Description of Share Capital

The authorized capital of the Corporation consists of an unlimited number of common shares and non-voting Class A preferred shares, issuable in series, of which 40,986,940 common shares were issued and outstanding as at July 20, 2007. The following is a summary of the material provisions which attach to the common shares and Class A preferred shares, and is qualified by reference to the full text of the rights, privileges, restrictions and conditions of such shares.

Common Shares

Voting Rights

Each common share entitles the holder thereof to one vote at all meetings of the shareholders of the Corporation.

Payment of Dividends

The holders of the Corporation's common shares are entitled to receive during each year, as and when declared by the Board of Directors, dividends payable in money, property or by the issue of fully-paid shares of the capital of the Corporation.

Distribution of Assets Upon Winding-Up

In the event of the liquidation, dissolution or winding-up of the Corporation, whether voluntary or involuntary, or other distribution of assets of the Corporation among shareholders for the purpose of winding-up its affairs, the holders of the Corporation's common shares are entitled to receive the remaining property of the Corporation.

Class A Preferred Shares

The Board of Directors may at any time and from time to time issue Class A preferred shares in one or more series, each series to consist of such number of shares as may, before the issuance thereof, be determined by the Board of

Directors. The Class A preferred shares are entitled to preference over the common shares with respect to the payment of dividends. In the event of the liquidation, dissolution or winding-up of the Corporation or other distribution of assets of the Corporation among shareholders for the purpose of winding-up its affairs, the holders of the Class A preferred shares will, before any amount is paid to, or any property or assets of the Corporation distributed among, the holders of the common shares, be entitled to receive: (i) an amount equal to the amount paid-up on such shares together with, in the case of cumulative Class A preferred shares, all unpaid cumulative dividends and, in the case of non-cumulative Class A preferred shares, all declared and unpaid non-cumulative dividends; and (ii) if such liquidation, dissolution, winding-up or distribution is voluntary, an additional amount equal to the premium, if any, which would have been payable on the redemption of the Class A preferred shares if they had been called for redemption by the Corporation on the date of distribution.

There are no preferred shares currently issued and outstanding.

Details of Rights Offering

Rights

The Corporation is issuing to each Shareholder of record on August 1, 2007, one transferable Right for each common share held. Subject to certain exceptions, Rights Certificates may not be held directly by, and subscriptions for Shares will not be accepted from, Shareholders whose addresses of record are in Non-Participating Jurisdictions. See Details of Rights Offering — Shareholders in Non-Participating Jurisdictions .

Rights Certificate Common Shares Held Through CDS or DTC

For all Shareholders who hold their common shares through a securities broker or dealer, bank or trust company or other Participant in the book-based systems administered by CDS or DTC, a global certificate representing the total number of Rights to which all such Shareholders as at the Record Date are entitled will be issued in registered form to, and deposited with, CDS or DTC, as the case may be. The Corporation expects that each beneficial Shareholder will receive a confirmation of the number of Rights issued to it from its Participant in accordance with the practices and procedures of that Participant. CDS and DTC will be responsible for establishing and maintaining book-entry accounts for Participants holding Rights.

Neither the Corporation nor the Subscription Agent will have any liability for: (i) the records maintained by CDS, DTC or Participants relating to the Rights or the book-entry accounts maintained by them; (ii) maintaining, supervising or reviewing any records relating to such Rights; or (iii) any advice or representations made or given by CDS, DTC or Participants with respect to the rules and regulations of CDS or DTC or any action to be taken by CDS, DTC or their Participants.

The ability of a person having an interest in Rights held through a Participant to pledge such interest or otherwise take action with respect to such interest (other than through a Participant) may be limited due to the lack of a physical certificate.

Shareholders who hold their common shares through a Participant must arrange purchases or transfers of Rights through their Participant. It is anticipated by the Corporation that each such purchaser of Shares or Rights will receive a customer confirmation of issuance or purchase, as applicable, from the Participant through which such Rights are issued or such Shares or Rights are purchased in accordance with the practices and policies of such Participant.

Rights Certificate Common Shares Held in Registered Form

For all Shareholders whose common shares are held in registered form, a Rights Certificate representing the total number of Rights to which each such Shareholder is entitled as at the Record Date will be mailed with a copy of the final prospectus in respect of the Offering. The Corporation reserves the right to extend the period of the Offering, subject to obtaining any required regulatory approvals, if the Corporation determines that the timely exercise of the Rights may have been prejudiced due to a disruption in postal service.

