You will notice in the following pages that we have begun to implement some changes to your shareholder report and we will be reflecting other changes in future reports. Letter from the Manager

PERFORMANCE REVIEW

During the 12 months ended June 30, 2003, the Salomon Brothers Municipal Partners Fund II Inc. ("Fund"), formerly known as Municipal Partners Fund II Inc., distributed income dividends to shareholders totaling \$0.81 per share. The table below shows the annualized distribution yield and 12-month total return based on the Fund's June 30, 2003 net asset value ("NAV") per share and its New York Stock Exchange ("NYSE") closing price. i PAST PERFORMANCE IS NOT INDICATIVE OF FUTURE RESULTS.

Based on NAV, the Fund performed better than its Lipper peer group of general municipal debt closed-end funds (leveraged), which returned 10.95% for the same period. ii

PRICE PER SHARE	ANNUALIZED DISTRIBUTION YIELD iii	12-MONTH TOTAL RETURN iii
----- \$15.33 (NAV)	----- 5.32%	----- 12.83%
\$13.92 (NYSE)	5.86%	13.78%

DESPITE CHALLENGES, MUNICIPAL BONDS POST GAINS

When the reporting period began, investors concerned about a persistently sluggish economy, corporate scandals, and rising geopolitical tensions shifted assets away from stocks and into U.S. Treasury bonds. In fact, the third quarter of 2002 represented one of the most brutal quarters on record for equities and one of the best for intermediate-term U.S. government bonds.

Municipal bond prices also rose during the third quarter of 2002 but were unable to match the total returns achieved by Treasuries. Advances in the tax-exempt market came despite a surge of new issuance from state and local governments.

Edgar Filing: SALOMON BROTHERS MUNICIPAL PARTNERS FUND II INC - Form N-CSR

The rising supply of securities was easily absorbed by heightened demand from institutional and individual investors.

A larger-than-expected reduction in short-term interest rates by the Fed on November 6, 2002 led the equity markets higher, and prices for U.S. Treasuries and municipal bonds trended lower. However, stocks faltered and bonds rallied during December, completing a difficult year for equities and an excellent one for most sectors of the fixed-income marketplace.

Nonetheless, the municipal bond market faced its own set of challenges as 2003 began. For many states and municipalities, tax revenues continued to fall short of budgeted projections, and costs for healthcare, homeland security and education were rising sharply. At the same time, the build-up to the war in Iraq led to heightened volatility in the stock and bond markets. Municipal bonds also were affected during the first quarter of 2003 by an unfavorable court ruling against leading tobacco company Altria Group, Inc., causing prices of bonds backed by anticipated payments of the states' litigation settlement with the nation's tobacco companies to plummet and liquidity to evaporate.

Despite these factors, municipal bonds posted favorable returns during the second quarter of 2002. We attribute the market's strength, in part, to the Fed's accommodative monetary policy, which in June, 2003 led to a further reduction in short-term interest rates of 25 basis points, driving short-term rates to just 1%, a level not seen since 1958. Even before the Fed cut rates, a statement it released in May

SALOMON BROTHERS MUNICIPAL PARTNERS FUND II INC.

addressing the prospect of "an unwelcome fall in inflation" ignited a powerful rally in the bond markets as investors became increasingly convinced that short-term interest rates were likely to remain low for the foreseeable future.

At the same time, the volume of newly issued municipal bonds continued to rise during the first half of 2003 as state and local governments turned to the public finance markets to pay for new projects, refinance outstanding debt at lower interest rates, and plug holes in their budgets. The record supply of municipal bonds helped keep yields of many tax-exempt bonds at attractive levels compared to yields of U.S. Treasury securities.

Late in the reporting period, municipal bonds began to give back some of their price gains as the stock market rallied and investors became more optimistic about the chances for a stronger economy. Yet, the modest backup in tax-exempt yields apparently has done little to deter issuers of long-term tax-exempt bonds, and both new issuance and investor demand have remained strong.

DEFENSIVE POSITIONING AIDS FUND PERFORMANCE

In this volatile investment environment, we maintained a generally defensive investment posture. Our focus on higher-quality bonds benefited the Fund's performance when higher-quality bonds generally posted higher returns than lower-rated bonds. In addition, our focus on quality helped the Fund avoid the pitfalls affecting certain sectors of the market. For example, the Fund held no tobacco-related bonds. We have always taken a skeptical view of this sector, and we believed that these were not appropriate securities for our investors' portfolios. This view was validated during the first quarter of 2003, when a legal ruling against a leading tobacco company roiled the sector. Similarly, the Fund held no bonds backed directly by airlines, enabling us to avoid the brunt of continuing turmoil in the airline industry.

