OUR BUSINESS

Pulte Homes, Inc.

We are the nation's largest homebuilder based on units sold worldwide compared to the fiscal 2000 results of our competitors. Through Pulte Home Corporation and our other homebuilding subsidiaries in the United States, we acquire land, develop communities and build and sell a wide variety of homes, including detached units, townhouses, condominium apartments and duplexes, all primarily sold for use as principal residences. Our homes are targeted to first-time, move-up, semi-custom and active adult home buyers (a growing demographic group in their pre-retirement and retirement years). As of December 31, 2000, our domestic operations offered homes for sale in 396 communities in 41 markets and 25 states at prices ranging from \$70,000 to over \$1,200,000 (sales prices of homes offered for sale in the majority of our communities fall within the range of \$100,000 to \$300,000), with an average price of \$206,000. Our international homebuilding subsidiaries engage in residential land development and homebuilding in Mexico, Puerto Rico and Argentina. Through Pulte Mortgage Corporation, we also provide mortgage financing services, primarily to buyers of our homes.

Our homebuilding strategy in the United States is focused on the continued development of the Pulte consumer and value-based brand. Our goal is to create a Homeowner for Life™ by providing a wide array of well-located, quality-built residential housing communities for homebuyers as they transition from first-time, move-up, semi-custom and ultimately to active adult buyers. Our extensive pre-construction market research and analysis enables us to understand what our homebuyers desire. We then specifically develop our communities and products to that well-defined homebuyer profile. Our commitment to research and development is focused on the continuous improvement of construction and land development technique, which allows us to provide high levels of quality and value in our homes and communities. Our Pulte Preferred Partnership™ P³ program was initiated with a goal toward developing long-term relationships with premier contractors and suppliers to maximize execution of our development and building plans. In addition, we believe that our well-capitalized financial structure combined with our high level of production volume allow us to negotiate favorable material and supply purchasing agreements on a national and/or regional basis to minimize our costs of production.

Del Webb Acquisition

On July 31, 2001, we consummated the acquisition of Del Webb Corporation. Del Webb is the nation's largest developer of active adult communities, having built and sold more than 70,000 homes at 13 Sun City communities over the past 40 years. Del Webb's active adult communities (primarily the Sun City communities) are generally large-scale, master planned communities with extensive amenities for people age 55 and over. Del Webb designs, develops and markets these communities, usually controlling all phases of the master plan development process from land selection through construction and sale of homes. Del Webb also develops family and country club communities open to people of all ages in the metropolitan or market areas in which active adult communities are developed. As of June 30, 2000, Del Webb offered homes in 15 communities (including 8 Sun City communities) at prices ranging from \$75,000 to \$518,000 (sales prices of homes offered for sale in the majority of the Del Webb communities fall within the range of \$104,000 to \$400,000), with an average price of \$237,000.

The Del Webb acquisition offers us the following strategic benefits:

strengthen our position in the nation's fastest growing homebuilding markets;

enhance our overall land position;

increase our presence in the retirement/active adult market segments;

enable us to capture greater financial services revenues and other ancillary revenues;

increase our size in terms of revenue and earnings;

enhance our competitive position and provide economies of scale;

provide us with operational savings and purchasing leverage; and

enhance our internet and broadband activities.

Our executive offices are located at 33 Bloomfield Hills Parkway, Suite 200, Bloomfield Hills, Michigan 48304, and our telephone number is (248) 647-2750.

USE OF PROCEEDS

This exchange offer is intended to satisfy our obligations under the registration rights agreement entered into in connection with the issuance of the original notes. We will not receive any cash proceeds from the issuance of the new

notes in the exchange offer.

We used the net proceeds of the offering of the original notes to repay certain indebtedness of Del Webb and its subsidiaries and to pay certain fees and costs associated with the acquisition of Del Webb.

THE EXCHANGE OFFER

Purpose and Effect

We sold the original 7 7/8% Senior Notes on August 6, 2001 in a transaction exempt from the registration requirements of the Securities Act. Therefore, those notes are subject to significant restrictions on resale. In connection with this issuance, we entered into a registration rights agreement with the initial purchasers under which we agreed to file an exchange offer registration statement under the Securities Act and, upon effectiveness of the registration statement, offer to you the opportunity to exchange your original 7 7/8% Senior Notes for a like principal amount of registered 7 7/8% Senior Notes.

Under existing interpretations of the Securities Act by the staff of the SEC contained in several no-action letters to third parties, and subject to the immediately following sentence, we believe that the new notes would generally be freely transferable by holders after the exchange offer without further registration under the Securities Act (subject to certain representations required to be made by each holder of senior notes, as set forth below). However, any purchaser of original notes who is one of our affiliates, who intends to participate in the exchange offer for the purpose of distributing the new notes or who is a broker-dealer who purchased senior notes from Pulte to resell pursuant to Rule 144A or any other available exemption under the Securities Act, (1) will not be able to rely on the interpretations of the staff of the SEC, (2) will not be able to tender its original notes in the exchange offer and (3) must comply with the registration and prospectus delivery requirements of the Securities Act in connection with any sale or transfer of the senior notes unless such sale or transfer is made pursuant to an exemption from such requirements.

If you wish to exchange your original notes for new notes in the exchange offer, you will be required to make certain representations. These representations include that:

any new notes to be received by you will be acquired in the ordinary course of your business;

you have no arrangement or understanding with any person to participate in the distribution of the original notes or new notes;

you are not our affiliate (as defined in Rule 405 under the Securities Act);

if you are not a broker-dealer, you are not engaged in, and do not intend to engage in, the distribution of the new notes;

if you are a broker-dealer, you will receive new notes for your own account in exchange for original notes that acquired as a result of market-making activities or other trading activities and that you will deliver a prospectus in connection with any resale of such new notes; and

you are not acting on behalf of any person who could not truthfully make the foregoing representations.

Terms of the Exchange Offer

We are offering to exchange \$500 million in aggregate principal amount of our 7 7/8% Senior Notes due 2011 that have been registered under the Securities Act for a like principal amount of our outstanding unregistered 7 7/8% Senior Notes due 2011.

Upon the terms and subject to the conditions set forth in this prospectus and in the accompanying letter of transmittal, we will accept all original notes validly tendered and not withdrawn before 5:00 p.m., New York City

time, on the expiration date of the exchange offer. We will issue \$1,000 principal amount of new notes in exchange for each \$1,000 principal amount of outstanding original notes we accept in the exchange offer. You may tender some or all of your original notes under the exchange offer. However, the original notes are issuable in authorized denominations of \$100,000 and integral multiples of \$1,000 in excess thereof. Accordingly, original notes may be tendered only in denominations of \$100,000 and integral multiples of \$1,000 in excess thereof and, if you do not tender all of your original notes, you must retain at

least \$100,000 of original 7 7/8% Senior Notes. The exchange offer is not conditioned upon any minimum amount of original notes being tendered.

The form and terms of the new notes will be the same as the form and terms of the original notes, except that:

the new notes will be registered under the Securities Act and, thus, will not be subject to the restrictions on transfer or bear legends restricting their transfer;

all of the new notes will be represented by global notes in book-entry form unless exchanged for notes in definitive certificated form under the limited circumstances described under DESCRIPTION OF THE NEW NOTES Global Notes and Book-Entry System ;

the new notes will not provide for the payment of additional interest under circumstances relating to the timing of the exchange offer; and

the new notes will be issuable in denominations of \$1,000 and integral multiples thereof.

The new notes will evidence the same debt as the original notes and will be issued under, and be entitled to the benefits of, the indenture, as supplemented, governing the original notes. The new notes will accrue interest from the most recent date to which interest has been paid or, if no interest has been paid, from date of issuance of the original notes. Accordingly, registered holders of new notes on the record date for the first interest payment date following the completion of the exchange offer will receive interest accrued from the most recent date to which interest has been paid or, if no interest has been paid, from the date of issuance of the original notes. However, if that record date occurs prior to completion of the exchange offer, then the interest payable on the first interest payment date following the completion of the exchange offer will be paid to the registered holders of the original notes on that record date.

In connection with the exchange offer, you do not have any appraisal or dissenters' rights under the Business Corporation Act of the State of Michigan or the indenture, as supplemented. We intend to conduct the exchange offer in accordance with the registration rights agreement and the applicable requirements of the Securities Exchange Act of 1934 and the rules and regulations of the SEC.

We will be deemed to have accepted validly tendered original notes when, as and if we have given oral or written notice of our acceptance to the exchange agent. The exchange agent will act as agent for the tendering holders for the purpose of receiving the new notes from us. If we do not accept any tendered notes because of an invalid tender or for any other reason, we will return certificates for any unaccepted original notes without expense to the tendering holder as promptly as practicable after the expiration date.

Expiration Date; Amendments

The exchange offer will expire at 5:00 p.m., New York City time, on January 31, 2002, unless we, in our sole discretion, extend the exchange offer. If we determine to extend the exchange offer, we will notify the exchange agent of any extension by oral or written notice and give each registered holder notice of the extension by means of a press release or other public announcement before 9:00 a.m., New York City time, on the next business day after the previously scheduled expiration date. We reserve the right, in our sole discretion, to delay accepting any original notes, to extend the exchange offer or to amend or terminate the exchange offer if any of the conditions described below under Conditions have not been satisfied or waived by giving oral or written notice to the exchange agent of the delay, extension, amendment or termination. Further, we reserve the right, in our sole discretion, to amend the terms of the exchange offer in any manner. We will notify you as promptly as practicable of any extension, amendment or termination.

