ANTHONY & SYLVAN POOLS CORPORATION AND SUBSIDIARIES NOTES TO UNAUDITED CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

(1) BASIS OF PRESENTATION

Anthony & Sylvan Pools Corporation and Subsidiaries (the "Company") is among the largest residential in-ground concrete pool sales and installation businesses in the United States and operates in one business segment.

(2) INTERIM UNAUDITED CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

The accompanying condensed consolidated balance sheet as of June 30, 2001 and statements of income and cash flows for the three-month and six-month periods ended June 30, 2001 and 2000 are unaudited. In

Edgar Filing: ANTHONY & SYLVAN POOLS CORP - Form 10-Q

the opinion of management, these interim unaudited condensed consolidated financial statements have been prepared on the same basis as the audited financial statements for the year ended December 31, 2000 and include all adjustments, consisting of only normal and recurring adjustments, necessary for the fair presentation of the interim period. The disclosures in the notes related to these interim unaudited condensed consolidated financial statements are also unaudited. The unaudited condensed consolidated statements of income for the three-month and six-month period ended June 30, 2001 are not necessarily indicative of the results to be expected for the full year. Financial statements should be read in conjunction with the audited financial statements included in the annual report on Form 10-K.

(3) EARNINGS PER SHARE

Basic earnings per share is computed by dividing net income by the weighted average number of common shares outstanding. Diluted earnings per share are based on the combined weighted average number of common shares outstanding including the assumed exercise or conversion of options. The treasury stock method is used in computing diluted earnings per share. The calculations are as follows (in thousands except per share data):

	THREE-MONTHS ENDED JUNE 30,		SIX-MONTHS ENDED JUNE 30,	
	2001	2000	2001	2000

	=====	=====	=====	=====

Edgar Filing: ANTHONY & SYLVAN POOLS CORP - Form 10-Q

(4) CAPITAL STOCK

On May 4, 2001, the Board of Directors authorized a 10% stock dividend to be distributed on or about May 30, 2001 to shareholders of record on May 16, 2001. The unaudited condensed consolidated financial statements have been retroactively restated to reflect the number of shares outstanding following the dividend.

(5) DEBT

On August 10, 1999, the Company entered into a \$35 million revolving credit facility ("Credit Facility") with a group of banks. The Credit Facility, secured by the assets of the Company, matures August 10, 2002 and may be extended in one-year increments with the approval of the bank group. The Company's borrowing capacity and interest rates under the Credit Facility are based on its profitability and leverage. Interest is charged at increments over either Prime or Libor rates. In addition a 37.5 basis points commitment fee is payable on the total amount of the unused commitment. As of June 30, 2001, there were no outstanding borrowings under the Credit Facility and the available borrowings were \$20.1 million. The Company is in compliance with all of its debt covenants under the Credit Facility.

(6) AMENDMENT TO THE LONG-TERM INCENTIVE PLAN FOR EMPLOYEES AND DIRECTORS

The Company amended its Long-Term Incentive Plan (the "Plan") effective April 1, 2001 to eliminate features that required variable accounting treatment. As a result of the amendment, the Company no longer accounts for any portion of the Plan as a variable plan.

(7) LITIGATION

Certain claims, suits and complaints arising in the ordinary course of business have been filed or are pending against the Company. In the opinion of management, the results of all such matters will not have a material adverse effect on the Company's financial position, results of operations or liquidity.

(8) RECENTLY ISSUED ACCOUNTING PRONOUNCEMENTS

Statement of Financial Accounting Standards No. 133, Accounting for Derivative Instruments and Hedging Activities," establishes accounting and reporting standards for derivative instruments, including certain derivative instruments embedded in other contracts and for hedging

activities. The Company adopted the statement effective January 1, 2001. The adoption of SFAS No. 133 did not have a significant impact on the financial position or results of operations of the Company because the Company does not have derivative instruments.

In July 2001, the FASB issued Statement No. 142, Goodwill and Other Intangible Assets, which will require that goodwill and intangible assets with indefinite useful lives no longer be amortized, but instead

Edgar Filing: ANTHONY & SYLVAN POOLS CORP - Form 10-Q

tested for impairment at least annually in accordance with the provisions of Statement No. 142. The Company is required to adopt the provisions of Statement No. 142 effective January 1, 2002.

At June 30, 2001, the Company has unamortized goodwill in the amount of \$26,645 which will be subject to the transition provisions of Statement No. 142. Amortization expense related to goodwill was \$368 and \$365 for the six-month periods ended June 30, 2001 and 2000, respectively. Because of the extensive effort needed to comply with adopting statement No. 142, it is not practicable to reasonably estimate the impact of adopting this statement on the Company's financial statements at the date of this report, including whether it will be required to recognize any transitional impairment losses as the cumulative effect of a change in accounting principle.

