Item 3. Source and Amount of Funds

The Common Stock beneficially owned by the Filers was purchased with working capital and partnership funds.

Item 4. Purpose of Transaction.

On November 9, 2005, Grace sent a letter to the Board of Directors of the Company regarding the Company's annual proxy statement filed for the annual meeting scheduled for September 29, 2005. See Exhibit B.

At the September 29 meeting, it was adjourned until November 1, due to the fact that the Company did not receive sufficient votes to amend various of the Fund's investment restrictions, objectives and policies, as well as to amend the Fund's investment management agreement. On November 2, the Company issued a press release stating that at the November 1 meeting, shareholders had approved those amendments relating to the Fund's investment restrictions, objectives and policies. However, the final proposal for shareholder vote, that of amending the Fund's investment management agreement with TCW Investment Management Company ("TCW") (the current investment advisor to the Fund), was not approved by the shareholders. As a result, the Company, yet again, adjourned the annual meeting until November 18 in order to allow the continued solicitation of shareholders to gain approval of this final proposal.

This proposal being pushed by the Company, which continued solicitation expenses are being paid by us, the shareholders, would result in the granting of additional fees to TCW at the expense of the shareholders. The logic provided by the Company's Board, of which each member has recommended that we, the shareholders approve, is as follows:

The Fund has decided that it can produce better results if it is able to lever up the Fund, by issuing securities senior to our common stock, or by borrowing money. However, as a result of this fundraising, it now has more money to invest, and therefore should be paid more fees. Therefore, they want us to approve an amendment to the investment management agreement to base fees on total

Edgar Filing: TCW CONVERTIBLE SECURITIES FUND INC - Form SC 13D

assets managed, and not just the equity in the Fund.

First of all, leveraging up the Fund will not necessarily produce better results for the common shareholders. It will amplify the results; if basic performance is good, it will make it better, and if basic performance is bad, it will make it worse. If the investment advisor decides that it wants to lever the fund, that's a choice it can make (as a result of the approval of amendments at the November 1 meeting). But, again, it's their choice. To pay them more in fees just because they decide to borrow money, at their sole discretion, is wrong. They should always be working to provide good results for us, and if they determine that that involves borrowing, so be it. To pay them more of our money as a results of this voluntary leveraging on their part is something we would never support, and therefore we are voting against this proposal.

8

Page 8 of 13 Pages

The purpose of the acquisition of shares of Common Stock is for investment; the acquisition was made in the ordinary course of Grace's business and was not made for the purpose of acquiring control of the Company.

Except as set forth herein, the Filers have no plans or proposals which relate to, or would result in, any of the matters referred to in Paragraphs (a) through (j), inclusive, of Item 4 of the Schedule 13D. The Filers may, at any time and from time to time, review or reconsider their investment in the Company and formulate plans or proposals with respect thereto, but have no present intention of doing so.

Item 5. Interest in Securities of the Issuer

As general partner of Grace, Spurgeon may be deemed the beneficial owner of 1,141,200 shares of Common Stock, or 2.4% of the outstanding shares of Common Stock, although they otherwise disclaim beneficial ownership. As general partner of Grace, Whitmore may be deemed the beneficial owner of 1,141,200 shares of Common Stock, or 2.4% of the outstanding shares of Common Stock.

Gentlemen:

We are holders of in excess of 1.1 million shares of the
TCW Convertible Securities Fund, Inc. ("CVT"). We may be
your largest shareholder. As such, we were very
interested in your annual proxy statement filed for the
annual meeting scheduled for September 29, 2005. As
holders, we have experienced the dismal return which CVT
has provided to its shareholders, both on a net asset value
as well as a market value basis. As we're sure you are
well aware, the trading discount to net asset value is a
true indication of how shareholders feel about the
prospects your investment advisor has provided and will
provide if left to continue with the management of the
fund. The current market discount to net asset value
conveys a STRONG dislike for the performance your chosen
investment advisor has provided. To put it in perspective,
the market discount to NAV implies that your advisor
provides a NEGATIVE value of 9 percent of the funds net
asset value, or approximately \$23 million. As you are of
course aware, that negative value would immediately go
away, and inure to the benefit of the CVT shareholders, if
you would either open-end the fund, or liquidate the fund.
Obviously, you will never recommend either of those, as

Edgar Filing: TCW CONVERTIBLE SECURITIES FUND INC - Form SC 13D

doing so would significantly reduce the fees you get from us upon an open-ending, with its corresponding reduction of assets under management (due to redemptions), or would cause the fees to totally disappear in the case of a liquidation of the fund.

