### UNISOURCE ENERGY

UniSource Energy is a holding company that owns the outstanding common stock of Tucson Electric Power Company (TEP), Millennium Energy Holdings, Inc. (Millennium) and UniSource Energy Development Company (UED). References in this prospectus to "we" and "our" are to UniSource Energy.

#### TEP

TEP is our principal subsidiary and represents most of our assets. TEP is a vertically integrated utility that provides regulated electric service to over 355,000 retail customers in its service territory. This service territory consists of a 1,155 square mile area of Southeastern Arizona with a population of approximately 891,000 in the greater Tucson metropolitan area in Pima County, as well as parts of Cochise County. TEP holds a franchise to provide electric distribution service to customers in the City of Tucson. This franchise expires in 2026. TEP also sells electricity to other utilities and power marketing entities in the western U.S. At December 31, 2002, TEP owned or leased 2,002 MW of net generating capability.

The Federal Energy Regulatory Commission (FERC) and the Arizona Corporation Commission (ACC) regulate portions of TEP's utility accounting practices and electricity rates. The FERC regulates the terms and prices of TEP's sales to other utilities and resellers. The ACC has authority over certain rates charged to retail customers, the issuance of securities, and transactions with affiliated parties.

#### MILLENNIUM

Millennium's assets comprised approximately 6% of the consolidated assets of UniSource Energy at December 31, 2001. Through its affiliates, Millennium holds investments in the following subsidiaries including:

- o Global Solar Energy, Inc., a developer and manufacturer of flexible thin-film photovoltaic cells. Target markets for its products include military, space and commercial applications.
- o Infinite Power Solutions, Inc., a developer of thin-film batteries.
- o MicroSat Systems, Inc., a developer of small-scale satellites, focusing on research and development activities related to government contracts.

#### UED

UED, established in 2001, is the developer of the expansion project at the Springerville Generating Station.

#### EFFECT OF HOLDING COMPANY STRUCTURE

Since UniSource Energy is a holding company, substantially all of the

## Edgar Filing: UNISOURCE ENERGY CORP - Form S-3

assets shown on UniSource Energy's consolidated balance sheet are held by its subsidiaries. Accordingly, UniSource Energy's earnings and cash flow and its ability to meet its obligations are dependent upon the earnings and cash flows of such subsidiaries and the distribution or other payment of such earnings to UniSource Energy. The subsidiaries are separate and distinct legal entities and have no obligation to make any such distribution or other payment to UniSource Energy and may do so only after they satisfy their debt obligations and any preferred stock requirements, and comply with any statutory or contractual limitations.

3

Any shares of UniSource Energy common stock which may be offered by this prospectus are, by definition, junior to claims of UniSource Energy's creditors including, but not limited to, holders of debt securities that may be issued or guaranteed by UniSource Energy and, as discussed above, to the claims of creditors of UniSource Energy's subsidiaries. In addition, our articles of incorporation permit us to issue preferred stock. Before we can pay dividends on our common stock, we must satisfy our current debt obligations and any preferred stock requirements, and comply with any statutory or contractual limitations.

UniSource Energy's Board of Directors periodically reviews our dividend level, taking into consideration a number of factors including our results of operations and financial condition, general economic and competitive conditions and the earnings and cash flows of our subsidiary companies, TEP, Millennium and UED. As discussed above, TEP is our principal subsidiary and represents most of our assets. TEP pays dividends on its common stock after its Board of Directors declares them. TEP has certain restrictions on paying dividends, as listed below:

- o TEP's Credit Agreement provides that TEP can pay dividends if it maintains compliance with the TEP Credit Agreement and certain financial covenants, including a covenant that requires TEP to maintain a minimum level of net worth, and so long as the dividends and certain investments in affiliates would not exceed 65% of TEP's net income.
- o The ACC order which authorized TEP to form UniSource Energy as a holding company provides that TEP can pay dividends so long as the dividends do not exceed 75% of TEP's earnings until its equity ratio equals 37.5% of total capital (excluding capital lease obligations).
- o The Federal Power Act states that TEP cannot pay dividends out of funds that are properly included in the capital account.

