FOR IMMEDIATE RELEASE

MEXICO FUND ANNOUNCES GREATER LIQUIDITY IN RESPONSE TO SHAREHOLDERS
-- Approves Quarterly In-kind Repurchase Offers for
100% of Outstanding Shares --

Washington, D.C., March 6, 2002 -- The Mexico Fund, Inc. (NYSE: MXF) Board of Directors, after extensive contact with shareholders, met yesterday and approved a policy to conduct quarterly in-kind repurchase offers at 98% of net asset value ("NAV") for 100% of the Fund's outstanding shares in response to the desire of shareholders for greater liquidity and a permanent narrowing of the discount at which Fund shares have historically traded.

Your Board is confident that this quarterly in-kind repurchase offer program could be launched promptly if the Fund's current investment adviser is retained. However, the Board is concerned that if the Laxey proposal to terminate the investment management agreement is approved, the quarterly in-kind repurchase offer program could be delayed indefinitely. Termination of the investment management agreement will disrupt the Board's plans to implement the quarterly in-kind repurchase offer program. The Fund will have to engage a new investment adviser that the Board is satisfied has the ability to manage your Fund's portfolio and the quarterly in-kind repurchase offer program. As required by the Investment Company Act, the Board will then have to call a special shareholders meeting to obtain approval of a new investment management agreement with the new investment adviser.

The Fund will contact the Securities and Exchange Commission ("SEC") today to determine whether it is possible to amend its exemptive application to permit the Fund to conduct the 100% quarterly in-kind repurchase offers as part of its

share repurchase policy currently under consideration by the SEC. However, the Fund is committed to this initiative and should the SEC not approve the Fund's exemptive application or proposed amendment, the Fund will conduct the quarterly in-kind 100% repurchase offers under other existing SEC regulations. The Board believes that the 100% quarterly in-kind repurchase offers will provide shareholders with greater liquidity in their investment and aid in narrowing the discount to NAV at which Fund shares trade.
