**PROXY STATEMENT**

**Annual Meeting of Shareholders to be held May 21, 2008**

This Proxy Statement is furnished in connection with the solicitation of proxies by the Board of Directors of Credit Acceptance Corporation, a Michigan corporation (the "Company"), to be used at the Annual Meeting of Shareholders of the Company to be held on Wednesday, May 21, 2008, for the purposes set forth in the accompanying Notice of Annual Meeting of Shareholders and in this Proxy Statement. This Proxy Statement and the enclosed form of Proxy were first sent or given to security holders on or about April 10, 2008.

Only shareholders of record at the close of business on March 24, 2008 (the "Record Date") will be entitled to vote at the meeting or any adjournment or postponement thereof. Each holder of the 30,494,102 issued and outstanding shares of the Company's common stock (the "Common Stock") on the Record Date is entitled to one vote per share. The presence, either in person or by properly executed proxy, of the holders of a majority of the outstanding shares of Common Stock is necessary to constitute a quorum at the Annual Meeting.

Under rules recently adopted by the U.S. Securities and Exchange Commission (the "SEC"), the Company is now furnishing proxy materials to its shareholders on the Internet, rather than mailing printed copies of those materials to each shareholder. If you received a Notice of Internet Availability of Proxy Materials by mail, you will not receive a printed copy of the proxy materials unless you request one. Instead, the Notice of Internet Availability of Proxy Materials will instruct you as to how you may access and review the proxy materials on the Internet. If you received a Notice of Internet Availability of Proxy Materials by mail and would like to receive a printed copy of our proxy materials, please follow the instructions included in the Notice of Internet Availability of Proxy Materials.

A proxy may be revoked at any time before it is exercised by giving a written notice to the Corporate Secretary of the Company bearing a later date than the proxy, by submitting a later-dated proxy or, if you are a shareholder of record or hold legal authority from a shareholder of record, by voting the shares represented by the proxy in person at the Annual Meeting. Unless revoked, the shares represented by each duly executed, timely delivered proxy will be voted in accordance with the specifications made. **If no specifications are made, such shares will be voted FOR the election of directors named in this Proxy Statement and FOR ratifying the selection of Grant Thornton LLP ( Grant Thornton ) as the Company's independent registered public accounting firm for 2008.** The Board of Directors does not intend to present any other matters at the Annual Meeting. However, should any other matters properly come before the Annual Meeting, it is the intention of such proxy holders to vote the proxy in accordance with their best judgment to the extent permitted by law.

If you withhold your vote with respect to the election of the directors or abstain with respect to the ratification of the selection of Grant Thornton as the Company's independent registered public accounting firm for 2008, your shares will be counted for purposes of determining a quorum. Withheld votes and abstentions will be excluded entirely from the vote on the election of directors and the ratification of the selection of Grant Thornton as the Company's independent registered public accounting firm for 2008, respectively, and will therefore have no effect on the election and ratification, respectively.

**Table of Contents**

If you own shares through a bank or broker in street name, you may instruct your bank or broker how to vote your shares. Broker non-votes occur when a bank, broker or other nominee holder has not received voting instructions with respect to a particular matter and the nominee holder does not have discretionary power to vote on that matter. The election of directors and ratification of independent registered public accountants are considered routine matters, so your bank or broker will have discretionary authority to vote your shares held in street name on those proposals.

The expenses of soliciting proxies will be paid by the Company. In addition to solicitation by mail, the officers and employees of the Company, who will receive no extra compensation therefore, may solicit proxies personally or by telephone. The Company will reimburse brokerage houses, custodians, nominees and fiduciaries for their expense in mailing proxy materials to shareholders.

## **COMPENSATION OF EXECUTIVE OFFICERS**

### **Compensation Discussion and Analysis**

The following Compensation Discussion and Analysis describes the elements of compensation for the following individuals, collectively referred to as the named executive officers .

Donald A. Foss, Chairman of the Board of Directors;

Brett A. Roberts, Chief Executive Officer;

Steven M. Jones, President;

Michael W. Knoblauch, Senior Vice President - Loan Servicing; and

Kenneth S. Booth, Chief Financial Officer.