Millennium and UED have no dividend restrictions.

UniSource Energy's principal executive offices are located at One South Church Avenue, Suite 1820, Tucson, Arizona 85701. The telephone number is (520) 571-4000.

### USE OF PROCEEDS

As more particularly described in the prospectus supplement relating to

## Edgar Filing: UNISOURCE ENERGY CORP - Form S-3

each issuance of Shares, we will use the net proceeds from the sale of the Shares offered by this prospectus for general corporate purposes, including making loans and/or capital contributions to our subsidiaries.

The ACC has issued an order which, unless waived, requires that we invest 30% of any proceeds of equity issuances by UniSource Energy in TEP until TEP has 37.5% equity.

### DESCRIPTION OF CAPITAL STOCK

#### GENERAL

The authorized capital stock of UniSource Energy presently consists of 76,000,000 shares, of which 75,000,000 shares are common stock without par value, and 1,000,000 shares are preferred stock without par value (Preferred Stock). As of February 14, 2003, there were 33,582,976 shares of common stock outstanding and no shares of Preferred Stock outstanding.

The following is a summary of certain rights and privileges of the holders of the Shares. This summary does not purport to be complete. The following information is qualified in its entirety by reference to UniSource Energy's Restated Articles of Incorporation and shareholder rights plan and to the laws of the State of Arizona.

#### COMMON STOCK

**Dividend Rights.** UniSource Energy may pay dividends on shares of common stock out of any funds legally available for payment, when and as declared by our Board of Directors. Payment of dividends may be subject to certain limitations specified with respect to the Preferred Stock, or any series of Preferred Stock.

**Liquidation Rights.** In the event of any dissolution or other winding up of UniSource Energy, whether voluntary or involuntary, the assets of UniSource Energy available for payment and distribution to shareholders shall be distributed ratably in accordance with their holdings to the holders of shares of the common stock. Those distributions may be subject to certain limitations specified with respect to the Preferred Stock, or any series of Preferred Stock.

**Voting Rights.** All voting power is vested in the holders of the common stock, except as otherwise specified with respect to the Preferred Stock, or any series of Preferred Stock. With respect to the election of directors and each other matter coming before any meeting of shareholders, each holder of the common stock shall be entitled to one (1) vote for each share of such stock outstanding in the name of that holder on the books of UniSource Energy.

**Miscellaneous.** The common stock has no preemptive or conversion rights or redemption or sinking fund provisions and the outstanding common stock is fully paid and non-assessable.

#### PREFERRED STOCK

Our Board of Directors has authority to divide the Preferred Stock into series and to determine the designation, preferences, and voting powers of the shares of each series so established and the restrictions and qualifications thereof, all to the extent and in the manner provided by law.

## Edgar Filing: UNISOURCE ENERGY CORP - Form S-3

### PREFERRED SHARE PURCHASE RIGHTS

General. On March 5, 1999, UniSource Energy adopted a shareholder rights plan. Under that plan, we will grant one preferred share purchase right (Right) on each outstanding share of common stock to holders of common stock outstanding on April 1, 1999 or issued thereafter. The description and terms of the Rights are set forth in the Rights Agreement, dated as of March 5, 1999 (the Rights Agreement), between UniSource Energy and The Bank of New York, as Rights Agent. The following statements are qualified in their entirety by reference to the Rights Agreement.

Each Right will entitle the registered holder, subject to regulatory approvals and other specified conditions, to purchase one ten-thousandth of a share of Preferred Stock, Series X, without par value, of UniSource Energy (the Series X Preferred Stock), at a purchase price of \$50.00 (the Purchase Price).

Distribution of Rights. We have distributed one Right to shareholders of UniSource Energy for each share of common stock owned of record by them at the close of business on April 1, 1999. Until the earliest of:

- o such time as any person or group acquires 15% or more of the outstanding shares of common stock,
- o March 31, 2009 or
- o the redemption of the Rights,

we will issue one Right with each share of common stock that is issued after April 1, 1999 so that all shares of common stock will have attached Rights. We have initially authorized and reserved 10,000 shares of Preferred Stock for issuance upon exercise of the Rights.

