PROXY STATEMENT

ANNUAL MEETING OF SHAREHOLDERS

To Be Held June 9, 2004

We are furnishing this proxy statement to solicit proxies on behalf of the board of directors for the 2004 annual meeting of shareholders of Renal Care Group, Inc. These proxies will be voted at the 2004 annual meeting of shareholders and at any adjournments or postponements. We will hold the 2004 annual meeting at 9:00 a.m. (Central Daylight Time) on Wednesday, June 9, 2004, at the Nashville Marriott at Vanderbilt University, 2555 West End Avenue, Nashville, Tennessee.

Shareholders of record as of the close of business on April 12, 2004 will be entitled to vote at the 2004 annual meeting and any adjournments. Each share of common stock is entitled to one vote on all matters presented at the meeting. Shareholders do not have the right to cumulate their votes for directors. As of April 12, 2004, there were 44,471,840 shares of common stock outstanding. Renal Care Group is first distributing the notice of the 2004 annual meeting, this proxy statement and the proxy form to shareholders on or about May 6, 2004.

On April 27, 2004, we announced a three-for-two split in the form of a 50% dividend to shareholders of record on May 7, 2004. This dividend will be distributed on or about May 24, 2004. References in this proxy statement to numbers of shares do not give effect to this stock split.

We will have a quorum at the annual meeting if a majority of the outstanding shares of common stock entitled to vote at the meeting are represented in person or by proxy. If a quorum is not present at the annual meeting, or if for any reason we believe that additional time should be allowed for the solicitation of proxies, then we may adjourn or postpone the meeting with or without a vote of the shareholders. If we propose adjournment, the people named in the enclosed proxy will vote all shares for which they have proxies in favor of adjournment.

The people named in the enclosed proxy will vote all shares of common stock represented by properly executed proxies in accordance with the instructions indicated on the proxy card, unless the proxy is revoked prior to or at the 2004 annual meeting. If a shareholder gives no instructions, the people named in the enclosed proxy will vote a properly executed proxy in favor of the matters listed in the proxy card. Directors must be elected by a plurality of votes cast. The proposed amendment of our Certificate of Incorporation to increase the number of authorized shares of common stock must be approved by the holders of a majority of our outstanding shares of common stock. The proposed adoption of the 2004 Incentive Plan, the proposed amendment to the Directors Plan and any other matters will be determined based upon the vote of the majority of votes cast, provided that the total vote cast on the proposal represents over 50% in interest of all securities entitled to vote on the proposal.

Shares represented by proxies that are marked **withhold authority** or **abstain** will be counted as shares present for purposes of establishing a quorum. Shares represented by proxies that include broker non-votes will also be counted as shares present for purposes of establishing a quorum. A broker non-vote occurs when a broker or nominee holding shares for a beneficial owner votes on one proposal but does not vote on another proposal because the broker or nominee does not have discretionary voting power and has not received instructions from the beneficial owner. Neither withholding authority to vote with respect to one or more nominees nor a broker non-vote will affect the outcome of the election of directors or the approval of the 2004

Table of Contents

Incentive Plan or amendment of the Directors Plan. Withholding authority to vote or a broker non-vote on the proposal to amend our Certificate of Incorporation will have the same effect as a vote against the proposal, since that proposal must be approved by a majority of our outstanding common stock.

With respect to the approval of the 2004 Incentive Plan and amendment of the Directors Plan, brokers or other nominees who are New York Stock Exchange (NYSE) members will not have discretionary voting authority. As a result, if your shares are being voted by a broker or other nominee who is a NYSE member, then your shares will be voted in favor of (or against) the proposal only if you provide specific voting instructions to your broker or other nominee. Your failure to provide instructions will result in a broker non-vote.

We will pay all expenses of the 2004 annual meeting, including the cost of soliciting proxies. We may reimburse people holding shares in their names for others, or holding shares for others who have the right to give voting instructions, such as brokers, banks, fiduciaries and nominees, for their reasonable expenses in forwarding the proxy materials to their principals.

Any shareholder returning a proxy may revoke that proxy at any time prior to the annual meeting by (a) giving written notice of revocation to Renal Care Group, (b) voting in person at the annual meeting, or (c) executing and delivering to Renal Care Group a proxy bearing a later date.

PROPOSALS FOR SHAREHOLDER ACTION

PROPOSAL 1

ELECTION OF CLASS II DIRECTORS

Our board of directors is composed of three classes, designated Class I, Class II, and Class III. The term of the Class II directors expires at the 2004 annual meeting. The current Class II directors are Joseph C. Hutts, Harry R. Jacobson, M.D. and Thomas A. Lowery, M.D. The nominating and governance committee of the board of directors has designated Joseph C. Hutts, Harry R. Jacobson, M.D. and Thomas A. Lowery, M.D. as the nominees for election as Class II directors at the 2004 annual meeting.

The term of the Class III directors will expire at the 2005 annual meeting, and the term of the Class I directors will expire at the 2006 annual meeting. The term of a director in each class will be three years or until his or her successor is elected. The continuing Class I directors are Gary A. Brukardt, Stephen D. McMurray, M.D. and William V. Lapham, and the continuing Class III directors are Peter J. Grua, William P. Johnston and C. Thomas Smith.

The nominees for election at the 2004 annual meeting have consented to be named as candidates in this proxy statement and to serve, if elected. We know of no reason why any nominee may be unwilling or unable to serve as a director. If any nominee is unwilling or unable to serve, the people named in the enclosed proxy will vote the shares represented by all valid proxies for such other person as the nominating and governance committee of our board of directors may recommend.

Directors are elected by a plurality of the votes cast by the shares of common stock represented at the 2004 annual meeting. Therefore, the nominees for election as Class II directors who receive the greatest number of votes cast at the 2004 annual meeting will be elected as Class II directors. Unless the shareholder gives other instructions, the people named in the accompanying proxy will vote FOR Joseph C. Hutts, Harry R. Jacobson, M.D. and Thomas A. Lowery, M.D. as Class II directors.

Additional Information Concerning the Board of Directors

Independence

Following the 2004 annual meeting, provided that Mr. Hutts and Dr. Jacobson are reelected to the board, the board of directors has determined that a majority of the directors will be independent as required by the recently amended New York Stock Exchange listing requirements. The board has affirmatively determined that Messrs. Grua, Hutts, Lapham and Smith and Dr. Jacobson are independent within the meaning of the NYSE listing requirements, and the board has determined that none of them has a material relationship with Renal Care Group that would impair his independence from management or otherwise compromise his ability to act as an independent director.

Committees

The board of directors has established three committees, the nominating and governance committee, the audit and compliance committee and the compensation committee, each of which is composed solely of directors who are independent (as determined by our board of directors) for purposes of the NYSE listing requirements. The committees are described below.

Nominating and Governance Committee. Renal Care Group's nominating and governance committee is composed solely of independent directors and operates under a written charter that is available on our website at www.renalcaregroup.com (follow the Investors tab to Corporate Governance). This committee assists the board of directors in fulfilling its oversight responsibilities under the NYSE listing requirements and Delaware law. This committee is responsible for identifying individuals qualified to serve on the board of directors and recommending director nominees for selection by the full board of directors or shareholders in accordance with Delaware law and our Certificate of Incorporation and Bylaws. This committee is also responsible for identifying individuals qualified to serve as Chief Executive Officer and recommending CEO candidates to the full board of directors. This committee is also responsible for (1) adopting and evaluating our corporate governance guidelines and (2) periodically evaluating those guidelines for the purpose of suggesting appropriate improvements.

The board of directors has adopted Corporate Governance Guidelines recommended by the nominating and governance committee. These guidelines are available on our website at www.renalcaregroup.com (follow the Investors tab to Corporate Governance). The nominating and governance committee is chaired by Dr. Jacobson and also includes Mr. Lapham and Mr. Smith. The nominating and governance committee has recommended the reelection of Mr. Hutts and Drs. Jacobson and Lowery at the 2004 annual meeting of shareholders.

The nominating and governance committee evaluates candidates for the board of directors identified by its members, other board members, the company's management and shareholders. The nominating and governance committee from time to time may also retain a third-party search firm to identify qualified candidates for membership on the board of directors. A shareholder who wishes to recommend a prospective nominee for consideration by the nominating and governance committee should follow the procedures set forth below under Shareholder Proposals to be Presented at Next Annual Meeting.

Table of Contents

Once the nominating and governance committee has identified a prospective nominee, it makes an initial determination as to whether to conduct a full evaluation. In evaluating a prospective nominee, the committee may consider, among other things, the following:

- the ability of the prospective nominee to represent the interests of our shareholders;
 - the prospective nominee's standards of integrity, commitment and independence of thought and judgment;
 - the prospective nominee's ability to dedicate sufficient time, energy and attention to the performance of his or her duties;
 - the extent to which the prospective nominee contributes to the range of talent, skill and expertise of the board of directors; and
 - the extent to which the prospective nominee helps the board of directors reflect the diversity of the company's shareholders, associates and patients.
- After completing the evaluation, the nominating and governance committee makes a recommendation to the board of directors.

Audit and Compliance Committee. The members of Renal Care Group's audit and compliance committee are all financially literate and independent for purposes of audit committee membership under the NYSE listing requirements and rules of the Securities and Exchange Commission (SEC). The audit and compliance committee operates under a written charter that was included as an appendix to our proxy statement for the 2003 annual meeting of shareholders. The charter is also available on our website at www.renalcaregroup.com (follow the Investors tab to Corporate Governance). The audit and compliance committee engages the independent auditors, reviews the independence of the independent auditors, approves all audit and non-audit fees for services rendered by the independent auditors, approves the scope of the annual activities of the independent auditors and reviews audit results. This committee also reviews the accounting principles we use in financial reporting, our internal auditing procedures and the adequacy of our internal control procedures, all in conjunction with Renal Care Group's independent auditor. The audit and compliance committee also oversees the activities of our internal compliance committee and program and receives reports from that committee and our Compliance Officer.

In addition, the audit and compliance committee has established procedures for the receipt, retention and treatment of any complaints we receive regarding accounting, internal accounting controls or auditing matters. The committee has also established procedures for the confidential, anonymous submission by employees of Renal Care Group of concerns regarding questionable accounting and auditing matters. The audit and compliance committee is chaired by Mr. Lapham and also includes Mr. Hutts, Mr. Grua and Mr. Smith. The board of directors has determined that Mr. Lapham qualifies as an audit committee financial expert under SEC rules and also possesses accounting or related financial management expertise under the NYSE listing requirements.

Compensation Committee. Renal Care Group's compensation committee is composed solely of independent directors and operates under a written charter that is available on our website at www.renalcaregroup.com (follow the Investors tab to Corporate Governance). It is responsible for establishing salaries, bonuses and other compensation for our executive officers, including the Chief Executive Officer, and for administering Renal Care Group's stock option plans. The compensation committee is chaired by Mr. Hutts and also includes Mr. Grua and Dr. Jacobson.

Meetings

During 2003, the board of directors held four regularly scheduled meetings and nine special meetings. In addition, during 2003, the compensation committee met four times; the audit and compliance committee met four times; and the nominating and governance committee met three times. In addition, the chairman of the audit and compliance committee and other committee members met by telephone conference call with management and our internal and independent auditors to review our quarterly results before we released

Table of Contents

those results to the public. Each director attended at least 75% of the total number of meetings held by the board and its committees on which he served.

In addition, the non-management directors, Messrs. Grua, Hutts, Lapham and Smith and Drs. Jacobson and Lowery meet at regularly scheduled executive sessions without management. The independent directors under the NYSE listing requirements also meet separately in executive session at least once a year. The chairs of our nominating and governance committee, audit and compliance committee and compensation committee rotate serving as the presiding director at the executive sessions of our non-management directors and independent directors. Interested parties may send communications to the chair of any of our standing board committees or to the non-management directors as a group by writing to Non-Management Directors, c/o Secretary, Renal Care Group, Inc., 2525 West End Avenue, Suite 600, Nashville, Tennessee 37203.

Communications with the Board of Directors

Shareholders may send communications to the board of directors, or any individual member of the board, in accordance with the process discussed on our website at www.renalcaregroup.com (follow the Investor tab to Corporate Governance).

Compensation of Directors

Members of the board of directors who are employees of Renal Care Group do not receive any compensation for serving on the board of directors. In 2004, each non-employee member of the board will receive an annual retainer of \$30,000, a fee of \$5,000 for each meeting of the board he attends and a fee of \$1,000 for each committee meeting he attends. In 2004, committee chairs will receive an additional annual fee of \$5,000. In 2004, Mr. Johnston, as Chairman of the Board, will receive base compensation in the amount of \$420,000. He will receive no additional per meeting fees. Mr. Johnston will be eligible for bonuses in the discretion of the board and stock option grants in the discretion of the compensation committee. Mr. Johnston was paid \$292,308 during 2003 for his services as Chairman and was granted options to purchase 16,875 shares of common stock with an exercise price of \$30.00 per share.

