(Attach extra sheets if needed.) DTE Energy Company (the Company) has an Enterprise Business Systems initiative to improve existing processes and has implemented a suite of new core information systems across the enterprise in 2007, including new general ledger and work management systems. The implementation of the new systems and the resulting changes in internal control over financial reporting have required additional time to complete necessary accounting work and review and analysis relating to the preparation of the Company's Annual Report on Form 10-K. As a result, we are not able to complete the Company's Annual Report on Form 10-K for the year ended December 31, 2007 on or before the filing deadline with the Securities and Exchange Commission on February 29, 2008 without unreasonable effort or expense.