### ***General Philosophy***

It is the philosophy of the Executive Compensation Committee that the executive compensation program should align the financial interests of the Company's executives with the long term interests of the Company and its shareholders and should attract and retain qualified executives to lead the Company toward its goals. To this end, the Executive Compensation Committee believes executive officers should be treated as owners of the Company in terms of the way their incentive compensation is calculated. In making compensation decisions, the Executive Compensation Committee focuses on creating a plan that creates a partnership between the Chairman of the Board of Directors, the Chief Executive Officer, and shareholders. As a result, in addition to their base salary, executive officers receive incentive compensation linked to Company performance that the Executive Compensation Committee believes benefits the shareholders, as described in more detail below.

***Role of Executive Officers in Compensation Decisions***

Although the Executive Compensation Committee establishes the Company's compensation philosophy and makes all determinations with respect to the compensation of Company's officers, the Chief Executive Officer is responsible for providing recommendations on various aspects of the executive compensation program and individual officers' compensation. Such recommendations include, for example, the designs of the Company's annual incentive and equity programs, including business goals and performance targets, and adjustments to

## **Table of Contents**

executive officers' compensation. The Chief Executive Officer annually reviews the performance of the executive officers (other than the Chairman of the Board of Directors and the Chief Executive Officer whose performance is reviewed by the Executive Compensation Committee). The conclusions reached and recommendations based on these reviews, including with respect to salary adjustments and annual award amounts, are presented to the Executive Compensation Committee. The Executive Compensation Committee can exercise its discretion in modifying any recommended adjustments or awards to executive officers. The Executive Compensation Committee delegates compensation decisions with regard to all other officers, other than Mr. Foss, to the Chief Executive Officer and may form and delegate authority to subcommittees when appropriate, provided any action taken by a subcommittee is subsequently reported to the Executive Compensation Committee and ratified. The Executive Compensation Committee may also delegate to the Chief Executive Officer, the Chief Financial Officer and the Chief Human Resources Officer the authority to grant options and make awards of shares under the Company's stock plans under conditions established by the Executive Compensation Committee to the extent permitted by the relevant plan.

### ***Compensation Peer Group***

As a part of its process of determining executive compensation, the Company periodically compares the total compensation of its executive officers to a peer group of publicly-traded companies (collectively, the Compensation Peer Group). The Compensation Peer Group was considered in the determination of 2007 executive compensation. The Company did not perform this comparison for 2008 as only minimal changes were made to 2008 executive compensation. The companies comprising the Compensation Peer Group for 2007 were:

AmeriCredit Corporation	National Instruments Corporation
Asset Acceptance Capital Corporation	NCO Group, Inc.
Arbitron, Inc.	Portfolio Recovery Associates, Inc.
Citizens Banking Corporation	Pre-Paid Legal Services, Inc.
HomeBanc Corporation	Sterling Bancshares, Inc.
John Wiley & Sons, Inc.	Valassis Communications, Inc.
Keane, Inc.	Vertrue, Inc.
Metris Companies, Inc.	World Acceptance Corporation
Mobile Mini, Inc.	

The Company looked at compensation data for three separate groups of companies: (1) companies operating in the financial services industry, (2) companies whose culture and compensation practices were known by the Company and (3) companies selected from Fortune magazine's The 100 Best Companies to Work For list. For each of the three groups, companies were selected so that the average company size represented was comparable to the Company in terms of market value and profitability.

### ***Analysis of 2007 and 2008 Executive Compensation Components***

For the fiscal years ended December 31, 2007 and 2008, the principal components of compensation for named executive officers were/are:

a base salary;

non-equity incentive compensation; and

equity incentive compensation (restricted shares and restricted share units).

**Base Salary.** Base salaries are reviewed annually and adjusted based upon individual performance and changes in responsibility.

*2007 Base Salary Determinations.* In February 2007, the Executive Compensation Committee determined the 2007 base salaries for the named executive officers. Based on the criteria stated above the following salary changes were made: Mr. Roberts' salary increased from \$400,000 to \$800,000; Mr. Jones' salary increased from \$240,000 to \$500,000; Mr. Knoblauch's salary increased from \$300,000 to \$400,000; and Mr. Booth's salary was increased from \$240,000 to \$325,000. Mr. Foss' salary was unchanged in 2007. The increase in Mr. Roberts' salary

## **Table of Contents**

was also a result of his restricted share unit award (described in detail below) which makes him ineligible for a cash or restricted share grant incentive award.