All directors, including members who are employees, receive reimbursement of out-of-pocket expenses incurred in connection with attending meetings of the board of directors or its committees.

We maintain the Renal Care Group, Inc. 1996 Stock Option Plan for Outside Directors to provide for grants of options to our non-employee directors. Currently, this plan provides for automatic grants to directors who are (1) not employees; (2) not the Chairman or Vice Chairman of the board of directors; and (3) not a party to, and whose medical practices are not a party to, a medical director agreement with Renal Care Group that is in force. This plan provides for an initial grant to each eligible director of 11,250 shares on the date such person first becomes a director and subsequent annual grants of options to purchase 5,625 shares of common stock following each annual meeting. The annual grants are made on the day following each annual meeting of shareholders. We propose to amend this plan at the 2004 annual meeting. The amendment is described in greater detail under Proposal 3.

PROPOSAL 2

APPROVAL OF THE RENAL CARE GROUP, INC.

2004 STOCK AND INCENTIVE COMPENSATION PLAN

2004 Incentive Plan

On March 11, 2004, the board of directors adopted the Renal Care Group, Inc. 2004 Stock and Incentive Compensation Plan, subject to approval by our shareholders. If our shareholders approve this proposal, we will reserve 4,500,000 shares of common stock for issuance upon the grant or exercise of awards pursuant to the 2004 Incentive Plan. If you approve this proposal, the 2004 Incentive Plan will be effective on the date of the 2004 annual meeting.

Table of Contents

A summary of the 2004 Incentive Plan is set forth below. The summary is qualified in its entirety by reference to the full text of the 2004 Incentive Plan. The full text of the 2004 Incentive Plan is included in this proxy statement as **Appendix A**.

Summary of the Plan

Purpose. The purpose of the 2004 Incentive Plan is to promote the interests of Renal Care Group and our shareholders by strengthening our ability to attract, motivate and retain employees and directors upon whose judgment, initiative and efforts our financial success and growth largely depend. The plan is also intended to provide additional incentives for employees, directors and consultants through stock ownership and other rights that promote and recognize our financial success and growth and create value for our shareholders.

Permissible Awards. The 2004 Incentive Plan authorizes awards in any of the following forms:

options to purchase shares of common stock;

stock appreciation rights;

restricted stock;

restricted stock units;

performance awards payable in stock or cash;

cash-based awards; and

other stock-based awards.

Deductibility under Section 162(m). Pursuant to Section 162(m) of the Internal Revenue Code, we may not deduct compensation in excess of \$1,000,000 paid to our Chief Executive Officer and our four next most highly compensated executive officers. The 2004 Incentive Plan is designed to comply with Code Section 162(m) so that grants of options and stock appreciation rights under the plan, and other awards that are conditioned on performance goals set forth in the plan, will be excluded from the calculation of annual compensation for purposes of Code Section 162(m) and will be fully deductible.

Shares Available for Awards. Subject to adjustment as provided in the 2004 Incentive Plan, the aggregate number of shares of common stock reserved and available for issuance pursuant to awards granted under the plan is 4,500,000. Except for shares retained to satisfy tax withholding obligations, only shares actually issued under the plan count against the total number of shares available under the plan. Each share subject to a grant of a stock option or stock appreciation right will reduce the number of shares available for grant under the 2004 Incentive Plan by one share. Each share subject to a grant of other awards settled in stock (such as bonus stock or restricted stock awards) will reduce the number of shares available for grant by 1.62 shares.

Limitations on Awards. All 4,500,000 shares authorized under the 2004 Incentive Plan may be issued in the form of stock options (whether as incentive stock options, which meet certain requirements under the tax code, or as nonqualified stock options). Unless the compensation committee determines that an award is not intended to qualify as a performance-based award that is exempt from Code Section 162(m), we will not grant, under the plan, more than the number of shares described below to any one participant in any year:

Options: no more than 1,000,0000 shares;

Stock Appreciation Rights: no more than 1,000,0000 shares;

Restricted Stock or Restricted Stock Units: no more than 500,0000 shares;

Performance Units or Performance Shares: no more than 500,0000 shares, or an amount equal to the value of 500,000 shares determined as of the date of vesting or payout, as applicable;

Edgar Filing: RENAL CARE GROUP INC - Form DEF 14A

Cash-Based Awards: no more than \$5,000,000; and

Other Stock-Based Awards: no more than 500,000 shares.

Incentive Pool. In addition to the awards described above, the compensation committee may establish an incentive pool for the payment of cash awards to covered employees (our Chief Executive Officer and our four next most highly compensated executive officers), as well as people the committee believes may become covered employees. Awards granted under the incentive pool are intended to be exempt from Code Section 162(m), as described above. The total incentive pool for any year will be equal to the greater of:

5% of our net income for such year, or

2.5% of our income from operations, or

2.5% of our net cash provided by operating activities for such year.

The compensation committee will designate the percentage for each covered employee at the beginning of each year. In no event will the incentive pool percentage for any one person exceed 40% of the total pool, and the sum of the percentages for all participants cannot exceed 100%.

Administration.

The 2004 Incentive Plan will be administered by the compensation committee. The committee will have the authority to:

designate participants;

determine the type or types of awards to be granted to each participant and the number, terms and conditions of the awards;

establish, adopt or revise any rules and regulations as it deems necessary or advisable to administer the 2004 Incentive Plan; and

make all other decisions and determinations that may be required under, or as it deems necessary or advisable to administer, the 2004 Incentive Plan.

The committee may delegate certain of its authority to grant awards to one or more of our officers, subject to restrictions under Delaware law.

Awards

Stock Options. The compensation committee is authorized to grant incentive stock options or non-qualified stock options under the plan. The terms of an incentive stock option must meet the requirements of Section 422 of the Internal Revenue Code. The exercise price of stock options will be determined by the committee and may be, but is not required to be, based upon fair market value of the shares on the date of grant, a premium over fair market value or an index determined by the committee. No option will have a term in excess of ten years. If we adopt an accounting standard that requires the expensing of stock options, then the committee may substitute stock appreciation rights payable in stock for outstanding options.

Stock Appreciation Rights. The committee may also grant stock appreciation rights payable in stock or cash. These provide the holder the right to receive the excess, if any, of the fair market value of one share of common stock on the date of exercise, over the base price of the stock appreciation right as determined by the Committee. The grant price of stock appreciation rights will be determined by the committee and may be, but is not required to be, based upon fair market value of the shares on the date of grant, a premium over fair market value or an index determined by the committee. No stock appreciation rights granted to participants inside the United States will have a term in excess of ten years.

Restricted Stock Awards. The committee may make awards of restricted stock to participants, which will be subject to restrictions on transferability and other restrictions that the committee may impose (including, without limitation, limitations on the right to vote restricted stock or the right to receive dividends, if any, on the restricted stock).

Restricted Stock Unit Awards. The committee may also make awards of restricted stock units to a participant, which will be subject to restrictions on transferability and other restrictions that the committee

Table of Contents

may impose. Upon lapse of such restrictions, shares of common stock will be issued to the participant in settlement of the restricted stock units.

Performance Awards. The committee may grant performance units and performance shares that are designated in shares of common stock (performance units) or in cash (performance shares). The committee will have the complete discretion to determine the number of performance awards granted to any participant and to set performance goals and other terms or conditions to payment of the performance awards in its discretion which, depending on the extent to which they are met, will determine the number and value of performance awards that will be paid to the participant.

Cash-Based Award and Other Stock-Based Awards. The committee may, subject to limitations under applicable law, grant to participants other cash-based awards and such other awards that are payable in, valued in whole or in part by reference to, or otherwise based on or related to shares of common stock that the committee deems to be consistent with the purposes of the plan. The committee may not award shares purely as a bonus unless they are granted in lieu of a bonus that otherwise would be paid in cash. The committee will determine the terms and conditions of any such awards.

Performance Measures. The committee may designate any award as a qualified performance-based award in order to make the award fully deductible without regard to the \$1,000,000 deduction limit imposed by Code Section 162(m), as described above. If an award is so designated, the committee must establish objectively determinable performance goals for the award based on one or more of the following business criteria, which may be expressed in terms of company-wide objectives or in terms of objectives that relate to the performance of a division, business unit, affiliate, department or function within the company or an affiliate:

Net earnings or net income (before or after taxes);

Earnings per share;

Net revenue growth;

Net operating profit;

Return measures (including but not limited to, return on assets, capital, equity or sales);

Cash flow (including, but not limited to, operating cash flow, free cash flow and cash flow return on capital);

Earnings before or after taxes, interest, depreciation and/or amortization;

Gross or operating margins;

Productivity ratios;

Share price (including, but not limited to, growth measures and total shareholder return);

Expense targets;

Margins;

Operating efficiency;

Customer satisfaction;

Working capital targets; and

EVA.

Edgar Filing: RENAL CARE GROUP INC - Form DEF 14A

The committee must establish any applicable goals prior to the beginning of the period for which such performance goal relates (or a later date if permitted under applicable tax regulations) and the committee may not increase any award or, except in the case of certain qualified terminations of employment, waive the achievement of any specified goal. Any payment of an award granted with performance goals will be

Table of Contents

conditioned on the written certification of the committee in each case that the performance goals and any other material conditions were satisfied.

Limitations on Transfer; Beneficiaries. Unless otherwise provided in a participant's award agreement or otherwise allowed by the committee, no award will be assignable or transferable by a participant other than by will or the laws of descent and distribution. A participant may, in the manner determined by the committee, designate a beneficiary to receive any distribution with respect to any award upon the participant's death.

Acceleration Upon Certain Events. Unless otherwise provided in a participant's award agreement, if we experience a change of control and, within 24 months after the change of control, we terminate the participant's employment without cause or the participant terminates his or her employment for good reason, then all of the participant's unexercised awards will automatically vest, any restrictions on such awards will lapse and any performance conditions will be deemed to have been satisfied as if target performance had been attained as of the date of the change in control. In such an event, stock-based awards will be cashed out and paid within 30 days at the greater of (a) the highest closing price per share paid for the purchase of common stock in a national securities market during the 90 day period ending on the date of the change in control or (b) the fair market value of the common stock on the date of such termination. Any cash-based awards will be made to the participant within 30 days following the change in control. This acceleration and pay-out will also occur if a change in control results directly or indirectly in our common stock ceasing to be publicly traded in a national securities market.

In addition, the committee has the discretion at any time to accelerate vesting of a participant's awards.

Unless otherwise provided in a participant's award agreement, upon the participant's termination of employment due to death, disability, or retirement, all of the participant's awards will automatically vest, any restrictions on such awards will lapse, and any performance conditions will be deemed to have been satisfied as if target performance had been attained as of the date of termination.

Termination and Amendment

The compensation committee may, at any time and from time to time, terminate or amend the plan, but if an amendment to the plan would require shareholder approval under applicable law, regulation or stock exchange rule, then that amendment will be subject to shareholder approval. In addition, the board of directors or the committee may condition any amendment on the approval of the shareholders for any other reason. No termination or amendment of the plan may adversely affect any award previously granted under the plan without the written consent of the participant.

Certain Federal Tax Effects

Non-qualified Stock Options. There will be no federal income tax consequences to the optionee or Renal Care Group upon the grant of a nonstatutory stock option under the plan. When the optionee exercises a nonstatutory option, however, he or she will recognize ordinary income in an amount equal to the excess of the fair market value of the common stock received upon exercise of the option at the time of exercise over the exercise price, and we will receive a corresponding deduction. Any gain that the optionee realizes when he or she later sells or disposes of the option shares will be short-term or long-term capital gain, depending on how long the shares were held.

Incentive Stock Options. There typically will be no federal income tax consequences to the optionee or Renal Care Group upon the grant or exercise of an incentive stock option. If the optionee holds the option shares for the required holding period of at least two years after the date the option was granted or one year after exercise, the difference between the exercise price and the amount realized upon sale or disposition of the option shares will be long-term capital gain or loss, and we will not be entitled to a federal income tax deduction. If the optionee disposes of the option shares in a sale, exchange or other disqualifying disposition before the required holding period ends, then he or she will recognize taxable ordinary income in an amount equal to the excess of the fair market value of the option shares at the time of exercise over the exercise price, and we will receive a federal income tax deduction equal to such amount. While the exercise of an incentive

Table of Contents

stock option does not result in current taxable income, the excess of the fair market value of the option shares at the time of exercise over the exercise price will be an item of adjustment for purposes of determining the optionee's alternative minimum taxable income.

Stock Appreciation Rights. A participant receiving a stock appreciation right will not recognize income, and we will not be allowed a tax deduction, at the time the award is granted. When the participant exercises the stock appreciation right, the amount of cash and the fair market value of any shares of common stock received will be ordinary income to the participant, and we will receive a corresponding deduction.

