This Proxy Statement is furnished to the stockholders of Bar Harbor Bankshares ("the Company") in connection with the solicitation of proxies on behalf of the Board of Directors for use at the Annual Meeting of Stockholders ("the Meeting"). The Meeting will be held on Tuesday, May 15, 2007 at 11:00 a.m. EDT at the Bar Harbor Club located at 111 West Street in Bar Harbor, Maine. The official *Notice of the Annual Meeting of Stockholders* accompanies this Statement. A *Form of Proxy* for use at the meeting and a return envelope for the proxy are enclosed. A stockholder who executes the proxy may, prior to its use, revoke it by written instrument, by a subsequently executed proxy or, if attending the Meeting, by notifying the Clerk or by giving notice at the Meeting. This *Proxy Statement* and the enclosed *Form of Proxy* will be mailed to the stockholders of the Company on or about April 6, 2007.

Proxies are being solicited by the Board of Directors of the Company, ("the Board"), principally through the mail.

The Board of Directors and Management of the Company may also solicit proxies personally, or by telephone, e-mail, or facsimile transmission. The entire expense of solicitation, including costs of preparing, assembling, and mailing the proxy material will be borne by the Company. These expenses are not expected to exceed the amount normally expended for an annual meeting at which directors will be elected.

Unless contrary instructions are specified, if the enclosed proxy is executed and returned (and not revoked) prior to the Annual Meeting, the shares of common stock of the Company represented thereby will be voted (1) **FOR** the election of the four persons nominated as directors by the Board of Directors for a term of three years, (2) **FOR** setting the number of directors at 14, and (3) to transact such other business as may properly come before the Annual Meeting or any adjournment thereof.

DIRECTORS AND EXECUTIVE OFFICERS

Directors and Nominees:

Proposal I - Election of Directors

At the Annual Meeting of Stockholders, four (4) director-nominees will stand for re-election to serve until the 2010 Annual Meeting of Stockholders and until each director's successor is elected and qualified. The Company's Bylaws require that directors be elected for a term of at least three (3) years or such shorter term as may be necessary to comply with the maximum age restrictions set forth in the Bylaws or to equalize, as closely as possible, the members sitting in staggered classes. Each nominee has consented to serve and to the use of his or her name in this Proxy. All four of the nominees currently serve on the Board of the Company.

The Board has determined the majority of director-nominees and all of the continuing directors are "independent directors" as required in accordance with applicable laws, regulations, and AMEX listing requirements. The exception is Nominee Murphy, who serves as President and Chief Executive Officer of the Company. Mr. Murphy does not serve as a voting member of the Audit, Compensation and Human Resources, or Governance Committees.

The Proxies will be voted, unless authority to do so is expressly withheld, in favor of the four nominees nominated by the Board of Directors. The Board of Directors recommends voting "**FOR**" the election of each nominee as a director of the Company.

Proposal II - Setting the Number of Directors at 14

The Company's Board of Directors currently consists of 14 members. The Board of Directors recommends the number of Company directors for the coming year be set at fourteen (14). The Bylaws of the Company provide for no fewer than 9 or more than 27 directors, with directors serving *staggered terms* of three years. The Board of Directors recommends that you vote "**FOR**" setting the number of directors for the ensuing year at 14.

6

The following table sets forth for each nominee for election as a director, their name, age as of March 24, 2007, and positions with the Company or its subsidiaries (i.e. Bar Harbor Bank & Trust and Bar Harbor Trust Services).

CORPORATE GOVERNANCE

Board of Directors:

A Board of Directors comprised of fourteen (14) members managed the Company during 2006. A majority of the Board of Directors meets the independence standards established by AMEX. The Board has determined that all the named Director Nominees and Continuing Directors listed in this Proxy, with the exception of Mr. Murphy, meet applicable independence standards established by AMEX. The Board of Directors of the Company held a total of eleven (11) regular meetings and one (1) annual meeting during 2006. The Bylaws of the Company provide for a minimum of quarterly meetings. Each Director attended at least 75% of the total number of board and committee meetings that he or she was eligible to attend.

The Board encourages, but does not require, each Director to attend its Annual Meeting. All of the Board's members attended the 2006 Annual Meeting.

Committees:

The Board of Directors has a standing Audit Committee, Executive Committee, Governance Committee, and Compensation and Human Resource Committee.

The Bylaws of the Company provide that after each Annual Meeting of Stockholders, the Board shall designate from among its members an Executive Committee with the authority to exercise all the powers of the Board of Directors in regard to ordinary operations of the business of the Company when the Board is not in session, subject to any specific vote of the Board. The Executive Committee for 2006 included Directors Colwell, Dodge, Dudman, Murphy, Phillips, Shea, and Toothaker. Retired director, Dwight L. Eaton served on this committee from January 2006 through May 16, 2006. Mr. Colwell serves as Chairperson. The Executive Committee held one (1) meeting in 2006.

Audit Committee

The members of the Audit Committee included directors Toothaker, Dudman, Fernald, Hannah, Smith, and Woodside. Retired director, Dwight L. Eaton served on this committee from January 2006 through May 16, 2006. Mr. Toothaker serves as Chairperson of the Committee. The Audit Committee met four (4) times during 2006. See **Appendix A** for Report of Audit Committee. See **Appendix B** for a copy of the Audit Committee's Charter, also available on the Company's general website at www.BHBT.com.