The proxy dealt with a number of issues, such as borrowing by the Fund, issuing senior securities, expanding the type of securities in which the Fund may invest, allowing for the purchase or sale of call options, and PROVIDING THAT FEES PAID UNDER THE MANAGEMENT AGREEMENT WILL BE BASED ON ALL MANAGED ASSETS. This last request, which you've ALL recommended that we vote for, is truly remarkable.

13

Page 13 of 13 Pages

First of all, you want shareholders to allow you to issue securities senior to our common stock, and/or borrow money to support leveraging up our equity. Leveraging, of course, is a double-edged sword. If the return provided by the incremental investment made as a result of additional borrowing is lower than the cost of the borrowing, then this activity actually lowers the return to the common shareholders. Of course, it could go the other way: an incremental return in excess of the cost of borrowing would enhance the return to the common shareholders. In this way, one could argue that leveraging can be either a good thing or a bad thing, depending on the incremental return on investment vs. the incremental cost of funds.

However, an unambiguously negative proposition for shareholders is your proposal that FEES BE PAID BASED ON ALL MANAGED ASSETS, BOTH UNLEVERED AND LEVERED. THIS IS AKIN TO GIVING THE MANAGEMENT COMPANY A CHECK MADE OUT TO THEM, AND LETTING THEM JUST FILL IN HOW MUCH OF OUR PROPERTY THEY WANT TO TAKE FROM US. IT IS WRONG, AND YOU, AS OUR FIDUCIARIES, KNOW BETTER. IF YOU ARE TRULY LOOKING OUT FOR OUR INTEREST, HOW CAN YOU PROPOSE THAT THE FUND BE ABLE TO LEVERAGE UP ITS BALANCE SHEET, AND THEN USE THAT TO ARRIVE AT THE CONCLUSION THAT "IT WOULD NOT BE APPROPRIATE TO TAKE ACTIONS THAT INCREASE ASSETS WHICH THE ADVISOR IS OBLIGED BY THE AGREEMENT TO MANAGE WITHOUT PROVIDING PROPORTIONAL ADDITIONAL COMPENSATION" (proxy: page 16). It is absurd to modify the Fund's investment restrictions to ALLOW the management company to lever up the balance sheet (an action with uncertain results for shareholders), and then conclude that now that they have more work to do, they should get paid more (unambiguously negative for shareholders). No one is making them lever up the balance sheet. It's their choice. But I can tell you with certainty that if they get more money by leveraging it up, lever they will. YOU ARE PROVIDING YET ANOTHER WAY FOR THE ADVISORS TO TAKE MONEY OUT OF OUR ASSET BASE. WORSE, THESE ARE THE SAME ADVISORS WHO HAVE BEEN MIS-MANAGING THE FUND'S ASSETS FOR QUITE SOME TIME, RESULTING IN UNDER-PERFORMANCE BOTH ON A NET ASSET BASIS AS WELL AS A MARKET VALUE BASIS.

Obviously, I'm not the only shareholder who shares this view. Clearly, your decision to adjourn the annual meeting YET AGAIN until November 18th to "provide additional time

Edgar Filing: TCW CONVERTIBLE SECURITIES FUND INC - Form SC 13D

to solicit the necessary votes to approve a fourth proposal...to provide that fees paid under the Agreement be based on all managed assets" indicates that you aren't getting your desired support for this change. It is such a waste of money to continue to have Georgeson Shareholder Communications, Inc. ("Georgeson") attempt to convince shareholders to support this proposal JUST SO THE MANAGER CAN TAKE MORE OF OUR MONEY. (As the proxy states, Georgeson has been retained by the Fund.) YOU ARE TAKING MONEY OUT OF OUR FUND TO PAY GEORGESON TO SPEND TIME TRYING TO CONVINCING SHAREHOLDERS TO ALLOW THE MANAGER TO TAKE MORE OF OUR MONEY. IS THAT WHAT YOUR FIDUCIARY DUTY IS ALL ABOUT? ONE TRULY HAS TO WONDER WHERE YOUR LOYALTIES LIE.

SHAME ON YOU.

Sincerely,

Bradford T. Whitmore
General Partner