Restricted Stock. Unless a participant makes an election to accelerate recognition of the income to the date of grant as described below, the participant will not recognize income, and we will not be allowed a tax deduction, at the time a restricted stock award is granted. When the restrictions lapse, the participant will recognize ordinary income equal to the fair market value of the common stock as of that date (less any amount he or she paid for the stock), and we will receive a corresponding deduction. If the participant files an election under Code Section 83(b) within 30 days after the date of grant of the restricted stock, he or she will recognize ordinary income as of the date of grant equal to the fair market value of the stock as of that date (less any amount paid for the stock), and we will receive a corresponding deduction. Any future appreciation in the stock will be taxable to the participant at capital gains rates. However, if the stock is later forfeited, the participant will not be able to recover the tax previously paid pursuant to the Code Section 83(b) election.

Restricted Stock Units. A participant will not recognize income, and we will not be allowed a tax deduction, at the time a restricted stock unit award is granted. Upon issuance of shares of common stock in settlement of a restricted stock unit award, a participant will recognize ordinary income equal to the fair market value of the common stock as of that date (less any amount he or she paid for the stock), and we will receive a corresponding deduction.

Performance Awards. A participant generally will not recognize income, and we will not be allowed a tax deduction, at the time performance awards are granted. When the participant receives payment of cash or shares under the performance award, the cash amount or the fair market value of the shares of stock will be ordinary income to the participant, and we will be allowed a corresponding deduction.

Benefits to Named Executive Officers and Others

As of the date of the proxy statement, no awards had been granted or approved for grant under the 2004 Incentive Plan. Any awards under the 2004 Incentive Plan will be made at the discretion of the compensation committee. Consequently, we cannot determine, with respect to (1) our executive officers; (2) all current executive officers, as a group; (3) all non-executive directors, as a group; or (4) all eligible participants, including all current officers who are not executive officers, as a group, either the benefits or amounts that will be received in the future by such persons or groups pursuant to the 2004 Incentive Plan.

Reasons for Adopting the 2004 Incentive Plan

We believe that we must grant equity-based awards to our key employees to attract, retain and motivate qualified employees and consultants. We often grant awards to new employees joining the company whether through recruiting efforts or acquisitions. Management believes that grants to new employees are an important tool, enhancing our ability to recruit employees, to acquire companies and to pursue our growth strategy, by aligning the interests of employees with those of our shareholders. In the past, we also granted options to physicians serving as medical directors of some of our facilities. Of the approximately 5,600,000 options currently outstanding under our existing stock option plans, medical directors hold approximately 1,350,000 options.

There are currently approximately 1,200,000 shares available for grant under our existing stock incentive plans. We do not make grants under option plans of acquired companies.

We believe it is important to make annual grants to current officers and employees that vest over a period of time, so that officers and employees have a continuing incentive to work to improve our performance. In addition, the board of directors believes it is important to have enough shares available to cover several years

Table of Contents

awards, so that the compensation committee can implement a consistent compensation program. We are, therefore, requesting 4,500,000 shares for the 2004 Incentive Plan. The board of directors and the compensation committee have expressed their intent that this number of shares, along with shares available for grant under our other plans, will satisfy regular grants for three years, absent unusual circumstances such as a major acquisition.

To be able to continue to use stock-based incentives to attract new employees, to retain and provide incentives for existing employees and to align the incentives of employees of acquired companies with those of Renal Care Group's shareholders, the board of directors recommends the adoption of the 2004 Incentive Plan.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR THE ADOPTION OF THE RENAL CARE GROUP, INC. 2004 STOCK AND INCENTIVE COMPENSATION PLAN

PROPOSAL 3

**APPROVAL OF PROPOSED AMENDMENT TO THE
RENAL CARE GROUP, INC. 1996 STOCK OPTION PLAN
FOR OUTSIDE DIRECTORS**

We maintain the Renal Care Group, Inc. 1996 Stock Option Plan for Outside Directors to provide for grants of options to our non-employee directors. The Directors Plan was adopted in 1996 when the board of directors and shareholders approved it. This plan currently provides for automatic grants to directors who are not:

employees;

the Chairman or Vice Chairman of the board of directors; and

a party to, or a member of a medical practice that is a party to, a medical director agreement with Renal Care Group.

Under this plan, we make an initial grant of options to purchase 11,250 shares to each eligible director on the date the director first becomes a director. We make subsequent annual grants of options to purchase 5,625 shares of common stock following each annual meeting. The annual grants are made on the day following each annual meeting of shareholders. The option price for each option granted under the Directors Plan is the Fair Market Value, as that term is defined in the plan, of the shares of common stock subject to the option on the date the option is granted. All options granted under the Directors Plan are immediately exercisable, subject to securities law restrictions, and have a term of ten years.

We propose to amend the Directors Plan to provide that options will be granted under it to all non-employee directors, including members of the board of directors who are also medical directors and the Chairman or Vice Chairman of the Board of Directors.

A summary of the Directors Plan is set forth below. The summary is qualified by reference to the full text of the Directors Plan. We will provide a free copy of the Directors Plan to any shareholder upon written request to the Secretary, Renal Care Group, 2525 West End Avenue, Suite 600, Nashville, Tennessee 37203.

The purpose of the Directors Plan is to promote the success and enhance the value of Renal Care Group by aligning the personal interests of our outside directors with the interests of the shareholders. As of March 31, 2004, there were five persons eligible to participate in the Directors Plan.

Administration

The Directors Plan is administered by the compensation committee of the board of directors, or at the discretion of the board from time to time, by the board or another committee or subcommittee. The

Table of Contents

committee or subcommittee administering the Directors Plan (the committee) has the power, authority and discretion to:

establish, adopt or revise any rules and regulations as it deems necessary or advisable to administer the Directors Plan; and

make all other decisions and determinations that may be required under, or as it deems necessary or advisable to administer, the Directors Plan.

Awards

The Directors Plan provides for fixed initial and annual grants of options to eligible directors. The options are nonqualified stock options and are evidenced by a written award agreement between the director and us. The exercise price of each option will be the closing market price of a share of the underlying common stock as of the date of the grant.

No option granted under the Directors Plan is assignable or transferable by a participant other than by will or the laws of descent and distribution. However, the committee may (but need not) permit other transfers where the committee concludes that transferability (1) does not result in accelerated taxation, and (2) is otherwise appropriate and desirable, taking into account any factors deemed relevant, including without limitation, state or federal tax or securities laws applicable to transferable awards. A director may, in the manner determined by the committee, designate a beneficiary to exercise his or her rights and to receive any distribution with respect to any award upon his or her death.

Termination and Amendment

The Directors Plan may not be amended or terminated without shareholder approval. No termination, amendment or modification of the Directors Plan may adversely affect any award previously granted under the Directors Plan, without the written consent of the participant.

Certain Federal Income Tax Effects

Under present federal income tax regulations, there will not be federal income tax consequences to either Renal Care Group or the director when we grant a nonqualified stock option under the Directors Plan. However, when a director exercises an option, the director will realize ordinary income in an amount equal to the excess of the fair market value of the common stock acquired over the exercise price, and we will receive a corresponding deduction. The gain, if any, realized on the director's subsequent disposition of the common stock will be short-term or long-term capital gain, depending on the director's holding period.

Benefits to Directors

During 2003, we issued options to purchase 5,625 shares of common stock to each of Mr. Hutts, Mr. Lapham and Dr. Jacobson. We issued these options on June 12, 2003 with an exercise price of \$34.89. In addition, in 2004 we issued options to purchase 11,250 shares of common stock to each of Mr. Grua and Mr. Smith. We issued these options on January 5, 2004 with an exercise price of \$41.88.

Whether or not the shareholders approve the proposed amendments to the Directors Plan, on the day after the annual meeting, we will grant each of Mr. Grua, Mr. Hutts, Dr. Jacobson, Mr. Lapham and Mr. Smith an option to purchase 5,625 shares of common stock, with an exercise price equal to the closing price of a share of our common stock on the New York Stock Exchange on that day. If the shareholders approve the amendment to the Directors Plan, on the day after the annual meeting, we will also grant Dr. McMurray and Dr. Lowery an option to purchase 5,625 shares of common stock with the same exercise price. We will make similar grants each year. Since Mr. Johnston and Mr. Brukart are employees, they will not receive awards under the Directors Plan but may receive awards under our other option plans.

Table of Contents**Reason for Amendment of the Directors Plan**

We believe that we must continue to align the interests of outside directors with those of our shareholders. We believe that the limitations on grants to the Chairman, Vice Chairman and medical directors were appropriate for Renal Care Group when the Directors Plan was adopted in 1996. At that time, we believed that any Chairman or Vice Chairman would be adequately compensated for his or her efforts through other means such as compensation as an officer or employee or ownership of a significant amount of our common stock.

Following the death of Sam A. Brooks, our prior Chairman and Chief Executive Officer, the board of directors determined to separate the roles of Chairman and Chief Executive Officer. The board of directors appointed a Chairman separate from the Chief Executive Officer primarily to assist the board in more efficiently and effectively providing oversight to management so it will continue to act in the long-term best interests of the company and its shareholders. We believe that if the positions of Chairman and Chief Executive Officer are separate and if the Chairman or Vice Chairman is not an employee, then it is necessary for the Chairman (or Vice Chairman) to remain an independent representative of the board in dealing with management on the shareholders' behalf. We also believe that if there is a Vice Chairman at a time when the positions of Chairman and Chief Executive Officer are held by the same person, then it is appropriate for the Vice Chairman to remain an independent representative of the board in dealing with management on the board's behalf and to receive options under the Directors Plan.

Further, we believed that compensation paid to board members who were medical directors, coupled with stock they received when the company was formed, would adequately compensate these board members. Recent changes in corporate governance have increased the demands on all board members' time. As a result, we believe it is appropriate to compensate all board members for their service including directors who are also medical directors. Therefore, the board of directors recommends the approval of the amendment described above to the 1996 Stock Option Plan for Outside Directors.

PROPOSAL 4

PROPOSED AMENDMENT TO THE COMPANY S

**CERTIFICATE OF INCORPORATION TO
INCREASE THE AUTHORIZED COMMON STOCK**

Our board of directors has unanimously adopted a resolution proposing that the number of authorized shares of common stock be increased from 90,000,000 to 150,000,000, subject to approval of our shareholders. The relative rights and limitations of the common stock would remain unchanged under the amendment. Our common stock does not have preemptive rights.

As of the Record Date, there were 44,471,840 shares of common stock outstanding and 9,676,200 shares of treasury stock. Approximately 7,200,000 shares of common stock were reserved for issuance under our various stock option plans, plans of certain acquired companies and outstanding freestanding options. Thus, as of April 12, 2004, there were approximately 28,700,000 authorized shares of common stock unissued and not reserved for issuance. Furthermore, if the shareholders approve Proposal 2, 4,500,000 shares of common stock will be reserved under the 2004 Incentive Plan, reducing the authorized shares of common stock unissued and not reserved for issuance to approximately 24,200,000. In addition, our Shareholder Protection Rights Agreement could, in some events, require the issuance of additional shares of common stock.

As noted above, we recently announced a three-for-two stock split in the form of a stock dividend to shareholders of record as of May 7, 2004. After this stock split, we will have, effectively, no authorized stock that is not reserved for issuance upon the exercise of outstanding options, and we will either reissue treasury stock or retire treasury stock to satisfy some stock options.

We believe that increasing the number of authorized shares will provide several long-term advantages to us and our shareholders. The proposed increase will ensure that a sufficient number of shares will be available, if needed, for issuance in connection with possible future transactions approved by the board of directors, such as mergers, acquisitions, financings, stock splits and stock dividends. We believe that the availability of the additional shares of common stock for purposes like these without delay and without a special shareholders meeting (except as may be required by applicable law or regulatory authorities or by the rules of the New York Stock Exchange or any stock exchange on which our securities may then be listed), will be beneficial to us. Having additional authorized shares will give us flexibility to consider and respond to future business opportunities and needs as they arise. The availability of additional authorized shares of common stock will also enable us to act promptly when the board of directors determines that the issuance of additional shares is advisable.

We have no specific plans or proposals to use any additional authorized shares. We regularly review and evaluate acquisition candidates as part of our growth strategy and are at various stages of evaluation, discussion or negotiation with a number of such candidates, but we are not a party to any definitive agreement or letter of intent regarding any material acquisition.

The proposed increase in the number of authorized shares of common stock could have a number of effects on our shareholders depending upon the exact nature and circumstances of any actual issuances of authorized but unissued shares. The increase could have an anti-takeover effect, in that we could issue additional shares (within the limits imposed by applicable law or New York Stock Exchange rules) in one or more transactions that could make a change in control or takeover more difficult. For example, we could issue additional shares so as to dilute the stock ownership or voting rights of persons seeking to obtain control. Our existing Shareholder Protection Rights Agreement would require such an issuance under certain circum-

Table of Contents

stances. Similarly, the issuance of additional shares to persons allied with our management could make it more difficult to remove our management by diluting the stock ownership or voting rights of persons seeking to cause the removal of management.

