income tax rate%	(46.3)	75.7	(122.0)	(10.2)	52.1	(62.3)

Our effective income tax rate decreased by 122.0% and 62.3% during the three and six months ended June 30, 2017, respectively, as compared to the same periods of the prior year primarily due to utilization of foreign tax credits and the reconciliation of our 2016 actual income tax expense to the provisions previously recorded.

Net Income

We generated net income of \$1,309 and \$1,442 during the three and six months ended June 30, 2017 respectively, as compared to a net income of \$194 and \$763 for the three and six months ended June 30, 2016, respectively. Our net income per basic and diluted share for the three and six months ended June 30, 2017 was \$0.15 and \$0.17, respectively, as compared to \$0.02 and \$0.09 for the three and six months ended June 30, 2016, respectively. The overall increase in our net income was driven by decrease in our income tax expense when compared to the same periods in 2016.

LIQUIDITY AND CAPITAL RESOURCES

General. At June 30, 2017, we had total debt of \$28,086 and \$342 of cash and cash equivalents on hand. We have historically met our cash needs through a combination of cash flows from operating activities and bank borrowings under our revolving credit facilities. Our cash requirements are generally for operating activities, debt repayment, capital improvements and acquisitions. We believe that working capital, the borrowing capacity available under our credit facilities and funds generated from operations should be sufficient to finance our cash requirements for anticipated operating activities, capital improvements and principal repayments of debt through at least the next twelve months.

Cash Provided by / Used in Operating Activities. Cash provided by our operating activities was \$2,081 during the six months ended June 30, 2017, compared to cash used in our operating activities of \$12,034 during the six months ended June 30, 2016. The principal elements of cash provided by operating activities during the six months ended June 30, 2017 were approximately \$1,442 of net income and \$1,749 of non-cash expenses consisting of depreciation, amortization of intangibles and deferred issuance costs, changes in receivable and inventory reserves and stock-based compensation, partially offset by the effect of non-cash deferred tax income of \$1,046.

Cash Used in Investing Activities. Cash used in investing activities during the six months ended June 30, 2017 was \$859 as compared to \$310 during the six months ended June 30, 2016. Additions to our property, plant and equipment were \$871 as compared to \$317 in the prior year comparable period.

Cash Used in / Provided by Financing Activities. Cash used in our financing activities was \$825 during the six months ended June 30, 2017, as compared to cash provided of \$15,235 during the six months ended June 30, 2016. During the six months ended June 30, 2017, our net cash provided by financing activities included an \$807 decrease in bank overdrafts, \$24,606 of increased borrowings under our credit facilities, offset by payments of \$23,506 on our credit facilities and a decrease in short term borrowings of \$1,099 as a result of a product financing arrangement.

Working Capital. As of June 30, 2017, we had working capital of \$4,649, including \$342 of cash and cash equivalents, compared to working capital of \$2,448, including \$246 of cash and cash equivalents at December 31, 2016. Our current assets were approximately 1.1 times our current liabilities at June 30, 2017 and December 31, 2016. At June 30, 2017 and December 31, 2016, we had \$1,472 and \$1,535, respectively, of available and unused borrowing capacity from our revolving credit facilities. However, the availability of this capacity under our revolving credit facilities is subject to restrictions on the use of proceeds and is dependent upon our ability to satisfy certain financial and operating covenants, including financial ratios.

Credit Facilities and Long-Term Debt

Our Canadian subsidiaries have maintained credit facilities with BMO since October 2009. In June 2011, our wholly owned subsidiary Pioneer Electrogrouop Canada Inc. entered into a letter loan agreement with BMO (the “Initial Canadian Facilities”) that replaced and superseded all of our businesses’ prior financing arrangements with the bank.

Our Initial Canadian Facilities originally provided for up to \$22.0 million Canadian dollars (“CAD”) (approximately \$15.9 million expressed in U.S. dollars) consisting of a \$10.0 million CAD demand revolving credit facility (“Facility A”) to finance ongoing operations, a \$2.0 million CAD term credit facility (“Facility B”) that financed a plant expansion, and a \$10.0 million CAD term credit facility (“Facility C”) that financed a business acquisition and the purchase and expansion of its manufacturing facilities.