*2008 Base Salary Determinations.* In February 2008, the Executive Compensation Committee determined the 2008 base salaries for the named executive officers. Mr. Knoblauch's salary decreased from \$400,000 to \$275,000 which reflects the reduced scope of his responsibilities in 2008. The remainder of the named executive officers had no change in base salary from 2007 levels.

*Incentive Compensation.* Named executive officers are eligible to receive annual incentive compensation. Incentive compensation awards are based in whole or in part on formulas that consider the annual percentage growth in adjusted economic profit generated by the Company in the current year. The Company defines adjusted economic profit as the amount of net operating profit after-tax (net income plus the after-tax cost of interest adjusted for non-recurring items and certain non-GAAP adjustments as included in the Company's earnings releases and adjustments to reflect carrying costs of stock options) less a cost of capital. Adjusted economic profit is an objective calculation and was chosen as a primary basis for determining incentive compensation because the Company believes it is the best financial framework our executive officers can use to help make decisions that create sustainable shareholder value. Mr. Foss does not receive any form of incentive compensation due to his significant ownership percentage of the Company. His base salary compensates him for the services that he renders to the Company during the year.

*2007 and 2008 Non-Equity Incentive Compensation for Mr. Roberts.* Mr. Roberts is not eligible to receive a cash bonus as a result of his restricted share unit grant in February 2007.

*2007 and 2008 Non-Equity Incentive Compensation for Mr. Jones.* Mr. Jones's cash bonus plan is based entirely on the annual percentage growth in adjusted economic profit generated by the Company in the current year. The cost of capital is computed based upon the average amount of capital invested (average debt plus average shareholders equity) multiplied by 6.5%. The cash bonus is computed based upon the following formula: (the annual percentage growth in adjusted economic profit) x (7.5) x (Mr. Jones's base salary). Under this plan, Mr. Jones did not receive a cash bonus for 2007 as the annual percentage growth in economic profit for 2007, as calculated under the formula defined above, was negative. Mr. Jones's incentive compensation plan is based solely on Company performance, as in his role as President he has more capacity to impact the Company's overall performance than the other executive officers (excluding Mr. Roberts and Mr. Foss).

*2007 and 2008 Non-Equity Incentive Compensation for Mr. Booth and Mr. Knoblauch.* The cash bonus plan for Mr. Booth and Mr. Knoblauch combines individual and Company performance. Once the individual's performance rating is determined, they receive a percentage of their base salary as a cash bonus depending on the annual percentage growth in adjusted economic profit generated by the Company in the current year. The percentages fall into three categories: greater than 10% growth, 0% to 10% growth, and less than 0% growth. For 2007, the adjusted economic profit used in the calculation was based on the same formula used for Mr. Jones as mentioned above. For 2008, the adjusted economic profit will be based on the same adjusted economic profit that the Company reports in its earnings releases. Depending on their individual performance rating and the Company's performance (the annual percentage growth in adjusted economic profit), Mr. Booth and Mr. Knoblauch will receive a cash bonus ranging from 0% to 60% of their base salary.

In February 2007, the Executive Compensation Committee approved an incentive plan for Mr. Booth and Mr. Knoblauch that was based strictly on Company financial performance, similar to the plan above for Mr. Jones. At the recommendation of the CEO, the incentive plan for Mr. Booth and Mr. Knoblauch was subsequently changed to the plan described in the previous paragraph. The CEO believed that a plan the combined both individual and Company performance for Mr. Booth and Mr. Knoblauch was more appropriate given the nature of their responsibilities.

***Equity Incentive Compensation.*** The Company currently has one equity incentive plan, the Incentive Compensation Plan (the Incentive Plan ), under which grants of equity-based awards may be made. Although the Incentive Plan permits the Executive Compensation Committee to grant a wide variety of equity based compensation and has wide latitude to determine the terms of such awards, the Executive Compensation Committee has

**Table of Contents**

granted shares of restricted stock and restricted share units to executive officers, having concluded that such grants align the interests of management with those of the Company's shareholders over time.