Shares of common stock may be issued at a time and under circumstances that may increase or decrease earnings per share and increase or decrease the book value per share of shares presently held. Additional issuances of common stock could also affect the market price of the common stock.

The affirmative vote of the holders of a majority of the outstanding shares of common stock entitled to vote is necessary to adopt the proposed amendment to Article IV of our Certificate of Incorporation. The board of directors believes that it is in the best interests of the company to approve the proposed increase in the authorized common stock. If the proposal is adopted, the amended portion of Article IV of our Certificate of Incorporation will read as follows:

ARTICLE IV

CAPITAL STOCK

Section 4.1. Total Number of Shares of Stock. The total number of shares of stock of all classes that the Company shall have authority to issue is **160,000,000**. The authorized capital stock is divided into 10,000,000 shares of Preferred Stock, \$0.01 par value per share (the Preferred Stock), and **150,000,000** shares of Common Stock, \$0.01 par value per share (the Common Stock).

The only changes in Article IV that will be made as a result of the proposal are the changes to the two numbers set forth in bold face type above. Presently, our Certificate of Incorporation provides that the aggregate number of all classes which we may issue is 100,000,000 of which 90,000,000 are shares of common stock. All other portions of Article IV will remain unchanged, including the authorization of 10,000,000 shares of preferred stock, the preferences of which may be designated by the board. In connection with our Shareholder Protection Rights Agreement, the board has designated 400,000 shares as Series A Junior Participating Preferred Stock.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR THE APPROVAL OF THE AMENDMENT TO THE CERTIFICATE

agreements contains restrictive covenants that prohibit the officer from competing with Renal Care Group for one year after the end of the employment term, unless the employment agreement is terminated following a change in control.

The annual salaries of the executive officers as set forth in the employment agreements are \$550,000, \$270,000, \$275,000, \$400,000 and \$300,000 for Mr. Brukart, Mr. Chappell, Mr. Dill, Dr. Hakim and Mr. Martin, respectively. If any of the executive officers receives severance that would result in the imposition of excise tax under Section 4999 of the Code, then he will be entitled to the amount described above plus a gross-up payment, if necessary, to reimburse him for any such excise tax plus all federal, state and local income and excise taxes imposed on the gross-up payment. In addition, following a change in control, if any of the above officers resigns for any reason or is terminated without cause, the non-competition covenants set forth in his employment agreement will become null and void.

Prior to his death, Mr. Brooks was a party to an employment agreement with the company that had substantially similar terms to those of the other executive officers. The company also adopted a defined benefit plan for Mr. Brooks in 2003. That defined benefit plan is discussed below.

COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

Introduction

This report is submitted by the compensation committee at the direction of the board of directors. It provides information about the compensation and benefits provided to our Chief Executive Officer and other executive officers. The compensation committee is responsible for all decisions regarding compensation for our executive officers. The compensation committee is composed of three independent directors. Because the committee believes that each executive officer has the potential to affect both our short-term and long-term profitability, the committee places considerable importance on the task of creating and implementing our executive compensation program.

Our executive compensation program is focused on shareholder value, our overall performance, the effect of the executive's performance on our success and the individual performance of the particular executive.

Compensation Philosophy

The committee's philosophy is to integrate the compensation of our executive officers with corporate performance. The committee's objectives are to measure executive performance against short-term and long-term goals, reward performance and recognize individual initiative and achievements. The committee is also focused on assisting the company in attracting, motivating and retaining qualified executives, while aligning the incentives of management with the interests of shareholders. In administering the compensation policies and programs used by the committee and endorsed by the board of directors, the committee:

recommends total compensation of executive officers in relation to our performance;

aligns compensation amounts with comparable levels paid to executive officers of companies comparable to us in size and performance; and

provides cash bonuses based upon a percentage of annual salary to motivate and retain highly-qualified executive officers.

The compensation committee considers and approves all grants of stock options and restricted stock. Our compensation program currently consists of base salary and annual incentive compensation in the form of cash bonuses and options. In 2003, the committee reviewed, with the assistance of outside consultants, our executive compensation relative to executive compensation of peer groups. Because our compensation plan involves incentives that are contingent upon our performance and individual performance, an executive officer's actual compensation level in any particular year may be above or below the compensation of similarly situated officers of competitors. The committee reviews each element of executive compensation annually. The key components of our executive compensation program are described below.

Table of Contents

Base Salary

The compensation committee reviews and approves an annual salary plan for our executive officers. In 2003, the salary plan was developed by the chairman of the compensation committee with input from compensation consultants. The committee then reviewed the plan with our new Chairman of the Board and our new Chief Executive Officer. The committee reviewed reports from independent compensation consultants and considered other subjective factors in determining the salary plans for 2003. The committee's goal was to place base compensation at or near the median of peer group companies with bonus compensation and option incentives that could, if we perform well, result in total compensation at or near the 75th percentile of peer group companies.

Among the factors the committee considered in determining base salary were the executive officer's responsibilities, the scope of the position, length of service, corporate and individual performance and salaries paid by other health care services companies to officers in similar positions. The committee then integrated these factors with other relevant factors, including our net income, earnings per share, return on invested capital and growth.

Bonuses

The compensation committee believes that a significant portion of the total cash compensation for executive officers should be based on achievement of specific criteria, including earnings per share, clinical performance and individual performance. Executive officers receive a cash bonus based on a percentage of annual base salary, if the company and the executive officer meet annual performance targets. The performance targets are established and communicated at the beginning of each year. The committee includes clinical performance targets and individual performance targets with earnings-based targets to determine bonuses for the executive officers. The committee believes our long-term success depends not only on earnings per share performance but also on keeping our patients healthy and on having the executive officers take responsibility for meeting their personal goals, both of which may not translate directly into improved financial performance during a particular year. In 2003, the target bonus for the Chief Executive Officer was 100% of base salary; the target bonus for each of the executive vice presidents was 75% of base salary; and the target bonus for Mr. Chappell was 50% of base salary. Maximum bonuses for executive officers in 2003 could have been as much as 150% of base salary in the case of the Chief Executive Officer, 112.5% for executive vice presidents and 75% for Mr. Chappell. As a result, a significant part of each executive's cash compensation package is at risk based on his and our performance.

Long-Term Component, Stock Incentive Plans

To date, we have relied primarily upon stock option and restricted stock awards to provide long-term incentives for executives, align executives' incentives more closely with the interests of shareholders and to allow us to keep the level of base compensation at or near the median for the industry. The compensation committee continues to believe that stock options and restricted stock awards have been and remain an excellent vehicle for providing financial incentives for management. Our stock incentive plans permit us to issue stock options and restricted stock awards to officers, key employees, and consultants. Subject to general limits prescribed by the stock incentive plans, the compensation committee has the authority to determine the individuals to whom stock options and restricted stock awards are granted, the terms of the options and restricted stock awards, and the number of shares subject to each option or restricted stock award.

The size of any particular stock option or restricted stock award is generally based upon the individual executive's position and performance during the related evaluation period. With respect to stock options, because the exercise price of the options is the market price of a share of our common stock on the date of grant and the options generally vest over a period of time, employees benefit only if the value of our common stock increases. Thus, employees with stock options are rewarded for their efforts to improve long-term stock market performance. In this way, the committee works to align the financial interests of management with those of our shareholders. For this reason, we use stock options as our principal long-term incentive program.

Table of Contents

Executive officers may also participate in our Employee Stock Purchase Plan. Executive officers participate in the stock purchase plan on the same terms as non-executive employees who meet the applicable eligibility criteria, subject to any legal limitations on the amounts that may be contributed or the benefits that may be payable under the plan. All contributions to the stock purchase plan are made or invested in Renal Care Group's common stock. These features are intended to align the employees' and shareholders' long-term financial interests more closely.

Chief Executive Officer Compensation

The compensation committee's basis for compensation of Mr. Brukardt, during his tenure as our Chief Executive Officer during 2003, was based on the compensation philosophy discussed above. Mr. Brukardt participated in the same executive compensation plans available to the other executive officers. In 2003, the committee set Mr. Brukardt's base salary at \$550,000 after he was named Chief Executive Officer. The compensation committee also approved options to purchase 200,000 shares of common stock for Mr. Brukardt when he was named Chief Executive Officer. The compensation levels established for Mr. Brukardt were in response to the board's and the committee's assessments of our performance and accomplishments in 2003, as well as Mr. Brukardt's position and the nature of his responsibilities and contributions. The committee considered Mr. Brukardt's performance in terms of the company's success in meeting performance targets, from both an operational and a financial standpoint, and in developing and executing our strategic plan.

The compensation committee's basis for compensation of Mr. Brooks during his tenure as our Chief Executive Officer in 2003, was based on the compensation philosophy discussed above. Mr. Brooks' base salary had been established in 2002 and was continued, and the bonus he received in 2003 related to our performance in 2002. The committee, following consultation with a compensation consultant, recommended that the board approve the defined benefit plan for Mr. Brooks. The committee made this recommendation in light of the substantial contribution Mr. Brooks had made to the founding and success of the company as well as the fact that we did not have an executive retirement plan. The committee reviewed the practices of other companies in our peer group and determined that such a benefit was appropriate for Mr. Brooks.

Federal Income Tax Deductibility Limitations

The compensation committee intends to work to structure future compensation so that executive compensation paid by Renal Care Group is fully deductible in accordance with Section 162(m) of the Internal Revenue Code. One of the features of the 2004 Incentive Plan discussed above, is a cash incentive provision that would make bonuses granted under it deductible for Section 162(m) purposes. Section 162(m) generally disallows a tax deduction to public companies for compensation over \$1 million paid to certain executive officers unless certain conditions are met. However, the committee may, in a particular case, decide to approve compensation that may prove not to be deductible.

Summary

The compensation committee believes that the company's mix of base salaries, variable cash incentives and the potential for equity ownership is an appropriate balance that serves to motivate the management team to produce strong returns for our shareholders over the long term. The committee also believes this program strikes an appropriate balance between our interests and needs in operating the business and appropriate rewards based on shareholder value.

Dr. Jacobson currently serves as Vice Chancellor of Health Affairs at Vanderbilt University Medical Center. We are a party to two Dialysis Center Management Agreements with Vanderbilt University Medical Center (VUMC) pursuant to which we manage VUMC's outpatient dialysis centers. Each agreement has a one-year term that is automatically renewed each year unless either party cancels the agreement at least 90 days prior to the end of the current term. We received approximately \$805,000 pursuant to these agreements for the year ended December 31, 2003.

AUDIT AND COMPLIANCE COMMITTEE REPORT

The audit and compliance committee of the board of directors oversees our financial reporting process on behalf of the board. The committee operates under a written charter adopted by the board of directors in 1999 and amended in March 2003. This report reviews the actions taken by the audit and compliance committee with regard to our financial reporting process during 2003, particularly with regard to our audited consolidated financial statements as of December 31, 2002 and 2003 and for the years ended December 31, 2001, 2002 and 2003.

All members of the audit and compliance committee are independent, as that term is defined by NYSE listing requirements and the SEC's rules, and the board has determined that Mr. Lapham is a financial expert for purposes of the NYSE listing requirements and the SEC's rules under the Sarbanes-Oxley Act of 2002. None of the members is or has been an officer or employee of Renal Care Group or any of our subsidiaries, and none of them has engaged in any business transaction or has any business or family relationship with Renal Care Group or any of our subsidiaries or affiliates that would cause that member not to be considered independent.

Management has the primary responsibility for our financial statements and reporting process, including the systems of internal controls. Ernst & Young LLP, our independent auditor, is responsible for performing an independent audit of our consolidated financial statements in accordance with auditing standards generally accepted in the United States and issuing a report on those financial statements. The audit and compliance committee monitors and oversees these processes and selects the accountants to serve as our independent auditor for the coming year.

The audit and compliance committee has implemented procedures to guide its activities during the course of each fiscal year. These procedures are designed to allow the committee to devote the attention that it deems necessary or appropriate to fulfill its oversight responsibilities under its charter. To carry out its responsibilities, the committee met four times during 2003. In addition, the committee's chairman and other committee members met with management, our internal and independent auditors prior to the release of quarterly financial information.

In fulfilling its oversight responsibilities, in March 2004, the committee met with management and the independent auditor to review the audited financial statements to be included in Renal Care Group's annual report on Form 10-K for 2003. This review included a discussion of the quality (rather than just the acceptability) of the accounting principles, the reasonableness of significant judgments, the identification and application of significant accounting policies and the clarity of disclosures in the financial statements. The audit and compliance committee also reviewed with our independent auditor its judgments as to the quality (rather than just the acceptability) of our accounting principles, the identification and application of significant accounting policies and the other matters that are required to be discussed with the committee under Statement on Auditing Standards No. 61, *Communication with Audit Committees*, as amended.

