Commenting on the agreement Harmony Chief Executive, Mr Bernard Swanepoel stated, while this transaction, in terms of timing and pricing, is somewhat opportunistic, Harmony holds High River Gold and its management team in high regard. We have held various discussions with the company over the last few years and look forward to further developing our relationship with High River Gold and becoming supportive shareholders of the company .

Harmony in May of this year acquired a 32% stake in Highland Gold, a private company with a package of prospective exploration assets and a gold producing mine in Russia.

We continue to be impressed by the highly prospective orebodies and good mining infrastructure in Russia. Through our participation in both Highland Gold and High River Gold we will be in a position to identify further growth opportunities available to the company in that country. concluded Bernard Swanepoel