Procedures for Tendering Original Notes

Any tender of original notes that is not withdrawn prior to the expiration date will constitute a binding agreement between the tendering holder and us upon the terms and subject to the conditions set forth in

this prospectus and in the accompanying letter of transmittal. A holder who wishes to tender original notes in the exchange offer must do either of the following:

properly complete, sign and date the letter of transmittal, including all other documents required by the letter of transmittal; have the signature on the letter of transmittal guaranteed if the letter of transmittal so requires; and mail or deliver that letter of transmittal and other required documents to the exchange agent at the address listed below under Exchange Agent on or before the expiration date; or

if the original notes are tendered under the book-entry transfer procedures described below, transmit to the exchange agent on or before the expiration date an agent's message.

In addition, one of the following must occur:

the exchange agent must receive certificates representing your original notes, along with the letter of transmittal, on or before the expiration date; or

the exchange agent must receive a timely confirmation of book-entry transfer of the original notes into the exchange agent's account at DTC under the procedure for book-entry transfers described below, along with the letter of transmittal or a properly transmitted agent's message, on or before the expiration date; or

the holder must comply with the guaranteed delivery procedures described below.

The term agent's message means a message, transmitted by the book-entry transfer facility to and received by the exchange agent and forming a part of the book-entry confirmation, which states that the book-entry transfer facility has received an express acknowledgment from the tendering participant stating that the participant has received and agrees to be bound by the letter of transmittal and that we may enforce the letter of transmittal against the participant. The method of delivery of original notes, the letter of transmittal and all other required documents to the exchange agent is at your election and risk. Rather than mail these items, we recommend that you use an overnight or hand delivery service. In all cases, you should allow sufficient time to assure timely delivery to the exchange agent before the expiration date. Do not send letters of transmittal or original notes to us.

Generally, an eligible institution must guarantee signatures on a letter of transmittal or a notice of withdrawal unless the original notes are tendered:

by a registered holder of the original notes who has not completed the box entitled Special Issuance Instructions or Special Delivery Instructions on the letter of transmittal; or

for the account of an eligible institution.

If signatures on a letter of transmittal or a notice of withdrawal are required to be guaranteed, the guarantee must be by a firm which is:

a member of a registered national securities exchange;

a member of the National Association of Securities Dealers, Inc.;

a commercial bank or trust company having an office or correspondent in the United States; or

another eligible institution within the meaning of Rule 17Ad-15 under the Securities Exchange Act.

If the letter of transmittal is signed by a person other than the registered holder of any outstanding original notes, the original notes must be endorsed or accompanied by appropriate powers of attorney. The power of attorney must be signed by the registered holder exactly as the registered holder(s) name(s) appear(s) on the original notes and an

eligible institution must guarantee the signature on the power of attorney.

If the letter of transmittal or any original notes or powers of attorney are signed by trustees, executors, administrators, guardians, attorneys-in-fact, officers of corporations or others acting in a fiduciary or representative capacity, these persons should so indicate when signing. Unless waived by us, they should also submit evidence satisfactory to us of their authority to so act. If you wish to tender original notes that are registered in the name of a broker, dealer, commercial bank, trust company or other nominee, you should promptly instruct the registered holder to tender on your behalf.

If you wish to tender on your behalf, you must, before completing the procedures for tendering original notes, either register ownership of the original notes in your name or obtain a properly completed bond power from the registered holder. The transfer of registered ownership may take considerable time.

We will determine in our sole discretion all questions as to the validity, form, eligibility, including time of receipt, and acceptance of original notes tendered for exchange. Our determination will be final and binding on all parties. We reserve the absolute right to reject any and all tenders of original notes not properly tendered or original notes our acceptance of which might, in the judgment of our counsel, be unlawful. We also reserve the absolute right to waive any defects, irregularities or conditions of tender as to any particular original notes. Our interpretation of the terms and conditions of the exchange offer, including the instructions in the letter of transmittal, will be final and binding on all parties. Unless waived, any defects or irregularities in connection with tenders of original notes must be cured within the time period we determine. Neither we, the exchange agent nor any other person will incur any liability for failure to give you notification of defects or irregularities with respect to tenders of your original notes.

By tendering, you will represent to us that, among other things:

the new notes acquired in the exchange offer are being acquired in the ordinary course of business of the person receiving the new notes;

neither you nor any other person receiving your new notes has any arrangement or understanding with any person to participate in the distribution of the new notes; and

neither you nor any other person receiving your new notes is our affiliate, as defined under Rule 405 of the Securities Act.

If you or the person receiving your new note is our affiliate, as defined under Rule 405 of the Securities Act, or is participating in the exchange offer for the purpose of distributing the new notes, you or that other person (1) cannot rely on the applicable interpretations of the staff of the SEC and (2) must comply with the registration and prospectus delivery requirements of the Securities Act in any resale transaction.

If you are a broker-dealer and you will receive new notes for your own account in exchange for original notes, where such original notes were acquired as a result of market-making activities or other trading activities, you must acknowledge that you will deliver a prospectus in connection with any resale of the new notes.

Acceptance of Original Notes for Exchange; Delivery of New Notes

Upon satisfaction of all conditions to the exchange offer, we will accept, promptly after the expiration date, all original notes properly tendered and will issue the new notes promptly after acceptance of the original notes.

For purposes of the exchange offer, we shall be deemed to have accepted properly tendered original notes for exchange when, as and if we have given oral or written notice of that acceptance to the exchange agent. For each original note accepted for exchange, you will receive a new note having a principal amount equal to that of the surrendered original note.

In all cases, we will issue new notes for original notes that we have accepted for exchange under the exchange offer only after the exchange agent timely receives (1) certificates for your original notes or a timely confirmation of book-entry transfer of your original notes into the exchange agent's account at DTC

and (2) a properly completed and duly executed letter of transmittal and all other required documents or a properly transmitted agent's message. If we do not accept any tendered original notes for any reason set forth in the terms of the exchange offer or if you submit original notes for a greater principal amount than you desire to exchange, we will return the unaccepted or non-exchanged original notes without expense to you. In the case of original notes tendered by book-entry transfer into the exchange agent's account at DTC under the book-entry procedures described below, we will credit the non-exchanged original notes to your account maintained with DTC.

Book-Entry Transfer

We understand that the exchange agent will make a request within two business days after the date of this prospectus to establish accounts for the original notes at DTC for the purpose of facilitating the exchange offer, and any financial institution that is a participant in DTC's system may make book-entry delivery of original notes by causing DTC to transfer the original notes into the exchange agent's account at DTC in accordance with DTC's procedures for transfer. Although delivery of original notes may be effected through book-entry transfer at DTC, the exchange agent must receive a properly completed and duly executed letter of transmittal with any required signature guarantees, or an agent's message instead of a letter of transmittal, and all other required documents at its address listed below under Exchange Agent on or before the expiration date, or if you comply with the guaranteed delivery procedures described below, within the time period provided under those procedures.

Guaranteed Delivery Procedures

If you wish to tender your original notes and your original notes are not immediately available, or you cannot deliver your original notes, the letter of transmittal or any other required documents or comply with DTC's procedures for transfer before the expiration date, then you may participate in the exchange offer if:

(1) the tender is made through an eligible institution;

(2) before the expiration date, the exchange agent receives from the eligible institution a properly completed and duly executed notice of guaranteed delivery, substantially in the form provided by us, by facsimile transmission, mail or hand delivery, containing (a) the name and address of the holder and the principal amount of original notes tendered, (b) a statement that the tender is being made thereby and (c) a guarantee that within three New York Stock Exchange trading days after the expiration date, the certificates representing the original notes in proper form for transfer or a book-entry confirmation and any other documents required by the letter of transmittal will be deposited by the eligible institution with the exchange agent;
and

(3) the exchange agent receives the properly completed and executed letter of transmittal as well as certificates representing all tendered original notes in proper form for transfer, or a book-entry confirmation, and all other documents required by the letter of transmittal within three New York Stock Exchange trading days after the expiration date.

Withdrawal Rights

You may withdraw your tender of original notes at any time before the expiration date of the exchange offer. For a withdrawal to be effective, the exchange agent must receive a written notice of withdrawal at its address listed below under Exchange Agent. The notice of withdrawal must:

specify the name of the person who tendered the original notes to be withdrawn;

identify the original notes to be withdrawn, including the principal amount, or, in the case of original notes tendered by book-entry transfer, the name and number of the DTC account to be credited, and otherwise comply with the procedures of DTC; and

if certificates for original notes have been transmitted, specify the name in which those original notes are registered if different from that of the withdrawing holder.

If you have delivered or otherwise identified to the exchange agent the certificates for original notes, then, before the release of such certificates, you must also submit the serial numbers of the particular certificates to be withdrawn and a signed notice of withdrawal with signatures guaranteed by an eligible institution, unless the holder is an eligible institution.

We will determine in our sole discretion all questions as to the validity, form and eligibility, including time of receipt, of notices of withdrawal. Our determination will be final and binding on all parties. Any original notes so withdrawn will be deemed not to have been validly tendered for purposes of the exchange offer. We will return any original notes that have been tendered but that are not exchanged for any reason to the holder, without cost, as soon as practicable after withdrawal, rejection of tender or termination of the exchange offer. In the case of original notes tendered by book-entry transfer into the exchange agent's account at DTC, the original notes will be credited to an account maintained with DTC for the original notes. You may retender properly withdrawn original notes by following one of the procedures described under "Procedures for Tendering Original Notes" at any time on or before the expiration date.