The Executive Compensation Committee's practice is to determine the dollar amount of equity compensation and to then grant a number of restricted shares and restricted share units having a fair market value equal to that amount on the date of grant based on the average of the high and low sale prices of the stock on such date. With the exception of significant promotions and new hires, the Executive Compensation Committee generally makes these awards at the first meeting each year following the availability of the financial results for the prior year. These grants were made on February 22, 2007, for the fiscal year ended December 31, 2006 and on February 28, 2008, for the fiscal year ended December 31, 2007.

*2007 Equity Incentive Compensation for Mr. Roberts.* On February 22, 2007, the Executive Compensation Committee approved an award of 300,000 restricted share units to Mr. Roberts, the Chief Executive Officer. Each restricted share unit represents and has a value equal to one share of common stock of the Company. The restricted share units will be earned over a five year period starting in 2007, based upon the compounded annual increase in the Company's adjusted economic profit. Adjusted economic profit is defined for the purposes of the restricted share unit vesting calculation as net income (adjusted for non-recurring items and certain non-GAAP adjustments as included in the Company's earnings releases and adjustments to reflect carrying costs of stock options) less a cost of equity. The cost of equity is determined based on a formula that considers the risk of the business (assessed at 5% + the average 30 year treasury rate) and the risk associated with the Company's use of debt. The actual formula utilized for determining the cost of equity is as follows:  $(\text{the average 30 year treasury rate} + 5\%) + [(1 - \text{tax rate}) \times (\text{the average 30 year treasury rate} + 5\% - \text{the pre-tax average cost of debt rate}) \times (\text{average debt} / (\text{average equity} + \text{average debt} \times \text{rate}))]$ . Each year, 20% of the grant is eligible to vest. In 2007, under the formula described above, adjusted economic profit improved at least 10% as compared to 2006, so 100% of the restricted share units eligible to vest vested (60,000). In 2008 through 2011, if the compounded growth in economic profit measured from 2006 is 10% or greater, then 100% of the restricted share units eligible to vest will vest, including the restricted share units that did not vest in prior years. During this same period, if compounded growth in economic profit is greater than 0% but less than 10%, then half of the eligible restricted share units will vest, including restricted share units that did not vest in prior years. As a result of this grant, Mr. Roberts will not participate in other incentive compensation over the five year period. Any earned shares will be distributed to Mr. Roberts on February 22, 2014. In the event of a change in control of the Company, the award will fully vest at the target amount and the value will be payable in cash within 30 days after the change in control. During the performance period (2007-2011) the Company will credit Mr. Roberts, on each date that the Company pays a cash dividend to holders of common stock generally, an additional number of restricted share units equal to the total number of whole restricted share units and additional share units previously credited multiplied by the dollar amount of the cash dividend paid per share of common stock by the Company on such date, divided by the closing price of a share of common stock on such date. The restricted share units may not be sold, transferred, pledged assigned or otherwise alienated or hypothecated, other than by will or by the laws of descent and distribution. Mr. Roberts will have no voting rights or right to transfer the restricted share units or the underlying shares until shares of common stock are vested and issued to him. Mr. Roberts's equity incentive compensation plan is on a longer term basis than the other executive officers in order to align his interests with shareholders' investment in the Company.

*2007 and 2008 Equity Incentive Compensation for Mr. Jones.* Mr. Jones's equity portion of his incentive compensation plan is based on the same calculation as his non-equity incentive compensation. Specifically, the fair value of equity awards granted will be equivalent to the value of the non-equity incentive compensation earned, less an amount which reflects an estimate of the cost of any stock options previously awarded to Mr. Jones, which are still outstanding as of the date of the current period equity award. Mr. Jones receives his equity incentive compensation in the form of restricted share grants.

*2007 and 2008 Equity Incentive Compensation for Mr. Booth and Mr. Knoblauch.* The equity portion of the incentive compensation plan for Mr. Booth and Mr. Knoblauch is based on the same calculation as the non-equity incentive compensations. Specifically, the fair value of equity awards granted will be equivalent to the value of the non-equity incentive compensation earned, less an amount which reflects an estimate of the cost of any stock options previously awarded, which are still outstanding as of the date of the current period equity award. Mr. Booth and Mr. Knoblauch receive their equity compensation in the form of restricted share grants.

