FORM N-CSR

CERTIFIED SHAREHOLDER REPORT OF REGISTERED MANAGEMENT INVESTMENT COMPANIES

Investment Company Act file number 811-5754

Colonial High Income Municipal Trust

(Exact name of registrant as specified in charter)

One Financial Center, Boston, Massachusetts 02111

(Address of principal executive offices) (Zip code)

Russell L. Kane, Esq.
Columbia Management Group, Inc.
One Financial Center
Boston, MA 02111

(Name and address of agent for service)

Registrant's telephone number, including area code: 1-617-426-3363

Date of fiscal year end: November 30, 2003

Date of reporting period: May 31, 2003

Form N-CSR is to be used by management investment companies to file reports with the Commission not later than 10 days after the transmission to stockholders of any report that is required to be transmitted to stockholders under Rule 30e-1 under the Investment Company Act of 1940 (17 CFR 270.30e-1). The Commission may use the information provided on Form N-CSR in its regulatory, disclosure review, inspection, and policymaking roles.

A registrant is required to disclose the information specified by Form N-CSR, and the Commission will make this information public. A registrant is not required to respond to the collection of information contained in Form N-CSR unless the Form displays a currently valid Office of Management and Budget ("OMB") control number. Please direct comments concerning the accuracy of the information collection burden estimate and any suggestions for reducing the burden to Secretary, Securities and Exchange Commission, 450 Fifth Street, NW, Washington, DC 20549-0609. The OMB has reviewed this collection of information under the clearance requirements of 44 U.S.C. ss. 3507.

PRESIDENT'S MESSAGE

DEAR SHAREHOLDER:

The US bond market continued to reward investors with solid returns for the period covered by this report. As key economic indicators sent mixed signals, the US economy continued to struggle and interest rates declined. In November, the Federal Reserve Board lowered a key short-term interest rate--the federal funds rate--to 1.25%, a new low.¹ The yield on the 10-year US Treasury bond fell to a 45-year low of 3.3% near the end of the period. Although the environment was favorable to bonds, declining interest rates and relatively low inflation raised the fear that deflation, which hasn't been seen since the 1930s, would return.

Bonds reported gains across all sectors. Leadership rotated from higher quality bonds, which were the top performers in the previous period, to lower quality bonds. Corporate and high-yield bonds rebounded as investors became more willing to take on risk. However, in the municipal market high-grade bonds outperformed high yield.

The following report will provide you with more detailed information about the trust's performance and the investment strategies used by portfolio manager Maureen Newman. For more information, please contact your financial advisor.

CONSOLIDATION AND A NEW NAME: COLUMBIA

On April 1, 2003, six of the asset management firms brought together when Columbia Management Group, Inc. was formed were consolidated and renamed Columbia Management Advisors, Inc. (Columbia Management). This consolidation does not affect the management or investment objectives of your trust and is the next step in our efforts to create a consistent identity and to streamline our organization. Although the name of the asset manager familiar to you has changed, what hasn't changed is the commitment of our specialized investment teams to a multi-disciplined approach to investing, focused on our goal of offering shareholders the best products and services.

As always, we thank you for choosing Colonial High Income Municipal Trust and for giving us the opportunity to help you build a strong financial future.

/s/ Joseph R. Palombo

Joseph R. Palombo
President

Edgar Filing: COLONIAL HIGH INCOME MUNICIPAL TRUST - Form N-CSR

MEET THE NEW PRESIDENT

Joseph R. Palombo is president of the Trust. He is also president and chairman of the Board of Trustees for Liberty Funds and chief operating officer and executive vice president of Columbia Management Advisors, Inc. (Columbia Management). Mr. Palombo has over 19 years of experience in the financial services industry. Prior to joining Columbia Management, he was chief operating officer and chief compliance officer for Putnam Mutual Funds. Prior to that, he was a partner at Coopers & Lybrand. Mr. Palombo received his degree in economics/accounting from the College of the Holy Cross, where he was a member of Phi Beta Kappa. He earned his master's degree in taxation from Bentley College and participated in the Executive Program at the Amos B. Tuck School at Dartmouth College.