8

9

INDEPENDENT ACCOUNTANTS' REPORT

To the Board of Directors and Shareholders of
Anthony & Sylvan Pools Corporation and subsidiaries

We have reviewed the accompanying condensed consolidated balance sheet of Anthony & Sylvan Pools Corporation and subsidiaries (the "Company") as of June 30, 2001, and the related condensed consolidated statements of operations and cash flows for the three-month and six-month periods ended June 30, 2001. These condensed consolidated financial statements are the responsibility of the Company's management.

We conducted our review in accordance with standards established by the American Institute of Certified Public Accountants. A review of interim financial information consists principally of applying analytical procedures to financial data and making inquiries of persons responsible for financial and accounting matters. It is substantially less in scope than an audit conducted in accordance with generally accepted auditing standards, the objective of which is the expression of an opinion regarding the financial statements taken as a whole. Accordingly, we do not express such an opinion.

Based on our review, we are not aware of any material modifications that should be made to the accompanying condensed consolidated financial statements referred to above for them to be in conformity with accounting principles generally accepted in the United States of America.

The financial statements for the year ended December 31, 2000, were audited by other accountants and they expressed an unqualified opinion on them in their report dated March 28, 2001, but they have not performed any auditing procedures since that date.

KPMG LLP

July 26, 2001

ITEM 2.

MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

THREE MONTHS ENDED JUNE 30, 2001 COMPARED WITH
THREE MONTHS ENDED JUNE 30, 2000

Net sales of \$68.7 million for the three-months ended June 30, 2001 increased 2.2% from \$67.2 million for the same period in 2000. The increase was primarily attributable to increases in average selling prices compared with a year earlier, offsetting a decline in unit production as a result of weaker demand patterns that started at the beginning of the year.

Gross profit increased \$1.1 million to \$21.6 million in 2001 from \$20.5 million in 2000, partly as a result of the increase in net sales. Gross profit, as a percentage of sales for the three months increased from 30.5% of net sales to 31.5% as a result of increases in average selling prices and cost reductions arising from cost control initiatives.

Operating expenses, consisting of selling and administrative expenses, increased by \$0.3 million to \$15.1 million in 2001 from \$14.8 million in 2000. As a percentage of sales, operating expenses were constant at 22.0% in both 2001 and 2000. Operating expenses in 2000 include \$0.6 million of non-cash deferred compensation expense related to the Company's long-term incentive plan. The plan was amended effective April 1, 2001 and as a result, no deferred compensation expense was recorded in the second quarter of 2001.

The effective tax rate decreased from 41.8% in 2000 to 35.9% in 2001 as a result of the decrease in non-cash deferred compensation, which is not included for tax purposes.

As a result of the above items, net income for the three month period increased from \$3.3 million in 2000 to \$4.2 million in 2001. Net income per diluted share increased \$0.17 per share to \$0.96 in 2001. On a pro-forma basis, excluding the impact of non-cash deferred compensation, net income and earnings per share for the three-month period ended June 30, 2001 are the same as the reported income and earnings per share, with net income rising 6.8% over last year's pro-forma net income of \$3.9 million, and diluted earnings per share increasing 3.2% over pro-forma diluted earnings per share of \$0.93 for the same period last year.

SIX MONTHS ENDED JUNE 30, 2000 COMPARED WITH
SIX MONTHS ENDED JUNE 30, 1999

Net sales of \$94.8 million for the six-months ended June 30, 2001 decreased 2.9% from \$97.6 million for the same period in fiscal 2000. The decrease was primarily attributable to a decrease in unit production partially offset by increases in average selling prices.

Gross profit decreased \$0.3 million to \$26.6 million in 2001 from \$26.9 million in 2000 as a result of the decrease in net sales. Gross profit as a percentage of sales for the six months increased from 27.6% of net sales to 28.1% as a result of increases in average selling prices and cost reductions arising from cost control initiatives.

Edgar Filing: ANTHONY & SYLVAN POOLS CORP - Form 10-Q

Operating expenses, consisting of selling and administrative expenses increased

10

11

\$0.7 million to \$25.2 million in 2001 from \$24.5 million in 2000. As a percentage of sales, operating expenses increased from 25.1% in 2000 to 26.6% in 2001. The percentage of sales increase was attributable to a combination of the reduction in sales and higher administrative expenses related to improvements in the Company's infrastructure and operating methods. Operating expenses in 2000 include \$0.8 million of non-cash deferred compensation expense related to the Company's long-term incentive plan compared with a credit of \$0.6 million in 2001.

The effective tax rate decreased from 49.7% in 2000 to 19.5% in 2001, primarily as a result of the decrease in non-cash deferred compensation related to the Company's long-term incentive plan. This item is not included for tax purposes.

As a result of the above net income for the six month period decreased \$0.1 million to \$1.0 million in 2001. Net income per diluted share, decreased \$0.03 per share to \$0.23. On a pro-forma basis, excluding the impact of non-cash deferred compensation, pro-forma net income of \$0.4 million, or \$0.10 per share for the six months ended June 30, 2001, compares with pro-forma net income of \$1.8 million, or \$0.44 per share, for the same period last year.