Rights not exercised prior to the Expiry Time will be void and of no value.

Basic Subscription Right

Under the Basic Subscription Right, 1 Rights entitle the holder thereof to acquire one Share at a price of Cdn.\$1 or, for subscribers resident in the United States, US\$1. The Subscription Price of Cdn.\$1 is equal to the simple average of the closing price of the Corporation's common shares on the TSX for each of the trading days on which there was a closing price during the 20 trading days immediately preceding the day on which the Corporation files a final short form prospectus in respect of this Offering.

Only subscriptions for whole Shares will be accepted. No fractional Shares will be issued. A bank, trust company, securities dealer or broker which holds common shares of the Corporation as of the Record Date for more than one beneficial owner may, upon providing evidence satisfactory to the Subscription Agent, exercise the Rights evidenced by its Rights Certificate or exchange its Rights Certificate on the same basis as though each of the beneficial owners were a Shareholder of record as of the Record Date.

Any Shareholder or any holder of a Rights Certificate who has any questions concerning the terms of this Offering should contact the Subscription Agent at the Subscription Office by telephone or e-mail as specified under "Inquiries".

Partial Exercise of Rights

A Shareholder who exercises some, but not all, of the Rights evidenced by a Rights Certificate will be deemed to have elected to waive the unexercised balance of such Rights and such unexercised balance of Rights will be void and of no value.

Step-Up Privilege

Each holder of a Rights Certificate which evidences a number of Rights not evenly divisible by 1 will be entitled to round up its subscription to the next number of Shares at the Subscription Price. This Step-up Privilege will be void and of no effect if the Rights Certificate is divided or combined or if any of the Rights evidenced by such certificate are sold, transferred or assigned by the Shareholder to whom such Rights were originally issued.

A beneficial shareholder who wishes to use the Step-up Privilege should contact his or her securities dealer for details on how to do so.

Additional Subscription Privilege

Any holder of Rights who exercises the Basic Subscription Right to subscribe for all the Shares that can be subscribed for with the Rights held, or evidenced by a Rights Certificate, has the privilege of subscribing for additional Shares, if available, at the Subscription Price (the Additional Subscription Privilege). The Shares available for such purpose (the Remaining Shares) will be those that have not been otherwise subscribed and paid for at the Expiry Time.

To exercise the Additional Subscription Privilege, a holder of a Rights Certificate who completes Form 1 on the Rights Certificate for the maximum number of whole Shares that can be subscribed for, given the number of Rights evidenced by such certificate, must also complete Form 2 on the Rights Certificate and specify the number of additional Shares desired to be subscribed for. The completion of Form 2 constitutes a binding commitment to subscribe for the number of additional Shares specified. Payment for additional Shares, in the same manner as required upon exercise of the Basic Subscription Right, must accompany Form 2 when it is delivered to the

Subscription Agent or a Participant, as applicable. Any excess funds will be returned by mail by the Subscription Agent or credited to a subscriber's account with its Participant, as applicable, without interest or deduction. Payment of such price must be received by the Subscription Agent prior to the Expiry Time, failing which the subscriber's entitlement to such additional Shares shall terminate. Accordingly, a subscriber subscribing through a Participant must deliver its payment and instructions to a Participant sufficiently in advance of the Expiry Time to allow the Participant to properly exercise the Additional Subscription Privilege on its behalf. See [How to Complete the Rights Certificate — Payment of Subscription Price](#) .

If there are sufficient Remaining Shares to satisfy all additional subscriptions by participants in the Additional Subscription Privilege, each participant will be allotted the number of additional Shares subscribed for.

If the aggregate number of Shares subscribed for under the Additional Subscription Privilege exceeds the number of Remaining Shares, those Remaining Shares will be allotted to each participant in the Additional Subscription Privilege on a proportionate basis in accordance with the following formula: the number of the Remaining Shares allotted to each participant in the Additional Subscription Privilege will be the lesser of: (a) the number of Shares which that participant has subscribed for under the Additional Subscription Privilege; and (b) the product (disregarding fractions) of the multiplication of the number of Remaining Shares by a fraction of which the numerator is the number of Shares subscribed for by that participant under the Basic Subscription Right and the denominator is the aggregate number of Shares subscribed for under the Basic Subscription Right by all participants in the Additional Subscription Privilege. If any participant has subscribed for fewer Shares than the number resulting from the application of the formula in (b) above, the excess Shares will be allotted in a similar manner among the participants who were allotted fewer Shares than they subscribed for.

