Seneca Foods Corporation

Employees' Savings Plan
Marion, New York

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

We have audited the accompanying statements of net assets available for benefits of the Seneca Foods Corporation Employees' Savings Plan ("the Plan") as of December 31, 2005 and 2004, and the related statements of changes in net assets available for benefits for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2005 and 2004, and the changes in net assets available for benefits for the years then ended in conformity with accounting principles generally accepted in the United States of America.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule listed in the foregoing Table of Contents is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The supplemental schedules are the responsibility of the Plan's management. The supplemental schedules have been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, are fairly stated in all material respects when considered in relation to the basic financial statements taken as a whole.

SENECA FOODS CORPORATION EMPLOYEES' SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
YEARS ENDED DECEMBER 31, 2005 AND 2004

NOTE A - DESCRIPTION OF PLAN

The following description of Seneca Foods Corporation Employees' Savings Plan ("the Plan") provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan intended to qualify as a cash or deferred arrangement under Section 401(k) of the Internal Revenue Code. Substantially all employees of Seneca Foods Corporation ("the Company") are eligible to participate after completion of twelve months employment and attainment of age eighteen. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Participants may elect to contribute, on a pre-tax basis (elective deferrals), from 1% to 60% of their compensation up to regulatory maximums. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Company may contribute additional amounts at the discretion of the Company's Board of Directors. The Company contributions are invested directly in Seneca Foods Corporation Employer Stock Fund and are allocated to participants based on the participants pro rata share of total participating payroll.

Participant Loans

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their account balance. The loans are secured by the balance in the participant's account and bear a reasonable rate of interest, as determined by the Company. Principal and interest is paid through monthly payroll deductions. The term of the loan should not exceed five years except in the case of a loan used to acquire a dwelling unit that is to be the principal residence of the participant.

Participant Accounts

Each participants' account is credited with the participants' contribution and allocations of (a) additional Company contributions, if any, and (b) Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participants' vested account.

Vesting

Participants are immediately vested in all elective contributions and related earnings. Matching contributions made by the Plan sponsor fully vest after a service period of five years.

NOTES TO FINANCIAL STATEMENTS

NOTE A - DESCRIPTION OF PLAN (CONTINUED)

Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in a current lump sum if the balance is less than \$5,000 or a deferred lump sum if the balance is greater than \$5,000. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution, however, if the value exceeds \$1,000 (\$5,000 before March 28, 2005), no distribution shall be made before the participant's 65th birthday without written consent.

Forfeited Accounts

At December 31, 2005 forfeited non-vested accounts totaled approximately \$44,000. These accounts will be used to reduce future employer contributions.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Valuation of Investments

The Plan's investments are stated at fair value. Investments in mutual funds are valued at quoted market prices, which represent the net asset values of shares held by the Plan at year-end. Participant loans are valued at their outstanding balances, which approximates fair value.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date.

Payment of Benefits

Benefits are recorded when paid.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

NOTES TO FINANCIAL STATEMENTS

NOTE C - TAX STATUS

The Plan obtained its latest determination letter on April 30, 1999, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.
