Annual Meeting of Shareholders to be Held
Wednesday, August 27, 2003

Edgar Filing: STELLENT INC - Form DEF 14A

INTRODUCTION

The Board of Directors of Stellent, Inc. (the "Company") furnishes this Proxy Statement in connection with its solicitation of proxies for use at the Annual Meeting of the Shareholders to be held at the Marriott Southwest Hotel, 5801 Opus Parkway, Minnetonka, Minnesota 55343 on August 27, 2003 at 3:30 p.m., and at any adjournment thereof.

All shares represented by properly executed proxies received in time will be voted at the meeting and, where the manner of voting is specified on the proxy, will be voted in accordance with such specifications. Shares represented by properly executed proxies on which no specification has been made will be voted (i) for the election of the nominees for director named herein and (ii) in favor of ratification of Grant Thornton LLP as the Company's independent auditors for the fiscal year ending March 31, 2004, and will be deemed to grant discretionary authority to vote upon any other matters properly coming before the meeting. Proxies cannot be voted for a greater number of persons than the number of nominees named.

Any shareholder who executes and returns a proxy may revoke it at any time prior to the voting of the proxies by giving written notice to the Secretary of the Company, by executing a later-dated proxy, or by attending the meeting and giving oral notice to the Secretary of the Company.

The affirmative vote of the holders of a majority of the outstanding shares of common stock of the Company present and entitled to vote is required for the election of each nominee to the Board of Directors of the Company (the "Board") and for approval of each proposal included in this Proxy Statement. For this purpose, a shareholder who abstains with respect to a proposal is considered to be present and entitled to vote on such proposal at the meeting and is in effect casting a negative vote, but a shareholder (including a broker) who does not give authority to a proxy to vote, or withholds authority to vote, on a proposal shall not be considered present and entitled to vote on such proposal.

The Board has fixed the close of business on July 16, 2003 (the "Record Date") as the date for determining the holders of outstanding shares of its common stock entitled to notice of, and to vote at, the meeting. On that date, there were 21,793,506 shares of the Company's common stock issued and outstanding. Each such share of common stock is entitled to one vote at the meeting. The Notice of Annual Meeting, this Proxy Statement and the form of proxy are first being mailed to shareholders of the Company on or about July 28, 2003.

PROPOSAL NO. 1

ELECTION OF DIRECTORS

Five directors are to be elected at the meeting, each director to hold office until the next Annual Meeting of Shareholders, or until his successor is elected and qualified. All of the persons listed below are now serving as directors of the Company. All of the persons listed below have consented to serve as a director, if elected. Proxies solicited by the Board will, unless otherwise directed, be voted to elect the five nominees names below to constitute the entire Board.

The Company's Bylaws provide that the Board will consist initially of five directors. The Board previously increased its size to six directors. The Company's Bylaws further provide that any vacancies on the Board may be filled by vote of the remaining directors. Because the shareholders are being asked to elect only five directors at the meeting, it is possible that the existing directors may elect a sixth director to fill the vacancy after the meeting.

Edgar Filing: STELLENT INC - Form DEF 14A

The options each have a maximum term of ten years, subject to earlier termination in the event of the optionee's cessation of service with the Company. BOARD COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

The Compensation Committee of the Board (the "Committee") generally has made decisions on compensation of the Company's executives. Each member of the Committee is a non-employee director. All decisions by the Committee relating to the compensation of the Company's executive officers are reviewed by the full Board. Pursuant to rules designed to enhance disclosure of the Company's policies toward executive compensation, set forth below is a report prepared by the Committee addressing the compensation policies for the Company for the year ended March 31, 2003 as they affected the Company's executive officers.

The Committee's executive compensation policies are designed to provide

Edgar Filing: STELLENT INC - Form DEF 14A

competitive levels of compensation that integrate pay with the Company's annual objectives and long-term goals, reward above-average corporate performance, recognize individual achievements, and assist the Company in attracting and retaining qualified executives. Executive compensation is set at levels that the Committee believes to be consistent with others in the Company's industry.

There are three elements in the Company's executive compensation program, all determined by individual and corporate performance. They are:

- Base salary compensation;
- Annual incentive compensation; and
- Stock options.

Total compensation opportunities are competitive with those offered by employers of comparable size, growth and profitability in the Company's industry.

Base salary compensation is determined by the potential impact the individual has on the Company, the skills and experiences required by the job, and the performance and potential of the incumbent in the job.

Annual incentive compensation for executives of the Company is based primarily on corporate operating earnings and revenue growth and the Company's positioning for future results, but also includes an overall assessment by the Committee of executive management's performance, as well as market conditions.

Awards of stock grants under the Company's stock incentive plans (the "Plans") are designed to promote the identity of long-term interests between the Company's executives and its shareholders and assist in the retention of executives and other key employees. The Plans also permit the Committee to grant stock options to other key personnel.

The Committee surveys employee stock option programs of companies with similar capitalization to the Company prior to recommending the grant of options to executives. While the value realizable from exercisable options is dependent upon the extent to which the Company's performance is reflected in the market price of the Company's common stock at any particular point in time, the decision as to whether such value will be realized in any particular year is determined by each individual executive and not by the Committee. Accordingly, when the Committee recommends that an option be granted to an executive, that recommendation does not take into account any gains realized that year by that executive as a result of his or her individual decision to exercise an option granted in a previous year.

The Committee evaluates the performance and establishes the base salary of the Chief Executive Officer on an annual basis based in part on the compensation criteria discussed above and the Committee's assessment of his past performance and its expectation as to his future contributions in leading the Company. In addition, the Committee considers significant accomplishments made by the Company during the prior year and other performance factors, such as the effectiveness of the Chief Executive Officer in establishing the Company's strategic direction and growth objectives. Any incentive compensation is entirely dependent on the accomplishment by the Company of certain corporate goals approved by the Board. Factors considered by the Committee in determining the Chief Executive Officer's base salary and

12

cash bonus, if any, are not subject to any specific weighting factor or formula. In determining the Chief Executive Officer's base salary for fiscal year 2003,

Edgar Filing: STELLENT INC - Form DEF 14A

as reported in the Summary Compensation Table, the Committee considered the comparative compensation criteria and performance factors discussed above.

Section 162(m) of the Internal Revenue Code generally disallows a tax deduction to public companies for compensation over \$1 million paid to the corporation's chief executive officer or any of the four other most highly compensated executive officers. Compensation is not subject to the deduction limit if certain requirements are met, including that the compensation be performance-based. The Company intends to structure the performance-based portion of the compensation of its executive officers in a manner that complies with the statute to mitigate any disallowance of deductions.

While it is not required to do so, the Board of Directors is submitting the selection of that firm for ratification in order to ascertain the view of the shareholders. If the selection is not ratified, the Board of Directors will reconsider its selection.

A representative of Grant Thornton LLP will be present at the meeting and will be afforded an opportunity to make a statement if such representative so desires and will be available to respond to appropriate questions during the meeting.

Audit Fees

During the fiscal year ended March 31, 2003, the Company paid the following fees to Grant Thornton LLP:

Officers, directors and greater than ten per cent shareholders are required by Commission regulations to furnish the Company with copies of all Section 16(a) forms they file.

Based solely on review of the copies of such forms furnished to the Company, the Company believes that during the fiscal year ended March 31, 2003 its officers, directors and greater than ten percent beneficial owners complied with all applicable Section 16(a) filing requirements except that each of the following inadvertently was late in filing one report covering one transaction: Robert F.