Shareholders in Non-Participating Jurisdictions

This Offering is being made only in Canada and the United States. This Offering is not being made in Non-Participating Jurisdictions and is not, and under no circumstances is to be construed as, an offering of any securities for sale in or to a national or resident of the Non-Participating Jurisdictions or a solicitation therein of an offer to buy any securities. Accordingly, subject to the exception as provided for hereinafter, Rights Certificates may not be held directly by, and subscriptions for Shares will not be accepted from, or on behalf of, Shareholders whose addresses of record are in Non-Participating Jurisdictions or other persons whom the Corporation or the Subscription Agent has reason to believe are nationals or residents of the Non-Participating Jurisdictions (collectively, Shareholders in Non-Participating Jurisdictions).

Notwithstanding the foregoing, if a Shareholder whose address of record is in or who is a resident or national of a Non-Participating Jurisdiction on the Record Date can demonstrate to the satisfaction of the Corporation and its counsel not less than ten days before the Expiry Time that the delivery of the Rights and the issue of Shares under this Offering to such a Shareholder would not, in any way, contravene any securities law of such Non-Participating Jurisdiction and would not require the Corporation to file any documentation, make any application or pay any payment of any nature whatsoever in such Non-Participating Jurisdiction, then the Corporation may, if it so chooses, deliver the Rights to and accept subscriptions for Shares from, or on behalf of, such Shareholder in such Non-Participating Jurisdiction.

Shareholders in Non-Participating Jurisdictions will not receive Rights Certificates. The Corporation will notify Shareholders in Non-Participating Jurisdictions that the Rights Certificates to which they are entitled will be issued to and held by the Subscription Agent, which will hold the same and the Rights evidenced thereby as agent for the benefit of all Shareholders in Non-Participating Jurisdictions. Commencing August 1, 2007, the Subscription Agent will attempt to sell on a best-efforts basis such Rights in Canada prior to the Expiry Time at such prices and otherwise in such a manner as the Subscription Agent may determine in its sole discretion. The Subscription Agent's ability to sell such Rights and the price obtained therefor are dependent on market conditions. The Subscription Agent will not be subject to any liability for failure to sell any Rights of Shareholders in Non-Participating Jurisdictions or to sell any such Rights at a particular price. There is a risk that the proceeds received from the sale of the Rights will not exceed the brokerage commissions and costs of or incurred by the Subscription Agent in respect of the sale of such Rights. In such event, the Shareholders in Non-Participating Jurisdictions will not be liable for any shortfall and no proceeds will be forwarded. The net proceeds received by the Subscription Agent from the sale of such Rights will be divided among the Shareholders in Non-Participating Jurisdictions in proportion to the number of common shares of the Corporation held by them respectively on the Record Date. The Subscription Agent will mail cheques therefor to the Shareholders in Non-Participating Jurisdictions at their addresses appearing in the records of the Corporation.

No assurance can be given by the Corporation that the officers and directors, other than the Officer Standby Purchasers, will subscribe for Shares in the amount set out above. The foregoing does not take into account Shares to be issued upon the exercise of Rights, if any, acquired privately by insiders of the Corporation.

Dilution to Shareholders

If a Shareholder wishes to retain its current percentage ownership in the Corporation, and assuming that all Rights are exercised, the Shareholder should purchase all of the Shares for which it may subscribe pursuant to the Basic Subscription Right. If a Shareholder does not do so and other holders of Rights exercise any of their Rights, the Shareholder's current percentage ownership in the Corporation will be diluted by the issue of Shares under this Offering. Shareholders should be aware that the Standby Purchasers have agreed pursuant to their respective Standby Purchase Agreements to exercise Basic Subscription Rights and purchase an aggregate of 1 Shares. See Details of Rights Offering Intention of Standby Purchasers to Exercise Rights .