Conditions

Notwithstanding any other term of the exchange offer, we will not be required to accept for exchange, or exchange new notes for, any original notes if:

(1) any action or proceeding is instituted or threatened in any court or by or before any governmental agency with respect to the exchange offer which, in our judgment, would reasonably be expected to impair our ability to proceed with the exchange offer; or

(2) the exchange offer, or the making of any exchange by a holder of original notes, would violate any applicable law or applicable interpretation by the staff of the SEC.

The conditions listed above are for our sole benefit and we may assert them regardless of the circumstances giving rise to any condition. We may waive these conditions in our discretion in whole or in part at any time and from time to time. If we fail at any time to exercise any of the above rights, the failure will not be deemed a waiver of those rights, and those rights will be deemed ongoing rights which may be asserted at any time and from time to time.

Fees and Expenses

We will pay the expenses of the exchange offer. We will not make any payments to brokers, dealers or others soliciting acceptances of the exchange offer. We are making the principal solicitation by mail; however, our officers and employees may make additional solicitations by facsimile transmission, e-mail, telephone or in person. You will not be charged a service fee for the exchange of your notes, but we may require you to pay any transfer or similar government taxes in certain circumstances.

Transfer Taxes

You will not be obligated to pay any transfer taxes, unless you instruct us to register new notes in the name of, or request that original notes not tendered or not accepted in the exchange offer be returned to, a person other than the registered tendering holder.

Consequences of Failure to Exchange Original Notes

If you are eligible to participate in the exchange offer but do not tender your original notes, you will not have any further registration rights. Your original notes will continue to be subject to restrictions on transfer. Accordingly, you may resell the original notes that are not exchanged only:

to us;

so long as the original notes are eligible for resale under Rule 144A under the Securities Act, to a person whom you reasonably believe is a qualified institutional buyer within the meaning of Rule 144A purchasing for its own account or for the account of a qualified institutional buyer in a transaction meeting the requirements of Rule 144A;

in accordance with Rule 144 under the Securities Act or another exemption from the registration requirements of the Securities Act;

to an institutional accredited investor (as defined in Rule 501(a)(1), (2), (3) or (7) under the Securities Act) that is acquiring the notes for its own account or for the account of an institutional accredited investor for investment purposes and not with a view to, or for offer or sale in connection with, any distribution in violation of the Securities Act; or

under any effective registration statement under the Securities Act;

in each case in accordance with all other applicable securities laws. We do not intend to register the original notes under the Securities Act.

DESCRIPTION OF THE NEW NOTES

You can find the definitions of some terms used in this description under the caption Certain Definitions. Unless otherwise stated or the context otherwise requires, references in this section to:

the term senior notes refers to the original notes and new notes, collectively; and

the indenture are references to the indenture dated as of October 24, 1995, as supplemented by the Indenture Supplement dated as of August 27, 1997, the Indenture Supplement dated as of March 20, 1998, the Indenture Supplement dated as of January 31, 1999, two Indenture Supplements each dated as of April 3, 2000, the Indenture Supplement dated as of February 21, 2001, the Indenture Supplement dated as of July 31, 2001, and the Indenture Supplement dated August 6, 2001, between Pulte, as issuer, the subsidiary guarantors named therein, (the Guarantors) and Bank One Trust Company, National Association (successor-in-interest to The First National Bank of Chicago), as Trustee.

We will issue the new notes under the indenture. We have summarized selected provisions of the Indenture below. The summary is not complete. Copies of the Indenture are available to prospective purchasers of the new notes upon request made to us. You should read the Indenture for provisions that may be important to you. Capitalized terms have the meanings assigned to them in the Indenture.

Principal, Maturity and Interest

The Indenture does not limit the amount of debt securities that we may issue. We may issue debt securities under the Indenture from time to time in one or more series. The original notes and the new notes will constitute a single series of debt securities under the Indenture and will vote together as a single class for purposes of determining whether holders of the requisite percentage in principal amount thereof have taken actions or exercised rights they are entitled to take or exercise under the Indenture.

The new notes will be unsecured and unsubordinated obligations of Pulte Homes, Inc. and will rank equally and ratably with our other unsecured and unsubordinated indebtedness.

We conduct our operations through our subsidiaries and, therefore, we are primarily dependent on the earnings and cash flows of our subsidiaries to meet our debt service obligations. Except as described below with regard to certain Del Webb senior subordinated notes, there currently are no restrictions on the ability of our subsidiaries (including the subsidiaries that are not Guarantors) to provide funds to us to meet our debt service obligations.

The indentures relating to Del Webb's senior subordinated notes contain restricted payment covenants which restrict the ability of Del Webb and its subsidiaries, certain of which will become Guarantors, to engage in dividends, distributions and other restricted payments as defined therein, which would limit their ability to transfer funds to us in order to enable us to meet our debt service obligations. As a result of the closing of the Del Webb acquisition, we were required to make a change of control offer to repurchase certain of the Del Webb senior subordinated notes. The holders of these Del Webb senior subordinated notes are not required to accept such offer. On August 1, 2001, we called for redemption all of the outstanding principal amount of Del Webb's 9 3/4% senior subordinated notes due 2003, of which on July 31, 2001 there was \$100 million principal amount outstanding. On August 27, 2001, we made change of control offers to repurchase all of the Del Webb senior subordinate notes, except for the 9 3/4% senior subordinated notes due 2003, which had already been redeemed. Del Webb has the right to redeem all other of its outstanding senior subordinated notes, at its option, at varying prepayment premiums, in the future.

Any right we have or our creditors have to participate in the assets of any of our subsidiaries upon any liquidation or reorganization of any such subsidiary will be subject to the prior claims of that subsidiary's creditors, including trade creditors. Accordingly, the new notes will also be effectively subordinated to the creditors of our subsidiaries. The new notes will, however, have the benefit of the Guarantees from the Guarantors, which consist of all of our US homebuilding subsidiaries. The Guarantees from the Guarantors, however, are unsecured, and accordingly, will be effectively subordinated to the secured debt of the Guarantors. Our subsidiaries are separate and distinct legal entities and have no obligation, contingent or otherwise, to pay any amounts due pursuant to the new notes or to make any funds available therefor, whether by dividends, loans or other payments, other than as expressly provided in the Guarantees. The payment of dividends or the making of loans and advances to us by our subsidiaries are subject to contractual, statutory or regulatory restrictions, are contingent upon the earnings of those subsidiaries and are subject to various business considerations.

The new notes will mature on August 1, 2011. Interest on the new notes will accrue at a rate of 7 7/8% per annum, will be computed on the basis of a 360-day year of twelve 30-day months and will be payable semiannually in arrears on each August 1 and February 1 (each an Interest Payment Date), commencing on February 1, 2002. We will pay interest to the persons in whose names the new notes are registered at the close of business on July 15 or January 15,

as the case may be, before any Interest Payment Date.

We expect that payments of principal, premium, if any, and interest to owners of beneficial interests in global notes will be made in accordance with the procedures of The Depository Trust Company (DTC) and its participants in effect from time to time. DTC will act as the Depository for the global notes.

The new notes will not be entitled to the benefit of any sinking fund or mandatory redemption provisions.

The new notes will be issued only in fully registered form without coupons, in denominations of \$1,000 and integral multiples thereof. The new notes will initially be represented by one or more global notes in book-entry form. See Global Notes and Book-Entry System.

The principal of, premium, if any, and interest on the new notes will be payable, and, subject to the restrictions on transfer described herein, the new notes may be surrendered for registration of transfer or exchange, at the office or agency maintained by us for that purpose in the Borough of Manhattan, The City of New York; provided that payments of interest may be made at our option by check mailed to the address of the persons entitled thereto or by transfer to an account maintained by the payee with a bank located in the United States. The office or agency initially maintained by us for the foregoing purposes shall be the office of the Trustee. No service charge will be made for any registration of transfer or exchange of the new notes, but we may require payment of a sum sufficient to cover any tax or other governmental charge payable in connection herewith.

If any Interest Payment Date or maturity date of any of the new notes is not a business day at any place of payment, then payment of principal, premium, if any, and interest need not be made at such place of payment on that date but may be made on the next succeeding business day at that place of payment, and no interest will accrue on the amount payable for the period from and after such Interest Payment Date or maturity date, as the case may be.

The Indenture does not limit the amount of indebtedness that we or our subsidiaries may issue. The Indenture does not contain covenants or other provisions designed to afford holders of the new notes protection in the event of a highly leveraged transaction, change in credit rating or other similar occurrence.

We do not intend to apply for the listing of the new notes on a national securities exchange or quotation system.

We expect that interests in the global notes will trade in DTC's Same-Day Funds Settlement System and secondary market trading activity in these interests will therefore be required by DTC to settle in immediately available funds.

Guarantees

Payment of principal of, premium, if any, and interest on the new notes will be guaranteed, jointly and severally, on a senior basis by all of the Guarantors. Each Guarantee will be an unsecured senior obligation of the Guarantor issuing such Guarantee, ranking equal in right of payment with all existing and future Guarantor Senior Indebtedness.

The Indenture provides that, in the event any Guarantee would constitute or result in a violation of any applicable fraudulent conveyance or similar law of any relevant jurisdiction, the liability of the Guarantor under such Guarantee shall be reduced to the maximum amount, after giving effect to all other contingent and other liabilities of such Guarantor, permissible under the applicable fraudulent conveyance or similar law.