NOT FDIC INSURED
MAY LOSE VALUE
NO BANK GUARANTEE

1 On June 25, 2003, the Federal Reserve Board cut the federal funds rate to 1.00%.

Economic and market conditions change frequently. There is no assurance that the trends described in this report will continue or commence.

PORTFOLIO MANAGER'S REPORT

For the six-month period ended May 31, 2003, Colonial High Income Municipal Trust returned 2.04%, based on net asset value. The trust trailed its peer group. The average return for the Lipper High Yield Municipal Debt Funds Category was 4.63%.¹

The trust's performance relative to its peer group suffered because nursing home bonds were hurt by cutbacks in Medicaid reimbursements. The nursing home sector represents a sizeable portion of the trust. A small stake in tobacco bonds, which are backed by settlement money from tobacco companies, also hurt performance. The bonds lost value as investors reacted to an unfavorable court judgement, which raised fears that the industry might default on payments. While we believe that we will continue to see volatility in that sector, we do not share the concern about default and continue to hold the bonds. The trust's United Airlines bond (0.2% of net assets)² tumbled as well after the company declared bankruptcy and stopped payments to bondholders. Also deterring performance to some extent were short positions in U.S. Treasury futures contracts, which are employed to reduce the overall duration of the trust. We believe that the trust's duration was shorter, on average, than that of our competitors during a period of rising bond prices. Duration is a measure of interest rate sensitivity. Shorter duration bonds underperform during bond market rallies.

The trust benefited, however, from US Airways bonds (0.2% of net assets), which rallied after the company emerged from bankruptcy. It also benefited from its

Edgar Filing: COLONIAL HIGH INCOME MUNICIPAL TRUST - Form N-CSR

investment in zero coupon municipal bonds, which did well as interest rates declined. Approximately 31% of the trust's assets was invested in non-rated bonds, which helped generate income. We attempted to reduce the impact of any individual default by diversifying across many different sectors. Additional income came from the trust's leverage through its preferred shares. The trust benefited because the short-term variable rate it paid out on these shares was much lower than the yield it earned through investing in longer maturity bonds.

Our focus was on essential services bonds, which are backed by revenues from user fees. We added utilities and retirement housing bonds, but trimmed slightly in the health-care area. We also shifted toward intermediate maturity (15-20 year) bonds. These bonds offer most of the yield of longer maturity issues with less risk. Going forward, we expect a slow economic recovery, stable interest rates and tame inflation to benefit high-yield municipal bonds.

/s/ Maureen G. Newman

Maureen G. Newman is the portfolio manager of Colonial High Income Municipal Trust and a senior vice president of Columbia Management Advisors, Inc. Ms. Newman received her BA in economics from Boston College and her MBA from Babson College. She is a Chartered Financial Analyst, a member of the Boston Security Analysts Society and former chairman of the National Federation of Municipal Analysts.

1 Lipper Inc., a widely respected data provider in the industry, calculates an average total return for mutual funds with similar investment objectives as those of the fund.

2 Holdings are disclosed as of May 31, 2003 and are subject to change.

Past performance is no guarantee of future investment results. The principal value and investment returns will fluctuate, resulting in a gain or loss on sale.

Tax-exempt investing offers current tax-free income, but it also involves certain risks. The value of the trust shares will be affected by interest rate changes and the creditworthiness of issues held in the trust. Investing in high yield securities offers the potential for high current income and attractive total return, but involves certain risks. Lower-rated bond risks include default of the issuer and rising interest rates. Interest income from certain tax-exempt bonds may be subject to the federal alternative minimum tax for individuals and corporations.