The Company's Board has determined that the Audit Committee is composed of independent directors, in accordance with applicable AMEX listing requirements and Rule 10A-3(b)(1) under the Exchange Act. The Audit Committee operates under a written charter, which has been adopted by the Audit Committee and the Company Board. Audit Committee members do not accept any consulting, advisory, or other compensatory fees (except director fees) and are not affiliated with the Company (except as a director) or any of its subsidiaries. The Board of Directors has determined that the Company has at least one "audit committee financial expert" serving on its Audit Committee. Mr. Scott G. Toothaker, CPA, meets the criteria for an "audit committee financial expert" and is "independent" within the meaning of the rules adopted by the AMEX pursuant to the Sarbanes-Oxley Act of 2002.

The Audit Committee has the sole authority to appoint and replace the Independent Registered Public Accounting Firm. The Audit Committee is responsible for the compensation and oversight of the Independent Registered Public Accounting Firm and this firm reports directly to the Audit Committee. The Audit Committee assists the Board of Directors in fulfilling its oversight responsibilities with respect to (i) the financial information to be provided to stockholders and the Commission; (ii) the review of quarterly financial statements; (iii) the system of financial controls management has established; and (iv) the internal audit, external audit, and loan review processes.

Governance Committee

The Governance Committee for 2006 was comprised of directors Shea, Colwell, Dodge, Fernald, and Phillips. The Governance Committee met two (2) times during 2006. Mrs. Shea served as Chairperson of the Committee. The Company Board of Directors has determined that each member of the Governance Committee is independent for purposes of AMEX listing standards.

The Governance Committee's responsibilities include screening director candidates, recommending nominees to the full Board of Directors (including the slate of returning directors) to be elected each year, making recommendations concerning the size and composition of the Board of Directors, recommending Committee structure and membership, and sponsoring new director orientation and education. The Governance Committee has a written charter, which may be viewed on the Company's general website at www.BHBT.com.

The Governance Committee expects to identify nominees to serve as directors of the Company primarily by accepting and considering the suggestions and nominee recommendations made by directors, management, and stockholders. To date the Governance Committee has not engaged any third parties to assist it in identifying candidates for the Board of Directors. The Governance Committee considers among other things the background, business and professional experience (including any requisite financial expertise or other special qualifications), current employment, community service, and other board service of its directors and nominees, as well as racial, ethnic, and gender diversity of the Board as a whole. The Governance Committee generally considers a candidate's

qualifications in light of these broad criteria as well as an assessment as to whether the candidate can make decisions on behalf of or while representing the Company in a manner consistent with its stated business goals and objectives. The Governance Committee will also consider the candidate's "independent" status in accordance with applicable regulations and listing standards. The Governance Committee will consider nominees recommended by stockholders. Any stockholder wishing to nominate a candidate for director must follow the procedures for submission of proposals set forth in the section of this Proxy statement entitled "Nominations by Stockholders."

Compensation and Human Resources Committee

The Compensation and Human Resources Committee reviews and considers recommendations from management, consultants, and directors concerning executive compensation policies, employee benefit plans, and salary administration programs, including reviewing annually the performance, total compensation, and recommended adjustments for all executive officers and the executive officers of the Company's subsidiaries. The deliberations of the Compensation and Human Resources Committee are reported to the Board of Directors for review and approval. The Compensation and Human Resources Committee has a written charter, which may be viewed on the Company's general website at www.BHBT.com.

The Compensation and Human Resources Committee is comprised of Company directors Phillips, Dearborn, Dodge, Fernald, and Shea. Director Woodside served on this Committee from January 2006 until May 16, 2006. Mr. Phillips serves as Chairperson of the Committee. The Company's and Bank's President and Chief Executive Officer, Murphy, serves on the Committee in a non-voting, ex-officio capacity, as does the Bank's Human Resource Officer, Mrs. Marsha C. Sawyer. All voting members of the Compensation Committee are

independent for purposes of AMEX listing standards.

2006 Compensation and Human Resources Committee Process

Activity

The Compensation and Human Resources Committee of the Board of Directors of Bar Harbor Bankshares discharges the Board's responsibilities relating to compensation of directors and executive officers, and oversees the Company's overall compensation and benefits programs. The Compensation and Human Resources Committee met six (6) times during 2006.

Role of Executives in Establishing Compensation

On an annual basis Mrs. Marsha C. Sawyer, the Senior Vice President of Human Resources, with the oversight of the Chief Executive Officer, provides the Committee with general information on executive officer compensation. The Committee then reviews, discusses, and considers this information and any recommendations. The Chief Executive Officer and the Senior Vice President of Human Resources generally attend Committee meetings but were not present for the executive sessions or for any discussion of their own compensation. Mrs. Sawyer assists in the administration of all executive compensation programs, prepares Committee and Board meeting materials and performs work as requested by the Committee, including the preparation of peer analyses. Mr. Murphy, the Company's President &

Chief Executive Officer, attends portions of the Committee's meetings and makes recommendations on base salary, annual incentives, and equity compensation for executive officers who report to him.

12

Compensation Consultants

The Committee has occasionally utilized, and expects to utilize in the future, various outside consultants, actuaries, and employment attorneys to assist it in developing and implementing certain of the Company's compensation program components, including its stock option program, SERP Plan, and incentive compensation arrangements.

In 2006 the Committee retained the services of a consultant to assist it in developing a future, long-term incentive program.