**Table of Contents**

Recipients of restricted share grants have full rights as shareholders other than the right to transfer the shares prior to vesting. The restricted shares granted for 2007 performance will vest in accordance with the following schedule, provided that the named executive officer is employed with the Company through those dates:

1/3 of the original number of restricted shares will vest on the first anniversary of the grant date;

1/3 of the original number of restricted shares will vest on the second anniversary of the grant date; and

1/3 of the original number of restricted shares will vest on the third anniversary of the grant date.

If employment is involuntarily terminated within six months following a change in control of the Company, the shares are not forfeited but, instead, will continue to vest on the schedule set forth above.

***Deductibility of Executive Compensation***

Section 162(m) of the Internal Revenue Code of 1986, as amended, restricts the deductibility of executive compensation paid to the Company's Chief Executive Officer and any of the four other most highly compensated executive officers at the end of any fiscal year to not more than \$1 million in annual compensation (including gains from the exercise of certain stock option grants). Certain performance-based compensation is exempt from this limitation if it complies with the various conditions described in Section 162(m). The Incentive Plan has been structured to cause compensation paid under the Incentive Plan to comply with these conditions and be exempt from the Section 162(m) restriction on deductibility.

It is possible that other components of the Company's compensation program may result in payments to executive officers that would be subject to the restriction on deductibility. However, the Executive Compensation Committee believes that it may be appropriate from time to time to exceed the limitations on deductibility under Section 162(m) to ensure that executive officers are compensated in a manner that it believes to be consistent with the best interests of the Company and its shareholders, and reserves the authority to approve non-deductible compensation in appropriate circumstances. The Executive Compensation Committee does not expect the non-deductible amount of executive compensation to be material to the Company. As a result, the Executive Compensation Committee has concluded that no further action with respect to qualifying such compensation for deductibility is necessary at this time. The Executive Compensation Committee intends to evaluate from time to time the advisability of qualifying future executive compensation programs for exemption from the Section 162(m) restriction on deductibility. Because of ambiguities and uncertainties as to the application and interpretation of Section 162(m), no assurance can be given that compensation intended by the Executive Compensation Committee to satisfy the requirements for deductibility under Section 162(m) will in fact be deductible.

***Executive Compensation Committee Report***

The Executive Compensation Committee has reviewed and discussed the Compensation Discussion and Analysis above with management and, based on such review and discussions, the Executive Compensation Committee recommended to the Board of Directors that the Compensation Discussion and Analysis be included in this Proxy Statement.

- (a) The amounts reported in this column represent amounts that have been expensed in the Company's financial statements in accordance with Financial Accounting Standards No. 123R ( FAS 123(R) ) in connection with restricted share grants and restricted stock unit grants in accordance with the Company's Incentive Compensation Plan for fiscal years ended December 31, 2007 and 2006, respectively. These amounts are based on the grant date fair value of such awards expensed over the requisite vesting period and thus include amounts from awards granted in and prior to 2007 and 2006. Assumptions used in the calculation of these amounts are included in Note 10 and Note 9 to the Company's audited financial statements for the fiscal year ended December 31, 2007 and 2006 respectively, which are included in the Company's 2007 and 2006 Annual Report on Form 10-K. In addition, see footnote (e) of this Summary Compensation Table.
- (b) The amounts reported in this column represent amounts that have been expensed in the Company's financial statements in accordance with FAS 123(R) in connection with stock option awards granted in accordance with the Company's 1992 Stock Option Plan (the 1992 Plan ) for fiscal years ended December 31, 2007 and 2006, respectively. These amounts are based on the grant date fair value of such awards expensed over the requisite vesting period and thus include amounts relating to options granted prior to 2006. No options were granted during 2007. As of December 31, 2007, all stock options were fully vested and expensed. The 1992 Plan was terminated as to future grants on May 13, 2004, with shareholder approval of the Incentive Plan. Assumptions

used in the calculation of this amount are included in Note 10 and Note 9 to the Company's audited financial statements for the fiscal year ended December 31, 2007 and 2006 respectively, included in the Company's 2007 and 2006 Annual Report on Form 10-K.