Exercise. The Rights will be exercisable only if a person or group:

- o acquires 15% or more of the outstanding shares of common stock or
- o commences a tender or exchange offer, the consummation of which would result in the beneficial ownership by a person or group of 15% or more of the outstanding shares of common stock.

Until that time the Rights will be evidenced by and will trade with the shares of common stock. The Rights will expire on March 31, 2009 unless we first redeem or exchange them, in each case as described below.

The purchase of stock pursuant to the Rights may be subject to regulatory approval and other specified conditions. Under no circumstance will the person or group that acquired 15% of the common stock be entitled to exercise Rights.

6

"Flip-in". If any person or group acquires 15% or more of the outstanding shares of common stock, each Right will entitle its holder to purchase that number of shares of common stock or, at the option of UniSource Energy, Preferred Stock which has a market value at that time of twice the Purchase Price.

"Flip-over". In addition, in the event that any person or group has acquired 15% or more of the outstanding shares of common stock and UniSource Energy

## Edgar Filing: UNISOURCE ENERGY CORP - Form S-3

- o consolidates or merges with or into, or
- o sells 50% or more of its assets or earning power to,

any person or group, each Right would instead entitle its holder to purchase the acquiring company's common shares having a market value of twice the Purchase Price.

Exchange. If a person or group acquires more than 15% but less than 50% of the outstanding shares of common stock, we may exchange each outstanding Right for one share of common stock or cash, securities or other assets having a value equal to the market value of one share of common stock. That exchange may be subject to regulatory approval.

Redemption. We may redeem the Rights, at a redemption price of \$0.001 per Right, at any time until any person or group has acquired 15% or more of the outstanding shares of common stock.

Certain Adjustments. The Purchase Price, the amount and type of securities covered by each Right and the number of Rights outstanding will be adjusted to prevent dilution:

- o in the event of a stock dividend on, or a subdivision, combination or reclassification of, the Preferred Stock,
- o if holders of the Preferred Stock are granted certain rights, options or warrants to subscribe for Preferred Stock or securities convertible into Preferred Stock or equivalent preferred shares at less than the current market price of the Preferred Stock, or
- o upon the distribution to holders of the Preferred Stock of evidences of indebtedness or assets (excluding regular quarterly cash dividends) or of subscription rights or warrants (other than those referred to above).

With certain exceptions, no adjustments in the Purchase Price will be made until cumulative adjustments amount to a least 1% of the Purchase Price. We will not issue fractional shares of Series X Preferred Stock other than in integral multiples of one ten-thousandth of a share. Instead, we will make an adjustment in cash based on the market price of the Series X Preferred Stock on the last trading date prior to the date of exercise.

Amendment. We may amend the Rights Agreement in any respect until any person or group has acquired 15% or more of the outstanding shares of common stock. Thereafter, we may amend the Rights Agreement in any manner which will not adversely affect the holders of the Rights in any material respect.

7

### ARIZONA BUSINESS COMBINATION STATUTE

General. The Arizona business combination statute would limit our ability to engage in Business Combinations with Interested Shareholders (each as defined below).

"Business Combination" means any (A) merger or consolidation of UniSource Energy or any UniSource Energy subsidiary with an Interested Shareholder, (B) exchange of shares of UniSource Energy common stock or any UniSource Energy

## Edgar Filing: UNISOURCE ENERGY CORP - Form S-3

subsidiary for shares of an Interested Shareholder, or (C) sale, lease, transfer or other disposition to or with an Interested Shareholder of 10% or more of the consolidated assets of UniSource Energy.

"Interested Shareholder" means any person other than UniSource Energy or a UniSource Energy subsidiary that is either (A) a direct or indirect beneficial owner of 10% or more of the voting power of the outstanding UniSource Energy common stock or (B) an affiliate of UniSource Energy who at any time during the three years immediately before the date in question was the beneficial owner of 10% or more of the voting power of the then outstanding UniSource Energy common stock.

