FIRST MERCHANTS CORPORATION ANNOUNCES FIRST QUARTER EARNINGS PER SHARE OF \$.35

First Merchants Corporation (NASDAQ - FRME) has reported first quarter diluted earnings per share totaling \$.35, a 4.6 percent decrease over \$.37 recorded in the first quarter of 2004. Net income during the period totaled \$6.6 million compared to \$6.9 million in 2004.

Quarterly net interest income improved by \$1.3 million, or 5.1 percent and non-interest income improved by \$830,000, or 10.1 percent. Core operating expenses remained flat compared to the prior quarter. However, as reported in the Corporation's 8-K filing of February 16, 2005, a \$1.6 million expense related to the curtailment of the Corporation's defined benefit pension plan resulted in increased operating expenses of \$1.7 million. The earnings per share impact of the curtailment expense totaled \$.05 per share.

The provision for loan losses increased by \$1.3 million based on the Corporation's allowance for loan loss methodology. As of March 31, 2005, non-performing loans totaled 71 basis points of average total loans and the allowance for loan losses as a percent of total loans equaled 1.01 percent.

Total assets equaled \$3.2 billion at quarter-end, an increase of \$162 million, or 5.4 percent from March 31, 2004. Loans, investments and bank owned life insurance, the Corporation's three primary earning assets, totaled \$2.9 billion, an increase of \$129 million over the prior year.

On January 1, 2005, the Corporation combined Randolph County Bank and Union County National Bank and renamed the combined entity United Communities National Bank. The data conversions are complete and the related expenses are reflected in first quarter results.

Michael L. Cox, President and Chief Executive Officer, stated that, "Management was pleased with core earnings before the increased provision expense and the curtailment expense approximating \$.10 per share. To have the burden of a volatile defined benefit pension plan behind us and our allowance for loan losses equal to 1.01 percent of loans positions our earnings well for the remainder of the year."
