INDEPENDENT AUDITORS REPORT

Conexant Systems, Inc.
Retirement Savings Plan

We have audited the accompanying statements of net assets available for benefits of the Conexant Systems, Inc. Retirement Savings Plan (the Plan) as of December 31, 2002, December 31, 2001 and September 30, 2001 and the related statements of changes in net assets available for benefits for the years ended December 31, 2002 and September 30, 2001 and for the quarter ended December 31, 2001. These financial statements are the responsibility of the Plan s management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2002, December 31, 2001 and September 30, 2001 and the changes in net assets available for benefits for the years ended December 31, 2002 and September 30, 2001 and for the quarter ended December 31, 2001 in conformity with accounting principles generally accepted in the United States of America.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedules listed in the Table of Contents are presented for the purpose of additional analysis and are not a required part of the basic financial statements, but are supplementary information required by the Department of Labor s Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The schedules are the responsibility of the Plan s management. Such schedules have been subjected to the auditing procedures applied in our audit of the basic 2002 and 2001 financial statements and, in our opinion, are fairly stated in all material respects when considered in relation to the basic financial statements taken as a whole.

**NOTES TO FINANCIAL STATEMENTS
YEARS ENDED DECEMBER 31, 2002 AND SEPTEMBER 30, 2001
AND FOR THE QUARTER ENDED DECEMBER 31, 2001**

1. DESCRIPTION OF PLAN

Effective January 1, 1999, Conexant Systems, Inc. (the Company or Plan Sponsor) adopted the Conexant Systems, Inc. Retirement Savings Plan (the Plan). The following description of the Plan provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

On January 7, 2002, the Board of Directors of Conexant Systems, Inc. approved a resolution to change the plan year-end to December 31, effective with the Plan beginning in October 1, 2001.

General The Plan is a defined-contribution plan designed to qualify under Internal Revenue Code (the Code) Section 401(a). The Plan covers substantially all employees of the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). At December 31, 2002, the Plan had 3,873 participants.

Fidelity Investments Institutional Operations Company, Inc. provides recordkeeping services to the Plan in its capacity as agent for the trustee, Fidelity Management Trust Company (Fidelity), pursuant to the terms of the Trust Agreement between Conexant Systems, Inc. Master Trust (the Trust) and Fidelity. All of the Plan's assets and the assets of the Conexant Systems, Inc. Hourly Employees Savings Plan are kept in the Trust. As of December 31, 2002, September 30, 2001 and December 31, 2001, the Plan owned 97%, 96% and 95%, respectively, of the total net assets available for benefits in the Trust. Net assets of the Trust and plan-specific expenses are allocated to the Plans based on specific identification. Net investment income, gains and losses and general expenses are allocated based on the Plan's proportional share of net assets in the Trust.

Contributions Effective October 1999, the Plan was amended to provide for employees to contribute from 1% to 17% of base compensation through payroll deductions on a pretax, post-tax, or combination basis, up to the annual maximum pretax dollar limit established by the Internal Revenue Service (IRS). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers 21 mutual funds, an interest in collective trusts, the Conexant Stock Fund and the Skyworks Stock Fund as investment options for participants. The Company matches 100% up to the first 4% of employee compensation contributed to the Plan. The Company may also, at its discretion, make an additional variable match of between 0% and 100% on the first 4% an employee contributes, depending on the Company's overall financial performance. All Company contributions are directed to the Conexant Stock Fund A (not participant directed).

Effective January 1, 2002, the Plan was amended to modify the Company-matching contribution from a fixed percentage to be determined from time to time by the Employee Benefit Plan Committee, in its sole discretion, and to remove the additional Company variable-matching contribution. The Plan was also amended to add a Company discretionary profit-sharing contribution, to be determined by the

Table of Contents

Employee Benefit Plan Committee, in its sole discretion, based upon the financial performance of the Company. The discretionary profit-sharing contribution is to be allocated to all eligible participants employed on the last day of the plan year on a pro-rata basis based on each participant's compensation.

The amount allocated in each calendar year to any participant cannot exceed the lesser of \$40,000 or 100% of the participant's total compensation for the plan year ended December 31, 2002. For purposes of this limitation, amounts allocated shall comprise Company matching contributions and the participant's pre-tax and post-tax contributions. No discretionary profit-sharing match was provided during the years ended December 31, 2002 and September 30, 2001 or for the quarter ended December 31, 2001.

Participant Accounts Each participant's account reflects the participant's contributions, the Company's matching contributions, an allocation of Plan earnings (losses), and an allocation of administrative expenses. Administrative expenses are equally allocated to all participants.

Participants are permitted at any time to transfer all or a portion of the value of their interest in the Plan's investment funds (including Conexant Stock Fund B) which are attributable to their own participant contributions into one or more of the other investment funds. A participant who has attained the age of 59 1/2, whether or not retired from the Company, is permitted to elect at any time to transfer all or a portion of the total value of their interest in Conexant Stock Fund A to any one or more of the other investment funds. For participants still employed with the Company, all subsequent Company-matching contributions and Company profit-sharing contributions, if any, will continue to be in Conexant common stock and will continue to be directed into Conexant Stock Fund A.

Investment Options As of December 31, 2002, September 30, 2001 and December 31, 2001, the Plan offered investment options in the following funds (percentages are approximate, and descriptions are based on the information extracted from the related prospectus):