- (c) The determination for the amounts in this column was approved by the Executive Compensation Committee on February 28, 2008 for the year ended December 31, 2007 and February 22, 2007 for the year ended December 31, 2006 and paid out shortly thereafter. These amounts are described in the Compensation Discussion and Analysis section of this Proxy Statement.
- (d) The amounts disclosed in this column consist of the Company's matching contribution for the 401(k) Profit Sharing Plan. The cost to the Company of perquisites provided in 2007 and 2006 to the named executive officers did not exceed \$10,000.
- (e) With respect to the 2007 grant of restricted share units, the amount included in this column includes \$3.4 million expensed in the Company's financial statements in accordance with FAS 123(R) for the fiscal year ended December 31, 2007. The restricted share unit award vests based on attaining certain performance criteria over a five-year period. GAAP accounting requires the awards to be expensed so that more expense is recorded during the early years of the vesting period. Assuming that future performance criteria are attained, the amounts expensed are expected to be \$2.2 million in 2008, \$1.3 million in 2009, \$0.7 million in 2010, and \$0.3 million in 2011.

**Table of Contents****2007 GRANTS OF PLAN-BASED AWARDS**

The following table sets forth information concerning each grant of an award made to a named executive officer in 2007. Mr. Foss does not receive any form of incentive compensation due to his significant ownership percentage of the Company.

Name	Grant Date	Estimated Future Payouts Under Non-Equity Incentive Plan Awards			Estimated Future Payouts Under Equity Incentive Plan Awards			Grant Date Fair Value of Stock Awards (\$)(d)
		Threshold (\$)	Target (\$)(a)	Maximum (\$)	Threshold (#)	Target (#)(b)(c)	Maximum (#)	
Brett A. Roberts	2/22/2007	\$	\$	\$		301,144	\$	7,920,076
Steven M. Jones	2/22/2007	\$	\$	\$		3,895	\$	102,400
Michael W. Knoblauch	2/22/2007	\$	\$	\$ 240,000		5,530	\$	145,384
Kenneth S. Booth	2/22/2007	\$	\$ 48,750	\$ 195,000		4,650	\$	122,249

- (a) The amounts reported in this column were determined in accordance with the formulas determined by the Executive Compensation Committee in accordance with the Incentive Plan. The cash portion of the named executive officers' 2007 bonuses were calculated as follows:
- (i.) Mr. Roberts is not eligible to receive a cash bonus as a result of his restricted share unit grant in February 2007.
  - (ii.) Mr. Jones's cash bonus plan is based entirely on the annual percentage growth in adjusted economic profit generated by the Company in the current year. The cost of capital is computed based upon the average amount of capital invested (average debt plus average shareholders equity) multiplied by 6.5%. The cash bonus is computed based upon the following formula: (the annual percentage growth in adjusted economic profit) x (7.5) x (Mr. Jones's base salary). Under this plan, Mr. Jones did not receive a cash bonus for 2007 as the annual percentage growth in economic profit for 2007, as calculated under the formula defined above, was negative.
  - (iii.) The cash bonus plan for Mr. Booth and Mr. Knoblauch combines individual and Company performance. Once the individual's performance rating is determined, they receive a percentage of their base salary as a cash bonus depending on the annual percentage growth in adjusted economic profit generated by the Company in the current year. The percentages fall into three categories: greater than 10% growth, 0% to 10% growth, and less than 0% growth. For 2007, the adjusted economic profit used in the calculation was based on the same formula used for Mr. Jones as mentioned above. For 2008, the adjusted economic profit will be based on the same adjusted economic profit that the Company reports in its earnings releases.

Depending on their individual performance rating and the Company's performance (the annual percentage growth in economic profit), Mr. Booth and Mr. Knoblauch will receive a cash bonus ranging from 0% to 60% of their base salary.

- (b) The amounts reported in this column were determined in accordance with the formula determined by the Executive Compensation Committee in accordance with the Incentive Plan. The number of restricted shares granted was determined based on the average of the high and low market prices of the Company's common stock on February 22, 2007 which was \$26.30 per share. The restricted share awards were granted pursuant to a restricted stock grant agreement, the form of which was filed by the Company as Exhibit 10(q)(4) to the Current Report on Form 8-K dated February 22, 2007. These awards vest in accordance with the vesting schedule outlined in Footnote (a) to the Outstanding Equity Awards at Fiscal Year End table.