NOTES TO FINANCIAL STATEMENTS

May 31, 2003 (Unaudited)

NOTE 1. ACCOUNTING POLICIES

ORGANIZATION:

Colonial High Income Municipal Trust (the "Trust") is a Massachusetts business trust registered under the Investment Company Act of 1940 (the "Act"), as amended, as a diversified, closed-end management investment company. The Trust's investment goal is to provide high current income, generally exempt from federal income taxes. The Trust's secondary investment goal is to seek total return. The Trust is authorized to issue an unlimited number of common shares of beneficial interest and 4,800 Auction Preferred Shares ("APS").

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during

Edgar Filing: COLONIAL HIGH INCOME MUNICIPAL TRUST - Form N-CSR

the reporting period. Actual results could differ from those estimates. The following is a summary of significant accounting policies consistently followed by the Trust in the preparation of its financial statements.

SECURITY VALUATION AND TRANSACTIONS:

Debt securities generally are valued by a pricing service based upon market transactions for normal, institutional-size trading units of similar securities. Such services may use various pricing techniques which take into account appropriate factors such as yield, quality, coupon rate, maturity, type of issue, trading characteristics and other data, as well as broker quotes. Certain securities, which tend to be more thinly traded and of lesser quality, are priced based on fundamental analysis of the financial condition of the issuer and the estimated value of any collateral. Valuations developed through pricing techniques may vary from the actual amounts realized upon sale of the securities, and the potential variation may be greater for those securities valued using fundamental analysis. When management deems it appropriate, an over-the-counter or exchange bid quotation is used.

Options are valued at the last reported sale price, or in the absence of a sale, the mean between the last quoted bid and asking price.

Futures contracts are valued at the settlement price established each day by the board of trade or exchange on which they are traded.

Short-term obligations with a maturity of 60 days or less are valued at amortized cost.

Investments for which market quotations are not readily available, or quotations which management believes are not appropriate, are valued at fair value under procedures approved by the Board of Trustees.

Security transactions are accounted for on the date the securities are purchased, sold or mature.

Cost is determined and gains (losses) are based upon the specific identification method for both financial statement and federal income tax purposes.

The Trust may trade securities on other than normal settlement terms. This may increase the risk if the other party to the transaction fails to deliver and causes the Trust to subsequently invest at less advantageous prices.

FEDERAL INCOME TAXES:

Consistent with the Trust's policy to qualify as a regulated investment company and to distribute all of its taxable and tax-exempt income, no federal income tax has been accrued.

INTEREST INCOME, DEBT DISCOUNT AND PREMIUM:

Interest income is recorded on the accrual basis. Premium and discount are being amortized and accreted, respectively for all debt securities.

DISTRIBUTIONS TO SHAREHOLDERS:

Distributions to common shareholders are recorded on the ex-date.

Distributions to preferred shareholders are recorded daily and are payable at the end of each dividend period. Each dividend payment period for the APS is generally seven days. The applicable dividend rate for the APS on May 31, 2003 was 0.93% for Series T and 1.10% for Series W. For the six months ended May 31, 2003, the Trust declared dividends to Auction Preferred shareholders amounting to \$656,156, representing an average APS dividend rate of 1.10%.

NOTE 2. FEDERAL TAX INFORMATION

Income and capital gain distributions are determined in accordance with income

Edgar Filing: COLONIAL HIGH INCOME MUNICIPAL TRUST - Form N-CSR

tax regulations, which may differ from accounting principles generally accepted in the United States of America.

15

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

May 31, 2003 (Unaudited)

The following capital loss carryforwards, determined as of November 30, 2002, are available to reduce taxable income arising from future net realized gains on investments, if any, to the extent permitted by the Internal Revenue Code:

YEAR OF EXPIRATION	CAPITAL LOSS CARRYFORWARD
-----	-----
2003	\$ 5,267,623
2004	2,815,387
2005	5,926,653
2007	3,941,668
2008	14,340,573
2009	4,198,716
2010	12,980,738

	\$49,471,358
	=====

NOTE 3. FEES AND COMPENSATION PAID TO AFFILIATES

MANAGEMENT FEE:

On April 1, 2003, Colonial Management Associates, Inc. ("Colonial"), the investment advisor to the Trust merged into Columbia Management Advisors, Inc. ("Columbia"), formerly known as Columbia Management Co., an indirect, wholly-owned subsidiary of FleetBoston Financial Corporation. At the time of the merger, Columbia assumed the obligations of Colonial with respect to the Trust. The merger did not change the way the Trust is managed, the investment personnel assigned to manage the Trust or the fees paid by the Trust to Columbia.