Edgar Filing: SALOMON BROTHERS MUNICIPAL PARTNERS FUND II INC - Form N-CSR

The Fund also benefited from our emphasis on bonds in the 15- to 30-year maturity range, which gained more value than shorter-maturity bonds as interest rates and bond yields declined. Our security selection strategy generally favored higher-coupon securities with relatively short "call" dates, which give issuers the opportunity to redeem the bonds early. The higher-coupon securities helped us maintain a competitive income stream and benefited from the effects of capital appreciation when yields of newly issued bonds declined. Their relatively short "calls" helped mute price volatility in the uncertain economic, geopolitical and fiscal environments that prevailed for much of the reporting period.

- i NAV is a price that reflects the value of the Fund's underlying portfolio. However, the price at which an investor may buy or sell shares of the Fund is at the Fund's market price as determined by supply of and demand for the Fund's common shares.
- ii Lipper is a major independent mutual-fund tracking organization. Average annual returns are based on the 12-month period ended June 30, 2003, calculated among 59 funds in the Lipper general municipal debt closed-end funds (leveraged) category with reinvestment of dividends and capital gains excluding sales charges.

Long-Term Security Ratings (unaudited)

Standard & Poor's Ratings Service ("Standard & Poor's") -- Ratings from "AA" to "BB" may be modified by the addition of a plus (+) or minus (-) sign to show relative standings within the major rating categories.

AAA -- Bonds rated "AAA" have the highest rating assigned by Standard & Poor's. Capacity to pay interest and repay principal is extremely strong.

AA -- Bonds rated "AA" have a very strong capacity to pay interest and repay principal and differs from the highest rated issue only in a small degree.

A -- Bonds rated "A" have a strong capacity to pay interest and repay principal although they are somewhat more susceptible to the adverse effects of changes in circumstances and economic conditions than debt in higher rated categories.

BBB -- Bonds rated "BBB" are regarded as having an adequate capacity to pay interest and repay principal. Whereas they normally exhibit adequate protection parameters, adverse economic conditions or changing circumstances are more likely to lead to a weakened capacity to pay interest and repay principal for bonds in this category than in higher rated categories.

BB -- Bonds rated "BB" have less near-term vulnerability to default than other

Edgar Filing: SALOMON BROTHERS MUNICIPAL PARTNERS FUND II INC - Form N-CSR

speculative issues. However, they face major ongoing uncertainties or exposure to adverse business, financial, or economic conditions which could lead to inadequate capacity to meet timely interest and principal payments.

Moody's Investors Service ("Moody's") -- Numerical modifiers 1, 2 and 3 may be applied to each generic rating from "Aa" to "Baa," where 1 is the highest and 3 the lowest ranking within its generic category.

Aaa -- Bonds rated "Aaa" are judged to be of the best quality. They carry the smallest degree of investment risk and are generally referred to as "gilt edge." Interest payments are protected by a large or by an exceptionally stable margin and principal is secure. While the various protective elements are likely to change, such changes as can be visualized are most unlikely to impair the fundamentally strong position of such issues.

Aa -- Bonds rated "Aa" are judged to be of high quality by all standards. Together with the "Aaa" group they comprise what are generally known as high grade bonds. They are rated lower than the best bonds because margins of protection may not be as large as in "Aaa" securities or fluctuation of protective elements may be of greater amplitude or there may be other elements present which make the long-term risks appear somewhat larger than in "Aaa" securities.

A -- Bonds rated "A" possess many favorable investment attributes and are to be considered as upper medium grade obligations. Factors giving security to principal and interest are considered adequate but elements may be present which suggest a susceptibility to impairment some time in the future.

Baa -- Bonds rated "Baa" are considered as medium grade obligations, i.e., they are neither highly protected nor poorly secured. Interest payments and principal security appear adequate for the present but certain protective elements may be lacking or may be characteristically unreliable over any great length of time. Such bonds lack outstanding investment characteristics and in fact have speculative characteristics as well.

NR -- Indicates that the bond is not rated by Moody's or Standard & Poor's.