**Table of Contents**

- (c) The amounts reported for Mr. Roberts also includes 300,000 restricted stock units granted pursuant to a restricted stock unit award agreement which was filed by the Company as Exhibit 10(q)(5) to the Current Report on Form 8-K dated February 22, 2007. The restricted stock units will be earned over a five year period based upon the annual increase in the Company's adjusted economic profit, as more fully described in the Compensation Discussion and Analysis section in this Proxy Statement. As a result of this grant, Mr. Roberts will not participate in other annual cash bonuses or annual restricted stock grants over the five year period. Any earned shares will be distributed to Mr. Roberts on February 22, 2014.
- (d) The amounts reported in this column represent the grant-date fair value of the awards in accordance with FAS 123(R). Assumptions used in the calculation of this amount are included in Note 10 to the Company's audited financial statements for the fiscal year ended December 31, 2007, included in the Company's 2007 Annual Report on Form 10-K.

Restricted stock granted prior to 2007 have performance based vesting requirements and will vest in full or in part based on the Company doubling adjusted earnings per share within a certain period of time. The adjusted earnings per share of the year preceding the grant serves as the baseline year. Vesting is as follows:

100% of the grant will vest if annual adjusted earnings per share doubles in any of the five years following the baseline year;

50% of the grant will vest if annual adjusted earnings per share doubles in the sixth year following the baseline year;

25% of the grant will vest if annual adjusted earnings per share doubles in the seventh year following the baseline year;

Otherwise 0%.

- (b) The amounts reported for Mr. Roberts also includes 240,000 restricted share units granted pursuant to a restricted share unit award agreement which was filed by the Company as Exhibit 10(q)(5) to the Current Report on Form 8-K dated February 22, 2007. The restricted share units will be earned over the remaining four year period based upon the annual increase in the Company's adjusted economic profit, as more fully described in the Compensation Discussion and Analysis section of this Proxy Statement. As a result of this grant, Mr. Roberts will not participate in other annual cash bonuses or annual restricted share grants over the five year period. Any earned shares will be distributed to Mr. Roberts on February 22, 2014.
- (c) Value is equal to the closing market price of \$20.67 per share on the Nasdaq on December 31, 2007, multiplied by the number of restricted shares held.

**2007 DIRECTOR COMPENSATION**

The following table sets forth certain information regarding the compensation earned by or awarded to each non-employee director who served on the Company's Board of Directors in 2007. Directors who are employees of the Company are not compensated for their services as a director. All non-employee directors receive regular compensation under the same terms. As of March 15, 2007, Mr. Craig is no longer a member of the Board of Directors.

(a) The amount reported in this column represents the amount that has been expensed in the Company's financial statements in accordance with FAS 123(R) in connection with a stock option award previously granted under the Company's Director Stock Option Plan (the "Director Plan") for fiscal year ended December 31, 2007. The amount is based on the grant date fair value of such award expensed over the requisite vesting period. No options were granted during 2007. The Director Plan was terminated as to future grants on May 13, 2004 with shareholder approval of the Incentive Plan. Assumptions used in the calculation of this amount are included in Note 10 to the Company's audited financial statements for the fiscal year ended December 31, 2007, included in the Company's 2007 Annual Report on Form 10-K.

(b) As of December 31, 2007, Ms. Chamberlain had 100,000 stock options outstanding and exercisable.

For 2007, all outside Board of Directors members received \$1,500 for each Board of Directors meeting attended plus \$500 for each committee meeting attended and were reimbursed for travel related expenses. Non-employee directors were also eligible to participate in the Company's Incentive Plan. There were no equity awards made under the Incentive Plan in 2007 to non-employee directors.

**CERTAIN RELATIONSHIPS AND TRANSACTIONS**

In the normal course of business, the Company has maintained business relationships and engaged in certain transactions with companies owned by Donald Foss, the Company's majority shareholder and Chairman of the Board of Directors and a member of Mr. Foss's immediate family (the "Foss Companies").

**Contract Assignments**

In the normal course of its business, the Company makes dealer loans to the Foss Companies, which totaled approximately \$16.1 million and \$17.9 million at December 31, 2007 and 2006 respectively. The total amount of cash advanced for the year ended December 31, 2007 and 2006 was \$10.1 million and \$13.8 million respectively. The Company makes dealer loans to the Foss Companies and non-affiliated dealer-partners on the same basis.