Columbia is the investment advisor of the Trust and furnishes accounting and other services and office facilities for a fee to be paid monthly at the annual rate of 0.75% of the Trust's average weekly net assets, including assets applicable to the APS.

PRICING AND BOOKKEEPING FEES:

Columbia is responsible for providing pricing and bookkeeping services to the Trust under a Pricing and Bookkeeping Agreement. Under a separate agreement (the "Outsourcing Agreement"), Columbia has delegated those functions to State Street Bank and Trust Company ("State Street"). Columbia pays fees to State Street under the Outsourcing Agreement.

Under its pricing and bookkeeping agreement with the Trust, Columbia receives from the Trust an annual flat fee of \$10,000, paid monthly, and in any month that the Trust's average weekly net assets, including assets applicable to the APS, are more than \$50 million, a monthly fee equal to the average weekly net assets, including assets applicable to the APS, of the Trust for that month multiplied by a fee rate that is calculated by taking into account the fees

Edgar Filing: COLONIAL HIGH INCOME MUNICIPAL TRUST - Form N-CSR

payable to State Street under the Outsourcing Agreement. For the six months ended May 31, 2003, the annualized net asset based fee rate was 0.033%. The Trust also pays out-of-pocket costs for pricing services.

OTHER:

The Trust pays no compensation to its officers, all of whom are employees of Columbia or its affiliates.

The Trust's Independent Trustees may participate in a deferred compensation plan which may be terminated at any time. Obligations of the plan will be paid solely out of the Trust's assets.

The Trust has an agreement with its custodian bank under which \$476 of custody fees were reduced by balance credits for the six months ended May 31, 2003. The Trust could have invested a portion of the assets utilized in connection with the expense offset arrangement in an income-producing asset if it had not entered into such an agreement.

NOTE 4. PREFERRED SHARES

The Trust currently has outstanding 4,800 APS (2,400 shares each of Series T and W). The APS are redeemable at the option of the Trust on any dividend payment date at the redemption price of \$25,000 per share, plus an amount equal to any dividends accumulated on a daily basis unpaid through the redemption date (whether or not such dividends have been declared).

Under the Act, the Trust is required to maintain asset coverage of at least 200% with respect to the APS as of the last business day of each month in which any APS are outstanding. Additionally, the Trust is required to meet more stringent asset coverage requirements under the terms of the APS Agreement and in accordance with the guidelines prescribed by the APS' rating agencies. Should these requirements not be met, or should dividends accrued on the APS not be paid, the Trust may be restricted in its ability to declare dividends to common shareholders or may be required to redeem certain of the APS. At May 31, 2003, there were no such restrictions on the Trust.

NOTE 5. PORTFOLIO INFORMATION

INVESTMENT ACTIVITY:

During the six months ended May 31, 2003, purchases and sales of investments, other than short-term obligations, were \$16,867,255 and \$29,794,093, respectively.

Unrealized appreciation (depreciation) at May 31, 2003, based on cost of investments for federal income tax purposes, was:

Gross unrealized appreciation	\$ 25,228,217
Gross unrealized depreciation	(22,002,734)

Net unrealized appreciation	\$ 3,225,483

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

May 31, 2003 (Unaudited)

Edgar Filing: COLONIAL HIGH INCOME MUNICIPAL TRUST - Form N-CSR

FUTURES CONTRACTS AND OPTIONS:

The Trust may invest in municipal and U.S. Treasury futures contracts. The Trust will invest in these instruments to hedge against the effects of changes in the value of portfolio securities due to anticipated changes in interest rates and/or market conditions, for duration management, or when the transactions are economically appropriate to the reduction of risk inherent in the management of the Trust and not for trading purposes. The use of futures contracts involves certain risks, which include: (1) imperfect correlation between the price movement of the instruments and the underlying securities, (2) inability to close out positions due to different trading hours, or the temporary absence of a liquid market, for either the instrument or the underlying securities, or (3) an inaccurate prediction by Columbia of the future direction of interest rates. Any of these risks may involve amounts exceeding the variation margin recorded in the Trust's Statement of Assets and Liabilities at any given time.