Compensation Committee Interlocks and Insider Participation

The Compensation and Human Resources Committee is comprised of Company directors Phillips, Dearborn, Dodge, Fernald, and Shea. Mr. Woodside served until May 2006. None of the Company executive officers serve as a member of a compensation committee of any other company that has an executive officer serving as a member of the Company's Board of Directors. None of the executive officers serve as a member of the board of directors of any other company that has an executive officer serving as a member of the Committee.

Compliance with Internal Revenue Code Section 162 (m)

Section 162(m) of the Internal Revenue Code limits the deductibility of executive compensation paid by publicly held companies to certain of their executive officers to \$1 million per year, but contains an exception for performance based compensation. Although we intend to maximize the deductibility of compensation paid to executive officers, we also intend to maintain the flexibility to take actions we consider to be in the Company's best interest including, when circumstances are appropriate, to consider factors other than tax deductibility. The Committee's objective is to structure executive compensation programs to maximize the deductibility of executive compensation under the Internal Revenue Code. The Committee reserves the right, however, in the exercise of its business judgment, to establish appropriate compensation levels for executive officers that may exceed the limits on tax deductibility established under Section 162(m). In 2006, no compensation was paid which exceeded the deductibility limit of \$1 million.

COMPENSATION OF EXECUTIVE OFFICERS

Compensation Discussion and Analysis

OBJECTIVES OF THE COMPANY'S COMPENSATION PROGRAM

Overview and Compensation Philosophy

The Compensation and Human Resources Committee ("the Committee") administers the Company's executive compensation programs. The Committee recommends these programs to the Company's Board of Directors for approval at least annually and more frequently, if circumstances warrant. These executive programs are intended to provide a variety of competitive compensation components including base salaries, traditional benefits, annual performance incentives and retirement programs. In addition, the Company has sought to align the long-term interests of its executives with those of the shareholders by providing share-based incentives in the form of stock option grants.

The Committee approves and recommends to the Board compensation programs it believes meets the Company's ongoing need to attract, motivate and retain talented and qualified executives who have the capacity to make a major contribution to the leadership and success of the Company. In fulfilling this requirement, the Committee uses a variety of sources to assist in the establishment of its executive compensation programs. The Committee regularly

14

reviews industry-standard compensation surveys provided by objective sources for state and regional perspectives. In addition, the Committee reviews comparative information from public filings, which it believes discloses compensation programs for similarly situated executives in comparable institutions throughout Maine and New England, though there are a limited number of such companies. The Committee also considers the relative scarcity of senior banking executive candidates in its immediate market area and the difficulties of recruiting out-of-market candidates to work in rural Maine. The Committee does not use any formal, fixed or indexed criteria for establishing compensation levels for any of its executive officers. The Committee believes, over time, the growth in total compensation provided to its executive officers should be more heavily weighted towards incentive compensation opportunities directly tied to corporate performance with less emphasis upon growth in base salaries.

Compensation Plan Components

The Company's executive compensation program is comprised of the following primary components: (a) base salaries and benefits, (b) annual incentive cash compensation programs, (c) long-term incentives in the form of stock option grants, and (d) retirement benefits:

a. Base Salary and Benefits

. The executive compensation program provides base salaries and benefits, which include health and life insurance programs, 401(k) retirement program, and vacation awards to compensate executive officers for capable performance of the core duties and responsibilities associated with their positions. The Committee reviews base salaries annually in the context of the comparative industry information described above. The Committee considers the specific contributions of the individual executive officer and the officer's opportunity for professional growth, as well as market factors, when it sets and adjusts base salaries. In addition, the Committee considers the prevailing economic climate, the overall performance of the Company, and its most current business plan. For the year just ended, the Committee believes that the base salaries and benefits provided to its executive officers reflected an appropriate balance of all of these factors.

b. Incentive Cash Compensation Programs

. During 2006, the named executive officers, Messrs. Murphy, Shencavitz, Dalton, Hurley, and Leackfeldt participated in an annual cash incentive compensation plan with three tiers representing opportunities for incentive payments. The first of these tiers provided for a capped incentive payment to the named officers if the Company achieved a nine percent (9%) increase in net earnings compared to 2005. The second tier provided an additional capped incentive payment based upon the achievement of specific individual goals such as loan, deposit and fee income growth, quality measures and completion of significant new initiatives. The third tier provided for an additional, uncapped incentive payment for increased net earnings

over 2005 of ten percent (10%) or more.

While the Company achieved a seven percent (7%) increase in net earnings over 2005, this result was insufficient to trigger any incentive awards to the named executive officers.

Stock Option Plan

. Since adopting its Stock Option Plan in 2000, the Company has provided its officers and managers, including its executive officers, with a share-based compensation component in the form of stock options. This compensation component is used to align the interests of the Company's participating officers and managers, particularly its executive officers, with those of its stockholders over a long-term horizon. The Company grants options upon date of hire or promotion for qualified individuals, and from time to time for special recognition. The Company awards all grants at the closing market price on the business day just prior to the enabling vote by the Company's Board of Directors. The Board of Directors also sets the vesting schedule, which is typically over a period of five to seven years. During 2006, the Company granted no stock options to the named executive officers.

c. Retirement and Post Termination Compensation Elements

. The Company provides for all employees meeting minimum age and service requirements a qualified defined contribution

15

401(k) benefit retirement plan. In addition, the Company provides a nonqualified, noncontributory, defined-benefit, Supplemental Executive Retirement Plan ("SERP") for certain highly compensated officers. Currently, the Chief Executive Officer and Chief Financial Officer are the only named executive officers that participate in a SERP. The Committee believes these SERPs provide a competitive total retirement benefit program for these executive officers.