How to Complete the Rights Certificate Registered Shareholders

General

By completing the appropriate form on the Rights Certificate in accordance with the instructions outlined below and on the back of the Rights Certificate, a registered Shareholder may:

(i)

subscribe for Shares (Form 1);

(ii)

exercise the Additional Subscription Privilege (Form 2);

(iii)

sell or transfer Rights (Form 3); or

(iv)

divide or combine the Rights Certificate (Form 4).

Basic Subscription Right — Form 1

1 Rights entitle the holder thereof to acquire one Share at a price of Cdn.\$1 or, for subscribers resident in the United States, US\$1. The maximum number of Rights which may be exercised by completing and signing Form 1 is shown immediately above Form 1 on the Rights Certificate. Form 1 must be completed and signed in order for a holder to exercise some or all of the Rights represented by the Rights Certificate pursuant to the Basic Subscription Right. Only subscriptions for whole Shares will be accepted. No fractional Shares will be issued. A Shareholder who chooses not to exercise all the Rights evidenced by the Rights Certificate will be deemed to have elected to waive the unexercised balance of such Rights and such unexercised balance of Rights will be void and of no value.

Each holder of a Rights Certificate which evidences a number of Rights not evenly divisible by 1 will be entitled to round up its subscription to the next number of Shares at the Subscription Price. This Step-up Privilege will be void

and of no effect if the Rights Certificate is divided or combined or if any of the Rights evidenced by such certificate are sold, transferred or assigned by the holder to whom such Rights were originally issued.

Completion of Form 1 constitutes a representation by the Shareholder that he is not a resident or national of any Non-Participating Jurisdiction, or the agent of any such person. Subject to the exception set out under Details of Rights Offering — Shareholders in Non-Participating Jurisdictions , subscriptions will not be accepted from, or on behalf of, Shareholders whose addresses of record are in Non-Participating Jurisdictions.

Only registered Shareholders of the Corporation will receive Rights Certificates. Beneficial Shareholders of the Corporation will not receive Rights Certificates. However, beneficial Shareholders will be able to exercise their Rights and acquire Shares. **Should a beneficial Shareholder wish to exercise Rights and purchase Shares, the beneficial Shareholder should contact his or her securities dealer for details on how to do so. See Rights Certificate Common Shares Held Through CDS or DTC .**

Additional Subscription Privilege — Form 2

Any holder of a Rights Certificate who exercises the Basic Subscription Right to subscribe for all the Shares that can be subscribed for with the Rights evidenced by such certificate and who wishes to participate in the Additional Subscription Privilege must complete and sign Form 2 on the Rights Certificate.

The completed Rights Certificate and payment for all Shares subscribed for under the Basic Subscription Right and Additional Subscription Privilege should be delivered or mailed so that it is received by the Subscription Agent at the Subscription Office, before 5:00 p.m. (Montreal time) on September 1, 2007. If mailing, Shareholders should allow for sufficient time to avoid late delivery.

Sale and Transfer of Rights — Form 3

The Corporation will apply to list the Rights distributed under this short form prospectus and the Shares issuable upon the exercise of Rights on the TSX. Listing will be subject to the Corporation fulfilling all the listing requirements of the TSX.

Holders of Rights in registered form in Canada may, instead of exercising their Rights to subscribe for Shares, sell or transfer their Rights to any person in Canada by completing Form 3 on the Rights Certificate and delivering the Rights Certificate to the transferee.

To transfer the Rights, a registered Shareholder must complete Form 3 on the Rights Certificate and have the signature guaranteed by a Canadian Schedule I bank, a major trust company in Canada, a member of an applicable Medallion Signature Guarantee Program, including STAMP, SEMP and MSP. Members of these programs are usually members of a recognized stock exchange in Canada or members of the Investment Dealers Association of Canada. It is not necessary for a transferee to obtain a new Rights Certificate to exercise the Rights, but the signature of the transferee on Forms 1 and 2 must correspond in every particular with the name of the transferee (or the bearer if no transferee is specified) as the absolute owner of the Rights Certificate for all purposes. If Form 3 is completed, the Corporation and Subscription Agent will treat the transferee (or the bearer if no transferee is specified) as the absolute owner of the Rights Certificate for all purposes and will not be affected by notice to the contrary.