Notes to Financial Statements

Note 1. Organization and Significant Accounting Policies

Salomon Brothers Municipal Partners Fund II Inc. ("Fund"), formerly known as Municipal Partners Fund II Inc., was incorporated in Maryland on June 21, 1993 and is registered as a diversified, closed-end management investment company under the Investment Company Act of 1940, as amended. The Board of Directors authorized 100 million shares of \$0.001 par value common stock. The Fund's primary investment objective is to seek a high level of current income which is exempt from regular federal income taxes, consistent with the preservation of capital. As a secondary investment objective, the Fund intends to enhance portfolio value by purchasing tax exempt securities that, in the opinion of Salomon Brothers Asset Management Inc ("Investment Manager"), an indirect wholly-owned subsidiary of Citigroup Inc. ("Citigroup"), may appreciate in value relative to other similar obligations in the marketplace.

The following is a summary of significant accounting policies consistently followed by the Fund in the preparation of its financial statements. The policies are in conformity with accounting principles generally accepted in the United States of America ("GAAP"). The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts and disclosures in the financial statements. Actual amounts could differ from those estimates.

SECURITIES VALUATION. Tax-exempt securities are valued by independent pricing services which use prices provided by market-makers or estimates of market values obtained from yield data relating to instruments or securities with similar characteristics. Short-term investments having a maturity of 60 days or less are valued at amortized cost which approximates market value. Securities for which reliable quotations are not readily available are valued at fair value as determined in good faith by, or under procedures established by, the Board of Directors.

SECURITIES TRANSACTIONS AND INVESTMENT INCOME. Securities transactions are recorded on the trade date. Realized gains and losses on sales of securities are calculated on the identified cost basis. Interest income is accrued on a daily basis. The Fund amortizes premiums and accretes discounts on securities purchased using the effective interest method.

FEDERAL INCOME TAXES. The Fund has complied and intends to continue to comply with the requirements of the Internal Revenue Code of 1986, as amended, applicable to regulated investment companies, and to distribute all of its income and capital gains, if any, to its shareholders. Therefore, no federal income tax or excise tax provision is required.

DIVIDENDS AND DISTRIBUTIONS. The Fund declares and pays dividends to common shareholders monthly from net investment income. Net realized gains, if any, in excess of loss carryovers are expected to be distributed annually (See Note 7). Dividends and distributions to common shareholders are recorded on the

Edgar Filing: SALOMON BROTHERS MUNICIPAL PARTNERS FUND II INC - Form N-CSR

ex-dividend date. Dividends and distributions to preferred shareholders are accrued on a weekly basis and are determined as described in

PAGE 15

SALOMON BROTHERS MUNICIPAL PARTNERS FUND II INC.

Notes to Financial Statements (continued)

Note 4. The amounts of dividends and distributions from net investment income and net realized gains are determined in accordance with federal income tax regulations, which may differ from GAAP

Note 2. Management and Advisory Fees and Other Transactions

For the period from July 1, 2002 through December 15, 2002, the Fund had entered into a management agreement with PIMCO Funds Advisors LLC ("PIMCO"), an indirect wholly-owned subsidiary of Allianz Dresdner Asset Management of America L.P., formerly known as PIMCO Advisors L.P., a wholly-owned subsidiary of Allianz AG, pursuant to which PIMCO, among other things, supervised the Fund's investment program and monitors the performance of the Fund's service providers.

Effective December 16, 2002, the Fund entered into a new investment advisory and administration agreement with the Investment Manager. Under the terms of the new investment advisory and administration agreement approved by shareholders at the Special Joint Meeting of Stockholders held on December 11, 2002, the Investment Manager will provide all management, advisory and administrative services for the Fund and PIMCO will cease to act as investment manager for the Fund. The Investment Manager has delegated certain administrative services to Smith Barney Fund Management LLC ("SBFM"), another indirect wholly-owned subsidiary of Citigroup, pursuant to a Sub-Administration Agreement between the Investment Manager and SBFM.

The Fund pays the Investment Manager a monthly fee at an annual rate of 0.55% of the Fund's average weekly net assets for its services. For purposes of calculating the fees, the liquidation value of any outstanding preferred stock of the Fund is not deducted in determining the Fund's average weekly net assets. This fee is calculated daily and paid monthly.

Certain officers and/or directors of the Fund are also officers and/or directors of the Investment Manager.

Note 3. Investments

For the year ended June 30, 2003, the aggregate cost of purchases and proceeds from sales of investments (including maturities of long-term investments, but excluding short-term investments) were as follows:

Purchases	\$93,891,678
	=====
Sales	\$89,206,587
	=====

PAGE 16

Edgar Filing: SALOMON BROTHERS MUNICIPAL PARTNERS FUND II INC - Form N-CSR

SALOMON BROTHERS MUNICIPAL PARTNERS FUND II INC.