The audit and compliance committee obtained a formal written statement from our independent auditor that described all relationships between us and the auditor that might bear on the auditor's independence consistent with Independence Standards Board Standard No. 1, *Independence Discussions with Audit Committees*. The committee discussed with the independent auditor any relationships that may have an

impact on the independent auditor's objectivity and independence, and the committee determined that the independent auditor is independent. The committee also considered whether the provision of other non-audit services by Ernst & Young is compatible with maintaining Ernst & Young's independence.

Additionally, the committee discussed the overall scope and plan for audits with our internal and independent auditors. The committee met with our internal and independent auditors, with and without management present, to discuss the results of their examinations, their evaluations of our internal controls and the overall quality of our financial reporting.

In reliance on the reviews and discussions referred to above, the audit and compliance committee recommended to the board of directors that the audited financial statements be included in our annual report on Form 10-K for 2003 for filing with the SEC. The audit and compliance committee also resolved to retain Ernst & Young as Renal Care Group's independent auditor for 2004.

Submitted by the audit and compliance committee:

Joseph C. Hutts

The report of the audit and compliance committee does not constitute soliciting material and should not be deemed to be filed with the Securities and Exchange Commission or incorporated by reference into any of our other filings under the Securities Act of 1933 or the Securities Exchange Act of 1934, except to the extent that we specifically incorporate the report by reference in any of those filings.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Medical Director Arrangements

Dr. Lowery is a partner in Tyler Nephrology Associates, P.A., a practice group currently consisting of eight nephrologists. Renal Care Group entered into a Medical Director Agreement with that practice group effective as of February 12, 2003. The Medical Director Agreement has a term of seven years with successive renewal terms of three years each and provides for medical director fees of \$532,000 subject to agreed adjustments. During 2003, Renal Care Group paid Tyler Nephrology Associates, P.A. a total of \$701,622 under this agreement.

Dr. McMurray is a member of Indiana Dialysis Management, a division of Indiana Medical Associates, a 46-member multi-specialty practice group. Renal Care Group entered into a Medical Director Agreement dated February 12, 1996 with the predecessor of that practice group. The Medical Director Agreement has a term of seven years with successive renewal terms of three years each and provides for medical director fees of \$326,000 subject to agreed adjustments. During 2003, Renal Care Group paid Indiana Dialysis Management a total of \$620,000 under this agreement.

We believe that each of the foregoing agreements was obtained on terms no less favorable to the company than could be obtained from unaffiliated third parties. The terms of each Medical Director Agreement were determined by arm's-length negotiations between Renal Care Group and the practices, with the member of the board of directors taking no part in Renal Care Group's review or negotiation of the relationship.

Consulting Services

Renal Care Group entered into an Independent Contractor Agreement with Dr. McMurray, dated November 20, 1997, pursuant to which Dr. McMurray receives \$12,000 per month in connection with services provided to the company. Dr. McMurray received \$144,000 under this agreement during 2003.

Barbara McMurray, Dr. McMurray's spouse, is an employee of Renal Care Group, serving as Vice President, Operations Development. In 2003, Ms. McMurray received a base salary of \$150,734 plus bonuses of \$50,888.

Relationship with Indiana Dialysis Management

Renal Care Group and Indiana Dialysis Management formed two joint ventures in 2001, each of which owns and operates one dialysis center in or near Fort Wayne, Indiana. Indiana Dialysis Management owns a 30% interest in one of the joint ventures and 40% in the other. The agreements for these joint ventures require all members of the joint venture to contribute in cash their share of all capital (including working capital) to operate the business and provide for distributions out of net cash flow strictly in accordance with the members' interests. During 2001, Indiana Dialysis Management contributed \$380,000 to the capital of one of these two joint ventures and \$351,493 to the capital of the other. During 2003, the members of these joint ventures received distributions equal to \$90,000. The formation of these joint ventures was reviewed by the audit and compliance committee and was approved by the full board of directors, with Dr. McMurray not taking part in the deliberations.

Leases of Real Property

Dr. Lowery owns a 25% interest in real property and improvements that we lease and use in the operation of two of our dialysis centers, one located in Carthage and the other in Tyler, Texas. Each lease is a triple net lease with rent payable at \$12.00 per square foot per year. The Tyler lease requires a gross payment of \$20,092 per month, and the Carthage lease requires a gross payment of \$2,479 per month. Each lease has an initial term of ten years with two additional five-year renewal options. The amount of rent is subject to a consumer price index adjustment after the initial five-year period. During 2003, Renal Care Group paid approximately \$260,660 in rent under these leases net of amounts attributable to subleases.

Table of Contents

We believe that the foregoing leases were obtained on terms no less favorable than could be obtained from unaffiliated third parties.

Company Policy

Our policy is that transactions with affiliates must be reviewed by the audit and compliance committee and approved by a majority of the disinterested members of the board of directors and that the transactions will be made on terms no less favorable to Renal Care Group than could be obtained from unaffiliated third parties.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Under Section 16 of the Exchange Act, our directors, executive officers and any person holding more than 10% percent of our common stock are required to report their ownership of common stock and any changes in that ownership to the SEC and the New York Stock Exchange. SEC regulations require these persons to furnish copies of these reports to us. Specific due dates for these reports have been established, and Renal Care Group must report any failure to make required filings in 2003 in this proxy statement. Based solely on a review of the reports furnished to us or written representations from the company's directors, officers and ten percent beneficial owners, all of these reporting requirements were satisfied with the exception of the following: Form 4 filed by each of Messrs. Hutts and Lapham and Dr. Jacobson in connection with the grant of options to purchase 5,625 shares of common stock to each of them; Form 4 filed by Dr. McMurray in connection with the company's grant of options to purchase 15,000 shares of common stock to his spouse, the exercise of options to purchase 22,500 shares of common stock by his spouse and the sale of 5,000 shares of common stock by Dr. McMurray; Form 4 filed William P. Johnston in connection with the grant of options to purchase 16,875 shares of common stock; and Form 4 filed by Timothy P. Martin in connection with the exercise of options to purchase 16,250 shares of common stock.

Our audit and compliance committee has reviewed the services rendered and the fees billed by Ernst & Young for the fiscal year ended December 31, 2003. The audit and compliance committee determined that the services rendered and the fees billed last year that were not related to the audit of our financial statements are compatible with the independence of Ernst & Young as our independent auditors. Our audit committee approves all fees to be paid for audit and non-audit services of Ernst & Young prior to engagement.

ADMINISTRATION

3.1 *General.* The Committee shall be responsible for administering the Plan, subject to this Article 3 and the other provisions of the Plan. The Committee may employ attorneys, consultants, accountants, agents, and other individuals, any of whom may be an Employee, and the Committee, the Company, and its officers and Directors shall be entitled to rely upon the advice, opinions, or valuations of any such individuals. All actions taken and all interpretations and determinations made by the Committee shall be final and binding upon the Participants, the Company, and all other interested individuals.

3.2 *Authority of the Committee.* The Committee shall have full and exclusive discretionary power to interpret the terms and the intent of the Plan and any Award Agreement or other agreement or document ancillary to or in connection with the Plan, to determine eligibility for Awards and to adopt such rules, regulations, forms, instruments, and guidelines for administering the Plan as the Committee may deem necessary or proper. Such authority shall include, but not be limited to, selecting Award recipients, establishing all Award terms and conditions, including the terms and conditions set forth in Award Agreements, and, subject to Article 19, adopting modifications, subplans, and amendments to the Plan or any Award Agreement, including without limitation, any that are necessary to comply with the laws of the countries and other jurisdictions in which the Company, its Parent, and/or its Subsidiaries operate.

3.3 *Delegation.* The Committee may delegate to one or more of its members or to one or more officers of the Company, its Parent, and/or its Subsidiaries, or to one or more agents or advisors such administrative duties or powers as it may deem advisable, and the Committee or any individual to whom it has delegated duties or powers as aforesaid may employ one or more individuals to render advice with respect to any responsibility the Committee or such individual may have under the Plan. The Committee may, by resolution, authorize one or more officers of the Company to do one or both of the following on the same basis as can the Committee: (a) designate Employees (including any officers of the Company) to be recipients of Awards; and (b) determine the size of any such Awards; provided, however, (i) the Committee shall not delegate such responsibilities to any such officer for Awards granted to an Employee who is considered an Insider or a Covered Employee; (ii) the resolution providing such authorization sets forth the total number of Awards such officer(s) may grant; and (iii) the officer(s) shall report periodically to the Committee regarding the nature and scope of the Awards granted pursuant to the authority delegated.

ARTICLE 4.

SHARES SUBJECT TO THE PLAN AND MAXIMUM AWARDS

4.1 *Number of Shares Available for Awards.*

(a) Subject to adjustment as provided in Section 4.4 herein, the maximum number of Shares available for issuance to Participants under the Plan (the Share Authorization) shall be 4,500,000 Shares.

(b) To the extent that a Share is issued pursuant to the grant or exercise of a Full-Value Award, it shall reduce the Share Authorization by 1.62 Shares; and, to the extent that a Share is issued pursuant to the grant or exercise of an Award other than a Full-Value Award, it shall reduce the Share Authorization by one (1) Share.

Table of Contents

(c) Subject to the limit set forth in Section 4.1(a) on the number of Shares that may be issued in the aggregate under the Plan, the maximum number of Shares that may be issued pursuant to ISOs and NQSOs shall be:

(ii) 4,500,000 Shares that may be issued pursuant to Awards in the form of NQSOs.

4.2 *Share Usage.* Shares covered by an Award shall only be counted as used to the extent they are actually issued (or used to satisfy an applicable tax withholding obligation). Any Shares related to Awards which terminate by expiration, forfeiture, cancellation, or otherwise without the issuance of such Shares, are settled in cash in lieu of Shares, or are exchanged with the Committee's permission, prior to the issuance of Shares, for Awards not involving Shares, shall be available again for grant under the Plan. Moreover, if the Option Price of any Option granted under the Plan is satisfied by tendering Shares to the Company (by either actual delivery or by attestation), or if an SAR is exercised, only the number of Shares issued, net of the Shares tendered, if any, will be deemed delivered for purposes of determining the maximum number of Shares available for delivery under the Plan (other than Shares used to satisfy an applicable tax withholding obligation). The maximum number of Shares available for issuance under the Plan shall not be reduced to reflect any dividends or dividend equivalents that are reinvested into additional Shares or credited as additional Restricted Stock, Restricted Stock Units, Performance Shares, Performance Units, or Stock-Based Awards. The Shares available for issuance under the Plan may be authorized and unissued Shares or treasury Shares.

4.3 *Annual Award Limits for Covered Employees.* Unless and until the Committee determines that an Award to a Covered Employee shall not be designed to qualify as Performance-Based Compensation, the following limits (each an Annual Award Limit, and, collectively, Annual Award Limits) shall apply to grants of such Awards under the Plan:

(c) *Restricted Stock or Restricted Stock Units:* The maximum aggregate grant with respect to Awards of Restricted Stock or Restricted Stock Units in any one (1) Plan Year to any one (1) Participant shall be five hundred thousand (500,000) Shares.

(e) *Cash-Based Awards:* The maximum aggregate amount awarded or credited with respect to Cash-Based Awards to any one (1) Participant in any one (1) Plan Year may not exceed five million (\$5,000,000) dollars, as applicable.

(g) *Other Stock-Based Awards.* The maximum aggregate grant with respect to Other Stock-Based Awards pursuant to Section 10.2 in any one (1) Plan Year to any one (1) Participant shall be five hundred thousand (500,000) Shares.

4.4 *Adjustments in Authorized Shares.* In the event of any corporate event or transaction after March 11, 2004 (including, but not limited to, a change in the Shares of the Company or the capitalization of the Company) such as a merger, consolidation, reorganization, recapitalization, separation, stock dividend, stock split, reverse stock split, split up, spin-off, or other distribution of stock or property of the Company, combination of Shares, exchange of Shares, dividend in kind, or other like change in capital structure or

distribution (other than normal cash dividends) to shareholders of the Company, or any similar corporate event or transaction, the Committee, in its sole discretion, in order to prevent dilution or enlargement of Participants' rights under the Plan, shall substitute or adjust, as applicable, the number and kind of Shares that may be issued under the Plan or under particular forms of Awards, the number and kind of Shares subject to outstanding Awards, the Option Price or Grant Price applicable to outstanding Awards, the Annual Award Limits, and other value determinations applicable to outstanding Awards.

The Committee, in its sole discretion, may also make appropriate adjustments in the terms of any Awards under the Plan to reflect or related to such changes or distributions and to modify any other terms of outstanding Awards, including modifications of performance goals and changes in the length of Performance Periods. The determination of the Committee as to the foregoing adjustments, if any, shall be conclusive and binding on Participants under the Plan. To the extent such adjustments affect Awards to Covered Employees or ISOs, the adjustments will be prescribed in a form that meets the requirements of Code Section 162(m) and 422 respectively.