The Company also maintains change in control agreements for named executive officers Murphy, Shencavitz, Hurley and Dalton. The agreements provide for the payment of their salary and other specified benefits for a period of twelve to twenty-four months in the event of both a change of control of the Company and subsequent termination (or constructive termination) within set timeframes after a change of control, unless such termination was for cause. The Committee believes that these change in control agreements were advisable to provide a competitive total compensation plan to attract and retain the employment of these executive officers.

Compensation of the Chief Executive Officer

On an annual basis, the Committee reviews the existing compensation plan for the Company's Chief Executive Officer, Joseph M. Murphy (the "CEO"). The Committee reviews this compensation plan in the context of the Company's overall performance, the achievement of certain financial and non-financial goals and the judgment of the entire Board of Directors as to the quality of the CEO's leadership. In addition, the Committee compares the CEO's compensation to CEOs of comparable institutions in the State of Maine and the New England region. In making these comparisons, the Committee takes into account appropriate differences in the size, business model and financial performance of the other banking institutions.

In accordance with the CEO's Employment Agreement with the Company, the Committee reviews the CEO's base salary no less often than annually and may recommend an increase in his base salary to the Board of Directors at the

Committee's sole discretion. During 2006, the Committee recommended and the Board of Directors approved an increase in the CEO's base salary of four percent (4%) over the level provided in 2005.

The CEO participates in the annual incentive cash compensation plan provided to all executive officers as described above. During 2006, the Company did not meet its nine percent (9%) increase in net earnings target as compared to 2005. Accordingly, the Committee did not authorize an incentive payment to the CEO for his performance in 2006.

During 2006, the Committee did not grant the CEO any stock options. The Committee has not granted the CEO any stock options since his initial grant upon his date of hire in February 2002.

The CEO is a member of the Board of Directors of the Company and all its subsidiaries. He does not receive any director fees for participating in the activities of these Boards.

Employment and Change in Control Agreements

Chief Executive Officer Employment Agreement

The Company has a written employment agreement (the "Employment Agreement") originally dated January 3, 2003 with Mr. Joseph M. Murphy, its Chief Executive Officer (CEO). On November 7, 2003, the Company amended its written employment agreement with Mr. Murphy in connection with adoption of the Company's Supplemental Executive Retirement Program and Change of Control Agreement. The Employment Agreement provides for the payment of an annual base salary to the CEO of not less than \$18,333.33 per month (an annualized rate of not less than \$220,000.00 per annum). The Employment Agreement provides for a review of the CEO's base salary not less than annually and may be adjusted at the Company's sole discretion. The CEO is also eligible to participate in a performance compensation plan with goals and incentive payments to be approved by the Board annually. The Employment Agreement is for an initial term of two (2) years with provisions for automatic extensions of one (1) year each in the absence of notice from the Company of its intention not to extend the term of the Employment Agreement. The initial term of the Employment Agreement commenced on January 3, 2003 and continued through January 3, 2005, unless sooner terminated. Neither the Company nor the CEO has given notice of termination and,

19

therefore, the Employment Agreement has been extended by its terms through January 3, 2008. The Employment Agreement contains restrictions on competition by the CEO with the Company during the term of the Employment Agreement and for a period of one (1) year following the cessation of the CEO's employment with the Company regardless of reason.

Mr. Murphy's Employment Agreement also provides, with limited exceptions, for a severance payment to the CEO in the event his employment is terminated within one (1) year following certain events defined to constitute a change in control of the Company. This severance payment resulting from a termination of employment (constructive termination) following a change in control is equal to two (2) times the CEO's base annual salary, incentive compensation payments earned, and any accrued but unused vacation time. In addition, Mr. Murphy's stock options and supplemental executive retirement benefits will vest in accordance with the terms of the plans under which they were granted and vest fully upon a change in control. In the event that Mr. Murphy becomes subject to an excise tax on payments made under his agreements and various benefit plans in connection with a change in control, he will be reimbursed for payment of such amounts upon such time as the assumptions and calculations have been prepared, reviewed, and confirmed by a nationally recognized accounting firm.

Both the Committee and the Board of Directors have reviewed and approved Mr. Murphy's Employment Agreement and Change of Control Agreement.

Other Change in Control, Confidentiality and Non-competition Agreements

The Company entered into a Change in Control, Confidentiality and Non-competition Agreement with the Company's Chief Financial Officer, Mr. Gerald Shencavitz. This Agreement provides Mr. Shencavitz with severance of both salary and benefits for a period of eighteen (18) months in the event of both a change of control of the Company and subsequent termination (or constructive termination) within twelve (12) months after a change of control, unless such termination was for cause. In addition, Mr. Shencavitz's stock options and supplemental executive retirement benefits will vest in accordance with the terms of the plans under which they were granted and vest fully upon a change in control. In the event that Mr. Shencavitz becomes subject to an excise tax on payments made under his agreement and benefit plans in connection with a change in control, he will be reimbursed for payment of such amounts upon such time as the assumptions and calculations have been prepared, reviewed, and confirmed by a nationally recognized accounting firm.

The Company has also entered into a Change in Control, Confidentiality and Non-competition Agreement with Bar Harbor Trust Services President, Daniel A. Hurley, III and the Bank's Senior Vice President, Gregory W. Dalton. Their agreements provide for severance of both salary and benefits for a period of twelve months in the event of both a change of control of the Company and subsequent termination (or constructive termination) within twelve months of a change of control, unless such termination was for cause.