Rights may be transferred only in transactions outside of the United States in accordance with Regulation S under the United States *Securities Act of 1933*. Regulation S does permit the resale of the Rights by persons through the facilities of the TSX, provided that the offer is not made to a person in the United States, neither the seller nor any person acting on its behalf knows that the transaction has been prearranged with a buyer in the United States, and no directed selling efforts, as that term is defined in Regulation S, are conducted in the United States in connection with the resale. Certain additional conditions are applicable to the Corporation's affiliates, as that term is defined under the United States *Securities Act of 1933*.

Dividing or Combining Rights Certificates — Form 4

A Rights Certificate may be divided or combined by completing Form 4 on the Rights Certificate and surrendering it to the Subscription Agent at the Subscription Office, in which case no endorsement is necessary. The Subscription Agent will then issue a new Rights Certificate in such denominations (totalling the same number of Rights as evidenced by the Rights Certificate being divided or combined) as are requested by the Rights Certificate holder. Rights Certificates must be surrendered for division or combination in sufficient time prior to the Expiry Time to permit the new Rights Certificates to be issued to and used by the Rights Certificate holder.

Payment of Subscription Price

The Subscription Price is Cdn.\$1 per Share or, for subscribers resident in the United States, US\$1 per Share. **Subscribers resident in the United States must pay the Subscription Price in US dollars. All other subscribers must pay the Subscription Price in Canadian dollars.** The Subscription Price of US\$1 per Share for subscribers resident in the United States represents the US-dollar equivalent of the Subscription Price of Cdn.\$1 per share based on the noon exchange rate of the Bank of Canada on August 1, 2007, the business day preceding the date of the final prospectus in respect of this Offering.

The Subscription Price, including the Subscription Price for any additional Shares elected to be purchased pursuant to the Additional Subscription Privilege, is payable in Canadian or US funds, as the case may be, by certified cheque, bank draft or money order payable at par (without deduction for bank service charges or otherwise) to or to the order of CIBC Mellon Trust Company (the Subscription Agent). Any excess funds paid in respect of the exercise of an Additional Subscription Privilege will be returned by mail by the Subscription Agent or credited to a subscriber's

account with its Participant, as applicable, without interest or deduction.

Unexercised Rights

Subject to the ability of a holder of a Rights Certificate to divide or combine a Rights Certificate as discussed above, a holder of a Rights Certificate who in Form 1 of the Rights Certificate exercises some but not all of the Rights evidenced by the Rights Certificate will be deemed to have elected to waive the unexercised balance of such Rights and such unexercised balance of Rights will be void and of no value. Similarly, if a holder of a Rights Certificate surrenders his Rights Certificate but fails to complete Form 1 or Form 2 on the Rights Certificate, or fails to make payment of the Subscription Price as described above in respect of any Shares for which he elects to subscribe, such

holder will be deemed to have elected to waive the Rights represented by such Rights Certificate (or such portion thereof in respect of which he has failed to make payment) and such Rights will be void and of no value.

Signatures

The signature of the holder of a Rights Certificate must correspond in every particular with the name that appears on the face of the Rights Certificate. Signatures by a trustee, executor, administrator, guardian, attorney or officer of a corporation or any person acting in a fiduciary or representative capacity should be accompanied by evidence of authority satisfactory to the Subscription Agent.

Share Certificates

The Shares purchased through the exercise of Rights will be registered in the name of the person to whom the Rights were issued or such person's transferee, if any, indicated on the appropriate form on the Rights Certificate. Certificates for Shares will be delivered as soon as practicable by mail to the address appearing in the records of the Corporation with respect to the person to whom the Rights Certificate was issued or to the address of the transferee, if any, indicated on the appropriate form on the Rights Certificate.

Validity and Rejection of Subscriptions

All questions as to the validity, form, eligibility (including time of receipt) and acceptance of any subscription will be determined by the Corporation in its sole discretion, which determination shall be final and binding. All subscriptions are irrevocable. The Corporation reserves the absolute right to reject any subscription if such subscription is not in proper form or if the acceptance thereof or the issuance of Shares pursuant thereto could be deemed unlawful. The Corporation also reserves the right to waive any defect with regard to any particular subscription. The Corporation and the Subscription Agent will not be under any duty to give notification of any defect or irregularity in such subscriptions and neither the Corporation or the Subscription Agent will incur any liability for failure to give such notification.

