SECTION 2 - FINANCIAL INFORMATION

ITEM 2.03 CREATION OF A DIRECT FINANCIAL OBLIGATION OR AN OBLIGATION UNDER AN OFF- BALANCE SHEET ARRANGEMENT OF A REGISTRANT.

On August 25, 2004, Credit Acceptance Corporation (the "Company") entered into a \$100 million asset-backed non-recourse secured financing. The terms and

conditions of this transaction are summarized in a press release issued by the Company on August 25, 2004, which is attached as Exhibit 99(a) and is incorporated herein by reference.

The secured financing creates a loan for which the Company's special purpose trust created for the transaction is liable and which is secured by all the assets of the trust and of another subsidiary created for the transaction. Such loans are non-recourse to the Company, even though the trust, the subsidiary and the Company are consolidated for financial reporting purposes. Except for the Company's servicing fee and payments due to dealer-partners, the Company does not receive, or have any rights in, any portion of such collections until the trust's underlying indebtedness is paid in full, either through collections or through a prepayment of the indebtedness. Thereafter, remaining collections would be paid over to the subsidiary as the sole beneficiary of the trust where they would be available to be distributed to the Company as the sole member of subsidiary, or the Company may choose to cause the subsidiary to repurchase the remaining dealer-partner advances from the trust and then dissolve, whereby the Company would become the owner of such remaining collections.

The financing may be accelerated upon the occurrence of an "indenture event of default." An "indenture event of default" includes: a default by the trust in the payment of interest or principal when due; any breach of covenant or any material breach of representation or warranty that is not cured within the specified time following notice; the occurrence of certain bankruptcy or insolvency events involving the trust or the subsidiary; a draw on one of the financial insurance policies; the failure of collections on the transferred assets to be more than a threshold percentage of projected collections for three consecutive collection periods; a transfer by the subsidiary of its ownership of the trust; the failure of the trustee to have a valid and perfected first priority security interest in the trust property if such failure has not been cured within ten business days; and the cessation of any transaction document to be in full force and effect.

The agreements the Company entered into related to this transaction are attached as Exhibits (f) (57) through (f) (62) and are incorporated herein by reference.