Optional Redemption

We may, at our option, redeem the new notes in whole at any time or in part from time to time, on at least 30 but not more than 60 days prior notice, at a redemption price equal to the greater of:

100% of their principal amount, and

the present value of the Remaining Scheduled Payments (as defined below) on the new notes being redeemed on the redemption date, discounted to the date of redemption, on a semiannual basis, at the Treasury Rate (as defined below) plus 40 basis points (0.40%).

We will also accrue interest on the new notes to the date of redemption. In determining the redemption price and accrued interest, interest shall be calculated on the basis of a 360-day year consisting of twelve 30-day months.

If money sufficient to pay the redemption price of and accrued interest on the new notes to be redeemed is deposited with the Trustee on or before the redemption date, on and after the redemption date interest will cease to accrue on the new notes (or such portions thereof) called for redemption and the new notes will cease to be outstanding.

Comparable Treasury Issue means the United States Treasury security selected by the Reference Treasury Dealer as having a maturity comparable to the remaining term of the new notes to be redeemed that would be utilized, at the time of selection and in accordance with customary financial practice in pricing new issues of corporate debt securities of comparable maturity to the remaining term of such new notes.

Comparable Treasury Price means, with respect to any redemption date, (1) the average of the bid and asked prices for the Comparable Treasury Issue (expressed in each case as a percentage of its principal amount) on the third business day preceding such redemption date, as set forth in the daily statistical release (or any successor release) published by the Federal Reserve Bank of New York and designated Composite 3:30 p.m. Quotations for U.S. Government Securities or (2) if such release (or any successor release) is not published or does not contain such price on such business day, (A) the average of the Reference Treasury Dealer Quotations for such redemption date, after excluding the highest and lowest such Reference Treasury Dealer Quotations, or (B) if the Trustee obtains fewer than four such Reference Treasury Dealer Quotations, the average of all such Quotations.

Reference Treasury Dealer means (A) Salomon Smith Barney Inc. or one of the other initial purchasers (or their respective affiliates which are Primary Treasury Dealers), and their respective successors; provided, however, that if any of the foregoing shall cease to be a primary U.S. Government securities dealer in New York City (a Primary Treasury Dealer), we will substitute therefor another Primary Treasury Dealer; and (B) any other Primary Treasury Dealer(s) selected by us.

Reference Treasury Dealer Quotations means, with respect to each Reference Treasury Dealer and any redemption date, the average, as determined by the Trustee, of the bid and asked prices for the Comparable Treasury Issue (expressed in each case as a percentage of its principal amount) quoted in writing to the Trustee by such Reference Treasury Dealer at 5:00 p.m. on the third business day preceding such redemption date.

Remaining Scheduled Payments means, with respect to any new note, the remaining scheduled payments of the principal thereof to be redeemed and interest thereon that would be due after the related redemption date but for such redemption; provided, however, that, if such redemption date is not an interest payment date with respect to such new note, the amount of the next succeeding scheduled interest payment thereon will be reduced by the amount of interest accrued thereon to such redemption date.

Treasury Rate means, with respect to any redemption date, the rate per annum equal to the semiannual equivalent yield to maturity of the Comparable Treasury Issue, assuming a price for the Comparable Treasury Issue (expressed as a percentage of its principal amount) equal to the Comparable Treasury Price for such redemption date.

Repurchase of the New Notes at the Option of the Holder

In the event of any Change in Control Triggering Event occurring on or prior to maturity, each holder of new notes will have the right, at the holder's option, subject to the terms and conditions of the Indenture, to require us to purchase all or any part (provided that the principal amount is \$1,000 or an integral multiple thereof) of such holder's new notes on the date that is not less than 30 nor more than 60 business days after the occurrence of such Change in Control Triggering Event (the Change in Control Purchase Date) at a cash price equal to the principal amount thereof plus accrued interest to the Change in Control Purchase Date (the Change in Control Purchase Price).

Within 15 business days after the Change in Control Triggering Event, we are obligated to mail to the Trustee and to all holders at their addresses shown in the Securities Register (and to beneficial owners as required by applicable law) a notice regarding the Change in Control Triggering Event, which notice shall state, among other things: (i) the date by which the Change in Control Purchase Notice (as defined below) must be given by such holder, (ii) the Change in Control Purchase Price, (iii) the Change in Control Purchase Date, (iv) the name and address of the Trustee and of any other office or agency maintained for the purpose of the surrender of new notes for purchase, (v) the procedures for withdrawing a Change in Control Purchase Notice and (vi) the procedures that holders must follow to exercise these rights. We will cause a copy of such notice to be published in a daily newspaper of national circulation.

To exercise this right, the holder must deliver written notice (a Change in Control Purchase Notice) to the Trustee or to any other office or agency maintained for such purpose, of the exercise of such right prior to the close of business on the business day immediately prior to the Change in Control Purchase Date. The Change in Control Purchase Notice must state (i) the cusip number and the certificate number, if applicable, of the new notes to be delivered by the holder for purchase by us; (ii) the portion of the principal amount of new notes to be purchased, which portion must be \$1,000 or an integral multiple thereof; and (iii) that such new notes will be submitted for purchase by us on the Change in Control Purchase Date pursuant to the applicable provisions of the new notes.

Any Change in Control Purchase Notice may be withdrawn by the holder by a written notice of withdrawal delivered to the Trustee or to any other office or agency maintained for such purpose on the business day immediately prior to the Change in Control Purchase Date. The notice of withdrawal shall state the principal amount of the new notes as to which the withdrawal notice relates and the principal amount, if any, which remains subject to the original Change in Control Purchase Notice.

Payment of the Change in Control Purchase Price for a new note for which a Change in Control Purchase Notice has been delivered and not withdrawn is conditioned upon delivery of such note (together with any endorsements) to the Trustee or to any other office or agency maintained for such purpose, at any time (whether prior to, on or after the Change in Control Purchase Date) after delivery of such Change in Control Purchase Notice. Payment of the Change in Control Purchase Price for such note will be made promptly following the later of the Change in Control Purchase Date or the time of delivery of such note. If we have deposited with the Trustee, in accordance with the Indenture, money sufficient to pay the Change in Control Purchase Price of such note on the Change in Control Purchase Date, then, on and after the Change in Control Purchase Date, such note shall cease to be outstanding and interest on such note will cease to accrue, whether or not such note is delivered to the Trustee or to any other office or agency maintained for such purpose, and all other rights of the holder shall terminate (other than the right to receive the Change in Control Purchase Price upon delivery of the note). In accordance with the Indenture, no note may be purchased pursuant to a Change in Control Triggering Event if there has occurred and is continuing an Event of Default described below under Events of Default (other than a default in the payment of the Change in Control Purchase Price with respect to such senior notes).

We shall make all filings required under and comply with all federal and state securities laws regulating the purchase of senior notes at the option of holders upon a Change in Control Triggering Event, including, if applicable,

Section 14(e) of the Exchange Act and Rule 14e-1 promulgated thereunder and any other applicable tender offer rules.

The Change in Control Triggering Event purchase feature of the new notes may in certain circumstances make it more difficult or discourage a change of control transaction or the removal of incumbent management. If such a Change in Control Triggering Event were to occur, there can be no assurance that we would have sufficient funds to pay the Change in Control Purchase Price for all new notes tendered by the holders thereof. A default by us on our obligation to pay the Change in Control Purchase Price could result in acceleration of the payment of our other Indebtedness at the time outstanding.

Change in Control means, with regard to us, the occurrence of (i) any consolidation, share exchange or merger in which we are not the continuing or surviving corporation or pursuant to which our voting stock would be converted into cash, securities or other property, other than, in any case, a merger in which the holders of our voting stock immediately prior to the merger have the same or greater proportionate ownership directly or indirectly, of the voting stock of the surviving corporation immediately after the merger as they had of our voting stock immediately before the merger, or (ii) any person, including our affiliates (other than Pulte, our Restricted Subsidiaries, our or our subsidiaries employee stock ownership plans or employee benefit plans, or a Permitted Holder) filing a Schedule 13D or 14D-1 (or any successor schedule, form or report under the Exchange Act) disclosing that such person has become the beneficial owner of 50% or more of our voting stock.

In view of such definition, a Change in Control will not occur, and a Change in Control Triggering Event will not arise in connection with, among other things, any Permitted Holder becoming the beneficial owner of 50% or more of our voting stock.

Change in Control Triggering Event means the occurrence of both a Change in Control and Rating Decline.

Investment Grade means a rating of BBB- or higher by S&P and Baa3 or higher by Moody's or the equivalent of such ratings by S&P or Moody's.

Moody's means Moody's Investors Services, Inc. and its successors.

Permitted Holder means (i) William J. Pulte, (ii) any of his respective affiliates, parents, spouses, descendants, and spouses of descendants, (iii) any trusts or other entities controlled by Mr. Pulte and (iv) in the event of the death or incapacity of Mr. Pulte or any of the persons referred to in clause (ii) above, their respective estates, heirs, executors, administrators or other personal representatives.

In determining whether the rating of the senior notes has decreased by one or more gradations, gradations within Rating Categories (+ and - for S&P; 1, 2 and 3 for Moody's; or the equivalent gradations for another Rating Agency) shall be taken into account (e.g., with respect to S&P, a decline in rating from BB+ to BB will constitute a decrease of one gradation).

event the new notes are rated by either Moody's or S&P on the Rating Date as Investment Grade, the rating of the new notes by both such Rating Agencies below Investment Grade, or (b) in the event the new notes are rated below Investment Grade by both such Rating Agencies on the Rating Date, the rating of the new notes by either Rating Agency is decreased by one or more gradations (including gradations within Rating Categories as well as between Rating Categories).

