Item 8.01 Other Events

On March 18, 2014, solely to avoid the costs, risks and uncertainties inherent in litigation, UNS Energy Corporation (“UNS Energy”) and the other named defendants signed a memorandum of understanding (“MOU”) with the plaintiffs in the previously disclosed consolidated shareholder class action lawsuits filed in the Superior Court of Pima County, Arizona, which are related to the Agreement and Plan of Merger (the “Merger Agreement”), dated as of December 11, 2013, by and among FortisUS Inc. (“FortisUS”), Color Acquisition Sub Inc. (“Merger Sub”), UNS Energy, and solely for the purposes of certain provisions therein, Fortis Inc. (“Fortis Parent” and, together with Fortis US and Merger Sub, “Fortis”). This MOU provides, among other things, that the parties will seek to enter into a stipulation of settlement which provides for the release of all asserted claims. The asserted claims will not be released until such stipulation of settlement is approved by the court. There can be no assurance that the court will approve such settlement.

Additionally, as part of the MOU, UNS Energy and Fortis have agreed to make certain additional disclosures related to the proposed merger, which are set forth below. Finally, in connection with the proposed settlement, counsel for plaintiffs intend to seek an award of attorneys’ fees and expenses, subject to court approval. This payment will not affect the amount of consideration to be paid in the merger or the timing of the special meeting of UNS Energy shareholders scheduled for March 26, 2014 at 10:00 a.m. (Mountain Standard Time) at the offices of UNS Energy, 88 East Broadway Boulevard, Tucson, Arizona.

The additional disclosures in this Current Report on Form 8-K supplement the disclosure contained in the definitive proxy statement of UNS Energy filed with the SEC on February 18, 2014 and mailed to UNS Energy shareholders on or about February 21, 2014 (the “proxy statement”), and should be read in conjunction with the disclosures contained therein. To the extent that information in this Current Report on Form 8-K differs from or updates information contained in the proxy statement, the information in this Current Report on Form 8-K shall control. Nothing in this Current Report on Form 8-K, the MOU or any stipulation of settlement shall be deemed an admission of the legal necessity or materiality under applicable laws of any of the disclosure set forth herein. Capitalized terms used herein, but not otherwise defined, shall have the meanings ascribed to such terms in the proxy statement.