"Share Acquisition Date" means the date that a person first becomes an Interested Shareholder of UniSource Energy.

Business Combinations Within Three Years After Share Acquisition Date. For three years after an Interested Shareholder's Share Acquisition Date, UniSource Energy may not directly or indirectly engage in any Business Combination with an Interested Shareholder or any affiliate of an Interested Shareholder unless, before the Interested Shareholder's Share Acquisition Date, a committee of disinterested directors approved either:

- o the Business Combination; or
- o the acquisition of common stock made by the Interested Shareholder on the Interested Shareholder's Share Acquisition Date.

Business Combinations More Than Three Years After Share Acquisition Date. If a committee of disinterested directors has not approved the Business Combination or the acquisition of common stock as provided above, UniSource Energy may not directly or indirectly engage in any Business Combination with an Interested Shareholder or any affiliate of an Interested Shareholder unless:

- o the Business Combination is consummated no earlier than three years after the Interested Shareholder's Share Acquisition Date, and before the Share Acquisition Date, the UniSource Energy Board of Directors approved either
  - o the Business Combination; or
  - o the acquisition of common stock made by the Interested Shareholder on the Share Acquisition Date; or
- o the Business Combination is approved no earlier than three years after the Interested Shareholder's Share Acquisition Date by the affirmative vote of a majority of the outstanding voting shares of UniSource Energy common stock (excluding shares of common stock beneficially owned by the Interested Shareholder or any affiliate thereof); or

8

- o the Business Combination is consummated no earlier than three years after the Interested Shareholder's Share Acquisition Date and meets certain specified conditions designed to ensure against discriminatory pricing.

### ARIZONA CONTROL SHARE ACQUISITION STATUTE

General. The Arizona control share acquisition statute would limit the

## Edgar Filing: UNISOURCE ENERGY CORP - Form S-3

voting rights of a person who acquires shares of UniSource Energy under certain circumstances in a control share acquisition (as defined below).

Control Share Acquisition means an acquisition, directly or indirectly (in one or more transactions within 120 days or pursuant to a plan), by a person of beneficial ownership of shares of UniSource Energy common stock that would, but for the limitations in the control share acquisition statute, entitle the acquiring person to exercise a new range of voting power within the following specified ranges: (A) at least 20% but less than 33-1/3%, (B) at least 33-1/3% but less than or equal to 50% and (C) over 50%.

Information Statement. Within ten days after a Control Share Acquisition, the acquiring person must deliver to the corporation an information statement specifying, among other things, the range of voting power in the election of directors that, but for the limitations in the statute, the acquiring person believes would result from the Control Share Acquisition. At the time of delivery of the information statement, the acquiring person may request that a special meeting of shareholders be called to consider the voting rights of "excess" shares (referred to below).

Limitation on Voting Rights of "Excess" Shares. To the extent that shares of UniSource Energy common stock acquired in a Control Share Acquisition exceed the threshold of voting power of any of the next specified range of voting power, such "excess" shares will have the same voting rights as other shares of UniSource Energy common stock for election of directors but will not have the right to vote on other matters unless approved by a shareholder resolution at an annual or special meeting. Such resolution must be approved by the affirmative vote of a majority of the outstanding voting shares of UniSource Energy common stock (excluding shares owned by the acquiring person, its affiliates or any officer or director of UniSource Energy).

Financing Agreement. The status of voting rights of "excess" shares is not required to be presented for consideration at any meeting of shareholders unless, at the time of delivery of the information statement referred to above, the acquiring person has entered into a definitive financing agreement for any financing of the acquisition not to be provided by monies of the acquiring person.

Redemption by UniSource Energy. If an acquiring person fails to deliver the required information statement within ten days after a Control Share Acquisition or if the UniSource Energy shareholders have voted not to accord voting rights to an acquiring person's "excess" shares referred to above, then UniSource Energy may call for the redemption of such "excess" shares at the fair market value of those shares at the time the call for redemption is given.

