PIONEER SEEKS LIMITED PARTNERS' APPROVAL TO MERGE
PARKER & PARSLEY LIMITED PARTNERSHIPS

DALLAS, TEXAS, OCTOBER 19, 2001 -- PIONEER NATURAL RESOURCES COMPANY ("PIONEER") (NYSE:PXN) (TSE:PXN) today announced that on Monday, October 22, 2001, it will mail definitive materials to solicit the approval of limited partners of 46 Parker & Parsley limited partnerships for its previously announced merger proposal. The special meetings of the limited partners to consider and vote on the merger proposal are scheduled for December 20, 2001. The record date to identify the limited partners who are entitled to notice of and to vote at the special meetings was September 21, 2001.

Under the merger proposal, each partnership that approves the proposal will merge with and into Pioneer Natural Resources USA, Inc. ("Pioneer USA"), a wholly owned subsidiary of Pioneer. As a result, the partnership interests of those partnerships will be converted into the right to receive Pioneer common stock. Pioneer is offering \$107 million of its common stock in exchange for the combined partnership interests. The number of shares of Pioneer common stock to

be issued for the partnership interests of each partnership that approves the proposal will be based on the average closing price of Pioneer common stock for the ten trading days ending December 17, 2001, which is three trading days before the date of the special meeting for the partnership. The amount Pioneer will pay for the partnership interests in each partnership is based on the value of such partnership's reserves and net working capital as of March 31, 2001, less the partnership's pro rata share of estimated expenses of the mergers of all the partnerships and less the cash distribution mailed on July 13, 2001 to the limited partners. The mergers will require the approval of a majority of the limited partners in each partnership (two thirds of the limited partners for two of the partnerships).

If the limited partners of the partnerships approve the mergers, Pioneer will acquire additional working interests in wells predominantly located in the Spraberry field in the Permian Basin of West Texas, a significant core area for Pioneer. The mergers will allow Pioneer to further consolidate Spraberry operations to reduce production costs.

Pioneer USA will consider offers from third parties to purchase any partnership or its assets. Those who wish to make an offer for any partnership must demonstrate to Pioneer USA's reasonable satisfaction their financial ability and willingness to complete such a transaction. Before reviewing non-public information about a partnership or its assets, a third party must enter into a customary confidentiality agreement. Offers should be at prices and on terms that are fair to the partners of the partnership and more favorable to the limited partners than the price and terms that Pioneer has proposed. Persons interested in making an offer should contact Timothy L. Dove or Mark L. Withrow, Board of Directors, Pioneer Natural Resources USA, Inc., 5205 North O'Connor Boulevard, Suite 1400, Irving, Texas 75039 (972-444-9001).

Pioneer is a large independent oil and gas exploration and production company with operations in the United States, Canada, Argentina, South Africa, Gabon and Tunisia. Pioneer's headquarters are in Dallas. For more information, visit Pioneer's website at www.pioneerinc.com.