LIQUIDITY AND CAPITAL RESOURCES

Cash flow from operating activities was \$13.4 million for the six months ended June 30, 2001 compared with \$12.1 million in 2000. The increase was primarily attributable to the collection of contract receivables. Cash used in investing activities increased from \$1.4 million in the prior year to \$2.3 million in the current year primarily as a result of the Company's investment in computers and related software.

The excess of cash from operating activities over cash used in investing activities of \$11.1 million was used to acquire \$2.0 million of treasury shares under the Company's share buyback program, repay long-term debt of \$1.3 million and increase cash balances.

On August 10, 1999, the Company entered into a \$35 million revolving credit facility ("Credit Facility") with a group of banks. The Credit Facility, secured by the assets of the Company, matures August 10, 2002 and may be extended in one-year increments with the approval of the bank group. The Company's borrowing capacity and interest rates under the Credit Facility are based on its profitability and leverage. Interest is charged at increments over either Prime or Libor rates. In addition, a 37.5 basis points commitment fee is payable on the total amount of the unused commitment. As of June 30, 2001, there were no outstanding borrowings under the Credit Facility and the available borrowings were \$20.1 million. The Company is in compliance with all of its debt covenants under the Credit Facility.

The Company believes that existing cash and cash equivalents, internally generated funds and funds available under its line of credit will be sufficient to meet its needs.

QUANTITATIVE AND QUALITATIVE DISCLOSURE ABOUT MARKET RISK

The Company is exposed to various market risks, including changes in pricing of

Edgar Filing: ANTHONY & SYLVAN POOLS CORP - Form 10-Q

equipment, materials and contract labor, and interest rates. Market risk is the potential loss arising from adverse changes in market rates and prices, such as commodity prices and interest rates. The Company does not enter into financial

11

12

instruments to manage and reduce the impact of some of these risks. Further, the Company does not enter into derivatives or other financial instruments for trading or speculative purposes.

The Company is exposed to cash flow risk arising out of changes in interest rates with respect to its long-term debt. Information with respect to the Company's principal cash flows and weighted average interest rate calculations on long-term debt at June 30, 2001 is included in the Unaudited Condensed Consolidated Financial Statements.

The Company's financial results have been impacted by fluctuations in its stock price, as a portion of the Company's Long-Term Incentive Plan was treated as a variable versus a fixed stock option award plan. The plan was amended in April 2001, resulting in the Company no longer accounting for any portion of the plan as a variable plan.

CYCLICALITY AND SEASONALITY

The Company believes that the swimming pool leisure industry is strongly influenced by general economic conditions and tends to experience periods of decline during economic downturns. Since the majority of the Company's swimming pool installation purchases are financed, pool sales are particularly sensitive to interest rate fluctuations and the availability of credit. A sustained period of high interest rates could result in declining sales, which could have a material adverse effect on The Company's financial condition and results of operations.

Historically, approximately 70% of the Company's revenues have been generated in the second and third quarters of the year, the peak season for swimming pool installation and use. Conversely, the Company typically incurs net losses during the first and fourth quarters of the year. Unseasonably cold weather or extraordinary amounts of rainfall during the peak sales season can significantly reduce pool purchases. In addition, unseasonably early or late warming trends can increase or decrease the length of the swimming pool season, significantly affecting sales and operating profit.

RECENTLY ISSUED ACCOUNTING PRONOUNCEMENTS

Statement of Financial Accounting Standards No. 133, Accounting for Derivative Instruments and Hedging Activities," establishes accounting and reporting standards for derivative instruments, including certain derivative instruments embedded in other contracts and for hedging activities. The Company adopted the statement effective January 1, 2001. The adoption of SFAS No. 133 did not have a significant impact on the financial position or results of operations of the Company because the Company does not have derivative instruments.

In July 2001, the FASB issued Statement No. 142, Goodwill and Other Intangible Assets, which will require that goodwill and intangible assets with indefinite useful lives no longer be amortized, but instead tested for impairment at least annually in accordance with the provisions of Statement No. 142. The Company is required to adopt the provisions of Statement No. 142 effective January 1, 2002.

Edgar Filing: ANTHONY & SYLVAN POOLS CORP - Form 10-Q

At June 30, 2001, the Company has unamortized goodwill in the amount of \$26,645 which will be subject to the transition provisions of Statement No. 142. Amortization expense related to goodwill was \$368 and \$365 for the six-month periods ended June 30, 2001 and 2000, respectively. Because of the extensive

12

13

effort needed to comply with adopting Statement No. 142, it is not practicable to reasonably estimate the impact of adopting this statement on the Company's financial statements at the date of this report, including whether it will be required to recognize any transitional impairment losses as the cumulative effect of a change in accounting principle.