### ANTITAKEOVER EFFECT

The Rights or the provisions of Arizona Law described above, individually or collectively, may discourage, deter, delay or impede a tender offer or other attempt to acquire control of UniSource Energy even if the transaction would result in the shareholders receiving a premium for their shares over current market prices or if the shareholders otherwise believe the transaction would be in their best interests.

### PLAN OF DISTRIBUTION

We may sell Shares in one or more of the following ways from time to time:

## Edgar Filing: UNISOURCE ENERGY CORP - Form S-3

(1) directly to institutional purchasers, (2) through agents, (3) through underwriters and/or (4) through dealers.

The prospectus supplement will set forth the terms of each offering of Shares, including:

- o the names of any underwriters or agents,
- o the purchase price of the Shares and the proceeds to UniSource Energy, from the sale,
- o any underwriting discounts or agency fees and other items constituting underwriters'; or agents' compensation,
- o any discounts or concessions allowed or reallocated or paid to dealers and
- o any securities exchange on which the common stock may be listed.

If we use underwriters to sell Shares, the underwriters will acquire such Shares for their own account and resell them from time to time in one or more transactions, including negotiated transactions, at a fixed public offering price or at varying prices determined at the time of sale. Unless otherwise set forth in the applicable prospectus supplement, the obligations of the underwriters to purchase such Shares will be subject to certain conditions precedent, and the underwriters will be obligated to purchase all of such securities if any of such securities are purchased, except that, in certain cases involving a default by one or more underwriters; less than all of such securities may be purchased. The initial public offering prices and any discounts or concessions allowed or reallocated or paid to dealers may be changed from time to time.

If we use one or more agents to sell securities, the agents will be named, and any, commissions payable by UniSource Energy to such agents will be set forth, in the applicable prospectus supplement. Unless otherwise indicated in the applicable prospectus supplement, any such agent will act on a best efforts basis for the period of its appointment.

New Shares sold through agents or underwriter may be sold by means of (1) ordinary brokers' transactions, (2) block transactions (which may involve crosses) in accordance with the rules of the New York Stock Exchange, the Pacific Exchange and other exchanges on which the common stock is admitted to trading privileges, including transactions in which any agent may sell Shares as agents but may also position and resell all or a portion of the blocks as principals, (3) offerings off the floors of the exchanges or (4) a combination of any such methods. Sales may be made at prevailing market prices (which could be subject to change). Any such offering would be described in a supplement to this prospectus setting forth the terms of the offering and the number of Shares offered.

Any agents, underwriters or dealers participating in the distribution of the securities may be deemed to be underwriters and any discounts or commissions received by them on the sale or resale of the securities may be deemed to be underwriting discounts and commissions under the Securities Act of 1933, as amended (the Securities Act). Agents and underwriters may be entitled under agreements entered into with UniSource Energy to indemnification by UniSource Energy, against certain liabilities, including liabilities under the Securities Act and other securities laws, or to contribution with respect to payments that the agents or underwriters may be required to make in respect thereof.

## Edgar Filing: UNISOURCE ENERGY CORP - Form S-3

The outstanding shares of UniSource Energy common stock are listed on the New York Stock Exchange and the Pacific Exchange. Any new shares of common stock will also be listed on those Exchanges, subject to official notice of issuance.

Any agents, underwriters or dealers or agents participating in the distribution of the securities, and/or affiliates thereof, may engage in transactions with and perform services for UniSource Energy and its affiliates in the ordinary course of business.