Subject to the provisions of Article 19, without affecting the number of Shares reserved or available hereunder, the Committee may authorize the issuance or assumption of benefits under this Plan in connection with any merger, consolidation, acquisition of property or stock, or reorganization upon such terms and conditions as it may deem appropriate, subject to compliance with the ISO rules under Section 422 of the Code, where applicable.

ARTICLE 5.

ELIGIBILITY AND PARTICIPATION

5.1 *Eligibility.* Individuals eligible to participate in this Plan include key Employees, Directors, and Third-Party Service Providers.

5.2 *Actual Participation.* Subject to the provisions of the Plan, the Committee may, from time to time, select from all eligible individuals, those individuals to whom Awards shall be granted and shall determine, in its sole discretion, the nature of, any and all terms permissible by law, and the amount of each Award.

ARTICLE 6.

STOCK OPTIONS

6.1 *Grant of Options.* Subject to the terms and provisions of the Plan, Options may be granted to Participants in such number, and upon such terms, and at any time and from time to time as shall be determined by the Committee, in its sole discretion; provided that ISOs may be granted only to eligible Employees of the Company or of any Parent or Subsidiary corporation (as permitted by Section 422 of the Code and the regulations thereunder).

6.2 *Award Agreement.* Each Option grant shall be evidenced by an Award Agreement that shall specify the Option Price, the maximum duration of the Option, the number of Shares to which the Option pertains, the conditions upon which an Option shall become vested and exercisable, and such other provisions as the Committee shall determine which are not inconsistent with the terms of the Plan. The Award Agreement also shall specify whether the Option is intended to be an ISO or a NQSO.

6.3 *Option Price.* The Option Price for each grant of an Option under this Plan shall be as determined by the Committee and shall be specified in the Award Agreement. The Option Price may include (but not be limited to) an Option Price based on one hundred percent (100%) of the FMV of the Shares on the date of grant, an Option Price that is set at a premium to the FMV of the Shares on the date of grant, or is indexed to the FMV of the Shares on the date of grant, with the index determined by the Committee, in its discretion; provided, however, if the Option is an ISO the Option Price must be at least equal to one hundred percent (100%) of the FMV of the Shares on the date of grant.

Table of Contents

6.4 Duration of Options. Each Option granted to a Participant shall expire at such time as the Committee shall determine at the time of grant; provided, however, no Option shall be exercisable later than the tenth (10th) anniversary date of its grant. Notwithstanding the foregoing, for Options granted to Participants outside the United States, the Committee has the authority to grant Options that have a term greater than ten (10) years.

6.5 Exercise of Options. Options granted under this Article 6 shall be exercisable at such times and be subject to such restrictions and conditions as the Committee shall in each instance approve, which terms and restrictions need not be the same for each grant or for each Participant.

6.6 Payment. Options granted under this Article 6 shall be exercised by the delivery of a notice of exercise to the Company or an agent designated by the Company in a form specified or accepted by the Committee, or by complying with any alternative procedures which may be authorized by the Committee, setting forth the number of Shares with respect to which the Option is to be exercised, accompanied by full payment for the Shares.

A condition of the issuance of the Shares as to which an Option shall be exercised shall be the payment of the Option Price. The Option Price of any Option shall be payable to the Company in full either: (a) in cash or its equivalent; (b) by tendering (either by actual delivery or attestation) previously acquired Shares having an aggregate Fair Market Value at the time of exercise equal to the Option Price, provided that, except as otherwise determined by the Committee, the Shares that are tendered must have been held by the Participant for at least six (6) months prior to their tender to satisfy the Option Price or have been purchased on the open market; (c) by a combination of (a) and (b); or (d) any other method acceptable under applicable law which is approved or accepted by the Committee in its sole discretion, including, without limitation, if the Committee so determines, a cashless (broker-assisted) exercise.

Subject to any governing rules or regulations, as soon as practicable after receipt of written notification of exercise and full payment if required (including satisfaction of any applicable tax withholding), the Company shall deliver to the Participant evidence of book entry Shares, or upon the Participant's request, Share certificates in an appropriate amount based upon the number of Shares purchased under the Option(s).

Unless otherwise determined by the Committee, all payments under all of the methods indicated above shall be paid in United States dollars.

6.7 Restrictions on Share Transferability. The Committee may impose such restrictions on any Shares acquired pursuant to the exercise of an Option granted under this Article 6 as it may deem advisable, including, without limitation, minimum holding period requirements, restrictions under applicable federal securities laws, requirements of any stock exchange or market upon which such Shares are then listed and/or traded, or any blue sky, state, or foreign securities laws applicable to such Shares.

6.8 Termination of Employment. Unless otherwise provided in a Participant's Award Agreement, the Options, which become exercisable as provided in Section 6.5 above, shall be treated as follows:

(a) If a Participant's employment terminates during the Option Term by reason of death, the Options shall immediately vest, and terminate and have no force or effect upon the earlier of: (i) twelve (12) months after the date of death; or (ii) the expiration of the Option Term.

(b) If a Participant's employment terminates during the Option Term by reason of Disability, the Options shall immediately vest, and terminate and have no force or effect upon the earlier of: (i) twelve (12) months after the Participant's termination of employment; or (ii) the expiration of the Option Term.

(c) If a Participant's employment terminates during the Option Term by reason of Retirement, the Options shall immediately vest, and terminate and have no force or effect upon the earlier of: (i) twelve (12) months after the Participant's termination of employment; or (ii) the expiration of the Option Term.

(d) If a Participant's employment terminates during the Option Term due to dismissal by the Company for Cause, the Options terminate and have no force or effect upon the date of the Participant's termination.

(e) If the Participant's employment terminates during the Option Term for any other reason, the Options terminate and have no force or effect upon the earlier of: (i) ninety (90) days after the Participant's termination of employment; or (ii) the expiration of the Option Term.

(f) If the Participant continues employment with the Company through the Option Term, the Options terminate and have no force or effect upon the expiration of the Option Term.

6.9 Transferability of Options.

(a) *Incentive Stock Options.* Except as otherwise provided in a Participant's Award Agreement or otherwise at any time by the Committee, no ISO granted under the Plan may be sold, transferred, pledged, assigned, or otherwise alienated or hypothecated, other than by will or by the laws of descent and distribution. Further, all ISOs granted to a Participant under this Article 6 shall be exercisable during his lifetime only by such Participant.

(b) *Nonqualified Stock Options.* Except as otherwise provided in a Participant's Award Agreement or otherwise at any time by the Committee, no NQSO granted under this Article 6 may be sold, transferred, pledged, assigned, or otherwise alienated or hypothecated, other than by will or by the laws of descent and distribution; provided that the Board or Committee may permit further transferability, on a general or a specific basis, and may impose conditions and limitations on any permitted transferability. Further, except as otherwise provided in a Participant's Award Agreement or otherwise at any time by the Committee, or unless the Board or Committee decides to permit further transferability, all NQSOs granted to a Participant under this Article 6 shall be exercisable during his lifetime only by such Participant. With respect to those NQSOs, if any, that are permitted to be transferred to another individual, references in the Plan to exercise or payment of the Option Price by the Participant shall be deemed to include, as determined by the Committee, the Participant's permitted transferee.

6.10 Notification of Disqualifying Disposition. If any Participant shall make any disposition of Shares issued pursuant to the exercise of an ISO under the circumstances described in Section 421(b) of the Code (relating to certain disqualifying dispositions), such Participant shall notify the Company of such disposition within ten (10) days thereof.

6.11. Substituting SARs. In the event the Company no longer uses APB Opinion 25 to account for equity compensation and is required to elect to expense the cost of Options pursuant to FAS 123 (or a successor standard), the Committee shall have the ability to substitute, without receiving Participant permission, SARs paid only in Shares (or SARs paid in Shares or cash at the Committee's discretion) for outstanding Options; provided, the terms of the substituted Share SARs are the same as the terms for the Options and the difference between the Fair Market Value of the underlying Shares and the Grant Price of the SARs is equivalent to the difference between the Fair Market Value of the underlying Shares and the Option Price of the Options. If, in the opinion of the Company's auditors, this provision creates adverse accounting consequences for the Company, it shall be considered null and void.

6.12 Dividend Equivalents. At the discretion of the Committee, Participants holding Options may be entitled to receive dividend equivalents with respect to dividends declared with respect to the Shares. Such dividend equivalents may be in the form of cash, Shares, Restricted Stock, or Restricted Stock Units, and may be subject to accrual, forfeiture, or payout restrictions as determined by the Committee in its sole discretion.

A Tandem SAR may be exercised only with respect to the Shares for which its related Option is then exercisable.

Notwithstanding any other provision of this Plan to the contrary, with respect to a Tandem SAR granted in connection with an ISO: (a) the Tandem SAR will expire no later than the expiration of the underlying ISO; (b) the value of the payout with respect to the Tandem SAR may be for no more than one hundred percent (100%) of the excess of the Fair Market Value of the Shares subject to the underlying ISO at the time the Tandem SAR is exercised over the Option Price of the underlying ISO; and (c) the Tandem SAR may be exercised only when the Fair Market Value of the Shares subject to the ISO exceeds the Option Price of the ISO. Also, the Tandem SAR may only be transferred when the tandem ISO is transferable.

(c) If a Participant's employment terminates during the SAR term by reason of Retirement, the SARs shall immediately vest, and terminate and have no force or effect upon the earlier of: (i) twelve (12) months after the Participant's termination of employment; or (ii) the expiration of the SAR term.

(d) If a Participant's employment terminates during the SAR term due to dismissal by the Company for Cause, the SARs terminate and have no force or effect upon the date of the Participant's termination.

(e) If the Participant's employment terminates during the SAR term for any other reason, the SARs terminate and have no force or effect upon the earlier of: (i) ninety (90) days after the Participant's termination of employment; or (ii) the expiration of the SAR term.

7.8 Nontransferability of SARs. Except as otherwise provided in a Participant's Award Agreement or otherwise at any time by the Committee, no SAR granted under the Plan may be sold, transferred, pledged, assigned, or otherwise alienated or hypothecated, other than by will or by the laws of descent and distribution. Further, except as otherwise provided in a Participant's Award Agreement or otherwise at any time by the Committee, all SARs granted to a Participant under the Plan shall be exercisable during his lifetime only by such Participant. With respect to those SARs, if any, that are permitted to be transferred to another individual, references in the Plan to exercise of the SAR by the Participant or payment of any amount to the Participant shall be deemed to include, as determined by the Committee, the Participant's permitted transferee.

7.9 Other Restrictions. The Committee shall impose such other conditions and/or restrictions on any Shares received upon exercise of a SAR granted pursuant to the Plan as it may deem advisable or desirable. These restrictions may include, but shall not be limited to, a requirement that the Participant hold the Shares received upon exercise of a SAR for a specified period of time.

ARTICLE 8.

8.1 Grant of Restricted Stock or Restricted Stock Units. Subject to the terms and provisions of the Plan, the Committee, at any time and from time to time, may grant Shares of Restricted Stock and/or Restricted Stock Units to Participants in such amounts and subject to such conditions as the Committee shall determine. Restricted Stock Units shall be similar to Restricted Stock except that no Shares are actually awarded to the Participant on the date of grant.

Except with respect to a maximum of five percent (5%) of the Shares authorized in Section 4.1(a), any Awards of Restricted Stock or Restricted Stock Units which vest on the basis of the Participant's continued employment with or provision of service to the Company shall not provide for vesting which is any more rapid than annual pro rata vesting over a three (3) year period and any Awards of Restricted Stock or Restricted Stock Units which vest upon the attainment of performance goals shall provide for a Performance Period of at least twelve (12) months.

To the extent deemed appropriate by the Committee, the Company may retain the certificates representing Shares of Restricted Stock in the Company's possession until such time as all conditions and/or restrictions applicable to such Shares have been satisfied or lapse.

Except as otherwise provided in this Article 8, Shares of Restricted Stock covered by each Restricted Stock Award shall become freely transferable by the Participant after all conditions and restrictions applicable to such Shares have been satisfied or lapse (including satisfaction of any applicable tax withholding obligations), and Restricted Stock Units shall be paid in cash, Shares, or a combination of cash and Shares as the Committee, in its sole discretion, shall determine.

8.5 Certificate Legend. In addition to any legends placed on certificates pursuant to Section 8.4, each certificate representing Shares of Restricted Stock granted pursuant to the Plan may bear a legend such as the following or as otherwise determined by the Committee in its sole discretion:

Unless otherwise determined by the Committee and set forth in a Participant's Award Agreement, to the extent permitted or required by law, as determined by the Committee, Participants holding Shares of Restricted Stock granted hereunder may be granted the right to exercise full voting rights with respect to those Shares during the Period of Restriction. A Participant shall have no voting rights with respect to any Restricted Stock Units granted hereunder.