The Initial Canadian Facilities required us to comply on a consolidated Canadian basis with various financial covenants, including maintaining a minimum fixed charge coverage ratio, a maximum funded debt to EBITDA ratio and a limitation on funded debt as a percent of capitalization.

Facility A was originally subject to margin criteria and borrowings bore interest at BMO's prime rate plus 0.50% per annum on amounts borrowed in Canadian dollars, or its U.S. base rate plus 0.50% per annum or LIBOR plus 2.00% per annum on amounts borrowed in U.S. dollars.

Borrowings under Facility B originally bore interest at BMO's prime rate plus 1.00% per annum with principal repayments becoming due on a five year amortization schedule.

Borrowings under Facility C were repayable according to a five year principal amortization schedule and bore interest at the following rates: if the funded debt to EBITDA ratio is equal to or greater than 2.00, BMO's prime rate plus 1.25% per annum on amounts borrowed in Canadian dollars, or its U.S. base rate plus 1.25% per annum or LIBOR plus 2.50% per annum on amounts borrowed in U.S. dollars; or, if the funded debt to EBITDA ratio is less than 2.00, BMO's prime rate plus 1.00% per annum on amounts borrowed in Canadian dollars, or its U.S. base rate plus 1.00% per annum or LIBOR plus 2.25% per annum on amounts borrowed in U.S. dollars. In addition, Facility C was subject to a standby fee which is calculated monthly using the unused portion of the facility at either 0.625% per annum if the funded debt to EBITDA ratio is equal to or greater than 2.00 or 0.5625% per annum if the funded debt to EBITDA ratio is less than 2.00.

In the third quarter of 2015, in connection with an amendment to our United States credit facilities, we elected to prepay \$5.0 million Canadian dollars (approximately \$4.0 million expressed in U.S. dollars) of Facility C with cash available on hand.

In April 2016, our wholly owned subsidiary, Pioneer Electrogrouop Canada Inc. ("PECI"), entered into an Amended and Restated Credit Agreement ("CAD ARCA") with BMO with respect to our existing Canadian credit facilities (as amended and restated, the "Canadian Facilities") that replaced and superseded all of our businesses' prior financing arrangements with the bank. This CAD ARCA extended the maturity date of our Canadian Facilities to July 31, 2017. Additionally, defaults relating to the breach of certain financial covenants under the prior financing arrangements with the bank were waived by BMO. On March 15, 2017, the CAD ARCA was further amended (the "2017 CAD ARCA Amendment").

Our Canadian Facilities provided for up to \$8.2 million CAD (approximately \$6.3 million expressed in U.S. dollars) consisting of a revolving \$7.0 million CAD Facility A to finance ongoing operations, a \$0.5 million CAD Facility B that financed a plant expansion, and a \$0.7 million USD Facility C that financed a business acquisition and the purchase and expansion of its manufacturing facilities. The 2017 CAD ARCA Amendment increased the Facility A to \$8.0 million CAD, increasing the total amount of loans available under the Canadian Facilities to \$9.1 million CAD.

Facility A, as amended and restated, is subject to margin criteria and borrowings bear interest at BMO's prime rate plus 0.75% per annum on amounts borrowed in Canadian dollars, or its U.S. base rate plus 0.75% per annum or LIBOR plus 2.25% per annum on amounts borrowed in U.S. dollars. Pursuant to the 2017 CAD ARCA Amendment, Facility A will mature on July 31, 2018.

Borrowings under Facility B, as amended and restated, bear interest at BMO's prime rate plus 1.25% per annum with principal repayments becoming due on a five year amortization schedule. Pursuant to the CAD ARCA, quarterly principal repayments were reduced to \$47 CAD, with a balloon payment of \$141 CAD due on July 31, 2017. The 2017 CAD ARCA Amendment amended the payment schedules so that the quarterly principal payments of \$47 CAD will continue after July 31, 2017 until our borrowings under the facility is fully paid on April 30, 2018.

Borrowings under Facility C, as amended and restated, bear interest at BMO's prime rate plus 1.50% per annum on amounts borrowed in Canadian dollars, or its U.S. base rate plus 1.50% per annum or LIBOR plus 2.75% per annum on amounts borrowed in U.S. dollars. Pursuant to the CAD ARCA, a principal repayment of \$72 USD was due on June 30, 2016, and the reduced quarterly principal repayments of \$36 USD was to be made beginning on October 31, 2016, with a balloon payment of \$496 USD due on July 31, 2017. The 2017 CAD ARCA Amendment amended the payment schedules so that the quarterly payments of \$36 USD will continue until July 31, 2018, with a balloon payment of \$352 due on July 31, 2018.