**Other**

Beginning in 2000, the Company offered a line of credit arrangement to certain dealerships who were not participating in the Company's core program. The Company ceased offering this program to new dealerships in the third quarter of 2001 and has been reducing the amount of capital invested in this program since that time. Beginning in 2002, entities owned by Mr. Foss began offering secured lines of credit to third parties in a manner

similar to the Company's prior program. In December of 2004, Mr. Foss sold his ownership interest in these entities but he continues to have indirect control over these entities and has the right or obligation to reacquire the entities under certain circumstances until December 31, 2014 or the repayment of the related purchase money note.

In accordance with its written charter, the Audit Committee reviews and approves all of the Company's transactions with directors and executive officers of the Company and with firms that employ directors, as well as any other material related party transactions. Any such transactions would be reviewed by the Audit Committee in light of whether it resulted in a conflict of interest for the individual and whether such transaction is fair to and in the best interest of the Company. The terms of the transactions described above under "Contract Assignments" were previously approved by the Audit Committee; therefore, the Audit Committee does not intend to re-approve these transactions and relationships unless they no longer occur in the ordinary course of the Company's business and the terms change such that the transactions no longer occur on the same terms as transactions with non-affiliated dealer-partners.

### **PROPOSAL 2 RATIFICATION OF GRANT THORNTON**

The following sets forth information as to Grant Thornton, the Company's independent registered public accounting firm. The Board of Directors recommends a vote FOR ratifying the selection of Grant Thornton as the Company's independent registered public accounting firm for 2008. **Executed proxies will be voted FOR the ratification of Grant Thornton as the Company's independent registered public accounting firm for 2008 unless shareholders specify otherwise in their proxies.** The ratification of the independent registered public accounting firm requires a majority of the votes cast. Broker non-votes and abstentions will be treated as shares present for purposes of determining the presence of a quorum but will have no effect on the vote for the ratification of Grant Thornton as the Company's independent registered public accounting firm for 2008.

Although ratification is not required by the Company's bylaws or otherwise, the Board of Directors is submitting the selection of Grant Thornton to our shareholders for ratification as a matter of good corporate practice. Should the shareholders fail to provide such ratification, the Audit Committee will reconsider its approval of Grant Thornton as the independent registered public accountants for 2008. Even if the selection is ratified, the Audit Committee in its discretion may select a different registered public accounting firm at any time during the year if it determines that such a change would be in the best interests of the Company and its shareholders.

### **General**

The Audit Committee has appointed Grant Thornton as the Company's independent accountants to perform an integrated audit of the consolidated financial statements of the Company and the effectiveness of the Company's internal controls over financial reporting for 2008. Representatives of Grant Thornton will be present at the meeting to respond to questions from the shareholders and will be given the opportunity to make a statement.

**Policy for Pre-Approval of Audit and Non-Audit Services**

The Audit Committee's policy is to pre-approve all audit services and all non-audit services that the Company's independent accountants are permitted to perform for the Company under applicable federal securities regulations. The Audit Committee's policy utilizes an annual review and general pre-approval of certain categories of specified services that may be provided by the independent accountants, up to predetermined fee levels. Any proposed services not qualifying as a pre-approved specified service, and pre-approved services exceeding the predetermined fee levels, require further specific pre-approval by the Audit Committee. The Audit Committee has delegated to the Chairman of the Audit Committee the authority to pre-approve audit and non-audit services proposed to be performed by the independent accountants. Since May 6, 2003, all services provided by the Company's independent auditors were pre-approved by the Audit Committee. The policy has not been waived in any instance.

**SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE**

Section 16(a) of the Securities Exchange Act of 1934 (the Exchange Act) requires the Company's officers and directors, and persons who own more than 10% of a registered class of the Company's equity securities, to file reports of ownership and changes in ownership with the SEC. Officers, directors and greater than 10% shareholders are required by SEC regulation to furnish the Company with copies of all Section 16(a) forms they file. Based solely on its review of the copies of such forms received since January 1, 2007, and written representations from certain

reporting persons, the Company believes that all filing requirements applicable to its officers, directors, and greater than 10% beneficial owners were complied with except that Mr. Miotto was late in reporting a surrender of shares to cover payroll taxes.