Inquiries

Inquiries relating to this Offering should be directed to the Subscription Agent at the Subscription Office, by telephone at 1-800-387-0825 or (416) 643-5500 or via e-mail at inquiries@cibcmellon.com.

Standby Commitment

The Corporation has entered into the Standby Purchase Agreements with the Standby Purchasers, each of which is a Shareholder or acts as agent for one or more Shareholders. Pursuant to their respective Standby Purchase Agreements, the Standby Purchasers have agreed, subject to certain terms and conditions, to: (i) exercise Basic Subscription Rights and thereby purchase (or cause to be purchased) an aggregate of approximately 1 Shares; and (ii) purchase (or cause to be purchased), at the Subscription Price, up to an aggregate of approximately 1 Standby Shares offered pursuant to the Offering and that are not otherwise purchased pursuant to the Offering, all for investment only and not with a view to resale or distribution. The Standby Purchasers have thereby committed to purchase an aggregate of 1 Shares and Standby Shares, representing total proceeds to the Corporation of US\$56.6 million.

The Standby Purchasers have provided usual representations, warranties and covenants under their respective Standby Purchase Agreements. The obligation of the Standby Purchasers to complete the closing of the transactions set out in the Standby Purchase Agreements is subject to the satisfaction in full of the following conditions, among others: (i) there shall not be any claims, litigation, investigations or proceedings in progress, or to the knowledge of the Corporation, pending, commenced or threatened, in respect of the Offering that, should they succeed, would

result in a material adverse change (as defined in the Standby Agreement) for Intertape; (ii) the Corporation will have made all necessary filings in connection with the Offering; (iii) the Rights and Shares being listed on the TSX; (iv) the TSX having approved the listing of the Standby Shares; (v) the delivery to the Standby Purchasers of a legal opinion from counsel to the Corporation; (vi) the delivery to the Standby Purchasers of a certificate from two officers of the Corporation; (vii) the completion of the Offering in accordance with this prospectus; and (viii) no event of default shall have occurred and be continuing under any of Intertape's existing credit facilities.

The Corporation has agreed to indemnify the Standby Purchasers for certain matters, including any and all damages and costs arising by reason of any misrepresentations in the prospectus, any order or investigation made based on a misrepresentation in the prospectus, non-compliance with securities laws by the Corporation (in each case, other than as caused or contributed to by a Standby Purchaser) and any breach or default of the Corporation under the respective Standby Purchase Agreements.

The Standby Purchasers are not engaged as underwriters in connection with the Offering and have not been involved in the preparation of or performed any review of this short form prospectus in the capacity of an underwriter.

Pursuant to the Corporation's Amended and Restated Shareholder Protection Rights Plan Agreement (the Rights Plan), the purchase by the Standby Purchasers, each of which is a Shareholder, of Shares and Standby Shares may trigger the application of the Rights Plan. Under the Rights Plan, the Board of Directors of the Corporation may waive the application thereof, subject to the prior consent of the Shareholders. The Board of Directors intends to waive the application of the Rights Plan with respect to the purchase of Shares and Standby Shares by the Standby Purchasers, as the Board of Directors is of the view that the issuance of Shares and Standby Shares to the Standby Purchasers pursuant to the Standby Purchase Agreements is in the best interests of the Corporation. The Corporation has called a special meeting of Shareholders to be held on September 5, 2007, for the purpose of: (i) electing additional directors; (ii) amending the stock option plan of the Corporation; and (iii) obtaining the consent of the Shareholders for the waiver by the Board of Directors of the Rights Plan as it relates to the issuance of Shares and Standby Shares to the Standby Purchasers. In order for the Shareholders to provide such consent, an affirmative vote of a majority of the votes cast by all holders of common shares represented in person or by proxy at the Shareholders' meeting is required. If Shareholders do not consent to the foregoing waiver of the Rights Plan, the Standby Purchasers and the Corporation will be entitled to terminate their respective obligations under the Standby Purchase Agreements.

