Item 2.02 Results of Operations and Financial Condition.

On June 1, 2018, Big Lots, Inc. (“we,” “us” or “our”) issued a press release (the “Earnings Press Release”) and conducted a conference call, both of which: (i) reported our first quarter fiscal 2018 unaudited results; (ii) provided an update on the status of our previously announced \$100 million share repurchase program; (iii) provided initial guidance for the second quarter of fiscal 2018; and (iv) updated guidance for fiscal 2018.

The Earnings Press Release and conference call both included “non-GAAP financial measures,” as that term is defined by Rule 101 of Regulation G (17 CFR Part 244) and Item 10 of Regulation S-K (17 CFR Part 229). Specifically, the following non-GAAP financial measures were included: (i) adjusted selling and administrative expenses; (ii) adjusted selling and administrative expense rate; (iii) adjusted operating profit; (iv) adjusted operating profit rate; (v) adjusted income tax expense; (vi) adjusted effective income tax rate; (vii) adjusted income from continuing operations; (viii) adjusted net income; (ix) adjusted diluted earnings per share from continuing operations; and (x) adjusted diluted earnings per share.

The non-GAAP financial measures exclude from the most directly comparable financial measures calculated and presented in accordance with accounting principles generally accepted in the United States of America (“GAAP”) the following items for the periods noted:

Item	Fiscal 2018 First Quarter	Fiscal 2017 Full Year
After-tax adjustment for costs associated with the retirement of our former chief executive officer of \$6.1 million, or \$0.15 per diluted share	X	
After-tax adjustment related to the settlement in principle of our shareholder litigation matter of \$2.6 million, or \$0.06 per diluted share	X	
After-tax adjustment associated with gain on insurance recoveries of \$1.9 million, or \$0.04 per diluted share		X
Tax adjustment resulting from U.S. federal tax reform of \$4.5 million, or \$0.10 per diluted share		X

The Earnings Press Release posted in the Investor Relations section of our website contains a presentation of the most directly comparable financial measure calculated and presented in accordance with GAAP and a reconciliation of the difference between the non-GAAP financial measures and the most directly comparable financial measures calculated and presented in accordance with GAAP.

Our management believes that disclosure of the non-GAAP financial measures provides useful information to investors because the non-GAAP financial measures present an alternative and more relevant method for measuring our operating performance, excluding special items included in the most directly comparable GAAP financial measures, which our management believes are more indicative of our ongoing operating results and financial condition. These non-GAAP financial measures, along with the most directly comparable GAAP financial measures, are used by our management to evaluate our operating performance.

Non-GAAP financial measures should not be considered in isolation from, or as a substitute for, financial information presented in accordance with GAAP. Non-GAAP financial measures as reported by us may not be comparable to similarly titled items reported by other companies.