All of these agreements were entered into as part of a total compensation program to attract and/or retain qualified executives and not entered into in response to any effort known to the Board of Directors by any party or entity to acquire control of the Company.

Incentive Cash Compensation

While the Company achieved a seven percent (7%) increase in net earnings over 2005, this result was insufficient to trigger any cash incentive compensation awards to the named executive officers for performance in 2006.

Other Compensation and Benefits

In addition to the foregoing, all executive officers of the Company are entitled to participate in certain group health, dental and term life insurance benefits. In accordance with Company policy, all such benefits are generally available to employees of the Company and its subsidiaries

Years of credited service are determined by the vesting schedule contained within the Plan and not years of employment with the Company

The Company maintains a nonqualified, noncontributory, defined-benefit; supplemental executive retirement program (the "SERP") for certain highly compensated executive employees. Messrs. Murphy and Shencavitz were the only authorized participants in the SERP as of December 31, 2006 (the "Participants"). Under the SERP the Participants are eligible to receive upon most termination events, disability or death, an individually defined benefit payment based upon a predetermined vesting schedule. No plan benefits are payable to these individuals if they are terminated for cause as defined in document.

Upon Normal Retirement Age defined, as age 68 for Mr. Murphy and age 65 for Mr. Shencavitz, monthly payments of \$11,200 and \$8,583 will be paid under the SERP to the

named executives (or their beneficiary) for a period of 240 months. There are also provisions under the SERP for reduced monthly payments in the event of an early retirement by any of these individuals. As of December 31, 2006, Messrs. Murphy and Shencavitz have vested monthly

benefits of \$5,039 and \$1,409, respectively.

SERP benefits for both participants will fully vest upon a defined change of control of the Company.

Note

- (A) Cash Severance. Twenty four months of severance would have been payable to Mr. Murphy if his employment was terminated by Bar Harbor Bankshares for any reason other than cause, death, disability, or retirement as defined in his written Employment Agreement. Severance payable to all other executives represents a payment due upon a hypothetical change of control event and their subsequent termination under the terms of their agreements. Payments disclosed represent twelve months of salary for Dalton and Hurley and eighteen months for Shencavitz. Mr. Leackfeldt has not entered into a change of control agreement with the Company so no severance would be due him.
- (B) Pro Rata Bonus. No bonuses were earned, paid, or due to named executives for the fiscal year ending 2006.
- (C) Stock Options/SARs. The price per share of Bar Harbor Bankshares common stock on December 31,

2006 was \$31.75, representing the closing per share price on the AMEX exchange for that date. Murphy would have been entitled to exercise vested options under all categories listed except an Involuntary Termination Without Cause, a Voluntary Termination with Good Reason, and a change of control whereby all of his unvested options would have fully vested. Dalton, Hurley, Leackfeldt, and Shencavitz would have been entitled to all vested options as of the December 31, 2006 except in the event of a change of control whereby all unvested options would have fully vested. Disclosed amounts would have been realized if the executive actually exercised the vested options in the manner provided for by the Company's stock option plan and award agreement at the December 31, 2006 market price. In the event of a termination of employment, the executive (or the executive's estate in the event of death) would have had the right to exercise vested stock options for a set period specified under the plan document. All executives would have forfeited the right to exercise vested or unvested options if they had been released for cause.

- (D) Health Insurance. The amounts disclosed represent the cost of continued health coverage for a period of twenty-four months for Murphy, eighteen months for Shencavitz, and twelve months for Dalton and Hurley as provided in their respective agreements. Leackfeldt is not eligible for this continued benefit.
- (E) Pension Benefits/SERP. Amounts disclosed represent vested amounts as of December 31, 2006 payable to Murphy and Shencavitz (or their beneficiary/estate) over the twenty-year benefit period provided for under the Company's plan document. Amounts disclosed under Involuntary Without Cause and Voluntary With Good Reason for Murphy as well as under Change of Control for both Murphy and Shencavitz represent the full vesting of their benefits under the program to be paid over the same 20-year period. Amounts disclosed do not reflect vested balances for each executive as part of the Company sponsored 401(k) plan under which participation is generally available to all employees. The Company carries term life insurance policies on Murphy and Shencavitz in the amounts of \$ 1,350,000 and \$1,200,000, respectively; to help defray costs of these pension benefits should either die while employed by the Company, but prior to full vesting of these benefits.
- (F) Nonqualified Deferred Compensation Plans. No named executive participated under a Non-Qualified Deferred Compensation Plan as of December 31, 2006.
- (G) Life Insurance Proceeds/Disability Benefits. Amounts represent benefits payable by a third party insurer (UNUM) to the designated executives or their beneficiaries under company-sponsored life and disability programs. These life and disability insurance programs were generally available to all employees of the Company.
- (H) Other Perquisites. Not applicable to Bar Harbor Bankshares.
- (I) Tax Gross Ups. In the event of the hypothetical change of control of Bar Harbor Bankshares on December 31, 2006 and the subsequent termination (or constructive termination) as detailed in their individual change of control agreements, and Murphy and Shencavitz were subject to the excise tax imposed by Section 4999 of the Internal Revenue Code, an additional payment would be made to restore them to the after-tax position they would have been in if the excise tax had not been imposed and such excess parachute payments exceeded 110% of three times the executive's "base amount," as defined in Section 280G of the Internal Revenue Code. In the event this 110% threshold is not met, the excess parachute payments will be reduced so they do not exceed three times the executive's base amount. Amounts paid under this Gross Up provision are not tax deductible by the Company or any successor company.