OFFICERS' STANDBY COMMITMENT

The Corporation has entered into the Officers' Standby Purchase Agreement with Eric E. Baker, Chairman of the Board of Directors, Melbourne F. Yull, Executive Director, Gregory A. Yull, President, Distribution Products, Andrew Archibald, C.A., former Chief Financial Officer, and Christopher J. Winn, Secretary. Pursuant to the Officers' Standby Purchase Agreement, the Officer Standby Purchasers have agreed, severally and not jointly and severally, subject to certain terms and conditions, to: (i) exercise their respective Basic Subscription Rights in full and thereby purchase an aggregate of approximately 1 Shares; and (ii) purchase at the Subscription Price up to approximately 1 Officers' Standby Shares offered pursuant to the Offering and that are not otherwise purchased pursuant to the Offering, all for investment only and not with a view to resale or distribution. The Officer Standby Purchasers have thereby committed to purchase an aggregate of 1 Shares and Officers' Standby Shares, representing total proceeds to the Corporation of US\$6.0 million.

Each of the Officer Standby Purchasers has provided usual representations, warranties and covenants under the Officers' Standby Purchase Agreement. The obligation of the Officer Standby Purchasers to complete the closing of the transactions set out in the Officers' Standby Purchase Agreement is subject to the satisfaction in full of conditions substantially similar to those described above under Standby Commitment.

The Officer Standby Purchasers are not engaged as underwriters in connection with the Offering and have not been involved in the preparation of or performed any review of this short form prospectus in the capacity of an underwriter.

Canadian Federal Income Tax Considerations

In the opinion of Heenan Blaikie LLP, Canadian counsel to the Corporation, the following is a summary of the principal Canadian federal income tax considerations generally applicable to Shareholders of the Corporation who, for the purposes of the *Income Tax Act* (the Act), are resident in Canada, deal at arm's length with the Corporation

and hold, or will hold, Rights and any Shares acquired on exercise of the Rights as capital property. The Rights and Shares generally will constitute capital property to a Shareholder unless the Shareholder holds such securities in the course of carrying on a business of trading or dealing in securities or otherwise as part of a business of buying and selling securities or has acquired such securities in a transaction or transactions considered to be an adventure in the nature of trade. Certain Shareholders who might not otherwise be considered to hold their securities as capital property may be entitled, in certain circumstances, to treat their securities as capital property by making an election under subsection 39(4) of the Act.

This summary is based upon the current provisions of the Act, the regulations thereunder, all proposed amendments thereto publicly released by the Department of Finance prior to the date hereof and counsel's understanding of the current administrative and assessing practices of the Canada Revenue Agency. The income tax consequences under the *Taxation Act* (Québec) are identical to those under the Act. Except for the proposed amendments referred to above, this summary does not take into account or anticipate any change in law or administrative or assessing practices whether by legislative, governmental or judicial action. No guarantee can be given that the Act will not be amended in the future such that comments in this section no longer will be valid. **This summary does not take into account the tax consequences resulting from the purchase of Rights in the open market.**

The Act contains certain provisions relating to securities held by persons that are financial institutions for purposes of the Act (the Mark-to-Market Rules). This summary does not take into account these Mark-to-Market Rules or any proposed amendments thereto. Taxpayers who are financial institutions for purposes of the Act should consult their own tax advisors.

This summary is of a general nature and does not take into account the laws of any province or territory or of any jurisdiction outside Canada. It is not intended to be, nor should it be construed to be, legal or tax advice to any particular Shareholder. **Shareholders should consult their own tax advisors regarding the income tax considerations applicable to them.**

This summary does not address any Canadian federal income tax considerations applicable to non-residents of Canada, and non-residents should consult their own tax advisors regarding the tax consequences of acquiring and holding Rights or Shares.

Receipt of Rights

No amount will be required to be included in computing the income of a Shareholder as a consequence of acquiring Rights under the Offering. The adjusted cost base or cost of Rights received by a Shareholder under the Offering will be nil. If a Shareholder holds Rights received pursuant to this Offering and purchases Rights otherwise than pursuant to the Offering, the cost of each Right held by a Shareholder will be the aggregate cost of the Rights divided by the total number of Rights held at that time.

Exercise of Rights

The exercise of Rights will not constitute a disposition of property for purposes of the Act. Consequently, no gain or loss will be realized upon the exercise of Rights. A Share acquired by a Shareholder upon the exercise of Rights will have a cost to the Shareholder equal to the aggregate of the Subscription Price for such Share and the cost to the Shareholder of the Rights exercised to acquire the Shares. The cost of a Share acquired by a Shareholder upon the exercise of Rights will be averaged with the adjusted cost base to the Shareholder of all other common shares held at that time as capital property to determine the adjusted cost base of each such common share to the Shareholder.