The CAD ARCA modified financial covenant testing so that testing will be performed on our consolidated financial statements. The financial covenants were changed pursuant to the CAD 2017 Amendment to require certain minimum working capital ratios, minimum EBITDA levels and effective tangible net worth levels for each fiscal quarter, which were further modified by the 2017 CAD ARCA Amendment. We are in compliance with all financial covenants at June 30, 2017. On March 6, 2017, we received a waiver from BMO on a certain financial covenant as of December 31, 2016.

As of June 30, 2017, we had approximately \$6.1 million in U.S. dollar equivalents outstanding under our Canadian Credit Facilities. Our borrowings consisted of approximately \$5.5 million outstanding under Facility A, \$0.1 million outstanding under Facility B and \$0.5 million outstanding under Facility C.

United States Credit Facilities

On December 2, 2014, our existing U.S. credit facilities (the “U.S. Facilities”) were amended in order to provide a \$5.0 million term loan facility that was used for the acquisition of Titan. The term loan facility had principal repayments becoming due on a five year amortization schedule.

The U.S. Facilities initially required us to comply with a two-step test of financial covenants. First, as measured on a consolidated basis, we were required to comply with a maximum funded debt to adjusted EBITDA ratio of (a) 3.15x for the quarter ended December 31, 2014 and the quarter ending March 31, 2015, (b) 3.25x for the quarter ending June 30, 2015, (c) 3.65x for the quarter ending September 30, 2015, and (d) 2.75x for the quarter ending December 31, 2015 and all testing periods thereafter. Secondly, if the funded debt to adjusted EBITDA tests above are met, and our fixed charge coverage ratio is at or above 1.10x for the quarter ended December 31, 2014, and at or above 1.25x for all testing periods thereafter, then no further compliance tests were required.

Alternatively, we could comply with the financial covenant requirements of the U.S. Facilities if our U.S. operations maintained a maximum funded debt to capitalization ratio and various minimum fixed charge coverage ratios and maximum funded debt to adjusted EBITDA ratios which were set at different thresholds by time period.

Borrowings under the demand revolving credit facility (USD Facility A) bore interest, at our option, at the bank’s prime rate plus 1.00% per annum on U.S. prime rate loans, or an adjusted LIBOR rate plus 2.25% per annum on Eurodollar loans. Borrowings under the term loan facility (USD Facility B) bore interest, at our option, at the bank’s prime rate plus 1.25% per annum on U.S. prime rate loans, or an adjusted LIBOR rate plus 2.50% per annum on Eurodollar loans.

In April 2016, we entered into an Amended and Restated Credit Agreement (“US ARCA”) with BMO with respect to our U.S. Facilities that replaced and superseded all of our businesses’ prior financing arrangements with the bank. Additionally, defaults relating to the breach of certain financial covenants under the prior financing arrangements with the bank were waived by BMO. On March 15, 2017, the US ARCA was further amended (the “2017 US ARCA Amendment”).

Our U.S. Facilities, as amended and restated, provided for up to \$19.1 million consisting of a \$14.0 million USD Facility A to finance ongoing operations, a \$5.0 million USD Facility B that financed the acquisition of Titan, and a new \$0.1 million revolving credit facility provided pursuant to a MasterCard is to be used to pay for and temporarily finance our day-to-day business expenses and for no other purpose. The 2017 US ARCA Amendment increased the USD Facility A to \$15.0 million, increasing the total amount of loans available under the U.S. Facilities to \$20.1

million USD.

USD Facility A continues to bear interest, at our option, at the bank's prime rate plus 1.00% per annum on U.S. prime rate loans, or an adjusted LIBOR rate plus 2.25% per annum on Eurodollar loans. USD Facility A had a maturity date of July 31, 2017, which was extended to July 31, 2018 pursuant to the 2017 US ARCA Amendment.