DIRECTOR COMPENSATION

Directors of the Company, Bar Harbor Bank & Trust, and Bar Harbor Trust Services were paid by a combination of fees for meetings attended supplemented by quarterly stipends. A fee of \$500 for each meeting of the Company and its subsidiary boards attended and \$500 for each committee meeting attended was paid to board members. Members of the Board received \$500 when the Company and the Bank held joint meetings. The fee paid for attendance at the Company's Annual Meeting was also \$500 per member. Audit Committee members received \$600 for each Audit Committee meeting they attend. In addition, each Director, with the exception of the Chairman of the Board and the Chairman of the Audit Committee, received a quarterly stipend of \$1,000. The Board Chairperson received a quarterly stipend of \$2,500 and the Audit Chairperson received a \$1,500 stipend per quarter.

	Meeting Fees (\$)	Quarterly Retainer (\$)
Chairman of the Board		2,500
Chairman of the Audit Committee		1,500
All other Directors		1,000
Audit Committee attendance	600	
All other meetings including Annual Meeting	500	

Meetings of the Board of Directors of the Company are held monthly. Director Murphy, who also serves as an officer of the Company, does not receive directors' fees.

Two members of the Board of Directors, Messrs. Smith and Woodside, deferred a portion of their compensation under a Non

Qualified Deferred Compensation arrangement. These deferred arrangements are funded entirely by the director and the funds are invested and remain in the name of the Company until the director withdraws them upon their resignation, retirement, or termination from Board membership. Smith and Woodside assume the investment risk on these funds and hold the status of an unsecured creditor of the Company for the payment of these deferred fees at a future date.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Transactions with Management and Others

The Company has entered into a long-term lease for its new Bank branch located in Somesville, Maine effective February 1, 2006 (the "Somesville Lease"). The Somesville Lease has an initial term of five years and five months. During the first year of the Somesville Lease term, the base rent is Sixty Thousand Dollars (\$60,000.00), pro-rated for any partial lease year. During each subsequent lease year the base rent shall be increased using a formula tied to certain changes in the consumer price index. In addition to base rent, the Bank is responsible to pay as "additional rent" certain defined real estate taxes as well as certain operating expenses, and other costs, charges and expenses associated with the premises. The "Landlord" under the Somesville Lease is A.C. Fernald Sons, Inc., a Maine corporation. Mr. Robert Fernald of Mount Desert, Maine is a shareholder, director and officer of A.C. Fernald Sons, Inc. and is the father of Company director Lauri E. Fernald. Lauri E. Fernald does not own any stock or hold any corporate office or other position with A.C. Fernald Sons, Inc. and has no direct or indirect interest in the Somesville Lease other than her familial relationship with Mr. Robert Fernald.

Except as set forth above and with regard to "Indebtedness of Management" described below, none of the nominees for directors, continuing directors, or named executive officers of the Company or any of its subsidiaries engaged in 2006 in any transaction with the Company or any of its subsidiaries, in which the amount involved exceeds \$120,000.

Indebtedness of Management

The Company's wholly owned subsidiary, Bar Harbor Bank & Trust (the "Bank"), offers to its directors, officers, principal stockholders and employees, and to businesses owned and/or controlled by those persons ("related parties"), commercial and consumer loans in the ordinary course of its business.

All loans made by the Company and its subsidiaries to directors and executive officers are regulated by the Company's federal and state regulators. These regulations (known as "Reg. O") set forth various practices and reporting requirements for loans to directors and officers. In addition, the Sarbanes-Oxley Act of 2002 permits banks and bank

holding companies to extend credit to their directors and officers provided that such extensions of credit are (a) made or provided in the ordinary course of the consumer credit business of such issuer; (b) of a type that is generally made available by such issuer to the public; and (c) made by such issuer on market terms, or terms that are no more favorable than those offered by the issuer.

All loans extended by the Bank to these related parties are offered under the same terms and conditions available to non-related parties, including but not limited to those terms and conditions related to the requirements for approval, the interest rates charged, the required repayment terms and the required collateral, except that the Bank waives certain fees for all employees and directors when applying for consumer residential first mortgage loans secured by the related party's primary residence. Further, the Bank may, from time to time at the discretion of management, provide interest rate discounts, fee waivers or other pricing inducements to qualified employees and directors when doing so accomplishes or furthers an objective of the Bank and/or the Company. The terms and conditions of all loans, including those to related parties, and the process by which they are approved, is fully documented in the Bank's written Loan Policy, which Policy is approved annually by the Board of Directors and administered by

35

management of the Bank. Loans to related parties may not contain a higher level of risk, nor be offered with terms and conditions more favorable, than loans to non-related parties with equivalent financial profiles (except for the favorable pricing programs previously described).

We believe that all extensions of credit to Company directors and executive officers satisfy the foregoing conditions.

No such transactions have involved more than normal risk of collectability or presented other unfavorable features, and no loans outstanding to directors, officers, principal stockholders, or their associates in an amount in excess of \$120,000 are non-accruing or past due or otherwise considered to be potential problem loans.

INDEPENDENT REGISTERED PUBLIC ACCOUNTANTS

The Company's Audit Committee has approved the appointment of KPMG LLP as the Company's principal independent registered public accountant for the fiscal year ending December 31, 2007.

The reports of KPMG LLP on the Company's consolidated financial statements as of December 31, 2006 and 2005 and for the three year period ending on December 31, 2006 did not contain any adverse opinion or disclaimer of opinion, nor were they qualified or modified as to uncertainty, audit scope, or accounting principles.