Disposition of Rights

Upon the disposition of a Right by a Shareholder, other than pursuant to the exercise thereof, the Shareholder will realize a capital gain (or capital loss) to the extent that the proceeds of disposition, net of reasonable costs of the disposition, exceed (or are less than) the adjusted cost base of the Right to the Shareholder. One-half of a capital gain (a taxable capital gain) will be included in the Shareholder's income, and one-half of a capital loss may be deducted against taxable capital gains in accordance with the detailed rules in the Act in that regard.

Expiry of Rights

Upon the expiry of an unexercised Right, a Shareholder will realize a capital loss equal to the adjusted cost base of the Right to the Shareholder.

Risk Factors

An investment in the Shares is subject to a number of risks. A prospective purchaser of the Shares should carefully consider the information and risks faced by the Corporation described in this prospectus and the documents incorporated herein by reference, including, without limitation, the risk factors set out in the section of the Annual Information Form of the Corporation for the fiscal year ended December 31, 2006 entitled "Risk Factors".

Dilution

If a Shareholder does not purchase Shares pursuant to this Offering, the Shareholder's current percentage ownership in the Corporation will be diluted by the issue of Shares upon the exercise of Rights by others.

Trading Market for Rights

Although the Corporation expects that the Rights will be listed on the TSX, the Corporation cannot provide any assurance that an active or any trading market in the Rights will develop or that Rights can be sold on the TSX at any time.

REGULATORY ISSUES

Staff Notice 2006-0004 of the TSX sets out that the TSX expects that securities offered by way of rights offering, such as this Offering, be offered at a substantial discount to the market price of the listed issuer's shares on the TSX. The term "market price" is defined, in effect, as the closing price of the listed issuer's shares on the TSX on the day before the transaction. According to the TSX Staff Notice, in the absence of a significant discount and the presence of a "backstop" party (such as the Standby Purchasers), the TSX is concerned that a listed issuer may be using a rights offering as a means to allow a "backstop" party to gain a significant interest in the listed issuer without obtaining shareholder approval.

In the case of this Offering, the TSX Staff Notice would require that the Subscription Price be equal to the closing price of the Corporation's common shares on the TSX on the day preceding the day on which a final prospectus is filed in respect of this Offering, less a discount of 15%.

Under the TSX Company Manual, there is an exemption from the foregoing pricing requirement, upon written application to the TSX, if the Board of Directors of a listed company adopts a resolution stating that: (i) the listed company is in serious financial difficulty; (ii) the application is made upon the recommendation of a committee of the Board of Directors whose members are free from any interest in the transaction and unrelated to the parties involved in the transaction; (iii) the transaction is designed to improve the financial situation of the listed company; and (iv) based on the determination of the committee of the Board of Directors, the transaction is reasonable for the listed company in the circumstances. The listed company is also required to issue a press release, at least five business days prior to the closing of the transaction, announcing the material terms of the transaction and that the listed issuer has relied upon the foregoing exemption.

The Board of Directors of the Corporation has decided to use this exemption, so as to avoid issuing the Shares at a significant discount to market price, which the Board feels would be unduly dilutive for the Corporation. The Board of Directors believes that the formula by which the Subscription Price will be determined, based on the average closing price of the common shares of the Corporation on the TSX for the 20 trading days preceding the day on which a final prospectus is filed in respect of this Offering, is reasonable and fair to all Shareholders. The pricing formula for the Subscription Price is based on National Instrument 45-101 Rights Offerings. The Corporation is not using this Offering as a means to allow the Standby Purchasers to gain a significant interest in the Corporation without obtaining approval from Shareholders.

Accordingly, the Board of Directors of the Corporation has determined that the Corporation is in serious financial difficulty, this Offering is designed to improve the financial situation of the Corporation, and, based upon the determination of a committee whose members are free from any interest in the Offering, the Offering is reasonable for the Corporation in the circumstances. The Corporation will issue a press release to the foregoing effect at least five business days prior to the closing of this Offering.
