Item 12. Results of Operations and Financial Condition

On October 16, 2003, Harmonic Inc. (Harmonic) is issuing a press release and holding a conference call regarding its financial results for the quarter ended September 26, 2003. A copy of the press release is furnished as Exhibit 99.1 to this report.

Use of Non-GAAP Financial Information

To supplement our consolidated financial statements presented in accordance with GAAP, Harmonic uses non-GAAP measures of operating income/loss, net income/loss and earnings/loss per share, which are adjusted from results based on GAAP to exclude certain costs and credits and gains and losses. These non-GAAP adjustments are provided to enhance the user's overall understanding of our current financial performance and our prospects for the future. Specifically, we believe the non-GAAP results provide useful information to both management and investors by excluding certain items that we believe are not indicative of our core operating performance. In addition, since we have historically reported non-GAAP results to the investment community, we believe the inclusion of non-GAAP numbers provides consistency in our financial reporting. Further, these non-GAAP results are a primary indicator used by management for planning and forecasting in future periods. The presentation of this additional information is not intended to be considered in isolation or as a substitute for results prepared in accordance with accounting principles generally accepted in the United States, and is not necessarily comparable to non-GAAP results published by other companies. A table reconciling the non-GAAP results to GAAP results is included in the accompanying press release.