We anticipate a representative from KPMG LLP will be present and available to respond to appropriate questions or make a statement(s) at the Meeting.

APPENDIX B

AUDIT COMMITTEE CHARTER

PURPOSE

The Audit Committee (the "Committee") is appointed by the Board of Directors (the "Board") of Bar Harbor Bankshares (the "Company") to assist the Board in fulfilling its oversight responsibilities for: (1) the integrity of the Company's financial statements; (2) the Company's compliance with legal and regulatory requirements; (3) the independent auditor's qualifications and independence; (4) the performance of the Company's internal audit function and independent auditors; and (5) the system of internal controls and disclosure controls that management has established. The Committee shall prepare the "Audit Committee Report" required by the rules of the United States Securities and Exchange Commission (the "Commission") to be included in the Company's annual proxy statement.

COMPOSITION

The Committee will be comprised of at least three members of the Board of Directors. The members of the Committee shall be appointed annually by the Board and may be replaced or removed by the Board with or without cause. Resignation or removal of a Director from the Board, for whatever reason, shall automatically and without any further action constitute resignation or removal, as applicable, from the Committee. Any vacancy on the Committee, occurring for whatever reason, may be filled only by the Board. The Board shall designate one member of the Committee to be Chairperson of the Committee.

Each member of the Committee shall be financially literate (or shall become financially literate within a reasonable period of time after his or her appointment to the Committee); as such qualification is interpreted by the Board in its

business judgment. One or more members of the Committee must either be "financially sophisticated" (determined in accordance with the guidelines published by the American Stock Exchange) or an "audit committee financial expert" (as such term is defined under the rules promulgated by the SEC).

No member of the Committee may simultaneously serve on the audit committee of more than three (3) issuers having securities registered under Section 12 of the Securities Exchange Act of 1934, as amended (the "Exchange Act"), unless the Board determines that such simultaneous service would not impair the ability of such member to effectively serve on the Audit Committee.

COMPENSATION

A member of the Committee may not, other than in his or her capacity as a member of the Committee, the Board or any other committee established by the Board, receive directly or indirectly any consulting, advisory or other compensatory fee from the Company. A member of the Committee may receive additional directors' fees to compensate such member for the significant time and effort expended by such member to fulfill his or her duties as a Committee member.

MEETINGS

The Committee shall meet as often as it determines necessary, but no less frequently than quarterly. A majority of the members of the Committee shall constitute a quorum for purposes of holding a meeting and the Committee may act by a vote of a majority of the members present at such meeting. The Chairperson of the Committee, in consultation with the other committee members, may determine the frequency and length of the Committee meetings and may set meeting agendas consistent with this Charter.

The Committee may, at its discretion, meet in separate executive sessions with the Chief Executive Officer, Chief Financial Officer, independent auditor and internal auditor. All Committee members will strive to attend each meeting. The Committee may request that any officer or employee of the Company or the outside legal counsel or

independent auditor attend a meeting of the Committee or to meet with any members of or consultants to the Committee.

AUTHORITY

The Committee has authority to conduct or authorize investigations into any matters within its scope of responsibility. It is empowered to:

- Appoint, compensate, and oversee the work of the independent public accounting firm employed by the organization to conduct the annual independent audit of the Company's consolidated financial statements. This firm will report directly to the Committee.
- Resolve any disagreements between management and the independent auditor regarding financial reporting.
- Pre-approve all auditing services and permitted non-audit services (including the fees and terms thereof) to be performed for the Company by its independent auditor, subject to the de minimus exceptions for non-audit services described in Section 10A(i)(1)(B) of the Securities Exchange Act of 1934 and the rules and regulations promulgated there under (the "Act") which are approved by the Committee prior to the completion of the audit.
- Retain independent counsel, accountants, or others to advise the Committee or assist in the conduct of an investigation.
- Seek any information it requires from employees--all of whom are directed to cooperate with the Committee's requests--or external parties.
- Meet with Company officers, independent auditors, or outside legal counsel, as necessary.
- The Committee may form and delegate authority to subcommittees consisting of one or more members when appropriate, including the authority to grant pre-approvals of audit and permitted non-audit services, provided that the decisions of such subcommittee to grant pre-approvals shall be presented to the full Committee for ratification at its next scheduled meeting.
- Approve assurance and consulting services performed by outsourced vendors used to complete the annual audit plan.
- Review the appointment, performance, replacement and compensation of the internal auditor. The internal auditor will report directly to the Committee Chairman and for administrative purposes to the Chief Executive Officer of the Company.

Review and approve the scope and any significant changes to the annual internal audit and loan review plans. Evaluate the internal auditor's risk assessment of the Company's activities used in developing the annual audit plan.

RESPONSIBILITIES

The Committee will be responsible for the following:

- Financial Reports
 - ◆ Review significant accounting and reporting principles, practices and procedures applied by the Company in preparing its financial statements and understanding their impact on the financial statements. These matters include:
 - ◇ Complex or unusual transactions and highly judgmental areas;
 - ◇ Major issues regarding accounting principles and financial statement presentations, including any significant changes in the Company's selection or application of accounting principles; and
 - ◇ The effect of regulatory and accounting initiatives, as well as off-balance sheet structures, on the financial statements of the Company.