8.7 Termination of Employment. Unless otherwise provided in a Participant's Award Agreement, upon termination of employment due to death, Disability, or Retirement, all restrictions on such Restricted Stock or Restricted Stock Units shall terminate. In the event a Participant's employment terminates for any other reason, including but not limited to, termination with or without Cause by the Company, its Parent, and/or its Subsidiaries, or voluntary termination by the Participant, all of the unvested Shares of Restricted Stock and Restricted Stock Units a Participant holds at the time of such termination shall be forfeited to the Company.

unrestricted Shares) in such amounts and subject to such terms and conditions, as the Committee shall determine; provided, however, the Committee may not award Shares purely as a bonus unless such Shares are granted in lieu of a bonus that would otherwise be paid or payable in cash by the Company. Such Awards may involve the transfer of actual Shares to Participants, or payment in cash or otherwise of amounts based on the value of Shares and may include, without limitation, Awards designed to comply with or take advantage of the applicable local laws of jurisdictions other than the United States.

10.3 *Value of Cash-Based and Other Stock-Based Awards.* Each Cash-Based Award shall specify a payment amount or payment range as determined by the Committee. Each Other Stock-Based Award shall be expressed in terms of Shares or units based on Shares, as determined by the Committee. The Committee may establish performance goals at its discretion. If the Committee exercises its discretion to establish performance goals, the number and/or value of Cash-Based Awards or Other Stock-Based Awards that will be paid out to the Participant will depend on the extent to which the performance goals are met.

10.4 *Payment of Cash-Based Awards and Other Stock-Based Awards.* Payment, if any, with respect to a Cash-Based Award or an Other Stock-Based Award shall be made in accordance with the terms of the Award, in cash or Shares as the Committee determines.

10.5 *Termination of Employment.* The Committee shall determine the extent to which the Participant shall have the right to receive Cash-Based Awards following termination of the Participant's employment with or provision of services to the Company, its Parent, and/or its Subsidiaries, as the case may be. Such provisions shall be determined in the sole discretion of the Committee, be included in an Award Agreement entered into with each Participant, but need not be uniform among all Awards of Cash-Based Awards issued pursuant to the Plan, and may reflect distinctions based on the reasons for termination.

10.6 *Nontransferability.* Except as otherwise determined by the Committee, Cash-Based Awards and Other Stock-Based Awards may not be sold, transferred, pledged, assigned, or otherwise alienated or hypothecated, other than by will or by the laws of descent and distribution. Further, except as otherwise provided by the Committee, a Participant's rights under the Plan, if exercisable, shall be exercisable during his lifetime only by such Participant. With respect to Cash-Based Awards or Other Stock-Based Awards, if any, that are permitted to be transferred to another individual, references in the Plan to exercise or payment of such Awards by or to the Participant shall be deemed to include, as determined by the Committee, the Participant's permitted transferee.

ARTICLE 11.

PERFORMANCE MEASURES

11.1 *Performance Measures.* Unless and until the Committee proposes for shareholder vote and the shareholders approve a change in the general Performance Measures set forth in this Article 11, the performance goals upon which the payment or vesting of an Award to a Covered Employee (other than a Covered Employee Annual Incentive Award awarded or credited pursuant to Article 12) that is intended to qualify as Performance-Based Compensation shall be limited to the following Performance Measures:

- (d) Net operating profit;
- (e) Return measures (including, but not limited to, return on assets, capital, equity, or sales);

Any Performance Measure(s) may be used to measure the performance of the Company, its Parent, and/or its Subsidiaries as a whole or any business unit of the Company, its Parent, and/or its Subsidiaries or any combination thereof, as the Committee may deem appropriate. The Committee also has the authority to provide for accelerated vesting of any Award based on the achievement of performance goals pursuant to the Performance Measures specified in this Article 11.

11.2 *Evaluation of Performance.* The Committee may provide in any such Award that any evaluation of performance may include or exclude any of the following events that occurs during a Performance Period: (a) asset write-downs, (b) litigation or claim judgments or settlements, (c) the effect of changes in tax laws, accounting principles, or other laws or provisions affecting reported results, (d) any reorganization and restructuring programs, (e) extraordinary nonrecurring items as described in Accounting Principles Board Opinion No. 30 and/or in management's discussion and analysis of financial condition and results of operations appearing in the Company's annual report to shareholders for the applicable year, (f) acquisitions or divestitures, and (g) foreign exchange gains and losses. To the extent such inclusions or exclusions affect Awards to Covered Employees, they shall be prescribed in a form that meets the requirements of Code Section 162(m) for deductibility.

11.3 *Adjustment of Performance-Based Compensation.* Awards that are designed to qualify as Performance-Based Compensation, and that are held by Covered Employees, may not be adjusted upward. The Committee shall retain the discretion to adjust such Awards downward, either on a formula or discretionary basis or any combination, as the Committee determines.

11.4 *Committee Discretion.* In the event that applicable tax and/or securities laws change to permit Committee discretion to alter the governing Performance Measures without obtaining shareholder approval of such changes, the Committee shall have sole discretion to make such changes without obtaining shareholder approval. In addition, in the event that the Committee determines that it is advisable to grant Awards that shall not qualify as Performance-Based Compensation, the Committee may make such grants without satisfying the requirements of Code Section 162(m) and may base vesting on Performance Measures other than those set forth in Section 11.1.

ARTICLE 12.

COVERED EMPLOYEE ANNUAL INCENTIVE AWARD

12.1 *Establishment of Incentive Pool.* The Committee may designate Covered Employees who are eligible to receive a monetary payment in any Plan Year based on a percentage of an incentive pool equal to the greater of: (i) five percent (5%) of the Company's Net Income for the Plan Year, (ii) two and one-half percent (2.5%) of the Company's Operating Earnings for the Plan Year, or (iii) two and one-half percent (2.5%) of the Company's Cash Flow for the Plan Year. The Committee shall allocate an incentive pool percentage to each designated Covered Employee for each Plan Year. In no event may (1) the incentive pool percentage for any one Covered Employee exceed forty percent (40%) of the total pool, and (2) the sum of

the incentive pool percentages for all Covered Employees cannot exceed one hundred percent (100%) of the total pool.

12.2 Determination of Covered Employees Portions. As soon as possible after the determination of the incentive pool for a Plan Year, the Committee shall calculate each Covered Employee's allocated portion of the incentive pool based upon the percentage established at the beginning of the Plan Year. Each Covered Employee's incentive award then shall be determined by the Committee based on the Covered Employee's allocated portion of the incentive pool subject to adjustment in the sole discretion of the Committee. In no event may the portion of the incentive pool allocated to a Covered Employee be increased in any way, including as a result of the reduction of any other Covered Employee's allocated portion. The Committee shall retain the discretion to adjust such Awards downward.

ARTICLE 13.

NONEMPLOYEE DIRECTOR AWARDS

13.1 Authority of Director Committee. Subject to the provisions of the Plan, the Committee shall have the full and final authority to grant Awards to Directors, and the terms and conditions of any grant to any such Director shall be set forth in an Award Agreement. This Section 13 sets forth special provisions that, unless otherwise provided in an Award Agreement, shall be applicable to Awards granted to Directors under the Plan.

13.2 Aggregate Limit. Awards in respect of no more than five hundred thousand (500,000) Shares shall be granted to Directors under the Plan.

13.3 Individual Limit. Grants of Awards to any Director in any calendar year shall not be made in respect of more than twenty-five thousand (25,000) Shares.

ARTICLE 14.

DIVIDEND EQUIVALENTS

Any Participant selected by the Committee may be granted dividend equivalents based on the dividends declared on Shares that are subject to any Award, to be credited as of dividend payment dates, during the period between the date the Award is granted and the date the Award is exercised, vests or expires, as determined by the Committee. Such dividend equivalents shall be converted to cash or additional Shares by such formula and at such time and subject to such limitations as may be determined by the Committee.

ARTICLE 15.

BENEFICIARY DESIGNATION

Each Participant under the Plan may, from time to time, name any beneficiary or beneficiaries (who may be named contingently or successively) to whom any benefit under the Plan is to be paid in case of his death before he receives any or all of such benefit. Each such designation shall revoke all prior designations by the same Participant, shall be in a form prescribed by the Committee, and will be effective only when filed by the Participant in writing with the Company during the Participant's lifetime. In the absence of any such designation, benefits remaining unpaid at the Participant's death shall be paid to the Participant's estate.

ARTICLE 16.

DEFERRALS

The Committee may permit or require a Participant to defer such Participant's receipt of the payment of cash or the delivery of Shares that would otherwise be due to such Participant by virtue of the exercise of an Option or SAR, the lapse or waiver of restrictions with respect to Restricted Stock or Restricted Stock Units, or the satisfaction of any requirements or performance goals with respect to Performance Shares,

Units, Cash-Based Awards, Covered Employee Annual Incentive Award, or Other Stock-Based Awards. If any such deferral election is required or permitted, the Committee shall, in its sole discretion, establish rules and procedures for such payment deferrals.

ARTICLE 17.

RIGHTS OF PARTICIPANTS

17.1 *Employment.* Nothing in the Plan or an Award Agreement shall interfere with or limit in any way the right of the Company, its Parent, and/or its Subsidiaries, to terminate any Participant's employment or service on the Board at any time or for any reason not prohibited by law, nor confer upon any Participant any right to continue his employment or service as a Director for any specified period of time.

Neither an Award nor any benefits arising under this Plan shall constitute an employment contract with the Company, its Parent, and/or its Subsidiaries and, accordingly, subject to Articles 3 and 19, this Plan and the benefits hereunder may be terminated at any time in the sole and exclusive discretion of the Committee without giving rise to any liability on the part of the Company, its Parent, and/or its Subsidiaries.

17.2 *Participation.* No individual shall have the right to be selected to receive an Award under this Plan, or, having been so selected, to be selected to receive a future Award.

17.3 *Rights as a Shareholder.* Except as otherwise provided herein, a Participant shall have none of the rights of a shareholder with respect to Shares covered by any Award until the Participant becomes the record holder of such Shares.

ARTICLE 18.

CORPORATE TRANSACTION

18.1 *Change of Control of the Company.* Upon the occurrence of a Change of Control, unless otherwise provided in Section 18.2 or specifically prohibited under applicable laws or by the rules and regulations of any governing governmental agencies or national securities exchanges, or unless the Committee shall determine otherwise in the Award Agreement:

(a) Any and all Options and SARs granted hereunder shall become immediately vested and exercisable upon termination of a Participant's employment with the Company, its Parent and/or its Subsidiaries within two (2) years following a Change in Control if such termination is by the Company without Cause or by the Participant for Good Reason; additionally all Options and SARs shall be valued on the basis of the greater of the Change in Control Price or the Fair Market Value of a Share on the date of such Termination, and such value shall be paid to the Participant in cash by the Company within 30 days of such termination of employment by the Company;

(b) Any Period of Restriction and restrictions imposed on Restricted Stock or Restricted Stock Units shall lapse upon termination of a Participant's employment with the Company, its Parent and/or its Subsidiaries within two (2) years following a Change in Control if such termination is by the Company without Cause or by the Participant for Good Reason; additionally all Restricted Stock or Restricted Stock Units shall be valued on the basis of the greater of the Change in Control Price or the Fair Market Value of a Share on the date of such Termination, and such value shall be paid to the Participant in cash by the Company within thirty (30) days of such termination of employment;

(c) The incentive pool used to determine Covered Employee Annual Incentive Awards shall be based on the Net Income, Operating Earnings, or Cash Flow of the Plan Year immediately preceding the year of the Change of Control, or such other method of payment as may be determined by the Committee at the time of the Award or thereafter but prior to the Change of Control;

(d) The target payout opportunities attainable under all outstanding Awards of performance-based Restricted Stock, performance-based Restricted Stock Units, Performance Units, and Performance

Shares, shall be deemed to have been earned based on targeted performance being attained as of the effective date of the Change of Control;

(i) The vesting of all Awards denominated in Shares shall be accelerated as of the effective date of the Change of Control, and shall be paid out on a pro rata basis with the pro rata amount determined based on the time that has elapsed between the start of the Performance Period and the Change in Control date. Payment shall be made to the Participant within thirty (30) days following the effective date of the Change of Control. The Committee has the authority to pay all or any portion of the value of the Shares in cash;

(ii) Awards denominated in cash shall be paid on a pro rata basis with the pro rata amount determined based on the time that has elapsed between the start of the Performance Period and the Change in Control date. Payment shall be made in cash to the Participant within thirty (30) days following the effective date of the Change of Control;

(e) Upon a Change of Control, unless otherwise specifically provided in a written agreement entered into between the Participant and the Company, the Committee shall pay out all Cash-Based Awards and any restrictions on Other Stock-Based Awards shall lapse; and

(f) Notwithstanding Section 18.1(a) or any other provision herein to the contrary, if a Participant's employment is terminated for any reason except Cause on or after the date, if any, on which the Company's shareholders approve a transaction constituting a Change of Control pursuant to Section 2.9(d), but prior to the consummation thereof, the Participant shall be treated solely for the purposes of the Plan as continuing in the Company's employment until the occurrence of the Change in Control and to have been terminated immediately thereafter.