Certain Covenants

Restrictions on Secured Debt. The Indenture provides that we will not, and will not cause or permit a Restricted Subsidiary to, create, incur, assume or guarantee any Secured Debt unless the new notes will be secured equally and ratably with (or prior to) such Secured Debt, with certain exceptions. This restriction does not prohibit the creation, incurrence, assumption or guarantee of Secured Debt which is secured by:

(1) Security Interests on model homes, homes held for sale, homes that are under contract for sale, contracts for the sale of homes, land (improved or unimproved), manufacturing plants, warehouses or office buildings and fixtures and equipment located thereat, or thereon;

(2) Security Interests on property at the time of its acquisition by us or a Restricted Subsidiary, which Security Interests secure obligations assumed by us or a Restricted Subsidiary, or on the property of a corporation or other entity at the time it is merged into or consolidated with us or a Restricted Subsidiary (other than Secured Debt created in contemplation of the acquisition of such property or the consummation of such a merger or where the Security Interest attaches to or affects our property or the property of a Restricted Subsidiary prior to such transaction);

(3) Security Interests arising from conditional sales agreements or title retention agreements with respect to property acquired by us or a Restricted Subsidiary; and

(4) Security Interests securing Indebtedness of a Restricted Subsidiary owing to us or to another Restricted Subsidiary that is wholly-owned (directly or indirectly) by us or Security Interests securing our Indebtedness owing to a Guarantor.

Additionally, such permitted Secured Debt includes any amendment, restatement, supplement, renewal, replacement, extension or refunding in whole or in part, of Secured Debt permitted at the time of the original incurrence thereof.

In addition, we and our Restricted Subsidiaries may create, incur, assume or guarantee Secured Debt, without equally and ratably securing the new notes, if immediately thereafter the sum of (1) the aggregate principal amount of all Secured Debt outstanding (excluding Secured Debt permitted under clauses (1) through (4) above and any Secured Debt in relation to which the new notes have been equally and ratably secured) and (2) all Attributable Debt (as defined below) in respect of Sale and Leaseback Transactions (as defined below) (excluding Attributable Debt in respect of Sale and Leaseback Transactions as to which the net proceeds of the property sold or transferred are applied to retire Indebtedness or to the purchase of property as described under *Restrictions on Sale and Leaseback Transactions*) as of the date of determination would not exceed 20% of Consolidated Net Tangible Assets (as defined below).

The provisions described above with respect to limitations on Secured Debt are not applicable to Non-Recourse Land Financing (as defined below) by virtue of the definition of Secured Debt, and will not restrict or limit our or our Restricted Subsidiaries' ability to create, incur, assume or guarantee any unsecured Indebtedness, or of any subsidiary

which is not a Restricted Subsidiary to create, incur, assume or guarantee any secured or unsecured Indebtedness.

Restrictions on Sale and Lease-back Transactions. The Indenture provides that we will not, and will not permit any Restricted Subsidiary to, enter into any Sale and Leaseback Transaction, unless:

(1) notice is promptly given to the Trustee of the Sale and Leaseback Transaction;

(2) fair value is received by us or the relevant Restricted Subsidiary for the property sold (as determined in good faith pursuant to a resolution of the Board of Directors of Pulte delivered to the Trustee); and

(3) we or a Restricted Subsidiary, within 365 days after the completion of the Sale and Leaseback Transaction, applies an amount equal to the net proceeds therefrom either:

to the redemption, repayment or retirement of debt securities of any series under the Indenture (including the cancellation by the Trustee of any debt securities of any series delivered by Pulte to the Trustee), Senior Indebtedness of Pulte or Guarantor Senior Indebtedness, or

to the purchase by us or any Restricted Subsidiary of property substantially similar to the property sold or transferred.

In addition, we and our Restricted Subsidiaries may enter into a Sale and Leaseback Transaction if immediately thereafter the sum of (1) the aggregate principal amount of all Secured Debt outstanding (excluding Secured Debt permitted under clauses (1) through (4) described in *Restrictions on Secured Debt*, above or Secured Debt in relation to which the senior notes have been equally and ratably secured) and (2) all Attributable Debt in respect of Sale and Leaseback Transactions (excluding Attributable Debt in respect of Sale and Leaseback Transactions as to which the net proceeds of the property sold or transferred are applied to retire Indebtedness or to the purchase of property as described in clause (2) above) as of the date of determination would not exceed 20% of Consolidated Net Tangible Assets.

Certain Definitions

Attributable Debt means, in respect of a Sale and Leaseback Transaction, the present value (discounted at the weighted average effective interest cost per annum of the outstanding debt securities of all series, compounded semiannually) of the obligation of the lessee for rental payments during the remaining term of the lease included in such transaction, including any period for which such lease has been extended or may, at the option of the lessor, be extended or, if earlier, until the earliest date on which the lessee may terminate such lease upon payment of a penalty (in which case the obligation of the lessee for rental payments shall include such penalty), after excluding all amounts required to be paid on account of maintenance and repairs, insurance, taxes, assessments, water and utility rates and similar charges.

(1) all short-term liabilities, except for liabilities payable by their terms more than one year from the date of determination (or renewable or extendible at the option of the obligor for a period ending more than one year after such date) and liabilities in respect of retiree benefits other than pensions for which the Restricted Subsidiaries are required to accrue pursuant to Statement of Financial Accounting Standards No. 106;

(2) investments in subsidiaries that are not Restricted Subsidiaries, including, without limitation, PMC; and

Without limiting the generality of the foregoing, Guarantor Senior Indebtedness shall include the principal of, premium, if any, and interest (including interest accruing after the filing of a petition initiating any proceeding pursuant to any bankruptcy law, whether or not allowable as a claim in such proceeding) on all obligations of every nature of any Guarantor under the Bank Credit Facility, the Indenture and any interest rate or foreign exchange agreement now existing or hereinafter entered into by any Guarantor with any lender under the Bank Credit Facility, including, without limitation, all fees, expenses (including fees and expenses of counsel), claims, charges and indemnity obligations. Notwithstanding the foregoing, Guarantor Senior Indebtedness shall not include (1) Indebtedness of any Guarantor that is expressly subordinated in right of payment to such Guarantor's Guarantee, (2) Indebtedness of any Guarantor that by operation of law is subordinate to any general unsecured obligations of such Guarantor, (3) Indebtedness of any Guarantor to the extent incurred in violation of the restrictions described under Restrictions on Secured Debt and Restrictions on Sale and Lease-back Transactions, (4) Indebtedness of any Guarantor to Pulte or any of its Subsidiaries, (6) any liability for federal, state, local or other taxes owed or owing by any Guarantor, and (vii) trade payables owed or owing by any Guarantor.

Non-Recourse Land Financing means any Indebtedness of Pulte or any Restricted Subsidiary for which the holder of such Indebtedness has no recourse, directly or indirectly, to Pulte or such Restricted Subsidiary for the principal of,

premium, if any, and interest on such Indebtedness, and for which Pulte or

such Restricted Subsidiary is not, directly or indirectly, obligated or otherwise liable for the principal of, premium, if any, and interest on such Indebtedness, except pursuant to mortgages, deeds of trust or other Security Interests or other recourse, obligations or liabilities in respect of specific land or other real property interests of ours or such Restricted Subsidiary; provided that recourse, obligations or liabilities of ours or such Restricted Subsidiary solely for indemnities, covenants or breach of warranty representation or covenant in respect of any Indebtedness will not prevent Indebtedness from being classified as Non-Recourse Land Financing.

Redeemable Capital Stock means any capital stock of Pulte or any Subsidiary that, either by its terms, by the terms of any security into which it is convertible or exchangeable or otherwise, (1) is or upon the happening of an event or passage of time would be required to be redeemed on or prior to the final stated maturity of the securities or (2) is redeemable at the option of the holder thereof at any time prior to such final stated maturity or (3) is convertible into or exchangeable for debt securities at any time prior to such final stated maturity.

Restricted Subsidiary means any Guarantor and any other of our subsidiaries as of the date of the Indenture and any successor to such Guarantor or subsidiary other than (i) First Heights Bank, Pulte Financial Companies, Inc., PMC, Pulte Diversified Companies, Inc. or North American Builders Indemnity Corporation; (ii) Del Webb Mortgage Corporation and (iii) any successor to any of the subsidiaries described in clauses (i) and (ii).

Sale and Leaseback Transaction means a sale or transfer made by us or a Restricted Subsidiary (except a sale or transfer made to Pulte or another Restricted Subsidiary) of any property which is either (a) a manufacturing facility, office building or warehouse whose book value equals or exceeds 1% of Consolidated Net Tangible Assets as of the date of determination or (b) another property (not including a model home) which exceeds 5% of Consolidated Net Tangible Assets as of the date of determination, if such sale or transfer is made with the agreement, commitment or intention of leasing such property to Pulte or a Restricted Subsidiary.