Borrowings under USD Facility B bear interest, at our option, at U.S. base rate plus 1.25% per annum on U.S. prime loans, or an adjusted LIBOR rate plus 2.50% per annum on Eurodollar loans. Pursuant to the US ARCA, our quarterly principal payments were reduced to \$31 USD for calendar year 2016, with the original amortization schedule continuing to apply to all quarterly principal payments made after December 31, 2016, and the final maturity date of December 2, 2019. The 2017 US ARCA Amendment reduced the scheduled quarterly principal payments to \$31 USD, commencing March 31, 2017, to continue until July 31, 2018, with a balloon payment of \$4,438 on July 31, 2018.

The US ARCA modified financial covenant testing so that testing will be performed on our consolidated financial statements. The financial covenants were changed pursuant to the US ARCA to require certain minimum working capital ratios, minimum EBITDA levels and effective tangible net worth levels for each fiscal quarter, which were further modified by the 2017 US ARCA Amendment. We are in compliance with all financial covenants at June 30, 2017. On March 6, 2017, we received a waiver from BMO on a certain financial covenant as of December 31, 2016.

Our obligations under the U.S. Facilities are guaranteed by all our wholly-owned U.S. subsidiaries. In addition, we and our wholly-owned U.S. subsidiaries granted a security interest in substantially all of our assets, including 65% of the shares of Pioneer Electrogroupp Canada Inc. held by us, to secure our obligations for borrowed money under the U.S. Facilities. The U.S. Facilities also restrict our ability to incur indebtedness, create or incur liens, make investments, make distributions or dividends and enter into merger agreements for the sale of any or all our assets.

As of June 30, 2017, we had approximately \$18.8 million outstanding under our U.S. Credit Facilities. Our borrowings consisted of approximately \$14.2 million outstanding under USD Facility A, and \$4.6 million outstanding under USD Facility B.

Nexus Promissory Note

On July 25, 2012, Nexus Magneticos de Mexico, S. de R.L. de C.V., a subsidiary of Jefferson Electric, Inc., entered into a \$1.7 million term loan agreement with GE CF Mexico, S.A. de C.V. The term loan from GE CF Mexico, S.A. de C.V. is payable in 60 consecutive monthly installments and bears interest, payable monthly, at a rate of 6.93% per annum. In December 2013, we elected to make a \$250 advance payment against the Nexus Promissory Note. We provided a guaranty to GE CF Mexico, S.A. de C.V. of all of Nexus Magneticos de Mexico, S. de R.L. de C.V.'s obligations under the term loan agreement. As of June 30, 2017 and December 31, 2016, there was approximately \$27 and \$185 outstanding, respectively, under the Nexus Promissory Note.

Capital Expenditures

Our additions to property, plant and equipment were \$871 during the six months ended June 30, 2017, as compared to \$317 during the six months ended June 30, 2016. We have no major future capital projects planned, or significant replacement spending anticipated during 2017.

ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK.

Not Applicable.

ITEM 4. CONTROLS AND PROCEDURES

Management's Conclusions Regarding Effectiveness of Disclosure Controls and Procedures

A material weakness is a deficiency, or combination of deficiencies, in internal control over financial reporting, such that there is a reasonable possibility that a material misstatement of our annual and interim financial statements will not be prevented or detected on a timely basis. The matters that management identified in our Annual Report on form 10-K for the year ended December 31, 2016, filed with the SEC on March 29, 2017, continues to exist and were still considered material weaknesses in our control over financial reporting at June 30, 2017.

We conducted an evaluation of the effectiveness of our “disclosure controls and procedures” (“Disclosure Controls”), as defined by Rules 13a-15(e) and 15d-15(e) of the Exchange Act, as of December 31, 2016, the end of the period covered by this Annual Report on Form 10-K. The Disclosure Controls evaluation was done in conjunction with an independent consulting firm and under the supervision and with the participation of management, including our chief executive officer and chief financial officer. There are inherent limitations to the effectiveness of any system of disclosure controls and procedures. As of June 30, 2017, based on the evaluation of these disclosure controls and procedures, and in light of the material weaknesses found in our internal controls over financial reporting, our chief executive officer and chief financial officer have concluded that our disclosure controls and procedures were not effective.

Remediation Plan

As of June 30, 2017, there were control deficiencies which constituted a material weakness in our internal control over financial reporting. Management has taken, and is taking steps to strengthen our internal control over financial reporting. Specifically

We have executed a plan that provided for the recruitment of new senior personnel at our reporting unit locations, as well as additional training for existing accounting staff as it relates to our financial reporting requirements. Members of management and the accounting staff have received additional training related to policies, procedures and internal controls, including Pioneer's policies regarding monthly reconciliations and supervisory review procedures for all significant accounts.