Upon entering into a futures contract, the Trust deposits cash or securities with its custodian in an amount sufficient to meet the initial margin requirement. Subsequent payments are made or received by the Trust equal to the daily change in the contract value and are recorded as variation margin payable or receivable and offset in unrealized gains or losses. The Trust recognizes a realized gain or loss when the contract is closed or expires.

The Trust may write call and put options on futures it owns or in which it may invest. Writing put options tends to increase the Trust's exposure to the underlying instrument. Writing call options tends to decrease the Trust's exposure to the underlying instrument. When the Trust writes a call or put option, an amount equal to the premium received is recorded as a liability and subsequently marked-to-market to reflect the current value of the option written. Premiums received from writing options which expire are treated as realized gains. Premiums received from writing options which are exercised or closed are added to the proceeds or offset against the amounts paid on the underlying future transaction to determine the realized gain or loss. The Trust as a writer of an option has no control over whether the underlying future may be sold (call) or purchased (put) and as a result bears the market risk of an unfavorable change in the price of the future underlying the written option. There is the risk the Trust may not be able to enter into a closing transaction because of an illiquid market.

The Trust may also purchase put and call options. Purchasing call options tends to increase the Trust's exposure to the underlying instrument. Purchasing put options tends to decrease the Trust's exposure to the underlying instrument. The Fund pays a premium which is included in the Trust's Statement of Assets and Liabilities as an investment and subsequently marked-to-market to reflect the current value of the option. Premiums paid for purchasing options which expire are treated as realized losses. The risk associated with purchasing put and call options is limited to the premium paid. Premiums paid for purchasing options which are exercised or closed are added to the amounts paid or offset against the proceeds on the underlying future transaction to determine the realized gain or loss.

Refer to the Trust's Investment Portfolio for a summary of open futures contracts at May 31, 2003.

OTHER:

There are certain risks arising from geographic concentration in any state. Certain revenue or tax related events in a state may impair the ability of certain issuers of municipal securities to pay principal and interest on their obligations also, investing in non-rated securities offer the potential for high current income and attractive total return, but involves certain risks.

Edgar Filing: COLONIAL HIGH INCOME MUNICIPAL TRUST - Form N-CSR

The Trust may focus its investments in certain industries, subjecting it to greater risk than a trust that is more diversified.

Restricted securities are securities that may only be resold upon registration under federal securities laws or in transactions exempt from such registration. In some cases, the issuer of restricted securities has agreed to register such securities for resale, at the issuer's expense either upon demand by the Trust or in connection with another registered offering of the securities. Many restricted securities may be resold in the secondary market in transactions exempt from registration. Such restricted securities may be determined to be liquid under criteria established by the Board of Trustees. The Trust will not incur any registration costs upon such resale. The Trust's restricted securities are valued at the price provided by dealers in the secondary market or, if no market prices are available, at the fair value as determined in good faith using methods approved by the Board of Trustees.