Secured Debt means any Indebtedness which is secured by (i) a Security Interest in any of our property or the property of any Restricted Subsidiary or (ii) a Security Interest in shares of stock owned directly or indirectly by us or a Restricted Subsidiary in a corporation or in equity interests owned by us or a Restricted Subsidiary in a partnership or other entity not organized as a corporation or in our rights or the rights of a Restricted Subsidiary in respect of Indebtedness of a corporation, partnership or other entity in which we or a Restricted Subsidiary has an equity interest; provided that Secured Debt shall not include Non-Recourse Land Financing that consists exclusively of land under development, land held for future development or improved lots and parcels, as such categories of assets are determined in accordance with generally accepted accounting principles. The securing in the foregoing manner of any such Indebtedness which immediately prior thereto was not Secured Debt shall be deemed to be the creation of Secured Debt at the time security is given.

Security Interest means any mortgage, pledge, lien, encumbrance or other security interest which secures the payment or performance of an obligation.

Senior Indebtedness means the principal of (and premium, if any, on) and interest on (including interest accruing after the occurrence of an Event of Default or after the filing of a petition initiating any proceeding pursuant to any bankruptcy law whether or not such interest is an allowable claim in any such proceeding) and other amounts due on or in connection with any of our Indebtedness, whether outstanding on the date hereof or hereafter created, incurred or assumed, including under the debt securities and the Bank Credit Facility, unless, in the case of any particular Indebtedness, the instrument creating or evidencing the same or pursuant to which the same is outstanding expressly provides that such Indebtedness shall not be senior in right of payment to the debt securities. Notwithstanding the foregoing, Senior Indebtedness shall not include (1) our Indebtedness that is expressly subordinated in right of payment to any of our Senior Indebtedness, (2) our Indebtedness that by operation of law is subordinate to any of our general unsecured obligations, (3) our Indebtedness to any Subsidiary, (4) Indebtedness incurred in violation of the

restrictions described under Restrictions on Secured Debt and Restrictions

on Sale and Lease-back Transactions, (5) to the extent it might constitute Indebtedness, any liability for federal, state or local taxes or other taxes, owed or owing by us, and (6) to the extent it might constitute Indebtedness, trade account payables owed or owing by us.

Significant Subsidiary means any Subsidiary (i) whose revenues exceed 10% of our total revenues, in each case for the most recent fiscal year, or (ii) whose net worth exceeds 10% of our total stockholders' equity, in each case as of the end of the most recent fiscal year.

Subsidiary means any corporation of which at the time of determination by us, directly and/or indirectly through one or more Subsidiaries, owns more than 50% of the shares of Voting Stock.

Voting Stock means any class or classes of capital stock pursuant to which the holders thereof have the general voting power under ordinary circumstances to elect at least a majority of the board of directors, managers or trustees of any person (irrespective of whether or not, at the time, stock of any other class or classes shall have, or might have, voting power by reason of the happening of any contingency).

Consolidation, Merger and Sale of Assets

Neither we, the Guarantors nor the Restricted Subsidiaries will consolidate or merge into or sell, assign, transfer or lease all or substantially all of its assets to another person unless:

(1) the person is a corporation organized under the laws of the United States of America or any state thereof;

(2) the person assumes by supplemental indenture all the obligations of Pulte or such guarantor or Restricted Subsidiary, as the case may be, relating to the senior notes, the Guarantees and the Indenture, as the case may be, and shall also expressly assume by an amendment or supplement executed and delivered to the Trustee, in form satisfactory to the Trustee, all of our covenants and other obligations under the registration rights agreement; and

(3) immediately after the transaction no Event of Default exists; provided that this clause (3) will not restrict or be applicable to a merger, consolidation or liquidation of a Restricted Subsidiary or Guarantor with or into us or another subsidiary that is wholly-owned, directly or indirectly, by us that is, or concurrently with the completion of such merger, consolidation or liquidation becomes, a Guarantor or a Restricted Subsidiary that is wholly-owned, directly or indirectly, by us.

Upon any such consolidation, merger, sale, assignment or transfer, the successor corporation will be substituted for us or such Guarantor or Restricted Subsidiary (including any merger or consolidation described in the proviso at the end of the immediately preceding sentence), as applicable, under the Indenture. The successor corporation may then exercise every power and right of ours or such Guarantor or Restricted Subsidiary under the Indenture, and we or such Guarantor or Restricted Subsidiary, as applicable, will be released from all of our respective liabilities and obligations in respect of the senior notes and the Indenture. If we or any Guarantor or Restricted Subsidiary leases all or substantially all of its assets, the lessee corporation will be the successor to us or such Guarantor or Restricted Subsidiary and may exercise every power and right of ours or such Guarantor or Restricted Subsidiary, as the case may be, under the Indenture, but we or such Guarantor or Restricted Subsidiary, as the case may be, will not be released from our respective obligations to pay the principal of and premium, if any, and interest, if any, on the senior notes.

Events of Default

An Event of Default with respect to the new notes is defined in the Indentures as being:

(1) default for 30 days in the payment of any installment of interest on the new notes;

(2) default in the payment of any principal on the new notes;

(3) default or breach by us, the Guarantors or any Significant Subsidiary in the performance of any of the agreements in the Indenture applicable to the senior notes (other than a default or breach

specifically dealt with elsewhere in the Indenture) which shall not have been remedied within a period of 60 days after receipt of written notice by us from the Trustee or by us and such Trustee from the Holders of not less than 25% in principal amount of the debt securities issued under the Indenture then outstanding;

(4) any default under an instrument evidencing or securing any of our Indebtedness or the Indebtedness of any Guarantor or Restricted Subsidiary (other than Non-Recourse Land Financing) aggregating \$10,000,000 or more in aggregate principal amount, resulting in the acceleration of such Indebtedness, or due to the failure to pay such Indebtedness at maturity;

(5) any Guarantee in respect of the new notes by a Guarantor that is a Significant Subsidiary shall for any reason cease to be, or be asserted in writing by any Guarantor thereof or us not to be, in full force and effect, and enforceable in accordance with its terms (other than by reason of the termination of the Indenture or the release or discharge of any such Guarantee in accordance with the terms of the Indenture), provided, however, that if we or any Guarantor asserts in writing that any such Guarantee is not in full force and effect and enforceable in accordance with its terms, such assertion shall not constitute an Event of Default for purposes of this paragraph (if (i) such written assertion is accompanied by an opinion of counsel to the effect that, as a matter of law, the defect or defects rendering such Guarantee unenforceable can be remedied within 10 days of the date of such assertion, (ii) we or such Guarantor delivers an officers' certificate to the effect that we or such Guarantor represents that such defect or defects shall be so remedied within such 10-day period, and (iii) such defect or defects are in fact so remedied within such 10-day period); and

(6) certain events of bankruptcy, insolvency or reorganization involving us or any Significant Subsidiary.

The Indenture provides that if an Event of Default (other than an Event of Default described in clause (6) above) shall have occurred and be continuing, either the Trustee or the holders of at least 25% in aggregate principal amount of debt securities issued under the Indenture then outstanding may declare the principal amount of all the debt securities and interest, if any, accrued thereon to be due and payable immediately, but upon certain conditions such declaration may be annulled and past defaults (except, unless cured, a default in payment of principal of or interest on debt securities of that series) may be waived by the holders of a majority in principal amount of the debt securities of that series then outstanding. If an Event of Default described in clause (6) above occurs and is continuing, then the principal amount of all the debt securities shall become and be immediately due and payable without any declaration or other act on the part of the Trustee or any holder.

The Indenture contains a provision entitling the Trustee, subject to the duty of the Trustee during default to act with the required standard of care, to be indemnified by the holders of the new notes before proceeding to exercise any right or power under the Indenture at the request of the holders of the senior notes. The Indenture also provides that the holders of a majority in principal amount of the outstanding debt securities issued under the Indenture may direct the time, method and place of conducting any proceeding for any remedy available to the Trustee, or exercising any trust or power conferred on such Trustee.

No holder of new notes will have any right to institute any proceeding with respect to the Indenture or for any remedy thereunder, unless: (1) the holder shall have previously given the Trustee written notice of an Event of Default with respect to the new notes, (2) the holders of at least 25% in aggregate principal amount of the outstanding debt securities issued under the Indenture shall have made written request, and offered reasonable indemnity, to the Trustee to institute such proceeding as trustee, (3) the Trustee shall have failed to institute any such proceeding for 60 days after its receipt of such notice and (4) no direction inconsistent with such written request has been given to the Trustee during the 60-day period by the holders of a majority in principal amount of the outstanding debt securities under the Indenture. However, any right of a holder of new notes to receive payment of the principal of and any interest on the new notes on or after the dates expressed in the senior notes and to institute suit for the

enforcement of any such payment on or after such dates shall not be impaired or affected without the consent of such Holder.

The Indenture contains a covenant that we will file annually with the Trustee a certificate as to the absence of any default or specifying any default that exists.

Modification and Waiver

We and the Trustee, with the consent of the holders of at least a majority of the principal amount of the outstanding debt securities issued under the Indenture, may execute supplemental indentures adding any provisions to or changing or eliminating any of the provisions of the Indenture or modifying the rights of the holders of the new notes, except that no such supplemental indenture may, without the consent of the holder of each outstanding security affected by the supplemental indenture, among other things:

(1) extend the final maturity of the new notes, or reduce the rate or extend the time of payment of interest on the new notes, or reduce the principal amount of the new notes, or impair the right to institute suit for payment of the new notes;

(2) reduce the percentage of debt securities, the consent of the holders of which is required for any such supplemental indenture, for any waiver of compliance with certain provisions of the Indenture or certain defaults under the Indenture and their consequences provided in the Indenture;

(3) modify any of the provisions regarding the modification of the Indenture, waivers of past defaults and waivers of certain covenants, except to increase any percentage or to provide that certain other provisions of the Indenture cannot be modified or waived without the consent of the holder of each outstanding security affected thereby.