- ◆ Review analyses prepared by management and/or the independent auditor setting forth significant financial reporting issues and judgments made in connection with the preparation of the financial statements, including analyses of the effects of alternative GAAP methods on the financial statements.
- ◆ Review with management and the independent auditors the results of the audit, including any difficulties encountered. This review will include any restrictions on the scope of the independent auditor's activities or on access to requested information, and any significant disagreements with management.
- ◆ Solicit the independent auditor's judgement about the quality, not just the acceptability of the Company's accounting principles used in financial reporting.

- ◆ Discuss and review with management and the independent auditors the annual audited financial statements, related notes to the financial statements and financial information to be included in the Company's annual report to shareholders and on Form 10-K and quarterly financial statements on Form 10-Q, including the Company's disclosures under *Management's Discussion and Analysis of Financial Condition and Results of Operations*.
- ◆ Review disclosures made to the Committee by the Company's Chief Executive Officer and Chief Financial Officer during their certification process for the Form 10-K and Form 10-Q about any significant deficiencies in the design or operation of internal controls or disclosure controls and any fraud involving management or other employees who have a significant role in the Company's internal controls and disclosure controls and procedures.
- ◆ Review with management and the independent auditors any other required communications by the independent auditor under Statement of Auditing Standards (SAS) 61 as amended by SAS 90 relating to the conduct of the audit and the quality of the Company's accounting principles. If deemed appropriate after such review and discussion, recommend to the Board that the financial statements be included in the Company's annual report on Form 10-K.
- ◆ The Committee shall discuss the Company's earnings press releases, as well as financial information and earnings guidance provided to analysts and rating agencies, including, in general, the types of information to be disclosed and the types of presentation to be made (paying particular attention to the use of "pro forma" or "adjusted" non-GAAP information).
- Internal Control
 - ◆ Consider the effectiveness of the Company's system of internal control, including information technology security and control.
 - ◆ Understand the scope of internal and independent auditors' review of internal control over financial reporting, and obtain reports on significant findings and recommendations, together with management's responses. Discuss any relevant significant recommendations that the independent auditor may have, particularly those characterized as "reportable conditions." The Committee will review responses of management to the reportable conditions from the independent auditor and receive follow-up reports on actions taken concerning the recommendations.
- Internal Audit
 - ◆ Review with management the charter, plans, activities, staffing, and organizational structure of the internal audit function.
 - ◆ Ensure there are no unjustified restrictions or limitations, and review and concur in the appointment, replacement, or dismissal of the Internal Auditor.

 - ◆ On a regular basis, meet separately with the Internal Auditor to discuss any matters that the Committee or internal audit believes should be discussed privately.

43

- ◆ Receive reports of major findings from the Internal Auditor and evaluate management's response in addressing the reported conditions.
- Independent Auditor
 - ◆ Review the independent auditors' proposed audit scope and approach, including coordination of audit effort with internal audit. The review will include an explanation from the independent auditor of the factors considered by the independent auditor in determining the audit scope, including the major risk factors.
 - ◆ Review the performance of the independent auditors, and exercise final approval on the appointment or discharge of the auditors. In performing this review, the Committee will at least annually, obtain and review a formal written report by the independent auditor describing:
 - ◇ The firm's internal quality-control procedures;
 - ◇ Any material issues raised by the most recent internal quality-control review, or peer review of the firm, or by any inquiry or investigation by governmental or professional authorities within the preceding five years and any steps taken to deal with any such issues; and
 - ◇ Delineating all relationships between the independent auditor and the Company as contemplated by Independence Standards Board Standard No. 1, Independence Discussions with Audit Committees.
 - ◆ Ensure the rotation of the lead (or coordinating) independent audit partner having primary responsibility for the audit and the independent audit partner responsible for reviewing the audit as required by law.
 - ◆ Present its conclusions with respect to the independent auditor to the full Board.
 - ◆ Recommend to the Board a clear policy for the hiring of employees or former employees of the independent auditor who participated in any capacity in the audit of the Company.
 - ◆ The Committee shall meet privately with the independent auditor as it deems necessary but in no event less frequently than may be required by AMEX rules.
- Compliance
 - ◆ Review the effectiveness of the system for monitoring compliance with laws and regulations and the results of management's investigation and follow-up (including disciplinary action) of any instances of noncompliance.
 - ◆ Establish procedures for the receipt, retention, and treatment of complaints received by the Company regarding accounting procedures, internal accounting controls, or auditing matters; and the confidential, anonymous submission by employees of the Company of concerns regarding questionable accounting or auditing matters.
 - ◆ Review the findings of any examinations by regulatory agencies, and any auditor observations.

 - ◆ Obtain regular updates from management and company legal counsel regarding compliance matters.
 - ◆ Review and assess the adequacy of the Committee charter annually, requesting Board approval for proposed changes, and ensure appropriate disclosure as may be required by applicable AMEX Audit Committee requirements. The charter shall be published as an appendix to the proxy statement every

three years.

44

- Reporting Responsibilities
 - ◆ Regularly report to the Board about Committee activities and issues that arise with respect to the quality or integrity of the Company's financial statements, the Company's compliance with legal or regulatory requirements, the performance and independence of the Company's independent auditors, and the performance of the internal audit function.
 - ◆ Provide an open avenue of communication between internal audit, the independent auditors, and the Board.

 - ◆ Confirm annually that all responsibilities outlined in this policy have been carried out.
 - ◆ Evaluate the Committee's and individual members' performance at least annually.

Limitation of Audit Committee's Role

In addition, it is not the duty of the Committee to conduct investigations or to assure compliance with laws and regulations or the Company's Code of Ethics.