### FORWARD-LOOKING STATEMENTS

This prospectus and the documents incorporated by reference in this prospectus contain forward-looking statements as defined by the Private Securities Litigation Reform Act of 1995. UniSource Energy is including the following cautionary statements to make applicable and take advantage of the safe harbor provisions of the Private Securities Litigation Reform Act of 1995 for any forward-looking statements made by or for UniSource Energy in this prospectus. Forward-looking statements include statements concerning plans, objectives, goals, strategies, future events or performance and underlying assumptions and other statements that are not statements of historical facts. Forward-looking statements may be identified by the use of words such as "anticipates," "estimates," "expects," "intends," "plans," "predicts," "projects," and similar expressions. All such forward-looking statements, whether written or oral, and whether made by or on behalf of UniSource Energy, are expressly qualified by these cautionary statements and any other cautionary statements which may accompany the forward-looking statements. In addition, UniSource Energy disclaims any obligation to update any forward-looking statements to reflect events or circumstances after the date of this prospectus.

Forward-looking statements involve risks and uncertainties that could cause actual results or outcomes to differ materially from those expressed in the forward-looking statements. We express our expectations, beliefs and projections in good faith and believe them to have a reasonable basis. However, we make no assurances that management's expectations, beliefs or projections will be achieved or accomplished. We have identified the following important factors that could cause actual results to differ materially from those discussed in our forward-looking statements. These may be in addition to other factors and matters discussed in other parts of this prospectus:

1. Effects of restructuring initiatives in the electric industry and other energy-related industries.
2. Effects of competition in retail and wholesale energy markets.
3. Changes in economic conditions, demographic patterns and weather conditions in TEP's retail service area.
4. Supply and demand conditions in wholesale energy markets, including volatility in market prices and illiquidity in markets, which are affected by a variety of factors. These factors include the availability of generating capacity in the western U.S., including hydroelectric resources, weather, natural gas prices, the extent of utility restructuring in various states, transmission constraints, environmental restrictions and cost of compliance, and FERC regulation of wholesale energy markets.
5. The creditworthiness of the entities with whom UniSource Energy, TEP, Millennium and their affiliates transact business.

#### INDEPENDENT ACCOUNTANTS

With respect to the unaudited consolidated financial information of UniSource Energy Corporation for the three-month periods ended March 31, 2002 and 2001, the three-month and six-month periods ended June 30, 2002 and 2001 and the three-month and nine-month periods ended September 30, 2002 and 2001, incorporated by reference in this prospectus, PricewaterhouseCoopers LLP reported that they have applied limited procedures in accordance with professional standards for a review of such information. ITEM 15. INDEMNIFICATION OF DIRECTORS AND OFFICERS.

Article SIXTH of the Restated Articles of Incorporation of UniSource Energy, as amended provides in pertinent part as follows:

SIXTH:

(B) No director of the Corporation shall be personally liable to the Corporation or its shareholders for money damages for any action taken or any failure to take any action as a Director; provided, however, that nothing herein shall be deemed to eliminate or limit any liability which may not be so eliminated or limited under the laws of the State of Arizona, as in effect at the effective date of this paragraph (B) of Article SIXTH or as thereafter amended. No amendment, modification or repeal of this paragraph (B) shall eliminate or limit the protection afforded by this paragraph (B) to a director with respect to any act or omission occurring before the effective date thereof.

(C) (1) The Corporation shall, to the maximum extent permitted by

applicable law, as from time to time in effect, indemnify any individual who is or was a party to or otherwise involved in (or threatened to be made a party to or otherwise involved in) any Proceeding (as hereafter defined) because such individual is or was a director or officer of the Corporation, or is or was serving at the request of the Corporation as a director, officer, partner, trustee, employee or agent of another foreign or domestic corporation, partnership, joint venture, trust, employee benefit plan or other enterprise, against all Liability (as hereinafter defined) incurred by such individual in connection with such Proceeding.

As used in this paragraph (C) of Article SIXTH, (a) the term "Expenses" includes attorneys' fees and all other costs and expenses reasonably related to a Proceeding, (b) the term "Liability" means the obligation to pay a judgment, settlement, penalty or fine (including any excise tax assessed with respect to an employee benefit plan) and reasonable Expenses incurred with respect to a Proceeding, and includes without limitation obligations and Expenses that have not yet been paid but that have been or may be incurred, and (c) the term "Proceeding" means any threatened, pending or completed action, suit or proceeding, whether civil, criminal, administrative or investigative and whether formal or informal, including without limitation any action, suit or proceeding by or in the right of the Corporation and including, further, any appeal in connection with any such action, suit or proceeding.

repay such advances if it is ultimately determined that such individual did not meet any standard of conduct prescribed by applicable law and upon the satisfaction of such other conditions as may be imposed by applicable law.