Our Board of Directors does not have the power to waive any of the covenants of the Indenture including those relating to consolidation, merger or sale of assets.

We and the Trustee may modify or amend provisions of the Indenture without the consent of any holder for any of the following purposes:

(1) to evidence the succession of another person to us or any Guarantor under the Indenture and the new notes;

(2) to add to our covenants or the covenants of any Guarantor for the benefit of the holders of the new notes or to surrender any right or power conferred upon us or such Guarantor by the Indenture;

(3) to add Events of Default for the benefit of the holders of the new notes;

(4) to change or eliminate any provisions of the Indenture, provided that any such change or elimination shall become effective only when there are no outstanding new notes;

(5) to secure any debt securities under the Indenture;

(6) to establish the form or terms of the debt securities of any series;

(7) to add Guarantors;

(8) to provide for the acceptance of appointment by a successor Trustee or facilitate the administration of the trusts under the Indenture by more than one Trustee;

(9) to close the Indenture to authentication and delivery of additional series of debt securities, and to cure any ambiguity, defect or inconsistency in the Indenture, provided such action does not adversely affect the interests of holders of the new notes; or

(10) to supplement any of the provisions of the Indentures to the extent necessary to permit or facilitate defeasance and discharge of the new notes, provided that such action shall not adversely affect the interests of the holders of the new notes in any material respect.

The holders of at least a majority in principal amount of the outstanding debt securities may, on behalf of the holders of all debt securities, waive any past default under the Indenture. However, they may not waive a default (1) in the payment of the principal of (or premium, if any) or any interest on any debt security or (2) in respect of a covenant or provision which under the Indenture cannot be modified or amended without the consent of the holder of each outstanding debt security affected.

Defeasance Provisions

Defeasance and Discharge. The Indenture provides that we will be discharged from any and all obligations in respect of the debt securities of that series (except for certain obligations to register the transfer or exchange of debt securities, replace stolen, lost, destroyed or mutilated debt securities, maintain offices or agencies and hold moneys for payment in trust) upon the deposit with the Trustee, in trust, of money, government obligations or a combination thereof, which through the payment of interest and principal thereof in accordance with their terms will provide money in an amount sufficient to pay the principal of (and premium, if any) and interest on, and any mandatory sinking fund payments in respect of, the debt securities of that series on the stated maturity date of the payments in accordance with the terms of the Indenture and the debt securities. This type of discharge may only occur if there has been a change in applicable federal law or we have received from, or there has been published by, the United States Internal Revenue Service a ruling to the effect that the holders of the debt securities of that series will not recognize income, gain or loss for federal income tax purposes as a result of that discharge and will be subject to federal income tax on the same amount, in the same manner and at the same times as would have been the case if the discharge had not occurred. In addition, this type of discharge may only occur so long as no Event of Default or event which, with notice or lapse of time, would become an Event of Default with respect to the debt securities of that series has occurred and being continuing on the date of deposit of cash and/or government securities are deposited in trust and other conditions specified in the Indenture are satisfied. The term *government obligations* means securities of the government which issued the currency in which the debt securities of the series are denominated or in which interest is payable or of government agencies backed by the full faith and credit of that government.

Defeasance of Certain Covenants. The Indenture also provides that we may omit to comply with the covenants described above under *Certain Covenants* and *Consolidation, Merger and Sale of Assets* with respect to the debt securities of that series if we comply with the following conditions. In order to exercise this option, we will be required to deposit with the Trustee money, government obligations or a combination thereof, which through the payment of interest and principal thereof in accordance with their terms will provide money in an amount sufficient to pay the principal of (and premium, if any) and interest on, and any mandatory sinking fund payments in respect of, the debt securities of that series on the stated maturity date of the payments in accordance with the terms of the Indenture and the debt securities. We will also be required to deliver to the Trustee an opinion of counsel to the effect that the deposit and related covenant defeasance will not cause the holders of the debt securities of that series to recognize income, gain or loss for federal income tax purposes and that those holders will be subject to federal income tax on the same amount, in the same manner and at the same times as would have been the case if the deposit and covenant defeasance had not occurred, and to satisfy other conditions specified in the Indenture.

Covenant Defeasance and Events of Default. In the event we exercise our option to effect covenant defeasance with respect to the debt securities of any series and those debt securities are declared due and payable because of the occurrence of any Event of Default, the amount of money and government obligations on deposit with the Trustee will be sufficient to pay amounts due on the debt securities of that series at the time of their stated maturity dates but may not be sufficient to pay amounts due on the debt securities at the time of the acceleration resulting from such Event of Default. However, we shall remain liable for such payments.

Regarding the Trustee

Bank One Trust Company, National Association (successor-in-interest to The First National Bank of Chicago) is trustee under the Indenture, pursuant to which certain of our debt securities are outstanding and pursuant to which the senior notes are to be issued. Bank One Trust Company, National Association may maintain normal banking relationships with us (and is an affiliate of Bank One, NA, which participates in and acts as co-agent in our Bank Credit Facility and provides cash management, banking and other services for us in the normal course of our business and an affiliate of Banc One Capital Markets, Inc., an initial purchaser in this offering).

Global Notes and Book-Entry System

The Global Securities

The new notes will be issued in the form of one or more global notes, without interest coupons. Such global notes will be deposited on the issue date with DTC and registered in the name of Cede & Co., as nominee of DTC, or will remain in the custody of the trustee under the Indenture pursuant to the FAST Balance Certificate Agreement between DTC and the trustee. Beneficial interests in the global notes may not be exchanged for certificated notes except in the circumstances described below. All interests in global notes may be subject to the procedures and requirements of DTC.

Exchanges of beneficial interests in one global security for interests in another global security will be subject to the applicable rules and procedures of DTC and its direct and indirect participants. Any beneficial interest in one of the global notes that is transferred to a person who takes delivery in the form of an interest in another global security will, upon transfer, cease to be an interest in that global security and become an interest in the global security to which the beneficial interest is transferred and, accordingly, will thereafter be subject to all transfer restrictions, if any, and other procedures applicable to beneficial interests in the global security to which the beneficial interest is transferred for as long as it remains an interest in that global security.

Certain Book Entry Procedures for the Global Notes

The descriptions of the operations and procedures of DTC set forth below are provided solely as a matter of convenience. These operations and procedures are solely within the control of the respective settlement systems and are subject to change by them from time to time. We do not take any responsibility for these operations or procedures, and investors are urged to contact the relevant system or its participants directly to discuss these matters.

DTC has advised us that it is a limited purpose trust company organized under the New York Banking Law, a banking organization within the meaning of the New York Banking Law, a member of the Federal Reserve System, a clearing corporation within the meaning of the Uniform Commercial Code and a clearing agency registered pursuant to the provisions of Section 17A of the Securities Exchange Act. DTC holds securities for its participants and facilitates the clearance and settlement of securities transactions between participants through electronic book-entry changes in accounts of its participants, which eliminates the need for physical movement of certificates. Participants include securities brokers and dealers, banks, trust companies, clearing corporations and certain other organizations. Indirect access to the DTC system is available to others such as banks, brokers, dealers and trust companies that clear through or maintain a direct or indirect custodial relationship with a participant (indirect participants). Investors who are not participants may beneficially own senior notes held by or on behalf of DTC only through participants or indirect participants. The rules applicable to DTC and its participants are on file with the SEC.

Upon the issuance of a global note, DTC or its custodian will credit, on its internal system, the respective principal amount of the individual beneficial interests represented by such global note to the accounts of the persons who have

accounts with DTC. Such accounts initially will be designated by or on behalf of the initial purchasers. Ownership of beneficial interests in the global note will be limited to

persons who have accounts with DTC (participants) or persons who hold interests through participants. Ownership of beneficial interests in the global note will be shown on, and the transfer of that ownership will be effected only through, records maintained by DTC or its nominee (with respect to interests of participants) and the records of participants and indirect participants (with respect to interests of persons other than participants).

So long as DTC or its nominee is the registered owner or holder of a global note, DTC or such nominee, as the case may be, will be considered the sole record owner or holder of the senior notes represented by a global note for all purposes under the Indenture and the senior notes. Except as set forth herein, owners of beneficial interests in a global note will not be entitled to have new notes represented by such global note registered in their names, will not receive or be entitled to receive physical delivery of new notes in definitive certificated form, and will not be considered holders of the new notes for any purposes under the Indenture. Accordingly, each person owning a beneficial interest in a global note must rely on the procedures of DTC and, if such person is not a participant, on the procedures of the participant through which such person directly or indirectly owns its interest, to exercise any rights of a holder under the Indenture. We understand that under existing industry practices, if we request any action of holders or any owner of a beneficial interest in a global note desires to give any notice or take any action that a holder is entitled to give or take under the Indenture, DTC would authorize the participants holding the relevant beneficial interests to give such notice to take such action, and such participants would authorize beneficial owners owning through such participants to give such notice or take such action or would otherwise act upon the instructions of beneficial owners owning through them.

Payments of the principal of, premium, if any, and interest on a global note will be made to DTC or its nominee, as the case may be, as the registered owner. Neither we, the Trustee nor any paying agent will have any responsibility or liability for any aspect of the records relating to or payments made on account of beneficial ownership interests in a global note or for maintaining, supervising or reviewing any records relating to such beneficial ownership interests.