Notes to Financial Statements (continued)

At June 30, 2003, the aggregate gross unrealized appreciation and depreciation of investments for Federal income tax purposes were substantially as follows:

Gross unrealized appreciation	\$10,701,574
Gross unrealized depreciation	(102,268)

Net unrealized appreciation	\$10,599,306
	=====

Note 4. Preferred Stock

On October 1, 1993, the Fund closed its public offering of 900 shares of \$0.001 par value Auction Rate Preferred Stock ("Preferred Stock") at an offering price of \$50,000 per share. The Preferred Stock has a liquidation preference of \$50,000 per share plus an amount equal to accumulated but unpaid dividends (whether or not earned or declared) and, subject to certain restrictions, are redeemable in whole or in part.

Dividend rates generally reset every 7 days and are determined by auction procedures. The dividend rates on the Preferred Stock during the year ended June 30, 2003 ranged from 0.840% to 1.750%. The weighted average dividend rate for the year ended June 30, 2003 was 1.246%.

The Fund is subject to certain restrictions relating to the Preferred Stock. The Fund may not declare dividends or make other distributions on shares of common stock or purchase any such shares if, at the time of the declaration, distribution or purchase, asset coverage with respect to the outstanding Preferred Stock would be less than 200%. The Preferred Stock is also subject to mandatory redemption at \$50,000 per share plus any accumulated or unpaid dividends, whether or not declared, if certain requirements relating to the composition of the assets and liabilities of the Fund as set forth in its Articles Supplementary are not satisfied.

The Preferred Shares, which are entitled to one vote per share, generally vote with the common shares but vote separately as a class to elect two directors and on certain matters affecting the rights of the Preferred Shares.

The issuance of preferred stock poses certain risks to holders of common stock, including, among others the possibility of greater market price volatility and in certain market conditions, the yield to holders of common stock may be adversely affected.

The Fund is required to maintain certain asset coverages with respect to the Preferred Stock. If the Fund fails to maintain these coverages and does not cure any such failure within the required time period, the Fund is required to redeem a requisite number of the Preferred Stock in order to meet the applicable requirement. Additionally, failure to meet the foregoing asset requirements would restrict the Fund's ability to pay dividends.

Note 5. Concentration of Risk

Since the Fund invests a portion of its assets in issuers located in a single state, it may be affected by economic and political developments in a specific state or region. Certain debt obligations held by the Fund are entitled to the benefit of insurance, standby letters of credit or other guarantees of banks or other financial institutions.

Note 6. Events Subsequent to June 30, 2003

COMMON STOCK DIVIDENDS. On May 2, 2003, the Board of Directors of the Fund declared two common share dividends from net investment income, each in the amount of \$0.068 per share, payable on July 25 and August 29, 2003 to shareholders of record on July 15 and August 12, 2003, respectively. In addition on July 18, 2003 the Board of Directors of the Fund declared three common share dividends from net investment income, each in the amount of \$0.068 per share, payable on September 26, October 31 and November 28, 2003 to shareholders of record on September 16, October 15 and November 18, 2003, respectively.

PREFERRED STOCK DIVIDENDS. The Board of Directors designated each of the following dividend periods as a Special Rate Period. With each auction date, the regular auction procedure resumes, subject to the Fund's ability to designate any subsequent dividend period as a Special Rate Period.

AUCTION DATE	COMMENCEMENT OF RATE PERIOD	RATE EFFECTIVE THROUGH	PREFERRED RATE
6/30/03	7/1/03	7/7/03	1.100%

7/28/03	7/29/03	8/4/03	0.810
8/4/03	8/5/03	8/11/03	0.900

Note 7. Capital Loss Carryforward

At June 30, 2003, the Fund had, for Federal income tax purposes, approximately \$3,201,000 of unused capital loss carryforwards available to offset future capital gains. To the extent that these carryforward losses are used to offset capital gains, it is probable that the gains so offset will not be distributed. The amount and expiration of the carryforwards are indicated below. Expiration occurs on June 30 of the year indicated:

	2004	2005	2007	2008
Carryforward amounts	\$1,697,000	\$810,000	\$141,000	\$553,000

Dividend Reinvestment Plan (unaudited)

Pursuant to certain rules of the Securities and Exchange Commission, the following additional disclosure is provided.