(3) The Corporation, by resolution of the Board of Directors, may extend the benefits of this paragraph (C) of Article SIXTH to employees and agents of the Corporation (each individual entitled to benefits under this paragraph (C) being hereinafter sometimes called an "Indemnified Person").

(4) All rights to indemnification and to the advancement of expenses granted under or pursuant to this paragraph (C) shall be deemed to arise out of a contract between the Corporation and each person who is an Indemnified Person at any time while this paragraph (C) is in effect and may be evidenced by a separate contract between the Corporation and each Indemnified Person; and such rights shall be effective in respect of all Proceedings commenced after the effective date of this paragraph (C), whether arising from acts or omissions occurring before or after such date. No amendment, modification or repeal of this Article shall affect any rights or obligations theretofore existing.

(5) The Corporation may purchase and maintain insurance on behalf of, or insure or cause to be insured, any person who is an Indemnified Person against any Liability asserted against or incurred by him in any capacity in respect of which he is an Indemnified Person, or arising out of his status in such capacity, whether or not the Corporation would have the power to indemnify him against such liability under this Article. As used in this Section, "insurance" includes retrospectively rated and self-insured programs; provided, however, that no such program shall provide coverage for directors and officers which is prohibited by applicable law. The Corporation's indemnity of any individual who is an Indemnified Person shall be reduced by any amounts such

individual may collect with respect to such liability (a) under any policy of insurance purchased and maintained on his behalf by the Corporation or (b) from any other entity or enterprise served by such individual.

(6) The rights to indemnification and to the advancement of Expenses and all other benefits provided by, or granted pursuant to, this Article shall continue as to a person who has ceased to serve in the capacity in respect of which such person was an Indemnified Person and shall inure to the benefit of the heirs, executors and administrators of such person.

(7) The Board of Directors shall have the power and authority to make, alter, amend and repeal such procedural rules and regulations relating to indemnification and the advancement of Expenses as it, in its discretion, may deem necessary or expedient in order to carry out the purposes of this Article, such rules and regulations, if any, to be set forth in the Bylaws of the Corporation or in a resolution of the Board of Directors.

### ITEM 16. EXHIBITS

Reference is made to the Exhibit Index on page II-6 hereof.

### ITEM 17. UNDERTAKINGS.

(a) The undersigned registrant hereby undertakes:

(1) To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:

(i) To include any prospectus required by Section 10(a)(3) of the Securities Act of 1933, as amended (the Securities Act);

II-2

(ii) To reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Commission pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than a 20% change in the maximum aggregate offering price set forth in the "Calculation of Registration Fee" table in the effective registration statement;

(iii) To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement;

provided, however, that paragraphs (a)(1)(i) and (a)(1)(ii) of this section do not apply if the registration statement is on Form S-3 or Form S-8 and the information required to be included in a post-effective amendment by those paragraphs is contained in periodic reports filed with or furnished

## Edgar Filing: UNISOURCE ENERGY CORP - Form S-3

to the Commission by the registrant pursuant to section 13 or section 15(d) of the Securities Exchange Act of 1934, as amended (the Exchange Act) that are incorporated by reference in the registration statement.

(2) That, for the purpose of determining any liability under the Securities Act, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

(4) That, for purposes of determining any liability under the Securities Act, each filing of the registrant's annual report pursuant to section 13(a) or section 15(d) of the Exchange Act that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered herein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

Insofar as indemnification for liabilities arising under the Securities Act may be permitted to directors, officers and controlling persons of the registrant pursuant to the provisions described under Item 15 above, or otherwise, the registrant has been advised that in the opinion of the Commission such indemnification is against public policy as expressed in the Securities Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act and will be governed by the final adjudication of such issue.