18.2 Automatic Acceleration and Cash-Out. Upon a Change in Control that results directly or indirectly in the Shares (or the shares of any successor to the Company received in exchange for the Shares) ceasing to be publicly traded in a national securities market, (i) all unvested Options or SARs shall automatically become one hundred percent (100%) vested, any Period of Restriction or restriction on Restricted Stock or Restricted Stock Units shall lapse, and all outstanding Awards of performance-based Restricted Stock, performance-based Restricted Stock Units, Performance Units, and Performance Shares, shall be deemed to have been fully earned based on targeted performance being attained as of the effective date of the Change of Control; (ii) no other terms, conditions, restrictions or limitations shall be imposed upon any such Awards after such date, and in no circumstance shall an Award be forfeited on or after such date, and (iii) all such Awards shall be valued on the basis of the Change in Control Price, and such value shall promptly be paid to the Participant in cash by the Company or its successor.

18.3 Amendment, Suspension, or Termination of the Plan. Upon a Change in Control, no action, including, without limitation, the amendment, suspension, or termination of the Plan, shall be taken that would adversely affect the rights of any Participant or the operation of the Plan with respect to any Award to which a Participant may have become entitled hereunder on or prior to the date of the Change in Control or to which such Participant may become entitled as a result of such Change in Control.

18.4 Acceleration Upon Certain Events not Constituting a Change in Control. In the event of the occurrence of any circumstance, transaction, or event not constituting a Change in Control but which the Board deems to be, or to be reasonably likely to lead to, an effective change in control of the Company of a nature that would be required to be reported in response to Item 6(e) of Schedule 14A of the Exchange Act, the Committee may in its sole discretion declare all outstanding Awards in the nature of rights that may be exercised to be fully exercisable, and/or all restrictions on all outstanding Awards to have lapsed, in each case, as of such date as the Committee may, in its sole discretion, declare, which may be on or before the consummation of such transaction or event.

18.5 Acceleration for any Other Reason. Regardless of whether an event has occurred as described in Section 18.1 or 18.4 above, the Committee may in its sole discretion at any time determine that all or a portion of a Participant's Awards shall become fully or partially exercisable, and/or that all or a part of the restrictions on all or a portion of the outstanding Awards shall lapse, in each case, as of such date as the Committee may,

in its sole discretion, declare. The Committee may discriminate among Participants and among Awards granted to a Participant in exercising its discretion pursuant to this Section 18.5.

18.6 *Effect of Acceleration.* If an Award is accelerated under Sections 18.4 or 18.5, the Committee may, in its sole discretion, provide (i) that the Award will expire after a designated period of time after such acceleration to the extent not then exercised, (ii) that the Award will be settled in cash rather than Shares, (iii) that the Award will be assumed by another party to the transaction giving rise to the acceleration or otherwise be equitably converted in connection with such transaction, or (iv) any combination of the foregoing. The Committee's determination need not be uniform and may be different for different Participants whether or not such Participants are similarly situated.

ARTICLE 19.

AMENDMENT, MODIFICATION, SUSPENSION, AND TERMINATION

19.1 *Amendment, Modification, Suspension, and Termination.* Subject to Section 19.3, the Committee may, at any time and from time to time, alter, amend, modify, suspend, or terminate the Plan and any Award Agreement in whole or in part; provided, however, that, without the prior approval of the Company's shareholders, Options issued under the Plan will not be repriced, replaced, or regranted through cancellation, except as may be permitted by Section 6.11 or by lowering the Option Price of a previously granted Option, and no amendment of the Plan shall be made without shareholder approval if shareholder approval is required by law, regulation, or stock exchange rule.

19.2 *Adjustment of Awards Upon the Occurrence of Certain Unusual or Nonrecurring Events.* The Committee may make adjustments in the terms and conditions of, and the criteria included in, Awards in recognition of unusual or nonrecurring events (including, without limitation, the events described in Section 4.4 hereof) affecting the Company or the financial statements of the Company or of changes in applicable laws, regulations, or accounting principles, whenever the Committee determines that such adjustments are appropriate in order to prevent unintended dilution or enlargement of the benefits or potential benefits intended to be made available under the Plan. The determination of the Committee as to the foregoing adjustments, if any, shall be conclusive and binding on Participants under the Plan.

19.3 *Awards Previously Granted.* Notwithstanding any other provision of the Plan to the contrary, no termination, amendment, suspension, or modification of the Plan or an Award Agreement shall adversely affect in any material way any Award previously granted under the Plan, without the written consent of the Participant holding such Award.

ARTICLE 20.

WITHHOLDING

20.1 *Tax Withholding.* The Company shall have the power and the right to deduct or withhold, or require a Participant to remit to the Company, the minimum statutory amount to satisfy federal, state, and local taxes, domestic or foreign, required by law or regulation to be withheld with respect to any taxable event arising as a result of this Plan.

20.2 *Share Withholding.* With respect to withholding required upon the exercise of Options or SARs, upon the lapse of restrictions on Restricted Stock and Restricted Stock Units, or upon the achievement of performance goals related to Performance Shares, or any other taxable event arising as a result of an Award granted hereunder, Participants may elect, subject to the approval of the Committee, to satisfy the withholding requirement, in whole or in part, by having the Company withhold Shares having a Fair Market Value on the date the tax is to be determined equal to the minimum statutory total tax that could be imposed on the transaction. All such elections shall be irrevocable, made in writing, and signed by the Participant, and shall be subject to any restrictions or limitations that the Committee, in its sole discretion, deems appropriate.

ARTICLE 21.

SUCCESSORS

All obligations of the Company under the Plan with respect to Awards granted hereunder shall be binding on any successor to the Company, whether the existence of such successor is the result of a direct or indirect purchase, merger, consolidation, or otherwise, of all or substantially all of the business and/or assets of the Company.

ARTICLE 22.

GENERAL PROVISIONS

22.1 Forfeiture Events.

(a) The Committee may specify in an Award Agreement that the Participant's rights, payments, and benefits with respect to an Award shall be subject to reduction, cancellation, forfeiture, or recoupment upon the occurrence of certain specified events, in addition to any otherwise applicable vesting or performance conditions of an Award. Such events may include, but shall not be limited to, termination of employment for Cause, termination of the Participant's provision of services to the Company, its Parent, and/or its Subsidiaries, violation of material Company, its Parent, and/or its Subsidiaries policies, breach of noncompetition, confidentiality, or other restrictive covenants that may apply to the Participant, or other conduct by the Participant that is detrimental to the business or reputation of the Company, its Parent, and/or its Subsidiaries.

(b) If the Company is required to prepare an accounting restatement due to the material noncompliance of the Company, as a result of misconduct, with any financial reporting requirement under the securities laws, if the Participant knowingly or grossly negligently engaged in the misconduct, or knowingly or grossly negligently failed to prevent the misconduct, or if the Participant is one of the individuals subject to automatic forfeiture under Section 304 of the Sarbanes-Oxley Act of 2002, the Participant shall reimburse the Company the amount of any payment in settlement of an Award earned or accrued during the twelve- (12-) month period following the first public issuance or filing with the United States Securities and Exchange Commission (whichever just occurred) of the financial document embodying such financial reporting requirement.

22.2 Legend. The certificates for Shares may include any legend which the Committee deems appropriate to reflect any restrictions on transfer of such Shares.

22.3 Gender and Number. Except where otherwise indicated by the context, any masculine term used herein also shall include the feminine, the plural shall include the singular, and the singular shall include the plural.

22.4 Severability. In the event any provision of the Plan shall be held illegal or invalid for any reason, the illegality or invalidity shall not affect the remaining parts of the Plan, and the Plan shall be construed and enforced as if the illegal or invalid provision had not been included.

22.5 Requirements of Law. The granting of Awards and the issuance of Shares under the Plan shall be subject to all applicable laws, rules, and regulations, and to such approvals by any governmental agencies or national securities exchanges as may be required.

22.6 Delivery of Title. The Company shall have no obligation to issue or deliver evidence of title for Shares issued under the Plan prior to:

(a) Obtaining any approvals from governmental agencies that the Company determines are necessary or advisable; and

(b) Completion of any registration or other qualification of the Shares under any applicable national or foreign law or ruling of any governmental body that the Company determines to be necessary or advisable.

Table of Contents

22.7 Inability to Obtain Authority. The inability of the Company to obtain authority from any regulatory body having jurisdiction, which authority is deemed by the Company's counsel to be necessary to the lawful issuance and sale of any Shares hereunder, shall relieve the Company of any liability in respect of the failure to issue or sell such Shares as to which such requisite authority shall not have been obtained.

22.8 Investment Representations. The Committee may require any individual receiving Shares pursuant to an Award under this Plan to represent and warrant in writing that the individual is acquiring the Shares for investment and without any present intention to sell or distribute such Shares.

22.9 Uncertificated Shares. To the extent that the Plan provides for issuance of certificates to reflect the transfer of Shares, the transfer of such Shares may be effected on a noncertificated basis, to the extent not prohibited by applicable law or the rules of any national stock exchange.

22.10 Unfunded Plan. Participants shall have no right, title, or interest whatsoever in or to any investments that the Company, its Parent, and/or its Subsidiaries may make to aid it in meeting its obligations under the Plan. Nothing contained in the Plan, and no action taken pursuant to its provisions, shall create or be construed to create a trust of any kind, or a fiduciary relationship between the Company and any Participant, beneficiary, legal representative, or any other individual. To the extent that any individual acquires a right to receive payments from the Company, its Parent, and/or its Subsidiaries under the Plan, such right shall be no greater than the right of an unsecured general creditor of the Company, its Parent, and/or its Subsidiaries, as the case may be. All payments to be made hereunder shall be paid from the general funds of the Company, its Parent, and/or its Subsidiaries, as the case may be and no special or separate fund shall be established and no segregation of assets shall be made to assure payment of such amounts except as expressly set forth in the Plan. The Plan is not subject to ERISA.

22.11 No Fractional Shares. No fractional Shares shall be issued or delivered pursuant to the Plan or any Award. The Committee shall determine whether cash, Awards, or other property shall be issued or paid in lieu of fractional Shares or whether such fractional Shares or any rights thereto shall be forfeited or otherwise eliminated.

22.12 Retirement and Welfare Plans. Neither Awards made under the Plan nor Shares or cash paid pursuant to such Awards, except pursuant to Covered Employee Annual Incentive Awards, will be included as compensation for purposes of computing the benefits payable to any Participant under the Company's, its Parent's, and/or its Subsidiaries' retirement plans (both qualified and nonqualified) or welfare benefit plans unless such other plan expressly provides that such compensation shall be taken into account in computing a participant's benefit.

22.13 Nonexclusivity of the Plan. The adoption of this Plan shall not be construed as creating any limitations on the power of the Board or Committee to adopt such other compensation arrangements as it may deem desirable for any Participant.

22.14 No Constraint on Corporate Action. Nothing in this Plan shall be construed to: (i) limit, impair, or otherwise affect the Company's, its Parent's, and/or its Subsidiaries' right or power to make adjustments, reclassifications, reorganizations, or changes of its capital or business structure, or to merge or consolidate, or dissolve, liquidate, sell, or transfer all or any part of its business or assets; or (ii) limit the right or power of the Company, its Parent, and/or its Subsidiaries to take any action which such entity deems to be necessary or appropriate.

22.15 Governing Law. The Plan and each Award Agreement shall be governed by the laws of the State of Tennessee, excluding any conflicts or choice of law rule or principle that might otherwise refer construction or interpretation of the Plan to the substantive law of another jurisdiction. Unless otherwise provided in the Award Agreement, recipients of an Award under the Plan are deemed to submit to the exclusive jurisdiction and venue of the federal or state courts of Tennessee, to resolve any and all issues that may arise out of or relate to the Plan or any related Award Agreement.

22.16 Indemnification. Each individual who is or shall have been a member of the Board, or a committee appointed by the Board, or an officer of the Company to whom authority was delegated in

Table of Contents

accordance with Article 3, shall be indemnified and held harmless by the Company against and from any loss, cost, liability, or expense that may be imposed upon or reasonably incurred by him in connection with or resulting from any claim, action, suit, or proceeding to which he may be a party or in which he may be involved by reason of any action taken or failure to act under the Plan and against and from any and all amounts paid by him in settlement thereof, with the Company's approval, or paid by him in satisfaction of any judgement in any such action, suit, or proceeding against him, provided he shall give the Company an opportunity, at its own expense, to handle and defend the same before he undertakes to handle and defend it on his own behalf, unless such loss, cost, liability, or expense is a result of his or her own willful misconduct or except as expressly provided by statute.

The foregoing right of indemnification shall not be exclusive of any other rights of indemnification to which such individuals may be entitled under the Company's Certificate of Incorporation or Bylaws, as a matter of law, or otherwise, or any power that the Company may have to indemnify them or hold them harmless.