Pursuant to the Fund's Dividend Reinvestment Plan ("Plan"), holders of Common Stock whose shares of Common Stock are registered in their own names will be deemed to have elected to have all distributions automatically reinvested by EquiServe Trust Company, N.A. ("Plan Agent") in Fund shares pursuant to the Plan, unless they elect to receive distributions in cash. Holders of Common Stock who elect to receive distributions in cash will receive all distributions in cash by check in dollars mailed directly to the holder by the Plan Agent as dividend-paying agent. Holders of Common Stock who do not wish to have distributions automatically reinvested should notify the Plan Agent at the address below. Distributions with respect to Common Stock registered in the name of a bank, broker-dealer or other nominee (i.e., in "street name") will be reinvested under the Plan unless the service is not provided by the bank, broker-dealer or other nominee or the holder elects to receive dividends and distributions in cash. Investors who own shares registered in the name of a bank, broker-dealer or other nominee should consult with such nominee as to participation in the Plan through such nominee, and may be required to have their shares registered in their own names in order to participate in the Plan.

The Plan Agent serves as agent for the holders of Common Stock in administering the Plan. After the Fund declares a dividend on the Common Stock or determines to make a capital gain distribution, the Plan Agent will, as agent for the participants, receive the cash payment and use it to buy the Fund's Common Stock in the open market, on the New York Stock Exchange or elsewhere, for the participants' accounts. The Fund will not issue any new shares of Common Stock in connection with the Plan.

Participants have the option of making additional cash payments to the Plan Agent, monthly, in a minimum amount of \$250, for investment in the Fund's Common Stock. The Plan Agent will use all such funds received from participants to purchase shares of Common Stock in the open market on or about the first business day of each month. To avoid unnecessary cash accumulations, and also to allow ample time for receipt and processing by the Plan Agent, it is suggested that participants send in voluntary cash payments to be received by the Plan

Edgar Filing: SALOMON BROTHERS MUNICIPAL PARTNERS FUND II INC - Form N-CSR

Agent approximately ten days before an applicable purchase date specified above. A participant may withdraw a voluntary cash payment by written notice, if the notice is received by the Plan Agent not less than 48 hours before such payment is to be invested.

The Plan Agent maintains all shareholder accounts in the Plan and furnishes written confirmations of all transactions in an account, including information needed by shareholders for personal and tax records. Shares of Common Stock in the account of each Plan participant will be held by the Plan Agent in the name of the participant, and each shareholder's proxy will include those shares purchased pursuant to the Plan.

In the case of holders of Common Stock, such as banks, broker-dealers or other nominees, who hold shares for others who are beneficial owners, the Plan Agent will administer the Plan on the basis of the number of shares of Common Stock certified from time to time by the holders as representing the total amount registered in such holders' names and held for the account of beneficial owners that have not elected to receive distributions in cash.

Dividend Reinvestment Plan (unaudited) (continued)

There is no charge to participants for reinvesting dividends or capital gains distributions or voluntary cash payments. The Plan Agent's fees for the reinvestment of dividends and capital gains distributions and voluntary cash payments will be paid by the Fund. However, each participant will pay a pro rata share of brokerage commissions incurred with respect to the Plan Agent's open market purchases in connection with the reinvestment of dividends and distributions and voluntary cash payments made by the participant. The receipt of dividends and distributions under the Plan will not relieve participants of any income tax which may be payable on such dividends or distributions.

Participants may terminate their accounts under the Plan by notifying the Plan Agent in writing. Such termination will be effective immediately if notice in writing is received by the Plan Agent not less than ten days prior to any dividend or distribution record date. Upon termination, the Plan Agent will send the participant a certificate for the full shares held in the account and a cash adjustment for any fractional shares or, upon written instruction from the participant, the Plan Agent will sell part or all of the participant's shares and remit the proceeds to the participant, less a \$2.50 fee plus brokerage commission for the transaction.

Experience under the Plan may indicate that changes in the Plan are desirable. Accordingly, the Fund and the Plan Agent reserve the right to terminate the Plan as applied to any voluntary cash payments made and any dividend or distribution paid subsequent to notice of the termination sent to all participants in the Plan at least 30 days before the record date for the dividend or distribution. The Plan also may be amended by the Fund or the Plan Agent upon at least 30 days' written notice to participants in the Plan.

All correspondence concerning the Plan should be directed to the Plan Agent, P.O. Box 43010, Providence, Rhode Island 02940-3010.