- (a) The Trust changed its fiscal year end from December 31 to November 30.
- (b) Per share data was calculated using average shares outstanding during the period.
- (c) Effective December 1, 2001, the Trust adopted the provisions of the AICPA Audit and Accounting Guide for Investment Companies and began accreting market discount on all debt securities. The effect of this change, for the year ended November 30, 2002, was to increase the ratio of net investment income to average net assets from 8.31% to 8.36% and increase the ratio of net investment income (adjusted for dividend payments to preferred shareholders) from 7.48% to 7.53%. The impact to net investment income and net realized and unrealized loss per share was less than \$0.01. Per share data and ratios for periods prior to November 30, 2002, have not been restated to reflect this change in presentation.
- (d) The per share net investment income amount does not reflect the period's reclassification of differences between book and tax basis net investment income.
- (e) Total return at market value assuming all distributions reinvested at prices calculated in accordance with the Dividend Reinvestment Plan.
- (f) Not annualized.
- (g) The benefits derived from custody credits and directed brokerage arrangements, if applicable, had an impact of less than 0.01%.
- (h) Ratios reflect average net assets available to common shares only.
- (i) Annualized.

DIVIDEND REINVESTMENT PLAN

COLONIAL HIGH INCOME MUNICIPAL TRUST

Shareholders may elect to have all distributions of dividends and capital gains automatically reinvested by EquiServe Trust Company, N.A. (the "Plan Agent"), as agent under the Trust's Dividend Reinvestment Plan (the "Plan"). Pursuant to the Plan, the provisions of which are described below, shareholders not making such an election will receive all such amounts in cash paid by check mailed directly to the shareholder by the Plan Agent, as the dividend paying agent.

If the Trustees of the Trust declare a dividend or determine to make a capital gain distribution payable either in shares of the Trust or in cash, as shareholders may have elected, non-participants in the Plan will receive cash and participants in the Plan will receive the equivalent in shares of the Trust. If the market price of the shares on the payment date for the dividend or distribution is equal to or exceeds their net asset value, participants will be issued shares of the Trust at the higher of net asset value of 95% of the market price. If net asset value exceeds the market price of Trust shares at such time, or if the Trust declares a dividend or other distribution payable only in cash,

Edgar Filing: COLONIAL HIGH INCOME MUNICIPAL TRUST - Form N-CSR

the Plan Agent will, as agent for Plan participants, buy Trust shares in the open market, on the New York Stock Exchange or elsewhere, for the participants' accounts. If, before the Plan Agent has completed its purchases, the market price exceeds the net asset value of the Trust's shares, the average per share purchase price paid by the Plan Agent may exceed the net asset value of the Trust's shares, resulting in the acquisition of fewer shares than if the dividend or distribution had been paid in shares issued by the Trust. In circumstances in which the net asset value of Trust shares is more than 5% below their market price, participants in the Plan will be issued shares through the Plan at a price exceeding net asset value.

Participants in the Plan may withdraw from the Plan upon written notice to the Plan Agent. When a participant withdraws from the Plan or upon termination of the Plan as provided below, certificates for whole shares credited to his account under the Plan will be issued and a cash payment will be made for any fraction of a share credited to such account. A shareholder's notice of election to participate in or withdraw from the Plan must be received by the Plan Agent before the record date for a dividend in order to be given effect with respect to that dividend.

In the case of shareholders such as banks, brokers or nominees holding shares for others who are the beneficial owners of those shares, the Plan Agent will administer the Plan on the basis of the number of shares certified from time to time by the shareholder of record as representing the total amount registered in such shareholder's name and held for the account of beneficial owners who are to participate in the Plan.

There is no charge to Plan participants for reinvesting dividends or distributions. The Plan Agent's fees for the handling of the reinvestment of dividends and distributions will be paid by the Trust. There will be no brokerage charges with respect to shares issued directly by the Trust as a result of dividends or distributions payable either in stock or in cash. However, each participant will pay a pro rata share of brokerage commissions incurred with respect to the Plan Agent's open market purchases in connection with the reinvestment of dividends or distributions.

The automatic reinvestment of dividends and distributions will not relieve participants of any income tax that may be payable on such dividends or distributions.

The Plan may be amended or terminated on 30 days' written notice to Plan participants. All correspondence concerning the Plan should be directed to EquiServe Trust Company, N.A., by mail at P.O. Box 43010, Providence, RI 02940-3010, or by phone at 1-800-730-6001.