We expect that DTC or its nominee, upon receipt of any payment of principal of, premium, if any, or interest in respect of a global note will credit participants' accounts with payments in amounts proportionate to their respective beneficial ownership interests in the principal amount of such global note, as shown on the records of DTC or its nominee. We also expect that payments by participants to owners of beneficial interests in a global note held through such participants will be governed by standing instructions and customary practices, as is now the case with securities held for the accounts of customers registered in the names of nominees for such customers. The participants will be responsible for such payments.

The Indenture provides that, if the Depository notifies us that it is unwilling or unable to continue as Depository for the global notes or if at any time the Depository ceases to be a clearing agency registered under the Exchange Act and we do not appoint a successor depository within ninety days, or if there shall have occurred and be continuing an Event of Default or an event which, with the giving of notice or lapse of time, or both, would constitute an Event of Default with respect to the new notes, then we will issue certificated notes in exchange for the global note(s). In addition, we may at any time and in our sole discretion determine not to have the new notes represented by a global note and, in such event, will issue certificated notes in exchange for the global note(s). In any such instance, an owner of a beneficial interest in a global note will be entitled to physical delivery of certificated notes equal in principal amount to its beneficial interest and to have the certificated notes registered in its name. We expect that instructions for registering the certificated notes would be based upon directions received from the Depository with respect to ownership of the beneficial interests in a global note.

Although DTC has agreed to the procedures described above in order to facilitate transfers of interests in a global note among participants of DTC, it is under no obligation to perform such procedures and such procedures may be discontinued at any time. Neither we nor the Trustee will have any responsibility for the performance by DTC or its participants or indirect participants of their respective obligations under the rules and procedures governing their

operations.

According to DTC, the foregoing information with respect to DTC has been provided by it for informational purposes only and is not intended to serve as a representation, warranty, or contract modification of any kind. The information contained herein concerning DTC and its book-entry system has been obtained from sources believed to be reliable, but we take no responsibility for the accuracy thereof.

Same-Day Funds

We will make all payments of principal of, premium, if any, and interest on the global notes in immediately available funds to DTC.

UNITED STATES FEDERAL INCOME TAX CONSIDERATIONS

The following is a summary of the principal general federal income tax consequences to a holder of new notes (a United States Holder) who is (i) a citizen or resident of the United States, (ii) a corporation, partnership or other entity treated as a corporation or a partnership for United States federal income tax purposes created or organized in or under the laws of the United States, any state thereof or the District of Columbia (unless, in the case of a partnership, Treasury regulations provide otherwise), (iii) an estate whose income is subject to United States federal income tax regardless of its source, or (iv) a trust if a court within the United States is able to exercise primary supervision over the administration of the trust and one or more United States persons have the authority to control all substantial decisions of the trust. Notwithstanding the preceding sentence, to the extent provided in Treasury regulations, certain trusts in existence on August 20, 1996, and treated as United States persons prior to such date, that elect to continue to be treated as United States persons will also be United States Holders.

The following summary deals only with new notes held as capital assets by purchasers at the issue price who are United States Holders and not with special classes of holders, such as dealers in securities or currencies, financial institutions, life insurance companies, persons holding senior notes as a hedge against or which are hedged against currency risks, persons who are not United States Holders and persons whose functional currency is not the U.S. dollar. A person considering the purchase of new notes should consult his or her own tax advisor concerning these matters and as to the tax treatment under foreign, state and local tax laws and regulations.

This summary is based upon the Internal Revenue Code of 1986, as amended (the Code), Treasury regulations, Internal Revenue Service (IRS) rulings and pronouncements and judicial decisions now in effect, all of which are subject to change at any time. Changes in this area of law may be applied retroactively in a manner that could cause the tax consequences to vary substantially from the consequences described below, possibly adversely affecting a United States Holder. The authorities on which this summary is based are subject to various interpretations, and it is therefore possible that the federal income tax treatment of the purchase, ownership and disposition of the senior notes may differ from the treatment described below.

Exchange of Notes

There will be no federal income tax consequences to United States holders of exchanging original notes for new notes under the exchange offer because the exchange offer will occur by operation of the terms of the original notes and will not result in any material alteration in the terms of the original notes. Each exchanging holder will have the same adjusted tax basis and holding period in the new notes as it had in the original notes immediately before the exchange.

General

As a general rule, interest paid or accrued on the new notes will be treated as ordinary income to United States Holders. A United States Holder using an accrual method of accounting for federal income tax purposes is required to include interest paid or accrued on the new notes in ordinary income as interest

accrues, while a United States Holder using the cash receipts and disbursements method of accounting for federal income tax purposes must include interest in ordinary income when payments are received by (or made available for receipt to) the holder.

We intend to take the position that the new notes do not, as of the issue date, represent contingent payment debt because the likelihood of paying an increased rate of interest as a result of a Registration Default is remote. A United States Holder may not take a contrary position unless such contrary position is disclosed in the proper manner to the IRS. United States Holders should consult their tax advisors regarding the tax consequences of the senior notes being treated as contingent payment debt.

If, contrary to current expectations, we pay additional interest, or if the IRS successfully asserts that these contingent payments were not remote as of the issue date, the amount and the timing of the interest income that a United States Holder is required to include in taxable income, as well as any gain on a sale of the senior notes, might have to be redetermined, or recharacterized as ordinary income.

Sale, Exchange or Retirement of Senior Notes

A United States Holder's tax basis in a new note will generally be its cost. Upon the sale, exchange, redemption or retirement of a new note, a United States Holder will generally recognize gain or loss on such sale, exchange, redemption or retirement equal to the difference between the amount realized (not including any amounts attributable to accrued and unpaid interest) and the holder's tax basis in the new note. Long-term capital gain of a non-corporate United States Holder is generally subject to a maximum tax rate of 20% in respect of senior notes held for more than one year.

Withholding Taxes and Reporting Requirements

Interest payments and payments of principal and any premium with respect to a new note will be reported to the extent required by the Code to the United States Holders and the IRS. These amounts will ordinarily not be subject to withholding of United States federal income tax. However, a backup withholding tax will apply to these payments if a United States Holder fails to supply us or our agent with the holder's taxpayer identification number or to report all interest and dividends required to be shown on its federal income tax returns. The backup withholding tax rate of 30.5%, in effect for payments made on or after August 7, 2001, will be reduced to 30% for payments made during the years 2002 and 2003, 29% for payments made during the years 2004 and 2005, and 28% for payments made during the years 2006 through 2010. For payments made after 2010, the backup withholding tax rate will be increased to 31%.

PLAN OF DISTRIBUTION

Each broker-dealer that receives new notes for its own account under the exchange offer must acknowledge that it will deliver a prospectus in connection with any resale of those notes. This prospectus, as it may be amended or supplemented from time to time, may be used by a broker-dealer for resales of new notes received in exchange for original notes that had been acquired as a result of market-making or other trading activities. We have agreed that, for a period of 180 days after the expiration date of the exchange offer, we will make this prospectus, as it may be amended or supplemented, available to any broker-dealer for use in connection with any such resale. Any broker-dealers required to use this prospectus and any amendments or supplements to this prospectus for resales of the new notes must notify us of this fact by checking the box on the letter of transmittal requesting additional copies of these documents or by writing or telephoning us. See **WHERE YOU CAN FIND MORE INFORMATION**.

Notwithstanding the foregoing, we are entitled under the registration rights agreement to suspend the use of this prospectus by broker-dealers under specified circumstances. For example, we may suspend the use of this prospectus if:

the SEC or any state securities authority requests an amendment or supplement to this prospectus or the related registration statement or additional information;

the SEC or any state securities authority issues any stop order suspending the effectiveness of the registration statement or initiates proceedings for that purpose;

we receive notification of the suspension of the qualification of the new notes for sale in any jurisdiction or the initiation or threatening of any proceeding for that purpose;

the suspension is required by law;

the suspension is taken for valid business reasons, including the acquisition or divestiture of assets or a material corporate transaction; or

an event occurs which makes any statement in this prospectus untrue in any material respect or which constitutes an omission to state a material fact in this prospectus.

If we suspend the use of this prospectus, the 180-day period referred to above will be extended by a number of days equal to the period of the suspension.

We will not receive any proceeds from any sale of new notes by broker-dealers. New notes received by broker-dealers for their own account under the exchange offer may be sold from time to time in one or more transactions in the over-the-counter market, in negotiated transactions, through the writing of options on those notes or a combination of those methods, at market prices prevailing at the time of resale, at prices related to prevailing market prices or at negotiated prices. Any resales may be made directly to purchasers or to or through brokers or dealers who may receive compensation in the form of commissions or concessions from the selling broker-dealer or the purchasers of the new notes. Any broker-dealer that resells new notes received by it for its own account under the exchange offer and any broker or dealer that participates in a distribution of the new notes may be deemed to be an underwriter within the meaning of the Securities Act and any profit on any resale of new notes and any commissions or concessions received by these persons may be deemed to be underwriting compensation under the Securities Act. The letter of transmittal states that, by acknowledging that it will deliver and by delivering a prospectus, a broker-dealer will not be deemed to admit that it is an underwriter within the meaning of the Securities Act.

We have agreed to pay all expenses incidental to the exchange offer other than commissions and concessions of any broker or dealer and will indemnify holders of the senior notes, including any broker-dealers, against certain liabilities, including liabilities under the Securities Act.
