Section 1 - Conflicts Minerals Disclosure Item 1.01 Conflict Minerals Disclosure and Report

### Conflict Minerals Disclosure

In 2010, Congress passed the Dodd-Frank Wall Street Reform and Consumer Protection Act (Dodd-Frank) Section 1502 requiring the Securities and Exchange Commission (SEC) to issue a rule specifically relating to the use of conflict minerals within manufactured products. Conflict minerals are defined by the U.S. Law as columbite-tantalite (coltan), cassiterite, gold, wolframite, or their derivatives, which are limited to tin, tantalum, and tungsten (collectively known as the 3TGs). The SEC rule requires any SEC registrant that manufactures, or contracts for the manufacture of, products that contain 3TGs that are necessary to the functionality or production of their products to determine whether the conflict minerals originated from the Democratic Republic of the Congo (DRC) and adjoining countries (collectively, the DRC Region), and, if so, whether the purchase of those conflict minerals directly or indirectly financed or benefited armed groups in the DRC Region. By enacting this provision, Congress intends to further the humanitarian goal of ending the violent conflict in the DRC Region, which has been partially financed by the exploitation and trade of conflict minerals originating in that area.

The Company has taken the actions described in its Conflict Minerals Report (CMR) to comply with this SEC rule for the period ended December 31, 2017. A copy of our CMR is included herewith as Exhibit 1.01 and is available on the World Wide Web at www.cognex.com. The Report can be found on our website in the "Company" section under the caption "Environment Policies."

Item 1.02 Exhibit

The Conflict Minerals Report required by Item 1.01 is filed as Exhibit 1.01 to this Form SD.

Section 2 - Exhibits Item 2.01 Exhibits

Exhibit 1.01 - Conflict Minerals Report for the calendar year ended December 31, 2017