Our corporate accounting group, assisted by an independent consulting firm that has been engaged, has reviewed and assessed progress on the remediation plan noted above.

In addition, we have implemented a component part of our restructuring and integration plan, designed to reduce the number of our production facilities from six locations to three. As a result, the controls and procedures which were previously identified as ineffective at our Bemag and PCPI reporting units have become inapplicable, as performance of their relevant business activities has been transferred to other Pioneer locations having suitable entity-level controls and financial closing and reporting processes. While we have taken certain actions to address the material weaknesses identified, additional measures may be necessary as we work to improve the overall effectiveness of our internal controls over financial reporting. Until the remediation plan is fully implemented and operating for a sufficient period of time, we will not be able to conclude that the material weaknesses have been remediated. We will continue to monitor and assess our remediation activities to address the material weaknesses discussed above through remediation as soon as practicable.

Changes in Internal Control over Financial Reporting

Other than the changes discussed above in the Remediation Plan, there has been no change in our internal control over financial reporting during the first quarter ended June 30, 2017 that materially affected, or is reasonably likely to materially affect, our internal control over financial reporting.

PART II – OTHER INFORMATION

ITEM 1. LEGAL PROCEEDINGS

From time to time, we may become involved in lawsuits, investigations and claims that arise in the ordinary course of business.

On January 11, 2016, Myers Power Products, Inc., a specialty electrical products manufacturer, filed suit with the Superior Court of the State of California, County of Los Angeles, against us, PCEP and two PCEP's employees who are former employees of Myers Power Products, Inc., Geo Murickan, the president of PCEP ("Murickan"), and Brett DeChellis ("DeChellis"), alleging, among other things, that Murickan wrongly used and retained confidential business information of Myers Power Products, Inc. for the benefit of us and PCEP, in breach of their confidentiality agreement and/or employment agreement entered into with Myers Power Products, Inc., and that we and PCEP knowingly received and used such confidential business information. Myers Power Products, Inc. is seeking injunctive relief enjoining us, PCEP and our employees from using its confidential business information and compensatory damages of an unspecified unlimited (exceeding \$25,000) amount. On March 18, 2016, we filed an answer to the complaint, denying generally each and every allegation and relief sought by Myers Power Products, Inc. and seeking dismissal based on, among other things, failure to state facts sufficient to constitute a cause of action. We intend to contest the matter vigorously. Due to the uncertainties of litigation, however, we can give no assurance that we, PCEP and our employees will prevail on any claims made against us, PCEP and our employees in any such lawsuit. Also, we can give no assurance that any other lawsuits or claims brought in the future will not have an adverse effect on our financial condition, liquidity or operating results.

As of the date of this filing, we are not aware of any other material legal proceedings to which we or any of our subsidiaries is a party or to which any of our property is subject, nor are we aware of any such threatened or pending litigation or any such proceedings known to be contemplated by governmental authorities other than other than the foregoing suit filed by Myers Power Products, Inc.

We are not aware of any material proceedings in which any of our directors, officers or affiliates or any registered or beneficial shareholder of more than 5% of our common stock is an adverse party or has a material interest adverse to our interest.

ITEM 1A. RISK FACTORS

During the fiscal quarter ended June 30, 2017 there were no material changes from the risk factors disclosed in our Annual Report on Form 10-K for the year ended December 31, 2016.

ITEM 2. UNREGISTERED SALES OF EQUITY SECURITIES AND USE OF PROCEEDS

None.

ITEM 3. DEFAULTS UPON SENIOR SECURITIES

None.

ITEM 4. MINE SAFETY DISCLOSURES

Not applicable.

ITEM 5. OTHER INFORMATION

None.

ITEM 6. EXHIBITS

See the Exhibit Index following the signature page to this Quarterly Report on Form 10-Q for a list of exhibits filed or furnished with this report, which Exhibit Index is incorporated herein by reference.

SIGNATURES

Pursuant to the requirements of Section 13 or 15(d) of the Securities Exchange Act of 1934, the registrant has duly caused this report to be signed on its behalf by the undersigned, thereunto duly authorized.
